Yuba College Football

Home of the Original 49ers

Yuba College's primary goal for all athletics programs is to increase access to education and empower our student-athletes to succeed both on and off the field. We deeply value the role that sports play in fostering discipline, teamwork, and personal growth while opening doors to higher education.

At this time, we have decided to place our football program on hold while we reassess our ability to meet these goals for the football program. This decision was not made lightly but reflects our dedication to ensuring that our programs are both impactful and sustainable for the long term. To that end, we are currently in the process of reviewing all aspects of the program, including coaching, player safety, support systems, and overall organizational structure, to determine the best path forward. This will take some time, and we appreciate your patience while we navigate this decision.

Student-Athletes who have questions or concerns about transferring, eligibility, or injury waivers can be referred to me. Have them email (eburns@yccd.edu) or Canvas-message me to help them with questions or make an appointment to meet.

Coach Maurice Hayden and myself are working with sophomores on transferring up to 4-year institutions to continue their football journey.

contact the Athletic Director for concerns about football.
