

Yuba College Math Department Meeting Minutes

Date: 04/23/2021

Time: 1:00 - 2:00 PM

Coordinator: Karsten Stemmann

Members Present: Mark Lydon, Dylan Noack, Erika Noffsinger, Christoph Noffsinger, Mukta Sharma, Karsten Stemmann, John Steverson, John Thoo

Visitors: Cheryl Latimer

Location: Zoom Meeting

Zoom Link: [Department Meeting](#)

Recorder: Karsten Stemmann

No.	Description	Owner	Outcome/Discussion Topics
2021.04.23.01	Additions and approval of the agenda, approval of past minutes	Team	Minutes from last meetings were sent out
	No objections to previous meetings' agendas.		
2021.04.23.02	Check in	Team	Are there any news you would like to share?
	Questions you want me to send to Jeremy? – None, besides the request that Jeremy provides data that is more consistent between different slides. Karsten just received information on how to change the math department website and will wok on adding minutes soon.		
2021.04.23.03	Calculus project	Dylan	Update on progress of Dylan's UCR calculus project
	Dylan will provide an update once he has more information. Right now the proposal was submitted and the chances of success are 5/9.		
2021.04.23.04	DE options	Team	Review DE options for all math and stats courses (Yes/No/EO) Math-1A, 1B, 1C, 2, 3, 9, 10, 15, 16, 20, 21, 25, 51, 52, 55, 58, 58, 101, new support course (for Math-9, 20, 21) Stat-1, 100
	After a lengthy discussion, we decided to table this topic for today. Karsten was tasked to reach out to the curriculum committee to get two questions answered. We would like to know if there was a specific, predetermined percentage (such as 50/50) between face-to-face and online instruction for hybrid courses, or if were allowed to specify the percentage breakup between face-to-face and online instruction. The second question was regarding BE. Can we require students in BE courses to come on campus for exams?		
2021.04.23.05	Course SLO review	Team	Review results for Math-2
	The department noted that the first SLO ("Solve nth-order linear differential equations.") needed attention the next time this course was taught. Instructors will be reminded at the beginning of the semester that students had problems learning this SLO and will make more of an effort to improve student learning. Results of the second SLO () were acceptable.		
2021.04.23.06	Other things that came up.	Team	
	Karsten was asked to email Lani about the typo in the Math-1B prerequisites. John Thoo brought up that we should find out what concerns Michael would like to discuss regarding changes in units for Math-1A. Karsten		

	will email Michael and let everyone know what he hears back from Michael. Next department meeting or there after will be a social event. More info will come out in the next week or so.	
2021.04.23.07		Team
2021.04.23.08		Team

Future agenda items:

- DMDM – need to hear back from WCC
- Math Competency Changes
- Course Caps – what are the caps at other colleges for their math/stats courses
- Common textbook for Math-20&21 – feedback from review
