ATI TEAS (Test of Essential Academic Skills)

The TEAS test measures your general knowledge of **four** subjects: **Reading, Mathematics, Science, and English and Language Usage**. There are **two** available formats of the test: Electronic and Paper/Pencil. The type of format you take depends on where you are taking the test. The content on the test is the same no matter which format you take.

1. Study the **ATI TEAS Study Manual Version VII** (Reading Section). Begin by reading thirty minutes a day to help prepare you for this test. This can be any book you prefer. **JUST READ!** (A student who did not pass the first attempt told me this was the best advice she received. She passed the next time she took the TEAS test.)
2. Study the **ATI TEAS Study Manual Version VII** (Math Section). Follow this link on YouTube: <https://www.youtube.com/watch?v=PlyFJk2jkyU> for a great overall video on the math section. You can also search **ATI TEAS Math Review** for **Mr. Keshwani** videos. He helps you solve every math question found in the ATI TEAS Study Manual. Although his videos are from 2020-2021, the material is similar. I recommend doing one math question each day until you take the TEAS test. There are other updated videos that may be helpful as well: https://www.youtube.com/results?search_query=ati+teas+math+review+2022
3. Study the **ATI TEAS Study Manual Version VII** (Science Section). Students have recommended “Science with Susanna” for help with Anatomy and Physiology. Science with Susanna is a YouTube channel with a lot of helpful videos. Follow link for the website: <https://www.sciencewithsusanna.com/> . There are also YouTube videos by Mr. Edmond. He has created many songs to help explain multiple scientific principles. Follow this link to find his videos: <https://www.youtube.com/user/dsecms/videos> . Additionally, Professor Yu on YouTube has been helpful to other students as well. Follow this link for videos: <https://www.youtube.com/channel/UCGBeOEpS8x1skncSITHtVzA/videos>
4. Study the **ATI TEAS Study Manual Version VII** (English Section). On YouTube, type in the search line **ATI TEAS English Review** for helpful videos. Students have found “Carolyn McAllister” videos useful for english and language usage. Follow link to her direct channel: https://www.youtube.com/channel/UCMlvc15_UgxWHgs262hhEPw/videos. If you are a COS student, you can use the **Language Center** as a resource. You can also purchase books on Amazon called, **“Eats, Shoots and Leaves”** or **“English Grammar for Dummies”** currently about \$15 each. Also study the **“Most Commonly Misspelled Words”** from the **Mometrix VII Book**.
