LVN Program Overview

LVN to RN Career Mobility Program General Support Classes

Our NURS 12C- LVN-RN Bridge Course (Units: 4 theory/1 lab)- upon completion student earns credit for N11A Fundamentals of Nursing Concepts, N11B Fundamentals of Pharmacology, N12A Adult Health I, N12B Nursing Care of Childbearing Families. This is designed to prepare the student to enter the 3rd semester of the Associate in Science Nursing Program and to facilitate transition from the LVN to RN role. The Yuba College Nursing Program does not take a bridge course from another school the course must be completed at Yuba College.

* NURS 12C must be completed and on the student's transcript to apply to the LVN to RN Career Mobility program

An LVN to is offered conditional enrollment will provide their syllabi of each of their previously completed LVN courses. The syllabi will be reviewed for course content, hours of clinical (direct patient care), the depth/breath of the course. These LVN's previously completed LVN nursing courses will be reviewed for potential placement in our program.

LVN to RN Career Mobility Program
