No.	Description	Owner	Outcome/Discussion Topics
2019.03.15.01	Second chance finals	Team	Terrence Yi shared that we should start looking at offering second chance finals to some students who are otherwise doing well in class but bomb the final. Department agreed that we need more information from Sac City about how they handle second chance finals.
2019.03.15.02	Math 59 Common Finals	Team	Department decided that we will continue common finals for Math 101,52 and 59. Erika volunteered to write common final for 59 for 2019,2020 and 2021.
2019.03.15.03	Changes in catalog	Team	Karsten will communicate following catalog changes to dean Bagley: -Catalog mentions that some Math 101 and 52 sections use MML. Include Stats and math 59 in that. -Remove the word "assessment" as it will not be used anymore and replace it with multiple measures. -Change math sequence -Remove local degree. - Karsten will communicate with Corey that Natural Science degree should list Math 20 as an accepted course. -Catalog lists that highest level a student can place into is Math 1A, this needs to be changed to Math 1C.
2019.03.15.04	Math 1A offering at Wheatland High School	Team	Department wants more information like if all the committed students qualify under multiple measures for Math 1A and if it is possible to make this class 2 day a week to make scheduling possible.
