

Instructor's Verification

For Cadets Currently Enrolled in P.O.S.T. Modular III

Each cadet currently enrolled in a Modular Academy, Level III should work with their academy mentors to review their PelletB score & date, Personal History Statement, evaluations and other important documents prior to submitting their application for the Modular II Academy.

This is to verify that _____ is currently enrolled in the **Peace Officer Standards and Training, Modular Academy, Level III**. He/She is performing satisfactorily and I anticipate the student will earn a final grade of "C" or above. Please consider this cadet for the POST Modular Academy, Modular II.
