ACADEMY RULES AND REGULATIONS

The purpose of the Rules and Regulations Manual is to enable you to understand the operating procedures of the Modular Academy. All Cadets will comply with the rules and regulations contained herein. **Any violation of the rules and regulations may lead to termination from the Academy.** Compliance with Academy rules and regulations is a requirement of satisfactory academic performance, rather than a matter of student discipline, and is not subject to the college's Student Code of Conduct. Termination from the Academy does not otherwise affect a student's enrollment in the college, unless a separate disciplinary action is commenced pursuant to the Student Code of Conduct.

You will find that the Academy and Law Enforcement Agencies are quasi-military organizations. Therefore, rules and regulations established for the efficient operation of the Academy and Law Enforcement Agencies are patterned along military lines.

Discipline is learning to do what has to be done in an orderly, planned, and team-like manner. Discipline will be emphasized throughout your career, but perhaps never so much as here at the Academy.

OBJECTIVES

The resources devoted to this Academy are for the purpose of providing students with the highest quality instruction. The course content and required instructional hours are in accordance with the standards and mandates set forth by the California Commission on Peace Officer Standards and Training (P.O.S.T.) guidelines and directions from the Advisory Committee.

The successful students who complete this Academy can be assured that they have received the best available training. This preparation will enable them to perform the required functions of their new profession.

To receive college credit for each Modular Academy course, students must successfully complete all Academy requirements. If a student fails to complete any Academy requirement that results in non-certification, that student will receive an "incomplete" for the specific Modular Academy course enrolled in. The student will have to repeat that specific Modular Academy course in its entirety by the start of the next Modular Academy course offering, or an "F" grade will be recorded on the student's permanent college transcript.

MISSION STATEMENT

The Yuba College Law Enforcement Training Academy is dedicated to the education and professional achievement of students planning to enter careers in law enforcement. The Academy is committed to the philosophy of proactive and collaborative problem solving between law enforcement personnel and private citizens as the most effective way to safeguard lives, neighborhoods, and communities.

The Administration, Faculty, and Staff affirms their attention to affect student success in Community Oriented Policing through emphasis of critical thinking, ethical decision-making, professional values, individual responsibilities, interpersonal communication, appreciation of contributions of other cultures, and cooperative civic responsibility.

Yuba College is committed to ensuring that these men and women are thoroughly prepared to forge positive partnerships for the improvement of public safety and an enhanced quality of life for the diverse communities they intend to serve.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve mankind; safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God and my chosen profession. . . . LAW ENFORCEMENT.

THE HONOR CODE

James O’Keefe said it best in his book, *Protecting the Republic*, “The police officer is the guardian of the American Republic. It stands to reason that the recruitment, selection and training of the proper person would be of the utmost importance. Clearly, such individuals would have to believe in and embody the very same virtues of the society they are sworn to protect. Virtues such as **integrity, respect, character, compassion, and genuine respect** for justice and individual freedoms would all be necessities.”

The Honor Code at the Yuba College Modular Format Law Enforcement Academy requires the individual Cadet practice, to a greater degree than ever before, what he or she has already learned at home, in school and in their religious or personal upbringing. The Code sets a standard by which Cadets may judge one another on their capability of understanding and maintaining a high degree of honor. Law enforcement officers cannot afford to have in their midst an individual who is untrustworthy. The Code is designed to reveal those who cannot measure up to the standards and eliminate the untrustworthy from the group.

The following basic points are covered by the Code:

1. A Cadet always tells the truth and keeps his/her word.
2. A Cadet is honest in all his/her efforts; he/she does not lie, cheat or steal, nor tolerate those who do.
3. A Cadet does not quibble, or employ evasive statements or tricky wording.
4. A recruit respects the property and personal rights of individuals and his/her department. He/she is honor-bound to protect that property against abuse or theft, and to respect and protect the personal rights of others. Any other attitude toward property personal rights would be a betrayal of the trust placed in him/her, and is contemptible in a law enforcement officer.
5. A Cadet’s signature and word is his/her bond.
6. A Cadet is honor-bound to report any breach of honor that comes to his/her attention. Failure to do so would imply complicity with that dishonorable act and would show that he/she is the one that is without honor.

These points are defined as, but not limited to, the following:

1. To be truthful is the ability to conform to fact. To lie is to practice intentional deceit, or to be untruthful.
2. Honesty is straightforwardness, freedom from deceit or fraud. To cheat is to receive or give information in such a manner as to assume an unfair advantage over fellow Cadets, or to present an inaccurate picture of one’s abilities.
3. In answering a question, accounting for his/her conduct, or explaining a discrepancy, a Cadet will squarely face the issue. To quibble is to evade the point in question by making false or misleading statements, by clouding the issue, by splitting hairs, by the introduction of trifling technicalities, or by the deliberate disguise of facts so as to present an entirely different picture of the events or issues.

4. The Penal Code defines theft as a crime. To engage in theft would disqualify a law enforcement officer from holding any position of trust. The success of law enforcement has depended, in a large part, on teamwork. It is this mutual and reciprocal confidence that unites a group of officers in a common effort. The presence of a thief destroys the confidence the members have in one another, and ruins the effectiveness of the group.
5. When a Cadet places his/her signature or initials on an official document, he or she certifies to its correctness. They are willing to stake their professional reputation and integrity on the accuracy of that document.
6. A Cadet who does not meet the standards of moral conduct and responsibility set by the Honor Code should not be allowed to occupy a position of responsibility and trust. Moral weakness, as expressed by a deviation from the principles of the Code, may seem of little importance at the academy; a similar deviation, in a situation where lives and property are at stake, will result in disastrous consequences.

To ensure the continued success of law enforcement as a profession, our officers must be individuals of undisputed honesty and moral courage. For this reason, a Cadet is honor-bound, for the protection of the Code and the profession, to report any breach of honor that comes to his/her attention. The most important element of the implementation of the Honor Code is the necessity for every man and woman in the Academy to believe in it. It must be respected, honored and followed. Belief in the Code, coupled with an intelligent understanding of its importance to the law enforcement officer, will instill in the individual the reassuring feeling of being able to place complete trust in each member of the class.

ACADEMY STAFF / CADET RELATIONS

The Academy Staff is to serve as a role model to the Academy cadets; they will serve as examples for the cadets to follow. They act as role models, demonstrating professional standards of law enforcement, providing mentoring and giving direction for cadets.

The relationship between the Staff (Coordinators, RTOs and Instructors) and the cadet is a student/teacher and/or supervisor/subordinate relationship. As part of this relationship, the following is expected:

- The hallmark of this relationship will be one of mutual respect.
 - Cadets will be treated with respect at all times and they will be expected to respect the Staff and to follow his/her directions.
 - Cadets will not be harassed, intentionally embarrassed or treated in a demeaning manner.
 - Name-calling or use of derogatory terms by Staff (except for training purposes) is not acceptable.
 - The Staff will not show their anger or frustration while they are working with the Cadet.
- While a Cadet is going through the *Academy*, the Coordinators and RTOs will not associate with or socialize with any Cadet. Any relationship will be strictly professional.
 - This does not prohibit Cadets from scheduling a ride-along with a Staff member or attending agency functions if the Staff member and Cadet work at the same agency.
- The Staff will not make discriminatory or sexist remarks as per college policies.
- The Staff will not make sexual remarks or advances towards any Cadet.
- The Cadet will not date, live with or enter into any financial arrangements with any Staff member while the Cadet is in the Academy.
 - This does not apply to Cadets who may have family members working as Staff or Cadets who may have been in a relationship with a Staff member prior to the start of the Academy
 - Any Cadet in one of the above “previous relationships” will not be evaluated by the Staff member that he/she has the relationship with.
 - If a Staff member is related to a Cadet, or if he/she had a special relationship with the Cadet that began before the Cadet was in the program, the Academy Coordinator must be advised of this.
- A Staff member will not accept personal gifts from, nor give personal gifts to, the Cadets in the Academy.
 - This does not prohibit class gifts given to the Academy at the conclusion of the Level I Academy.

1. Cadets shall be alert, attentive, and shall sit up straight with both feet flat on the floor.

 5. When questions are posed, the Cadet shall:
 - a) Gain the instructor's attention by raising his/her hand.
 - b) Once recognition is gained, the Cadet shall preface the question with, "Sir," "Ma'am," "Ms." or rank, whichever is appropriate.

This is not only a matter of courtesy, but it affords other Cadets the opportunity to hear the questions.

 6. No Cadet will sleep while a class is in session.

14. Any disruptive behavior by a Cadet in the classroom will result in disciplinary action.
15. No Cadet will work on any other assignment, memo, or activity in the classroom (during instructional time) that is not associated with the learning domain being taught.

III. **MILITARY COURTESY**

- A. Since law enforcement agencies are para-military organizations, it is appropriate that this Academy adopts military guidelines to facilitate the Cadets transition into the law enforcement profession.
- B. The following guidelines also ensure that Academy operation is orderly and efficient:
 - 1. Cadets shall, at all times, display military courtesy toward the Academy Staff, superior officers and official guests.
 - 2. During official business, Cadets shall stand at attention when addressing or being addressed by a superior officer and at other times when so ordered.
 - 3. Cadets shall follow the appropriate chain of command when addressing Staff regarding information that affects other Cadets. (See Chain of Command section IV.)
 - 4. Cadets will follow lawful orders or directives given by the Class Sergeant and/or Squad Leader(s).

 - 5. Violations of the chain of command can result in disciplinary action.

IV. CHAIN OF COMMAND

- A. The chain of command for the Academy is as follows:
1. Chancellor, Yuba Community College District
 2. President, Yuba College
 3. Director, Public Safety Center
 4. Coordinator(s), Modular Format Police Academy
 5. Academy Recruit Training Officer - RTO
 6. Class Sergeant
 7. Squad Leader(s)
 8. Cadet
- B. The chain of command shall be adhered to at all times. Cadets wishing to speak to the Academy Staff shall follow the chain of command prior to contacting any Staff member, unless otherwise ordered to report to said Staff member.
1. If a Cadet believes a question has not been settled after talking to a member of the Academy Staff, the Cadet may request to continue up the chain of command to the Director of Public Safety.

The request shall be put in writing showing good cause why the Cadet wishes to proceed up to the Director of Public Safety.
 2. If a Cadet needs to talk to a specific Staff member about any personal issue(s), he or she will follow the chain of command. The Cadet does not have to advise the reason he or she needs to talk with the Staff member, but needs to advise, "It is a personal issue."
 3. If the issue that the Cadet needs to address involves a Staff member or a Command Staff member that is in his/her chain of command;
 - a) The Cadet may skip that person and go to the next person in the chain of command.
 - b) If there are multiple Command Staff members at the position (such as RTOs), the Cadet will go to a Staff member in the same position prior to breaking the chain of command.
- C. Reporting to the RTO/Coordinator's Office:
1. Cadets shall not enter the RTO/Coordinator's Office.
 - a) When reporting, the Cadet shall center himself/herself to the office door at the position of attention.
 - b) The Cadet shall knock first and wait for a Staff member to acknowledge the Cadet and open the door.
 - c) If the Cadet was ordered or requested to report to the RTO/Coordinator's Office, the Cadet shall state, "Sir (or ma'am), Cadet (Cadet's last name), reporting as ordered (or requested) Sir (ma'am)."

- d) If the Cadet is coming to the RTO/Coordinator's Office on his/her own (after going through the chain of command), the Cadet shall state, "Sir (or ma'am), Cadet (Cadet's last name), requests permission to speak to (name of the Staff member), Sir (or ma'am)."
- e) The Staff member may address the Cadet outside the office or take the Cadet into the conference room.
- f) If the Cadet needs to talk to the Staff member in private, he or she may request to do so.

2. Addressing Staff members:

It is not the intent of this policy to discourage the interaction between Staff member(s) and Cadet(s). Staff members are mentors, instructors and role models. Cadets are encouraged to engage in conversations with Staff members while following proper military courtesy.

- a) Unless there is an emergency, Cadets will not interrupt Staff members involved in a conversation.
- b) Cadets are encouraged to talk to any/all Academy Staff members and get career advice. If a Cadet wants/needs to talk to a Staff member, the Cadet will follow the below protocol:
 - (1) Approach the Staff member in a professional manner and stand at attention.
 - (2) Wait for the Staff member to ask the Cadet to speak.
 - (3) The Cadet will identify himself/herself by name and wait for the Staff member to ask the Cadet what he/she needs or wants.
 - (4) The Cadet may now enter into dialog with the Staff member.
- c) Staff members may address Cadets during the course of the Academy; the Cadet will be allowed to respond to any Staff member without violating the chain of command.
- d) THIS POLICY DOES NOT APPLY TO CADETS NEEDING TO ADDRESS ACADEMY ISSUES; I.E.: LATE FOR CLASS, DISCIPLINE ISSUES, MISSING EQUIPMENT, ETC...

V. **ACADEMIC HONESTY POLICY**

It is the goal of the Yuba College Administration of Justice Training Center, Modular Format Police Academy, to ensure that the grades assigned to individual Cadets are indicative of the knowledge and skill level of that Cadet. Acts of academic dishonesty make it impossible to fulfill this responsibility. Therefore, each one of the Modular Format Academy Cadets has the responsibility to report to the Academy Staff any Cadet/Staff misconduct.

- A. Examples of misconduct include, but are not limited to:
 - 1. Cadets talking to one another during exams.
 - 2. Cadets using notes or other unauthorized materials during an exam.
 - 3. Cadets sharing information or answers during an exam.
 - 4. Cadets turning in written material other than his/her own.
 - 5. Cadets allowing other Cadets to copy his/her work.
 - 6. Cadets altering graded exams during an exam review.
 - 7. Cadets stealing or attempting to steal an exam key.
 - 8. Cadets memorializing (in any manner) any exam or scenario after taking the exam or scenario.
 - 9. Cadets forging or altering any attendance form.
- B. The Administration of Justice Training Center will not tolerate or condone Cadets who have violated the Academic Honesty Policy. Appropriate action will be taken against any Cadet caught violating the Academic Honesty Policy up to, and including, dismissal from the Academy.

VI. SEXUAL HARASSMENT POLICY

A. POLICY PROHIBITING

1. Sexual harassment in the learning or working environment of District students or employees by any person in any form is prohibited. Sexual harassment may, in certain circumstances, be a violation of Title VII of the Civil Rights Act of 1964 or Title IX of the Education Amendments of 1972, as well as California Law. Sexual Harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, or other verbal, or physical condition of a sexual nature, made by someone from or in the work or educational setting when:
 - a) Submission to such conduct is made either expressly or by implication a term or condition of an individual's employment;
 - b) Submission to, or rejection of, such conduct by an individual is used as the basis for employment or academic decisions affecting the individual;
 - c) Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or of creating an intimidating, hostile, or offensive working or educational environment or of adversely affecting the student or employee's performance, evaluation, advancement, assigned duties, or any other condition of education, employment, or career development; or
 - d) Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution. Sexual harassment also includes any act of retaliation against a student or employee for reports of violations of this policy or for participation in the investigation of a sexual harassment complaint.
2. Other examples of sexual harassment, whether committed by a student, supervisor, or any non-supervisory District employee, are:
 - a) Unwelcome sexual overtures or propositions;
 - b) Verbal abuse of a sexual nature;
 - (1) Graphic verbal comments about an individual's body;
 - (2) Sexually degrading words used to describe an individual;
 - (3) The display in the educational or work environment of sexually suggestive objects or pictures such as derogatory posters, cartoons, jokes, or calendar illustrations which have no legitimate educational purpose.
3. In the college environment, human sexuality may be a normal and appropriate subject of both academic study and artistic expression within the boundaries of academic freedom. The presentation of material of a sexual nature is not, therefore, a prima facie evidence of sexual harassment and it is not the intent or purpose of this policy to stifle or obstruct academic freedom.

4. Each division dean, executive dean, director, and supervisor has the responsibility of maintaining an educational and work environment free of sexual harassment. This responsibility includes discussing this policy with her or his students and/or employees and assuring them that they are not required to endure sexual harassment.
5. A student or employee who feels that he or she has been or is being sexually harassed, or is aware of or suspects the occurrence of sexual harassment, or who desires counseling on coping with sexual harassment, should immediately contact any counselor, any dean, the Director of Personnel, the Affirmative Action Officer, the Title IX Coordinator, or the Superintendent (or, if necessary, the President of the Board of Trustees) in order to determine if sexual harassment has occurred. All investigations will be conducted in a manner designed to maintain confidentiality and the privacy of all parties concerned.
6. If, as a result of investigation, a determination is made that a student or an employee has sexually harassed another student or employee, appropriate disciplinary action will be implemented.  - (4) There will be situations in which a Cadet will miss an examination. A Cadet taking a makeup test will not discuss that test with Cadets who have already taken it. This is considered cheating for Cadets to discuss the exam and is grounds for termination from the Academy.
 - (5) Makeup exams will be given during the first training day following the missed exam, unless otherwise approved by Staff.
 - b) Firearms
 - (1) All Cadets will have to pass (qualify) with their handguns and a shotgun in various firearms courses set by the Academy Rangemaster and POST guidelines.

 - (b) Missed report writing hours: All reports, both practice and graded, must be completed by each Cadet.
 - (c) If a Cadet misses a scheduled report, he/she will be expected to make that report up at night or on a weekend. The time and date will be scheduled by the report writing instructor(s).

- (2) Five (5) scenario failures, or a failure of a scenario remediation test, will result in termination from the Academy.
- (3) There will be automatic “failures” in certain scenarios if a Cadet demonstrates during the scenario that he/she would have been “killed” or “seriously injured” as a result of the Cadet’s actions. An automatic failure will also result when demonstrated actions by a Cadet would result in officer/citizen/innocent bystander injury.
- (4) If the Cadet fails any graded scenario, he/she will be offered remediation instruction with a remediation scenario scheduled the same day if at all possible.
- (5) During scenario days, Cadets will not discuss with other Cadets the scenarios in which they have participated. This will be considered cheating, and the Cadets will be terminated from the Academy.
- (6) Scenario rules and safety regulations will be passed out to each Cadet prior to the scheduled scenarios.

XX. MEMOS

The Yuba College Academy Staff, in an effort to ensure that the needs of the Cadets are met, require that the Cadets document all request(s) to meet with Staff in a memo format. All memos are to be hand written on Academy memo forms.

The main purpose of the written memo is to make a request to the Academy Staff, to document a Cadet's deficiencies, give a means of improvement, document time missed and request for time off. Memos should, therefore, be concise, organized, and professional while still including the most relevant content.

A. To ensure that the memo gets the intended results, the Cadet should pay close attention to the following: (1) content, (2) structure, (3) organization, (4) word choice, and (5) clarity.

B. TYPES OF MEMOS

1. Standard Memo (white)

- (2) A Cadet misses time in the classroom and a written make-up assignment is given.

(1) Content, of course, is the most important detail of the corrective memo. The memo should provide both accurate and relevant information; here are some things to keep in mind:

- (a) State your main ideas clearly.
- (b) Use facts to support each of your points; be accurate.
- (c) Avoid logical fallacies such as appeals to authority, slippery slope arguments, hasty generalizations, and faulty causation.

(2) ***The corrective memo will be due at the start of class the day that it is due.***

d) TIME OFF MEMO

(1) The time off memo will be written on the Academy (yellow) memo.

(2) The purpose of the time off memo would be for one of the following

instances:

- (a) A Cadet is late for class.
 - [1] If late and a gig card is pulled, the Cadet will still fill out a time off memo.
 - [2] ***The memo for being late will be turned in on the first break after the Cadet arrives to the Academy.***
- (b) If a Cadet is absent from class:
 - [1] If an unforeseen incident causes a Cadet to miss class, the Cadet will (if possible) call command Staff and notify Staff of the time to be missed. Upon returning to class, the Cadet will fill out the time off memo.
- (c) A Cadet needs time off from the Academy.
 - [1] If the Cadet fills out the request for time off, and the request is approved, the Cadet is not required to complete a time off memo when returning to the Academy.
 - [2] The Cadet will get a copy of the memo marked “approved” or “not approved” after review by the Command Staff.
 - [3] If time off is not approved, the Cadet may appeal the decision using the Academy chain of command.

 - a) The margins on additional pages will follow the above format.
 - b) Addition pages will be numbered.

- c) Additional pages will have the Cadet's name, date of memo and the subject of the memo.

 - b) Do not remove the safety retaining pin from the device until just prior to it being deployed.
 - c) Students will not be allowed to handle any device that fails to initiate.
 - d) During the practical application phase of the chemical agent training, should a device fail to properly initiate the instructional Staff shall immediately stop all activity. The device will be left undisturbed for a minimum of sixty (60) minutes.

 - 4) Any device that failed to initiate that is found at the end of the training session will be disposed of in the same manner.
 - e) All chemical agents, whether thrown or launched, will be deployed so that the instructor can clearly observe the area where the device is expected to land.
 - f) The instructional Staff shall supervise the decontamination of students exposed to chemical agents. This shall include such steps as:
 - 1) Students assigned as “safety partners” will stay with and monitor the condition of their assigned student who has been exposed to chemical agents until relieved of that duty by an instructor.
