

Current Students

The [Student Handbook](#) includes the policies/procedures/content/expectations for the Nursing Program which are reviewed on an ongoing basis by the Nursing Curriculum Committee and revised as needed. Revisions when made are effective as of the date on the revision. Current nursing students are notified via Canvas of revisions and are expected to review and adhere to the revisions.

Follow our [Facebook](#) page to keep up to date.

The [Student Petition to Make up Nursing Program Hours](#) should be completed as soon as possible so they can be added to the next Allied Health Faculty meeting agenda.

Here is the link for other [Forms](#) related to the program.
