President’s Welcome

Welcome to Yuba College and to one of the greatest opportunities you will encounter— the chance to pursue your educational goal; be that a single class, a certificate, a two-year degree, or transfer preparation. Yuba College will provide you with the necessary courses and services to assist you in this important undertaking... whatever educational pathway you choose.

The faculty will introduce you to new ideas, concepts, technologies, information, and new methods of undertaking and solving problems. We live in a fast-paced, ever-changing world, and the demands placed on you will be many. Yuba College will provide you the very best learning experiences, but will also demand the best from you to ensure your success.

The college has several student support services whose primary purpose is to provide you with counseling, financial assistance, tutoring, and campus life. These are just a few of the myriad of services available to you as a Yuba College student. In addition, we urge you to participate or support our championship-caliber athletic teams and outstanding musical and drama events held throughout the year.

Most importantly, the college provides opportunities for you to make new lifelong friends and experience the diversity of the college and student body life.

The catalog is a guidebook to the college. Take the time to review the information it contains. The majority of the information you will need to know as a student is contained in this catalog; if you do not find what you need, please ask.

We are proud of the college and elated that you chose Yuba College as the center stage for your future and ultimate success.

District Information

Yuba Community College District
Yuba College, in its 81st year of community service, founded in 1927, is located on a campus outside of Marysville with twenty–three buildings on a 160-acre site. In December, 1965, the College District was reorganized to include Colusa, Sutter, and Yuba counties and in 1974–75 to include large portions of Glenn, Lake, and Yolo counties. The District now stretches across the broad central valley of California from high in the foothills of the Sierra Nevada to the Coast Range and covers 4,192 square miles.

Yuba College
The College opened on this site in September, 1962. For 82 years Yuba College has been providing quality education and has earned a reputation as an educational leader in northern California. Yuba College offers technical and occupational classes to help gain or improve job skills. The California State University (CSU) system reports that students who transfer from California Community Colleges, such as Yuba, consistently earn better grades than students who go directly to a CSU from high school. Yuba College offers classes that transfer to CSU, the University of California (UC) and many private universities.

An experienced and well-trained faculty offers instruction in over 90 departments totaling more than 1,000 courses.

Woodland Community College
Woodland Community College has provided educational opportunities for Woodland, Esparto, and adjacent areas of Yolo, Colusa and Sutter Counties for over 30 years. The campus is located at 2300 East Gibson Road in Woodland.

Growing is the key description of Woodland Community College. With growth all around the college, in both Yolo and Colusa counties, WCC will be opening its new Learning Resource Center in May of 2007. The 72,000 Sq Ft. building will double the blueprint of WCC, by adding 25 new lecture and classrooms, an expanded library and a new community room. The new LRC will add to other WCC facilities that include a bookstore, science building, childcare center, tutoring facilities and other laboratories on campus.

The development of the facilities at WCC stands as a symbol of the commitment of the Yuba Community College District Board of Trustees’ to the educational needs of the communities it represents.

Clear Lake Campus
Courses have been offered in this area since the fall semester of 1972. The Campus is located on Highway 53 in the city of Clearlake. Lake County students can complete two years of pre-transfer work at the Campus or satisfy their own needs in General Education. The Campus is growing and offers a full range of community college courses. In addition to transfer programs, the Campus offers career education in Business, construction trades, Food Services Management, health fields, and Mass Communications, as well as courses in many other areas. The Campus also provides a wide range of student services and remedial courses, and a Child Development Center.

Beale AFB
Classes have been offered on this site since the fall semester of 1960. Classes are located in the Base Education/Library Building at 17849 16th Street, Beale Air Force Base. A variety of general education and transfer courses are offered in late afternoon and evening, as well as some noon-hour classes. Two program formats are provided: Semester-length schedules and two nine-week terms each semester.

Outreach Areas
Courses meet at off-campus sites in Colusa, Glenn, Lake, Sutter, Yolo, and Yuba counties, in addition to the colleges, centers, and campuses listed above.
College Goals, Mission & Philosophy

This catalog is published for informational purposes only. Each student must assume complete responsibility for compliance with the instructions and regulations set forth herein. However, the information in this catalog is not to be regarded as an irrevocable contract between the student and the College. The College reserves the right to change any provision or requirement at any time.

The College assumes no responsibility for misinterpretation by a student of policies and procedures as presented in this catalog. Counselors and administrators are available to advise and assist students in meeting necessary requirements.

This catalog provides important information to help students plan for college. It includes course information, resources, and services available; academic program descriptions; degree requirements; and information about College policies and procedures.

Students should use the catalog to help to be a successful college student. For example, knowing what a course is about and how it fits into the goals or program is one of the requirements for proper course selection. Course descriptions are available in the section entitled, “Programs and Courses.” If the goal is to complete an associate degree, it is important to become familiar with the General Education Degree Requirements described in “Graduation Requirements.” If the goal is to complete a degree or to select courses prior to transferring to a four-year college or university, then the information on “Transfer” is very helpful. Counselors are also available for assistance.

Use the catalog to learn where and how to get things done. It has information for locating resources and will assist in becoming familiar with College policies and procedures. Information is available about resources such as Advisement, Admissions and Records, Counseling, Disabled Student Programs and Services, Financial Aid, Student Success Center, Library, W.I.A, and Veterans. There is also information about adding a class, applying for graduation, or getting a transcript.

Yuba College employees feel a shared responsibility for the success of student and students also have a responsibility for their own success.

Accreditation

Yuba College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (10 Commercial Blvd.; Suite 204; Novato, CA 94949; 415-506-0234), an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education. The College is recognized as a two-year institution of collegiate grade by the University of California system. California State University system, California Community Colleges, the American Association of Collegiate Registrars and Admissions Officers, and the Veterans’ Administration. Reference may also be made to the “Accredited Higher Institutions” Bulletin of the Office of Education, U.S. Government Printing Office; to the “Junior College Directory” of the American Association of Junior Colleges; and to “American Junior Colleges” published by the American Council on Education, Washington, D.C.

Academic Freedom

Reference: Title V, Section 51023; Accreditation Standard IIA.7

Academic employees must be free to teach and the students free to learn. Both must have access to the full range of ideas, materials and options. It is the responsibility of academic employees to encourage students to study varying points of view and to respect the students’ right to form, hold, and express judgements, opinions, and beliefs, clearly identifying them as such.

The responsibility of protecting academic freedom rests with the Board of Trustees, administration, educational supervisors, and academic employees. Academic employees have a primary responsibility to develop the curriculum and select instructional materials and methods of presentation appropriate to meet the goals of that curriculum. Academic employees, educational supervisors, and administrators may recommend policies for Board consideration when there are criticisms of staff, methods, or materials. Academic employees, educational supervisors and administrators must develop procedures to implement those Board-adopted policies related to academic freedom.

When academic employees are performing their assigned responsibilities, they shall be free to express personal opinions and pursue scholarly, literary, and/or artistic endeavors.
Advantages of Yuba College

The faculty are experienced instructors, skilled in discovering and developing the interests and capabilities of their students. The ability to communicate with faculty members minimizes the danger that a student may become confused and lost in the hurry and bustle of college life and emphasizes the importance of the individual. Yuba College bridges the gap between high school and university, making adjustment easier.

The years of college education offered by Yuba College are an important budgetary item, especially since there is an increasing tendency for professional preparation to require more than four years of college study. Yuba College enables students and their families to conserve their resources for the long period of professional training.

Yuba College provides students with such services and activities as individualized counseling, social and cultural activities, sports, and physical recreation of sufficient variety to meet the needs and patterns of all students.

Students will find the opportunity to adjust their studies to their individual needs; those in high school who did not meet university admission requirements may make up their deficiencies; those who want training for immediate entry into paying jobs will find the courses they need; those who wish to complete two years and transfer to a senior college or university may do so with junior (third-year) status.

Yuba College Vision Statement

Yuba College is an institution of higher education that prepares its students to meet the intellectual, occupational, and technological challenges of a complex world.

Yuba College is a steward to it’s communities’ educational and cultural well-being.

Yuba College values an education that encourages self-improvement and enables students to contribute to their families and the community.

Yuba College values intellectual and cultural diversity, open communication, collegiality, collaboration, mutual respect, personal integrity, and responsible citizenship.

Yuba College values all collegiate disciplines in relation to life, recognizing the importance of thinking clearly, creatively, critically, and objectively.

Mission and Goals

MISSION: To serve students’ educational needs to the extent possible under the State’s legal charge and available funding, providing the environment for students and faculty necessary for the pursuit, communication, and interpretation of knowledge, wisdom, and truth.

1. The primary mission of the Yuba College is to provide rigorous, high quality curricula in:
   • Lower division arts and sciences
   • Vocational and Occupational fields
   • Business-focused training for economic development
2. An essential and important function of the College is to provide:
   • Remedial/Basic Skills instruction
   • English as a second language instruction
   • Postsecondary Student Support Services
   • Non-Credit Adult Instruction
3. An authorized function is to provide:
   • Community Education courses and programs
   • Institutional Research

GOALS: Yuba College will provide:

• Lower division courses for students planning to transfer to a four-year college or university.
• Occupational, technical, and general education courses leading to an Associate degree, certificate, occupation enhancement, or the broadening of one’s educational background.
• Economic development, including business and industry focused training.
• Student services and programs to enhance students’ opportunity for success.
• Curricula that enhance awareness of social change and cultural diversity.
• Instruction that encourages communicating effectively and thinking critically.
• Instruction in basic skills.
• Community education classes designed for a particular audience or need.
• Community surveys to determine and respond to community needs.
• Professional development and inservice opportunities for all staff to keep them abreast of current developments in their fields so that they, in turn, may provide the best educational opportunities for the student and community.

Nondiscrimination Statement

Yuba College does not discriminate on the basis of race, color, national origin, sex, disability, or age in any of its policies, procedures, or practices, nor does it tolerate sexual harassment, in compliance with the Americans with Disabilities Act of 1991, Title VI of the Civil Rights Act of 1964 (pertaining to race, color, and national origin), Title IX of the Education Amendments of 1972 (pertaining to sex), Section 504 of the Rehabilitation Act of 1973 (pertaining to handicap), and Age Discrimination Act of 1975 (pertaining to age). This nondiscrimination policy covers admission and access to, and treatment and employment in, the College’s programs and activities, including vocational education.
General Information

Inquiries regarding the equal opportunity policies, the filing of complaints, or to request a copy of the complaint procedures covering discrimination complaints may be directed to: Human Resources, Title IX Coordinator (530-741-6975) or Director - Disabled Students Program and Services, Section 504 Coordinator (530-741-6992). Both are located at Yuba College, 2088 North Beale Road, Marysville, CA 95901.

The lack of English language skills will not be a barrier to admission and participation in the College’s vocational education programs.

The College recognizes its obligation to provide overall program accessibility throughout the College for handicapped persons. Contact the Section 504 Coordinator to obtain information as to the existence and location of services, activities, and facilities that are accessible to and usable by handicapped persons.

Individuals with disabilities or special testing needs should discuss options or accommodations with a Yuba College counselor and/or DSPS staff or contact a test center to arrange accommodations.

The Yuba College Assessment Center is a member of the National College Testing Association (NCTA) Consortium of Test Centers and offers distance education testing for various colleges and universities from around the country. We also provide proctoring for makeup tests and course finals with prior arrangement with your instructor. The College Assessment Center is also an Authorized Prometric Testing Center for computer network, hardware and software certification. The center also offers “The College Board” Computer-Based College-Level Examination Program (CLEP).

For your privacy and safeguarding of your records, photo identification is required for all testing transactions.

Bookstore

In addition to making available for purchase the required books for each class taught by a Yuba College instructor, the bookstore also sells assorted supplies (binders, pens, paper, art supplies, etc.).

REFUNDS. Students who purchased textbooks at the Bookstore can obtain a full refund the first TWO weeks of school (varies for short-term courses) if:

• The textbook is from the current semester.
• The textbook is in its original condition and has not been marked in any way.
• The student has the sales receipt for the textbook.

Inquiries regarding Federal laws aid regulations about nondiscrimination in education or the college’s compliance with those provisions may also be directed to the Office for Civil Rights, San Francisco Office, U.S. Department of Education, 50 United Nations Plaza, Room 239, San Francisco, CA 94102-4102.

Assessment Center

The Yuba College Assessment Center is located at the Yuba College in Marysville in the 100B building. The College also offers placement testing at Clear Lake Campus, and the Beale Center. Contact a testing center for its testing schedule and hours of operation at one of the following locations: College Assessment Center (Yuba College main campus in Marysville) - (530) 741-6864; Clear Lake Campus - (707) 995-7900; Beale AFB Center - (530) 788-0973.

Programs and Services

Individuals with disabilities or special testing needs should discuss options or accommodations with a Yuba College counselor and/or DSPS staff or contact a test center to arrange accommodations.

The Yuba College Assessment Center is located at the Yuba College in Marysville in the 100B building. The College also offers placement testing at Clear Lake Campus, and the Beale Center. Contact a testing center for its testing schedule and hours of operation at one of the following locations: College Assessment Center (Yuba College main campus in Marysville) - (530) 741-6864; Clear Lake Campus - (707) 995-7900; Beale AFB Center - (530) 788-0973.

BUY BACKS. During finals, the bookstore buys back textbooks for fifty percent of the purchase price if the textbook is needed for the following semester. The textbook can be new, used, hardback, or paperback (excluding workbooks).

Cal-SOAP (California Student Opportunity and Access Program)

Cal-SOAP was established by the state legislature in 1978. Today, Cal-SOAP is instrumental in improving the flow of information about postsecondary education and financial aid while raising the achievement levels of low-income, elementary and secondary school students or geographic regions with documented low-eligibility or college participation rates, and who are first in their families to attend college. There are 17 Cal-SOAP locations throughout the state.

The North Valley Cal-SOAP project, of which the Yuba Community College District serves as the fiscal agent, as well as the centralized base location for the project, was created in 2000; and operates as a consortia made up of secondary and postsecondary schools and community agencies. Cal-SOAP works in cooperation with other intersegmental outreach programs to avoid service duplication. The mission of Cal-SOAP is to combine resources to increase the college-going rate among local students who traditionally do not attend postsecondary institutions.
Cal-SOAP serves high school students in Butte, Colusa, Glenn, Sutter, Tehama, and Yuba Counties. Cal-SOAP provides participating students with a variety of innovative and valuable services, activities and information that assist them to prepare for, learn about, and apply to college! Cal-SOAP activities include advising, tutoring, parent outreach, and college awareness workshops. For more information call 749-3858.

The Cal-SOAP program is administered by the California Student Aid Commission; The Commission is assisted in administration of the program by a 12-member, legislatively mandated advisory committee.

CalWORKs Program

The Yuba College CalWORKs Program provides services to students on TANF (Temporary Aid to Needy Families). The services provided by CalWORKs include counseling, job placement (related to the student’s major), CalWORKs work-study, and child care. For more information call 530-634-7773.

Career Center

The Yuba College Career Center provides a process to lead students through various assessments giving them the necessary tools to make career and life planning decisions. Services and tools available to students to achieve this end include: career and vocational assessment and testing; occupational computer-assisted career information; an extensive library of occupational files, employer files, occupational books, and reference materials. Please call 530-741-6804 for more information.

Child Development Center

Child Development Centers are located at Yuba and Lake campuses. Infants and toddlers (3-36 months), preschoolers (3-5 years), and school-age (5-7 years) are served at the Child Development Centers. State Preschool is available 9:00 a.m.-Noon at no charge to eligible students and parents. Early morning and Noon-10:00 p.m. child care is also available on a sliding scale fee rate. Facilities are available for outdoor and indoor play, learning activities, and naps.

The centers hours of operation are dictated by the semester class start dates and times. (Times may vary with each campus; check local campus hours.) Evening hours availability is dependent on enrollment numbers.

College Success Center

The College Success Center offers tutoring in many subject areas and computer-assisted instruction in math, reading and English. In addition, short-term courses in grammar, reading, basic mathematics and spelling are available on a limited basis. Counselors are also available during some hours each week to assist students with their planning and to help answer questions about specific programs.

Tutoring is available in the College Success Center, which is located at the front entrance of the college library. Tutoring is available by appointment to students for many classes. Most tutoring sessions are scheduled for two hours each week. Tutoring sessions are limited to a maximum of four students who are enrolled in the same course, taught by the same instructor. There is no fee for tutoring, which is available to registered students only.

Community Education

Community Education is a program of noncredit fee-based classes and activities designed to serve individuals with educational goals that do not require college credit. Its goal is to fulfill a role which enables the community to improve the quality of their lives through continuing education. There are no transcripts, grades, or academic requirements. Many classes are offered in response to an expressed interest or need by a specific population or organization. Obtain a Community Education schedule of course offerings by telephoning the Community Education Office at 530-741-6825.

Contracted Training

Contracted Training can offer custom training solutions and targeted training for business prosperity. Yuba College can deliver on-site training solutions for any size company. The program offers customize workshops, seminars, and classes (college credit or not-for-credit) to increase employees’ skill level to meet and exceed the business goals of area businesses.

Benefits To Local Companies:

- Cost-effective, cutting-edge, return on investment training
- Coaches, instructors, and facilitators with practical, current real world skills
- Training focuses on measurable outcomes
- Investment in training enhances human capital (employees)
- On-site flexible training schedule to meet the supervisor/employee schedule

Telephone 530-634-7701 for a complimentary assessment.

Cooperative Agencies Resources For Education (C.A.R.E.)

The Cooperative Agencies Resources for Education (C.A.R.E.) is a state-funded program which was developed to provide education opportunities for persons receiving TANF benefits. CARE is designed to provide support towards student retention and academic success and to assist eligible students in their academic and/or vocation objectives. The program provides academic, vocational, and personal counseling; financial assistance, book grants, supplies, access to the CARE library, child care, transportation, tutoring and peer counseling. (See also E.O.P. & S. section)
Cooperative Work Experience Education

Cooperative Work Experience Education (CWEE) is a class designed to recognize learning that occurs on-the-job. In order to qualify, a student must (1) be concurrently enrolled in a minimum of seven units which can include units earned in CWEE (enrollment in one other class during summer session) and (2) develop specific learning objectives approved by the employer and Yuba College. A complete description of Cooperative Work Experience Education is found in the “Programs and Courses” section of this catalog. Telephone 530-741-6763 or 530-741-6917 for more information.

Counseling

Community colleges are distinguished by the personal attention given to students and the quality of guidance and counseling services provided. Counseling is an essential part of Yuba College, designed to complement and facilitate the instructional program and to aid students in academic, career, and personal planning.

Counselors provide services for helping each student:

• Analyze aptitudes and interests and learn decision-making processes related to academic and career planning.
• Determine the best educational program for achieving a chosen career.
• Select courses and college activities to maximize the student’s opportunities and potential.
• Develop a student educational plan that encompasses both the course work and supplemental needs of the student.
• Plan a transfer program which leads to acceptance with junior standing at an upper division college or university, if such is the choice.
• Resolve personal problems which are of such a nature that a college counselor can be of professional assistance.

INDIVIDUAL COUNSELING. Every student is strongly encouraged to see a counselor at least twice each semester to confer on matters pertaining to satisfactory adjustment to college life and progress toward educational/career goals.

Since accurate information about program requirements and course prerequisites is essential for planning courses of study, counselors serve as valuable resource people in helping select appropriate courses. Pre-transfer students are urged to consult with counselors and with the catalogs of the institutions they wish to attend in order to be certain they fulfill all lower division general requirements and specific major requirements of the upper division colleges of their choice.

Counseling also offers a variety of services and resources designed to aid students in choosing, changing, or confirming career goals and taking appropriate steps to reach those goals. Students are advised to make their vocational plans or to select the school to which they wish to transfer as early as possible in their college career. Frequent changes of program or changes in vocational objectives may delay graduation or interfere with successful transfer to other collegiate institutions. Responsibility for meeting these requirements rests entirely on the student.

Yuba College has counselors available at Yuba College in Marysville, Beale AFB Center, and Clear Lake Campus. Students are encouraged to use the counselors’ expertise as they progress through their programs.

GROUP COUNSELING/ORIENTATION. Yuba College provides several types of orientation programs: registration briefing sessions, self-paced orientation courses, career and college planning courses (Counseling 10, 15R, 15AR, 15BR, 45, and 75).

Yuba College counselors provide essential information concerning college graduation and transfer requirements, rules and regulations, and registration procedures for Yuba College programs.

Dining Facilities

In order to accommodate those students who wish to take their meals on campus, a Dining Commons is available at Yuba College. Service is provided Monday through Thursday, 7:15 a.m. until 6:00 p.m. and Fridays 7:15 a.m. until 1:00 p.m., with meals at regular hours and fountain and snack bar service at other times.

Disabled Students Programs and Services (DSP&S)

DSP&S is designed to equalize educational opportunities for students with disabilities that impact their academic participation; such as, vision, hearing, psychological, mobility, and learning. Assessment for learning disabilities is available to all currently registered Yuba College students experiencing difficulty in their classes or who have a history of special education needs. Support services for eligible students may include academic accommodations such as test proctoring, note taking, disability advising, priority registration, auxiliary aids, interpreter services, special parking, and mobility aids. Specialized classes are offered each semester at Yuba College including Adaptive Physical Education, Academic Strategies, Assisted Computer Technology, and Reading/Writing Development. DSP&S services are also available at the Clear Lake campus.

For more information about eligibility or to apply for services contact DSP&S at Yuba College at (530) 741-6758 (voice) or (530) 741-6994 (TTY); Clear Lake students please call (707) 995-7910 (voice) or (707) 995-7928 (TTY).
Programs & Services

Extended Day and Outreach Programs
The Outreach Program, planned to serve the diverse needs of the adult population of the entire District, accomplishes its aim through several facets:

- The On-Campus Late Afternoon and Evening Program;
- The Off-Campus Program providing service at sites throughout the District wherever fifteen or more individuals identify an educational need the College may properly meet;
- Short Term Courses, as short as one day or a weekend, when appropriate to meet an identified need;
- State-approved Non-Credit Courses to meet needs of adults which are not properly met through credit courses; and
- The Public Events Program which sponsors cultural events, speakers, musical events, and other activities not appropriate as credit or noncredit courses.

Economic Development
Yuba College works with employers and community agencies to deliver customized training for employability and for upgrading work force skills. Call (530-741-6984) for information about these activities.

Extended Opportunity Programs and Services (E.O.P.S.)
This state-funded program provides financial assistance and educational support services to eligible, financially and educationally disadvantaged, nontraditional students. E.O.P.S. includes intensive supportive services which enhance the potential for student retention, successful completion of academic and vocational programs, and transfer. Some of the services offered include career planning, academic and transfer counseling, tutoring, peer support, and advising. Students interested in the program should contact the E.O.P.S. department for further qualification information.

The Cooperative Agencies Resources for Education (C.A.R.E.) is a state-funded program which was developed to provide education opportunities for persons receiving TANF benefits. CARE is designed to provide support towards student retention and academic success and to assist eligible students in their academic and/or vocation objectives. The Program provides academic, vocational, and personal counseling; financial assistance, book grants, supplies, access to the CARE library, child care, transportation, tutoring and peer counseling.

For more information call EOP&S Yuba College -530-741-6995; Clear Lake Campus, 707-995-7912.

Health Insurance
Students are covered by an accident insurance policy up to a maximum of $20,000 liability for any on-campus activity or school-related activity off-campus. This is secondary accident insurance coverage, which means that if students have their own accident policy, it will provide the primary coverage and the District’s accident policy will pick up any excess claims up to the limit of its liability. If a student does not have an accident insurance policy, the District accident insurance policy becomes primary coverage up to the maximum limit. However, in many cases, this policy does not provide 100% coverage.

Job Placement
Yuba College Job Placement assists students in making the transition to career employment upon completion of their certificate and/or associate degree. Programs and services include Internet or hard copy access to local, national, and international jobs; labor market information; résumés, cover letters, and applications; interviewing techniques and mock interviews; access to the “hidden job market”; job retention; and pre-screening applicants and/or on-campus recruitment for employers.

On- and off-campus part-time employment opportunities are also available to students while in school, including Federal Work-Study and Veterans Work-Study jobs; regular part-time jobs with local businesses; on-the-job training sites for College CalWORKs students; and links with Cooperative Work Experience and Internship programs in identifying work sites.

Yuba College Job Placement partners with local service providers and community-based organizations in sharing outreach placement services with each other, and with clients, customers, and students. Call Yuba College 530-741-6790 at for more information.

Library
The Yuba College Library contains about 60,000 volumes and subscribes to approximately two hundred periodicals. Along with traditional library materials, a large media services area is available for student use. Included in the collection are CD’s, DVD’s, microfilm, slides, records, video tapes, and cassette tapes. The Library/Media Center also houses a television studio, an open computer lab and the origination point for the District’s Distance Learning Programs. A Library Card, validated each semester, may be obtained at the Library Circulation Desk.

The library’s primary responsibility is to serve the needs of those persons enrolled in Yuba College courses. However, members of the public are welcome to use the facilities any time the library is open.

Small Business Development Center (SBDC)
The Yuba Community College District SBDC offers free, confidential, one-on-one counseling, low cost seminars and workshops and referrals for specialized business information and resources.
These services are available to current or prospective small business owners: business planning, cash flow analysis, loan package facilitation, marketing/sales planning, cost projections, revenue projections, E-business planning, permit/license assistance, accounting, tax planning, government procurement, sources of financing, location/lease review, sale or ownership transitioning.

The SBDC offers Pre-Business Workshops, an Introduction to Quick Books class and a 14-week entrepreneurial training class. These hands on intensive training classes cover a variety of topics of interest to small business owners such as, business plans, marketing plans, financing options, operations, loan application, time management, etc. Outside experts are invited to speak on specific subjects like income taxes and small business loans. Completion of this class entitles the student to be able to apply for special Micro-Enterprise funding through the County of Yuba.

If you already have a business up and running you are immediately entitled to the free business counseling and low cost training classes in key business skills. For further information, or to schedule an appointment, call (530) 822-0140.

Tech Prep/2+2

The Tech Prep Program awards college credit to high school students who meet 2+2 articulation requirements. An articulated course is one in which the high school instructor and Yuba College faculty have formally agreed that the high school’s course outline, syllabus, textbook, and final exam are comparable to those in a course of the same major within Yuba College. Tech Prep Programs prepare students to earn a certificate, an associate’s degree or transfer to a 4-year university.

For more information about the Tech Prep Program, contact the Yuba College Tech Prep Office at (530) 634-7785, visit the Admissions and Records Office at any of the campuses, or see your counselor. Also visit the Tech Prep website at www.yccd.edu/techprep/index.html.

Transfer Center

The Yuba College Transfer Center hosts an annual fall transfer program. The College Information Day program brings representatives on campus from the University of California, California State University, independent California colleges and university systems as well as out-of-state colleges. Both Yuba College and area high school students have an opportunity to visit informally with these representatives to obtain information concerning their programs, services, and application procedures. For more information, call (530) 741-6790.

The Transfer Center offers services and resources for students seeking information about four-year colleges and universities. For some students, transferring can be overwhelming. Yuba College counselors and Transfer Center staff are committed to helping students become knowledgeable about the steps of the transfer process and the many transfer options available. The services include:

- A resource library of college catalogs, transfer guides, articulation agreements and information, applications for four-year colleges and universities, and other related transfer information;
- Computers with Internet web sites related to transfer;
- Appointments with representatives from four-year institutions;
- College Information Day;
- Workshops in a variety of areas.

TRIO Programs

In support of a national commitment to providing educational opportunity for all Americans regardless of race, ethnic background, or economic circumstances, Congress established a series of programs to help low-income Americans enter college, graduate, and move on to participate more fully in America’s economic and social life. These programs are funded under Title IV of the Higher Education Act of 1965 and are referred to as the TRIO Programs (initially being just three programs). TRIO Programs help students to overcome class, social, and cultural barriers to higher education. The TRIO Programs include eight outreach and support programs targeted to help disadvantaged students to progress from middle school to post-baccalaureate programs. Yuba College currently has two TRIO Programs: Upward Bound and Student Support Services. To contact either one of the two Trio Programs call 749-3858.

Upward Bound is in its third grant cycle in serving high school students from Yuba and Sutter counties. The program provides opportunities for participants to succeed in pre-college performance and, ultimately, in higher educational pursuits. Upward Bound serves high school students from low-income families and high school students from families in which neither parent holds a bachelor’s degree. The goal of Upward Bound is to increase the rates at which participants enroll in and graduate from institutions of postsecondary education. Upward Bound provides fundamental support to high school students in their preparation for college admission. Upward Bound activities include:

- A six-week Summer Academic and Educational Program
- Saturday Academies that provide opportunities for building basic skills and obtaining academic enrichment
- Biweekly sessions with an Upward Bound Specialist to assist in academic, career, and personal counseling, as
well as college exploration and planning
• After school tutoring
• Academic instruction in English, Mathematics, Science, Foreign Language and other academic classes
• College visits
• Cultural and enrichment activities
• Leadership workshops and conferences

Student Support Services is also in its third grant cycle in providing services to Yuba College students. The Student Support Services (SSS) program provides opportunities for academic development, assists students with basic college requirements, and serves to motivate students towards the successful completion of their postsecondary education. The SSS program may also provide grant aid to current SSS participants who are receiving Federal Pell Grants. The goal of Yuba College SSS is to increase the college retention and transfer rates of its participants and facilitate the process of transition from one level of higher education to the next. Services provided by the program include:

• Instruction in basic study skills
• Tutorial services
• Academic, financial, or personal counseling
• Assistance in securing admission and financial aid for enrollment in four-year institutions
• Assistance in securing admission and financial aid for enrollment in graduate and professional programs
• Information about career options
• Mentoring
• Special services for students with limited English proficiency
• Direct financial assistance (grant aid) to current SSS participants who are receiving Federal Pell Grants.

Currently, Yuba College Student Support Services Program at Yuba College serves 160 community college students.

All benefit recipients are required to submit a copy of a current class schedule to the Yuba College VAO each semester. Regional VA processing of benefits can take 4 to 6 weeks.

For more detailed information contact the Yuba College VAO at (530) 741-6822; TTY (for hearing impaired) (530) 741-6994; fax (530) 741-6942 or email msmith@yccd.edu.

Work Force Investment Act (W.I.A.)

The Workforce Investment Act (WIA), is a federally funded program that offers financial assistance to individuals who wish to obtain vocational training and have un-met needs after applying for the tuition fee waiver and financial aid. The program will help you find a job or train for a new career. Authorized workforce investment activities provided at the local level benefit job seekers, dislocated workers, youth, incumbent workers, new entrants to the workforce: veterans, and employers. These activities promote an increase in the employment, job retention, earnings, and occupational skill attainment by participants. This improves the quality of the workforce, reduces welfare dependency, and enhances the productivity and competitiveness of the nation.

Acquiring employment, retention, and self-sufficiency through training are priorities with WIA. It is important that you choose a career with a labor market. If jobs aren’t available in your local area, you’ll need to consider relocating or commuting to another area.

The WIA office on the Yuba College main campus in Marysville is part of the Yuba College One Stop Center. It is located in room 121, next to the Admissions and Records Department. This office offers a computer lab with current software programs, internet access, a study area, and a small lending library for textbooks. Come by and see if you qualify for on the job training, books, supplies, child care, tools, fees, testing, transportation assistance, and other school or job-related needs. This is not a loan and does not have to be repaid. You can be on Financial Aid, EOP&S, Care, unemployment, and scholarships, and still receive WIA assistance. This is not an entitlement program, you must qualify and then it is based on funds available at the county level. For more information please call 530-741-6830 or email: wia@yccd.edu. The Clear Lake Campus WIA office is located in Room 603, telephone 707-995-7100.

Veterans Affairs

Yuba College is approved for the training of veterans and dependent students. The Veterans Affairs Office (VAO) assists veterans, reservists, and dependents of service disabled or deceased veterans with their educational benefits. The VAO also acts as a liaison with the U.S. Department of Veterans’ Affairs.

Yuba College requires that all veterans and/or dependents who wish to collect education benefits contact the Yuba College VAO to start a file. The VAO will provide assistance in applying for benefits, educational pay, college registration, placement testing and counseling referrals.
Yuba College Foundation

**History:** The Yuba College Foundation was established in 1972 to support programs, services and scholarships that would help to improve student life at the campuses and centers of the Yuba Community College District. Throughout the subsequent decades, numerous gifts and sound investing have built the corpus of foundation funds to a level approaching $7 million dollars, making the Yuba College foundation one of the larger community college foundations in the State of California.

**Donations:** As a registered 501 (c)(3), Yuba College Foundation, Inc., is able to assure that all gifts received by the foundation are fully tax deductible. The foundation has received direct support through gifts of cash, real estate, equities and art throughout its 35 years of operation. Additionally, planned gifts such as wills, charitable remainder trusts, and insurance policies have benefited the foundation’s programming capabilities. In-kind gifts, such as laboratory equipment, usable automobiles, and classroom supplies, if properly appraised, can also provide the donor with a tax deduction. The Foundation office can be reached at (530) 749-3868 to discuss options for giving.

**Programs:** The Yuba College Foundation has supported literally hundreds of projects, programs, services and scholarships throughout its thirty five years of operation. In recent years, direct support from the foundation has provided networking equipment for the Clear Lake Center, laboratory support for the Administration of Justice Program in Marysville, and hundreds of thousands of dollars in direct student support through scholarships or book grants. On the average, between 45-50 projects and scholarships per semester receive support through donations to the Yuba College Foundation.

**Governance:** Yuba College Foundation is overseen by a Board of Directors, with representatives coming from both the Yuba-Sutter and Yolo County regions.

Listed below are the current officers and members of the Yuba College Foundation Board of Directors:

Vicki Bourn (Woodland)
Wayne Ginsburg (President)
Jim Buchan (Board of Trustees)
John Cassidy, Yuba City
Sean Kolb, Woodland
Sarb Johl, Marysville
Dr. Susan Lott, Yuba City
Tara Perrin-Preus, Marysville
Kandice Richardson-Fowler, Woodland
Valeri Strachan-Severson, Yuba City

**Previous Members:**
The Yuba College Foundation is proud of those who have served on our Board in the past.

Admissions

Yuba College does not restrict admission to residents of the District, nor does it restrict the privilege of District residents to attend any other community college. Nonresident students are accepted on the same basis as California resident students, except that State law requires a tuition charge (see “Residency Requirements”).

OPEN ENROLLMENT POLICY

All courses, regardless of where offered, are open to members of the public who are otherwise eligible for admission, with the following exceptions:

- Courses that are specifically exempted by statute, including “impacted” allied health programs (Radiologic Technology, Veterinary Technology, ADN, LVN, Psychiatric Technician, etc.);
- Courses closed by maximum enrollment of students by the “priority registration” policies;
- Courses with academic requisites that restrict enrollment of academically unqualified students; and
- Courses with content that would be a repeat of a course of equivalent or more advanced course work previously taken by the student (exceptions require counselor evaluation and approval).

Applicants may apply for admission on-line by going to our website at www.yccd.edu. Select the campus you plan to attend. Use the “Quick Links” section. Select “Apply Now!” and follow the instructions.

Admission to Impacted Programs: Associate Degree Nursing (ADN), Psychiatric Technician, Veterinary Technology, Vocational Nursing, and Radiologic Technology require a special application. Contact Yuba College or call (530) 741-6786 for details, application, and deadlines.

Foreign students must obtain a special application which will be mailed upon request from the Foreign Student Admissions Office, located on the Yuba College campus or call (530) 741-6705.

Age and/or High School Graduation Requirement: In general, all full-time students must have earned a high school diploma, a State Certificate of Proficiency, or the equivalent, or be 18 years of age as of the date of registration, as provided in Section 76000 of the Education Code, and meet Federal “Ability to Benefit” requirements.

Concurrent Enrollment of High School Students: A high school student who has completed the EIGHTH grade may be admitted on a part-time basis subject to the following requirements with the written recommendation of the high school administrator and the parent’s permission: no Physical Education courses may be taken; students must have met any course prerequisite requirements; students are required to fulfill the minimum day requirement at their high school; or, for charter/home-schooled students, the parent has to verify that the proposed college course work will not interfere with the student’s basic high school course work; charter or home-schooled students must present a grade equivalency certification documenting the grade level the student has achieved; charter or home-schooled students must present a copy of the affidavit submitted to the State or County Office of Education to document the student’s involvement in an educational process; concurrently enrolled students receive the lowest registration priority. Students must be certified to be eligible for advanced scholastic or vocational coursework. Contact the high school administrator for information concerning authorization to enroll. Students are subject to all rules, regulations, and fees of the College. The enrollment fee will be waived for eligible students, but the Student Services fee (and non-resident tuition if applicable) will be charged.

Application Process Steps to Apply for Priority Registration:

- File an application for admission.
- File high school and college transcripts; transcripts must be received by direct mail from the issuing institution or hand-carried in a sealed official envelope.
- Complete the College Placement Examination (CPT). The test should have been completed within the last three years or it is suggested that it be repeated. It may be taken twice in a two-year period.

YOU WILL THEN BE GIVEN A REGISTRATION APPOINTMENT TO:

- Participate in an orientation program to become acquainted with the College’s programs, services, academic expectations, procedures, and regulations.
- Meet with a counselor to develop an educational plan appropriate to the student’s goals and present learning skills. Counselors can suggest programs that will strengthen a student’s learning skills.

Residency Requirements

California state law mandates that each student who applies for admission to provide residency information and evidence as deemed necessary by the Admissions Office to determine the student’s residence classification. The following rules regarding residency determination are not a complete explanation. For further information, contact the Admissions Office. These rules are subject to change at any time in accordance with State law.

The residency determination date is the day prior to the first day of instruction for each semester.
General Rules for Residency:

1. Persons who are 19 years of age or older may establish residence in accordance with the criteria listed below. Year of residence must begin after the eighteenth birthday.

2. Persons who are under 19 years of age may establish residence in accordance with the criteria listed below and the following: (a) Married minors may establish their own residence, and (b) an unmarried minor derives residence from the parent with whom he or she is residing. If the student lives with neither parent, residency is derived from the parent with whom he or she last lived. (The residence of an unmarried minor who has a parent living cannot be changed by her or his own act, by appointment of a legal guardian, or by relinquishment of a parent’s right of control.)

3. Active duty military personnel stationed in California are entitled to resident classification.

4. A dependent child or spouse of an active duty military person stationed in California is entitled to residence classification.

5. A member of the armed forces of the United States stationed in California on active duty for more than one year immediately prior to being discharged will be granted a “one-year grace period” in order to establish California residency. Establishment of residency requires physical presence and acts of intent be demonstrated for one full year.

6. Persons who have had a “permanent residence visa” for one year may establish residence in accordance with the criteria listed below.

7. Non-resident and non-citizens (other than “nonimmigrant aliens” who are out of status with INS) who have attended a California high school for at least three years and who graduated from a California high school may be eligible for an exemption of the non-resident tuition. (Pick up an AB540 application form at the Registration Office.)

8. A student who was classified as nonresident and is seeking reclassification as a resident MUST show financial independence. Financial independence requires not having been claimed as a dependent on state/federal income tax forms by parents, not having received more than $750.00 a year from a parent, and not having lived more than six weeks in a year with a parent in the immediately preceding twelve months. Students will be required to submit documentation showing how tuition and living expenses were paid during the preceding year.

Criteria for Residency: Nonresident students do not automatically become residents by merely being in California for more than one year. State law also requires “proof of intent” to establish California residence for more than one year prior to the residence determination date. The burden of proof rests with the student, not the College. Students must present a combination of documentation to prove intent to be a resident. Students must also show no contrary intent, that is, they must not have maintained residence status in their former state (i.e. driver’s license, taxes, car registration, etc.). Types of documentation that may be submitted that will help to establish proof of intent (with lack of intent for residence in another state) include the following. No one factor is decisive.

Documentation: W-2 form; California State Income Tax payment; Driver’s license; Motor vehicle ownership and registration; Purchase of property; Voter registration; License from California for professional practice; Any other proof of intent as may be deemed necessary to establish residence classification.

A student incorrectly classified as a California resident because of falsification of information is subject to reclassification as a nonresident and payment of nonresident tuition or exclusion from class(es) upon notification. Students classified as nonresidents may appeal the decision within 30 days of the date of the residence classification decision.

All students classified as nonresident are required to pay Nonresident Tuition Fee; the Enrollment Fee; and the Student Services Fee each semester. (See Schedule of Classes for current fee amounts.) Nonresident fees are refundable only during the first two weeks of a semester (dates vary for short-term classes) if the student withdraws from a course. The date on which the withdrawal is received in the Registration Office will determine the refund date.

Refunds shall not exceed the amount of tuition paid, and will be processed in accordance with District regulations (see “Refund” section).

Foreign Student Admission

Under Federal law, Yuba College is authorized to enroll students on F-1 student visas for two-year vocational and transfer programs. Foreign students applying for admission must request application forms from the Foreign Student Admissions Office.

The deadlines to apply are May 15 for the fall semester and December 15 for the spring semester. Since applications will not be considered until all required documents are on file, students are encouraged to request applications early.
Admissions

To be considered for admission, a foreign student must meet specific criteria and agree to:

- Pay Tuition and Enrollment Fees at the time of registration. (See current fees in Schedule of Classes.) The Enrollment Fees and Student Services Fee are also due at the time of registration each semester.
- Complete the required application packet which consists of:
  1. Application form, including a recent photograph
  2. Copies of high school and college transcripts
  3. A TOEFL examination with test scores sent from the testing service to Yuba College (minimum score of 475 is required.)
  4. A letter of English Proficiency
  5. A certified financial statement, showing evidence of support, in U.S. dollars, for duration of the time in the U.S. (should be able to provide approximately $10,000.00 annually without planning to work while in the U.S.)
  6. A letter of recommendation
  7. A certificate of health to include a special test for tuberculosis.
  8. A $25.00 Application Processing Fee.
- Purchase hospitalization policy (approximately $150.00 per year).
- Pursue a specific degree program.
- Register in required English courses each semester until graduation requirements are met.
- Complete a minimum of 12 units each semester with at least a “C” average.
- Complete academic program in a maximum of six semesters.
- Work with the Foreign Student Assistant to meet all requirements for foreign students.
- Provide own housing.

Only those students who agree to each of the above requirements and meet the above criteria will be considered for admission to Yuba College. Applicants who are accepted to Yuba College will be mailed the Immigration and Naturalization Form I-20.

Matriculation

Matriculation is a process designed to help students achieve their educational goals. All new, transfer, and returning students (who have not attended a Yuba College class within the last three years and do not meet the matriculation exemptions) will complete the matriculation process. Yuba College is committed to helping students achieve their educational goals through the matriculation process, which includes:

- Admission to the College
- Assessment of English, mathematics, and reading skill levels
- Orientation, which provides information about programs and services, academic expectations, and procedures
- Counseling to assist in defining goals and developing a plan to achieve those goals
- Registration for classes
- Follow-up services to help students progress toward their educational goals.

Matriculation Exemptions: At the time of application, all students are classified as Exempt or Non-Exempt from various matriculation components. Exempt students are those who meet two or more of the criteria listed below. (NOTE: These exemptions do NOT provide clearance for PRIORITY REGISTRATION or enrollment into specified English, mathematics, or reading courses.)

- Have completed an Associate or higher degree – provide verification of degree
- Concurrently enrolled in high school need permission form signed by parents and high school official
- Enrolled only in classes for which they have approved previous training (i.e., firefighters taking a fire science class);
- Enrolled in fewer than 6 units;
- Do not plan to earn a degree or certificate;
- Completed at least 24 units at another college within the past three years and were in good standing – verification required;
- Enrolled in ONLY performance classes (e.g., acting, drawing) or activity classes (e.g. physical education);
- Enrolled in only job-skill upgrade, self-improvement, or general interest courses.

Performance Courses Eligible for Matriculation Exemption:

Admissions

Performance Courses Eligible for Matriculation Exemption:

Note: Students wishing to take a course for **general interest** or for **personal/professional improvement** should contact the Registration Office for enrollment dates. Students will be expected to meet any academic prerequisites regardless of the purpose for taking the course.

Exemption from taking the **PLACEMENT EXAM ONLY** may apply to students who:

- Have completed previous course work in English, mathematics and reading.
- Have completed placement tests at another post-secondary institution - **provide documentation**.

**Students seeking an exemption from the matriculation process must submit an exemption form. Forms are available at all registration sites.**

**Matriculation – Students’ Rights, Challenge, and Complaint process:** Students may challenge any matriculation component. To do so, consult with a college counselor. Challenges and/or complaints may be filed with the Dean of Student Development, who is responsible for investigation and resolution. The Dean will maintain a file on all formal challenges and complaints.

Students who meet the criteria and receive an exemption from a Yuba College counselor, and students enrolling in summer session only, are eligible to register as non-matriculated students without meeting any requirements other than the basic legal admission requirement.

- For the purpose of registration status classification, such a student will be classified as a NON-MATRICULANT.
- For purpose of academic classification, the student’s statement on the registration form will be accepted without verification.

Students classified as NON-MATRICULANTS will be required to declare an educational goal during the term after which the student completes 15 semester units of degree-applicable credit course work. These students will be provided an opportunity to see a Counselor to develop a student educational plan.

Students had the opportunity to get a henna tattoo at Campus Life’s “First Thursday” Cultural Food Festival
Registration Procedures

Continuing students should schedule a counseling appointment for assistance in registration, advising, and completion of an educational plan.

All other applicants should file a Registration Application, complete the Placement Examination, and have high school and/or college transcripts sent to the Registration Office at the local Yuba College campus. Applicants will complete orientation and meet with a counselor to discuss educational plans and select appropriate courses for registration.

OPEN ENROLLMENT POLICY

All courses, regardless of where offered, are open to members of the public who are otherwise eligible for admission, with the following exceptions:

- Courses that are specifically exempted by statute, including "impacted" allied health programs (Radiologic Technology, ADN, LVN, Psychiatric Technician, etc.);
- Courses closed by maximum enrollment of students by the "priority registration" process;
- Courses with academic requisites that restrict enrollment of academically unqualified students; and
- Courses with content that would be a repeat of a course of equivalent or more advanced course work previously taken by the student (exceptions require counselor evaluation and approval).

Student Responsibility Regarding Registration

Students should acquaint themselves with College policies and procedures, study this Catalog and the Schedule of Classes, consider the curricula carefully, and plan the courses needed for graduation and required for their majors as well as courses desired for electives before reporting to the Registration Office.

Students must assume complete responsibility for fulfilling all requirements to meet planned objectives. Students on probation should carefully consider the consequences of their status when planning for registration.

Assessment services include counselor appraisal of previous college and/or high school work (transcripts should have been sent to the College), as well as, placement (CPT) examination scores, and other information such as number of hours working, etc., that may have an effect on student goals. Assessment is used to advise students about courses and services most appropriate to their skills, educational backgrounds and career goals. (See also "Placement Examination" section for other information.)

Change in Enrollment

Students wishing to change their course enrollment may add or drop classes using telephone registration, WebAdvisor registration, or by submitting the appropriate forms to the Registration Office. Full-term courses may be added during late Registration period (see "Schedule of Classes"), later only in special cases and with instructor approval.

ENROLLMENT FEES. Enrollment fees for classes that are dropped on or before the refund deadline (fourteenth calendar day for full-semester classes or ten percent of a short-term class) are credited to the student’s account. (See “Refund” section of this Catalog.)

If a class is dropped prior to the end of the fourth week of a regular semester (30% of term for short-term courses), no notation of the course will be entered on the academic record. If a class is dropped after that time but prior to the end of the thirteenth week of a regular semester (75% of term for short-term courses), a “W” will be entered on the academic record. If the drop is processed after that time, State law provides the grade must be other than a “W,” and usually it will be a failing grade.

It is the student's responsibility (not the instructor's) to process all Adds and Drops. This is not an automatic process. Students who discontinue attendance in any class without officially dropping the course are subject to a failing grade. If the student drops a class using telephone registration or WebAdvisor, it is the student's responsibility to check that drops (or adds) were correctly processed.

Maximum Unit Load

The average student load is 16 units per semester. A counselor will allow a student to register in an excess of 16 units only when it is necessary. In any case, 19 units is the maximum load which may be approved (limited to 16 maximum for a student on probation). Units in excess of 19 are allowed only for the most urgent reasons and on the basis of counselor approval.

Eight units is the maximum in which a student may register during the summer session without counselor approval (signature).

Placement Examinations

The purpose of the Placement Examination is to assess each student’s skills in mathematics, reading, and writing, and determine the appropriate beginning courses in each discipline. The placement system is designed to place students into courses in which they may build on their current skills and advance through the curriculum at the pace best suited to their needs and abilities.
All students who plan to enroll in English, mathematics, or reading courses or courses with a heavy reading content or math content; those who plan to graduate or transfer units to another institution; and concurrently enrolled high school students are required to complete the Placement Examination prior to enrolling into classes. The examination generates a profile of each student’s reading, mathematics, and writing skills based on test scores and other information supplied by the student. Placement based on this multiple measures approach is mandatory. Students may challenge the placement by filing a prerequisite challenge form with the Dean of Student Development. The results of the challenge are final. Students should seek counselor assistance when filing a prerequisite challenge.

Students may take the Placement Exam no more than three times in a 2-year period and not more than twice in any semester. There is a 14-day waiting period for retests. The placement examination may not be used to supplant a failed prerequisite course or to skip a course in a sequence of courses. Placement scores may be valid for up to two years.

Students may transfer test scores from another institution for use at Yuba College, provided the test used is approved by the Chancellor as a Second Party Assessment Instrument, and provided the scores can be translated to the Yuba College Placement System. It is the student’s responsibility to have the other institution provide the score report to the Assessment Center. Placement will be made in accordance with current placement policies and procedures, and may differ from the placement at the previous college. Students have the option of taking the Placement Exam instead of transferring their scores.

Students who wish to transfer to a 4-year institution should consult a high school or college counselor about taking other tests. Some institutions require SAT or ACT test scores from transfer students. SAT and ACT are not approved for use in California Community Colleges, and Yuba College does not offer either test at college sites. Students should consult the SAT or ACT test guides available at the Assessment Center for test dates and locations, or visit the appropriate WEB site.

Students who wish to take the Yuba College Placement Examination should contact one of the Assessment Centers listed below, or contact any Yuba College Counselor. The Placement Examination also is offered at selected high schools. Yuba College: 530-741-6864; Clear Lake Campus: 707-995-7900; Beale AFB Center: 530-788-0973.

Students with disabilities or special testing needs should discuss options and accommodations with a counselor and/or Disabled Students Programs and Services staff. The Yuba College Assessment Center comply fully with the provisions of the Americans with Disabilities Act.

For your privacy and safeguarding of your records, photo identification is required for all testing transactions.

**Placement Levels**

Placement scores identify the course level appropriate for each student’s level of academic skill in English, mathematics, and reading. After successfully completing the placement-level course, students advance to the next level, and continue to progress until degree requirements are met. All students are encouraged to seek counselor advice in selecting courses appropriate for their educational goals.

**ADVISORY PLACEMENT LEVELS FOR COURSES REQUIRING COLLEGE-LEVEL SKILLS.**

Many “entry level courses” that are numbered 1-99 carry credit/units that apply toward the associate degree and require college-level language and/or computation skills for successful participation. It is recommended that students meet the following criteria if they plan to enroll in any course with a description that includes an “L” and/or “M.” “L” means college-level language skills are recommended and “M” means college-level computation skills are recommended. These requisites are advisory only.
Students may meet the recommended criteria for “L” courses by:

1. Achieving a Reading Placement Code of “3004” or higher; or achieving a grade of “C” or better in Reading 70; or concurrent enrollment in Reading 70; or
2. Achieving an English Placement Code of “1003” or higher; or achieving a grade of “C” or better in English 105/106; or concurrent enrollment in English 105/106.

Students may meet the recommended criteria for “M” courses by:

1. Achieving a Mathematics Placement Code of “2003” or higher; or completing Math 110. General Business 100, or Math 111 with a grade of “C” or better; or concurrent enrollment in Math 110, General Business 100, or Math 111.

Schedule of Classes

The Schedule of Classes is published each semester. The Schedule includes registration procedures, course information, critical deadline dates, the official Academic Calendar, and other important information for students.

Unit of Academic Credit

THE UNIT OF CREDIT IS THE SEMESTER HOUR.
The value of a course is computed on the basis of one unit of credit for each hour of lecture or discussion and two-to-three hours of laboratory. Courses meeting less than a full semester will require an equivalent number of hours prorated on a per-week basis. Two hours of outside preparation are normally required for each semester hour of class lecture. In order to earn credit in a course, the student must complete the course; no partial units of credit are allowed. To serve the purposes of the students and the District, courses may on occasion be offered for less than the number of units indicated in the Course Outline.

Fees and Expenses

All fees quoted below are those known at the time this Catalog went to press.

STATE-MANDATED ENROLLMENT FEE. All students (unless at the time of registration they qualify for exemption* under State mandates) are subject to an Enrollment Fee. These fees are established by the State legislature and are determined at the time of enrollment by the student’s unit load. The current fee is $20.00 per unit.

*Exemptions: State regulations provide the following three programs to help eligible low income students with California residence status to have the Enrollment Fee waived.

• Board of Governor’s Waiver Program A. For any student who, at the time of registration, is a recipient of (1) TANF (Temporary Assistance for Needy Families); (2) SSI/SSP (Supplemental Security Income/State Supplementary Program); (3) General Assistance/General Relief Program; or (4) The California Department of Veteran Affairs or the National Guard Adjutant General’s Certification of Eligibility for a dependent’s fee waiver.
• Board of Governor’s Waiver Program B. For low income students who meet eligibility requirements.

• Board of Governor’s Waiver Program C. For low income students who qualify for Financial Aid.

Prior to registration, students in any of these categories should obtain the appropriate application materials from the Financial Aid Office for exemptions.

NONRESIDENT/NON-CITIZEN TUITION. Students who have not established California residency in accordance with state regulations (see Residency section), will be required to pay the Nonresident Tuition Fee of $181.00 per unit. Students who are both citizens and residents of a foreign country are required to pay $201.00 per unit.

STUDENT SERVICES FEE. ALL Students are required to pay a $6.00 Student Services Health Fee each semester/summer session. Students who depend exclusively upon prayer for healing in accordance with a bona fide religion, sect, or denomination (upon written verification from an authorized church official) are exempt from paying the Student Services Health Fee. This church documentation must be submitted to the Vice President’s Office for the exemption.

PARKING FEE. Students and staff who drive vehicles on campus will pay a $40.00 per semester; $20 for summer session. The cost is $40.00 per semester; $20 for summer session.
As an option, students may purchase a $1 daily parking pass in lieu of a semester decal. The Parking Fee covers day and evening campus attendance. All non-student, seasonal, and short-term employees may park in the General Parking Lots and must display either a valid semester parking decal or a $1 parking pass.

These fees are nonrefundable after the fourteenth calendar day of the full-semester or the first ten percent of classes for short-term classes.

OTHER FEES. The Associated Students of Yuba College collect a voluntary annual A.S.Y.C. Fee of $10.00 per year, $5.00 per semester for services and benefits.

All students should be prepared to purchase their own books, which are sold at the Bookstore. Direct school expenses for the entire year, including books, will probably average $600 to $700; book costs for pre-professional students (such as engineering and medicine) will run somewhat higher.

Students in some health-care courses and programs (such as Nursing, Psychiatric Technician, Radiologic Technology) are required to purchase drug testing, film badges, pay for a background check, and other related items for the program. The BOGW enrollment fee waiver does not cover these charges.

Estimated total expenses, including personal expenses and travel, for a California resident is $8,450.00. A sample budget for an average CALIFORNIA resident for one year is shown below:

**Refunds**

All Enrollment Fee refunds are subject to a $10.00 Processing Fee. This Fee will be charged only once per each semester of enrollment. Any refund processed for less than $10.00 will not be assessed an additional Fee.

**BOOK REFUNDS.** Full refunds will be made, at the College Bookstore, for books purchased for the current semester up to two weeks after the start of that semester; one week for summer session. Receipts are required for all refunds and new books must be unmarked and in new condition.

**PARKING FEES.** Students who withdraw from classes before the fourteenth day of the semester (dates vary for short-term classes) may apply for a refund of the Parking Fee. The parking sticker must be returned to qualify for the refund.

**PRO-RATA REFUNDS.** A financial aid student attending Yuba College for the first time who is a nonresident will be granted a pro-rata refund of those fees if he/she withdraws from all classes prior to the 10th week of the semester (in full-semester classes). Contact the Financial Aid Office for more information. An Administrative Fee of $100 or 5% of the total charges (whichever is less) will be collected for each pro-rata refund processed.
Financial Aid Program

The role of the Financial Aid Office is to help eligible students pursue their educational goals. The objective is to equitably provide funds and services to eligible students and, to the extent that funds permit, not deny a student the opportunity for an education simply because of lack of money. The Financial Aid Office attempts to fill the financial gap that may exist between the cost of education and the money available to students from family, employment, savings, and other resources.

CRITERIA AND PROCEDURES FOR FINANCIAL AID. In order to treat all students equitably, standardized budgets are established and are applied to all applicants. Typical expenses for an academic year for a California resident living with parents to attend Yuba College are: State-mandated Enrollment Fee, $20 per unit; Parking Fee, $100; Student Services Fee, $10 per semester/$6 for Summer session; Room/Board, $3,240; Books/Supplies, $1,260; Personal expenses, $2,214; Transportation expenses, $864.

The application form to be used for most financial aid programs is the Free Application for Federal Student Aid Program (FAFSA). In order to determine "need" for financial aid funds, taxable and nontaxable income information is necessary. Award funds are made based on this need. Income, assets, debts, size of family, and number of family members in college are important factors considered in the calculation. This information is reported on the application form and forwarded to the central processor for further processing. Supporting documentation is required by the Financial Aid Office.

DEADLINE FOR FILING FINANCIAL AID APPLICATIONS. Applications for each academic year are available January 1st and are processed on a first-come, first-served basis. Eligible students with completed files will receive the highest award.

SATISFACTORY ACADEMIC PROGRESS. Students awarded financial aid funds are required, by Federal law and Yuba College policy, to make satisfactory progress towards their educational goal. The specific requirements are outlined in the Financial Aid Handbook which is available at the Financial Aid Office. Academic Progress is necessary in order to continue receiving funds.

Programs Available to Yuba College Students

• Scholarships. Many scholarships are available to help students to meet the cost of education. These scholarships become available through private support from individuals and organizations in the Yuba College community who have contributed to scholarship funds.

• Most scholarships are based on academic achievement; other are based on financial need. A complete listing of all scholarships offered, eligibility requirements, deadline dates, and application information is available in the scholarship handbook at the Financial Aid Office.

• Grants. Federal, State, and Institutional grant programs are available to eligible Yuba College students. These funds are based on financial need criteria and paid two times per semester. Included are Federal PELL; Federal SEOG Supplemental Educational Opportunity Grant; BIA (Bureau of Indian Affairs) Grant; E.O.P.S. (Extended Opportunity Program & Services) Grant; CARE (Cooperative Agency Resources & Education) Grant; CAL GRANTS B and C, and Federal.

• Work-Study. The Federal Work Study Program provides jobs for eligible students awarded FWS funds as part of their financial aid package. An award offer is not a job guarantee. The Placement Office helps eligible students locate employment. College units may also be available for this job experience; contact a counselor for more information. This popular program provides invaluable work experience and a flexible work schedule for students attending Yuba College. The CalWORKs Work-Study Program coordinates with the Federal Work Study Program on a student-by-student basis.

• Federal Stafford Loan. Student loans are available to eligible students, including subsidized and unsubsidized. The interest rate of 8% is available through many participating banks, savings and loans, and credit unions. Eligibility information and application forms are available at the Financial Aid Office.

Hope Scholarship (Tax Relief)

The Hope Scholarship is actually a tax credit, not a scholarship. Tax credits are subtracted directly from the tax which is owed, rather than reducing taxable income like a tax deduction. A family must file a tax return and owe taxes in order to take advantage of it. The Hope Scholarship credit is not refundable for families who do not pay taxes. The federal government created the Hope Scholarship to allow families the opportunity to deduct the enrollment/tuition fees paid for attending college for income tax purposes. There are federal criteria and guidelines for deducting the fees for income tax purposes; consult a tax advisor if you have questions.

At the end of each calendar year, Yuba College will mail out a statement (Form 1098T) for students who meet the required criteria (does not apply if fees were waived or paid by another agency). The 1098T statement includes enrollment fees and tuition charged during the year (not when payments are received).

If the student is a dependent (for income tax purposes), the student must contact the Business Office, indicating the parents’ name, social security number, and mailing address. The Internal Revenue Service requires this information be
included with the student’s information or the parent will not be able to deduct the fees for tax purposes. It is the student’s responsibility to provide this information each calendar year since the College does not determine tax dependency.

**Lifetime Learning Credit**

The Lifetime Learning Credit is a tax credit. Tax credits are subtracted directly from the tax which is owed, rather than reducing taxable income like a tax deduction. A family must file a tax return and owe taxes in order to take advantage of it. The Lifetime Learning Credit is not refundable for families who do not pay taxes. The federal government created the Lifetime Learning Credit to allow families the opportunity to deduct enrollment/tuition fees for income tax purposes. There are federal criteria and guidelines for deducting the fees for income tax purposes; consult a tax advisor if you have questions.

At the end of each calendar year, Yuba College will mail out a statement (Form 1098-T) for students who meet the required criteria and who paid for the enrollment/tuition fees (does not apply if fees were waived or paid by another agency).

If the student is a dependent (for income tax purposes), the student must contact the Business Office, indicating the parent’s name, social security number, and mailing address. The Internal Revenue Service requires this information be included with the student’s information or the parent will not be able to deduct the fees for tax purposes. It is the student’s responsibility to provide this information each calendar year since the College does not determine tax dependency.

**College Life**

**Athletics**

Yuba College is a member of the Bay Valley Conference, Northern California Football Conference, California Association of Community Colleges, and participates in men’s and women’s basketball, baseball, football, men’s and women’s soccer, softball, tennis, track, and volleyball. (Also see “Athletic Eligibility.”)

**Campus Police Department**

The primary jurisdiction of the Yuba Community College District Police Department includes the Yuba College campus, Woodland Community College campus and Clear Lake campus. Jurisdiction also includes other grounds or properties owned, operated, controlled, or administered on behalf of the Yuba Community College District as outlined in the California Education Code Section 72330.

Campus Patrols: The Yuba Community College District Police Department uses uniformed and non-uniformed officers to patrol the campuses in cars, on bicycles and on foot 24 hours a day (Marysville campus). These patrols are conducted on the roadways and walkways of the campus, as well as in buildings.

Lighting/Telephone: Yuba College has emergency call boxes located throughout the campus.

Safety Escort Service: If you feel fearful walking on campus you may request a safety escort by dialing extension 6771 from any campus phone or (530) 741-6771 from other phones. If you are calling after business hours you may call the Campus Police cellular phone at (530) 870-1158. Provide the YCCDPD Officer with your current location and intended destination. If there are special circumstances or risks that you know about, be sure to share them with the officer. Subject to availability, an officer will be dispatched to your location to walk with you to your destination. An officer may wish to transport you in a vehicle if it is more practical based on conditions.

The Police Department is located in Unit A of Warren Hall, Building 1600, Marysville. The telephone number is 530-741-6771. An emergency telephone, which immediately summons an on-duty officer, is located at the front door of the Police Department Office (Marysville campus). The on-duty officer carries a cellular telephone which may be reached by dialing (530) 870-1158.

**Children in Class**

Attendance in a class is limited to those students who are officially registered in accordance with State and District regulations. This includes high school students enrolled concurrently in the class. Children are prohibited from attending classes. Classes are limited in size, and no disruptions will be allowed in the classroom. In addition, the College assumes no liability for injuries that may occur to the child.
Clubs and Organizations

Clubs and organizations cater to and meet the academic, social, and political needs of a wide variety of students; they provide participation in extracurricular activities both on- and off-campus. Information concerning clubs and organizations can be obtained from either the Student Council 530-741-6808 or Campus Life 530-741-6992. Certain clubs listed below may not be active during the 2008/09 Academic Year (depends largely on student participation).

*CLC

Colors and Nickname

The college colors are Navy blue and gold. The nickname of the college teams is the “49’ers.”

Conduct and Discipline

If a student’s conduct violates District rules or regulations, the Code of Conduct for Students, or public laws, the student will be subject to one of the forms of “sanctions” included in the Code, which are:

• Admonition. An oral statement to a student that he or she is violating or has violated District rules or legal statutes.
• Warning. Notice, orally or in writing, that continuation or repetition of conduct found wrongful, within a period of time stated in the Warning, may be cause for more severe disciplinary action.
• Censure. A written reprimand for violation of specified regulations, including the possibility of more severe disciplinary sanctions in the event of the finding in a violation of any District regulation or legal statute within a stated period of time.
• Disciplinary Probation. Exclusion from participation in the Financial Aid Program and/or in privileged or extracurricular District activities as set forth in the notice for a period of time not exceeding one school year; withholding of grades and/or transcripts, if on Disciplinary Probation due to refusal to meet financial obligation to the college, including a parking fine.
• Restitution. Reimbursement for damage to or misappropriation of property. This may take the form of requiring appropriate service or other compensation.
• Suspension. Exclusion from classes and other privileges or activities, including Financial Aid, as set forth in the notice for a definite period of time not to exceed two years; may include “Withdrawal of Consent for Student to Remain on Campus.”
• Expulsion. Termination of student status for an indefinite period. The conditions of readmission, if any, shall be stated in the Order of Expulsion. A copy of the Yuba College Code of Conduct for Students may be obtained from the Office of the Vice President of Academic and Student Services.

Drama

The Theatre Arts Department aims to provide its students with basic knowledge of the theater. Courses are integrated around the central idea of learning and producing. Work in acting technique, design, costuming, makeup, lighting, technical production, and other crafts are all taught in theory and practice in the production of a variety of plays.

Dress Regulations

Yuba College students are expected to demonstrate maturity by exercising good judgment and taste in everyday attire. Whatever the student’s judgment, however, every individual is required to wear shoes or bona fide street sandals in all campus buildings. (Except when covered, the competition floors of the Gymnasium require gym shoes.) Instructors in charge of field trips and/or social events have authority to enforce additional dress regulations which they deem are required for the occasion.

Drug Free School Policy

The District recognizes that substance abuse is a major health problem throughout the United States. Therefore, in order to eliminate abuse, the entire college community must be involved. The single consistent message is that substance abuse is wrong, dangerous, and will not be tolerated. The Yuba District has a “zero tolerance” policy; all campuses and centers are to be alcohol and drug free.

It is the stated policy of the District to implement a comprehensive substance abuse strategy that will work more effectively in combating potential drug use and use of drugs by students. The policy sets forth procedures that not only expose students to awareness of the dangers of drugs and alcohol, but also encourages each individual to act to prevent the sale and use of drugs.
The following program principles have been adopted to implement this policy:

- The Student Code of Conduct, supported by Education Code Section 60041, prohibits the unlawful possession, use, or distribution of illicit drugs and/or alcohol by students on its property or as part of any of its activities.
- Information regarding applicable legal sanctions under local, State, and Federal law for the unlawful possession or distribution of illicit drugs and/or alcohol is available to all students through the Yuba College Campus Police Department, the Yuba College Campus Student Health Office, and the Dean or President’s office.
- Educational materials regarding health risks associated with the use of illicit drugs and the abuse of alcohol are made available to all students through the Student Health Office. More in depth information is available through the Chemical Dependency Program courses.
- Information regarding resources for drug or alcohol counseling and treatment are available through the Student Health Office.
- The Vice President of Academic and Student Services’ Office will keep records of all disciplinary actions and evaluate consistency of all enforcement.

Music

The music department provides a stimulating environment nurturing discovery, development, and recognition of the creative spirit. Offering a core curriculum of music history, music theory, applied music, piano, both vocal and instrumental performing ensembles, the music major may fulfill all necessary course work for transfer. Also available are music education classes, piano, voice, and instrumental classes for all students who are interested.

Selective Service Registration - MEN

By law, virtually ALL MEN must register at age 18. The Selective Service Registration Program allows the government to keep an accurate list of names and addresses for young men, 18 through 25 years old. In a national emergency requiring expansion of our Armed Forces, the list would be used to call men for possible military service. By registering all young men, the Selective Service System makes sure a future draft will be fair. If you do not register, you could be prosecuted and fined up to $250,000 and/or be put in jail for up to five years. Registration is also required to qualify for Federal student financial aid, job training benefits, and most Federal employment. The Selective Service Registration Form may be obtained from the Yuba College Registration Office or from your local post office.

Smoking Policy

Smoking, or other use of tobacco, is prohibited within all Yuba College buildings, including restrooms, dining areas, classrooms, laboratories, library, gymnasium, offices, and the theatre, along with any other interior building area, including quads. Smoking is only permitted on the Yuba College and Clear Lake Campus in outside open areas. Smokers are encouraged to deposit cigarettes, ashes, and matches in receptacles to maintain a refuse-free campus.

Student Activities

Believing that a variety of outside-of-class activities will give students an opportunity to develop their personalities and broaden their social lives under wholesome conditions, Yuba College conducts a carefully planned, faculty-sponsored activities program. Clubs, Associated Students of Yuba College, class and departmental organizations, publications, music and drama activities, and traditional events offer a wide and interesting field for student participation. Those opportunities for enjoyable participation in a program which stimulate social and individual development comprise one of the advantages of campus life at Yuba College. Every student is urged to engage in activities insofar as academic responsibilities permit.

Student Rights and Grievances Reference:
Title IX, Education Amendments of 1972; Education Code Section 76224(a)

Purpose: The purpose of this procedure is to provide a prompt and equitable means of resolving student grievances. These procedures shall be available to any student who reasonably believes a college decision or action has adversely affected his or her status, rights or privileges as a student. The procedures shall include, but not be limited to, grievances regarding:

- Sex discrimination as prohibited by Title IX of the Higher Education Amendments of 1972
- Sexual Harassment
- Financial Aid
- Illegal Discrimination

The exercise of rights of free expression protected by state and federal constitutions and Education Code Section 76120. This procedure does not apply to: Student disciplinary actions, which are covered under separate Board policies and Administrative Procedures. Police citations (i.e. “tickets”); complaints about citations must be directed to the County Courthouse in the same way as any traffic violation.

Definitions: Party. The student or any persons claimed to have been responsible for the student’s alleged grievance, together with their representatives. “Party” shall not include the Grievance Hearing Committee or the College Grievance Officer President. The President or a designated representative of the President. Student. A currently enrolled student, a person who has filed an application for admission to the college, or a former student. A grievance by an applicant...
shall be limited to a complaint regarding denial of admission. Former students shall be limited to grievances relating to course grades to the extent permitted by Education Code Section 76224(a). Respondent. Any person claimed by a grievant to be responsible for the alleged grievance.

Informal Resolution: Each student who has a grievance shall make a reasonable effort to resolve the matter on an informal basis prior to requesting a grievance hearing, and shall attempt to solve the problem with the person with whom the student has the grievance, that person's immediate supervisor, or the local college administration. Any student who believes he or she has a grievance shall file a Statement of Grievance with the Grievance Officer within 15 working days of the incident on which the grievance is based, or fifteen working days after the student learns of the basis for the grievance, whichever is later. The Statement of Grievance must be filed whether or not the student has already initiated efforts at informal resolution, if the student wishes the grievance to become official. Within five days following receipt of the Statement of Grievance Form, the Grievance Officer shall advise the student of his or her rights and responsibilities under these procedures, and assist the student, if necessary, in the final preparation of the Statement of Grievance form.

If at the end of five working days following the student's first meeting with the Grievance Officer, there is no informal resolution of the complaint that is satisfactory to the student, the student shall have the right to request a grievance hearing.

Grievance Hearing Committee: A Grievance Hearing Committee shall be constituted in accordance with the following: It shall include one student, two instructors, one college administrator, and one classified selected from the panel described above. If the President feels that sufficient ground for removal of a member of the committee has been presented, the President shall remove the challenged member or members and substitute a member or members from the panel described above. This determination is subject to appeal as defined below.

The Grievance Officer shall sit with the Grievance Hearing Committee as Chair of the Committee but shall not serve as a member nor vote. The Grievance Officer shall coordinate all scheduling of hearings, shall serve to assist all parties and the Hearing Committee to facilitate a full, fair and efficient resolution of the grievance, and shall avoid an adversary role.

Request for Grievance Hearing: Any request for a grievance hearing shall be filed on a Request for a Grievance Hearing within ten working days after filing the Statement of Grievance as described above.

Hearing Procedure: The decision of the Grievance Hearing Committee chair shall be final on all matters relating to the conduct of the hearing unless there is a vote of a majority of the other members of the panel to the contrary. The members of the Grievance Hearing Committee shall be provided with a copy of the grievance and any written response provided by the respondent before the hearing begins. Hearings shall be closed and confidential unless all parties request that it be open to the public. Any such request must be made no less than five working days prior to the date of the hearing.

Within five working days following receipt of the Grievance Hearing Committee's decision and recommendation(s), the President shall send to all parties his or her written decision. The decision of the President shall be final, subject only to appeal as provided below.

Appeal: Any appeal relating to a Grievance Hearing Committee decision that the Statement of Grievance does not present a grievance as defined in these procedures shall be made in writing to the President within five working days of that decision. The President shall review the Statement of Grievance and Request for Grievance Hearing in accordance with the requirements for a grievance provided in these procedures, but shall not consider any other matters. The President's decision whether or not to grant a grievance hearing shall be final and not subject to further appeal.

STUDENT GOVERNMENT/A.S.Y.C.

The Associated Students of Yuba College is the title of the official organization which controls student affairs. The Student Council, the governing body of the Associated Students of Yuba College, provides services and social activities for students and represents students’ views and interests to the administration and Board of Trustees through participation on the Governing Board and District committees.

TAPE RECORDER USE

The use of tape recorders in classrooms requires the instructor’s permission. If a tape recorder is required as a result of a disability, the student should contact the Disabled Student Programs and Services for details.

Instructional Support Analyst and Board of Governor’s Member Tanna Thomas is recognized at the Classified Staff Picnic.
Academic Regulations and Information

The College reserves the right to change any College rule or regulation, including the arrangement of courses; the requirements for graduation; the requirements for admission, degrees, and fees; and any other regulations affecting the student body. Such changed regulations will govern both old and new students and shall be effective whenever determined by the College. Failure to comply with established rules, regulations, policies, and/or procedures shall result in disciplinary action and may result in dismissal from the College. Students who feel they have extenuating circumstances which excuse them from these academic regulations should:

- Obtain a standard Student Petition from the Registration Office.
- Seek the advice and recommendation from a counselor.
- File the completed petition with the Registration Office for action by the College Standards Subcommittee.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day Yuba College receives a request for access.

   If a student wishes to do so, he/she should see a counselor to start the process. The student folder contains copies of high school and college transcripts (if they were sent to YCCD by the student) and other data that may be important for student guidance. The College transcript includes summary information from other colleges attended when those transcripts have been sent to the College for evaluation. These records are available for review by the student with the counselor or Student Services administrator.

   If this step does not cover the types of records requested, the student should submit to the Dean of Student Development, a written request that identifies the record(s) he/she wishes to inspect. The Dean will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Dean of Student Development, the Dean will advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading.

   Students may ask the College to amend a record that they believe is inaccurate or misleading. The student should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

   If Yuba College decides not to amend the record as requested by the student, the College official will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment.

Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

   Directory information is given out only when it is necessary or appropriate to do so in the opinion of a member of the Student Services professional staff; a request to limit Directory Information must be made by a student within seven calendar days of registration. Directory information includes name, address, telephone listing, student class schedule, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height if a member of an athletic team, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended, and pictures for publicity purposes—such as this catalog and the regional newspapers. Other than directory information, which may be released, no other data from a student’s records will be released without written authorization except to authorized college personnel upon the basis of need in relation to the student’s education or in response to a lawfully issued subpoena.

   One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. Aschool official is a person employed by the College as an administrator, supervisor, instructor, or support staff member (including law enforcement unit personnel and health or medical staff); a person or company with whom Yuba College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

   A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the College discloses educational records without consent.
to officials of another school in which a student seeks or intends to enroll.

Other than the permanent academic Yuba College record, data is kept only as long as it is pertinent.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Yuba College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

   Family Policy Compliance Office
   U.S. Department of Education
   600 Independence Avenue, SW
   Washington, DC 20202-4605

**Academic Renewal without Course Repetition**

The Yuba College Governing Board, under *Title V*, Section 55765, permits the alleviation of substandard (“D” and “F”) academic performance, which is shown not to be reflective of the student’s recent performance. This policy is adopted for students who need a means of tempering their previous academic record so they may successfully accomplish an academic goal.

**Academic Renewal** is subject to the following conditions:

- The maximum amount of course work that may be alleviated is 30 semester units.
- Since the end of the semester to be alleviated, the student must have completed 12 semester units with a 3.0 Grade Point Average (GPA), 18 semester units with a 2.5 GPA, or 24 semester units with a 2.0 GPA. A “CR” grade will count as a “C” for computing the grade point average for academic renewal purposes.
- A minimum of two semesters must have elapsed since the course work to be alleviated was recorded.
- The student must have completed at least 12 units in residence at Yuba College.
- Under no circumstances may course work be discounted that has been used in fulfillment of requirements for a degree or certificate.
- If the student is otherwise eligible for graduation, **Academic Renewal** may not be used to raise the grade point average (GPA) in order to qualify for graduation with honors.
- No units that have been excluded by **Academic Renewal** can be reinstated.
- Course work granted **Academic Renewal** status may be counted, if appropriate, toward fulfillment of prerequisites.

- The student’s academic record will be annotated in such a way that all work remains legible, ensuring a true and complete academic history.
- Students seeking **Academic Renewal** must petition the Office of the Dean of Student Development. The petition arises out of a consultation between the student and a counselor. Current educational objectives should be discussed with a counselor and the counselor’s recommendation should be included on the petition.
- Yuba College will honor similar actions by other accredited colleges and universities in determining grade point averages and credits. However, students should be aware that all course work is subject to reevaluation by each subsequent college attended.

**Advanced Standing/Transfer of Credit**

A student who presents (via direct mail from the college previously attended or hand-carried in a sealed official envelope) a transcript of record showing satisfactory scholarship and honorable dismissal may be admitted to the College with **Advanced Standing**. No previous collegiate record may be disregarded.

Credit for lower division courses taken previously at another college or university will be allowed toward the **Associate in Arts** or **Associate in Science** degree only if the former institution was accredited by one of the regional accrediting associations. (Accredited institutions are those so designated by one of the regional accrediting associations: Western Association of Schools and Colleges, Middle States Association of Colleges and Schools, North Central Association of Colleges and Schools, Northwest Association of Colleges and Schools, and Southern Association of Colleges and Schools.)

All such college transcripts will be evaluated. Only lower division courses determined to be associate degree level will be accepted for transfer credit. Credit is also allowed for college-level USAFI courses (but not for USAFI GED tests). Credit will also be given for the College-Level Examination Program, General Examinations of the College Entrance Examination Board (CLEP).

**Athletic Eligibility**

Athletes are governed by the rules of the State Commission on Athletics, the Bay Valley Conference, Northern California Football Conference, and by Yuba College regulations. Basic eligibility regulations are:

- All students who are continuously enrolled in a minimum of 12 units are eligible for initial collegiate participation. Nine units must be attempted in academic areas.
- Athletes must be continuously enrolled in 12 units to maintain eligibility.
- To participate in a second sport an athlete must be enrolled in 12 units and have at least a 2.0 GPA.
• To participate in a second season of the same sport, an athlete must be enrolled in 12 units (nine of which are academic in nature), have completed 24 units (18 units must be academic in nature), and have at least a 2.0 GPA.

For additional information, refer to the Athletic Code of the California Association of Community Colleges, Northern California Football Conference, and the constitution of the Bay Valley Conference.

Attendance

A student is expected to attend all sessions of each class in which enrolled. Attendance is the student’s responsibility. Any student who ceases to attend a class without officially dropping it through telephone registration, WebAdvisor, or at the Registration Office may receive a failing grade.

Auditing Class

The Governing Board of Yuba College has adopted the following guidelines authorizing the auditing of courses pursuant to Education Code Section 76370.

• Auditors must be eligible for admission to the College as regularly enrolled students.
• Auditing is authorized only when a student has exhausted the opportunities for course repetition.
• Students enrolling for credit will have priority in all credit classes. Auditing will be permitted only at the conclusion of the late registration period.
• Auditors will complete an Auditor Application Form, which must be signed by appropriate instructor. Faculty members instructing audit eligible courses have the right to refuse auditors.
• The completed Auditor Application Form must be filed with the Registration Office.
• A nonrefundable audit fee of $15 per unit will be payable at the time of enrollment by the auditor.
• Auditors will not be charged the regular Enrollment Fee which is paid for credit enrollment, and the Nonresident Tuition Fee will not apply.
• Course costs will be charged to auditors where appropriate.
• Auditors must purchase parking permits.
• Auditors must meet course prerequisites.
• No transcript of record will be maintained for audited classes.
• Auditors will not be counted in enrollment-based decisions about maintaining or canceling classes.
• No transfer from audit to credit status or the reverse will be permitted.

• Audited classes do not count toward units for any purpose, e.g., financial aid, veteran’s benefits, full-time student status.

Authority of Instructors

Every student is required to attend class regularly and satisfy the instructor, in such ways as the instructor may determine, that the course work is being performed in a systematic manner. Instructors may report to the counselors and to the Dean the names of students whose attendance or work is unsatisfactory. The instructor has the right to drop any student with excessive absences (as defined by instructor) which, in the instructor’s judgment, will prevent the student from meeting the objectives of the course.

Pursuant to the Code of Conduct for Students, an instructor may remove a student from her or his class for the day of the removal and the next class meeting. The instructor shall immediately report the removal to the President. The President or designee shall initiate a review process to determine whether or not there are sufficient grounds to remove the student permanently from the class.

Basic Skills Pre-Collegiate Course Limitation

State regulations specify that students may take no more than 30 semester units in “Pre-collegiate Basic Skills” courses. This regulation applies to all courses numbered 100-199, except ESL (English as a Second Language) courses AND for students identified by the College as having a learning disability.

Students who are not eligible to move into collegiate-level courses upon completion of the maximum 30 semester units of basic skills courses will be referred to adult education for future skill development and will be dismissed from attending Yuba College in pre-collegiate courses. Consult with a counselor if you are approaching this limit.

Catalog Rights

Students maintaining attendance in at least one semester of a calendar year receive “catalog rights.” Summer session does not count for catalog rights. Catalog rights refer to the regulations determining graduation requirements. Students may elect the requirements in effect in the year they began their study or in the year they graduate from Yuba College. Once catalog rights are established, absence related to an approved educational leave or for attendance at another accredited* institution is not to be considered an interruption, providing the above attendance criteria is met.

While catalog rights hold degree requirements, they do not apply to changes in prerequisites required in a given course. Prerequisite requirements are those stated in the “Course Descriptions” section of the current catalog.
CLEP Exam Credit Acceptance Policy

Yuba College welcomes students from a wide variety of backgrounds and experiences. It is recognized that many students bring with them a depth of knowledge in certain subjects and honor that knowledge by accepting the College-Level Examination Program (CLEP) Examinations for credit in appropriate classes. Assuming that an acceptable score is achieved on a CLEP examination, Yuba College grants credit in the appropriate course(s) for each examination. The table below defines the credit offered and if required score is earned for each accepted CLEP examination.

College Board Advanced Placement

Yuba College grants college credit for successful completion of Advanced Placement Program Examinations of the College Board. Students who complete special advanced placement courses and who present scores of three or higher (3, 4, or 5) for the Advanced Placement Examinations to the College's Records Office will receive credit ("CR" grade) for specific college courses. A student may not enroll in any course for which Advanced Placement Examination credit has been allowed. The following table indicates equivalencies and unit allowances at Yuba College. Other colleges or universities have different policies concerning advanced placement and may not honor this policy. It is also possible that other colleges and universities may not honor Yuba College transcript entries which award advanced placement credit for regularly offered credit courses.

All examinations require a score of 3, 4, or 5.

*Does not meet lab requirement for General Education
**Credit may not be awarded in both categories.

Credit By Examination (Challenge)

A currently, or formerly, enrolled student may take a special examination to earn credit or to meet a prerequisite. If the challenge is at a campus or center, it must be a course offered at that campus or center. If the course is successfully challenged for a credit, a “CR” grade will be awarded. To be eligible to challenge a course a student must:

1. Not be enrolled in the course;
2. Not have completed nor enrolled in a more advanced course;
3. Have completed at least 12 units from Yuba College with a GPA of 2.0 or higher.
4. Have approval from the appropriate division dean and recommendation from the instructor teaching the course to be challenged.

To request a challenge, a student must file a Petition for Credit by Examination to the appropriate dean. Credit by examination is not applicable to all courses. A course may be challenged only once unless the Dean or the President determines the existence of extenuating circumstances.

Credit For Military Experience

Upon application, the College will evaluate military records to determine if a student may be awarded elective credit for military service. The serviceperson must have spent at least four months in active service and have a discharge other than dishonorable. These units will satisfy the Health/Physical Education graduation requirement.

College credit may be allowed for the completion of college-level courses in formal service schools in accordance with recommendations found in the Guide published by the American Council on Education. Credit may also be allowed for college-level USAFI courses (but not for USAFI GED tests).

Credit/No Credit Grading

At the option of each Division and in accordance with Title 5 regulations, some courses are offered on the Credit-No Credit (satisfactory-fail) grading basis. In those cases where a single standard of performance for which unit credit is assigned, the “CR/NC” grading system shall be used to the exclusion of other grades. Credit shall be assigned for meeting that standard, no credit for failure to do so. The CR/NC grading is indicated in the course description section of this Catalog and Schedule of Classes.

In addition, a student in good standing may elect to take one regularly graded course, not in her or his major, each semester, on a Credit/No Credit basis. The student must file the appropriate credit-no credit option form at the Registration Office no later than the end of the fifth week (30%) of the semester or the end of 30% of class for short-term courses. Students can change the grading mode in accordance with these procedures at any time until the 30% date in the course by submitting a new Credit-No Credit
option form at the Registration Office. After this date, the grading mode will be final.

The “CR” grade symbol will be awarded for work completed at “C” (satisfactory) or better level. Units earned for satisfactory achievement shall be counted in the satisfaction of degree requirements. A grade of “D” or “F” work will result in an “NC” for the course. In neither case will units be counted in the determination of the student’s grade point average, but the “NC” will be counted in Progress Probation.

Examinations

Midterm and Final Examinations may be given in all courses. Final Examinations in full-semester courses are given as listed on the Final Examination Schedule. No student exception may be allowed to the Schedule except upon approval of an individual Student Petition by the College Standards Subcommittee. Such exceptions will be allowed only in the case of extreme emergency.

Exemption from Regulations

A student wishing to claim exemption from any regulation of the College must file a written Student Petition with the College Standards Subcommittee or Student Services Committee, as appropriate.

Financial Obligations

Student records will be withheld and all student/alumni privileges canceled in the case of a student failing to meet financial obligations to the College, including failure to pay Enrollment Fees, Tuition, Child Care charges; return library materials/pay library fines; return or pay for athletic equipment; meet loan or scholarship fund obligations; return/replace any College equipment for which responsible.

Computer and Network Usage Policy

The Board of Trustees, in granting access to College computers and networks, expects that employees and students, in their use of these systems, will adhere to legal and ethical standards consistent with the College’s mission. The Board hereby directs the administration to develop regulations and procedures setting forth the specific responsibilities and obligations related to use of College computers and networks. The administration shall also establish disciplinary procedures to enforce this policy that are consistent with policies and laws governing the conduct of employees and students.

Grades

Semester grades are permanent and are not changed unless extenuating circumstances are involved. Students who believe there has been an error made concerning their grade should first contact the Records Office at (530) 741-6871. After verification that the correct grade has been posted to the students records, the student will be referred to the instructor. If the instructor agrees that an error in the grade has been made, the instructor will submit a “Change of Grade” card to the Records Office. If the instructor does not agree there is an error in the grade and the student wishes to pursue the matter further, the student should meet with the Division/Campus Dean concerning the appeal process.

Students can obtain their grades by using telephone registration (741-9822 local; 1-877-741-9822 toll free) or by using WebAdvisor -- www.yccd.edu. Report cards are NOT mailed.

GRADING

The grading system is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Definitions</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>3</td>
</tr>
<tr>
<td>C</td>
<td>Satisfactory</td>
<td>2</td>
</tr>
<tr>
<td>D</td>
<td>Passing, less than satisfactory</td>
<td>1</td>
</tr>
<tr>
<td>F</td>
<td>Failing</td>
<td>0</td>
</tr>
</tbody>
</table>

Other Symbols

CR Credit: the “CR” is awarded for work completed at the “C” or better level. Students earn no grade points, but they do earn the unit(s). Courses with a “CR” grade are not computed in the GPA.

NC No Credit: The “NC” is awarded for work completed at the “D” or “F” level. No units are earned for work at this level. Courses with an “NC” grade are not computed in the GPA.

AU Audit: Students do not earn units, nor does the class appear on a student’s permanent record.

W Withdrawal: A “W” is recorded for students who officially withdraw from a course after the end of the fourth week of the semester or 30% of term (whichever is less) or 30% deadline of the course for short-term classes.

MW Military Withdrawal: Special exemption—requires documentation. (See “Military Withdrawals” for documentation required.)

Temporary Symbols

I Incomplete: At the end of a term, an "I" (incomplete) may be awarded by the instructor when a student has been unable to complete academic work for unforeseeable, emergency, and justifiable reasons. The incomplete signifies that the student was enrolled, has attended classes throughout the term, that only a minimal amount of course work has not been completed in the prescribed time,
there is still the possibility of earning credit.

A copy of the Incomplete Grade Report Form will be mailed to the student indicating work to be completed for removal of the “I” and alternate letter grade to replace the “I” in the event the student fails to meet the conditions for removal of the “I.”

An “I” must be made up during the semester following the awarding of the incomplete (excluding summer). A final grade will be assigned by the instructor when the work has been completed or the alternate grade will be awarded in the event the student fails to complete the work during the prescribed time period.

A student may not enroll in the same course in which an incomplete grade was awarded.

IP In Progress: This symbol indicates that a course is in progress and has not yet ended.

RD Report Delayed: This symbol indicates either the course has not yet ended, or the instructor has not yet submitted the final grade for the student in the course.

Note: “C” or higher grades are required for courses in a student’s major.

Grade Point Average - Computing

The GPA is computed by dividing the total grade points by the total units attempted in the following manner:

1. Grade points are computed by multiplying the number of units represented by an individual course by the grade point value assigned to the grade. For example, a 3-unit course with a grade of “B” is 9 grade points (“B” 3 grade points x 3 units attempted). See “Letter Grades” section for grade point values.

2. The total number of grade points earned in all courses is divided by the total number of units attempted. The result is the GPA.

Honors List

The Honors List, produced at the end of each semester (except Summer Session), recognizes students who have maintained at least a “B” (3.0) grade point average in 12 or more GRADED units during that semester (does not count classes with CR/NC grades). Students who are enrolled in at least 12 units and for whom the graded course work is at least a 3.00 GPA, may also be eligible for the Honors List if each Credit/No Credit course is required for the student’s major, and if the student achieves Credit with Distinction as indicated by the instructor in each of those Credit/No Credit courses. Honors achievement will be noted on the student’s academic record. This list is sent to the local newspapers and may be published in accordance with their policy and procedures. The names of students who have requested that no information about them be released will be excluded from this list.

Notification of Absence

In cases where a student may be absent for four or more days, a Notification of Emergency Absence can be requested by a student from the College (in cases of accident, sickness, bereavement, etc.). Further, it is the responsibility of the student to contact instructors upon returning to make up missed course work. Call the Counseling Office for the Yuba College campus and the Registration Office at the other sites to request the Notification of Emergency Absence.

Open Enrollment Policy

All courses, regardless of where offered, are open to members of the public who are otherwise eligible for admission, with the following exceptions:

- Courses that are specifically exempted by statute, including “impacted” allied health programs (Radiologic Technology, Veterinary Technology, ADN, LVN, Psychiatric Technician, etc.);
- Courses closed by maximum enrollment of students by the “priority registration” process;
- Courses with academic requisites that restrict enrollment of academically unqualified students; and
- Courses with content that would be a repeat of a course of equivalent or more advanced course work previously taken by the student (exceptions require counselor evaluation and approval).

Prerequisites/Corequisites

“Prerequisite” means the preparation or previous course work considered necessary for success in the course. Prerequisites are required only for courses where specific academic background is necessary in order to assure students a reasonable chance of success in the course. Prerequisites which are listed as “required” include:

- Courses for which specific prerequisites have been validated,
- Sequential course work in a degree or program, or
- Courses in which a prerequisite is necessary for transfer to a four-year college. Responsibility for having met the prerequisite rests with the student.

“Corequisites” for a course are those courses which must be taken concurrently with the course. Corequisites provide the necessary skill or supplementary body of knowledge or laboratory time during the course to help assure success in the course.

It is the student’s responsibility to be aware of and comply with the prerequisite regulations. Prerequisites are shown for each course in the College Catalog and Schedule of Classes. It is the student’s responsibility to check the prerequisites and NOT register for any class for which the student has not completed the prerequisite/corequisite.
Students may show they have met the prerequisite/corequisite requirements through one or more of the following:

- Successful completion of the prerequisite course.
- Appropriate placement score on the Yuba College Placement Examination.
- Official grade report or transcript from another college/school showing successful completion of prerequisite.
- Prerequisite challenge form approved. (Challenge forms are available from the office of the Dean of Student Development at the Yuba College Campus; at the Clear Lake Campus and Beale Center, the forms are available from the site administrator.)

Students may be dropped from a class for not having completed the prerequisite. Such action may also result in a student losing Financial Aid, Veteran’s Benefits, etc., since the drop may result in the student’s units falling below full-time/part-time status.

Policy for Petitioning or Waiving Course Prerequisites

Course placement is determined by a process in which the student and counselor review all assessment criteria available. Students who wish to petition their recommended placement or the waiver of a prerequisite should be prepared to give evidence or justification why the exemption should be granted. Reasons for seeking a prerequisite waiver may include one or more of the following:

- Prerequisite course is not available,
- Prerequisite has not been validated,
- Student has the knowledge or ability to succeed in the course without meeting the prerequisite, or
- Student believes the prerequisite is discriminatory or is being applied in a discriminatory manner.

Check with a counselor, your site administrator, or the Dean of Student Development to obtain the required forms.

Challenges to prerequisites/corequisites shall be on the approved form and filed at the location where the student registers for the majority of her/his classes. Challenges at the Yuba College campus in Marysville should be filed with the Dean of Student Development. Challenges at other locations should be filed with the executive dean or site administrator.

Public Law 101-542 & 102-26—Student Right To Know

In compliance with the Student-Right-to-Know and Campus Security Act of 1990, it is the policy of the Yuba College to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 1999, a cohort of all certificate, degree, and transfer-seeking first-time, full-time students were tracked over a three-year period. Their completion and transfer rates are listed below. These rates do not represent the success rates of the entire student population, nor do they account for student outcomes occurring after this three-year tracking period. Based upon the cohort defined above, 38.1 percent attained a certificate or degree or became “transfer prepared” during a three-year period, from Fall 1999 to Spring 2002. Students who are “transfer-prepared” have completed 56 transferable units with a GPA of 2.0 or higher. Based on the cohort defined above, 25.3 percent transferred to another postsecondary institution, prior to attaining a degree, certificate, or becoming “transfer-prepared” during a five-semester period, from Spring 1998 to Spring 2002.

YCCD Certificate and Degree Totals

The following are the numbers of degrees and certificates awarded District-wide for the last three years (counts Fall, Spring, and Summer). These totals do not consider the students’ status upon entering the District.

Disabled students:
Course repetition for disabled students is subject to the course repetition limitation; however, additional repeats may be authorized under the following circumstances:

1. When continuing success of the student in other general and/or special class is dependent on additional repetitions of a specific class;
2. When additional repetitions of a specific special class are essential to completing a student's preparation for enrollment into other regular or special classes; or;
3. When the student has a student educational contract which involves a goal other than completion of the special class in question and repetition of the course will further achievement of that goal.

Exceptions:
In special circumstances, the student may submit a petition to the College Standards Subcommittee for an additional repeat. No state funding (FTES) may be claimed for this additional repeat.

NOTE:
A student who has been awarded an “I” (incomplete grade) may not enroll in the same course in which an incomplete grade was awarded.

A student who has satisfactorily complete the equivalent or more advanced high school or college course work may NOT be awarded credits for completion of the lower level college course work.

Courses from other colleges will be checked for repeats at the time of graduation. At that time, any credit awarded for repeated classes will be coded on the student’s record. Therefore, students should consult a counselor for evaluation of credits/requirements/repeat check prior to petitioning for graduation.

No course repetition procedures established by the District will conflict with Education Code 76224 pertaining to the finality of grades assigned by instructors, or with Title V Section 59023, or District procedures relating to the retention and destruction of records.

Repeated Courses
State law mandates the repeat regulations in Yuba College.

Repetition of courses with substandard grades:
Students may repeat a course for which they have earned a substandard grade one time. Upon completion of the repeated course, the best grade earned will be computed in the cumulative grade point average. The lower grade will remain on the academic record, but will be coded with a symbol indicating the course has been repeated and will be disregarded in the computation of the grade point average. The student's academic record will be notated so that all work remains legible, insuring a true and complete academic history.

A student who has completed a course with a substandard grade at another accredited college or university may repeat the equivalent course in Yuba College. If successfully completed, the student may petition to have the substandard grade and units disregarded in the transfer totals from that other college.

Repetition of courses with a non-substandard grade:
A course in which a grade of “C” or better was earned may be repeated when extenuating circumstances exist which justify such a repetition. Students must petition the College Standards Subcommittee for approval. When the student completes the course, the course and grade will be listed on the academic record, but will be notated so the grade and units will not count. Reasons for justification of these repeats include: significant lapse in time (3 or more years), change in technology, recertification/training requirements, or other justifiable reasons.

Repeatable courses:
Some courses are progressive in nature and provide an expanded education experience when repeated. These courses are identified in the College Catalog and Schedule of Classes with the letter “R” following the course number and indicating the maximum allowable repetitions. A student may not register in any course in a single discipline beyond four times.

Legally mandated training:
Course repetition is allowed when the repetition is necessary for a student to meet a legally mandated training requirement as a condition of continued paid or volunteer employment. Such courses may be repeated for credit, and the grade and units received each time shall be included for purposes of calculating the student's grade point average. A student must petition the College Standards Subcommittee and present documentation that course repetition is necessary to complete legally mandated training. The district may claim apportionment each time the student repeats the course.

Students try their hand at wheelchair basketball during the DSP&S “Festival For All”
Servicemembers’ Opportunity College

Yuba College is a designated Servicemembers’ Opportunity College (S.O.C.) involving an educational concept, jointly sponsored by educational agencies within the U.S. Department of Defense and the American Association of Community and Junior Colleges, recognizing that individuals serving in the Armed Forces often have unique educational needs. The College has committed its resources to aid in the quest of education. Admission, residency, course credit, and degree requirements are in accordance with the criteria for Servicemembers’ Opportunity Colleges.

Special academic assistance is provided and credit is granted for educational experience obtained in the Armed Services, College Examinations (CLEP), College Proficiency Examinations (CPEP), USAFI courses, and on-campus “challenge” examinations. Under a Contract for Degree agreement, developed with the College Servicemembers’ Counselor, a serviceperson may plan to earn an associate degree from the College as a result of a variety of learning options with a minimum of only 12 units earned, in any time sequence, in the College. Information regarding these opportunities may be obtained from any College counselor or from the Dean of Student Development.

Standards for Probation/Dismissal

Students are subject to “Probation” and/or “Dismissal,” for reasons of deficient scholarship, in accordance with the provisions of Sections 55754 through 55756 of Title V California Administrative Code, and this Catalog. It is the policy of Yuba College Governing Board that no student be automatically dismissed, but that the individual case of each student subject to dismissal be reviewed by Student Personnel Services staff prior to invoking action.

ACADEMIC PROBATION. A student who has attempted at least 12 semester units of Yuba College classes as shown by the official academic record shall be placed on Academic Probation when he/she has earned a cumulative grade point average of less than 2.0, including only grades earned in this College. Part-time students become subject to these Probation regulations after they have enrolled in an accumulated total of 12 semester units of Yuba College classes.

PROGRESS PROBATION. A student who has enrolled, beginning fall 1981, in a total of at least 12 semester units of Yuba College classes as shown on the official academic record shall be placed on Progress Probation when the percentage of all units in which a student has enrolled and for which entries of “W,” “I,” and “NC” are recorded reaches or exceeds fifty percent (50%).

REMOVAL FROM PROBATION. A student is removed from Academic Probation when the cumulative GPA (earned in Yuba College classes only) reaches 2.0 or higher. A student is removed from Progress Probation when the units of “W,” “I,” and “NC” grades drop below 50% of the accumulated units of enrollment as shown on the official academic record.

PROCEDURES AND REGULATIONS. While on the first semester of Academic and/or Progress Probation, the maximum number of units for which a student may register is 16. The counselor may, and often will, reduce this maximum. The maximum is reduced to 12 units for a student who is on second semester of probation. If, after the end of the semester, it becomes necessary to place the student on Academic or Progress Probation, the student will be notified by the Dean of Student Development. An interview must then be scheduled by the student with a counselor. Regulations governing activities of students on Academic or Progress Probation are determined and enforced by the College Standards Subcommittee. For those on Disciplinary Probation, see the provisions of the Yuba College Code of Conduct for Students.

DISMISSAL. A student who is on Academic Probation shall be subject to dismissal if the student earned a cumulative GPA of less than 1.75 in all units attempted in each of 3 consecutive semesters even though a lapse of college attendance may occur between the semesters. A student who has been placed on progress probation shall be subject to dismissal if the percentage of units in which the student has been enrolled for which entries of “W,” “I,” and “NC” are recorded in at least 3 consecutive semesters reaches or exceeds fifty percent (50%). Dismissal may be postponed by the College Standards Subcommittee when evidence of academic improvement or extenuating circumstances exist.

A student who feels there are extenuating circumstances with these regulations should see a counselor and file a petition with the College Standards Subcommittee. The Subcommittee may conditionally reinstate a student when the circumstances are justifiable. Justifiable circumstances include accidents, illnesses, changes in working conditions, and other reasons beyond the student’s control.

READMISSION. A dismissed student may petition for readmission (on probation) after consultation with a counselor. The counselor will help the student select appropriate classes, limit the number of units of enrollment, and set up a visitation schedule to check the student’s progress during the semester of attendance.

NOTE: Students receiving financial aid must refer to the current Financial Aid Brochure concerning Probation Status. Students receiving veterans benefits should contact the Veteran’s Affairs Office concerning consequences of probation. All students receiving aid/benefits should consult a counselor concerning consequences of probation. Students on probation may be prohibited from receiving aid/benefits.
Student Classification

I. REGISTRATION STATUS
FULL-TIME STUDENT - registered for 12 or more units of credit (4 units or more in summer session).
PART-TIME STUDENT - registered for fewer than 12 units of credit (fewer than 4 units in summer session).
SPECIAL PART-TIME STUDENT - concurrent enrollment in high school under Education Code Section 76001 or 76002.

II. ACADEMIC CLASS STATUS
FRESHMAN STUDENT - has earned to date fewer than 30 units of credit.
SOPHOMORE STUDENT - has earned to date 30 or more units of credit but has not completed all course and unit requirements for Associate in Arts or Associate in Science, or any higher degree.

Student Definitions
• Continuing Student. A student who was enrolled in the previous semester (excluding summer session).
• New Student. A student who has never attended any college.
• Returning Student. A student who attended Yuba College previously, but not during the previous semester (excluding summer session).
• Transfer Student. A student who attended another institution prior to applying to Yuba College.
• Returning Transfer Student. A student who attended Yuba College, then attended another institution, and plans to attend Yuba College again.

Transcripts
A student may apply for a transcript of college courses at the Records Office. A student in good standing may receive a transcript at any time. Two copies are furnished free by the College; additional copies are charged for at the rate of three dollars each. Transcripts requested “over the counter” will require a $6.00 “Rush” fee.

Student’s may print out their own free “unofficial” transcript copy “on-line” by logging onto our website at www.yccd.edu. Select WebAdvisor and follow instructions.

Academic transcripts are not made for students who withdraw from the College during the first four weeks of a semester or during the first week of summer session or for students enrolled in noncredit or fee courses. The Records Office will accept a telephone request with identifying information for transcripts if the transcript is to be sent to another educational institution. If the request is not to be sent to another educational institution, the student must request the transcript in writing. The student should include social security/ID number, name, birth date, name attended under, address, and last year attended.

Transcripts will not be released for students who have holds placed on records for outstanding obligations to the College.

Veterans Standard of Progress
If a student receiving veterans benefits remains on Academic Probation beyond two semesters and has not achieved at least a 2.0 GPA for the most recent semester (excluding summer session), the College is required to report a termination of benefits directly to the Veteran’s Administration due to unsatisfactory progress. The Veteran’s Administration representative cannot certify a veteran for any class beyond that point.

Once the College Veteran’s Administration representative certifies or recertifies a student for re-enrollment after termination for unsatisfactory progress, the Veteran’s Administration presumes that the College has determined the student’s ability to maintain satisfactory progress in the future. Any student needing to be recertified will need to consult the Veterans Affairs Specialist for assurance that all procedures and requirements have been met. For more information, contact the Veteran’s Affairs Office.

Counselor Greg Brown gives the “thumbs up” to Campus Life’s Chili Cookoff
Graduation Requirements

Withdrawal Symbol

A student may officially drop (withdraw) from a course or courses during the first four weeks of full semester classes (30% of term for short-term courses). No notation will be entered on the student’s academic record to indicate enrollment.

Full semester courses officially dropped after the end of the fourth week (30% of term for short-term courses) but prior to the end of the thirteenth week (75% of term for short-term courses), will result in “W” on the student’s academic record. The “W” symbol indicates that the student was permitted to drop the course or was dropped by the instructor. A “W” symbol carries no connotation of quality of student’s performance and is not used in the calculation of grade point average.

Withdrawals for full semester classes after the thirteenth week of classes (end of 75% of term for short-term courses) must result in a grade other than a “W” (usually a failing grade). However, in cases of extenuating circumstances such as accident or serious illness, the student may file a petition and evidence (doctor’s excuse, hospital bill, etc.) at the Registration Office requesting permission to withdraw after the final withdrawal deadline. Although the “W” symbol is not used in computation of grade point averages, excessive “W,” “NC,” or “I” symbols are considered in determining Progress Probation (see “Standards for Probation”).

Students are responsible for processing appropriate official forms prior to the deadlines.

Withdrawal - Military

Military withdrawal occurs when a student who is a member of an active or reserve United States military service receives orders (other than TDY) compelling a withdrawal from courses. A student must file a petition requesting this option and attach a copy of military orders. Upon verification of such orders, a withdrawal symbol of “MW” will be assigned. Military withdrawals will not be counted in progress probation and dismissal calculations.

Graduation Requirements

Yuba College has a formal graduation ceremony once a year (at the end of the spring semester), but the student may petition to graduate at the end of Fall (November 15), Spring (April 15), or Summer (July 1) terms. Students must APPLY to graduate prior to the deadline in order to be considered.

This catalog describes the College’s graduation and transfer requirements. Not all requirements can necessarily be met at all locations where classes are offered. Students should consult the Schedule of Classes at each location to determine the types of classes available and frequency of offerings.

All students, including transfers from other colleges, are encouraged to complete a placement examination (see “Placement Examination” information). A transfer student must have a 2.0 grade point average in associate degree level work completed at Yuba College as well as a 2.0 overall associate degree level course work GPA, as well as completing 12 units of associate-degree level course work in the College in order to graduate.

Students desiring to graduate may work toward the Associate in Arts or Associate in Science degree. Students who believe they may continue their education at a four-year college or university should also plan to complete the General Education requirements for transfer and consult a counselor.

Common to both the Associate in Arts and Associate in Science degrees is a strong general education program which fosters the following philosophy.

General Education Philosophy Statement

“General Education at Yuba College is more than a set of required courses. It is a course of study designed to assist the student in beginning an effective lifelong learning process in which the interrelationships of human knowledge and experience are recognized. Embodied in this design is recognition of the student’s need to think and communicate effectively, both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; to develop the capacity for self-understanding; and to understand the issues related to and the ways in which health and well-being can be maintained.”

COURSE REQUIREMENTS FOR THE DEGREE:

Only courses completed by deadlines may be counted toward the degree to be issued for the requested term. (See “Course Numbering System,” limitation of 100-299 courses for associate degree.)

Additional Associate Degrees

An Associate in Arts or Associate in Science degree will be awarded to those already possessing an associate degree, subject to the following conditions:

1. All requirements in a different major from that of previous associate degree(s) must be satisfied. Students may only earn one degree in a general education major. For these degrees, the major will not be printed on the diploma. For majors in specific degrees (as defined in catalog degree section), the major will be printed on the degree.
2. All general education requirements in effect at the time of beginning the new degree program must be satisfied. After meeting the above conditions, a student may petition for any degree for which he/she has met the graduation requirements.

**Associate in Arts/Associate in Science Degree**

The Associate in Arts or Associate in Science degree may be awarded to a student who has completed the following requirements:

**REQUIREMENT 1:** All students must pass the reading, writing, and mathematics competency examinations or equivalents listed below.

**COMPETENCY REQUIREMENTS:**

**Reading competency** may be met by:

1. Passing English 1A with a “C” or better; OR
2. Passing Reading 70 with “C” or better; OR
3. Achieving a passing score on the Reading Placement Examination; OR
4. Possession of an A.A., A.S., or higher degree at the time of admission to the District.

**Writing competency** may be met by:

1. Passing English 1A with "C" or better.

**Mathematics competency** may be met by:

1. Any mathematics or statistics course that has Math 50 as a prerequisite; or
2. Any higher level mathematics or statistics course.

**REQUIREMENT 2:** All students must complete 18 units of general education, selecting at least 3 units each from Areas A, B, C, D1, D2, and E below.

**AREA A. NATURAL SCIENCE (Select 3 units)**
- Agriculture 45, 45L
- Anthropology 1
- Astronomy 1
- Biology 1, 10, 10L, 11, 15, 25
- Chemistry 1A, 2A, 3A, 10
- Ecology 10, 12
- Geography 1
- Geology 10, 10L, 11L
- Physical Science 10A, 10B
- Physics 2A, 4A, 10, 10L, 15
- Plant Science 20, 20L, 22, 22L

**AREA B. SOCIAL SCIENCE (Select 3 units)**
- Afro-American Studies 16A, 16B
- Anthropology 2
- Asian-American Studies 14
- Early Childhood Education 3
- Economics 1A, 1B
- Geography 2
- History 4A, 4B, 7, 8, 11, 14, 15, 16A, 16B, 17A, 17B, 29
- La Raza Studies 1, 15
- Native American Studies 7
- Political Science 1
- Psychology 1A, 12, 31, 32, 33, 40
- Social Science 1, 4
- Sociology 1, 2, 10, 35
- Women’s Studies 29, 31, 35

**AREA C. HUMANITIES (Select 3 units)**
- Art 1A, 1B, 1C, 5, 26
- Asian-American Studies 31
- English 1B, 2, 23, 30A, 30B, 33, 34, 36, 37, 38, 42, 44A, 44B, 45, 46A, 46B
- French 1, 2
- German 1, 2, 3, 4
- Humanities 3, 5, 10, 11, 12, 15, 26A, 31, 33, 34
- Music 1, 1A, 3, 11, 12, 15
- Philosophy 1, 2, 3, 20
- Sign Language 1, 2, 3
- Spanish 1, 2, 3, 4, 10, 20A, 20B
- Speech 2
- Theatre Arts 10, 33, 34
- Women’s Studies 26A, 37

**AREA D. LANGUAGE AND RATIONALITY**

**D1. ENGLISH COMPOSITION (Select 3 units)**
- English 1A (met by writing competency)

**D2. COMMUNICATION AND ANALYTICAL THINKING (Select 3 units)**
- Business Computer Applications 15R
- Computer Science 2, 3, 4, 6, 9A, 9B, 10, 10L
- Electronics Technology 25
- English 1C
- General Business 56
- Mathematics 1A, 9, 10, 15, 21, 25, 52
- Philosophy 12
- Reading 10
- Speech 1, 3, 6, 7, 8, 9
- Statistics 1
AREA E. ELECTIVES (Select at least 3 additional units)

1. A second course from any Area above; OR
2. Documentation of active military service (may also be used to meet Requirement 4 (Health/P.E.)); OR
3. Course(s) listed below:

   - Accounting 1, 1L, 10A
   - Administration of Justice 10, 30
   - Applied Science 22
   - Automotive Technology 21, 22
   - Counseling 10
   - Electronics Technology 1, 12
   - English 20LR
   - Environmental Horticulture 20
   - Family and Consumer Science 10, 11, 16
   - General Business 10
   - Health 1, 13
   - Human Services 11
   - Mass Communications 20LR
   - Physical Education 1. courses

REQUIREMENT 3: All students must complete the designated degree major courses with a grade of “C” or better. Majors are listed in the section headed “Certificate/Degree Programs” and in the Course Descriptions section of the catalog.

REQUIREMENT 4: All students are required to successfully complete either: Health 1, Health 4, Health 13, or Family and Consumer Science 11 OR two Physical Education activity courses one of which must be selected from the following:

   Note: Students who will be completing degrees in the Allied Health areas (Nursing, Psychiatric Technology, Radiologic Technology, or Veterinary Technology), and students who submit documentation of active military service are exempted from this requirement.

REQUIREMENT 5: All students are required to fulfill the Multicultural Graduation Requirement (MGR) by completing three or more units from the following courses or the programs listed below:

   - Anthropology 2; Art 1A, 3B, 5; Asian-American 14, 31; ECE 27; Education 1; English 30A, 30B, 36, 44B; History 5A, 5B, 7, 14; Human Services 11; Humanities 5, 16, 17, 26B, 31; Music 16, 17; Native American 7; Philosophy 1, 3, 20; Sociology 5; Spanish 20A, 20B, 36; Speech 8; Women 26B

   Completion of the following programs also fulfills the requirement:

   - Associate Degree Nursing; Psychiatric Technician; Radiologic Technology; and Vocational Nursing.

REQUIREMENT 6: All students are required to complete a minimum of 60 semester units in lower division associate degree level courses with at least a 2.0 (“C”) grade point average. The grade point average that is calculated for associate degree purposes only counts units and grade points earned in associate degree level classes. Non-associate degree credit courses (numbered 100-199 and 200-299) completed fall 1989 and thereafter will not count toward the associate degree. For courses completed between July 1, 1983, and July 30, 1989, a maximum of 6 semester units of courses numbered 100-199 may be counted toward this requirement. All courses numbered 200-299 completed prior to fall 1989 may be counted toward this requirement.

REQUIREMENT 7: All students are required to complete a minimum of 12 semester units with at least a 2.0 (“C”) grade point average in associate degree level classes in Yuba College.

REQUIREMENT 8: All students wishing to graduate must file a petition card as a Candidate for Graduation. Deadline dates to apply are: Fall-November 15; Spring-April 15; Summer-July 1.

Courses from Other Colleges

Courses from other colleges will be checked for repeats when a student petitions for graduation. At that time, any credit awarded for repeated classes will be coded on the student’s academic record. Consult with a counselor for evaluation of credits/requirements/repeat checks prior to petitioning for graduation.

Servicemembers’ Opportunity College

Members of the Armed Forces interested in a Contract for Degree which allows transfer of graduation requirements from other institutions with as few as 12 units earned in residency with Yuba College in any time sequence should consult with a counselor.

Waving from the Learning Center at the Yuba College Clear Lake Campus
Transfer Preparation and Information

Do you wish to enter a profession or to continue your education beyond the first two college years?

- You should earn an associate degree from Yuba College.
- You will need to transfer to a four-year institution upon graduating from Yuba College.
- You will find some of the college or university preparatory curricula in the following pages.
- You will find the requirements for junior standing at the University of California and the California State University system on the following pages.
- You must see your counselor for specific requirements for other higher institutions.
- Unless specifically exempt by statute, all courses of study (programs), regardless of where offered, are open to members of the public who are otherwise eligible for admission to the College. Where prerequisites are necessary, they are academic in nature and may take the form of a course to complete, or a qualifying score to earn on an objective test.

ASSIST

A ASSIST (Articulation System Stimulating Interinstitutional Student Transfer) is a computerized information system that provides students with detailed course transfer and articulation information to help them plan their academic careers, facilitate a seamless transfer process, and reduce the number of redundant courses they may take as they move from Community Colleges to universities.

The ASSIST database includes all of the most current official articulation agreements that every CSU and UC campus has established with any of the 109 California Community Colleges. ASSIST also includes the following complete and historical information for all 109 California Community Colleges — CSU Transferable Courses; CSU GE-Breadth Certification Courses; IGETC Course Lists; UC Transferable Courses; UC Transfer Admission Eligibility Courses.

ASSIST operates as California’s official statewide source for course articulation and transfer information and is available to all students, faculty and staff via the Internet at www.assist.org.

Preparation for Transfer

The requirements listed in the following section are subject to change without notice. Check with your Yuba College counselor and the Transfer Center for periodically updated information.

PREPARATION FOR ADVANCED STANDING AT FOUR-YEAR UNIVERSITIES AND COLLEGES. Yuba College offers courses similar to courses offered in the lower division, or the first two years, of four-year universities and colleges. Since course requirements for graduation vary between colleges, it is to the student’s advantage to choose the university or college to which he or she plans to transfer as early as possible, so as to complete the courses at Yuba College which best satisfy the lower division course requirements at that particular college or university to which the student ultimately transfers. Lower division course requirements typically include a set of “general education” courses as well as sequence of courses in the student’s chosen “major” field of study.

For more up-to-date, detailed, or extensive information regarding transfer requirements, students are encouraged to visit the Transfer Center, where there is a collection of college and university catalogs from across the country. The Transfer Center also maintains and provides articulation sheets which summarize current course and major requirements of various local colleges and universities. Students are encouraged to discuss their transfer strategy with a counselor or with a representative of the colleges or universities who periodically visit the Transfer Center.

Students interested in transferring should also be aware of critical application filing periods and procedures. This information, as well as applications to most four-year institutions in California, can be obtained from the Transfer Center and from the counselors.

STUDENT RESPONSIBILITY FOR MEETING TRANSFER REQUIREMENTS. Students are advised to obtain a copy of the catalog for their chosen transfer college. Counselors provide assistance, but it is up to each individual student to decide upon an educational goal, to take the responsibility for devising a long-range educational plan to achieve this goal, to read the college catalog of the transfer college or university of her or his choice, and then to choose the appropriate Yuba College courses to satisfy the requirements for transfer to that college or university.

TRANSFER TO A UNIVERSITY OF CALIFORNIA SYSTEM AND CALIFORNIA STATE UNIVERSITY SYSTEM. A program which community college transfer students may use to fulfill lower division general education requirements for almost all schools in either the California State University or University of California system is the Intersegmental General Education Transfer Curriculum (IGETC). Refer to the IGETC paragraphs in this Catalog.
Transfer Preparation

LOWER-DIVISION TRANSFER PATTERNS (LDTP)
The Lower-Division Transfer Pattern (LDTP) project, sponsored by the California State University (CSU) and supported by the California Community Colleges, presents potential transfer students with the most direct path to a bachelor’s degree in the CSU system. The LDTP project provides a set of “road maps” for students to follow that will ensure appropriate academic preparation and that will decrease time to graduation once LDTP students enter the CSU. Students may enter into an LDTP agreement up to the time they have completed 45 transferable units. Students who elect to follow the LDTP option will receive the highest priority for admission to a CSU campus.

“Highest priority for admission” is defined as a written guarantee of admission to a particular CSU campus and major, and it goes into effect when both the student and the CSU campus ratify an LDTP agreement. The guarantee is subject both to satisfactory completion of the agreement requirements and to the campus’s ability to accommodate the student. Students will be asked to complete successfully a specified set of general education courses and major courses that will be common to all CSU campuses offering that major, and they will be asked to complete successfully an additional set of courses identified by the particular CSU campus named in the LDTP agreement. The coursework in the systemwide and campus-specific LDTP pattern will total at least 60 units, the number needed to transfer to CSU as an upper-division student.

Through CSU Mentor and ASSIST, students and counselors will be able to find road maps detailing coursework preparation by CSU campus and major.

IDENTIFICATION OF UC AND CSU COURSE TRANSFER STATUS. The status of a transfer course is indicated next to the course title in the “Course Descriptions” section of this Catalog. If the course is transferable, the designator “Transfer Status:” appears. “Transfer Status: CSU” indicates that the course credit transfers to all of the California State Universities (for at least elective credit). “Transfer Status: CSU; UC” indicates that the course credit transfers to all of the California State Universities and all of the University of California campuses (for at least elective credit). If the designator “unit limitation” appears (i.e., Transfer Status: CSU; UC unit limitation), the transferability of the units to the University of California are limited in some way when combined with other courses in the discipline. NOTE: Subject to change without notification, check with a counselor for current information.

TRANSFER TO INDEPENDENT COLLEGES AND UNIVERSITIES. Admission requirements to independent colleges and universities vary. Course transferability and course credit allowed at independent college and universities also vary. Students should consult the transfer school catalog for specific requirements and transferability, or make an appointment with their counselor to clarify admission standards.

UNIVERSITY OF CALIFORNIA SCHOLARSHIP REQUIREMENTS. Students who are eligible to enter the University directly from high school may enter as juniors after receiving the associate degree at Yuba College, or at any time previous, if they have maintained a “C” (2.0) grade point average. Yuba College requires a 2.0 grade point average for the associate degree. The University recommends completion of the associate degree requirements before transfer.

Students who were ineligible to attend the University directly from high school must complete all but two of the high school deficiencies, should obtain the Associate in Arts Degree, should complete the University’s breadth and major requirements, and must maintain at least a “C+” (2.40) grade point average. If students wish to transfer prior to earning a degree, they must have (1) earned at least 60 transferable units, if they had a high school GPA. deficiency, with (2) a grade point average of 2.44 (out-of-state, 2.80), and (3) must complete all but two high school deficiencies. However, the high school requirements in English and Mathematics must be completed before transfer. Course requirements vary on the different campuses; students should consult the catalog of the particular campus of their choice.

The University requires the completion of 120 semester units or more for the bachelors degree, of which approximately 50 units must be earned in upper division courses; thus 70 semester (105 quarter) units is the maximum which may effectively be transferred from Yuba College. The University (except for UC, Berkeley) is on the Quarter System; to convert Yuba College semester units to the University quarter units, multiply the Yuba College units by one and one-half; e.g., six semester units equal nine quarter units. See a Yuba College counselor for a list of transferable courses to the University of California.

ADVANCED STANDING SELECTION CRITERIA TO THE UNIVERSITY OF CALIFORNIA. The University makes every effort to provide a place on one of its campuses for all California resident applicants who meet the minimum admission requirements and file an application during the appropriate filing period. In recent years, the number of applicants for some campuses and some majors has far exceeded the number of spaces available. When a campus cannot accept all eligible applicants, it uses standards that are more demanding than the minimum requirements to select students. These criteria are listed below.

Academic Criteria:
1. Completion of a specified pattern or number of courses that meet general education or breadth requirements.
2. Completion of a specified pattern or number of courses that provide continuity with upper division courses in the major.
3. GPA in all transferable courses.
4. Participation in academically selective honors courses or programs.
ADMISSION REQUIREMENTS TO THE CALIFORNIA STATE UNIVERSITY. Community college students may be admitted to the CSU system as either upper division or lower division transfers depending on space availability. Upper division transfers (students with 56 or more CSU transferable units) will always be given priority consideration for admission and eligibility will be based upon academic performance at the college level. Lower division transfers will only be admitted if space permits and eligibility was established at the high school level.

Students who were eligible to enter the California State University system directly from high school should enter as juniors after receiving the Associate in Arts or the Associate in Science degree at Yuba College, or at any time previous, if they have maintained a “C” (2.0) grade point average. Yuba College requires the 2.0 grade point average for either the Associate in Arts or the Associate in Science degree.

Students who were ineligible to attend the State University System directly from high school should obtain the associate degree, complete a selected State University’s major and General Education requirements, and must also complete 56 transferable units with a “C” (2.0) grade point average before becoming eligible for transfer. Deficiencies in college preparatory high school subjects must also be made up. These students must complete 30 units from the CSU General Education Breadth Requirements which include A(1), A(2), A(3), and B(4). See a Yuba College counselor for details.

Yuba College transfers an impressive number of students to the California State University system. Admission representatives from local CSU campuses visit the Transfer Center on a regular basis. Check with the Center for more detailed information.

MAKING UP MISSING COLLEGE PREPARATORY COURSES. To be eligible for admission to the California State University as a freshman, the student who graduated from high school June, 1984, or later must have completed, with grades of “C” or better, four years of high school college preparatory English and two years of high school college preparatory mathematics in addition to meeting the eligibility index. Students who enter college fall, 1988, or later must have completed, with grades of “C” or better: four years of high school college preparatory English, four years of high school college preparatory mathematics, one year of United States History, one year of laboratory science, two years of foreign language, one year of visual or performing arts, and three years of electives, in addition to meeting the eligibility index.

Supplemental Criteria:

1. Special talents, interests, or experiences — beyond those indicated by the academic criteria — that demonstrate unusual promise of leadership, achievement, and service in a particular field such as civic life or the arts.
2. Special circumstances that have adversely affected the applicant’s life experiences. These circumstances may include, for example, disabilities, personal difficulties, low family income, refugee status, or veteran status.
3. Ethnic identity, gender, and location of residence. These factors are considered to provide cultural, racial, geographic, and socioeconomic diversity in the student population.

CALIFORNIA STATE UNIVERSITY SYSTEM LOWER DIVISION REQUIREMENTS. California State University requirements vary slightly from campus to campus and from major to major. Requirements for some of the more popular majors are included on the following pages. For requirements of other colleges and majors than illustrated, students should consult both the catalog of the State University or campus of their choice and their counselor at Yuba College.

The California Administrative Code, Title V, Section 40409 provides that up to 70 semester (105 quarter) units of credit, exclusive of any credit granted for military service, may be transferred from a community college to any State University campus. Students must be certain, however, to select courses at Yuba College appropriate in the major and to the State University campus which they have selected. When otherwise appropriately selected, all Yuba College courses numbered 1 through 49 are designed for transfer.

State law compels all State University campuses to require a minimum of 48 units of General Education; 39 units are usually completed in lower division and the remaining 9 units in upper division. See also the following pages.

Many four-year institutions require Ethnic Studies classes for graduation. Consult a Yuba College counselor.

NOTICE: California State University transfer students must take the English Placement Test (EPT) and the Entry Level Mathematics Test (ELM) before or during their first semester to determine proper placement in English and mathematics courses. The consequences for not taking the tests on time are serious.

Students will be exempt and not have to take these tests if they have taken an approved college composition course with a grade of “C” or better, and an approved General Education mathematics course above the level of intermediate Algebra with a grade of “C” or better. Consult with your counselor for further information.

NOTICE: California State University transfer students must take the English Placement Test (EPT) and the Entry Level Mathematics Test (ELM) before or during their first semester to determine proper placement in English and mathematics courses. The consequences for not taking the tests on time are serious.

Students will be exempt and not have to take these tests if they have taken an approved college composition course with a grade of “C” or better, and an approved General Education mathematics course above the level of intermediate Algebra with a grade of “C” or better. Consult with your counselor for further information.
California State University General Education Breadth Requirements (2007/08)**

These requirements are subject to change each year. Contact a Yuba College counselor for updates verified after the Catalog publication date. A minimum of 48 semester units in General Education (G.E.) is required for a BA/BS degree, 9 semester units must be at the upper division level. This pattern is designed to satisfy the 39 units of lower division G.E. requirement to any of the CSU campuses. G.E. units in excess of 39 completed at YCCD may transfer as lower division major and/or elective (70 C.C.. units maximum). Minimum of 9 units in areas A,B, C, and D:

A. COMMUNICATION IN THE ENGLISH LANGUAGE AND CRITICAL THINKING - 9 units
(One course required from 1, 2, and 3)
(1) ORAL COMMUNICATION - Speech 1,3,6,7,9
(2) WRITTEN COMMUNICATION - English 1A
(3) CRITICAL THINKING - English 1B, 1C; (formerly Engl 41) Philosophy 12; Speech 3

B. PHYSICAL UNIVERSE AND ITS LIFE FORMS - 9 units
(One course required from 1 and 2 [including lab], and 4)
(1) PHYSICAL SCIENCE - Astronomy 1, 11*;
Chemistry 1A*, 1B*, 2A*, 2B*, 8, 9*, 10;
Ecology,10, 11*, 12;
Geography 1;
Geology 10, 10L*, 11L*;
Physical Science 10A, 10B, 10C*;
Physics 2A, 2B, 3A*, 3B*, 4A*, 4B*,10L*,
(* denotes labs)
(2) LIFE SCIENCE — Anthropology 1;
Biology 1*, 2*, 3*, 4*, 5*, 6*, 10, 10L*, 11*, 15*, 25;
Ecology 10, 11*, 12;
Plant Science 20, 20L*, 22, 22L*
(* denotes labs)
(3) One course from (1) or (2) above must be a laboratory course (* denotes labs)
(4) MATHEMATICS/QUANTITATIVE REASONING - Mathematics 1A, 1B, 7,9,10, 15A, 15B, 21, 25;
Statistics 1

C. ARTS, LITERATURE, PHILOSOPHY, AND FOREIGN LANGUAGE - 9 units
(Must include courses from 1 and 2; courses must be taken in at least two disciplines.)
(1) ARTS (Art, Dance, Music, Theatre)
Art 1A, 1B, 1C, 3A, 3B, 5, 31R;
Asian American Studies 31;
Early Childhood Education 21;
English 2, 33, 34;
Humanities 3,5,10,11,12,15, 16, 26A, 26B, 31,33,34;
Mass Communications 11R;
Music 1, 1A, 1B, 3, 8A, 8B, 12,15, 16;
Speech 2;
Theatre Arts 10,33,34;
Women’s Studies 26A, 26B

(2) HUMANITIES (Literature, Philosophy, Foreign Language) -
Afro American Studies 12A, 12B, 16A, 16B;
Asian American Studies 14, 31;
Early Childhood Education 39;
English 1B, 2, 30A, 30B, 31A, 31B,36,37,38,39
42, 44A, 44B, 46A, 46B;
History 4A, 4B, 5A, 5B, 6, 7, 8, 11, 12A, 12B, 14, 15, 16A, 16B, 17A, 17B, 29;
Humanities 10, 11, 12, 20, 31;
La Raza Studies 15;
Music 12;
Native American Studies 7;
Philosophy 1, 2, 3, 20;
Spanish 1,2,3,4,10, 20A, 20B, 35, 36;
Speech 2;
Women’s Studies 29,37

D. SOCIAL, POLITICAL, AND ECONOMIC INSTITUTIONS AND BEHAVIOR, HISTORICAL BACKGROUND - 9 units
(Courses must be taken in at least two disciplines.)
Administration of Justice 10;
Afro American Studies 12A, 12B, 16A, 16B;
Anthropology 2, 3;
Asian American Studies 14;
Early Childhood Education 3, 31;
Economics 1A, 1B;
English 4;
Family and Consumer Science 31;
Geography 2;
History 4A, 4B, 5A, 5B, 6,7,8,11, 12A, 12B, 14,15, 16A, 16B, 17A, 17B, 29;
La Raza Studies 1, 15;
Mass Communications 2;
Native American Studies 7;
Political Science 1;
Psychology 1A, 1B, 12, 22, 31, 32, 33, 40, 41, 46;
Social Science 1,4;
Speech 8;
Sociology 1, 2, 5, 10, 30, 35;
Women’s Studies 29, 31,35

Students in the Culinary Arts Program serve a delicious outdoor lunch for staff and students.
E. LIFELONG UNDERSTANDING AND SELF-DEVELOPMENT - 3 units
   Counseling 10, 25;
   Early Childhood Education 3;
   Family and Consumer Science 10,
   General Business 25;
   Health Education 1;
   Approved Physical Education activities
   (1.5 units maximum);
   Psychology 1A, 1B, 12, 31, 32, 33, 41, 46;
   Sociology 30;
   Women's Studies 31

**See a Yuba Community College District counselor for additional G.E. and major requirements for a specific CSU campus.**

California State University U.S. History,
Constitutions and American ideals Requirement

   All campuses of the California State University system require course work in American History and National and Local Constitutions. Some campuses double count units taken for these requirements in General Education Breadth Social Science area.

Complete one course each from (1) and (2) Or two courses from (3) to meet this requirement.

(1) History 15, 17A, 17B; LaRaza Studies 15;
(2) POLSCI 1;
(3) History 17A and History 17B

Intersegmental General Education Transfer Curriculum (IGETC) (2007/08)

NOTE: Students should check with a counselor for updates verified after Catalog publication date.

The Intersegmental General Education Transfer Curriculum (IGETC) is a general education program which community college transfer students may use to fulfill lower division general education requirements in either the CSU or UC. Because of its generic nature, and agreements between the CSU, the UC, and the community college system, completion of the IGETC to fulfill lower division general education requirements has become a common path taken by community college students who transfer to the CSU or UC.

Completion of the IGETC, in itself, does not improve eligibility for admission to the CSU or UC, or admission to a specific campus or program.

The IGETC will permit a student to transfer from a community college to a campus in either the CSU or UC system without the need, after transfer, to take additional lower division, general education courses to satisfy campus General Education requirements.

Completion of the IGETC is not a requirement for transfer to a CSU or UC campus, nor is it the only way to fulfill the lower division, general education requirements of CSU or UC prior to transfer.

See a counselor for segmental and campus-specific admission requirements and lower division major requirements.

Some students may be better served by taking courses which fulfill the CSU General Education Breadth requirements or those of the UC campus or college to which they plan to transfer. Students pursuing majors that require extensive lower division major preparation may not find the IGETC option to be advantageous. The IGETC is most useful for students who want to keep their options open before making a final decision about transferring to a particular CSU or UC campus. Fifth and Revelle Colleges at UC, San Diego, the School of Business at U. C., Berkeley, and the School of Architecture at UC, Berkeley will not accept the IGETC. Schools of Engineering do not generally recommend the IGETC. Schools—of Engineering do not generally recommend the IGETC—see a counselor for assistance in planning your program.

All course work applicable to the IGETC must be completed and certified by the last California community college attended prior to transfer in order to be accepted by CSU and UC. Except under special circumstances, “certification” means that the last community college attended prior to transfer to the UC or CSU campus will verify that the student has completed the IGETC (see “IGETC After Transfer Policy”). In addition to the course requirements for each subject area, full certification for the CSU must include completion of the Oral Communication requirement. For the UC, Oral Communication is not required, but the certification must include satisfaction of the foreign language proficiency requirement. All courses must be completed with a grade of “C” or better.

AREA 1. ENGLISH COMMUNICATION

(CSU -3 courses required, one from each group below; UC -2 courses required, one each from Group A and B.)

Group A: English Composition; 1 course; 3 semester, 4-5 quarter units
   English 1A
Group B: Critical Thinking-English Composition; 1 course;
   3 semester, 4-5 quarter units
   English 1C* (formerly English 41)
Group C: Oral Communication (CSU requirement only) - 1 course;
   3 semester 4-5 quarter units
   Speech 1, 3, 6, 7, 9

AREA 2. MATHEMATICAL CONCEPTS and QUANTITATIVE REASONING

1 course; 3 semester, 4-5 quarter units
   Mathematics 1A+, 1B, 7, 9+, 25; Statistics 1
AREA 3. ARTS and HUMANITIES
At least 3 courses, with at least one course from the Arts and one course from the Humanities; 9 semester, 12-15 quarter units

**Arts**: Art 1A, 1B, 1C, 3A+, 3B+, 5; English 33, 34; Humanities 3, 5, 12, 15, 16, 26A+, 26B+, 33, 34; Music 3, 8A, 12, 15; Theatre Arts 10, 33, 34; Women 26A+, 26B+

**Humanities**: Afro American Studies 12A*, 12B*, 16A+*; Asian American Studies 14*, 31; English 1B, 30A, 30B, 33, 36, 37, 38, 42, 44A, 44B, 46A, 46B; History 4A+, 4B+; 5A+*, 5B+*; 7*, 8, 11, 12A*, 12B*, 14*, 15*, 16A+*, 16B+*, 17A+, 17B+, 29; Humanities 10, 15, 31, 33; La Raza Studies 15*; Music 1A, 1B, 15; Native American Studies 7*; Philosophy 1, 2, 3, 20; Spanish 3+*, 4*, 20A+*, 20B+*, 35; Theatre Arts 33; Women's Studies 29, 37

AREA 4. SOCIAL AND BEHAVIORAL SCIENCES
At least 3 courses from at least 2 disciplines or an interdisciplinary sequence; 9 semester, 12-15 quarter units

Afro American Studies 12A*, 12B*, 16A+*; Anthropology 2, 3, Asian American Studies 14*; Early Childhood Education 3*, 31; Economics 1A, 1B; Family and Consumer Science 31; Geography 2; History 5A+*, 5B+*, 7*, 12A*, 12B*, 14*, 15*, 16A+*, 16B+*; La Raza Studies 15*; Native American Studies 7*; Political Science 1; Psychology 1A, 1B, 12, 22, 31, 33, 40, 41, 46; Social Science 1, 4; Sociology 1, 2, 5, 10, 30, 35; Speech 8; Women’s Studies 31, 35

AREA 5. PHYSICAL and BIOLOGICAL SCIENCES
At least 2 courses, one Physical Science course and one Biological Science course; at least one must include a laboratory (indicated by "L" in parentheses); 7-9 semester, 9-12 quarter units

**Physical Sciences**
Astronomy 1*; Chemistry 1A(L)+, 1B(L), 2A(L)+, 2B(L)+, 8, 9(L), 10+; Geography 1; Geology 10+, 10L(L)+ Physical Science 1A+, 10B+, 10C(L); Physics 2A+, 2B+, 3A(L)+, 3B(L)+, 4A(L)+, 4B(L)+, 10L(L)+

**Biological Sciences**
Anthropology 1; Biology 1(L), 2(L), 3(L), 4(L), 5(L), 6(L), 10+, 10L(L)+, 11(L)+, 15(L)+, 25; Ecology 12; Plant Science 20+, 20L(L)+, 22+, 22L(L)+

LANGUAGE OTHER THAN ENGLISH (UC requirement only): Complete two years of the same foreign language of high school-level work with a grade of "C" or better, OR earn a score of three or higher on the Foreign Language Advanced Placement Test, OR 550 on the College Board Achievement Test in Foreign Language, OR complete 4-5 units from the courses listed below.

College course(s) that meet the proficiency level; Sign Language 1, 2, 3; Spanish 1+, 2+, 4*, 20A+*, 20B+*

*Courses designated with an asterisk may be counted in one area only.

+Indicates that transfer credit is limited by either UC or CSU or both. Consult with a counselor for additional information.
(L) Designates courses with a laboratory.
(#) Indicates both courses must be completed to meet area requirement.

IGETC AFTER TRANSFER POLICY. The IGETC After Transfer Policy provides students, under special circumstances, the opportunity to complete a maximum of two IGETC courses after transferring to UC or CSU for full certification, provided the two courses are not required for admission to either system. Eligibility for completion of IGETC After Transfer must be based on demonstrated need such as illness, unavailable or canceled courses, military service, or unexpected hardships, such as family or employment problems that took place in the final term prior to transfer. In those instances, a “Petition for Eligibility to Complete IGETC After Transfer” form must be completed. Students should consult a counselor to discuss options and limitations for completing IGETC requirements after transfer.

The Child Care Center on campus celebrated The Harvest with games and fun outdoor activities for the children and their parents.
# Programs and Options

Do you wish to earn a college degree in a CAREER PROGRAM and prepare to take a job at the end of your college course?

- You will find some of the occupational curricula in the next section. Your counselor will help you make a wise choice.
- You should earn an associate degree from the Yuba Community College District.
- You will have an opportunity to secure advanced training in several occupational fields.

Do you wish to increase your skills without working toward a college degree?

- You will find some of the occupational curricula in the next section. A counselor can suggest others.
- You do not have to earn a degree.
- You may wish to earn a Certificate of Achievement or Certificate of Training.
- You may attend for as long or as short a period as you desire.
- You may attend as a part-time or full-time student.
- You may register in either the day or evening programs, or both.
- You may select any course offered in the college subject to conditions set forth in this Catalog.

Unless specifically exempt by statute, all courses of study (programs), regardless of where offered, are open to members of the public who are otherwise eligible for admission to the College. Where prerequisites are necessary, they are academic in nature and may take the form of a course to complete, or a qualifying score to earn on an objective test.

## Avenues to Better Jobs

The following information provides avenues to better jobs, including Articulation Agreements, Certificates of Training, Certificates of Achievement, Associate in Science Degree and Associate in Arts Degree programs. These planned programs are a sample of the occupational-technical education available at the College.

Certificate programs cannot be completed at all locations. Consult each Schedule of Classes and a counselor before selecting a particular training program.

### Tech Prep/2+2

The Tech Prep Program awards college credit to high school students who meet 2+2 articulation requirements. An articulated course is one in which the high school instructor and Yuba College faculty have formally agreed that the high school's course outline, syllabus, textbook, and final exam are comparable to those in a course of the same major at Yuba College. Tech Prep Programs prepare students to earn a certificate, an associate's degree or transfer to a 4-year university.

For more information about the Tech Prep Program, contact the YCCD Tech Prep Office at (530) 634-7785, visit the Tech Prep Office located in Room 309E on the Yuba College Campus or see your counselor. Also, visit the Tech Prep website at www.yccd.edu/techprep/index.html.

### Programs Articulated with ROP and Secondary Institutions

Programs listed below have at least one class articulated with secondary institutions. Students should check with their counselor if they have questions about specific classes or to determine if they are eligible for advance placement and/or college credit for courses completed at the secondary level.

- Accounting
- Administration of Justice
- Agriculture
  - Animal Science
  - Environmental Horticulture
- Art-Applied Photography
- Automotive Technology-Automotive Body
- Business
  - Administrative Assistant
  - Business Computer Applications
  - Clerical
  - Information Technology
  - Medical Office Skills
  - Word Processing
- Cosmetology
- Drafting
- Early Childhood Education
  - Infant and Toddler
- Electronics Technology
- Fire Technology
- Food Services Management
- Manufacturing Technology/Metalworking-Welding
- Mass Communications
- Nursing
- Veterinary Technology

## Campus Offering Degree/Certificate:

YC=Yuba College  L=Clearlake
**Associate in Arts (A.A.) and Associate in Science (A.S.) Degree Programs**

A student must file a *Petition for Graduation*. The College holds the graduation ceremony once a year (end of May/first part of June) and students who wish their name to appear in the graduation program must submit a *Petition* to the Records Office by May 1. However, the student may petition to graduate at the end of the Fall, Spring, or Summer terms. The deadlines to petition are: Fall - November 15; Spring - April 15; Summer - July 1.

A student who wishes to receive an Associate degree should consult a College counselor. The counselor will assist the student in planning the courses required to satisfy the major for the degree. Diplomas printed for a “general education” major will **NOT** have the major printed on the diploma. (Note: Major courses must be completed with a “C” or better grade.)

In order to receive a degree in one of the specific majors for the Associate in Arts or Associate in Science Degrees, a student is required to complete the specific courses listed with a grade of “C” or better. After successful completion of the specific major (and all other graduation requirements), the specific major for the degree will be printed on the diploma.

No courses for the specific majors may be waived. Equivalent course work may be substituted only with approval. The student should submit a petition to the College Standards Subcommittee. Petitions will be forwarded to the (division) Dean for division recommendation of action.

A student may petition for only one “general education” degree since the major will not be printed on the diploma. A student who is earning a degree in one of the specific majors may petition for any specific major in which he/she has met all graduation requirements.

**Certificate of Achievement**

The *Certificate of Achievement* requires 12-42 units and may be completed in one to two years. The Certificate of Achievement is authorized by the California Community College Chancellor’s Office to certify that a student has successfully completed a core group of courses in a specific discipline. The Certificate of Achievement will be notated on the student’s academic transcript.

**Certificate of Training**

Each department is authorized to recommend short-term training program options and students are encouraged to plan and pursue short-term occupational training goals. *Certificates of Training* are less than 12 units in length. Some certificates can be completed in as little time as one semester, others may require a longer period depending on the frequency of course offerings or the student’s time commitment. The Certificate of Training will **NOT** be notated on the student’s academic transcript in accordance with State regulations.

---

**Applying for Certificate of Achievement or Training**

1. AFTER completing all requirements for the certificate, the student obtains a “Petition for Certificate Card” from the Registration Office.
2. Student completes the *Petition Card* and files it with the Registration Office.
3. The Registration Office sends the *Petition for Certificate Card* and a copy of the student’s transcript to the appropriate Dean.
4. The Dean verifies eligibility, completes the certificate, and mails it to the student.
5. If the student has completed a Certificate of Achievement, the Dean will complete the *Petition for Certificate Card* and return it to the Records Office, where it will be recorded on the student’s academic record.
6. If the student has completed a Certificate of Training, the Dean will issue the certificate -- which will be mailed to the student. The Division will maintain records of these certificates of training -- which may not be listed on a student’s academic transcript. Students with questions concerning the Certificate of Training should contact the Division Office.

Students “show their strength” at the Health and Fitness Expo on campus.
This Announcement of Courses provides the most complete listing of courses available. Courses are continuously modified and updated, and offered on an as-needed basis at each location.

**Admission to Courses**

**OPEN ENROLLMENT POLICY**

All courses, regardless of where offered, are open to members of the public who are otherwise eligible for admission, with the following exceptions:

- Courses that are specifically exempted by statute, including "impacted" allied health programs (Radiologic Technology, ADN, LVN, Psychiatric Technician, etc.);
- Courses closed by maximum enrollment of students by the "priority registration" or "first come, first served" registration policies;
- Courses with academic requisites (prerequisites and corequisites) that restrict enrollment of academically unqualified students; and
- Courses with content that would be a repeat of a course of equivalent or more advanced course work previously taken by the student (exceptions require counselor evaluation and approval).

**REQUISITES**

"Prerequisite" means the preparation or previous course work considered necessary for success in the course. Prerequisites are required only for courses where specific academic background is necessary in order to assure students a reasonable chance of success in the course. Prerequisites which are listed as "required" include:

- Courses for which specific prerequisites have been validated,
- Sequential course work in a degree or program, or
- Courses in which a prerequisite is necessary for transfer to a four-year college.

Responsibility for having met the prerequisite rests with the student. A grade of "C" or better is required to meet a course prerequisite.

"Corequisites" for a course are those courses which must generally be taken concurrently with the course. Corequisites provide the necessary skill or supplementary body of knowledge or laboratory time during the course to help assure success in the course.

Concerns about requisites are best resolved with a college counselor or the course instructor prior to the first day of class.

**POLICY FOR PETITIONING OR WAIVING COURSE PREREQUISITES**

Course placement is determined by a process in which the student and counselor review all assessment criteria available. Students who wish to petition their recommended placement or the waiver of a prerequisite should be prepared to give evidence or justification why the exemption should be granted. Reasons for seeking a prerequisite waiver may include one or more of the following:

- Prerequisite course is not available,
- Prerequisite has not been validated,
- Student has the knowledge or ability to succeed in the course without meeting the prerequisite, or
- Student believes the prerequisite is discriminatory or is being applied in a discriminatory manner.

Check with a counselor, your site administrator, or the Dean of Student Development to obtain the required forms.

Challenges to prerequisites/corequisites shall be on the approved form and filed at the location where the student registers for the majority of her/his classes. Challenges at the Yuba College main campus in Marysville should be filed with the Dean of Student Development. Challenges at other locations should be filed with the executive dean or site administrator.

Yuba College strongly encourages that the language and mathematics skill levels of new students be assessed by the Placement Examination (CPT or equivalent) prior to enrollment in most courses. The placement scores provide students and counselors with information helpful to select appropriate courses that are taught at the skill levels of the student. These test scores serve as recommended guidelines in the selection of entry level courses for which the course content requires college level skill proficiency for successful participation. Other factors are also considered in a multiple measures approach.

**PLACEMENT LEVELS FOR "SKILLS COURSES."**

Placement Examination scores, in combination with other factors, are used to help place students in one of the levels of reading, writing, and mathematics courses listed below. After satisfactorily completing the appropriate skills course, students may progress by enrolling in the course at the next higher level. Students should consult a counselor for an evaluation of placement scores and discussion of other factors that affect placement. Refer to "Placement Levels" in this Catalog.
Course Information

Key to Numbers and Listings

Content and policies expressed in this Catalog are believed to be true and correct as of the date of publication. Courses are listed alphabetically by department and numerically within the listing of each department. Units of credit are shown in parentheses immediately following the course title.

Any course listed in this Catalog may be offered in the summer session, evening, or off-campus programs at any time there is a sufficient number of students available, generally fifteen, to justify offering the course.

Students should consult the printed Schedule of Classes to determine which courses will be offered during a given semester. Any course listed in the Schedule of Classes may be canceled when the enrollment is insufficient to justify offering the class, or an instructor is not available.

COURSE “10”
The number “10” in each department is generally reserved for the basic General Education course in the discipline.

COURSE “47”, “48”, “49”, “97”
Refer to “Course Descriptions”

COURSE NUMBERING/TRANSFER OF CREDITS

It is imperative that students planning to transfer to a university or four-year college plan their program with a District counselor as there may be variances in courses accepted at certain universities. The District’s courses are listed within a variety of numbering series as an aid in interpreting the nature of the course, as follows

PRIOR TO JULY 1, 1974: All courses numbered 1 through 99 were of collegiate grade and carried transfer credit to four-year colleges and universities. Courses numbered 100 and up were not intended for transfer to four-year colleges; however, all credit courses in the District were used toward requirements for degrees and certificates.

JULY 1, 1974 TO JUNE 30, 1989:

1-49 Designed as Admissions List courses intended to carry transfer credits to all baccalaureate degree-granting colleges and universities.

50-99 Not primarily designed for transfer purposes, but taught at the level and of such quality that acceptance is recommended at any college or university offering such course work or offering program in which such course work would be appropriate.

JULY 1, 1983 TO JUNE 30, 1989:

A maximum of 6 semester units of courses numbered 100 to 199 can be counted toward the associate degree.

CURRENT COURSE NUMBERING DEFINITIONS:

1–49 Series: Designed as Admissions List courses intended to carry transfer credits to all baccalaureate degree-granting colleges and universities.

50–99 Series: Not primarily designed for transfer purposes, but taught at the level and of such quality that acceptance is recommended at any college or university offering such course work or offering programs in which such course work will be appropriate.

100–199 Series: Non-associate degree credit basic skills remedial courses intended to prepare students to succeed in courses at the associate degree level.

200–299 Series: Non-associate degree credit courses that are either, (1) vocational courses intended to prepare students for post-secondary vocational education or for occupations not requiring associate degree level skills for entry or, (2) academic development courses, other than remedial basic skills, intended to prepare students to succeed in associate degree level course work.

500 Series: Noncredit courses sometimes referred to as “Adult Education Courses.”

Veterans Day is celebrated each year with a tribute and refreshments to honor our Vet’s
Transfer Status Designation

As indicated previously, the course number system is a guide to course transferability. In addition, the status of a transfer course is indicated next to the course title. If the course is transferable, the designator “Transfer Status:” appears. “Transfer Status: CSU” indicates that the course credit transfers to all of the California State Universities. “Transfer Status: CSU; UC” indicates that the course credit transfers to all of the California State Universities and all of the University of California campuses. If the designator “unit limitation” appears (i.e., Transfer Status: CSU; UC unit limitation), the transferability of the units to the University of California are limited in some way when combined with other courses in the discipline. Questions concerning these courses should be directed to a counselor.

California Articulation Number System (CAN)

The California Articulation Number (CAN) System is a statewide numbering system independent from course numbers assigned by local colleges. A CAN number signals that participating California colleges and universities have determined that courses offered by other campuses are equivalent in content and scope to courses offered on their own campuses, regardless of their unique titles or local identifying numbers. Thus, if a schedule of classes or catalog lists a course bearing a CAN number, students on one campus can be assured that it will be accepted in lieu of the comparable CAN course noted in the catalog or schedule of classes at another campus. For example, CAN ECON 2 on one campus will be accepted as meeting the requirement of the designated CAN ECON 2 course on other participating community college or university campuses.

The CAN numbering system is obviously useful for students attending more than one community college and is applied to many of the transferable, lower division courses students need as preparation for their intended major.

Note: CAN approved courses will be honored until replaced by the Transfer CSU (TCSU) number or until Spring 2009. Please see a counselor for more information.

Repeatable Courses

Some courses are progressive in nature and provide an expanded educational experience when repeated. These courses are identified by the letter “R” following the course number. California State regulations prohibit enrolling in a repeatable course more than four times. Students who have exhausted the maximum number of repeats in a specific course, see “Audit Policy.”

Courses in the same “area” are all counted towards the repeat maximum (i.e., Beginning Tennis, Intermediate Tennis, and Advanced Tennis are all counted as “Tennis” and may only be taken for a total of four enrollments in any combination.

Cooperative Education Work Experience classes may be taken for a maximum of 16 units combined in any level of work experience/internship courses (with a maximum of six units in General Work Experience).

Unit of Credit

The Unit of Credit is the semester hour. One unit of credit is granted for each hour of lecture or discussion, two-to-three hours of laboratory, or two hours of activity per week, for a 17-week semester. For most courses, students will be expected to spend an average of two hours in preparation or study for each hour of lecture or recitation.

Credit is allowed only upon satisfactory completion of a course; no partial units of credit are allowed when the student must withdraw prior to completion of the course except in an open–entry, open–exit, individualized course.

Units of Credit are generally offered for the number of units indicated. To serve the purposes of the students and the District, however, courses may on occasion be offered for less than the number of units indicated in the Course Outline.

Students from across Yuba-Sutter come to campus to learn from the experts at Yuba’s “Weld-Camp”
Administration of Justice

Courses are currently being reviewed and revised to incorporate current P.O.S.T. curriculum changes. Please contact the Department at 530-634-7723 for more details.

Administration of Justice offers academy, degree, and certificate programs designed for entry into law enforcement, corrections, and related fields, and for already employed persons to further themselves academically and vocationally.

Yuba College offers:

- Academies for direct entry into employment. All academies and inservice training are P.O.S.T. and/or S.T.C. certified, meeting California State regulations for law enforcement.
- An Associate in Science Degree Program for students planning to enter law enforcement, corrections, or a related area after two years of course work (see specific degree requirements).
- A Transfer Program intended for students wishing to pursue a bachelor’s degree.
- Inservice programs providing specific courses suited to the individual needs of those currently employed by a criminal justice agency.

Administration of Justice and Corrections Programs

Upon successful completion of the required training program, an individual will receive P.O.S.T. (Peace Officer Standards and Training) and/or S.T.C. (Standards of Training for Corrections) certification. Rosters are submitted to these State agencies which include individual names, agency affiliation (if applicable), hours of training, and State-issued control numbers to verify law enforcement certified topics and dates of completion. A course can be certified with nine to 880 hours of training. Both State agencies require Continued Professional Training (CPT) every two years for P.O.S.T. and annually for S.T.C. for anyone working in a law enforcement environment.

ACADEMIES

Employment in law enforcement or corrections usually requires completion of a related academy. Yuba College offers the following academies each year:

1--Basic Police Academy (AJ 58RA, 58RB, 58RC) -- Certificate of Achievement program -- 33.5 units
2--Reserve Training Module III Academy (AJ 50RA, 50RB) -- Certificate of Training program -- 8 units
3--Reserve Training Module II Academy (AJ 51RA, 51RB) -- Certificate of Achievement program -- 13 units (pending California Community College Chancellor’s Office approval)
4--Reserve Training Module I Academy (AJ 52RA, 52RB, 52RC) -- Certificate of Achievement program -- 13.5 units (pending California Community College Chancellor’s Office approval)
5--Basic Specialized Investigator Academy (AJ 217RA, 217RB) -- Certificate of Achievement program -- 28 units
6--Correctional Officer Academy (AJ 70RA, 70RB) -- Certificate of Training -- 7.5 units
7--Juvenile Counselor Academy (AJ 202R) -- Certificate of Training -- units may vary
8--Peace Officer Orientation Academy (AJ 54RA, 54RB) -- Certificate of Training - 2 units

Basic Requalification (AJ 219RA, 219RB) -- Certificate of Training - 6 units

Students are encouraged to contact the Administration of Justice Department Office at Yuba College in Marysville for current information regarding academy enrollment or employment requirements or for additional information about the courses and programs.

Total units required for degree major: 21

AJ 10—Introduction to Law Enforcement (3 units)
CSU/UC
History and philosophy of criminal justice; overview of criminal justice system identifying the various segments, their roles, and interrelationships. Required for all criminal justice majors. (L)

AJ 11—Criminal Law (3 units)
CSU/UC
History, philosophy, and constitutional provisions of criminal law, including exploration of crimes against persons, property, and the State. (L)

AJ 13—Evidence (3 units)
CSU
Origin, development, and philosophy of evidence; types, degrees, and rules governing admissibility; judicial decisions interpreting individual rights; arrest, and search and seizure. (L)

AJ 14—Criminal Justice Process (3 units)
CSU
Legal processes from pre-arrest, arrest through trial, sentencing, and correction procedures; a review of the history of case and common law; conceptual interpretations of law as reflected in court decisions; a study of case law methodology and case research as the decisions impact upon the procedures of the justice system. (L)

AJ 15—Criminal Investigation (3 units)
CSU
Fundamentals of investigation; techniques of crime scene search and recording; collection and preservation of physical evidence; modus operandi processes; sources of information; interview and interrogation; follow-up investigation. (L)

AJ 16—Police Operations (3 units)
CSU
Philosophy, functions, organization, duties, and analysis of police operational functions, including public service responsibilities and special police problems. (L)

AJ 19—Community Relations (3 units)
CSU/UC
Role of police service as perceived by various segments of the community and the officer: interrelationships between the criminal justice agencies, employees, and the public. (L)

AJ 20—Juvenile Law and Procedures (3 units)
CSU
Organization, function and jurisdiction of juvenile agencies; processing and detention of juveniles; juvenile case disposition; legal statutes, and court procedures. (L)

AJ 21—Narcotics and Drugs (3 units)
CSU
Analysis of narcotics and drugs, physical effects of addiction, and sociological problems of drug abuse. (L)

AJ 22—Specialized Criminal Investigation (4 units) CSU
Investigation concepts for specialized investigations involving major injury crimes and death investigation.

AJ 30—Introduction to Corrections (3 units)
CSU
History, philosophy, and overview of corrections including probation, parole, and correctional institutions. (L)

AJ 31—Criminal and Delinquent Behavior (3 units) CSU
A study of the causes of crime and delinquency by analyzing various social, psychological, and cultural factors. (L)

AJ 33—Introduction to Correctional Counseling (3 units)
CSU
History, objectives, and theories of counseling relevant to corrections; common methods, techniques, and interventions of counseling; understanding the client as a person. A basic course for students planning to enter or are already employed in the Corrections field. (L)

AJ 34—Correctional Treatment Programs (3 units) CSU
The study of correctional treatment programs concerning juveniles and adults, in both the casework setting and in a custody institution. (L)

AJ 50RA—Reserve Training Module III (4.5 units)
Designed to meet the Peace Officer Standards and Training (POST) requirements for the regular Basic Course (modular format), Level III Reserves. This course is Part II (B) of the necessary training for entry-level peace officer training. Prerequisite: medical/physician’s clearance; health/history statement, Par Q. Corequisite: AJ50RB. (L) (Repeatable: May be taken four times only.)

AJ 50RB—Reserve Training Module III (3.5 units)
Designed to meet the Peace Officer Standards and Training (POST) requirements for the regular Basic Course (modular format), Level III Reserves. This course is Part II (B) of the necessary training for entry-level peace officer training. Prerequisite: medical/physician’s clearance; health/history statement, Par Q; DOJ Fingerprint clearance. Corequisite: AJ50RA. (L) (Repeatable: May be taken four times only.)

AJ 51RA—Reserve Training Module II (8.0 units)
Designed to meet the Peace Officer Standards and Training (POST) requirements for the Regular Basic Course (modular format), Level II Reserves. Course is Part I (A) of the training requirements for back-up officers. Prerequisite: Successful completion of Level III modular format (AJ 50RA/50RB); current in First Aid/CPR within the last 3 years; DOJ fingerprint clearance. Corequisite: AJ51RB. (L) (Repeatable: May be taken four times only.)

AJ 51RB—Reserve Training Module II (5.0 units)
Motor skills designed to meet the Peace Officer Standards and Training (POST) requirements for the Regular Basic Course (modular format), Level II Reserves. Course is Part II (B) of the necessary training requirements for back-up officers. Prerequisite: Successful completion of Level III modular format (AJ 50RA/50RB); current in First Aid/CPR within the last 3 years; DOJ fingerprint clearance; medical clearance. Corequisite: AJ51RA. (L) (Repeatable: May be taken four times only.)

AJ 52RA—Reserve Training Module I (13.5 units)
Final module in the regular Basic Course (modular format), Level I for Peace Officer Standards and Training (P.O.S.T.) Basic Peace Officer Certification. Completion of this final module accomplishes the same certification as the full police academy (AJ 59RA/59RB/59RC). Prerequisite: Successful completion of Level III and Level II modular format (AJ 50RA/50RB & AJ 51RA/51RB); current in First Aid/CPR within the last 3 years; POST Exam; completed background application; DMV driving record printout. Corequisite: AJ 52RB and AJ 52RC (L) (Repeatable: May be taken four times only.)
Recommendet
Programs and Courses

**AJ 52RB—Reserve Training Module I (2.0 units)**
Final module, Part II (B) in the regular Basic Course (modular format). Level 1 for Peace Officer Standards and Training (P.O.S.T.) Basic Peace Officer Certification. Completion of these courses achieves the same certification as the full police academy (AJ 58RA/58RB/58RC). Prerequisite: Successful completion of Level III and Level II modular format (AJ 50RA/50RB and AJ 51RA/51RB); current in First Aid/CPR within last 3 years; D.O.J. print clearance (or sponsorship letter stating clearance through background process); P.O.S.T. Exam; completed background application; medical/physician’s release, Par Q; health/history statement. Corequisites: AJ 52RA and AJ 52RC (L) (Repeatable: May be taken four times only.)

**AJ 52RC—Reserve Training Module I (1 unit)**
Final module, Part III (C) in the regular Basic Course (modular format). Level 1 for Peace Officer Standards and Training (P.O.S.T.) Basic Peace Officer Certification. Completion of these courses achieves the same certification as the full police academy (AJ 58RA/58RB/58RC). Prerequisite: Successful completion of Level III and Level II modular format (AJ 50RA/50RB and AJ 51RA/51RB); medical/physician’s release, Par Q; health/history statement. Corequisites: AJ 52RA and AJ 52RB (L) (Repeatable: May be taken four times only.)

**AJ 54RA—Peace Officer Orientation (1.5 units)**
832 PC; laws of arrest, search and seizure; communications; arrest and control techniques. Meets Peace Officer Standards and Training (POST) and Standards and Training for Corrections Program (STC). Recommended for students taking the correctional officer core course. (L) (Repeatable: May be taken four times only.)

**AJ 54RB—Peace Officer Orientation - Firearms (.5 unit)**
832 PC firearms training. Meets Peace Officer Standards and Training (POST) and Standards and Training for Corrections Program (STC). Prerequisite: DOJ fingerprint clearance. Recommended for students taking the correctional officer core course. (L) (Repeatable: May be taken four times only.)

**AJ 58RA—Basic Peace Officer Training (23.0 units)**
The Basic Academy consists of forty-two distinct and separate learning domains (880 hours of training) as mandated by Peace Officer Standards and Training (P.O.S.T.). Other areas of special instruction include twenty-four hours of controlled substance (11550 certified), expandable side-handled baton training, computer basics, F.A.T.S. (Firearms Tactical Simulation), EVOC held at the C.H.P. Training Facility, and police oral board preparation. The student will receive a Basic Academy Certificate upon graduation, which is recognized and required by the State of California for employment as a peace officer. Students must take AJ 58RB and 58RC simultaneously. Prerequisite: Background application, qualifying score on POST entrance exam (reading/writing assessment), demonstrate competency on essay, DMV driving record printout, D.O.J. fingerprint clearance, medical/physician clearance, successful completion of EVOC (24 hours vehicle operations) additional contract hours within the academy. Corequisites: AJ 58RA and AJ 58RB. (L) (Repeatable: May be taken four times only.)

**AJ 58RC—Basic Peace Officer Training (5 units)**
Practice scenario portion of the Basic Academy, Part III (C). Students must enroll in AJ 58RA and 58RB simultaneously. Prerequisite: Background application, qualifying score on POST entrance exam (reading/writing assessment), demonstrate competency on essay, DMV driving record printout, DOJ fingerprint clearance, medical/physician clearance, successful completion of EVOC (24 hours vehicle operations) additional contract hours within the academy. Corequisites: AJ 58RA and AJ 58RB. (L) (Repeatable: May be taken four times only.)

**AJ 70RA—Correctional Officer Core Course (7 units)**
Theory and application of corrections officer training; meets California Department of Corrections and Rehabilitation requirements. Units of course study include: criminal justice system, codes and statutes, professionalism/ethics, classification of inmates, contraband/evidence, booking and receiving, releasing, maintaining security, report writing, supervising inmates, distribution of supplies, monitoring health, management of inmate workers, screening visitors and mail, transport of outside facilities, emergency procedures, testifying in court and physical tasks. Prerequisite: medical clearance, health/history statement, Par Q. Corequisite: AJ 70RB (L) (Repeatable: May be taken four times only.)

**AJ 70RB—Correctional Officer Core Course (.5 units)**
Theory and application of corrections officer training; meets California Department of Corrections and Rehabilitation requirements. This section covers the assisive behavior and restraint techniques. Prerequisite: medical clearance, health/history statement, Par Q. Corequisite: AJ 70RA (L) (Repeatable: May be taken four times only.)

**AJ 202R—Juvenile Corrections Officer Core Course (v.5-6 units)**
Basic concepts and skills for “entry level” Juvenile Corrections Officer, including overall mission, role, and function in the California Juvenile Justice System; major tasks and responsibilities; competency in various knowledge and skill requirements. Meets California Board of Corrections, division of Standards and Training for Corrections (STC) requirements for “entry level” Juvenile Counselors. Prerequisite: Presently employed as a Juvenile Corrections Officers. (Repeatable: May be taken four times only.)

**AJ 203R—Advanced Officer Training (5 to v.2.5 units)**
Current topics in Administration of Justice areas, including legal updates, officer safety; community relations, use and control of force, and other related subjects; directed toward law enforcement personnel and designed to satisfy State-mandated training. Information will be provided in nine-hour modules. Prerequisite: Successful completion of a POST Basic Academy, POST SIBC Academy or Correctional Academy. Grades are CR/NC. (Repeatable: May be taken four times only.)

**AJ 204R—Indicators of a Person Under Influence of Controlled Substances (v.5-1 or v.5-1.5 units)**
History, characteristics, legal aspects, and methods of detecting the use of controlled substances. Grades are CR/NC. (Repeatable: May be taken four times only.)

**AJ 206R—Hazardous Materials/Basic Awareness (0.5 unit)**
Emergency procedures for the first responder to a hazardous materials spill. Open to all personnel that might be the first on the scene of a toxic spill. Emphasis on safety, isolation, and notifications. Meets the State of California mandates for “basic awareness” training as prescribed by the California State Training Institute (CSTI). Course will teach skills needed for those in law enforcement, probation, corrections, or security services. Grades are CR/NC. (Repeatable: May be taken four times only.)
Programs and Courses

AJ 207RA—CPR/First Aid (1.5 units)
Emphasis on medical emergencies, general first aid, and cardiopulmonary resuscitation (CPR). CPR certification is through American Red Cross and is valid for two years; First Aid certification is through American Red Cross and is valid for three years. Taught as 9 hours of CPR and 18 hours of First Aid. Primarily designed for law enforcement personnel and healthcare providers (one and two rescuers), but is open to anyone. Grades are CR/NC. (Repeatable: May be taken four times only.)

AJ 207RB—CPR/First Aid Refresher (.5 units)
Refresher course with emphasis on medical emergencies, general first aid, and cardiopulmonary resuscitation (CPR). CPR re-certification is through American Red Cross and is valid for two years; First Aid certification is through American Red Cross and is valid for three years. Primarily designed for law enforcement personnel and healthcare providers (one and two rescuers), but is open to anyone who has completed the initial course. Grades are CR/NC. (Repeatable: May be taken four times only.)

AJ 208R—Police Report Writing Essentials (3 units)
Meets performance objectives for police report writing as prescribed by the California Commission on Peace Officer Standards and Training (POST) for the basic academy course. Course will enhance writing skills for those in law enforcement, probation, corrections, or security services. Deals with a broad range of police report writing problems, including grammar and composition, field notes, crime notes, characteristics of a good report, and communicating in a clear and understandable manner. (Repeatable: May be taken four times only.)

AJ 210R—Child Care Health and Safety (0.5 unit)
Designed to meet the requirements of Assembly Bill 962. Subject matter relates to child day care and is appropriate for anyone dealing with children on a regular basis where knowledge of CPR, Pediatric First Aid, and Health and Safety Training may be needed. Satisfies all requirements of the American Red Cross California Childcare Course. Grades are CR/NC. (Repeatable: May be taken four times only.)

AJ 211R—Gang Awareness (0.5 unit)
For in-service law enforcement officers, Administration of Justice students, and civic leaders with an interest in learning what constitutes a gang and how to identify gang members and their habits and movements. Grades are CR/NC. (Repeatable: May be taken four times only.)

AJ 212R—Satanic Cults (0.5 unit)
Examines law enforcement aspects of the Satanism cult history, signs, and symbols; crime scene investigation and officer safety issues are covered. Grades are CR/NC. (Repeatable: May be taken four times only.)

AJ 214R—Chemical Agents (0.5 unit)
Meets performance objectives for peace officers to carry and use chemical agents as mandated by the California Commission on Peace Officer Standards and Training (POST). Course will teach skills needed for those in law enforcement, probation, corrections, or security services. Grades are CR/NC. (Repeatable: May be taken four times only.)

AJ 215R—Undercover Narcotics Operations (0.5 unit)
Designed to provide new and journey level law enforcement officers with the knowledge and skills required to successfully conduct an undercover narcotics operation. Grades are CR/NC. (Repeatable: May be taken four times only.)

AJ 217RA—Specialized Investigator’s Basic Course (20 units)
Specifically designed as an entry-level course for State and county investigators. Meets requirements for State Investigators as prescribed by the Commission of Peace Officer Standards and Training. Prerequisite: Medical /physician’s release clearance, health/history statement, ParQ, DOJ fingerprint clearance. Corequisite: AJ 217RB. (L) (Repeatable: May be taken four times only.)

AJ 217RB—Specialized Investigator’s Basic Course (8 units)
Motor skills module specifically designed as an entry-level course for State and county investigators. Meets requirements for State investigators as prescribed by the Commission of Peace Officer Standards and Training. Prerequisite: DOJ fingerprint clearance, medical/physician’s release clearance, health/history statement, ParQ. Corequisite: AJ 217RA. (L) (Repeatable: May be taken four times only.)

AJ 218R—Field Training Officer (2.5 units)
Designed to provide an understanding of the goals and objectives of the California Commission on Peace Officer Standards and Training (POST) Field Training Officer course. The material will be directed to law enforcement personnel and is designed to satisfy course expectations and requirements for new field training officers (FTO). The information is presented in nine-hour modules. Prerequisite: Successful completion of a POST Basic Academy, or have agency approval. Grades are CR/NC. (Repeatable: May be taken four times only.)

AJ 219RA—Basic Requalification Course (4.5 units)
This course is for the recertification of persons who previously completed a POST certified basic course and who have a three-year or longer break in service as a peace officer or level 1 reserve. Prerequisite: CA Basic Police Course certification; DOJ clearance; medical clearance, health history, ParQ. Corequisite: AJ 219RB. (Repeatable: May be taken four times only.)

AJ 219RB—Basic Requalification Course (1.5 units)
This course is for the recertification of persons who previously completed a POST certified basic course and who have a three-year or longer break in service as a peace officer or level 1 reserve. Prerequisite: CA Basic Police Course certification; DOJ clearance; medical clearance, health history, ParQ. Corequisite: AJ 219RA. (Repeatable: May be taken four times only.)

AJ 220R—Radar Operator Course (1 unit)
Designed to train law enforcement officers in the operation of police radar devices; emphasis on the history, principles, theory, and laws relating to radar operation; includes the technical use of radar, set-up, equipment calibration, and courtroom testimony. Grades are CR/NC. (Repeatable: May be taken four times only.)

AJ 221R—Investigation and Trial Preparation (4 units)
Designed to orient peace officers who have been, or are about to be assigned to investigative staff of district attorney’s offices. Pursuant to P.O.S.T. regulations, Investigators must complete this course within one year of employment as a district attorney investigator. Successful students will receive a certificate of completion. Topics include: Roles of the investigator, professionalism and ethics, victimology, witness and informant management, special victim investigations, trial preparation and support, evidence search and seizure, civil process, investigative techniques, family support investigations, officer-involved incidents, and other relevant topics. $200 non-refundable material fee. Students must have completed the POST Basic Police Academy or be sponsored by a law enforcement agency. (L) (Repeatable: May be taken four times only.)
Programs and Courses

Agriculture, Environmental Horticulture, and Plant Science

Career opportunities in agriculture, environmental horticulture and plant science are many and varied. They include jobs in the food, fiber, and nursery industries; jobs in air, land, water, and natural resources; as well as jobs in pest management, veterinary technology, environmental regulation and protection; biotechnology; accounting, and farm management.

Plant Science courses and the Veterinary Technology program (see Veterinary Technology) are offered at the Marysville campus. Environmental horticulture and plant science courses are offered at the Woodland campus. Courses in animal science, agricultural business, and plant science are available online.

Students planning to transfer need to see a counselor to ensure they are taking the correct courses.

**AG 11—Agricultural Accounting (3 units) CSU**

Basic principles of accounting as applied to agricultural business and farm operations; development of skills needed to create a general ledger and then develop and analyze a balance sheet and profit and loss statement; standard accounting procedures are covered with emphasis on both hand and computer applications. (LM)

**AG 12—Computers in Agriculture (3 units) CSU**

Computer use in the workplace with emphasis on agricultural applications. Business computer applications, including word processing, spreadsheets, and presentation managers will be covered. Also included will be accessing information using the Internet including GPS/GIS, IPM/pest management, regulation and compliance, sustainable agriculture, buying/selling online, university research, etc. (LM)

**AG 13—Marketing (3 units) CSU**

Principles and applications of marketing applied to entrepreneurial ventures including concepts, methods, tactics, and strategies. Traditional methods of marketing as well as marketing on the Internet will be included. Students will develop a marketing plan for a business of their choice. (L)

**AG 14—Entrepreneurship (3 units) CSU**

Principles of establishing and managing a small business, including the preparation of a business plan; emphasis on goal-setting, types of business organizations, obtaining licenses and permits, financing options, accounting aspects, legal requirements, managing the enterprise, and other aspects in business entrepreneurship. (LM)

**AG 32R—Internship (v1-4 units) CSU**

On-the-job training that coordinates individual career goals with placement at a job site. A maximum of 8 semester units may be earned with a 4-unit maximum per semester. Students enrolling in this class are not eligible for work experience or other internship classes during the same semester. Grades are CR/NC. (Repeatable: May be taken two times only.)

**AG 44—Horse Production (3 units) CSU**

Overview of the principles of horse production, including: anatomy, physiology, reproduction, nutrition, health, breeds and breeding, as well as basic horse vaccination and disease prevention. (LM)

**AG 45—Principles of Animal Science (3 units) CSU/UC**

Overview of the principles of animal science and the interrelationships of domestic animals and mankind; investigation of animal anatomy, physiology, reproduction, nutrition, health, products and by-products, as well as behavior and genetics from a scientific perspective. Not open to credit to student with credit in AG 45L. (LM)

**AG 45L—Principles of Animal Science (4 units) CSU/UC**

Overview of the principles of animal science and the interrelationships of domestic animals and mankind; investigation of animal anatomy, physiology, reproduction, nutrition, health, products and by-products, as well as behavior and genetics from a scientific perspective. Current topics on influence of humans on genetic potential and productivity will be addressed. Experimental design and reporting, animal dissections, basic animal handling and husbandry practices, recognition of animal health, and use of biotechnology in animal science will also be addressed. Not open for credit to student with credit in AG 45. (LM)

ENVHR 20—Fundamentals of Environmental Horticulture (3 units) CSU

Fundamentals of environmental horticulture, including garden practices, environment and plant growth, pruning, propagation, soils, fertilizers, and greenhouse techniques.
Programs and Courses

**ENVHR 220C—Gardening: Controlling Yard Pests** (.5 unit)
The basics of controlling pests of the home yard: insects, diseases and weeds. A variety of techniques will be discussed including organic techniques. Grades are CR/NC.

**ENVHR 220D—Gardening: Irrigation** (.5 unit)
The course will cover the basics of selecting and designing irrigation systems for the home yard including drip, sprinkler and flood irrigation. Grades are CR/NC.

**ENVHR 220E—Gardening: The Organic Way** (.5 unit)
The course will cover the basics of managing the home landscape using organic techniques. Organic techniques of fertilizing as well as insect, disease and weed control will be examined. Grades are CR/NC.

**Plant Science**

**PLSCI 20—Principles of Plant Science** (3 units)  
CSU/UC UC-Unit Limit
Principles of plant growth including structure, growth processes, propagation, physiology, growth media, and biological competitors. Not open for students with credit in PLSCI 20L. (LM)

**PLSCI 20L—Principles of Plant Science** (4 units)  
CSU/UC UC-Unit Limit
Principles of plant growth including structure, growth processes, propagation, physiology, growth media, and biological competitors. Laboratory topics include microscope use, plant structures internal and external, photosynthesis, respiration and other aspects of plant growth and development. Not open for credit to student with credit in PLSCI 20. (LM)

**PLSCI 21—Fertilizers and Plant Nutrition** (3 units) CSU
Covers the composition, value, selection, and use of fertilizer materials and soil amendments. Soil, plant, and fertilizer relationships will be covered. Application practices currently being used in California will be discussed. Organic fertilizers will also be discussed. (LM)

**PLSCI 22—Introduction to Soils** (3 units)  
CSU/UC UC-Unit Limit
Physical, chemical, and biological properties of soils as related to plant growth and soil formation. Including the study of soil development, classification and characteristics; soil use and management including erosion, moisture retention, structure, cultivation, organic matter and microbiology. Not open for credit to student with credit in PLSCI 22L. (LM)

**PLSCI 22L—Introduction to Soils** (4 units)  
CSU/UC UC-Unit Limit
Physical, chemical, and biological properties of soils as related to plant growth and soil formation. Including the study of soil development, classification and characteristics; soil use and management including erosion, moisture retention, structure, cultivation, organic matter and microbiology. Not open for students with credit in PLSCI 22. (LM)

**PLSCI 30—Principles of Pest Management** (3 units)  
CSU
Principles of pesticide management including: pesticide laws and regulations; identification and symptoms of plant pests; modes of pesticide action; principles of integrated pest management; non-pesticide pest control; effective and safe use of herbicides, insecticides, fungicides, and other crop protection chemicals; and pesticide record-keeping. This course will assist students in preparation for the State applicator certification test. (LM)

**PLSCI 31—Introduction to Sustainable Agriculture** (3 units)  
CSU
Introduction to the history, definitions, concepts, principles, and practices of sustainable agricultural systems. Sustainability topics to be discussed include: organic farming, integrated pest management, holistic resource management, non-organic sustainable agriculture, low-input sustainable agriculture, etc. Local examples of enterprises using sustainable agricultural systems will be discussed. (L)

**PLSCI 52R—Pesticide Applicator Certification** (1 unit)
Theory and practice of pesticide application. Preparation for the California Pest Control Applicator’s Licensing Examination. 18 hours of continuing education credit has been applied for. Grades are CR/NC. (Repeatable: May be taken four times only.)

**PLSCI 60R—Sensory Wine Evaluation** (1 unit)
A sensory course designed for individuals to learn organoleptic tasting techniques, characteristics and styles of wine varieties, regional varietal differences, wine growing regions and tasting techniques. This class has a $40 materials fee above the regular enrollment fee. Must be at least 21 years of age. Grades are CR/NC. (Repeatable: May be taken four times only.)

**Anthropology**

**ANTHR 1—Introduction to Physical Anthropology** (3 units)  
(CAN ANTH 2) CSU/UC
Study of human biology, genetics, theory of evolution, primatology, changes in humans through time, human fossil record, human variations today, significance of culture. (L)

**ANTHR 2—Cultural Anthropology** (3 units)  
(CAN ANTH 4) CSU/UC
Diversity of cultures from aspects of universals of language, economics, kinship, art, religion, technology, etc.; functional aspects of culture and cultural change; varieties of customs and institutions of different peoples; significance of human culture. (L)

**ANTHR 3—Introduction to Archaeology** (3 units)  
CSU/UC
Introduction to the methods and theories of modern archaeology, including site exploration and interpretation; patterns of evidence for human behavior from the first humans to the beginnings of written history. (L)

**Applied Science**

**APSCI 22—Hydraulics (Fluid Power)** (3 units)  
CSU
Application of hydraulics (fluid power) to the fields of automotive, machine trades, robotics, industry, and agriculture. Not open for credit to student with credit in AUTO 22 or AG 28. (L)
Architectural Studies

DRAFTING

DRAFT 30—Introduction to Drafting Technology
(3 units)

Fundamentals of drafting graphic communication and drawing; sketching and conventional drafting practices and methods will be covered, in addition to basic AutoCAD object creation and editing; ASME Y14 standards emphasized; AutoCAD will be used to complete the applied laboratory exercises. (LM)

DRAFT 31—Descriptive Geometry
(3 units)

Principles of descriptive geometry used for graphic representation and solution of space problems; application of skewed line theorems and advanced orthographic projection techniques to solve graphically applied problems dealing with points, lines, planes, and solids in space. Prerequisite: DRAFT 30 with a grade of “C” or better.

DRAFT 32—Architectural Delineation
(3 units)

Study and process of creating three-dimensional representations of objects and structures on two-dimensional media, including perspectives, oblique, and axonometric parallel drawing systems; application of shades, shadows, and entourage (trees, shrubs, etc.) to three-dimensional representations; both freehand and constructed approaches will be used. (L)

DRAFT 33—Surveying a Parcel Boundary
(1 unit)

Theory and application of the principles of parcel boundary surveying; assist in the actual execution of a Record of Survey of a parcel in the Sacramento Valley; research; introduction to the principles of boundary surveying; deed analysis; actual field survey; calculations; boundary resolution; preparation of a Record of Survey map; submission of the map to the County Surveyor; recordation of the map. (LM)

DRAFT 34—Architectural Computer-Aided Drafting
(3 units)

CU/UC UC-Unit Limit

The preparation of architectural working drawings with AutoCAD; introduction to design considerations, building codes, specifications, and architectural detailing; emphasis on CAD delineating, sheet layout, and communication through the use of freehand sketching; focuses on residential construction. Prerequisite: DRAFT 30 with a grade of “C” or better.

DRAFT 35—Architectural Design and Presentation
(3 units)

CU/UC

Introduction to basic architectural design theory to develop knowledge and abilities in theories, processes, and methods related to design, organization, space, and form; development of design program specific to client needs; color applied to architectural renderings; analysis and preparation of architectural presentation drawings. Prerequisite: DRAFT 32, with a grade of “C” or better.

DRAFT 36—Drafting Design Problems
(3 units)

CU

Topics in architecture selected to correspond with student and instructor interest to provide opportunity to explore areas of architecture not offered in the regular department curriculum. Both presentation and working drawings required will be produced using AutoCAD and architectural software. Prerequisite: DRAFT 32, 34, and 35.

DRAFT 38—Intermediate Computer-Aided Drafting
(3 units)

CU/UC UC-Unit Limit

Intermediate 2D drawing and editing features of AutoCAD; creation of 3D wireframe, surface, and solid models. Development of assembly, orthographic and exploded views from solid models. Applications of CAD for architecture, civil engineering and mechanical drafting; rendering to produce photo-realistic images; introduction to Auto CAD customization. Prerequisite: DRAFT 30, or equivalent.

DRAFT 39—Advanced Computer-Aided Drafting
(3 units)

CU/UC UC-Unit Limit

Presents the creation of three dimensional object based architectural models for residential and commercial structures using AutoCAD Architectural Desktop; creation of mass models for space planning, space boundaries and wall generation. Development of architectural working drawings from models; 3D architectural walk throughs; material mapping and rendering of architectural models to produce photo-realistic images and outputs. Prerequisite: DRAFT 38.

</table>
ART 3A—Women in Art I (3 units)  
Role of women as artists in the Western World, beginning in the Middle Ages and concluding in the Twentieth Century art world. Not open for credit to student with credit in HUMAN 26A or WOMEN 26A. (L)

ART 3B—Women in Art II (3 units)  
The role of women as visual artists in Europe and the Americas, focusing on the Twentieth Century. Not open for credit to student with credit in HUMAN 26B or WOMEN 26B. (L)

ART 4A—Drawing and Composition (1 or 2 or 3 units) (CAN ART 8)  
Drawing and composition using various materials; basic instruction in perspective, landscape, still life, and other subjects. (L)

ART 4B—Drawing and Composition (1 or 2 or 3 units)  
Drawing and composition using various materials; basic instruction in figure drawing and architectural studies. Prerequisite: ART 4A.

ART 5—Art Appreciation (3 units)  
Introduction to art appreciation with an emphasis on basic 2D, 3D, and film mediums and their relationships to humanities. Historical and contemporary work with a multicultural focus will be emphasized. Not open for credit to student with credit in HUMAN 5. (L)

ART 6A—Basic Design (3 units)  
Elements and principles of design as they relate to all forms of art, including two-dimensional problems.

ART 6B—Basic Design (3 units)  
Elements and principles of design as they relate to all forms of art, including two- and three-dimensional problems.

ART 7A—Creative Materials (3 units)  
Creative activities for young children (2-8 years old), including planning and implementing painting, drawing, print-making, weaving, stitchery, batik, collage, sculpture, puppet-making, and modeling materials. Not open for credit to student with credit in ECE or ART 7 or 7A. (L)

ART 7B—Worldwide Arts for Children (3 units)  
Multicultural/ethnic art activities for young children, including planning and integrating projects across the curriculum; construction of age-appropriate art objects representative of cultures and religions in West Africa, the Middle East, Europe, Asia, Mexico, Central America, South America, Caribbean Islands, the United States, and Canada. Not open for credit to student with credit in ECE 7B or ART 23. (L)

ART 7C—Theory and Processes of Children's Art (3 units)  
Philosophies of how art should be taught to children; theories which explain how children develop artistically; processing skills involved in art making. Not open for credit to student with credit in ECE 7C. (L)

ART 8A—Watercolor Painting (2 units)  
Basic principles and elements of watercolor painting in various techniques; wet on wet, washes, and drybrush; concepts of form, color, content, and space are explored. Recommend ART 4A.

ART 8B—Watercolor Painting (2 units)  
Basic principles and elements of watercolor painting in various techniques: wet-on-wet, washes, and drybrush. Advanced techniques applied; portfolio of personal work developed. Prerequisite: ART 8A.

ART 9A—Painting (1 or 2 or 3) (CAN ART 10)  
Basic instruction in painting and introduction to materials; emphasis on technique.

ART 9B—Painting (1 or 2 or 3)  
Further exploration of painting media and techniques; emphasis on painting from life.

ART 10—Art Appreciation (3 units)  
Studio course focused on the actual creation of a large mural; design the composition, prepare the wall, and produce the mural. (M)

ART 11—Mural Painting (3 units)  
Studio course focused on the actual creation of a large mural; design the composition, prepare the wall, and produce the mural. (M)

ART 12A—Ceramics (1 or 2)  
Basic techniques and processes; artistic and creative expression through the use of clay.

ART 12B—Ceramics (1 or 2)  
Advanced techniques and processes; artistic and creative expression through the use of clay and glazes. Prerequisite: ART 12A.

ART 13A—Photography (3 units)  
Photography area of Art. Prerequisite: PHOTO 1R or ART 31R or higher, or concurrent enrollment. (Repeatable: May be taken four times only.)

ART 13B—Photography (3 units)  
Advanced principles and elements of art and their function in design as related to all phases of art. Not open for credit to student with credit in ART 39R. Prerequisite: ART 6B. (Repeatable: May be taken two times only.)

ART 14A—Sculpture (2 units)  
Introductory course in sculpture; using and exploring the media of clay, wood, plaster, and armature building. (L)

ART 14B—Sculpture (2 units)  
Further study of three-dimensional construction using clay, plaster, wood, and armature building. Prerequisite: ART 14A.

ART 15A—Printmaking (2 units)  
Techniques and expression in printmaking; relief, stencil, intaglio processes; explore the visual and expressive potential of the fine print. (L)

ART 15B—Printmaking (2 units)  
Practice of printmaking; relief, stencil, and intaglio processes; explore the visual and expressive potential of the fine print. Prerequisite: ART 15A.

ART 19A—Introduction to Commercial Art (2 units)  
Basic concepts of commercial art and its uses, stressing layout design, lettering, and simple illustration; special attention paid to studio problems from idea to production.

ART 19B—Commercial Art: Illustration (2 units)  
Studio practice in the basic concepts and techniques of commercial illustration, using typical projects that occur in employment situations; stress on various media, portfolio, and camera-ready work. Prerequisite: ART 19A.

ART 25R—Multimedia Design/Writing (4 units)  
Principles and practice of designing and writing multimedia projects including newsletters, booklets, academic documents, presentations, reports, flyers, press releases, posters and web pages. Emphasis on applying art theory and effective writing techniques to individual and group projects. (Repeatable: May be taken two times only.)

ART 26—Photography (1 or 2)  
Exploration into basic camera operation and black and white processing and printing. History and development of photography. Emphasis is on personal expression. Adjustable camera preferred. (L) (R1) (Repeatable: May be taken two times only.)
ART 32A—Intermediate Black and White Photography  
(3 units)  
CSU  
Advanced darkroom processes, zone system, archival processing, print and negative chemical manipulation; introduction to large format camera; discussion and critical analysis of assigned exercises. Field sessions included. Prerequisite: ART 31R, or MCOMM 11R, or PHOTO 1R. Not open for credit to student with credit in PHOTO 2A. (LM)

ART 32B—Intermediate Black and White Photography  
(3 units)  
CSU  
Qualitatively oriented advanced black and white course allowing further development of concepts attained in 32A. Emphasis on advanced Zone System, large format camera, and individual creative problem solving. Prerequisite: ART 32A or PHOTO 2A. Not open for credit to student with credit in PHOTO 2B.

ART 32CR—Advanced Projects - Black and White  
(3 units)  
CSU  
Individual exploration of advanced black and white photography concepts such as refining zone system, infrared photography, large format camera, etc. within a structured but non-confining framework. Prerequisite: ART 36BR. (Repeatable: May be taken two times only.)

ART 33—Advanced Photography  
(3 units)  
CSU  
Black and white and color photography; further exploration within the area of interest. Assignments in creative problem-solving with studio lighting and the large format camera; a culminating experience within the department; preparation of final portfolios. Prerequisite: ART 32B or 34A or PHOTO 2B or 4A. Not open for credit to student with credit in PHOTO 3.

ART 34A—Introduction to Color Photography  
(2 units)  
CSU  
Traditional and alternate methods of color printing and processing; toning; hand coloring, painting on film. Appreciation of creative uses of color photography. Prerequisite: ART 31R or PHOTO 1R or consent of instructor. Not open for credit to student with credit in PHOTO 4A.

ART 34B—Intermediate Color Photography  
(2 units)  
CSU  
Further exploration in creative uses of color materials and processes. Slide production, duping, masking, inter-negatives. Not open for credit to student with credit in PHOTO 4B. Prerequisite: PHOTO 4A or ART 34A.

ART 34CR—Advanced Projects - Color Photography  
(2 units)  
CSU  
Individual exploration of advanced color photography concepts such as multiple imagery, image transfer manipulation, etc., within a structured but non-confining framework. Prerequisite: ART 34B. (Repeatable: May be taken two times only.)

ART 35—Creative Photo Documentary  
(3 units)  
CSU  
Intended to develop an understanding and appreciation of the photograph as it is used in social and personal commentary. Individual exploration and creativity is encouraged. Prerequisite: ART 31R or PHOTO 1R or MCOMM 11R. Not open for credit to student with credit in PHOTO 5.

ART 36A—Digital Photography (3 units)  
CSU  
Introduction to digital photography, including exposure control, file formats, archiving, and basic image editing/manipulation. Knowledge of basic computer operation is highly recommended. Prerequisite: Completion of ART 31R or MCOMM 11R, or consent of instructor.

ART 36BR—Introduction to Photoshop  
(3 units)  
CSU  
Introduction to the vast image editing possibilities of Adobe Photoshop, including global and local color/tonal/contrast controls via selections, masks and adjustment layers to produce reproduction quality output, creative retouching and montaging, and transmissive/reflective scanning. Prerequisite: ART 38AR or ART 36A. (Repeatable: May be taken two times only.)

ART 36CR—Advanced Projects - Digital  
(3 units)  
CSU  
Individual exploration of advanced digital imaging concepts within a structured environment. Projects may include advanced montaging, text layers, web authoring, integration with other 2D/3D mediums. Self-generated projects are emphasized. Prerequisite: ART 36BR. (Repeatable: May be taken two times only.)

ART 38AR—Digital Imaging  
(2 units)  
CSU  
Designed to familiarize the artist with electronic imaging fundamentals. Basic Photo shop, scanning, and electronic pre-press; electronic dissemination, ethics, and copyright issues. Basic computer operation is recommended. Prerequisite: ART 34A. (R2) (Repeatable: May be taken three times only.)

ART 38B—Field Workshop-Black and White  
(1, 2, or 3 units)  
CSU  
Intensive location field workshops covering specific topics in black and white photography especially suited for the particular season and geographic location. Student responsible for cost of meals, lodging, transportation, and materials. Prerequisite: Completion or concurrent enrollment in ART 31R or MCOMM 11R, or ART 36A. (Repeatable: May be taken four times only.)

ART 38CR—Advanced Projects - Color/Digital  
(1, 2, or 3 units)  
CSU  
Intensive location field workshops covering specific topics in color/digital photography especially suited for the particular season and geographic location. Student responsible for cost of meals, lodging, transportation, and materials. Prerequisite: Completion or concurrent enrollment in ART 31R or MCOMM 11R, or ART 36A. (Repeatable: May be taken four times only.)

ART 40—Individual Problems in Watercolor  
(2 units)  
CSU/UC  
Advanced work in principles and elements of watercolor painting in various techniques; exploration and development of personal style. (Repeatable: May be taken two times only.)

ART 41—Individual Problems in Painting  
(1 or 2 or 3 units)  
CSU/UC  
Advanced painting in which student works on individual painting problems in consultation with instructor. Prerequisite: ART 9A and 9B. (Repeatable: May be taken two times only.)

ART 42—Individual Problems in Ceramics  
(1 or 2 units)  
CSU/UC  
Supervised work as a studio potter; development of advanced techniques and personal expression. Prerequisite: ART 12B. (R1) (Repeatable: May be taken two times only.)

ART 43—Individual Problems in Printmaking  
(2 units)  
CSU/UC  
Advanced exploration and in-depth approach to printmaking. Prerequisite: ART 15A and 15B. (Repeatable: May be taken two times only.)

ART 44—Individual Problems in Drawing  
(2 or 3 units)  
CSU/UC  
Development of a personal drawing style at an advanced level, working in series with the goal of producing a coherent group of works. Prerequisite: ART 4B. (Repeatable: May be taken two times only.)

ART 45—Individual Problems in Commercial Art  
(2 units)  
CSU/UC  
Further development of skills in techniques and mechanics of illustration, lettering, and layout; advanced level mastery and critique. (Repeatable: May be taken two times only.)

ART 46—Individual Problems in Sculpture  
(2 units)  
CSU/UC  
Advanced techniques and processes; creative and personal expression in three-dimensional forms. Prerequisite: ART 14B. (Repeatable: May be taken two times only.)
Astronomy

ASTRO 1—Introduction to Astronomy (3 units)  
Survey of the solar system, stars, galaxies; history and tools of astronomy, cosmology, and exploration of space. (LM)

ASTRO 1L—Introduction to Astronomy with Lab  
Survey of the solar system, stars, galaxies; history and tools of astronomy, cosmology, and exploration of space. Lab covers the study and interpretation of astronomical observations through the use of prepared astronomy exercises, use of telescopes or computer simulations of telescopes, naked eye observation of celestial bodies, and laboratory activities using various quantitative measuring devices. Not open for credit for students with credit in ASTRO 1. (LM)

ASTRO 11—Astronomy Laboratory (1 unit)  
Study and interpretation of astronomical observations through the use of prepared astronomy exercises and computer simulations. Some observations of celestial bodies by naked eye and/or the use of telescopes and other instruments. Prerequisite: ASTRO 1 which may be taken concurrently. (LM)

Automotive Technology

The Automotive Technology Program is designed to provide students with the qualifications needed to fill entry-level positions in the automotive and related repair fields. The Certificate program also provides additional training for those already employed who desire to improve their skills and abilities. These programs can be completed in one or more semesters. The various Certificates of Training parallel the national voluntary mechanics testing program offered by A.S.E., and are designed to prepare students to pass the A.S.E. tests. The Autobody courses utilize an I-car based curriculum.

AUTO 55 Advanced Tune-Up ............................................. 1
AUTO 61DR Engine Performance Experience ....................... 1
AUTO 95R State Emission Control License ............................ 1.5
Total units required for degree major ..................................... 27.5

AUTO 20—Automotive Technical Skills (3 units) CSU
Includes basic technical skills used by all automotive service and repair
technicians, including tool selection, use, and maintenance; practical
measuring skills; and useful bolt, nut, and thread repair techniques; also
includes electrical circuit meter usage and problem-solving techniques.

AUTO 21—Introduction to Automobiles (3 units) CSU
Comprehensive study of the automobile, including fundamental operating
principles, nomenclature, structural analysis, major design theories,
systems functions, systems service, minor repair procedures, major repair
complexities, current laws and regulations, political action, and personal
economics and decision-making.

AUTO 22—Hydraulics (Fluid Power) (3 units) CSU
Application of hydraulics (fluid power) to the fields of automotive, machine
trades, robotics, industry, and agriculture. Not open for credit to student with
credit in APSCI 22 or AG 28. (L)

AUTO 30—Manual Drive Trains-Gas and Diesel Vehicles
(3 units) CSU
Basic operating principles of automotive drive trains which consist of
clutches, standard transmissions/transaxles, drive shafts, drive axle assemblies,
and transfer cases. Emphasis on related gear, bearing, and lubrication
toold normal maintenance, service, and adjustment operations; problem
diagnosis; and overhaul procedures for gasoline and diesel vehicles.

AUTO 31—Automatic Transmissions-Gas and Diesel
Vehicles (4 units) CSU
Basic operating principles of automatic transmissions and transaxles,
including planetary gear sets, hydraulic operation, electronic controls, and
torque converters; normal maintenance, service, and adjustment operations;
problem diagnosis procedures; and overhaul procedures for automatic
and truck applications.

AUTO 32—Basic Fuel and Emission Systems
(3 units) CSU
Study of conventional and late model fuel system theory along with emission
system service is reviewed throughout course. Intended for preparation for
engine performance certification.

AUTO 32A—Fundamentals Fuel and Emission Systems (1.5 units) CSU
Provides a basic background of automotive fuel emission systems as it
relates to diagnosis, service, and repair; theory and service procedures are
included for basic carburetion, fuel injection, and emission control systems.
Not open for credit to student with credit in AUTO 32.

AUTO 32BR—Fuel and Emission Diagnosis and Service (1.5 units) CSU
Introduction to computer operations, computer-controlled carburetors, and
electronic fuel injection, including practical application of basic trouble-
shooting, service, and repair skills as they relate to fuel and emission control
systems on late-model domestic and import vehicles. (Repeatable: May be
taken four times only.)

AUTO 33—Fuel Systems (4 units) CSU
An in-depth study of conventional and state-of-the-art fuel systems; strong
emphasis is placed on electronic fuel injection and computerized fuel
management systems; additional study in 5-gas analyzers and combustion
theory included. Concurrent enrollment in AUTO 44 recommended.

AUTO 34—Basic Electrical Systems (3 units) CSU
Electron theory, DC circuits and wiring, starting and charging systems and
diagnosis; emphasis is on electronic and distributorless ignition systems;
troubleshooting skills will be emphasized throughout the course.

AUTO 34A—Fundamentals of Auto Electrical Systems
(1.5 units) CSU
Fundamentals of automotive electrical systems with emphasis on electron
theory and circuits, wiring, batteries, standard and electronic ignition
systems, starting and charging circuits, and lighting systems. Not open for
credit to student with credit in AUTO 34.

AUTO 34BR—Auto Electrical System Diagnosis/Service (1.5 units) CSU
Review of electron theory, circuits, wiring, battery, ignition systems, starting
and charging circuits; emphasis on later model electrical systems, including
computer systems and their related components, diagnostic troubleshooting,
and servicing. (Repeatable: May be taken four times only.)

AUTO 36—Air Conditioning & Heating Systems
(3 units) CSU
Basic operating principles of automotive air conditioning, heating, and
ventilating systems. Includes air conditioner and heater operation and en-
gine cooling system, system operation with normal service and adjustment
procedures, problem diagnosis, repair procedures, and an introduction to
automatic temperature systems.

AUTO 40—Brake Systems (4 units) CSU
Basic operating principles of automotive braking systems, including
brake theory, hydraulic operation, hydraulic control valves, power brake
units, electronic control systems/anti-lock brake systems (ABS); normal
maintenance and adjustment operations; problem diagnosis; and complete
rebuilding procedures.

AUTO 41—Alignment and Suspensions (4 units) CSU
Basic operating principles of automotive suspension and steering systems
with an emphasis on 4-wheel alignment, including suspension and steering
operating theory, tire repair and balancing, operating replacement of all
suspension and steering components, rebuilding of steering gears and
pumps, and front and rear wheel alignment.

AUTO 42—Principles of Diesel Engines (3 units) CSU
Concepts of diagnosis, tune-up, repair, removal, testing, repairing, adjusting
and replacement of industrial and agricultural diesel engines.
Programs and Courses

AUTO 44—Electrical Systems (6 units)  
Comprehensive study of current automotive electrical systems with a strong emphasis on diagnosis, service, and repair of wiring, ignitions, charging, starting, domestic and import computer management systems. Involves usage of manuals, meters, scanners, and state-of-the-art test equipment. Recommend enrollment in Auto 33.

AUTO 45—Engine Diagnosis and Rebuilding (4 units)  
Subject matter will include engine theory of operation, pre-earl down diagnosis, disassembly techniques, engine cleaning methods, measurement tools, component identification, lubrication systems, and assembly break-in procedures. Alternative fuels and hybrid engine drive train will also be presented.

AUTO 46—Engine Machining and Reconditioning (3 units)  
Applied principles of engine machining and reconditioning techniques with a strong emphasis on high performance production machining. Intended for students who desire further study and skills working with automotive machining and assembly methods.

AUTO 50A—Fundamentals of Engine Performance & Diagnostics (2 units)  
Introductory course emphasizing electrical and electronic control systems relating to engine performance. Activities include system identification, diagnostic equipment usage, service and repair information methods, and fundamental trouble-shooting skills.

AUTO 50BR—Advanced Engine Performance & Diagnostics (2 units)  
Advanced study with current automotive/diesel diagnostic tools and methods used to troubleshoot and repair complex problems related to fuel, electrical, computer, and emission controls, including diagnostic skills in driveability, on-board diagnostics I and II, including scan tools, meter usage, lab scopes, computerized analyzers and dynamometer five-gas emission diagnostic equipment, and other related equipment as it pertains to gas or diesel electronic engine management systems. Bureau of automotive Repair L-1 certification is offered upon successful completion of final test. (Repeatable: May be taken four times only.)

AUTO 51BR—Advanced Engine Performance/Emissions Systems, Bureau of Automotive Repair Certification (1.5 units)  
The Advanced Engine Performance/Emissions Systems meets the California State Bureau of Automotive Repair (B.A.R.) certification requirements for the basic and enhanced smog technician license upgrade certification as well as alternative training for ASE (Automotive Service Excellence) L-1 certification. Successful completion of this course allows technicians to maintain and update B.A.R. Emission Control Emission Advanced (EA) and Emission Basic (EB) license requirements. Grades are CR/NC. (Repeatable: May be taken four times only.)

AUTO 55—Advanced Tune-Up (5 units)  
Advanced automotive tune-up emphasizing problems pertaining to fuel ignition, emission, computers, wiring systems, and mechanical engine diagnostics. Latest diagnostic, tune-up equipment, and service skills will be demonstrated and used. Prerequisite: AUTO 33 and 44.

AUTO 61AR—Engine Repair Experience (1 unit)  
Individualized activities intended to meet the specific needs of advanced students through specialized training in automotive engine machining and reconditioning. Activities include in-depth operations not normally covered in the basic courses. Intended primarily for students with prior practical experience in automotive engine machining and reconditioning. Prerequisite: AUTO 46 or concurrent enrollment. (Repeatable: May be taken four times only.)

AUTO 61CR—Electrical Systems Experience (1 unit)  
Individualized activities intended to meet the specific needs of advanced students through specialized training in automotive electrical systems. Activities include in-depth operations not normally covered in the basic courses. Intended primarily for students with prior practical experience in automotive electrical systems. Prerequisite: AUTO 44 or concurrent enrollment. (Repeatable: May be taken four times only.)

AUTO 61DR—Engine Performance Experience (1 unit)  
Individualized activities intended to meet the specific needs of advanced students through specialized training in automotive engine performance. Activities include in-depth operations not normally covered in the basic courses. Intended primarily for students with prior practical experience in automotive engine performance. Prerequisite: AUTO 44 or concurrent enrollment. (Repeatable: May be taken four times only.)

AUTO 62AR—Automatic Transmission/Transaxle Experience (1 unit)  
Individualized activities intended to meet the specific needs of advanced students through specialized training in automatic transmission/transaxles. Activities include in-depth operations not normally covered in the basic course. Intended primarily for students with prior practical experience in automatic transmission/transaxles. Corequisite: AUTO 31 which may be taken prior to the current semester. (Repeatable: May be taken four times only.)

AUTO 62BR—Manual Drivetrains and Axles Experience (1 unit)  
Individualized activities intended to meet the specific needs of advanced students through specialized training in automotive manual drivetrains and axles. Activities include in-depth operations not normally covered in the basic course. Intended primarily for students with prior practical experience in automotive manual drivetrains and axles. Corequisite: AUTO 30 which may be taken prior to the current semester. (Repeatable: May be taken four times only.)

AUTO 62CR—Suspension and Steering Experience (1 unit)  
Individualized activities intended to meet the specific needs of advanced students through specialized training in automotive suspension and steering. Activities include in-depth operations not normally covered in the basic course. Intended primarily for students with prior practical experience in automotive suspension and steering. Corequisite: AUTO 41 which may be taken prior to the current semester. (Repeatable: May be taken four times only.)
Programs and Courses

**AUTO 62DR—Brake Experience (1 unit)**  
Individualized activities intended to meet the specific needs of advanced students through specialized training in automotive brakes. Activities include in-depth operations not normally covered in the basic course. Intended primarily for students with prior practical experience in automotive brakes. Corequisite: AUTO 40 which may be taken prior to the current semester. (Repeatable: May be taken four times only.)

**AUTO 62ER—Heating and Air Conditioning Experience (1 unit)**  
Individualized activities intended to meet the specific needs of advanced students through specialized training in automotive heating and air conditioning. Activities include in-depth operations not normally covered in the basic course. Intended primarily for students with prior practical experience in automotive heating and air conditioning. Corequisite: AUTO 36 which may be taken prior to the current semester. (Repeatable: May be taken four times only.)

**AUTO 63R—Basic Autobody Restoration (3 units)**  
Designed to teach basic autobody repair and refinishing techniques emphasizing techniques used to restore a vehicle. Topics covered will include equipment and safety procedures in the paint booth, types of refinishing materials used, determining the repair versus replace decisions and the damage removal sequence, paintless dent repair tools and processes, and determining the best welding technique to use in the repair. (L) (Repeatable: May be taken four times only.)

**AUTO 70—Introduction to Autobody Technology (4 units)**  
Introduces the student to the fundamentals of autobody collision repair. Topics will include Hazardous Material Regulations including handling, storage, and disposal of hazardous wastes, MSDS code information, personal protective equipment, repair facility safety, Oxyacetylene applications, the brazing process, vehicle design and collision energy management, repair issues, interior and exterior hardware, painted pinstripes, speaker mountings, and other bolt-on accessories. (L)

**AUTO 76—I-Car Autobody - Non-Structural 1 & 2 (4 units)**  
Includes the following: cosmetic straightening steel, bolted-on part replacement, moveable glass, steel GMA-MIG welding, squeeze-type resistance spot welding, welded and adhesively bonded panel replacement. (L)

**AUTO 77—I-Car Autobody - Refinishing 1 & 2 (4 units)**  
Covers all aspects of auto detailing; inspecting the finish, identifying finishes defects, removing finish defects, understanding interior and exterior final detailing. Will also cover refinishing equipment and VOC regulations, surface preparation and masking. (L)

**AUTO 95R—State Emission Control License (6.5 units)**  
Emphasis on preparing individuals who desire to be qualified in order to pass the State Emission Control License; intended for A-6 and A-8 certified automotive technicians and majors. Prerequisite: AUTO 55 or one year full-time employment with tune-up and drivability work experience or nine semester units in automotive fuel, electrical, and drivability course work, or ASE/BAR A-6, A-8 certification. Grades are CR/NC. (Repeatable: May be taken four times only.)

**AUTO 271—Uni-Body Technology (2 units)**  
Factory-approved repair procedures related to uni-body structural repair; includes automotive design, materials, and details of uni-body construction that affect load-bearing structure; emphasis on systematic damage evaluation, evaluation, straightening, replacing, sectioning, and the use of heat. Hands-on measuring, pulling, and welding using state-of-the-art equipment. Grades are CR/NC.

**AUTO 278—I-Car Autobody Shop Experience (4 units)**  
Designed to refine the student’s skills needed to be successful in a collision repair environment. Students will use the latest industry training standards to repair and refinish late model vehicles to factory standards. (L)

**AUTO 279R—Auto Topcoat Application Experience (1 unit)**  
Preparation and procedures for applying alkyd enamels, acrylic enamels, urethane, and polyurethane color coats, including base coat and clear coat and multiple stage color techniques; spray booth operation and automotive masking is emphasized. Corequisite: AUTO 70 or 76, or refinish shop experience recommended. (Repeatable: May be taken four times only.)

**Biology**

**BIOL 1—Principles of Biology (5 units)**  
(CAN BIOL 2) (CAN BIOL SEQ A=BIOL 1+2+3)  
CSU/UC  
Introduction to biology for majors that emphasizes the molecular, cellular, and environmental processes that are common to most organisms, including respiration, photosynthesis, molecular genetics, heredity, and evolution. Background in high school biology or chemistry is recommended. Prerequisite: MATH 52. (L)

**BIOL 2—General Zoology (4 units)**  
(CAN BIOL 4)  
CSU/UC  
Survey of the animal kingdom with emphasis on relationships, adaptation, development, morphology, physiology, and evolution of the major groups. Designed for biology majors and related fields but open to all qualified students. Prerequisite: BIOL 1 or BIOL 15 AND MATH 52. (L)

**BIOL 3—General Botany (4 units)**  
(CAN BIOL 6)  
CSU/UC  
Survey of the plant kingdom with emphasis on morphology, physiology, and systematics of the higher plants. Designed primarily for biology majors and related fields, but open to all qualified students. Prerequisite: BIOL 1 or BIOL 15 AND MATH 52. (L)

**BIOL 4—Human Anatomy (4 units)**  
(CAN BIOL 10)  
(CAN BIOL SEQ B=BIOL 4+5)  
CSU/UC  
Introduction to the gross and microscopic structure of the human body; emphasis placed on the structure and the role of the tissues, organs, and organ systems. Prerequisite: BIOL 1 and 15. (L)

**BIOL 5—Human Physiology (4 units)**  
(CAN BIOL 12)  
CSU/UC  
Introduction to the physiological mechanisms of the human body that lead to homeostasis; emphasis on the interrelationship of the cells, tissues, organs, and systems. Prerequisite: BIOL 1 or 15. (L)

**BIOL 6—Introductory Microbiology (4 units)**  
CSU/UC  
History, structure, metabolism, genetics, and ecology of microscopic life forms; their relationship to disease, immunology, agriculture, and industry. Laboratory emphasizes the development of techniques for the detection, isolation, and identification of both harmless and pathogenic species. Prerequisite: BIOL 1 or 15. (L)

**Total units required** | **32.5**

---

**Programs and Courses**

**BIOL 10—General Biology (3 units)**

CSU/UC UC-Unit Limit

General course for non-science majors about the science of life; explores origin, characteristics, regulation, replication, and interrelationship of living organisms. Not open for credit with credit in BIOL 10L. (L)

**BIOL 10L—General Biology (4 units)**

CSU/UC UC-Unit Limit

The science of life for non-science majors; exploration of the origin, characteristics, regulation, replication, and interrelationships of living organisms. Labs and lectures. Not open for credit with credit in BIOL 10. (L)

**BIOL 11—General Biology Laboratory (1 unit)**

CSU/UC UC-Unit Limit

Hands-on laboratory study for non-science majors; exploration of origin, characteristics, regulation, energy utilization, replication, and interrelationships of living organisms. Not open for credit to student with credit in BIOL 10L. Corequisite: None; BIOL 10 or equivalent may be taken. (L)

**BIOL 15—Bioscience (4 units)**

CSU/UC UC-Unit Limit

Introduction to basic biological principles, including cellular and organismal structure, energetics, control, physiology, genetics, evolution, and environmental interaction. (L)

**BIOL 20R—Field Studies in Biology (2 units)**

CSU

Field studies of the flora and fauna of selected areas of northern California; includes field trips that may require weekends, hiking, and an overnight trip. (L) (Repeatable: May be taken four times only.)

**BIOL 25—Human Genetics (3 units)**

CSU/UC

Designed for non-science majors to provide an understanding of basic principles of genetics, current developments in genetics, and the influence of genes and the environment in determining human characteristics. (L)

**BIOL 35R—Problem-Solving in Physiology (1 unit)**

CSU

Companion course to BIOL 5, Human Physiology; appropriate for those wishing additional review in Physiology; lectures, discussions, and case histories used to explore difficult concepts such as osmolality, nervous system function, acid-base balance, hormonal control, and immunity; time will be allowed for consideration of topics chosen by students. (L) (Repeatable: May be taken four times only.)

Total units required for degree major........................................... 18

ACCT 1—Principles of Accounting—Financial (4 units)
(CAN BUS 2) CSU/UC UC-Unit Limit
Accounting for business activities, general ledger, special journals, accounts receivable, cash control, depreciation, inventories, and other aspects. Same as ACCT 1L, but does not include computer applications for accounting partnerships and corporations. Not open for credit to student with credit in ACCT 1L. Prerequisite: Complete ACCT 10A OR Math 111 (or higher); AND BCA 15R or BCA 33AR. (LM)

ACCT 1L—Principles of Accounting—Financial (4.5 units)
(CAN BUS 2) CSU/UC UC-Unit Limit
Accounting for business activities, general ledger, special journals, accounts receivable, cash control, depreciation, inventories, and other aspects. Same as ACCT 1, but includes computer applications for accounting partnerships and corporations. Not open for credit to student with credit in ACCT 1. Prerequisite: Complete ACCT 10A OR Math 111 (or higher); AND BCA 15R or BCA 33AR. (LM)

ACCT 2—Principles of Accounting—Managerial (4 units)
(CAN BUS 4) CSU/UC UC-Unit Limit
Emphasizes accounting principles and tools used by management in the decision-making process, including management accounting, budgetary techniques, cost flow procedures, financial statements and management reporting procedures. Same as ACCT 2L, but does not include computer applications for accounting partnership and corporations. Not open for credit to student with credit in ACCT 2L. Prerequisite: ACCT 1 or 1L with a grade of “C” or better. (LM)

ACCT 2L—Principles of Accounting—Managerial (4 units)
(CAN BUS 4) CSU/UC UC-Unit Limit
Emphasizes accounting principles and tools used by management in the decision-making process, including management accounting, budgetary techniques, cost flow procedures, financial statements, management reporting procedures, and computer applications in accounting. Not open for credit to student with credit in ACCT 2. Prerequisite: ACCT 1 or 1L with a grade of “C” or better. (CAN BUS SEQ=Acct 1 & 2 or Acct 1L & 2L)

ACCT 3R—Computerized Accounting (3 units)
CSU
Computerized accounting using QuickBooks Pro. Basic through intermediate features for small and medium size businesses including banking, sales and customers, purchases and vendors, inventory, reports and graphs. Application of all aspects of accounting cycle. Prerequisite: ACCT 10A or equivalent. (LM)

ACCT 6R—Individual Income Taxes-Federal/State (4 units)
CSU
Individual income tax preparation, forms, and computations; business and professional returns; federal and state returns. Meets State of California certification as a tax preparer. Recommendation: Completion of ACCT 10A or some experience will be helpful. (LM) (Repeatable: May be taken four times only.)

ACCT 9—Business Payroll Procedures (3.5 units)
CSU
Introduction to payroll terminology, procedures, calculations, record-keeping, timelines, percentages, limitations, and laws that relate to maintaining payroll for business firms in California; computerized payroll procedures will be presented. No prior accounting knowledge is necessary. (LM)

ACCT 10A—General Accounting (3 units)
CSU
Introductory accounting course covering accounting principles and practices, the complete accounting cycle and creation of financial reports. Use of the general journal and special journals, general ledger, accounts payable, accounts receivable and proper financial reporting. (LM)
Programs and Courses

ACCT 51AR—Introduction to Accounting for Managers (1 unit)
Introduction to financial and managerial accounting concepts that are valuable tools for managers. This course includes the use and analysis of financial statements and other managerial reports as tools for achieving and measuring progress and controlling responsibility centers. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

ACCT 51BR—Introduction to Payroll Regulation & Procedures (Fed. & CA) (1 unit)
Introduction to payroll procedures and regulations (Federal and California) for the person who has no knowledge of payroll operations, including payroll compensation, payroll withholdings, payroll reports and tax liabilities, worker’s compensation, and computerized payroll procedures. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

BCA 13B—Business Computer Laboratory (0) CSU
Laboratory to accompany many BCA short-term courses offered the second half of the semester, including BCA 26R, 33AR, 34R, 37AR, 37BR, 39, 41BR or ACCT 1L. Students use IBM-compatible computers to learn operating systems, spreadsheets, databases, or other applications. Each student is required to have two computer diskettes to store files created. (LM)

BCA 13C—Business Computer Laboratory (0) CSU
Laboratory to accompany many BCA and Accounting full-semester courses, including BCA 15R, 17R, and ACCT 2L. Students use IBM-compatible computers to learn operating systems, spreadsheets, databases, and/or Accounting. Each student is required to have two computer diskettes to store files created. (LM)

BCA 15R—Business Computer Applications - Beginning (3 units) CSU
Develop a beginning/intermediate level of skills using the Microsoft Office Professional Edition Program. Basic features of Word, Excel, Access and PowerPoint are covered along with how to create simple integrated office documents. No prior experience is required. (LM) (Repeatable: May be taken two times only.)

BCA 17R—Business Computer Applications - Advanced (3 units) CSU
Develop an intermediate/advanced level of skills using the Microsoft Office Professional Edition Program. Advanced features of Word, Excel, Access and PowerPoint are covered along with how to use Object linking and Embedding (OLE) to create integrated Office documents. Prior experience using Windows, Internet, and the Office Suite is assumed. Prerequisite: BCA 15R or equivalent. (LM) (Repeatable: May be taken two times only.)

BCA 22AR—Introduction to Microsoft Word (1 unit) CSU
Overview of the basic features of Microsoft Word; learn to create, edit, and save documents; file management; basic text, paragraph, and page formatting; page numbering; printing options; tables and columns. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

**IT 40BR—Digital Imaging for Small Office Home Office (SOHO) (2 units)**

An introduction to digital photography that explores the composition and aesthetics of photography. Emphasis is on concepts and techniques of image manipulation software. The course addresses printing and displaying photographic portfolios. It will show the use of digital images in webpage and graphic publications. (L) (Repeatable: May be taken four times only.)

**IT 40ER—Optimizing Computers and Networks Through Gaming (4 units)**

Covers the necessary computer troubleshooting and repair networking, internet research, and overall computer knowledge needed to use sophisticated networked and online games. Will include hands-on activities such as labs and projects to further learning and experience. (LM) (Repeatable: May be taken four times only.)

**IT 41AR—Networking Technologies (4 units)**

Review the history and development of computer networking, contrasting the various current network protocols; materials will cover digital encoding schemes, international industry standards, models for telecommunication, and other topics related to modern computer networking. (LM) (Repeatable: May be taken four times only.)

**IT 41BR—Routing Technologies (3 units)**

Review all current major routing protocols and technology in Wide Area Networks (WAN). (LM) (Repeatable: May be taken four times only.)
Programs and Courses

IT 41DR—Wide-Area Networking (4 units)  CSU
Cisco Systems Wide-Area Networking configuration and maintenance of wide-area networking (WAN) routers, switches, and virtual LANs. Prerequisite: IT 41BR. (LM) (Repeatable: May be taken four times only.)

IT 42AR—Internet Literacy and Safety (3 units)  CSU
Exposes the student to a wide range of topics relating to the Internet. Students will learn how to perform basic searches, work with email, manage and tune the web browser, and make the Internet a practical and functional part of everyday life. Designed to ease the fears of the novice and enhance the ability of the intermediate user. (L) (Repeatable: May be taken four times only.)

IT 42BR—Web Page Management and Design (3 units)  CSU
Fundamentals of Web publishing using Adobe Systems Sponsored Curriculum and software from Cisco Academies world-wide program. The course will focus on HTML, design, writing, editing, and maintenance of web pages; emphasis on web page elements such as HTML, image editing, ADA design, and project management. Real-life informational and interactive presentations to include testing and maintenance of web sites on the World Wide Web. (L) (Repeatable: May be taken four times only.)

IT 42CR—Maximizing Internet Resources (1.5 units)  CSU
Familiarize students with techniques and tools to perform in-depth personal and/or academic research. Special attention will be paid to finding, organizing and managing online resources, email and other forms of electronic storage and transfer, different methods for determining credibility and citation of electronic resources. (L) (Repeatable: May be taken four times only.)

IT 42DR—Web Tools for Business (3 units)  CSU
Exposure to different web-enabled tools useful in business settings. Tools will include web enabled email packages, the ability to manage email accounts, file sharing systems, encryption to protect data. Students will be able to install, back up and manage tools upon completion of the course. (LM) (Repeatable: May be taken four times only.)

IT 42ER—Creating a Web Presence (3 units)  CSU
Students will be able to install and manage a contents management system (CMS) and shopping cart to create a web presence for a business. Students will create a template for the CMS and brand it to a company. They will have the option to brand the template to their own company or a fictitious business created for the class. (LM) (Repeatable: May be taken four times only.)

IT 43AR—Unix System Management (3 units)  CSU
Responsibilities and operations of a Unix System Manager, including installation of a Unix type operating system, management of the file structure, user creation, security systems, system commands, implementation of various environment shells, script construction and network management. Lab exercises under the Linux Operating System to demonstrate proper system management techniques. (LM) (Repeatable: May be taken four times only.)

IT 44AR—A+ Test Certification (4 units)  CSU
Fundamentals of personal computer (PC) hardware including ports, boards, buses, memory, disk drives, controllers, monitors, printers as well as PC configuration, preventative maintenance and diagnostics. Course stresses the skills required to pass the CompTIA A+ Certification Test. Computer aided instruction and lab exercises included. (LM) (Repeatable: May be taken four times only.)

IT 44CR—Security + (3 units)  CSU
The course provides an overview of network security basics including general security concepts, communication security, infrastructure security, operational and organizational security and cryptography basics. (Repeatable: May be taken four times only.) (LM)

IT 45BR—Supporting Network Servers (3 units)  CSU
Implementation and support of network servers, which includes installation and deployment, configuration, administration, monitoring, and troubleshooting. Preparation for certification examination. Knowledge of supporting network clients is highly recommended. (LM) (Repeatable: May be taken four times only.)

IT 45CR—Network Infrastructure Administration (3 units)  CSU
Administration of a distributed networking services infrastructure. (LM) (Repeatable: May be taken four times only.)

## Programs and Courses

### Small Business Management

The Small Business Management Associate in Science Degree is primarily for students who plan to manage a small business or work in a small business environment. The Small Business curriculum provides students with the basic understanding of existing business practices. Students will be able to understand and apply the principles of business ethics, social responsibilities of a business, basic functions of management, and the qualifications required in business management and/or ownership.

Programs and Courses

MGMT 5—Introduction to Supervision (3 units)  CSU
Introduction to role of the supervisor; understanding the basic fundamentals of supervision; designed for the potential working supervisor. (L)

MGMT 10—Principles of Management (3 units)  CSU
Managerial and organizational theory and practice; planning, organizing, influencing, and controlling; focus on the role, functions, and responsibilities of management in a contemporary organization. (L)

MGMT 14—Entrepreneurship (3 units)  CSU
Principles of establishing and managing a small business, including the preparation of a business plan; emphasis on goal-setting, types of business organizations, obtaining licenses and permits, financing options, accounting aspects, legal requirements, managing the enterprise, and other aspects in business entrepreneurship. Not open to students who have taken AG 14. (LM)

MGMT 15—Human Resource Management (3 units)  CSU
Foundations for the contemporary theory and practices relating to the management of people; managing human resources within an organization; basic personnel processes. (L)

MGMT 35—Management Psychology (3 units)  CSU
Assists students in understanding and applying theories of management and psychology to human behavior in the workplace; increases awareness of individual and group behaviors, conflict resolution, and organizational dynamics. (L)

MGMT 75—Business Promotional Planning (3 units)
Principles of, and practices in, the planning and executing of a sales promotional plan. Not open for credit to student with credit in MKT 75. (L)

MGMT 95AR—Managerial Accounting (1 unit)
Role of the budget; essential elements of the budgeting process, control, and accountability. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 95BR—Time Management and Planning (1 unit)
Improvement of time management strategies; focus on dealing with multiple problems and the most effective use of time. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 95CR—Legal Concerns for Employers (1 unit)
Current developments in the field of personnel law and legal concerns of management who oversee employees; emphasis on personnel law and policies related to equal opportunity, affirmative action, and sexual harassment. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 95DR—Recruitment, Interviewing, Hiring (0.5 unit)
Personnel recruitment, including affirmative action considerations, interviewing techniques, checking references, and orientation for new employees. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 95ER—Evaluation and Performance Appraisal (0.5 unit)
Exploration of the use of periodic interactive discussion centering on employees' contributions to organizational goals; introduction to evaluation tools such as job inventories and appraisal documents. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 95FR—Disciplinary Actions (1 unit)
Analysis of employee discipline systems, rights of management and employees, collective bargaining agreements, and general grievance procedures. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 95GR—Training Employees (0.5 unit)
Aspects of establishing an effective employee training program, including identification of training needs, preparation of training objectives, and psychological approaches to training. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 95HR—Leadership (1 unit)
Analysis of basic human behavior on the job, focusing on various leadership styles, motivational techniques, and improvement of employee productivity. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 95JR—Stress Management (0.5 unit)
Cause-and-effect factors of stress and the skills and strategies supervisors can use to help cope with stress; stress as both enemy and ally. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 95KR—Computer Concepts for Managers (1 unit)
Introduction to basic concepts of computer application for managers in planning, organizing, directing, and controlling. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 95LR—Transition to Being a Supervisor (0.5 unit)
Exploration of management potential for emerging supervisors; focuses on role transition and organizational need in directing and controlling. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 95MR—Safe Workplace (0.5 unit)
Responsibilities of the supervisor for development of safety attitudes and practices; emphasis on accident prevention procedures as well as components of report forms. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 95NR—Written Communication Skills (1 unit)
Advanced verbal, nonverbal, written, and group communication skills; business meetings, public speaking, and other management communication skills covered. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 95QR—Introduction to Quality Management (0.5 unit)
Introduction to the philosophy, tools, and techniques of quality improvement efforts in organizations. Emphasis on understanding the quality systems approach to customer focus, continuous improvement, and employee involvement. Focus on the relationship of customer satisfaction and organization success. This is the foundation for understanding many quality improvement initiatives in organization. (L) (Repeatable: May be taken four times only.)

MGMT 95WR—Customer Service (0.5 unit)
Focus on customer service improvement; development of customer service strategy and attitude, treating clients appropriately, phone etiquette, e-mail etiquette, and the do's and don'ts of customer service. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

MGMT 280AR—Writing a Business Plan (0.5 unit)
Development of a business plan. Emphasis on market identification, sources of funding, assessment of strengths and weaknesses of the business managers, and preparation and evaluation of the plan. Intended for potential or existing business owners and managers. (L) Grades are CR/NC.
MGMT 280BR—Legal Aspects of Starting a Small Business  (0.5 unit)
Legal issues encountered by the small business owner, intended for potential or existing business owners and managers. (L) Grades are CR/NC.

MGMT 280CR—Marketing Analysis for a Small Business  (0.5 unit)
Provide students with the information and tools to analyze marketing strategies of a small business. Intended for potential or existing business owners and managers. (L) Grades are CR/NC.

MGMT 280DR—Market Research for your Local Area  (0.5 unit)
Provide students with the knowledge of research tools to conduct market research of their local business area. Intended for potential or existing business owners and managers. (L) Grades are CR/NC.

MGMT 280ER—Marketing Strategy for Small Business Owners  (0.5 unit)
The importance of promoting your business and taking the time to develop a solid marketing strategy. Intended for potential eliciting business owners and managers. (L) Grades are CR/NC.

MGMT 280FR—Personnel Management and Operations  (0.5 unit)
Introduction to the complicated laws regarding hiring and maintaining employees. Intended for potential eliciting business owners and managers. (L) Grades are CR/NC.

MGMT 280GR—Small Business Financing  (0.5 unit)
Fundamentals of financing a business venture, including establishing an accounting system, tools to forecast business needs, establish an overall cash management system, and what a lender wants to see. Intended for potential or existing business owners and managers. (L) Grades are CR/NC.

Marketing

MKT 75—Business Promotional Planning  (3 units)
Principles of, and practices in, the planning and executing of a sales promotional plan. Not open for credit to student with credit in MKT 75. (L)

MKT 82R—Marketing Management  (3 units)
Principles and procedures of modern marketing, including the process of planning a marketing design, pricing, promotion, and distribution of ideas, goods, and services. (L) (Repeatable: May be taken four times only.)

Total units required ................................................................. 29

OA 13A—Office Administration Laboratory (0) ................... CSU
Laboratory to accompany Office Administration short-term courses offered for the first half of the semester. Students use IBM compatible computers to learn operating systems, spreadsheets, databases or other applications. Corequisite: OA course (LM)

OA 13B—Office Administration Laboratory (0) ................... CSU
Laboratory to accompany Office Administration short-term courses offered for the second half of the semester. Students use IBM compatible computers to learn operating systems, spreadsheets, databases or other applications. Corequisite: OA course (LM)

OA 13C—Office Administration Laboratory (0) ................... CSU
Laboratory to accompany BCA word processing courses and OA courses offered for the full semester including OA 15A, OA 15B, OA 15C, OA 17AR, OA 17BR, OA 21, OA 60, OA 81, and OA 63. Students use IBM compatible computers to complete assignments for these classes. Each student is required to have two diskettes to store files.

OA 15A—Beginning Keyboarding (3 units) ......................... CSU
Acquire basic beginning level of keyboarding and basic document formatting. Not open for credit to student with 3 units of credit in S&O or OA 15R. (L)

OA 15B—Intermediate Keyboarding (3 units) ....................... CSU
Refinement of basic keyboarding skills and to complete more advanced level of document formatting to the intermediate level of competency. Not open for credit to student with 6 units of credit in S&O or OA 15R. (L)

OA 15C—Advanced Keyboarding (3 units) ......................... CSU
Keyboarding skill development to the advanced professional level of competency. Not open for credit to student with 9 units of credit in S&O or OA 15R. (L)

OA 15R-O—Typewriting (v.1-3 units) ................................. CSU
Typewriting skill development to the advanced professional level of competency. Open entry, open exit. (L)

OA 17AR—Word Processing I (3 units) ............................... CSU
Introduction to basic word processing operations such as document formatting, editing, saving and retrieving, printing, and merging. (L)
(Repeatable: May be taken four times only.)

OA 17BR—Word Processing II (3 units) ............................. CSU
Advanced word processing operations involving long and multiple-part documents, mail merge, forms, styles and themes, and work group features. Prerequisite: None; OA 17AR or equivalent recommended. Corequisite: OA 13C. (L) (Repeatable: May be taken four times only.)

OA 21—Business Communications (3 units) ...................... CSU
Development and refinement of written and oral business communication skills, including composing, editing, proofreading, and document preparation to mailable standards. Prerequisite: None; OA 52 or GNBUS 52 with a grade of "C" or better recommended; keyboarding/word processing ability (OA 15A, OA 17AR, or equivalent is recommended) as all work must be typed. Not open for credit to students with credit in GNBUS 21. (L)

OA 22—Machine Calculation (1 unit) ................................. CSU
Skill development in the operation of the electronic display and printing calculator, including addition, subtraction, multiplication, division, memory, percentages, and interest calculations to solve typical business problems. Speed and accuracy by touch method emphasized. (LM)

OA 22R-O—Machine Calculation (v.5-2 units) ...................... CSU
Skill development in the operation of the electronic, display and printing calculators. Functions include: addition, subtraction, multiplication, division, memory, percentages, and interest calculations to solve typical business problems. Speed and accuracy by touch method emphasized. Open-entry/open-exit. Not open for credit to student with 2 units of credit in SEC 22, 22A, 22B, or 54D.

OA 51—Keyboarding (1 unit) ............................................... CSU
Develop basic keyboarding skills necessary for efficient data entry through a traditional alphanumeric keyboard; designed for non-secretarial, non-clerical student; instruction is on IBM-compatible computer. Not open for credit to student with credit in OA 15A, 15B, 15C, or S&O 15A, 15B, or 15C. Grades are CR/NC. (L)

OA 52—Business English (3 units) ....................................... CSU
Review of English grammar with applications for written and oral business communications. Not open for credit to student with credit in GNBUS 52. (L)
Programs and Courses

OA 53—Filing (1 unit)
Introduction to the methods in coding and filing business correspondence for manual storage and retrieval; filing systems covered include alphabetic, serial numeric, terminal digit numeric, subject, and geographic. (L)

OA 54A—Beginning Medical Terminology (2 units)
Familiarization with medical terminology from programmed text outlining word structure, definitions, and usage. Primarily intended for those who are preparing for a career in health or business, with an emphasis on clerical support staff responsibilities. Not open for credit to student with credit in OA 54. (L)

OA 54B—Advanced Medical Terminology (2 units)
Continuation of OA 54A; further development and refinement of medical terminology skills; primarily intended for those who are preparing for a career in health or business with an emphasis on clerical support staff responsibilities. Prerequisite: OA 54A (L)

OA 55—Medical Word Processing (3 units)
Medical document editing utilizing partial speech recognition documentation/voice processing and transcription from physician dictation. Course work will encompass general medical/surgical and specialties such as OB-GYN, pediatrics, orthopedics, and cardiovascular medicine. Prerequisite: OA 17BR, OA 52/GNBUS 52, and NURS 51. Experience or course work equivalent to the preceding is acceptable. (L)

OA 59—General Transcription (2 units)
Method and practice in editing and transcribing dictated business correspondence using transcribing machine units and computer-based word processing software. Material simulates correspondence in various areas of business. (L)

OA 60—General Office Procedures (4 units)
Skills and procedures necessary in an automated office; office information systems, technology, and procedures; telecommunications; information processing; mail and telephone systems; time management; public relations; and human relations skills. (L)

OA 61—Advanced Office Procedures (4 units)
Develop and apply advanced level of principles, knowledge, and skills necessary for the proper operation of the automated office; emphasis is on higher level administrative assistant skills such as analysis, communication, decision-making, and supervision principles. Prerequisite: OA 15B. (LM)

OA 63—Legal Office Procedures (3 units)
Legal office environment, current legal office procedures, and preparation of legal documents using automated equipment. Prerequisite: OA 15A or OA 17AR. (LM)

OA 65—Medical Office Procedures (3 units)
Medical office duties, medical transcription, and training in preparation of medical records and standard forms; role of the allied health administrative medical assistant. Prerequisite: OA 15A or OA 17AR or equivalent is recommended (ability to use word processing software as all work must be typed. (L)

OA 65—Medical Word Processing  (3 units)
Medical document editing utilizing partial speech recognition documentation/voice processing and transcription from physician dictation. Course work will encompass general medical/surgical and specialties such as OB-GYN, pediatrics, orthopedics, and cardiovascular medicine. Prerequisite: OA 17BR, OA 52/GNBUS 52, and NURS 51. Experience or course work equivalent to the preceding is acceptable. (L)

OA 60—General Office Procedures (4 units)
Skills and procedures necessary in an automated office; office information systems, technology, and procedures; telecommunications; information processing; mail and telephone systems; time management; public relations; and human relations skills. (L)

OA 61—Advanced Office Procedures (4 units)
Develop and apply advanced level of principles, knowledge, and skills necessary for the proper operation of the automated office; emphasis is on higher level administrative assistant skills such as analysis, communication, decision-making, and supervision principles. Prerequisite: OA 15B. (LM)

OA 63—Legal Office Procedures (3 units)
Legal office environment, current legal office procedures, and preparation of legal documents using automated equipment. Prerequisite: OA 15A or OA 17AR. (LM)

OA 65—Medical Office Procedures (3 units)
Medical office duties, medical transcription, and training in preparation of medical records and standard forms; role of the allied health administrative medical assistant. Prerequisite: OA 15A or OA 17AR or equivalent is recommended (ability to use word processing software as all work must be typed. (L)

Chemistry

CHEM 1A—General Chemistry (5 units)
(CAN CHEM 2) CSU/UC UC-Unit Limit
Fundamental principles of inorganic chemistry; nomenclature of inorganic compounds, chemical formulas, equations, and reactions; stoichiometry; structure of atoms, ions, and molecules and periodic table; oxidation-reduction and acid-base reactions; equilibrium; and gas laws. Prerequisite: MATH 52 or equivalent with a “C” or better, and one year of high school chemistry with a grade of “B” or better, or CHEM 2A or 50 or equivalent with a grade of “C” or better. (LM)

CHEM 1B—General Chemistry (5 units)
(CAN CHEM 4) CSU/UC UC-Unit Limit
Principles of inorganic chemistry, including kinetics, thermodynamics, equilibrium, electrochemistry, and acid-base chemistry; descriptive chemistry and qualitative analysis. Prerequisite: CHEM 1A with a grade of “C” or better. (LM)

Real Estate

RE 30—Real Estate Principles (3 units)
CSU
Introduction to real estate principles for the prospective broker, salesperson, informed participant, or observer. Required course for California Real Estate Exam. (LM)

RE 91—California Real Estate Practices (3 units)
Actual practice of real estate by putting what is learned in principles and life to use. Covers laws and regulations affecting dynamic and everchanging subjects such as: capital gains treatment of taxes, loan brokerage fees, interest rates, government participation loans, recovery fund amounts, agency relationships, Easton liabilities and other vital changes. Required course for Real Estate Broker License Examination and Real Estate Appraiser License Examination. (LM)

RE 92—Real Estate Appraisal (3 units)
Fundamentals of real estate appraisal stressing the residential market. Emphasis will be given to the forces which create and influence market value in real estate. Required course for Real Estate Broker License Examination. (LM)

RE 93—California Real Estate Finance (3 units)
This course will cover a thorough discussion of the development of financing mechanisms through the ages, including a thorough understanding of the secondary money market and an emphasis on currently widely used methods of finance in California. Required course for California Real Estate Agent Examination. (LM)

COMSC 10L—Computer Literacy (3 units) CSU

Introduction to the computer and its applications; survey of the history of computers, hardware, software, social aspects, and problem-solving techniques; hands-on microcomputer oriented programming will be examined. (LM) (CAN CSCI 2)

COMSC 11—Advanced C++ Programming (3 units) CSU

Topics in object-oriented programming using the C++ programming language, including C++ programming techniques, streaming input/output, dynamic memory allocation, classes and data abstraction, operator overloading, inheritance, and polymorphism. Corequisite: COMSC 13. Prerequisite: COMSC 9A or equivalent. (LM)
COMSC 12—Java Programming (3 units)  
CSU/UC  
Introduction to Java Programming; intended for those with prior experience or course work in at least one formal programming language, preferably C or C++. Includes Java and HTML. Applet user interfaces, graphics and multimedia, objects, classes and methods, input and output and output streaming, networking, threads, packages, the Java AWT and API. Corequisite: COMSC 13. (LM)

COMSC 13—Computer Lab (0)  
CSU  

COMSC 20—Beginning Web Publishing with HTML (3 units)  
CSU  
Fundamentals of Web publishing using HTML, including design, writing, and maintenance of web pages; emphasis on real-life informational and interactive presentations to include testing, revising, and maintenance of web presentations on the World Wide Web. Corequisite: COMSC 13. (L)

COMSC 43AR—Unix System Management (3 units)  
CSU  
Responsibilities and operations of a Unix System Manager, including installation of a Unix type operating system, management of the file structure, user creation, security systems, system commands, implementation of various environment shells, script construction and network management. Lab exercises under the Linux Operating System to demonstrate proper system management techniques. (LM) (Repeatable: May be taken four times only.)

COMSC 44AR—A+ Test Certification (4 units)  
CSU  
Fundamentals of personal computer (PC) hardware including ports, boards, buses, memory, disk drives, controllers, monitors, and printers, as well as PC configuration, preventive maintenance, and diagnostics; stresses the skills required to pass the CompTIA A+ Certification Test. Computer-aided instruction and lab exercises included. (Repeatable: May be taken four times only.) (LM)

COMSC 44CR—Security + (3 units)  
CSU  
The course provides an overview of network security basics including general security concepts, communication security, infrastructure security, operational and organizational security and cryptography basics. (Repeatable: May be taken four times only.) (LM)

COMSC 44NR—Network Plus N+ Test Certification (4 units)  
CSU  
Fundamentals of networking hardware and software including network topology, OSI (open system interconnect) communications model, networking practices, installation, maintaining and troubleshooting network hardware and software. Course stresses the skills required to pass the CompTIA N+ Certification Test. Lecture, computer-aided instruction and lab exercises are included. (Repeatable: May be taken four times only.) (LM)

Cooperative Work Experience Education

CWEE 44R—General Work Experience (v1-3 units)  
CSU  
Coordination of on-the-job learning with college experience to develop desirable work habits, attitudes, and career awareness through supervised employment. Maximum of 6 units can be earned in General Work Experience during enrollment with a 3-unit maximum in any one semester. Maximum of 4 enrollments or 16 units can be earned in any combination of Work Experience (Occupational/General) and Internship enrollment. Those enrolling in this class are not eligible for other work experience/internship classes during the same semester. Corequisite: Must have a job; Fall/Spring: Must maintain enrollment in and complete 7 units, including W.E. units, through the Yuba Community College District; Summer: Must be enrolled in and complete one other class through the Yuba Community College District. Grades are CR/NC. (L)

CWEE 45R—Occupational Work Experience (v1-4 units)  
CSU  
Coordination of on-the-job learning with college major to improve employment skills and career goals through supervised employment. Maximum of 16 units can be earned in Occupation W.E. during enrollment at the college, with a 4-unit maximum in any one semester. Maximum of 4 enrollments or 16 units can be earned in any combination of Work Experience (Occupational/General) and Internship enrollment. Those enrolling in this class are not eligible for other work experience/internship classes during the same semester. Corequisite: Must have a job; Fall/Spring: must maintain enrollment in and complete minimum of 7 units, including Work Experience units, through the Yuba Community College District; Summer: must be enrolled in and complete one other class through the Yuba Community College District. Grades are CR/NC. (L)

CORRECTIONS (see Administration of Justice)
Cosmetology

Yuba College, in cooperation with Sutter Beauty College in Yuba City offers an associate degree with an emphasis in Cosmetology. The academic requirements for the degree are completed at Yuba College, and the vocational-professional requirements at of the beauty college.

All beauty colleges are licensed and governed, under the State of California Cosmetology Act, by the Department of Professional and Vocational Standards, and provide a complete course of 1600 hours of training. Yuba College awards forty units of credit for this 1600 hours of vocational training. Upon successful completion of additional academic course work satisfying General Education graduation requirements, students receive the associate degree. The academic course work may be taken before, during, or after completion of the vocational training. Students must be at least 17 years of age and have completed the 10th grade level or equivalent to be eligible to take the California State Board of Cosmetology Examinations.

The vocational course work will include theory, modeling, reception or desk work, laboratory, wet hairdressing, shampoo and comb-out, hair cutting and shaping, permanent waving, hair coloring and bleaching, scalp and hair treatment, facials, makeup and arching, manicuring, and miscellaneous studies. Academic work at Yuba College will be in courses as selected by the student and counselor, to meet the requirements for the associate degree as listed elsewhere in this Catalog. The Cosmetology program is in operation throughout the academic year, including the summer months. In addition, a 400-hour Manicuring program is offered.

COSMETOLOGY
(Associate in Science)

Required Courses Units
Cosmetology.................................................................40
General Education Requirements ..................................18
Total units required .....................................................60

COSMETOLOGY
(Certificate of Achievement)

Students may earn a Certificate of Achievement upon successful completion of 1600 hours of vocational training in Cosmetology.

Required Courses Units
COSMT 54 Intro. to Cosmetology....................................5
COSMT 54AR or 54B Intro. to Cosmetology ......................5
COSMT 55 Intro. Cosmetology AND/OR 55AR AND
55BR Intro. Cosmetology ............................................15-20
COSMT 56 Cosmetology Practical AND/OR 56AR AND 56BR
Cosmetology Practical ..............................................15-20
Total units required .....................................................40

MANICURING
(Certificate of Training)

Students may earn a Certificate of Training upon successful completion of 400 hours of vocational training in Manicuring.

Required Courses Units
COSMT 60R Manicuring ..............................................10
Total units required .....................................................10

COSMT 54—Introduction to Cosmetology (5 units)
Introduction to theory, techniques, and technical knowledge required for employment as a licensed cosmetologist. First in a series designed to prepare for examination for a cosmetologist license. Not open for credit to student with credit in COSMT 201. Prerequisite: Satisfactory completion of 10th grade or a minimum age of 16 years. Grades are CR/NC.

COSMT 54A—Introduction to Cosmetology (2.5 units)
For part-time enrollment; introduction to theory, techniques, and technical knowledge required for employment as a licensed cosmetologist. First in a series designed to prepare for examination for a cosmetologist license. Not open for credit to student with credit in COSMT 54 OR 201. Prerequisite: Satisfactory completion of 10th grade or a minimum age of 16 years. Grades are CR/NC.

COSMT 54B—Introduction to Cosmetology (2.5 units)
For part-time enrollment; a continuation course in introduction to theory, techniques, and technical knowledge required for employment as a licensed cosmetologist. Second in a series designed to prepare for examination for a cosmetologist license. Not open for credit to student with credit in COSMT 201 or 54. Prerequisite: Satisfactory completion of 10th grade or a minimum age of 16 years. Grades are CR/NC.

COSMT 55AR—Intermediate Cosmetology (2.5 units)
For part-time enrollment; instruction of theory, techniques, and salon skills at the intermediate level in all phases of cosmetology. Prerequisite: Satisfactory completion of 10th grade or minimum age of 16 years. Grades are CR/NC. (Repeatable: May be taken four times only.)

COSMT 55BR—Intermediate Cosmetology (2.5 units)
For part-time students; a continuation of COSMT 55AR which continues and completes instruction equivalent to COSMT 55R. Prerequisite: Satisfactory completion of 10th grade or minimum age of 16 years. Grades are CR/NC. (Repeatable: May be taken four times only.)

COSMT 55R—Intermediate Cosmetology (5 units)
Instruction of theory, techniques, and salon skills at the intermediate level in all phases of Cosmetology. Second in a series designed to prepare for a cosmetologist license. Prerequisite: Satisfactory completion of 10th grade or minimum age of 16 years. Grades are CR/NC. (Repeatable: May be taken four times only.)

COSMT 55AR—Intermediate Cosmetology (5 units)
For part-time enrollment; instruction of theory, techniques, and salon skills at the intermediate level in all phases of Cosmetology. Second in a series designed to prepare for a cosmetologist license. Prerequisite: Satisfactory completion of 10th grade or minimum age of 16 years. Grades are CR/NC. (Repeatable: May be taken four times only.)

COSMT 55BR—Intermediate Cosmetology (2.5 units)
For part-time students; a continuation of COSMT 55AR which continues and completes instruction equivalent to COSMT 55R. Prerequisite: Satisfactory completion of 10th grade or minimum age of 16 years. Grades are CR/NC. (Repeatable: May be taken four times only.)

COSMT 56AR—Cosmetology Practical (2.5 units)
For part-time enrollment; supervised instruction for perfection of technical skills in cosmetology. Prerequisite: Satisfactory completion of 10th grade or minimum age of 16 years. Grades are CR/NC. (Repeatable: May be taken four times only.)

COSMT 56BR—Cosmetology Practical (2.5 units)
For part-time students; a continuation of COSMT 56AR, which continues and completes instruction equivalent to COSMT 56R. Prerequisite: Satisfactory completion of 10th grade or minimum age of 16 years. Grades are CR/NC. (Repeatable: May be taken four times only.)
Programs and Courses

COSMT 56R—Cosmetology Practical (5 units)
Supervised instruction for perfection of technical skills in cosmetology. Third in a series designed to prepare for examination for licensing as a cosmetologist. Prerequisite: Satisfactory completion of 10th grade or minimum age of 16 years. Grades are CR/NC. (Repeatable: May be taken four times only.)

COSMT 60R—Manicuring (5 units)
Preparation for the Board of Cosmetology Manicurist Examination; includes theory, manicure, pedicure, artificial nails/tips/wraps, sanitation, and bacteriology; training and experience as a receptionist is provided. Program completion requires 400 hours of attendance. Prerequisite: Satisfactory completion of 10th grade or minimum age of 16 years. Grades are CR/NC. (Repeatable: May be taken three times only.)

COSMT 220R—Instructor Training Course (v1-15 units)
Advanced training for individuals who intend to seek employment as cosmetology instructors; meets requirements of the California Bureau of Barbering and Cosmetology. Open-entry, open-exit. License requires 600 hours of total instruction. Prerequisite: Valid Cosmetology License from the California Bureau of Barbering and Cosmetology. Grades are CR/NC. (Repeatable: May be taken four times only.)

COSMT 250AR—Cosmetology Brush Up (2.5 units)
Refresher course intended to provide a review of the theories, techniques, and technical knowledge required to apply for a cosmetology license from the California Bureau of Barbering and Cosmetology; designed for part-time students who have satisfactorily completed 1600 hours of Cosmetology training, but did not take the Bureau’s licensing examination or for those whose license was canceled due to non-renewal. Prerequisite: Completion of 1600 hours in Cosmetology. Grades are CR/NC. (Repeatable: May be taken four times only.)

COSMT 250BR—Cosmetology Brush Up (2.5 units)
Continuation of part-time refresher course intended to provide a review of the theories, techniques, and technical knowledge required to apply for a cosmetology license from the California Bureau of Barbering and Cosmetology; designed for part-time students who have satisfactorily completed 1600 hours of Cosmetology training, but did not take the Bureau’s licensing examination or for those whose license was canceled due to non-renewal. Prerequisite: Completion of 1600 hours in Cosmetology. Grades are CR/NC. (Repeatable: May be taken four times only.)

COSMT 250CR—Cosmetology Brush Up (5 units)
Refresher course of the theories, techniques, and technical knowledge required to apply for a cosmetology license from the California Bureau of Barbering and Cosmetology; designed for those who have satisfactorily completed 1600 hours of Cosmetology training, but did not take the Bureau’s licensing examination or for those whose license was canceled due to non-renewal. Prerequisite: Completion of 1600 hours in Cosmetology. Grades are CR/NC. (Repeatable: May be taken four times only.)

COUNS 12R—Life Transitions (1 unit) CSU
Explores topics basic to the transitions and challenges that students face when they change careers, educational goals, and experience losses. Emphasis will be placed on personal assessment, academic planning, personal goal setting and relationships. Grades are CR/NC. (Repeatable: May be taken four times only.) (L)

COUNS 15AR—Orientation to College (0.5 unit) CSU
Designed to provide information and facilitate transition to college; familiarization with college community, rules, regulations, and policies; introduce the use of student and campus services; develop a thorough understanding of program requirements and the knowledge necessary for sound educational planning. (L) (Repeatable: May be taken four times only in any combination of Couns 15AR, 15BR, or 15R.)

COUNS 15BR—Orientation to College (0.5 unit) CSU
Designed to provide students with information and skills to facilitate their transition to college. Familiarize students with college community, rules, regulations, and policies. Introduce the use of student and campus services. Develop a thorough understanding of program requirements and the knowledge necessary for sound educational planning. (L) (Repeatable: May be taken four times only in any combination of Couns 15AR, 15BR, or 15R.)

COUNS 15R—Orientation to College (1 unit) CSU
Designed to provide information and skills to facilitate transition to college; familiarization with college community, rules, regulations, and policies; introduce the use of student and campus services; develop a thorough understanding of program requirements and the knowledge necessary for sound educational planning. (L) (Repeatable: May be taken four times only in any combination of Couns 15AR, 15BR, or 15R.)

COUNS 22—Peer Advising Seminar (2 or 3 units) CSU
Designed for peer advisors; methods of working with students from a wide variety of backgrounds, with the emphasis on individualized assistance to help in all areas of counseling; orientation to materials and resources; development of interpersonal skills. Grades are CR/NC. (L)

COUNS 24—Career Readiness (1 unit) CSU
Career exploration and job selection, including methods of finding, applying, and interviewing for a job. Not open for credit to student with credit in PSYCH 24. Grades are CR/NC. (L)

COUNS 25—Career Planning and Development (3 units) CSU
Survey of techniques of career exploration and selection. In the context of a study of the changes that occur during a typical life span, construct a personal profile of current and projected interests, aptitudes, skills, values, personality, and life and personal circumstances. Not open for credit to student with credit in GNBUS 25 or PSYCH 25. (L)

COUNS 30—Transfer Preparation (2 units) CSU
Preparation for a successful transfer experience to a university; emphasis on understanding the public and private university systems in California. (L)

COUNS 35—College Study Skills (1 unit) CSU
Improvement of study skills including reading comprehension, note taking, time management, and test taking strategies. Grades are CR/NC. (L)

COUNS 41A—Problem Management (0.5 unit) CSU
Introduction to problem solving techniques which are applicable to personal &/or work related concerns. Not open for credit to student with credit in PSYCH 41A or WOMEN 41A. Grades are CR/NC. (L)

Programs and Courses

Course “47” or “97” or “197” or “297”

47 OR 97 OR 197 OR 297--SPECIAL TOPICS (.5 to 3 units) CSU

Exploration of selected areas or topics in a subject area. Procedures for implementing the course involve cooperative planning by instructor, Division Dean or Executive Dean, and Vice President of Instruction. Course “47” is intended for transfer and meets the definition of a baccalaureate-level course. Course “97” is not intended for transfer but is of the associate degree level. Course “197” non-associate degree credit basic skills remedial courses intended to prepare students to succeed in courses at the associate degree level. Course “297” non-associate degree credit courses that are either vocational courses intended to prepare students for postsecondary vocational education or for occupations not requiring associate degree level skills for entry; or academic development courses, other than remedial basic skills, intended to prepare students to succeed in associate degree level course work. On the transcript, the course will be shown with a regular department prefix, viz Art 47, followed by a title.

Course “48”

48A-B-C-D--INDEPENDENT STUDIES (1 to 3 units) CSU/UC unit limitation

The granting of transfer credit at any University of California campus for any “Course 48” is contingent upon an evaluation of the course outline by the individual U.C. campus. These courses are used whenever circumstances warrant offering courses not yet part of an established curriculum. For example, media courses which are offered as Independent Studies requiring prior approval by the Chancellor’s Office. Other Independent Studies courses may originate from the needs and curiosities of groups of students and faculty to study areas of mutual interest and concern. Media courses will be developed by the Instructional Services Division/or the Northern California Telecommunications Consortium. Students and faculty may identify areas of interest not taught in other courses to: (1 unit) Describe problems within identifiable areas of interest; (2 units) use procedures likely to develop further knowledge; (3 units) develop ways of acting on basis of new knowledge; and (4 units) use integrated approach to solution of problems. These courses are intended for transfer and meet the requirements of a baccalaureate-level course.

Course “49”

49R--SPECIAL PROJECTS (1 unit) CSU/UC unit limitation

When special circumstances warrant offering a special course to the individual student outstanding in a particular area, an instructor, with approval, may register a student in an individual Special Projects course which will be identified by the name of the department, the course number of ‘49’, and the title “Special Projects.” Registration in the course involves signing a contract under which the student and instructor agree upon the accomplishment which must be demonstrated by the student in order to receive credit, and which is approved by the cognizant Division Dean or Executive Dean and Vice President of Instruction. These courses are intended for transfer and meet the requirements of a baccalaureate-level course. Grades are CR/NC. (Repeatable: May be taken four times in the area only.)

**CUL 4—Advanced Foods and Catering (2 units)**

Plan, prepare, and serve several large and small catered events during the semester. (Repeatable: May be taken two times only.) (L)

**CUL 5—Sanitation, Safety, and Storage (0.5 unit)**

Preparation for the ServSafe Certification course and examination. The ServSafe program trains both managers and employees to guard against food borne illnesses. Meets the State of California (Campbell Bill) requirement for Certified Food Handler. Not open for credit to student with credit in FSM 54. (L)

**CUL 6—Beverage Control and Operations (2 units)**

Regulations, licensing procedures, purchasing, inventory, and cost control; emphasis on bar set-up, service methods, and beverage merchandising. Not open for credit to student with credit in FSM 57. (L)

**CUL 64—Beverage Control and Operations (2 units)**

Nature and importance of food service management, including planning, organizing, controlling, and developing a realistic and dynamic personnel program. (Repeatable: May be taken two times only.) (L)

**CUL 210AR—Basic Food Preparation - Salads, Appetizers, and Sandwiches (1 unit)**

Introduction to basic food preparation, including the use of tools and equipment, as well as learning basic safety procedures. (Repeatable: May be taken three times only.) (L)

**CUL 210BR—Basic Food Preparation - Breakfast, Lunch, and Baked Goods (1 unit)**

Focus on basic preparation of breakfast, lunch, and baked goods, including planning and preparing these meals along with an introduction to planning and preparing meals for special events. (Repeatable: May be taken three times only.) (L)

**CUL 210CR—Basic Food Preparation - Dinners, Cake Baking and Decorating, and Menu Planning (1 unit)**

Hands-on preparation of multiple-course dinner; cake baking and decoration; meal planning and learning to use a food budget in everyday life. (Repeatable: May be taken three times only.) (L)

FAMILY DAY CARE PROVIDER – Many Yuba College ECE courses provide valuable training for the in-home child care provider, i.e., ECE 3, 1A, 1B, 31, and electives. The California Resource and Referral Network conducts orientations for prospective providers. Call your local Resource and Referral Agency for details. To become a licensed provider, contact your county Community Care Licensing Division at http://www.ccld.ca.gov/.

CHILD DEVELOPMENT ASSOCIATE TEACHER (Certificate of Achievement)

**Director of Private Day Care Center/Preschool Options**
Requires 15 postsecondary units, the same 12 units as listed in above, plus ECE 2A Administration of Children’s Center. Other requirements for the director include:

a. High school graduation or GED, and at least four years of teaching in a licensed child care or comparable group child care program; or
b. Associate degree with a major or emphasis in early childhood education or child development and at least two years of teaching experience in a licensed child care center; or
c. A bachelor’s degree with a major or emphasis in early childhood education or child development and at least one year of teaching experience in a licensed child care center.

To apply for a license to operate private day care center, write to State of California Health/Welfare Agency, Department of Social Services, Community Care Licensing.

CHILD DEVELOPMENT TEACHER (Certificate of Achievement)

These programs are required to possess the California Child Development (Teacher) Permit issued by Commission on Teacher Credentialing. After completing required course work of 40 total units and 175 days of experience, apply for the permit at local county schools office.

Total units required ................................................................. 24

ECE 1—Introduction to ECE Curriculum (1 unit) CSU
Introduction to the early childhood center environment and playgrounds and appropriate curriculum activities for young children. Developmentally appropriate practices and activities in all areas of learning will be introduced and explored. Examples of planning for short-term and long-term projects, with appropriate evaluation and documentation will be given. Grades are CR/NC. (L)

ECE 1A—Preschool Teaching Practices (Programs) (3 units) CSU
Overview of early childhood education, including goals and philosophies of child development programs, exploration of various types of programs, and job potential for students; developmentally appropriate practices in early childhood education will be stressed. Prerequisite: ECE 3 or concurrent enrollment. (L)

ECE 1B—Preschool Teaching Practices (Curriculum) (3 units) CSU
Curriculum, methods, and materials used in early childhood education; planning, implementing, and evaluating curriculum with appropriate content for preschool children; special focus on children’s language skills, cognitive development, and creative expression. Prerequisite: ECE 1A. (L)

ECE 1C—Positive Social Development in Young Children (Guidance) (3 units) CSU
Designed to help teachers and caregivers of young children to establish relationships with children and apply principles of behavior management; basic principles include helping young children develop positive self-esteem, enter into group play, form friendships, and learn pro-social behavior. (L)

ECE 2A—Administration of Children’s Centers (3 units) CSU
Administrative skills, knowledge, and techniques needed to organize and operate a child development center; emphasis on budget, program management, regulatory laws, and development of policies and procedures. (L)

ECE 2B—Administration of Children’s Center (3 units) CSU
Role of the program director; staff development and staff relations; techniques for effective supervision; management theory; personnel policies and procedures; professional ethics and growth. Prerequisite: ECE 2A. (L)

ECE 3—Child Growth and Development (3 units) CSU/UC UC-Unit Limit
The study of the physical, cognitive, psychosocial and emotional changes in the development of the child from conception through adolescence. Practical application of developmental principles and patterns of growth. Exposure to critical thinking as it relates to child development in a professional setting. It is designed as a foundation course for careers in education, human services, health and related fields. (L)

ECE 5—Physical Activities for Young Children (1 unit) CSU
Designed to give adults working with preschool and school-age children a variety of hands-on activities useful in creating stimulating outdoor environments; practice using equipment like bean bags and hula hoops, as well as become familiar with games from diverse ethnic groups. Not open for credit to student with credit in PE 5. (L)

ECE 6—Early Childhood Language Development (3 units) CSU
Language development and influences in early childhood including theories of language acquisition, inter-relatedness of growth, stages of development, and appropriate curriculum for enhancing speaking, listening, pre-reading, and pre-writing skills. (L)

ECE 7A—Creative Materials (3 units) CSU
Creative activities for young children (2-8 years), including planning and implementation of painting, drawing, printmaking, weaving, stitching, batik, collage, sculpture, puppet-making, and modeling materials. Not open for credit to student with credit in ECE or ART 7 or 7A. (L)

ECE 7B—Worldwide Arts for Children (3 units) CSU
Multicultural/ethnic art activities for young children, including planning and integrating projects across the curriculum; construction of age-appropriate art objects representative of cultures and regions in West Africa, the Middle East, Europe, Asia, Mexico, Central America, South America, Caribbean Islands, the United States, and Canada. Not open for credit to student with credit in Art 23 or 7B. (L)

ECE 7C—Theory and Processes of Children’s Art (3 units) CSU
Philosophies of how art should be taught to children; theories which explain how children develop artistically; processing skills involved in art making. Not open for credit to student with credit in Art 7C. (L)

ECE 8—Children’s Nutrition (1 unit) CSU
Nutritional needs of children from birth through the school years; emphasis on meal planning for various age groups in child care facilities. Grades are CR/NC. Not open for credit to student with credit in FCS 8. (L)

ECE 9—Children’s Cooking Activities (1 unit) CSU
Process of cooking as it relates to the developmentally oriented early childhood curriculum; cooking activities that promote language acquisition, cognitive development, psycho-motor skills, and social and emotional growth; includes the importance of good nutrition education and how to prepare nutritious snacks and simple meals. Grades are CR/NC. (L)

ECE 10—Health, Safety, and Nutrition (3 units) CSU
Concepts of health, safety, and nutritional needs of children from prenatal period through early childhood; emphasis on providing safe and healthy environments; understanding the effects of foods and nutrition on behavioral patterns, learning abilities, physical stamina, and growth; and presenting appropriate health, safety, and nutrition curriculum for children. (L)

ECE 11—Techniques of Observing Children (1 unit) CSU
Objective versus subjective observation; exploration and application of a variety of techniques in relation to observing children’s developmental stages and interest areas; portfolio assessment. (L)
ECE 12—Science for Young Children (1 unit) CSU
Designed to provide teachers and caregivers of young children with principles of appropriate science curriculum; emphasis on informal science experiences and the cognitive connections made by young children as they observe, manipulate, process, and communicate. Classroom organization and management, readily-found materials, and connections with other curriculum areas are also included. (L)

ECE 13—Piaget's Learning Theory Applications (1 unit) CSU
Overview of Piaget's theory of cognitive development and practice in relating theory to the development of games and activities for the preschool and primary classroom. Grades are CR/NC. (L)

ECE 14—The School Age Child (3 units) CSU
Developmental characteristics and needs of the 6-12 year old child at home or in a group care setting; includes developmental stages; program environment; developmentally appropriate curriculum, activities, and materials; meeting the needs of families; classroom management; communication techniques; administrative requirements, skills, and characteristics of caregivers. (L)

ECE 16—Preschool Music Activities (1 unit) CSU
Storytelling, movement, and games to involve children in music; development of music programs that integrate instruments into daily activities for children; basic instruction in the autoharp will be provided. Grades are CR/NC. (L)

ECE 17—The Exceptional Child (3 units) CSU
Focus on identification of children with special needs; resource and referral, full inclusion, activities, and teaching strategies within the preschool setting; normal and exceptional development, family partnerships, the Individual Education Plan (IEP) and Individual Family Service Plan (IFSP); approaches to environment, behavior, and planning are topics for individual and group study. (L)

ECE 21—Music Skills for Pre-Education Majors (3 units) CSU
Development and application of basic music skills; study of notation, rhythm, melody, harmony, keyboard, recorder, and autoharp. For education majors and others who have no previous experience in reading or playing music notation. Required music skills drill one hour a week minimum. Not open for credit to student with credit in MUSIC 1. (L)

ECE 22—Developing Number Concepts (1 unit) CSU
Focuses on ways adults can help make mathematical concepts meaningful to preschool and kindergarten children rather than emphasizing counting and number recognition. Grades are CR/NC. (L)

ECE 23—Cultural Diversity in ECE Classrooms (0.5 unit) CSU
Strategies for working with children and families of culturally diverse backgrounds; emphasis on self-awareness; guidelines for classroom materials, curriculum, and resources. Grades are CR/NC. (L)

ECE 25—Group Experience in Outdoor Environments (3 units) CSU
Developing creative outdoor learning environments, including playgrounds, activities and cooperative games. Circle time, or daily planned group experiences will also be explored and developed through integrated, thematic instruction. (L)

ECE 27—Early Childhood Multicultural Curriculum and Issues (3 units) CSU
A comparison of strategies for working with children and families of culturally diverse backgrounds; emphasis on self-awareness; guidelines for classroom materials, curriculum, and resources, as well as a comparison of at least three cultural groupings represented in the local population. (L)

ECE 31—Child, Family, and Community (3 units) CSU/UC
Study of the environmental influences on growth and development of the child in the family, including social class, ethnicity, disability or risk conditions, education, interaction of family members, and awareness of community resources. Not open for credit to student with credit in FCS 31. (L)

ECE 32—Parenting (3 units) CSU
Techniques and advise for encouraging a positive parenting style and effective child-rearing procedures; interaction patterns and levels of communication between family members. Not open for credit to student with credit in FCS 32. (L)

ECE 33—Infants and Toddlers (3 units) CSU
Introduction to infants and toddlers; development, curriculum, and program planning; intervention, observation, and assessment; children with special needs; and infant/adult relationships. (L)

ECE 33A—Developing Relationships (1 unit) CSU
Development of knowledge and abilities for providing high quality group care services to infants, toddlers, and their families. Part A focuses on developing close, caring relationships with children and their families. Grades are CR/NC. (L)

ECE 33B—Environments and Routines (1 unit) CSU
Development of knowledge and abilities for providing high quality group care services to infants, toddlers, and their families. Part B focuses on environments and routines. Grades are CR/NC. (L)

ECE 33C—Culture, Family, and Providers (1 unit) CSU
Knowledge and abilities for providing high quality care services to infants, toddlers, and their families. Part C focuses on sensitivity to cultural differences and learning styles, elements necessary to become a knowledgeable, responsive caregiver. Grades are CR/NC. (L)

ECE 35—Parents as Partners in ECE (3 units) CSU
In-depth study of the relationship between parents, teachers, and children in the education process, including communication skills necessary for parent-teacher conferences, increasing parent volunteer involvement, family lifestyles, families with special needs, leadership, and advocacy; intended for experienced teachers. (L)

ECE 37—Mentor Teacher (2 units) CSU
Methods and principles of supervising student teachers in Early Childhood classrooms. Emphasis is on the role of experienced classroom teachers who function as Mentors to new teachers while simultaneously addressing the needs of children, parents, and other staff. Satisfies adult supervision requirement for State Department of Social Services. (L)

ECE 38AR—Mentor Seminar A (1 unit) CSU
Selection as an early childhood mentor is required. This is the initial seminar. Early childhood mentors attend monthly seminars to explore issues related to their new role as supervisors of early childhood students. Seminar content will be individualized to meet the needs of each Mentor. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

ECE 39—Children's Literature (3 units) CSU
Introduction to children's literature: history, elements, and types of books of interest to children from birth through eight years old. Students will read, share, and plan activities around classical, cultural, and award-winning books. Methods of selecting and evaluating books will be applied. Not open for credit to student with credit in ENGL 39. (L)

ECE 41—Child Guidance and Discipline (1 unit) CSU
Introduces the major theories of social, emotional, and moral development with particular emphasis placed on the implications of the utilization of a developmental approach to child guidance and discipline in the preschool setting. Grades are CR/NC. (L)
Programs and Courses

ECE 44—High/Scope Key Experiences (1 unit) CSU
Communication techniques responsive to children’s interest and emerging abilities. Includes activities to facilitate problem solving, strategies for planning activities, enhancing children’s ideas during outdoor play and providing choices while interacting with children in large group time. Grades are CR/NC. (L)

ECE 46AR—Field Experience - Infant/Toddler (3 units) CSU
Provide practical experience for the student teacher in an early childhood program with emphasis on infants and toddlers, under qualified supervision. Tuberculosis check required for admission. (L) (Repeatable: May be taken four times only.)

ECE 46BR—Field Experience - School Age Children (3 units) CSU
Provide practical experience for the student teacher in an early childhood program with emphasis on school age children, under qualified supervision. Tuberculosis check required for admission. (L) (Repeatable: May be taken four times only.)

ECE 46CR—Introductory Practicum With Children With Special Needs (3 units) CSU
Supervised practicum with children with special needs in schools and agencies in the local area, including learning specific techniques used by parents, staff, and care providers. Lecture is one hour per week in addition to six hours per week in field placement. TB and criminal clearances required. Corequisite: ECE 17. Prerequisite: ECE 1A and 11A. (L)

ECE 46DR—Field Experience - Preschool (3 units) CSU
Provide practical experience for the student teacher in an early childhood program under qualified supervision. Prerequisite: ECE 3 and Tuberculosis clearance required for admission. (L) (Repeatable: May be taken four times only.)

ECE 48A—Time to Grow (2 units) CSU
Child growth and development from conception through adolescence, including basic concepts and the inter-relationship to the physical, motor, cognitive, social, and emotional development of human beings. This is an independent study course. (L)

ECE 48G—Child Development: Stepping Stones (2 units) CSU
Video lessons covering child growth and development from conception through adolescence, including basic concepts and the interrelationships to the physical, motor, cognitive, social, and emotional development of human beings. This is an independent study course. (L)

ECE 51R—Special Topics in ECE (.5 to 2.5 units) CSU/UC
Contemporary issues and practices for teachers and caregivers in the early childhood area, including curriculum, health and safety, legislation and advocacy, licensing regulations, and other related subjects. Students will apply the principles to their own work setting and age groups. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

ECE 56R—Effective Parenting (1 unit) CSU/UC
Development of effective parent-child relationships, including behavior, emotions, encouragement, and communication. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

ECE 59—Child Abuse: Causes, Effects, Remedies (0.5 unit)
Overview of the nature and types of child abuse and its effects; procedures for reporting child abuse and crisis counseling. Grades are CR/NC. (L)

ECE 70RO—Family Child Care (v.5-5 units)
Introduction to management, environment, appropriate learning activities, nutrition, and child care food program requirements; guidance and discipline techniques, child abuse prevention and reporting, ages and stages of young children, and other licensing and staffing requirements for the State of California. May be taken in modules. Grades are CR/NC. (L)

ECE 75—Play: Key to Positive Growth (0.5 unit)
Play as a learning medium; cognitive, social, emotional, and physical factors directly involved in play and child growth; Piaget’s analysis of play and cognitive development. Grades are CR/NC. (L)

ECE 83—Techniques of Story Telling (1 unit)
Methods of effective storytelling, including classroom use and ways to develop stories. Students will produce at least one story. Grades are CR/NC. (L)

ECE 210R—California Child Care Health Safety Course (0.5 unit)
Designed to meet requirements of Assembly Bill 962; relates to child day care and is appropriate for anyone dealing with children on a regular basis where knowledge of CPR, Pediatric First Aid, and Health and Safety Training may be needed. Satisfies all requirements of the American Red Cross California Childcare Course. Grades are CR/NC. (Repeatable: May be taken four times only.)

Ecology

ECOL 10—Environment-Concepts and Issues (3 units) CSU/UC
Ecology studies the interaction and interdependence among living organisms in their environment. The course presents fundamental scientific principles in examining how natural ecosystems function and how human actions affect natural ecosystems. Emphasis is placed on the role of science in determining causes and in contributing solutions to local and global environmental problems. (L)

ECOL 11—Environment Lab (1 unit) CSU/UC
Laboratory and field studies demonstrating the systematic study of both the biological and physical components of ecosystems, especially as seen in local organisms and ecosystems. Prerequisite: ECOL 10 which may be taken concurrently. (L)

ECOL 12—Marine Ecology (3 units) CSU/UC
Introduction to the physical marine environment, marine life, and the interactions between the two, including human interaction in the marine environment. (L)
Economics

Economic wisdom is nearly proverbial, but in a negative sort of way. Despite this prevailing prejudice, economics does have useful lessons for understanding the world. The purpose of the economics program is to contribute to this understanding. The courses are aimed at providing a basic level of sophistication in economic matters that will help to explain both the U.S. and global economies. Thus the program is divided into the traditional categories of macroeconomics: How governments act to constrain or release economic forces (ECON 1A); and microeconomics: How individuals and businesses operate in the context of supply and demand (ECON 1B).

Course topics and terms that are frequently encountered in newspapers, both on the front page and in the business section, will be explained: Supply and demand, interest rates, wages, financial markets, public goals versus private interests, regulation and deregulation, unemployment, the poverty level, inflation, trade balances, budget and deficits, taxation, exchange rates, and the new "global economy."

ECON 1A—Elementary Economics-Macro (3 units) (CAN ECON 2) CSU/UC
Economic principles, problems, and policies; theories related to various economic problems and policies, i.e., inflation, recession, taxation, poverty, agriculture, economic development, and the environment; includes possible solutions to these problems; emphasizes macro economics. (L)

ECON 1B—Elementary Economics-Micro (3 units) (CAN ECON 4) CSU/UC
Economic principles, problems, and policies, including price theory or theory of the firm, labor economics, foreign trade, and comparative economic systems; emphasizes micro economics. (L)

Education

EDUC 1—Introduction to Teaching (3 units) CSU/UC
Survey of American educational institutions and teaching principles, including student participation as a teacher's aide in an elementary or secondary classroom. (L)

EDUC 20—Tutoring Seminar (1 unit) CSU
Tutor training involving the role and function of tutoring, the phases through which each tutoring session should progress, the behaviors of tutors and tutees during tutoring activities, and the principal strategies by which the business of teaching and learning is handled in tutorials. Not open for credit to student with credit in EDUC 21. (L)

EDUC 21—Advanced Tutoring Seminar (1 unit) CSU
Builds on skills acquired in EDUC 20. Application and analysis of techniques that enable tutors to communicate underlying thought processes of a task and enhance the tutee's comprehension. Tutors will evaluate the effectiveness of their tutorials and monitor the tutee's progress. Prerequisite: EDUC 20 with a minimum grade of 'B'. (L)

EDUC 40—Introduction to Online Learning (1 unit) CSU
This course will prepare you to successfully complete an online course through introduction to the technology and the online environment; how to use the software tools that manage an online course; and how to problem-solve online issues. Not open for credit to student with credit in MCOMM 40. Grades are CR/NC.

Electronics Technology

ELECT 12—Basic Electronics (4 units) CSU
Fundamentals of DC and AC passive components and circuits, Kirchoff's laws, and network theorems; phasor analysis of reactive circuits, diodes, and power supplies; laboratory experiments reinforce theory and develop skill in the use of test equipment. Prerequisites: ELECT 1 or 1L; MATH 50 or equivalent with a grade of "C" or better.

ELECT 25—Computer Assembly Language (4 units) CSU
Basic operating principles and structure of digital computers, including addressing modes, stack manipulation, interrupt processing, fixed and floating point formats, subroutine features of assemblers; directives, symbol table, macros; programs are written using Microsoft Assembler (MASM). Not open for credit to student with credit in COMSC 2. (LM)

ELECT 44AR—A+ Test Certification (4 units) CSU
Fundamentals of personal computer (PC) hardware, including ports, boards, buses, memory, disk drives, controllers, monitors, and printers, as well as PC configuration, preventive maintenance, and diagnostics; stresses the skills required to pass the CompTIA A+ Certification Test. Computer-aided instruction and lab exercises included. (Repeatable: May be taken four times only.) (LM)

ELECT 44CR—Security + (3 units) CSU
The course provides an overview of network security basics including general security concepts, communication security, infrastructure security, operational and organizational security and cryptography basics. (Repeatable: May be taken four times only.) (LM)
Programs and Courses

Emergency Medical Technician

The Emergency Medical Technician class prepares students to take the certification examination as an EMT-1 and meet State EMT-1 training standards. In addition, the class provides for review and updating of information and skills necessary for recognition and pre-hospital care of medical emergencies, satisfying State EMT-1 Refresher requirements.

EMT-1
(Certificate of Training)

EMT 61 Emergency Medical Technician ................................. 4.5

EMT 61—Emergency Medical Technician I (4.5 units)
Preparation for taking the certification examination as an EMT I. Meets State EMT I training standards. Prerequisite: Current CPR certification for the health care provider or for the professional rescuer. (LM)

EMT-1 REFRESHER
(Certificate of Training)

Units
EMT 252R EMT-I Refresher .................................................. 1

EMT 252R—EMT-I Refresher (1 unit)
Review and update of information and skills necessary for pre-hospital care of medical and traumatic emergencies. Satisfies State EMT-I refresher requirements. Prerequisite: EMT 53 or EMT 51 or FIRSC 53 and EMT 54, or current certification as EMT IFS and EMT 63. Grades are CR/NC. (Repeatable: May be taken four times only.)

Engineering

ENGR 3—Plane Surveying (4 units) (CAN ENGR 10)
Theory and applications; use of instruments in linear and angular measurements; traverse, level, topographic/mapping surveys; earth work computation; horizontal and vertical curves, introduction to state coordinate system and GPS. Prerequisite: MATH 21 or equivalent. (LM)

ENGR 4—Engineering Graphics (3 units) (CAN ENGR 2)
Descriptive geometry, graphical mathematics, and introduction to computer graphics, including computer-aided drafting, data presentation and analysis using computers, sketching, and introduction to design including group project. Prerequisite: DRAFT 30 or equivalent. (LM)

ENGR 10—Exploring Engineering (3 units) CSU
Exploration of the field of engineering for both the decided engineering major and the non-major who may be curious about engineering. Orientation to the academic and career path one follows to become an engineer. This course will provide the student added college success skills which will improve his/her chances of succeeding in a technical field such as engineering. The course surveys the engineering profession's contemporary role in society, the engineering approach to problem solving, the design process, and engineering ethics/responsibilities. Designed to appeal to all majors, the course offers a variety hands-on activities and a project. (LM)

ENGR 17—Circuits for Engineers (3 units) (CAN ENGR 12) CSU/UC
Circuits laws and theorems; natural and forced response analysis of first and second order systems; solutions using differential equations. Some emphasis on steady state A.C. analysis. Introduction to devices and systems, including operational amplifiers. Introduction to frequency-selective circuits. Prerequisite: MATH 2B which may be taken concurrently. (LM)

ENGR 17L—Circuits Laboratory for Engineers (1 unit) CSU/UC
Electronic and electrical experiments to reinforce the principles taught in ENGR 17. Corequisite: ENGR 17.

ENGR 33—Surveying a Parcel Boundary (1 unit) CSU
Theory and application of the principles of parcel boundary surveying; assist in the actual execution of a Record of Survey of a parcel in the Sacramento Valley; research; introduction to the principles of boundary surveying; deed analysis; actual field survey; calculations; boundary resolution; preparation of a Record of Survey map; submission of the map to the County Surveyor; recordation of the map. (LM)

ENGR 35—Statics (3 units) (CAN ENGR 8) CSU/UC
Force systems and equilibrium conditions; engineering problems covering structures, machines, distributed forces, and friction; methods of virtual work; trigonometric and vector methods used. Prerequisite MATH 2A or concurrent enrollment.

ENGR 45—Properties of Materials (4 units) (CAN ENGR 4) CSU/UC
An introductory course in properties of materials used in engineering; emphasis on the theory underlying the behavior of engineering materials; including a laboratory component covering the testing of metals, polymers, composites, wood, and other materials. Prerequisite: CHEM 1A and PHYS 4A. (LM)

English

ENGLISH
(Associate in Arts)

Required Courses

Units
ENGL 1A College Composition and Reading ......................... 3-4
ENGL 1B Critical Thinking and Writing About Literature ............ 3
ENGL 30A Introduction to American Literature I or ENGL 30B Introduction to American Literature II .................. 3
ENGL 46A Intro to English Literature I OR 46B Intro to English Literature II ........................................ 3
Plus 6 additional units selected from
ENGL 1C, 11, 22R, 23, 30A, 30B, 31A, 31B, 32R, 36, 37, 38, 39, 42, 43R, 44A, 44B, 45, 46A or 46B ................... 6
Total units required for degree major .................................. 18
ENGL 1A—College Composition and Reading (4 units) CSU/UC
Development of analytical reading and the writing of college-level essays, including critical analysis, rhetorical forms, and collegiate research. Prerequisite: Satisfactory score on Placement Examination and appropriate skills and knowledge or a grade of "C" or better in ENGL 51 or 51L. (L)

ENGL 1B—Critical Thinking/Writing About Literature (3 units) CSU/UC
Critical thinking and writing about literature; develops critical thinking, reading, and writing skills applicable to the analysis of prose, poetry, drama, and criticism from diverse cultural sources and perspectives; emphasis on the techniques and principles of effective written argument; some research required. Prerequisite: ENGL 1A with a grade of "C" or better. (NOTE: CAN ENGL SEQ A = ENGL 1A + 1B; CAN ENGL SEQ B = ENGL 46A + 46B)

ENGL 1C—Critical Thinking/Advanced Composition (3 units) CSU/UC
Principles of critical thinking, reading, and writing beyond freshman composition; focuses on the principles of, and the development of, logical and analytical reasoning, argumentative writing, and on the principles of rhetoric (invention, arrangement, style, memory, delivery, modes of discourse, audience). Prerequisite: ENGL 1A with a grade of "C" or better. (L) (formerly English 41)

ENGL 1LR—English Writing Lab (v.5-1 unit) CSU
Improvement of the writing of essays for college level composition and literature courses; includes familiarity with basic word processing commands for the purpose of revising, editing, and printing essays. Corequisite: ENGL 1A, 1B, 41, or English literature course. (Repeatable: May be taken four times only.)

ENGL 2—Oral Interpretation of Literature (3 units) CSU/UC
Introduction to analysis and interpretation of literature for oral reading; encourages a deeper, richer experience of prose, poetry and drama; enables students to share the love of literature in the oral tradition. Prerequisite: ENGL 51 or 51L or satisfactory score on English Placement Examination. Not open for credit to student with credit in SPECH 2.

ENGL 4—Introduction to Linguistics (3 units) CSU/UC
Survey of the sounds, structures, changes, and social and cultural functions of language, including language acquisition and the relationships among languages. Recommended for English, foreign language, TESOL, education, and child development majors, but open to all other qualified students. Prerequisite: Eligibility for ENGL 1A. (L)

ENGL 11—Grammar for College Writers (3 units) CSU
A systematic approach to understanding the principles and rules of English grammar, including a study of parts of speech, syntax, punctuation, and common grammatical problems. (L)

ENGL 19—News Writing and Reporting (3 units) CSU/UC
Recognizing, gathering, and writing the news in accepted journalistic style; learning to conduct personal interviews and cover speeches, meetings, and other events; understanding the legal and ethical issues related to reporting; emphasis on language and style, accuracy in news gathering, and research and organization of various types of stories. Prerequisite: ENGL 51L or eligibility for ENGL 1A. (L)

ENGL 20LR—News Media Production (3 or 4 units) CSU
Weekly production of the Yuba College student online news source and quarterly production of the Yuba College student news magazine. Students will become familiar with all elements of news media production, including hard news, features, editorials, blogs, forums, email advisories, podcasts, online video, photo journalism, graphic art, and advertisement marketing. Prerequisite: ENGL 51 or eligibility for ENGL 1A (L) (Repeatable: May be taken four times only.)

ENGL 22R—Literacy Field Trip (1 or 2 or 3 units) CSU
Intensive field trips of varying duration studying and analyzing literature by visiting various sites of literary merit. Students are responsible for transportation, lodging, and other expenses. (Repeatable: May be taken four times only.)

ENGL 23—Literature Through Film (3 units) CSU/UC
A close analysis of selected themes in literature and its fundamental elements as interpreted on film. Students view and analyze film interpretations of the traditional genres of fiction, poetry, and drama. (L)

ENGL 25R—Multimedia Design/Writing (4 units) CSU
Principles and practice of designing and writing multimedia projects including newsletters, booklets, academic documents, presentations, reports, flyers, press releases, posters and web pages. Emphasis on applying art theory and effective writing techniques to individual and group projects. (Repeatable: May be taken two times only.)

ENGL 30A—Introduction to American Literature I (3 units) CSU/UC
Survey of American Literature from its beginning in 1620 to 1865. Writers include, among others, Bradstreet, Taylor, Franklin, Emerson, Thoreau, Hawthorne, Melville, Poe, Whitman, Dickenson. Special attention will be paid to major literature genres, themes, and historical backgrounds. (L)

ENGL 30B—Introduction to American Literature II (3 units) CSU/UC
Survey of American Literature from 1865 through the Twentieth Century. Writers include, among others, Clemens, James, Wharton, Frost, Faulkner, Hughes, Lowell, Warren, Walker, Brooks, Wright, and Rich. Special attention will be paid to the major literature genres, themes, and historical backgrounds. (L)

ENGL 31A—Creative Writing (3 units) CSU
Craft of writing poetry, drama, fiction, and non-fiction to aid the student; examples by professional writers. Conducted primarily as a workshop where students read their materials for constructive criticism. Prerequisite: ENGL 105 or eligibility for ENGL 51. (L)

ENGL 31B—Creative Writing (3 units) CSU
Craft of writing poetry, drama, fiction, and non-fiction to aid the student; examples by professional writers. Conducted primarily as a workshop where students read their materials for constructive criticism. Prerequisite: ENGL 31A. (L)

ENGL 32R—Film Studies: Focus on ... (3 units) CSU/UC
Study of a particular director/artist, genre, or national cinema. Students view and discuss full-length feature films; topic to be specified in class schedule. (Same as HUMAN 32R, THART 32R) (Repeatable: May be taken four times only.)

ENGL 33—History of Film (3 units) CSU/UC
Chronological survey of the motion picture; traces the development of the art, technology, and social importance of film during the last 100 years; screenings of significant and representative narrative, documentary, and experimental films from the silent to the modern era. Not open for credit to student with credit in HUMAN 33 or THART 33. (L)

</tbody>
</table>
ENGL 110BLR—Fundamentals of Composition 2 (4 or 4.5 units)
Emphasizes varied sentence types, use of phrases and clauses, grammar and mechanics, paragraphs, short essays, and the writing process. Concurrent enrollment in READ 110A, 110B, or 105 highly recommended. Prerequisite: ENGL 110ALR or 110AR, or ESL 110ALR or 110AR with a grade of "C" or better, or satisfactory score on Placement Examination. (Repeatable: May be taken four times only.)

ENGL 110BR—Fundamentals of Composition 2 (3 units)
Emphasis on varied sentence types, use of phrases and clauses, grammar and mechanics, paragraphs, short essays, and the writing process. Concurrent enrollment in READ 110A, 110B, or 105 highly recommended. Prerequisite: ENGL 110ALR, 110AR, or ESL 110ALR or 110AR with a grade of "C" or better, or satisfactory score on Placement Examination. (Repeatable: May be taken four times only.)

ENGL 111R—Sentence Problem Workshop (0.5 unit)
Improvement of the writing of essays for pre-college and college-level English courses. Designed to help to build small group workshop setting with such writing problems as comma splices, run-on sentences, fragments, agreement problems, verb tenses, etc. Concurrent enrollment in a composition course recommended. Grades are CR/NC. (Repeatable: May be taken four times only.)

ENGL 180—Reading and Writing Development (3 units)
Emphasis on developing an understanding of sentence, paragraph, and short passage structure. Basic grammar and mechanics are also reviewed. Not open for credit to student with credit in GENST 180.

English as a Second Language

ESL 40A—English Grammar, 1 (3 units) CSU/UC UC-Unit Limit
Emphasizes study of tense system and verbals for limited English speakers. Preparation for ESL 40B. Concurrent enrollment in ESL Reading and ESL Composition highly recommended. (First of two courses.) (L)

ESL 40B—English Grammar, 2 (3 units) CSU/UC UC-Unit Limit
Continues study of English tense system; introduces syntactic features at the sentence level, such as conditionals and reported vs. direct speech. Concurrent enrollment in ESL Reading and ESL Composition highly recommended. Prerequisite: ESL 40A or equivalent. (Second of two courses.)

ESL 40C—Advanced Grammar (3 units) CSU
Introduces advanced grammatical categories at a native academic level in order to facilitate understanding of formal written language; includes sentence patterns, phrases, clauses, usage, spelling, punctuation, and capitalization. Concurrent enrollment in ESL 105, ENGL 105, or more advanced composition/reading course highly recommended. Prerequisite: ESL 40B or equivalent.

ESL 105LR—Pre-Collegiate Composition, ESL (4 units)
Stresses the development of writing skills by practicing writing at the sentence, paragraph, and essay levels and by reading and analyzing short essays that serve as models for writing. Additional assistance provided in the ESL writing lab. Concurrent enrollment in advanced ESL Grammar and Reading courses strongly recommended. Prerequisite: ESL 110BLR or 110BR, or ENGL 110BLR or 110BR with a grade of "C" or better, or satisfactory score on Placement Examination. (Repeatable: May be taken four times only.)

ESL 110ALR—Fundamentals of Composition 1 (4 units)
High-intermediate writing skills for limited-English speakers; emphasizes basic grammar and mechanics, simple and compound sentences, paragraphs, and the writing process. Concurrent enrollment in ESL 40A or 40B and ESL 241LR highly recommended. Prerequisite: ESL 231B with a grade of "C" or better or satisfactory score on Placement Examination. Preparation for ESL 110BLR, 110BR, or ENGL 110BLR or 110BR. (Repeatable: May be taken four times only.)

ESL 110BLR—Fundamentals of Composition 2 (4 units)
High-intermediate writing skills for limited English speakers; designed to teach how to write sentences and basic paragraphs. Concurrent enrollment in ESL 40A or 40B and ESL 241 LR highly recommended. Prerequisite: ESL 110ALR or 110AR, 242LR, 242R, or ENGL 110ALR or 110AR with a grade of "C" or better, or satisfactory score on Placement Examination. Preparation for ESL 105LR. (Repeatable: May be taken four times only.)

ESL 165—English Grammar, Multi-Level (2 units)
General review of grammar, including, but not limited to, time frames, modals, verb classes, nominals, adjectivals, and adverbials.

ESL 176AR—English for Automotive Technology (3 units)
Development and improvement of language skills needed in automotive technology. Prepares non-native English speakers (with at least high-intermediate English proficiency) to succeed in first-semester Automotive Technology courses, specifically AUTO 20 and 21. Emphasizes development of vocabulary essential for communication about automotive service and repair. Develops reading skills needed to comprehend auto-related textbooks as well as listening comprehension skills for lectures. Some necessary math skills will be focused on as well. Concurrent enrollment in ESL 40A, 40B, or 40C and ESL 241R is recommended. (Repeatable: May be taken four times only.)
ESL 176ER—English for Early Childhood Education
(3 units)
Development and improvement of language skills needed for Early Child-
hood Education courses. Prepares non-native English speakers (with at least
high-intermediate English proficiency) to succeed in first-semester Early
Childhood Education courses, specifically ECE 1A, 3 and 11. Emphasizes
development of vocabulary and writing skills essential for communication
about child development, child observation and preschool teaching. Also,
develops reading skills needed to comprehend textbooks as well as listen-
ing comprehension skills for lectures. Concurrent enrollment in ESL 40A,
40B, or 40C and ESL 241R is recommended. (Repeatable: May be taken
four times only.)

ESL 212A—Beginning Listening and Pronunciation 1
(3 units)
Listening and pronunciation for beginners; emphasis on increased
comprehension of simple spoken English and improved speech. Concurrent
enrollment in ESL 213A, 217A, and 218A highly recommended. Grades are
CR/NC.

ESL 212B—Beginning Listening and Pronunciation 2
(3 units)
Listening and pronunciation for beginners; emphasis on increased
comprehension of simple spoken English and improved speech. Concurrent
enrollment in ESL 213B, 217B, and 218B highly recommended. Grades are
CR/NC.

ESL 213A—Beginning Grammar 1 (3 units)
Grammar for beginners who have little background knowledge of English.
Emphasis on the basic structure of the language. Concurrent enrollment in
ESL 212A, 217A, and 218A highly recommended. Grades are CR/NC.

ESL 213B—Beginning Grammar 2 (3 units)
Grammar for beginners who have little background knowledge of English;
emphasis on the basic structure of the language. Concurrent enrollment in
ESL 212B, 217B, and 218B highly recommended. Grades are CR/NC.

ESL 214R—English Conversation, Level 1 (2 units)
Pair, small, and large group discussion for limited English proficient;
includes personal and family information, daily activities, and other subjects
of interest; relevant vocabulary included. First in a series of four courses.
Grades are CR/NC. (Repeatable: May be taken four times only.)

ESL 215R—Integrated ESL Skills, Level 1
(2 or 3 or 5 units)
Basic language development for beginning English speakers. Concentration
on all language skills—listening, speaking, reading, writing, and grammar—
while focusing on everyday life skills. Preparation for ESL 210A/211A. (First
in a series of four courses.) Grades are CR/NC. (Repeatable: May be taken
four times only.)

ESL 217A—Beginning Reading 1 (3 units)
Basic reading and vocabulary development for beginners who have little
background in English. Emphasis on reading and understanding simple short
articles and stories. Concurrent enrollment in ESL 212A, 213A, and 218A highly recommended. Grades are CR/NC.

ESL 217B—Beginning Reading 2 (3 units)
Basic reading and vocabulary development for beginners who have little
background in English; emphasis on reading and understanding simple short
articles and stories. Concurrent enrollment in ESL 212B, 213B, and 218B highly recommended. Grades are CR/NC.

ESL 218A—Beginning Writing 1 (4 units)
Basic writing for beginners who have little background in English. Emphasis
on writing simple short paragraphs. Concurrent enrollment in ESL 212A,
213A, and 217A highly recommended. Grades are CR/NC.

ESL 218B—Beginning Writing 2 (4 units)
Basic writing for beginners who have little background in English; emphasis
on writing simple short paragraphs. Concurrent enrollment in ESL 212B,
213B, and 217B highly recommended. Grades are CR/NC.

ESL 222A—Low-Intermediate Listening and
Pronunciation, 1 (3 units)
Listening and pronunciation for low-intermediate English speakers;
development of ability to understand and be understood by native speakers.
Concurrent enrollment in ESL 223A, 227A, and 228A highly recommended.
Grades are CR/NC.

ESL 222B—Low-Intermediate Listening and
Pronunciation, 2 (3 units)
Listening and pronunciation for low-intermediate English speakers;
development of ability to understand and be understood by native speakers.
Concurrent enrollment in ESL 223B, 227B, and 228B is highly recommended.
Grades are CR/NC.

ESL 223A—Low-Intermediate Grammar 1 (3 units)
Grammar for low-intermediate ESL, part 1; helps to build understanding of
basic structure of English. Corequisite: None; ESL 222A, 227A, and 228A
highly recommended. Grades are CR/NC.

ESL 223B—Low-Intermediate Grammar 2 (3 units)
Grammar for low-intermediate ESL, part 2; helps build understanding of
basic structure of English. Concurrent enrollment in ESL 222B, 227B, and
228B highly recommended. Prerequisite: ESL 223A or equivalent. Grades
are CR/NC.

ESL 224R—English Conversation, Level 2 (2 units)
Pair, small, and large group discussion for limited English proficient; includes
comparison of students’ and American cultures, geographic directions,
clarification techniques, and other subjects of interest; new relevant
vocabulary introduced. Second in a series of four courses. Grades are
CR/NC. (Repeatable: May be taken four times only.)

ESL 225R—Integrated ESL Skills, Level 2
(2 or 3 or 6 units)
Language development for low-intermediate limited English speakers;
concentration on all language skills—listening, speaking, reading, writing,
and grammar—while focusing on everyday life skills. Prepares student for
other Level 2 courses. Prerequisite: Completion of ESL 215R or equivalent.
Grades are CR/NC. (Repeatable: May be taken four times only.)

ESL 226LR—English As a Second Language Lab, I
(.5 or 1 unit)
Supplements English as a Second Language classes by providing
additional practice in grammar, vocabulary, listening comprehension, etc.,
in a laboratory setting. Students pursue individualized objectives under
supervision. Grades are CR/NC. (Repeatable: May be taken four times only.)

ESL 227A—Low-Intermediate Reading 1 (3 units)
Reading and vocabulary development for low-intermediate ESL, part 1;
develop ability to read and understand simple short paragraphs and stories.
Concurrent enrollment in ESL 222A, 223A, and 228A highly recommended.
Grades are CR/NC.

ESL 227B—Low-Intermediate Reading 2 (3 units)
Reading and vocabulary development for low-intermediate ESL, part 2;
develops ability to read and understand simple, short paragraphs and stories.
Concurrent enrollment in ESL 222B, 223B, and 228B highly recommended.
Prerequisite: ESL 227A or equivalent. Grades are CR/NC.
ESL 228A—Low-Intermediate Writing 1 (4 units)
Writing for low-intermediate ESL, part 1; develop ability to write simple, short paragraphs with proper grammar and spelling. Concurrent enrollment in ESL 222A, 223A, and 227A highly recommended. Grades are CR/NC.

ESL 228B—Low-Intermediate Writing 2 (4 units)
Writing for low-intermediate ESL, part 2; further develops ability to write simple, short paragraphs with proper grammar and spelling. Concurrent enrollment in ESL 222B, 223B, and 227B highly recommended. Prerequisite: ESL 228A or equivalent. Grades are CR/NC.

ESL 229ACR—English for Computer Job Search (3 units)
Provides students with basic computer and word processing skills necessary to type simple documents, use software and perform research related to employment. Additionally, students will work on English skills, such as reading, vocabulary development and pronunciation, using vocationally-related software in such fields as auto, health care, office, clerical, food service and construction. Intended for non-native English speakers with at least low-intermediate English proficiency. Concurrent enrollment in Level 2 ESL courses (e.g., 222, 225) is highly recommended. (Repeatable: May be taken three times only.)

ESL 229AW—English for Employment, Level 2, Part 1 (3 units)
Prepares students for vocational training and/or employment. Includes vocabulary for the world of work and skill development for job search, application and job retention. Intended for non-native English speakers with at least low-intermediate English proficiency. Concurrent enrollment in either the “A” or “B” portions of ESL 222, 223, 227, and 228 is highly recommended. Grades are CR/NC.

ESL 229BW—English for Employment, Level 2, Part 2 (3 units)
Prepares students for vocational training and/or employment. Includes vocabulary for the world of work (after employment) and job retention. Intended for non-native English speakers with at least intermediate English proficiency. Concurrent enrollment in either the “A” or “B” portions of ESL 222, 223, 227, and 228 is highly recommended. Grades are CR/NC.

ESL 231A—Intermediate Reading, Part 1 (4 units)
Development of reading and writing skills related to life skills and vocational goals. Concurrent enrollment in ESL 230A highly recommended. Prerequisite: ESL 221B or 281B or equivalent. Not open for credit to students with credit in ESL 291A. Grades are CR/NC.

ESL 232A—Intermediate Listening and Pronunciation 1 (3 units)
Listening and pronunciation for intermediate English speakers. Development of ability to understand and be understood by native speakers. Concurrent enrollment in ESL 233A, 237A, and 238A is highly recommended. Grades are CR/NC.

ESL 232B—Intermediate Listening and Pronunciation 2 (3 units)
Listening and pronunciation for intermediate English speakers. Development of ability to understand and be understood by native speakers. Concurrent enrollment in ESL 233B, 237B, and 238B is highly recommended. Grades are CR/NC.

ESL 233A—Intermediate Grammar 1 (3 units)
Grammar for intermediate ESL, part 1. Helps build understanding of basic structure of English. Prerequisite: Completion of ESL 223B or equivalent. Concurrent enrollment in ESL 232A, 237A, and 238A is highly recommended. Grades are CR/NC.

ESL 233B—Intermediate Grammar 2 (3 units)
Grammar for intermediate ESL, part 2. Further helps build understanding of basic structure of English. Prerequisite: completion of ESL 233A or equivalent. Concurrent enrollment in ESL 232B, 237B, and 238B is highly recommended. Grades are CR/NC.

ESL 234R—English Conversation, Level 3 (2 units)
Pair, small, and large group discussion for limited English proficient students; includes personal history, likes and dislikes, future plans, and other subjects of interest; new relevant vocabulary introduced. Third in a series of four courses. Grades are CR/NC. (Repeatable: May be taken four times only.)

ESL 235R—Integrated ESL Skills, Level 3 (2 or 3 or 5 units)
Language development for intermediate limited English speakers; concentration on all language skills—listening, speaking, reading, writing, and grammar—while focusing on everyday life skills. Prepares student for other Level 3 courses. Prerequisite: ESL 225R or equivalent. Grades are CR/NC. (Repeatable: May be taken four times only.)

ESL 237A—Intermediate Reading 1 (3 units)
Reading and vocabulary development for intermediate ESL, part 1. Develops ability to read and understand long paragraphs and stories. Prerequisite: Completion of ESL 227B or equivalent. Concurrent enrollment in ESL 232A, 233A, and 238A is highly recommended. Grades are CR/NC.

ESL 237B—Intermediate Reading 2 (3 units)
Reading and vocabulary development for intermediate ESL, part 2. Further develops ability to read and understand simple short paragraphs and stories. Prerequisite: Completion of ESL 237A or equivalent. Concurrent enrollment in ESL 232B, 233B, and 238B is highly recommended. Grades are CR/NC.

ESL 238A—Intermediate Writing 1 (4 units)
Writing for intermediate ESL, part 1. Develops ability to write long paragraphs with proper grammar and spelling. Prerequisite: Completion of ESL 228B or equivalent. Concurrent enrollment in ESL 232A, 233A, and 237A is highly recommended. Grades are CR/NC.

ESL 238B—Intermediate Writing 2 (4 units)
Writing for intermediate ESL, part 2. Further develops ability to write short paragraphs with proper grammar and spelling. Prerequisite: Completion of ESL 233A or equivalent. Concurrent enrollment in ESL 232B, 233B, and 237B is highly recommended. Grades are CR/NC.

ESL 239OR—English for Office (3 units)
Provides students with basic office skills, including but not limited to, computer applications for formatting and typing standard business documents, telephone techniques, filing, Internet applications, and reading for the workplace. Additionally, students will work on English skills using vocational software related to clerical work. Intended for non-native English speakers with at least intermediate English proficiency. Concurrent enrollment in Level 3 ESL courses is highly recommended. (Repeatable: May be taken two times only.)

ESL 239AW—English for Employment, Level 3, Part 1 (3 units)
Prepares students for vocational training and/or employment. Includes vocabulary for the world of work and skill development for job search, application and job retention. Intended for non-native English speakers with at least intermediate English proficiency. Concurrent enrollment in either the “A” or “B” portions of ESL 232, 233, 237, and 238 is highly recommended. Grades are CR/NC.
Programs and Courses

ESL 239BW—English for Employment, Level 3, Part 2 (3 units)
Prepares students for vocational training and/or employment. Includes vocabulary for the world of work (after employment) and job retention. Intended for non-native English speakers with at least intermediate English proficiency. Concurrent enrollment in either the “A” or “B” portions of ESL 232, 233, 237, and 238 is highly recommended. Grades are CR/NC.

ESL 241R—Reading and Vocabulary Development (3 units)
Development of reading and vocabulary skills with a progression from short, modified readings to longer selections in literature and science. Preparation for READ 105 or other appropriate reading courses. Concurrent enrollment in ESL Grammar and/or ESL composition highly recommended. Prerequisite: Completion of ESL 230B or 290B or equivalent. (Formerly ESL 61R.) (Repeatable: May be taken four times only.)

ESL 242LR—Fundamentals of Composition (4 units)
Introduction to basic writing skills for limited English speakers, including composition of sentences and basic punctuation. Preparation for ESL 105 or other appropriate composition course. Concurrent enrollment in ESL 40A or 40B and ESL 241A highly recommended. (Repeatable: May be taken four times only.)

ESL 242R—Fundamentals of Composition (3 units)
Introduction to basic writing skills for limited English speakers, including composition of sentences and basic punctuation. Preparation for ESL 105 or other appropriate composition course. Concurrent enrollment in ESL 40A or 40B and ESL 241A highly recommended. Prerequisite: Completion of ESL 231B or equivalent. (Formerly ESL 62R). (Repeatable: May be taken four times only.)

ESL 244R—English Conversation, Level 4 (2 units)
Pair, small, and large group discussion for limited English proficient; includes hypothetical situations, jobs and careers, and explaining a process; new relevant vocabulary introduced. Last in a series of four courses. Grades are CR/NC. (Repeatable: May be taken four times only.)

ESL 245R—Integrated ESL Skills, Level 4 (2 or 3 or 5 units)
Language development for limited English speakers; concentration on all language skills—listening, speaking, reading, writing, and grammar. Prepares student to continue college course work. Last in a series of four courses. Prerequisite: ESL 235R or equivalent. Grades are CR/NC. (Repeatable: May be taken four times only.)

ESL 246LR—English As a Second Language Lab, II (1 unit)
Supplement to English as a Second Language classes by providing additional practice in grammar, vocabulary, listening comprehension, etc., in a laboratory setting. Students pursue individualized objectives under supervision. Corequisite: ESL 40A or 40B or 241R or ESL 242R. Grades are CR/NC. (Repeatable: May be taken four times only.)

ESL 259R—Language of Math for ESL Students (3 units)
Intended to familiarize speakers of other languages with the language of basic mathematics as needed in dealing with whole numbers, addition, subtraction, multiplication, and division. Grades are CR/NC. (Repeatable: May be taken four times only.)

ENVIRONMENTAL

HORTICULTURE (see Agriculture)

Ethnic Studies

Afro-American Studies

AFRO 12A—History of Africa (3 units) CSU/UC
Survey of African history from earliest times to 1800. Not open for credit to student with credit in HIST 12A. (L)

AFRO 12B—History of Africa (3 units) CSU/UC
Survey of African history from 1800 to present. Special emphasis placed upon the rise of the nationalist movement, the emergence of the new states and problems of nation-building. Not open for credit to student with credit in HIST 12B. (L)

AFRO 16A—Afro-American History (3 units) CSU/UC UC-Unit Limit
Survey of Afro-American history from pre-Colonial period to the Civil War. Not open for credit to student with credit in HIST 16A. (L)

AFRO 16B—Afro-American History (3 units) CSU/UC UC-Unit Limit
Survey of Afro-American history from Civil War to present. Not open for credit to student with credit in HIST 16B. (L)

Asian-American Studies

ASIAN 14—Asian-American History (3 units) CSU/UC
Chronological study of Asian-Americans from early immigrants to recent arrivals. Emphasis on Chinese, East Indian, Japanese, Korean, Filipino Americans, and the boat people (Cambodians, Laotians, and Vietnamese). Not open for credit to student with credit in HIST 14. (L)

ASIAN 31—Asian-American Humanities and Cultures (3 units) CSU/UC
Survey of Asian-American cultures, including religions, traditions, and some highlights of history. Not open for credit to student with credit in HUMAN 31. (L)

La Raza Studies

LARAZ 1—Introduction to Chicano Studies (3 units) CSU/UC
Interdisciplinary analysis of Chicano population, focusing on contemporary Chicano culture and issues. (L)
LARAZ 15—Mexican-American History (3 units)  
Historical development of Mexican-Americans from Mexican origins, settlement in the United States, to the present time. Emphasis is given to the pre-Columbian setting, the indigenous heritage, European conquest and legacy, distinctive colonial institutions, and the growth of independence movements in the United States and Mexico. Major political, social, economic, and cultural factors will be presented, focusing on the roles played by diverse peoples and cultures who shared in the development of the United States and Mexico. Satisfies CSU Title V, Section 40404, U.S. History, Constitution, and American Ideals requirement when both LaRaza 15 and POLSCI 1 are completed. Not open for credit to student with credit in HIST 15. (L)

Native American Studies  
NATAM 7—Indians of North America (3 units)  
Survey history of Indians of United States and Canada from pre-Columbian societies through European conquest to modern day. Not open for credit to student with credit in HIST 7. (L)

Family and Consumer Science  
FAMILY AND CONSUMER SCIENCE (Associate in Science)  
Required Courses  
ART 6A-6B Basic Design ......................................................... 6  
OR ART 4A-4B Drawing/Composition ...................................  
ECE 3 Child Growth/Development .................................. 3  
FCS 10 Principles of Nutrition ........................................... 3  
FCS 31 Child, Family, Community .................................. 3  
FCS 32 Parenting ............................................................. 3  
Total units required for degree major ........................... 18  
Additional Recommended Courses  
PSYCH 1A General Psychology OR 2 Applied Psychology OR  
33 Personal/Social Adjustment ....................................... 3  
SOCIL 1 Intro. to Sociology OR 2 Social Problems OR  
10 Sociology of Marriage ............................................... 3  

FAMILY AND CONSUMER SCIENCE (Certificate of Achievement)  
Pending California Community College Chancellor’s Office approval

DISPLACED HOMEMAKERS AND REENTRY WOMEN  
(Certificate of Training)  
Special support will be given to individuals from the following groups:  
• Persons who were homemakers but because of dissolution of marriage must go to work.  
• Single heads of household who lack job skills.  
• Homemakers who are part-time workers who need to work full-time.  
• Women who are in traditional female jobs and who desire to enter nontraditional occupations.  
• Men who are in traditional male jobs and who desire to enter nontraditional occupations.

Required Courses  
A vocational program.......................................................... 3-12  
COUNS 25 Career Planning/Development ........................ 3  
Electives (select 6 or more from below) ............................... 6-12  
COUNS 24 Career Readiness ........................................... 1  
COUNS 41A Problem Management ................................ 5  
COUNS 42R Confidence Building .................................. 3  
COUNS 44AR-44BR Assertive Communication Skills ........ 1  
COUNS 45R Career-College Planning ............................... 1  
PSYCH 1A General Psychology: Feminine/Masculine Psychology ................................. 3  
Total units required .......................................................... 18  

FCS 9—Nutrition and Weight Management (3 units)  
Nutrition, exercise, and behavioral techniques for weight control that allow the individual to gain or lose weight safely. Not open for credit to student with credit in CONED 9. (L)

FCS 10—Principles of Nutrition (3 units)  
(CAN FCS 2)  
Functions of nutrients in the human body; nutritional needs of individuals through their life cycle, food choice determinants, effects of cooking and processing, role and safety of food additives, and meal planning guidelines. Not open for credit to student with credit in HLTH 10. (L)

FCS 11—Nutrition and Life Fitness (3 units)  
CSU UC-Unit Limit  
Analysis and evaluation of current practices and theories regarding nutrition and exercise and their relationship to weight control and physical fitness; individualized physical assessment, exercise prescription, and nutritional analysis completed by each student. Not open for credit to student with credit in HLTH 13. (L)

FCS 17R—Life Management Skills (1 unit)  
CSU  
Goal-setting, decision-making, problem-solving skills based on an understanding of values, conflicts, and multiple role issues. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

FCS 31—Child, Family, and Community (3 units)  
CSU/UC  
Study of the environmental influences on growth and development of the child in the family, including social class, ethnicity, disability or risk conditions, education, interaction of family members, and awareness of community resources. Not open for credit to student with credit in ECE 31. (L)
Programs and Courses

FCS 32—Parenting (3 units)  CSU
Techniques and advise for encouraging a positive parenting style and effective child-rearing procedures. Interaction patterns and levels of communication between family members. Not open for credit to student with credit in ECE 32. (L)

FCS 35AR—Introduction to Community Service/ AmeriCorps (1 unit)  CSU
An overview of the role AmeriCorps plays in community service and volunteerism in American society. Benefits of service to personal and professional growth, history of service and volunteering, service organizations, the role of the volunteer and career development are explored. Grades are CR/NC. (L) (Repeatability: May be taken four times only.)

FCS 53R—Personal Dietary Analysis (0.5 unit)  CSU
Computer analysis of diet and creation of individual "ideal" diet using IBM computer application; includes personal dietary analysis, application and evaluation skills. Corequisite: FCS 9, 10, or 11, or HLTH 13. Grades are CR/NC. (L) (Repeatability: May be taken four times only.)

FCS 56R—Effective Parenting (1 unit)  CSU
Development of effective parent-child relationships, including behavior, emotions, encouragement, and communication. Grades are CR/NC. (L) (Repeatability: May be taken four times only.)

Fire Technology

FIRE FIGHTER I ACADEMY

FIRE FIGHTER I
(Certificate of Achievement)
Pending California Community College Chancellor’s Office approval

Units
FIRTC 64 Fire Fighter I Academy ...................................................... 26

Other Certificates of Training that students may earn within the Fire Fighter I Academy include the following:

BASIC INCIDENT COMMAND SYSTEM - ICS 200
(Certificate of Training)

EMERGENCY MEDICAL TECHNICIAN I
(Certificate of Training)

FIRE TECHNOLOGY PRACTICUM

Graduates of the Fire Fighter 1 Academy who obtained a grade of "B" or higher and meet other prerequisites qualify to apply for entry in the Fire Technology Practicum. The practicum provides hands-on experience at a fire station and includes supervised fire fighting activities. Students receive a Certificate of Training after completing six months of training and a Certificate of Completion upon completing one year.
Programs and Courses

FIRE TECHNOLOGY PRACTICUM I  
(Certificate of Achievement)  
Pending California Community College Chancellor’s Office approval  
Required Courses  
FIRTC 64ARO Fire Technology Practicum..........................................................15

FIRE TECHNOLOGY PRACTICUM II  
(Certificate of Achievement)  
Required Courses  
FIRTC 64ARO AND/OR 64BRO Fire Technology Practicum ........................................30

FIRTC 1—Fire Protection Organization  
(3 units)  CSU  
Introduction to fire protection; career opportunities in fire protection and related fields; philosophy and history of fire protection; fire loss analysis; organization and function of public and private fire protection services; fire department as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics. Not open for credit to student with credit in FIRTC 10. (L)

FIRTC 2—Fire Prevention Technology  
(3 units)  CSU  
Provides fundamental information regarding the history and philosophy of fire prevention, organization and operation of a fire prevention bureau, use of fire codes, identification and correction of fire hazards, and the relationship of fire prevention with fire safety education, and detection and suppression systems. Not open for credit to student with credit in FIRTC 12. (L)

FIRTC 3—Fire Protection Equipment Systems  
(3 units)  CSU  
Provides information relating to the features of design and operation of fire detection and alarm systems, heat and smoke control systems, special protection and sprinkler systems, water supply for fire protection, and portable fire extinguishers. Not open for credit to student with credit in FIRSC 15. (L)

FIRTC 4—Building Construction for Fire Protection  
(3 units)  CSU  
Fundamentals of building construction that relate to fire safety; elements of construction and design of structures are shown to be key factors when inspecting buildings, pre-planning fire operations, and operating at fires. Development and evolution of building and fire codes studied in relationship to past fires in residential, commercial, and industrial occupancies. Not open for credit to student with credit in FIRSC 27. (L)

FIRTC 5—Fire Behavior and Combustion  
(3 units)  CSU  
Theory and fundamentals of how and why fires start, spread, and are controlled; an in-depth study of fire chemistry and physics, fire characteristics of materials, extinguishing agents, and fire control techniques. Not open for credit to student with credit in FIRSC 13. (L)

FIRTC 14—Fundamentals of Fire Protection  
(3 units)  CSU  
Theory and fundamentals of fire protection, including laws, water systems and public fire protection, codes, ordinances, and building construction. Not open for credit to student with credit in FIRSC 14. (L)

FIRTC 21—Firefighting Tactics and Strategy  
(3 units)  CSU  
Fire ground operations, building construction, utilization of personnel, engine company assignments, truck company assignments, size-up, RECEO (rescue, exposure, confinement, extinguishment, and overhaul), ICS (incident command system) system. (L)

FIRRC 56—Emergency Medical Technician-1 NA/FS  
(4.5 units)  
Prepares students for taking certification as an EMT-I (NA/FS); meets State Fire Board training standards. Not open for credit to student with credit in EMT 51, EMT 53, or FIRSC 53. Grades are CR/NC. (L)

FIRTC 63A—Driver/Operator 1A  
(2 units)  
Designed to provide the student with driving techniques for emergency vehicles. Includes basic inspection and maintenance of equipment. Course involves actual driving exercises under simulated emergency conditions. This course is a component of the California State Fire Marshal’s Apparatus Driver/Operator certification. Prerequisite: Valid Class B driver’s license. (L)

FIRTC 63B—Driver/Operator 1B  
(2 units)  
Theory, methods, and techniques for operating fire service pumps, including types of pumps, engine and pump gauges, maintenance, and training. Includes basic inspection and maintenance of equipment. Course involves actual driving exercises under simulated emergency conditions. This course is a component of the California State Fire Marshal’s Apparatus Driver/Operator certification. (L)

FIRTC 64—Firefighter I Academy  
(26 units)  
Provides students with basic skills and knowledge to work in fire service. California State Firefighter I curriculum and emergency medical technician (EMT) guidelines will be followed. Provides training in basic concepts including fire department organization, fire control, equipment operation, prevention, protection, hose, nozzles, and breathing apparatus. Includes physical training. Prerequisite: Must be 18 years of age or older to complete the EMT portion of the class and successfully complete academy. Assessment exam and Physician’s release is required. (L)

FIRTC 64ARO—Fire Technology Practicum  
(v1-12.5 units)  
Hands-on experience assigned to a fire station 240 hours per month; includes supervised fire fighting activities, scheduled and non-scheduled training, fire prevention, public education, equipment maintenance, and medical aid towards qualification for Fire Fighter I or II Certification by the State of California. Prerequisite: Successful completion of accredited Firefighter I Academy with minimum grade of “B” and admission to the Fire Technology Practicum Program. Grades are CR/NC. (L)

FIRTC 64BRO—Advanced Fire Technology Practicum  
(v1-12.5 units)  
For students who have completed six months of FIRTC Practicum; offers hands-on fire fighting experience assigned to fire station 240 hours per month; includes supervised fire fighting activities, scheduled and non-scheduled training, fire prevention, public education, equipment maintenance, and medical aid towards qualification for Fire Fighter I or II Certification by State of California. Prerequisite: Successful completion of an accredited Firefighter I Academy with minimum grade of “B” and admission to Advanced Practicum Program. Grades are CR/NC. (L)
Programs and Courses

FIRTC 65A—Fire Prevention 1A (2 units)
Fire prevention codes, authority and responsibility of code enforcement; hazards and properties of liquids, metals, explosives, dusts, and plastics. Course is one of ten components of the California Fire Service Training and Education System classes needed for Fire Officer certification. (L)

FIRTC 65B—Fire Prevention 1B (2 units)
Fire protection devices and systems, detection and alarm systems, egress and exiting requirements; life safety as applied to building design and construction. Course is one of ten components of the California Fire Service Training and Education System classes needed for Fire Officer certification. Not open for credit to student with credit in FIRTC 66. (L)

FIRTC 67—Fire Investigation 1A (2 units)
Aspects of fire cause and origin determination; fire behavior and its effects on materials; indicators of fire origin including char and heat patterns; laws related to arson including search, arrest, and evidence collection. Course is one of ten components of the California Fire Service Training and Education System classes needed for Fire Officer certification. Grades are CR/NC. (L)

FIRTC 68A—Fire Command 1A (2 units)
Fundamentals of fire behavior, pre-fire planning, fireground command structure and control techniques; emphasis on management, decision-making, resource utilization, and performance goals and standards; includes fire command utilization and performance goals and standards; includes fire command simulation. Course is one of ten components of the California Fire Service Training and Education System classes needed for Fire Officer certification. (L)

FIRTC 68B—Fire Command 1B (2 units)
Understanding of hazardous materials information for company officers. Includes physical properties, toxicity, protective clothing, containers, identification and data bases, response options and decision making. Course is one of ten components of the California Fire Service Training and Education System classes needed for Fire Officer certification. Not open for credit to student with credit in FIRTC 69. (L)

FIRTC 68C—Fire Command 1C (2 units)
Understanding of the responsibilities of the Company Officer at a wildland/urban interface (I-Zone) incident. Course will expose students to pre-planning strategies, tactics, and scene management of an incident where there is an intermingling of homes within a wildland environment. Course is one of ten components of the California Fire Service Training and Education System classes needed for Fire Officer certification. (L)

FIRTC 70—Fire Management 1 (2 units)
Designed to prepare or enhance the first line supervisor’s ability to supervise subordinates in a fire service setting. Course introduces key management concepts and practices. Course addresses decision making, time management, leadership styles and theories, developing teams, personnel evaluations and counseling guidelines. Course is one of ten components of the California Fire Service Training and Education System classes needed for Fire Officer certification. (L)

FIRTC 71A—Fire Instructor 1A (2 units)
Prepares individuals to teach technical subject matter to fire service personnel. Course introduces types of learning, levels of instruction, testing, establishing course objectives, and developing lesson plans. Course is one of ten components of the California Fire Service Training and Education System classes needed for Fire Officer certification. Not open for credit to student with credit in FIRSC 71. (L)

FIRTC 71B—Fire Instructor 1B (2 units)
Prepares individuals to teach technical subject matter to fire service personnel. Course introduces development of job sheets, technical lesson plans, various types of examinations, group instruction techniques, and methods to evaluate instruction. Course is one of ten components of the California Fire Service Training and Education System classes needed for Fire Officer certification. Not open for credit to student with credit in FIRTC 72. Prerequisite: Successful completion of FIRTC 71A. (L)

FIRTC 81—Basic Incident Command System I-200 (1 unit)
Basic understanding of the Incident Command System (ICS), including terminology, positions, organization, and management in the ICS. Meets State Fire Marshal’s standards of I-200 training. (L)

FIRTC 82—Intermediate Incident Command I-300 (1.5 units)
Designed to provide the student with an expanded understanding of the Incident Command System (ICS) by providing more description and detail of the organization and operation of the ICS. Course covers modules 7-11 and includes: duties of all positions, developing the system within a Unified Command structure, managing resources and demobilization, Air Operations support, and the principles involved in incident or event planning. Course is one of ten components of the California Fire Service Training and Education system classes needed for Fire Officer certification. Prerequisite: FIRTC 81 (I-200 Basic Incident command system) (L)

FIRTC 205—First Responder (3 units)
Primarily designed for Public Safety Personnel and community members acting in the role of first responder. Course emphasizes taking appropriate action for medical emergencies until more advanced medical personnel arrive and stabilizing emergency scenes at major incidents. Upon successful completion, student will receive First Aid and CPR certification that satisfies Title 22 for Public Safety Personnel. (L)

FRNCH 10—Introduction to French (3 units) CSU
Introductory course to the study of the French language and Francophone culture. At the successful completion of the course, the student will be able to converse in simple sentences using the present tense and a vocabulary of 800-1000 words. (L)

GENERAL BUSINESS
(see Business)

The General Education major is approved by the California Community College Chancellor’s Office and is designed to provide students with the opportunity to earn an Associate in Arts or Associate in Science degree in a broad area of study. Students who wish to transfer to a four-year college or university should consult with a counselor prior to beginning this major for appropriate course selection.

General Major: These majors are NOT printed on the
For the General Degree, you will need to complete ONE of the FIVE AREAS listed. You may select the general education major of:

1. ARTS & HUMANITIES -- Associate in Arts Degree
2. SOCIAL AND BEHAVIORAL SCIENCES -- Associate in Science Degree
3. NATURAL SCIENCE AND MATHEMATICS -- Associate in Science Degree
4. COMMUNICATIONS -- Associate in Arts Degree
5. GENERAL HEALTH -- Associate in Science Degree

ARTS & HUMANITIES ASSOCIATE IN ARTS DEGREE:
This degree emphasizes the study of cultural, literary, humanistic activities and artistic expression of human beings. Students will evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation. Students will learn to value aesthetic understanding and incorporate these concepts when constructing value judgments.

Students will complete 18 units from at least three of the areas listed below.

Afro American Studies 12A, 12B, 16A, 16B
Art 1A, 1B, 1C, 3A, 3B, 5, 31R
Asian American Studies 14, 31
Early Childhood Education 21, 39
English 1B, 2, 30A, 30B, 31A, 31B, 33, 34, 36, 37, 38, 39, 42, 44A, 44B, 46A, 46B
French 1, 2, 10
German 1, 2, 3, 4
History 4A, 4B, 5A, 5B, 6, 7, 8, 11, 12A, 12B, 14, 15, 16A, 16B, 17A, 17B, 29
Humanities 3, 5, 10, 11, 12, 15, 16, 20, 26A, 26B, 31, 33, 34
La Raza Studies 15
Mass Communications 11R
Music 1, 1A, 1B, 3, 8A, 8B, 12, 15, 16
Native American Studies 7
Philosophy 1, 2, 3, 20
Sign 1, 2, 3
Spanish 1, 2, 3, 4, 10, 20A, 20B, 35, 36
Speech 2
Theatre Arts 10, 33, 34
Women’s Studies 26A, 26B, 29, 37

SOCIAL AND BEHAVIORAL SCIENCES ASSOCIATE IN SCIENCE DEGREE:
This degree emphasizes the perspective, concepts, theories and methodologies of the disciplines typically found in the vast variety of disciplines that comprise study in the Social and Behavioral Sciences. Students will study about themselves and as members of a larger society. Topics and discussion to stimulate critical thinking about ways people have acted in response to their societies will allow students to evaluate how societies and social subgroups operate.

Students will complete 18 units from at least three of the areas listed below.

Administration of Justice 10
Afro American Studies 12A, 12B, 16A, 16B
Anthropology 2, 3
Asian American Studies 14
Early Childhood Education 3, 31
Economics 1A, 1B
English 4
Family and Consumer Science 31
Geography 2
History 4A, 4B, 5A, 5B, 7, 8, 11, 12A, 12B, 14, 15, 16A, 16B, 17A, 17B, 29
La Raza Studies 1, 15
Mass Communications 2
Native American Studies 7
Political Science 1
Psychology 1A, 1B, 12, 22, 31, 32, 33, 40, 41, 46
Social Science 1, 4
Speech 8
Social Science 1, 4
Sociology 1, 2, 5, 10, 30, 35
Women’s Studies 29, 31, 35

NATURAL SCIENCE AND MATHEMATICS ASSOCIATE IN SCIENCE DEGREE:
This degree allows the student to take courses that will prepare them for possible majors within the fields of science, including the allied Health fields, nursing preparation, health science and related fields, pre-med and more.

Students will complete 18 units from at least three of the areas listed below.

Anthropology 1
Astronomy 1, 10, 11
Biology 1, 2, 3, 4, 5, 6, 10, 10L, 11, 15, 25
Chemistry 1A, 1B, 2A, 2B, 3A, 3B, 8, 9, 10
Ecology 10, 11, 12
Geography 1
Programs and Courses

Geology 10, 10L, 11L
Mathematics 1A, 1B, 7, 9, 10, 15A, 15B, 21, 25;
Physical Science 10A, 10B, 10C
Physics 2A, 2B, 3A, 3B, 4A, 4B, 10L
Plant Science 20, 20L, 22, 22L
Statistics 1

COMMUNICATIONS

ASSOCIATE IN ARTS DEGREE:
This degree emphasizes the content of communication as well as the form and should provide an understanding of the psychological basis and social significance of communication. Students will be able to assess communication as the process of human symbolic interaction. Students will also develop skills in the areas of reasoning and advocacy, organization, accuracy, reading and listening effectively. Students will be able to integrate important concepts of critical thinking as related to the development of analysis, critical evaluation, to reason inductively and deductively that will enable them to make important decisions regarding their own lives and society at large.

Students will complete 18 units, selecting at least one course from each of the areas listed below.

English 1A, 1B, 1C
Philosophy 12
Speech 1, 3, 6, 7, 9

GENERAL HEALTH

ASSOCIATE IN SCIENCE DEGREE:
This degree emphasizes the principles of healthful living by the integration of physical, psychological, social and spiritual factors. Students will learn how to incorporate these principles into their own lives. Students will be able to critically evaluate their personal choices regarding disease prevention, healthy living, and making positive life choices.

Students will complete 18 units from at least three of the areas listed below.

Counseling 10, 25
Family and Consumer Science 10
General Business 25
Health Education 1
Approved Physical Education activities (1.5 units maximum)
Psychology 1A, 1B, 12, 31, 32, 33, 41, 46
Sociology 30
Women’s Studies 31

General Studies

GENST 52R—Students with Disabilities Field Experience (v1 unit)
Increase awareness and provide support services to students with disabilities by assisting in the physical and academic adaptation to the community college environment. Grades are CR/NC. (Repeatable: May be taken four times only.)

GENST 70R—Supplemental Instruction (1 unit)
Effective study strategies for preparing for course exams and successfully completing class projects for a targeted general education course. Targeted courses are identified each session. (L)

GENST 77—College Vocabulary Development (2 units)
Effective strategies to promote independent learning of college vocabulary including definitions, spelling, and proper usage of words typically used in academic environments. (L)

GENST 102R—Directed Study (.5 or 1 unit)
Counseling, study skills, and individualized assistance to help in all areas of study; required of all EOPS students. Grades are CR/NC. (Repeatable: May be taken four times only.)

GENST 111A—Structural Grammar 1 (1 unit)
Emphasis on the use of certain parts of speech, prepositional phrases, and clauses to construct sentences of syntactic variety.

GENST 111B—Structural Grammar 2 (1 unit)
Emphasis on the use of certain parts of speech, prepositional phrases, and clauses to construct sentences of syntactic variety.

GENST 115R—Academic Strategies (v.5-1.5 units)
Compensatory study skills, as well as self-advocacy for those who may have difficulty with academic concepts taught by traditional instructional methods; enrollment at any time prior to class drop deadline. Grades are CR/NC. (Repeatable: May be taken four times only.)

GENST 118R—Workforce Skills and Basic Reading/Writing (3 units)
Review of basic skills in written language in preparation for entering the workforce. Emphasis on developing competency in reading comprehension and writing proficiency typically needed for success in vocational and/or entry level employment. Will incorporate computer word processing and use of internet. Additional focus on personal development of job-related skills, conduct, and attributes desired by employers. (Repeatable: May be taken four times only.)

GENST 119R—Reading/Writing Workshop (3 units)
Reading and writing strategies for GED preparation emphasizing paragraphs comprehension, sentence structure, punctuation, and writing strategies. Grades are CR/NC. (Repeatable: May be taken four times only.)

GENST 120R—Basic Subjects (3 units)
General review of the basic concepts of reading, writing, and arithmetic. Grades are CR/NC. (Repeatable: May be taken four times only.)

GENST 122R—Basic Studies (1 unit)
Reviews basic concepts in arithmetic, grammar, and reading, as well as strategies for preparing for the GED exam. Not open for credit to student with credit in GENST 120R. Grades are CR/NC. (Repeatable: May be taken three times only.)

GENST 125R—Spelling Improvement (1 unit)
Individual and group help in recognizing areas of spelling difficulties and improving those areas; includes work with word roots, prefixes, suffixes, contractions, plurals, possessives, and strategies for remembering spelling rules. (Repeatable: May be taken four times only.)
GENST 126R—Study Techniques (1 unit)
Individualized program of study for improvement in study skills such as note-taking, outlining, and test-taking. Grades are CR/NC. (Repeatable: May be taken four times only.)

GENST 127—Vocabulary Learning (2 units)
Students will learn strategies for learning specific vocabulary from assigned word lists as well as for acquiring new vocabulary independently.

GENST 128R—Writing (1 unit)
Individualized program of study for the improvement of writing skills, ranging from basic sentence structure through simple essay format. Grades are CR/NC. (Repeatable: May be taken four times only.)

GENST 155R—Beginning Assistive Computer Technology (2 units)
Designed for students with disabilities who have little or no computer experience desiring to build basic computer skills within the context of word processing and internet use. Incorporates an overview of currently available assistive computer technologies (ACT) used to meet the educational needs of students with physical, learning, and cognitive impairments. Prescriptive individualized instruction will be provided by a disability specialist. Begins student preparation for independent use of ACT resources. Open to students with and without disabilities. Grades are CR/NC. (Repeatable: May be taken three times only.)

GENST 156R—Intermediate Assistive Computer Technology (1 unit)
Provides instruction and supervision of independent study to assist students in developing providency and facility with recommended assistive computer technologies (ACT) currently utilized in educational and modern work environments. Prescriptive individualized instruction will be provided by a disability specialist and/or instructor. Emphasis on building level of providency in recommended ACT programs within the context of college coursework. Designed to prepare student for independent use of college high tech labs as well as personally adapted home computer systems. Students are expected to have basic computer skills including familiarity with word processing and internet use. Grades are CR/NC. (Repeatable: May be taken four times only.)

GENST 170R—Basic Education (v1-4 units)
Provides basic communication and computational skills; enables handicapped students to learn and perform in an individualized, closely supervised program. May be repeated four times for a total of ten units or four hundred hours. Grades are CR/NC. (Repeatable: May be taken four times only.)

GENST 172R—Real Life Math (1 unit)
Developmental sequence of increasing difficulty in mathematical computations as they apply to real life situations focusing on addition, subtraction, multiplication, division, fractions, percentages, and decimals. Grades are CR/NC. (Repeatable: May be taken four times only.)

GENST 173R—Understanding Word Problems
(1 unit)
Analysis and solution of mathematical problems, emphasizing math language, estimation, and word problems. Grades are CR/NC. (Repeatable: May be taken four times only.)

GENST 174R—Basic Math Facts and Operations (3 units)
Mastery of basic mathematical facts of addition, subtraction, multiplication, and division; basic operations with whole numbers; and addition and subtraction of like fractions. Grades are CR/NC. (Repeatable: May be taken four times only.)

GENST 175R—Workforce Skills and Mathematics (3 units)
Review of basic skills in mathematics in preparation for entering the workforce. Emphasis on math calculations and situational word problems encountered in vocational employment. Additional focus on personal development of job-related skills, conduct, and attributes desired by employers. Grades are CR/NC. (Repeatable: May be taken four times only.)

GENST 180—Reading and Writing Development (3 units)
Emphasis on developing an understanding of sentence, paragraph, and short passage structure. Basic grammar and mechanics are also reviewed. Not open for credit to student with credit in ENGL 180.

GENST 251—Academic Evaluation (0.5 unit)
Designed for students who wish to better understand their individual spectrum of learning aptitudes including current achievement levels. Eligibility for academic accommodations may be considered based on testing information using step-by-step guidelines mandated by the California Community College system. Grades are CR/NC.

GENST 283R—Academic Skills in Mathematics (1 unit)
Techniques for improving problem-solving in mathematics. Test preparation strategies for exams in the targeted companion math course are strongly emphasized. Enrollment in the targeted companion mathematics course required. (Repeatable: May be taken four times only.)

Geography

GEOG 1—Physical Geography (3 units) (CAN GEOG 2)
CSU/UC
A spatial study of Earth’s dynamic physical systems and processes. Topics include maps, Earth-sun relations, weather, climate, water, landforms, soils, and the biosphere. Emphasis is on interrelationships among systems and processes and their resulting patterns and distributions. (L)

GEOG 2—Cultural Geography (3 units) (CAN GEOG 4)
CSU/UC
Survey of human populations and their relationship with the physical environment; past and present development of cultures.

Geology

GEOL 10—Introduction to Geology (3 units)
CSU/UC UC-Unit Limit
Physical geology introduces the processes that are at work changing the Earth today. Covers rocks and minerals, volcanoes, earthquakes and plate tectonics. It also examines how water and wind shape the Earth’s surface. Not open for credit with credit in GEOL 10L. (L)
Programs and Courses

**GEOL 10L—Physical Geology** (4 units) (CAN GEOL 2)  
CSU/UC UC-Unit Limit  
Physical geology introduces the processes that are at work changing the Earth today. Covers rocks and minerals, volcanoes, earthquakes and plate tectonics. It also examines how water and wind shape the Earth’s surface. Includes laboratory experience. Not open for credit with credit in GEOL 10. (L)

**GEOL 11L—Historical Geology** (4 units)  
CSU/UC  
Historical geology is the study of the evolution of life and landforms through geologic time through the examination of the rock record. In this course, one will learn how the study of fossils, rocks, tectonic processes, and geologic structures can provide us with information regarding Earth’s geologic and biologic history. (L)

**GEOL 20—Geology of California** (3 units)  
CSU  
General introduction to the geological sciences with emphasis on the geology of California. Topics covered will include the tectonic provinces, landforms, natural resources, geologic history, natural hazards, and related geologic environmental problems in the state. (L)

**GEOL 40—Geology of Yosemite** (.5 unit)  
CSU  
This field course focuses on the geology of Yosemite National Park, with emphasis on the tectonic and erosional history of the area. The course includes study of the various intrusive rocks and the minerals they contain, as well as the relative ages of the pultons. Glacial erosional and depositional processes will be discussed.

**Health Education**

**HLTH 1—Health and Life Style Choices** (3 units)  
CSU/UC  
Issues include wellness, functioning optimally, and promoting healthy behavior changes; topics will explore diet, exercise, stress, CVD, cancer, substance abuse, sexually transmitted diseases, mental health, aging and analysis of available health information. (L)

**HLTH 2R—First Aid and CPR** (1 unit)  
CSU  
Learn skills needed for standard First Aid and Cardiopulmonary Resuscitation. Course if highly recommended for volunteer coaches, parents, child care givers and individuals who are interested in helping save lives. Upon successful completion, students will receive Red Cross certification. (L)

**HLTH 4—Psychosocial Health** (3 units)  
CSU  
Explores how attitudes and emotions affect physical health along with emotional health. Additionally how psychosocial health can play a role in prevention of disease. This class presents current research on the link between the mind and the body. (L)

**HLTH 5—Sport Psychology** (3 units)  
CSU  
Provides a concentrated study of human behavior in the context of participating in sports and how behavior (performance) is affected by other sources. Includes study about motivation, the brain’s impact on performance, stress, goal setting, sport imagery and current research into sport performance. (L)

**HLTH 11R—CPR** (.5 unit)  
CSU  
Learn skills needed for standard Cardiopulmonary Resuscitation. Course if highly recommended for volunteer coaches, parents, child care givers and individuals who are interested in helping save lives. Upon successful completion, students will receive Red Cross certification. (L)

**HLTH 13—Nutrition and Life Fitness** (3 units)  
CSU/UC UC-Unit Limit  
Analysis and evaluation of current practices and theories regarding nutrition and exercise and their relationship to weight control and physical fitness; individualized physical assessment, exercise prescription, and nutritional analysis completed by each student. Not open for credit to student with credit in FCS 11. (L)

**HIST 4A—Western Civilizations** (3 units) (CAN HIST 2)  
CSU/UC UC-Unit Limit  
Broad historical study of the major elements of the western tradition from earliest times to the Eighteenth Century; introduction of ideas, values, and institutions basic to western civilizations. (L)

**HIST 4B—Western Civilization** (3 units) (CAN HIST 4)  
CSU/UC UC-Unit Limit  
Historical study of the major elements of the western experience from the Eighteenth Century to the present, including major political and social developments that have revolutionized the modern mode of human existence. (L)

*(NOTE: CAN HIST SEQ A = HIST 4A + 4B)*

**HIST 5A—World Civilizations** (3 units)  
CSU/UC UC-Unit Limit  
Survey of the experience of all peoples with vastly different cultures inhabiting a single globe; emphasizes the interaction of humans with the environment based on experience, knowledge, and technology; includes economic, social, religious, and political systems to 15th Century. (L)
HIST 5B—World Civilizations (3 units)  
CSU/UC UC-Unit Limit  
Survey of the major political, social, economic, and cultural developments in the world during the 20th Century. (L)

HIST 6—History of Race and Ethnicity in America (3 units)  
CSU  
Covers the social, cultural, and economic interaction between various racial and ethnic groups in America from the fifteenth century to the present. Topics include immigration, discrimination, group identity, and multiculturalism. (L)

HIST 7—Indians of North America (3 units)  
CSU/UC  
Survey history of Indians of United States and Canada from pre-Columbian societies through European conquest to modern day. Not open for credit to student with credit in NATAM 7. (L)

HIST 8—California History (3 units)  
CSU/UC  
Survey history of California from Native American cultures through Spanish, Mexican, and American periods to present; includes California government; some emphasis on local history. (L)

HIST 11—The World in the 20th Century (3 units)  
CSU/UC  
Survey of the major political, social, economic, and cultural developments in the world during the 20th Century. (L)

HIST 12A—History of Africa (3 units)  
CSU/UC  
Survey of African history from earliest times to 1800. Not open for credit to student with credit in AFRO 12A. (L)

HIST 12B—History of Africa (3 units)  
CSU/UC  
Survey of African history from 1800 to present. Special emphasis placed upon the rise of the nationalist movement, the emergence of the new states and problems of nation-building. Not open for credit to student with credit in AFRO 12A. (L)

HIST 14—Asian-American History (3 units)  
CSU/UC  
Chronological study of the Asian-Americans from early immigrants to recent arrivals: emphasis on Chinese, East Indian, Japanese, Korean, Filipino Americans, and the boat people (Cambodians, Laotians, and Vietnamese). Not open for credit to student with credit in ASIAN 14. (L)

HIST 15—Mexican-American History (3 units)  
CSU/UC  
Historical development of Mexican-Americans from Mexican origins, settlement in the United States, to the present time. Emphasis is given to the pre-Columbian setting, the indigenous heritage, European conquest and legacy, distinctive colonial institutions, and the growth of independence movements in the United States and Mexico. Major political, social, economic, and cultural factors will be presented, focusing on the roles played by diverse peoples and cultures who shared in the development of the United States and Mexico. Satisfies CSU Title V, Section 40404, U.S. History, Constitution, and American Ideals requirement when both HIST 15 and POLSCI 1 are completed. Not open for credit to student with credit in LARAZ 15. (L)

HIST 16A—Afro-American History to 1865 (3 units)  
CSU/UC UC-Unit Limit  
Survey of Afro-American history from pre-colonial period to the Civil War. Not open for credit to student with credit in AFRO 16A. (L)

HIST 16B—Afro-American History (3 units)  
CSU/UC UC-Unit Limit  
Survey of Afro-American history from Civil War to present. Not open for credit to student with credit in AFRO 16B. (L)

HIST 17A—United States History (3 units)  
(CAN HIST 8)  
CSU/UC UC-Unit Limit  
Survey of U.S. history tracing the political, social, economic, and cultural development of American ideals and actions from the Pre-Revolutionary Period through the Civil War Era. Satisfies CSU Title V, Section 40404, U.S. History, Constitution, and American Ideals requirement when both HIST 17A and POLSCI 1 or HIST 17B are completed. (L)

HIST 17B—United States History (3 units)  
(CAN HIST 10)  
CSU/UC UC-Unit Limit  
Political, social, economic, and cultural history of the United States from the Industrial Revolution to the present. Focuses on the ideals, decisions, forces, institutions, individuals, events, and processes that affected the continuity and change during this time. Satisfies CSU Title V, Section 40404, U.S. History, Constitution, and American Ideals requirement when both HIST 17B and POLSCI 1 or HIST 17A are completed. (L)

HIST 20A—Environmental History of Yuba-Sutter (1 unit)  
CSU  
History of the local Yuba-Sutter area with emphasis on the environment and the impact of change on society. Grades are CR/NC. (L)

HIST 20B—The Gold Rush on the Yuba River (1 unit)  
CSU  
Explore the singular, most important historical event in California's history; examine the cities, towns, and camps that sprang up virtually overnight; learn the techniques of gold-panning, placer mining, and hydraulic mining methods used to extract gold from the rivers and streams of Gold country; recognize the consequences of the Gold Rush that affect life today. Grades are CR/NC. (L)

HIST 20C—History of California Missions (1 unit)  
CSU  
Survey the history of California missions from their founding to the end of the era. The impact of the missions is examined both from the Hispanic and Native American perspective. A field trip to Mission San Juan Bautista may be included in the course. Grades are CR/NC. (L)

HIST 20D—Life on a California Rancho (1 unit)  
CSU  
Explore another chapter in the rich, colorful history of California with a study of the Mexican Era, 1821-1846. Grades are CR/NC. (L)

HIST 21R—Historical Research and Writing (1 unit)  
CSU  
Introduces students to historical research methods and writing.

HIST 22R—Historiography (1 unit)  
CSU  
Fundamentals of historical inquiry; covers issues of objectivity, historical relativism, and issues of historical debate.

HIST 29—Women in American History (3 units)  
CSU/UC  
General introduction to the history of women in America from colonial times to the present. Emphasis on the changing political, economic, social, and ethnic history. Not open for credit to student with credit in WOMEN 29. (L)
Human Services

The two-year Human Services program is designed to meet an increasing need for paraprofessional and volunteer human services generalists. The program is specifically designed to prepare students for employment as Human Service paraprofessional counselors, workers, and aides in areas of welfare, vocational rehabilitation, mental health, and chemical dependency. The program also provides additional training and skills to paraprofessionals and volunteer human service workers currently employed, enabling them to more effectively meet human services needs.

*HUSEV 26A AND 26B Supervised

Field Work Practicum (Internship)...........................................7

Total units required for degree major..................................25

*Practicum consists of 300 hours, 255 hours field and 45 hours classroom, of specialized and supervised field work practice. Certification is by California Certification Board of Alcohol and Drug Counselors and requires additional extensive internships, usually completed during employment; qualifies a person for entry into a certified internship. The 255 practicum hours count toward further internship requirements.
CHEMICAL DEPENDENCY COUNSELOR

SOCIL 1 Introduction to Sociology ............................................................................. 3

Total units required .................................................................................................... 31

*Practicum consists of 300 hours, 255 hours field and 45 hours classroom, of specialized and supervised field work practice. Certification is by California Certification Board of Alcohol and Drug Counselors and requires additional extensive internships, usually completed during employment; qualifies a person for entry into a certified internship. The 255 practicum hours count toward further internship requirements.

SUBSTANCE ABUSE COUNSELOR – Information (not a degree)

Certification is by the California Certification Board of Alcohol and Drug Counselors. Extensive internships beyond the Yuba College Chemical Dependency Counselor Program are required for State Certification. The value of the Yuba College program of instruction is to:

1. Qualify for additional internships; and
2. Qualify for entry-level non-certified employment.

The required internships defined below are usually completed during employment and do accept 255 hours of the Yuba College practicum toward completion.

Certification Designation Required Internship Hours
Certified Alcohol/Drug Counselor ............................................................... 6,000
Certified Alcohol Counselor ............................................................................. 4,000
Certified Drug Counselor ............................................................................... 4,000

HUSEV 10—Introduction to Human Services (3 units)
Survey of human services and social work; exploration of helping skills applied to such human problems as poverty, parenting, education, substance abuse, illness, and mental health. (L)

HUSEV 11—Understanding Diverse Racial & Ethnic Cultures (3 units)
An understanding of human dynamics and differences between people of diverse racial, ethnic and gender backgrounds will be discussed. Designed to generate sensitivity and appreciation of differences, eliminate barriers that get in the way of working with diverse populations and create a healthier and safer environment. (L)

HUSEV 11B—Cross-Cultural Perspectives in Human Service (3 units)
Provide students with a consistent framework which can inform and provide a better, more in-depth understanding of culture and its relationship to psychological processes. (L)

HUSEV 20—Introduction to Chemical Dependency Studies (3 units)
Overview of major topics in the study of drug abuse and dependency, i.e. history, drugs of abuse, models of prevention, addiction and treatment, and local and national policy. (L)

HUSEV 21—Intro. to Physiological/Psychological Effects of Drugs of Abuse (3 units)
Introduction and overview focused on drug action and disposition of the major drugs of abuse; ethanol, marijuana, cocaine, amphetamines, PCP, LSD, and designer drugs. Drug testing and the National Institute of Drug Abuse guidelines will be discussed. (L)

HUSEV 22—Introduction to Development/Progression of Addictive Patterns of Behavior (3 units)
Introduction to the causes and development of addiction and co-dependency; exploration of the process of denial, use of defense mechanisms, and the influences on the family. (L)

HUSEV 23—Basic Law/Ethics for Chemical Dependency Counselors (3 units)
Introduction to the legal/ethical responsibilities of the chemical dependency counselor, with emphasis on confidentiality and the legal concept of privilege. All federal/state laws regarding the counselor/client relationship, client’s rights, child abuse reporting, etc., will be discussed; emphasis will be on the obligation of the counselors to the clients, their families, and society. (L)

HUSEV 24—Introduction to Case Management (3 units)
Introduction to mental health problems which affect substance abuse. Focus on the techniques of interviewing, case conceptualization, treatment planning, case management, and relapse control in chemical dependency counseling; familiarization with DSM IV-R and system of diagnosis approved by the American Psychiatric Association, including differential diagnosis, prognosis, and associated features. (L)

HUSEV 25—Basic Chemical Dependency Counseling (3 units)
Broad overview of the counseling methods used in the treatment of alcohol/drug dependency. An introduction to counseling theories and techniques used in the treatment; i.e., psychodynamic, behavioral, cognitive-behavioral, multimodal, client centered, couples and family counseling. Case histories and specific theories will be analyzed. (L)
Programs and Courses

HUSEV 26A—Supervised Field Work Practicum (2 units) CSU
Supervised field work practice in a variety of settings that will introduce students to the various aspects of the field, and will afford students the opportunity to develop and refine their knowledge and skills in chemical dependency counseling. Meets California Association of Alcoholism and Drug Abuse Counselors requirements. Prerequisite: HUSEV 23 and 24. (L)

HUSEV 26B—Supervised Field Work Practicum (5 units) CSU
Supervised field work practice in a variety of settings that will introduce students to the various aspects of the field and will afford students the opportunity to develop and refine their knowledge and skills in chemical dependency counseling. Meets California Association of Alcoholism and Drug Abuse Counselors requirements. Prerequisite: HUSEV 25 and 26A. (L)

HUSEV 30—Adult Children of Alcoholics (1 unit) CSU
Exploration of techniques, concepts, and behavioral guidelines for identifying the consequences of parental alcoholism/addiction; principles of modeling, shaping, reinforcement, and extinction of dysfunctional behavioral patterns learned in childhood will be described. (L)

HUSEV 31—Family Treatment Approaches (1 unit) CSU
Examination of the system's approach in chemical dependency counseling as it relates to dysfunctional, addictive families. (L)

HUSEV 32—Relationship Addiction/Co-dependency (1 unit) CSU
Identification of co-dependent behavior and the effects of these behaviors on relationships; assessment of healthy vs. unhealthy relationships on a continuum. (L)

HUSEV 33—Self Awareness: Key to Non-Addictive Behavior (1 unit) CSU
Emphasis on techniques to build a healthy relationship with oneself as fundamental for releasing addictive behavior patterns. Grades are CR/NC. (L)

HUSEV 34—Gender Differences Related to Substance Abuse (1 unit) CSU
Exploration of the socialization process for females and males as it relates to the development of addictive behavior; the differences in societal views and treatment issues. (L)

HUSEV 35—Addiction and Domestic Violence (1 unit) CSU
Overview of factors contributing to and eliciting explosive behavior responses in adults and children where substance abuse occurs in the home. Grades are CR/NC. (L)

HUSEV 36—Chemical Dependency Prevention in School (1 unit) CSU
Discussion of how parents, students, school systems, and communities can achieve a drug-free community; activities at the elementary and secondary level; appropriate for all concerned about chemical dependency in schools; explores implementation of current models of prevention, and prevention strategies as applied to the school system. (L)

HUSEV 37—Drug-Free Workplace: Employee Assistance Programs (1 unit) CSU
Awareness and understanding of chemical dependency in the workplace; principles that staff can use in dealing with chemical dependency and job performance. (L)

Humans is the study of making connections, a quest to understand "life in all of its manifestations." Art, sculpture, architecture, myth, religion, music, philosophy, and literature all provide a mirror to reflect the characteristics of a culture, its values, themes, and visions. Each is part of the web of life, giving insight into the totality.

Humanities seeks to explore the vital creativity and instinct of artists who brought about new insights in emerging cultures, the creative geniuses that helped to forge innovative ideas and modes of understanding, the creation and focus of religions that tapped the depths of the human spirit, philosophies and modes of thinking that shaped the consciousness of humankind, and the architecture that brought new ideas to form.

HUMAN 3—Music Appreciation (3 units) CSU/UC
Study of music in relation to the humanities; music and composers of the Western World from Medieval through the 20th Century. Not open for credit to student with credit in MUSIC 3. (L)

HUMAN 5—Art Appreciation (3 units) CSU/UC
Introduction to art appreciation with an emphasis on basic 2D, 3D, and film mediums and their relationships to humanities. Historical and contemporary work with a multicultural focus will be emphasized. Not open for credit to student with credit in ART 5. (L)

HUMAN 10—Introduction to Western Humanities (3 units) CSU/UC
Learning the habit of making connections through thinking, feeling, sensing, and intuition, integration of the arts, architecture, music, philosophy, and history from pre-history through Renaissance. (L)

HUMAN 11—Art, Literature, and Music in Humanities (3 units) CSU/UC
Art, literature, and music in the humanities, from the Renaissance through the 20th Century. (L)

HUMAN 12—Jazz Appreciation (3 units) CSU/UC
General survey of jazz from its original and early development to present day; extensive listening to both recorded and live performances supports the lecture material. Not open for credit to student with credit in MUSIC 12. (L)

HUMAN 15—Popular Music in the United States (3 units) CSU/UC
Survey of popular music in the United States from about 1850 to present; covers American Civil War songs, ragtime, blues, jazz, song writing, musical theater, country music, Latin music styles, rock, and current trends. Not open for credit to student with credit in MUSIC 15. (L)

HUMAN 16—World Music (3 units) CSU/UC
Introduction to music as experienced through various world cultures including, but not limited to, Asia, India, the Middle East, Africa, Australia, and South America. Subcultures, such as Native American music and Ethnic North American music are also studied. Not open for credit to student with credit in MUSIC 16. (L)

HUMAN 17—Music as Culture (3 units) CSU/UC
A search of better understanding of what gives music meaning. Explorations into multiple genres, including classical, rock, rap, folk, latino and world music with an emphasis on the nature of sound, meaning, diversity, performance and value judgments. Not open for credit to student with credit in MUSIC 17. (L)

**LA RAZA STUDIES** (see Ethnic Studies)

**LEARNING ASSISTANT** (see General Studies)

**LEARNING SKILLS** (see General Studies)

**MANAGEMENT AND SUPERVISION** (see Business)

**Library Science**

**LIBSC 1 -- Basic Research Skills** (1 unit)  
This course will help students acquire beginning information literacy skills necessary to conduct academic or personal research. It provides a step-by-step guide to the research process that is applicable to term papers, course work, and life-long learning. It emphasizes developing effective search strategies, selecting information tools, locating and retrieving information sources, analyzing and critically evaluating information, and using information. (L)

**Manufacturing Technology**

Manufacturing Technology is a comprehensive program of instruction designed to develop knowledge of scientific principle, mathematical concepts, and technical skills. It includes laboratory experiences found in machining, welding, and related technologies. These experiences will enable the student to enter industry with problem-solving skills in design, production planning, materials handling, quality control, inspection, and programming with computer-aided controls. The student, upon the successful completion of the program, will have a job-entry skill.

**INFORMATION TECHNOLOGY**  
(see Business)

**Internship**

**INTRN 46R—Internship** (v1-8 units)  
Cooperative effort between the College and the professional community to provide real-world experience in the student’s major field. A maximum of 16 units can be earned with an 8-unit maximum in any one semester. Maximum of 4 enrollments or 16 units can be earned in any combination of Work Experience (Occupational/General) and Internship enrollment. Those enrolling in this class are not eligible for work experience classes or other internship classes during the same semester. (L) Grades are CR/NC.
Programs and Courses

MANUFACTURING TECHNOLOGY/ MACHINING (Associate in Science)

Required Courses Units
MFGT 20 Principles of Machine Shop ........................................... 3
MFGT 21 Intermediate Machine Shop ......................................... 3
MFGT 60R Problems in Manufacturing Technology ........................ 2
DRAFT 30 Introduction to Drafting Technology ............................ 3
MFGT 62 Advanced Machine ....................................................... 3
WELD 30 Gas Welding OR WELD 10 Introduction to Arc Welding ... 2

Plus 14 additional units selected from courses listed below:

APSCI 22 Hydraulics (Fluid Power) .............................................. 3
CWEE 45R Occupational Work Experience ................................ 3
ELECT 46 Industrial Electronics ................................................ 4
MFGT 34R Computer Numerical Control ................................... 3
MFGT 35 Computer-Aided Manufacture ...................................... 3
WELD 30 Gas Welding OR WELD 10 Introduction to Arc Welding ... 2
WELD 85 Structural Design/Fabrication ...................................... 3
WELD 87 Automotive Body Welding .......................................... 3

Total units required for degree major ......................................... 30

MANUFACTURING TECHNOLOGY/ MACHINING (Certificate of Achievement)

Required Courses Units
APSCI 22 Hydraulics .............................................................. 3
DRAFT 30 Introduction to Drafting Technology ............................ 3
MFGT 20 Principles of Machine Shop ......................................... 3
MFGT 21 Intermediate Machine Shop ....................................... 3
MFGT 34R Computer Numerical Control ................................... 3
MFGT 35 Computer-Aided Manufacture ..................................... 3
MFGT 60R Problems in Manufacturing Technology ........................ 2
MFGT 62R Advanced Machine Shop ........................................... 3
WELD 30 Gas Welding OR WELD 10 Introduction to Arc Welding ... 2

Total units required ................................................................. 24

MFGT 20—Principles of Machine Shop (3 units) CSU
Basic set-up and operation of the engine lathe, vertical milling machine, drilling machines, bandsaws, and grinding machines; emphasis also focuses on precision measurement, including tooling selection for above machines and introduction to computer numerical controlled milling. Includes safety in all aspects of machining. (LM)

MFGT 21—Intermediate Machine Shop (3 units) CSU
Emphasis in intermediate-level machine shop, centers on the set-up and operation of the horizontal milling machine, surface grinder, vertical milling machine, engine lathe, tool and cutter grinder, precision layout, and safety practices. Machines will be used to develop intermediate-level skills acquired in MFGT 20 or equivalent. Production of a tool using the machine shop with special emphasis on the concept of fits. (LM)

MFGT 24L—Introduction to Physical Metallurgy (3 units) CSU
Metal structure, mechanical testing and metallurgical examination, including the historical and modern application and use of metals. Not open for credit to student with credit in APSCI 24 or 24L, or MFGT 24. (LM)

MFGT 34R—Computer Numerical Control (3 units) CSU
Manual programming computer numerically controlled machine tools and processes using the standard G code format. Programs will include linear interpolation, circular interpolation and helical interpolation. Canned cycles and macros are also used. (LM) (Repeatable: May be taken four times only.)

MFGT 35—Computer Aided Manufacture (3 units)
Use of a CAM (computer aided manufacturing) software system to learn about features, solids, geometry, and surfaces in the production of parts through the use of a CNC lathe and milling machine. (LM)

MFGT 60R—Problems in Manufacturing Technology (v.5-2 units)
Analysis of special problems not offered in the general curriculum. Allows for further study in specialized areas of manufacturing technology and welding technologies. (LM) (Repeatable: May be taken four times only.)

MFGT 62R—Advanced Machine Shop (3 units)
Advanced course in machining, which encompasses tool and cutter grinding, part design using a turret lathe, and a tracing lathe. Concepts that will also be covered are aspects of surface grinding and EDM machining. (LM) (Repeatable: May be taken four times only.)

MFGT 63R—Machine Construction and Repair (3 units)
Machine tool construction and repair, based upon the refurbishing of a machine tool like a lathe or a milling machine. Emphasis will be placed on returning a machine tool to a production status that is out of tolerance. (LM)

**Minimum units to total** 21

---

**MCOMM 2—Introduction to Mass Communications (3 units)**  
Survey of the principles, functions, and services of media in an information and communication oriented society; emphasis on history, economics, technologies, and the process of communication, as well as the social impact of print media, broadcasting, and motion pictures. (L)

**MCOMM 4—Studio Video Production (3 units)**  
Semi-technical operation and creative use of television studio equipment; techniques of production, use of cameras, lighting, sound, titling, and video recording. Not open to student with credit in MCOMM 14A. (L)

**MCOMM 5—Electronic Movie Making (3 units)**  
Introduction to electronic movie making; use of visual communication and personal experience to invoke emotion, to share ideas, and to construct persuasive visions of reality through electronic movie making. (L)

**MCOMM 6—Sound Recording and Production (3 units)**  
Introduction to tools and techniques of audio production; operation of audio control equipment for radio, television, film, and studio recordings. (L)

**MCOMM 8—Introduction to Media Writing (3 units)**  
Introduction to the styles and script formats used in writing for the media; practice is provided in writing proposals, treatments, storyboards, features for newspapers, and scripts for radio, filmmaking, and television programs. (L) (R1) (Repeatable: May be taken two times only.)

**MCOMM 11R—Basic Photography (3 units)**  
Exploration into basic camera operation and black and white processing and printing; history and development of photography; emphasis on personal expression; adjustable camera preferred. (L) (R1) (Repeatable: May be taken two times only.)

---

**MCOMM 12A—Film Making (3 units)**  
Techniques of motion picture production; planning, writing, and producing short films with motion picture camera; animated sequences; understanding motion film as a creative art form. Laboratory hours devoted to location filming. (L)

**MCOMM 12B—Film Making (3 units)**  
Advanced film making using 16mm motion picture cameras with an emphasis in content design, set up, and production of a feature, animated, or documentary film. Laboratory hours devoted to film production. Prerequisite: MCOMM 12A.

**MCOMM 14R—Advanced Studio Video Production (3 units)**  
Advanced-technical operation and creative use of television studio equipment. Techniques of production, use of cameras, lighting, sound, titling, video recording, and video toaster effects. Prerequisite: MCOMM 4 or 14A. (Repeatable: May be taken four times only.)

**MCOMM 15R—Field Video Production (3 units)**  
Advanced creative use of studio and electronic field video production. Includes scriptwriting, producing, directing, reporting, videography, and non-linear post production using industry level software. Prerequisite: MCOMM 5 or concurrent enrollment. (Repeatable: May be taken four times only.)

**MCOMM 17R—Television Remote Production (3 units)**  
Introduction to electronic field production while using multiple cameras to produce live or videotaped events, such as, football and basketball games, volleyball, theatre events, drama and musicals. The course is progressive in nature and may provide an expanded educational experience when repeated. Much of class time is devoted to “on location” production. (Repeatable: May be taken four times only.)

**MCOMM 19—News Writing and Reporting (3 units)**  
Recognizing, gathering, and writing the news in accepted journalistic style; learning to conduct personal interviews and cover speeches, meetings, and other events; understanding the legal and ethical issues related to reporting; emphasis on language and style, accuracy in news gathering, and research and organization of various types of stories. Prerequisite: ENGL 51L or eligibility for ENGL 1A. (L)

**MCOMM 20LR—News Media Production (3 or 4 units)**  
Weekly production of the Yuba College student online news source and quarterly production of the Yuba College student news magazine. Students will become familiar with all elements of news media production, including hard news, features, editorials, blogs, forums, email advisories, podcasts, online video, photo journalism, graphic art, and advertisement marketing. Prerequisite: ENGL 51 or eligibility for ENGL 1A. (L) (Repeatable: May be taken four times only.)

**MCOMM 25R—Mass Communications Field Experience (v1-6 units)**  
Broadcast media production experience (including journalism) at a radio, newspaper, or media production facility under the supervision of college instructor and media professional; development of real world experience within major. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

</table>

#### MATH 1A—First Year Calculus (4 units) (CAN MATH 18) CSU/UC UC-Unit Limit
- Introduction to differential and integral calculus with applications. Prerequisite: MATH 21 or equivalent with a grade of "C" or better. MATH 7 is recommended. (LM)

#### MATH 1B—First Year Calculus (4 units) (CAN MATH 20) CSU/UC
- Continuation of MATH 1A, including transcendental functions, techniques of integration, indeterminate forms, improper integrals, sequences and series, and numerical methods. Prerequisite: MATH 1A with a grade of "C" or better. (LM)

#### MATH 2A—Second Year Calculus (4 units) (CAN MATH 22) CSU/UC
- Emphasis on the calculus of two and three variables, including topics from vector analysis, conics and polar coordinates. Prerequisite: MATH 1B with a grade of "C" or better. (LM) (Note: CAN MATH SEQ B = MATH 1A+1B+2A)

#### MATH 2B—Differential Equations (3 units) (CAN MATH 24) CSU/UC
- Topics in ordinary differential equations; various solutions to elementary differential equations; required for most Engineering majors. MATH 2A is recommended. Prerequisite: MATH 1B with a grade of "C" or better. (LM)

#### MATH 3—Linear Algebra (3 units) (CAN MATH 26) CSU/UC
- Topics in linear algebra including properties and applications of matrices, determinants, and linear transformations. Prerequisite: MATH 2A with a grade of "C" or better. (LM)

#### MATH 7—Pre-Calculus (4 units) CSU/UC
- Calculus-oriented coverage of geometry, algebra, and trigonometry, including elementary transcendental functions, conics, systems of equations, and mathematical induction; designed to prepare for MATH 1A. Prerequisite: MATH 52 and 21 with a grade of "C" or better. (LM)

#### MATH 9—Calculus for Business, Social and Life (4 units) (CAN MATH 34) CSU/UC UC-Unit Limit
- Topics of calculus including differentiation, integration, graphs, limits, and rates. Applications from economics, business, life science, and behavioral science. Not open for credit to student with credit in MATH 1A. Prerequisite: MATH 52 with a grade of "C" or better. (LM)

#### MATH 10—Liberal Arts Mathematics (3 units) CSU/UC
- Designed for student majoring in areas other than science, mathematics, or business to give appreciation and insight into structure and applications of math. Some typical topics, to be chosen by instructor, may include probability and statistics, sequences and series, population growth, graph theory, geometry and topology, number theory, history of math, finance math, voting methods and apportionment. Prerequisite: MATH 52 with a grade of "C" or better or equivalent. (LM)

#### MATH 15A—Concepts of Mathematics I (3 units) CSU/UC UC-Unit Limit
- Continuation of MATH 15A, including problem-solving, probability and statistics, measurement and the metric system, and geometry. Prerequisite: MATH 51 and 52. (LM)

#### MATH 21—Plane Trigonometry (3 units) (CAN MATH 8) CSU
- Trigonometric functions, fundamental formulas, identities, solution of triangles, and complex numbers. Prerequisite: MATH 52 or equivalent with a grade of "C" or better. (LM)

#### MATH 25—Finite Math (3 units) (CAN MATH 12) CSU/UC
- Introductory study to include logic, set theory, matrices, vectors, linear programming, simplex algorithm, combinatorial techniques; and mathematics of finance. Applications from science, accounting, marketing, production, and personnel management as time allows. Prerequisite: MATH 52 or equivalent with a grade of "C" or better. (LM)

#### MATH 50—Elementary Algebra (4 units)
- Introductory algebra; topics include signed numbers, graphing, linear equations, quadratic equations, and systems of linear equations in two variables. Prerequisite: MATH 111 with a grade of "C" or better or qualifying score on Placement Examination. (L)

#### MATH 50A—Elementary Algebra - First Half (3 units)
- Introductory algebra; topics include signed numbers, graphing, linear equations, and introduction to functions. Designed for a wide variety of students, including those who have been unsuccessful in Math 50, are math anxious, have learning disabilities in mathematics, or desire a slower paced, year-long version of Math 50. Intended to provide students with additional exposure to algebraic concepts and additional time to practice them, is the first half of Elementary Algebra and, together with Math 50B, is equivalent to Math 50 for courses that require Math 50 as a prerequisite. Prerequisite: MATH 111 with a grade of "C" or better or qualifying score on Placement Examination. (L)
MATH 50B—Elementary Algebra - Second Half (3 units)
Introductory algebra; topics include quadratic equations, systems of linear equations in two variables, and factorization of polynomials. Intended to provide students with additional exposure to algebraic concepts and additional time to practice them, is the second half of Elementary Algebra. Prerequisite: MATH 50A with a grade of "C" or better. (L)

MATH 51—Plane Geometry (3 units)
Introductory plane geometry; the study of geometric relationships in the plane from an inductive and deductive viewpoint. Satisfies the university admission requirement of high school plane geometry. Prerequisite: MATH 50 or equivalent with a grade of "C" or better. (L)

MATH 52—Intermediate Algebra (3 or 4 units)
Fundamental operations of algebra, linear and quadratic equations and inequalities; exponents and polynomials; rational expressions; radicals and fractional exponents; graph of a straight line; linear and quadratic system of equations; conic sections; exponential and logarithmic functions. Prerequisite: MATH 50 or equivalent with a grade of "C" or better. (L)

MATH 58—Quantitative Reasoning (3 units)
Interpretation of and reasoning with quantitative information. Coverage of logic; units analysis; uses and abuses of percentages, ratios, and indices; financial management; and statistics. This course satisfies the associate degree requirement but does not satisfy the prerequisite for a transferable math course. Prerequisite: MATH 50 or equivalent with a grade of "C" or better. (LM)

MATH 110—Arithmetic for College Students (3 units)
Whole numbers, fractions, mixed numbers, and decimals; concepts of prime and composite numbers and prime factorization; ratio, proportion, percent; rounding and estimating sums, differences, products, and quotients; applications and the reasonableness of answers are stressed; concepts, language usage, and reasoning skills are emphasized.

MATH 110A—Whole Numbers (1 unit)
Calculation of sums, differences, products, and quotients using whole numbers; concepts of prime and composite numbers; prime factorization; exponential notation; order of operations; rounding and estimating answers; use of the scientific calculator; methods for solving word problems; applications and the reasonableness of answers are stressed; mathematical vocabulary.

MATH 110B—Fractions and Mixed Numbers (1 unit)
Calculation of sums, differences, products, and quotients using fractions and mixed numbers; conversion of mixed numbers to improper fractions and improper fractions to mixed numbers; exponentiation of fractions; order of operations; use of fractions in ratios, proportions, and problem-solving; use of scientific calculator; methods for solving word problems; applications and the reasonableness of answers are stressed; mathematical vocabulary.

MATH 110C—Decimals and Percents (1 unit)
Calculation of sums, differences, products, and quotients using decimal numbers; concepts of exponential notation; ratios; proportions; order of operations; rounding; estimating answers; and converting decimals and percents and decimal numbers to fractions and mixed numbers; use of scientific calculator; methods for solving word problems involving decimals and percents; applications and the reasonableness of answers are stressed; mathematical vocabulary.

MATH 111—Prealgebra
(4 units)
Seeks to develop algebraic thinking. Topics include: operations on the rational numbers; exponents; the order of operations; the real numbers and their decimal number representation; the field axioms; introduction to algebra; graphing in two dimensions; percent, ratio, proportion; basic geometry; conversion of units; and problem solving using equations.

METALWORKING-WELDING (see Welding)

MUSIC

(Associate in Arts)

Required Courses Units
MUSIC 1A Elementary Harmony .................................................. 3
MUSIC 1B Elementary Harmony .................................................. 3
MUSIC 1C Theory Skills ............................................................... 1
MUSIC 1D Theory Skills ............................................................... 1
MUSIC 2A Advanced Harmony ..................................................... 3
MUSIC 2B Advanced Harmony ..................................................... 3
MUSIC 2C Theory Skills ............................................................... 1
MUSIC 2D Theory Skills ............................................................... 1
MUSIC 8A & 8B Music History ..................................................... 6

Total units required for degree major ........................................... 22

MUSIC 1—Music Skills for Pre-Ed Majors (3 units) CSU
Development and application of basic music skills; study of notation, rhythm, melody, harmony, keyboard, recorder, and autoharp. For education majors and others with no previous experience in reading or playing music notation. Required music skills drill one hour a week minimum. Not open for credit with credit in ECE 21. (L)

MUSIC 1A—Elementary Harmony (3 units) CSU/UC
Review of music fundamentals. Emphasis on principle triads; part-writing procedures and analysis. Required of all music majors and minors. Corequisite: MUSIC 1C (Theory Skills) and MUSIC 8A (Music History). Students with no previous piano study should enroll in MUSIC 41A. (L)

MUSIC 1B—Elementary Harmony (3 units) CSU/UC
Continuation of MUSIC 1A. Study of diatonic harmony with introduction to secondary dominants and elementary modulation; exercises in part-writing, figured-bass, analysis, and melody harmonization. Required of all music majors and minors. Prerequisite: Music 1A Corequisite: MUSIC 1D or 1C. (L)

MUSIC 1C—Theory Skills (1 unit) CSU/UC
Exercises in applying theoretical concepts to the keyboard. Emphasis on ear-training employing programmed exercises in rhythmic reading and dictation, sight-singing, and melodic dictation. Required of all music majors and minors. Corequisite: MUSIC 1A or 1B or 2A or 2B.

MUSIC 1D—Theory Skills (1 unit) CSU/UC
Continuation of MUSIC 1C. Exercises in applying theoretical concepts to the keyboard; emphasis on ear-training employing programmed exercises in rhythmic reading, dictation of rhythmic, melodic, harmonic materials, and sight-singing. Required of all music majors and minors. Corequisite: MUSIC 1B or 2A or 2B.

MUSIC 2A—Advanced Harmony (3 units) CSU/UC
Theoretical and practical techniques of chromatic harmony studied through written exercises and analysis. Required of all music majors. Corequisite: MUSIC 1C, 1D, or 2C.
Programs and Courses

MUSIC 2B—Advanced Harmony (3 units)  CSU/UC
Continuation of MUSIC 2A. Includes chromatic linear techniques of the common practice period, late 19th century, and 20th century techniques. Studied through analysis and written exercises. Required of all music majors. Corequisite: Theory Skills sequence. (MUSIC 1C or 1D or 2C or 2D.) Prerequisite: MUSIC 2A.

MUSIC 2C—Theory Skills (1 unit)  CSU/UC
Continuation of MUSIC 1D. Exercises in applying theoretical concepts to the keyboard; emphasis on ear-training employing programmed exercises in rhythmic reading, dictation of rhythmic, melodic, harmonic materials, and sight-singing. Required of all music majors. Corequisite: MUSIC 2A or 2B.

MUSIC 2D—Theory Skills (1 unit)  CSU/UC
Continuation of MUSIC 2C. Exercises in applying theoretical concepts to the keyboard; emphasis on ear-training employing programmed exercises in rhythmic reading, dictation of rhythmic, melodic, harmonic materials, and sight-singing. Required of all music majors.

MUSIC 3—Music Appreciation (3 units)  CSU/UC
Study of music in relation to the humanities; music and composers of the Western world from Medieval through the 20th Century. Not open for credit to student with credit in HUMAN 3. (L)

MUSIC 8A—Music History (3 units)  CSU/UC
Chronological survey of Western art music with special emphasis on style, genres, composers, and important works; covers the period from antiquity to the early Baroque. Intended for the music major; ability to read music notation is essential; extensive listening to recorded examples required.

MUSIC 8B—Music History (3 units)  CSU/UC
Chronological survey of Western art music with special emphasis on style, genres, composers, and important works. Covers the period from the early Baroque to the present day. Intended for the music major; ability to read music notation is essential; extensive listening to recorded examples required.

MUSIC 12—Jazz Appreciation (3 units)  CSU/UC
General survey of jazz from its original and early development to present day; extensive listening to both recorded and live performances supports the lecture material. Not open for credit with credit in HUMAN 12. (L)

MUSIC 14A—Conducting I (2 units)  CSU
Study of style and technique of conducting with emphasis on interpretation and score analysis. (L)

MUSIC 14B—Conducting II (2 units)  CSU
Continuation of MUSIC 14A with special emphasis on applied aspects of conducting. Prerequisite: MUSIC 14A.

MUSIC 15—Popular Music in the United States (3 units)  CSU/UC
Study of popular music in the United States from about 1850 to present; covers American Civil War songs, ragtime, blues, jazz, songwriting, musical theater, country music, Latin music styles, rock, and current trends. Not open for credit to student with credit in HUMAN 15. (L)

MUSIC 16—World Music (3 units)  CSU/UC
Introduction to music as experienced through various world cultures including, but not limited to, Asia, India, the Middle East, Africa, Australia, and South America. Subcultures, such as Native American music and Ethnic North American music are also studied. Not open for credit to student with credit in HUMAN 16. (L)

MUSIC 17—Music as Culture (3 units)  CSU/UC
A search of better understanding of what gives music meaning. Explorations into multiple genres, including classical, rock, rap, folk, Latino, and music with an emphasis on the nature of sound, meaning, diversity, performance, and value judgments. Not open for credit with student with credit in HUMAN 17. (L)

MUSIC 28R—Community Jazz Ensemble (1 unit)  CSU/UC
Study and performance of jazz music literature. Grades are CR/NC. (Repeatable: May be taken four times only.)

MUSIC 30R—Applied Skills-Forbidden (1 unit)  CSU/UC
Improvement of technical facility, musicianship, and performing aspects. Required of all instrumental music majors. (Repeatable: May be taken four times only.)

MUSIC 31R—Applied Skills-Piano (1 unit)  CSU/UC
Traditional instruction in advanced piano literature with emphasis on improvement of technical facility, musicianship, and performance. For music major with a piano concentration. Corequisite: MUSIC 1A, 1B, 1C, or 1D; or MUSIC 2A, 2B, 2C, or 2D and MUSIC 8A or 8B. Prerequisite: MUSIC 42R (4 semesters) or equivalent proficiency. (Repeatable: May be taken four times only.)

MUSIC 32R—Applied Skills-Voice (1 unit)  CSU/UC
Individualized instruction in vocal technique, tone production, breathing, dictation, as applied to the singing voice. One hour per week required in music lab. Required of voice majors. Corequisite: MUSIC 34R, 54R, or 554R. (Repeatable: May be taken four times only.)

MUSIC 33R—Chamber Choir (3 units)  CSU/UC
Small ensemble; study, preparation, and performance of sacred and secular music from Renaissance through contemporary period in style; audition is required. Concurrent enrollment in MUSIC 40A, 40B, 40C, 40D, or 32R required. (Repeatable: May be taken four times only.)

MUSIC 34R—Symphony Chorus (1 unit)  CSU/UC
Study, rehearsal and performance of the standard choral literature, including oratorio, cantata, opera, and extended choral works. (Repeatable: May be taken four times only.)

MUSIC 35R—Beginning Guitar (.5 or 1 unit)  CSU/UC
Basic guitar technique with an emphasis on melody and chording. Grades are CR/NC. (Repeatable: May be taken four times only.)

MUSIC 36R—Intermediate Guitar (1 unit)  CSU/UC
A continuation of basic guitar technique with an emphasis on melody and chording. The student must provide their own acoustic (non-electric) guitar. Grades are CR/NC. (Repeatable: May be taken four times only.)

124  Yuba College
### Programs and Courses

#### Non-Credit Classes

**AJ-500R—Special Topics in Administration of Justice**
Specialized instruction designed to meet the needs of law enforcement, corrections, and emergency service agencies; includes a variety of topics that satisfy the continuing education requirements set forth by the State of California for Peace Officers Standards and Training and Standards and Training for Corrections or agency needs.

**APSCI-592—Cabinet and Furniture Making**
Techniques & processes of cabinet & furniture making.

**ART-501—History of Art**
Survey of art history; painting sculpture and architecture; primitive and pre-Columbian art from Paleolithic times through the present.

**ART-504—Drawing and Composition**
Drawing and composition using various materials. Basic instruction in perspective, landscape, still life, and other subjects.

**ART-505—Art Appreciation**
Introduction to the appreciation of drawing, painting, sculpturing, and their relationship to the Humanities.

**ART-509—Painting**
Basic instruction in painting and introduction to materials. Emphasis on technique and on painting from life.

**ART-512—Ceramics**
Basic techniques and processes; artistic and creative expression through the use of clay.

**ART-519—Introduction to Commercial Art**
Basic concepts of commercial art and its uses, stressing layout design, lettering, and simple illustration. Special attention to studio problems from idea to production. Stress on various media, portfolio, and camera ready work.

**ART-527—Materials and Processes**
An additional laboratory experience for those interested in further refining and development concepts attained in regular course offerings in the photography emphasis area in art. Concurrent enrollment or completion of ART 31R or 531.

**ART-531—Basic Photography**
An exploration into basic camera operation and black and white processing and printing. History and development of photography. Emphasis is on personal expression. Adjustable camera preferred. (L)

**ART-532—Intermediate Black and White Photography**
Advanced darkroom processes, zone system, archival processing, print and negative chemical manipulation, large format camera; discussion and critical analysis of assigned exercises and individual creative problem-solving; field sessions included. (LM)

**ART-533—Advanced Photography**
Black & white & color photography; further exploration within the student’s area of interest. Assignments in creative problem-solving with studio lighting & the large format camera. Preparation of final portfolio. Prerequisite: PHOTO 2B or PHOTO 4A or ART 32B or ART 34A or ART 532 or ART 534.

**ART-534—Introduction to Color Photography**
Traditional and alternate methods of color printing and processing; toning, hand coloring, painting on film, slide production, duping, masking, internegatives. Appreciation and exploration of creative uses of color photography.

---

**MUSIC 40A—Elementary Voice (1 unit) CSU/UC**
Group instruction in vocal techniques; tone production, breathing, diction, and their application to the art song repertoire; English and Italian diction emphasized. One hour per week in the music lab required. Required of vocal music majors.

**MUSIC 40B—Elementary Voice (1 unit) CSU/UC**
Group instruction in vocal technique, tone production, breathing, diction, and their application to the art song repertoire; English, Italian, and German diction are emphasized. One hour per week in the music lab required. Required of vocal music majors.

**MUSIC 40C—Intermediate Voice (1 unit) CSU/UC**
Group instruction in vocal technique, tone production, breathing, diction, and their application to the art song repertoire; English, Italian, and German diction are emphasized. One hour per week in the music lab required. Required of vocal music majors.

**MUSIC 40D—Intermediate Voice (1 unit) CSU/UC**
Group instruction in vocal technique, tone production, breathing, diction, and their application to the art song repertoire; English, Italian, and German diction are emphasized. One hour per week in the music lab required. Required of vocal music majors.

**MUSIC 41AR—Elementary Piano (1 unit) CSU/UC**
Elementary Piano, covering the fundamentals of keyboard theory and technique, reading, solo and ensemble repertoire, and creative activities. (Repeatable: May be taken two times only.)

**MUSIC 41BR—Elementary Piano (1 unit) CSU/UC**
Continuation of MUSIC 41A; covers the fundamentals of keyboard theory and technique, solo and ensemble repertoire. (Repeatable: May be taken two times only.)

**MUSIC 42R—Intermediate Piano (1 unit) CSU/UC**
Group piano class for students with at least one year of concentrated piano study; emphasis on technique and reading skills. (Repeatable: May be taken four times only.)

**MUSIC 43R—Symphonic Band (2 units) CSU/UC**
Study and performance of band literature in all periods of music. Emphasis on the development of ensemble playing techniques. (Repeatable: May be taken four times only.)

**MUSIC 44R—Instrumental Chamber Ensemble (2 units) CSU/UC**
Study and performance of chamber music using brass, percussion, string, or woodwind instruments in small group ensembles. (Repeatable: May be taken four times only.)

**MUSIC 53R—Oratorio Chorus (1 unit)**
Study and performance of the standard vocal literature from the Renaissance through the Twentieth Century. Emphasis on vocal skills, musical knowledge, ensemble singing, and chorus protocol. Grades are CR/NC. (Repeatable: May be taken four times only.)

**MUSIC 54R—Community Chorus (1 unit)**
Study, rehearsal, and performance of the standard choral literature including oratorio, cantata, extended choral works, and opera choruses. Open to all students and members of the community. Grades are CR/NC. (L)

**NATIVE AMERICAN STUDIES (see Ethnic Studies)**
Programs and Courses

ART-535--Creative Photo Documentary
Develop an understanding and appreciation of the photograph as it is used in social and personal commentary. Individual exploration and creativity is encouraged.

ART-536--Advanced Projects - Black & White Photography
Individual exploration of advanced black and white concepts including refining zone system, infrared photography, large format camera, etc. within a structured but non-confining framework.

ART-537--Advanced Projects - Color Photography
Individual exploration of advanced color concepts including multiple imagery, image transfer and manipulation within a structured but non-confining framework.

ART-538--Field Workshop - Black/White Photography
Intensive weekend field workshops covering specific topics in black and white photography especially suited for the particular season and geographic location. Students responsible for cost of lodging, transportation, and materials.

ART-539--Field Workshop - Color Photography
Intensive weekend field workshops covering specific topics in color photography especially suited for the particular season and geographic location. Student responsible for cost of lodging, transportation, and materials.

ESL-510--Integrated ESL Skills, Level 1
Basic language development for beginning English speakers; concentration on all language skills—listening, speaking, reading, writing, and grammar—while focusing on everyday life skills.

ESL-520--Integrated ESL Skills, Level 2
Basic language development for low-intermediate English speakers; concentration on all language skills—listening, speaking, reading, writing, and grammar—while focusing on everyday life skills.

ESL-526LR--English As a Second Language
Supplement to English as a Second Language classes by providing additional practice in grammar, vocabulary, listening comprehension, etc., in a laboratory setting. Students pursue individualized objectives under supervision.

ESL-530--ESL Skills, Level 3
Basic language development for high-intermediate English speakers; concentration on all language skills—listening, speaking, reading, writing, and grammar—while focusing on life skills.

ESL-540--English As a Second Language Skills, Level 1
Language development for limited English speakers above the intermediate level; concentration on all language skills—listening, speaking, reading, writing, and grammar. Preparation to continue college course work. (Last in a series of four courses.)

ESL-559A--ESL/Civics, Literacy Level
Introduction to fundamental oral and written English communication skills, and U.S. government and history for those with little or no knowledge of the English language; emphasis is on developing basic vocabulary, conversation, and reading skills in the context of life skills and U.S. government and history.

FIRT-C590--Firefighter Physical Ability
Measures ability to perform firefighting job tasks; instruction on proper methods used for each of the tasks; evaluation scores may be used by local fire departments for pre-hire testing.

GENST-520--Basic Subjects
General review of basic concepts of reading, writing, & arithmetic.

GENST-590--Supervised Tutoring
Individualized and group assistance in specific courses.

MATH-501--Supervised Tutoring
Supervised individual and group tutoring in mathematics and science courses that rely on transfer-level mathematics in applications.

MUSIC-540--Vocal Techniques
Group instruction in vocal technique, tone production, breathing, diction, and their application to the art song repertoire; English, Italian, and German diction are emphasized; for the non-music major.

MUSIC-543--Symphonic Band
Study and performance of band literature in all periods of music. Emphasis on the development of ensemble playing techniques. At least two concerts will be held per semester featuring the entire ensemble.

MUSIC-553--Oratorio Chorus
Study & performance of the standard vocal literature from the Renaissance through the Twentieth Century.

MUSIC-554--Community Chorus
Study, rehearsal, and performance of the standard choral literature, including oratorio, cantata, opera, and extended choral works.

MUSIC-558--Community Jazz Ensemble
Study and performance of Jazz Music Literature.

PLSCI-552--Pesticide Applicators Certification
Theory & practice of pesticide application. Preparation for the California Pest Control Applicator's Licensing Examination.

THART-529--College Theater
Fundamentals of theatrical performance in all areas of theater (acting, directing, design, technical) culminating in a theater production. Plays to be selected from various periods and styles.

THART-526--Musical Theater Workshop
Fundamentals of musical theater performance; singing, acting, dancing, orchestra, and technical stage work; specialize in area of interest; works to be selected from various periods and styles. Participation in Yuba College production is required.

THART-529--College Theater
Fundamentals of theatrical performance in all areas of theater (acting, directing, design, technical) culminating in a theater production. Plays to be selected from various periods and styles.

Nursing

GENERAL INFORMATION. Nursing is a blend of science, technology, and compassion that allows the practitioner to provide health care in a wide variety of settings. It includes caring for the sick, helping people return to and maintain health, and prevention of disease. Examples of practice settings include acute care hospitals, extended care facilities, home health care, clinics, offices, schools, military service, occupational settings, and more. Yuba College offers a Vocational Nursing program leading to licensure as an LVN and an Associate Degree Nursing program leading to licensure as an RN. A career ladder program, for LVN’s wishing to advance to the RN level is also available. California is currently experiencing a nursing shortage, which is predicted to continue well into the twenty-first century. As a result, graduates, after passing the National Council of State Boards of Nursing Licensing Examination, are very likely to have a variety of employment opportunities.
Yuba College Nursing Programs offer clinical experiences in a variety of health care settings including acute care hospitals, extended care facilities, offices, and clinics. Most lectures are broadcast via interactive TV to Yuba College in Marysville, Woodland Community College and Clear Lake Campus. Skill labs, in Marysville and Woodland, are staffed with R.N. Instructional Assistants, to provide additional support to students. Media, including videotapes and computer-assisted instructional programs, resource books, and professional journals are available at all three campuses.

COSTS. In addition to the expenses of regularly enrolled students (living costs, activity fees, books, tuition, etc.), Nursing students have the additional expenses of uniforms, licensing, health examination, and others. Nursing students are eligible for grants and loans available to any Yuba College student meeting the criteria. In addition, a limited number of community agency sponsored loans and grants are available to those needing short-term or supplemental assistance. Upon completion of the Program, the graduate, unless otherwise disqualified by the licensing board, is eligible to take the National Council of State Boards of Nursing Licensing Examination.

DRUG POLICY. All students enrolled in nursing and allied health programs are subject to the department drug policy and procedure which is a part of the Student Code of Conduct. Violation of this policy and procedure may result in denial of admission or dismissal from the program. The policy may be reviewed at the Nursing department. It is also in the Student Handbook to be purchased by the Nursing students. Also, The Nursing Student Handbook can be found on the reserve shelves in the libraries.

CRIMINAL BACKGROUND CHECKS. Most of the clinical agencies used in the nursing programs require criminal background screening. Applicants who are found to have certain violations that preclude clinical placement will have the offer of admission rescinded. Costs associated with the background screening is the responsibility of the applicant.

PRE-ADMISSION TESTING. Prior to admission, all applicants are required to complete a pre-admission assessment exam. Applicants who score below 70 will be required to re-admit and re-test. Recommended remediation is available and information will be provided to students following the exam. Notification of testing dates and location will be provided several months prior to scheduled program acceptance. Pre-admission testing is required for all students including those entering the LVN to RN Career Mobility program.

COMPUTER USE. Students are required to complete some assignments and testing using computers. In addition, hospital records are computerized. It is imperative that students entering nursing programs be computer literate.

RECOMMENDED COURSES

The following courses are not required but may facilitate learning if taken prior to formal admission into the nursing programs.

<table>
<thead>
<tr>
<th>Course Name</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>NURS 51 Medical Terminology</td>
<td>3</td>
</tr>
<tr>
<td>ECE 3 Child Growth and Development</td>
<td>3</td>
</tr>
<tr>
<td>BCA 27 Introduction to Computers</td>
<td>5</td>
</tr>
</tbody>
</table>

REGISTERED NURSING PROGRAM

ASSOCIATE DEGREE IN NURSING. Yuba College offers an Associate Degree Nursing Program designed to prepare the individual to take the National Council of State Boards Nursing Licensing Examination leading to licensure as a registered nurse.

THE ADN PROGRAM IS BEING REVISED -- CONTACT THE NURSING DEPARTMENT FOR CURRENT INFORMATION.

ADMISSION CRITERIA.

A. Application. All applications are obtained and filed with the Math & Science Department at the Yuba College campus in Marysville.

B. Eligibility. Students are eligible for consideration as a Nursing major if the following have been met:
   1. Submitted a Yuba College Associate Degree Nursing Application
   2. High school graduation or equivalent
   C. Students are limited to two enrollments in nursing courses (withdrawals do count as an enrollment for nursing).
   D. Prerequisites must be completed prior to applying to the program. Nursing 26 (Pharmacology) may be completed after applying. It must be completed before enrolling in Nursing 30 in the first semester of the program.

Should the number of qualified applicants exceed the number of available spaces in the class, a wait list process will be used to establish priority. For more specific information telephone the Nursing Office at 530-741-6784.

CHANGE IN ADMISSION CRITERIA:

For applicants entering the ADN program in the Fall 2009 semester or later, the California Community College Chancellor's Office admission formula will be implemented. This formula includes:

1) Overall college GPA
2) English course GPA
3) Composite core Biology course GPA (Anatomy, Physiology, Microbiology), and
4) Number of repeats in core Biology courses (repeats lower the score).

This calculation results in a probability percentage. The higher the percentage, the more likely the student is to complete the program successfully. Students must score...
at the 70th percentile or higher to qualify for admission. This admission criteria will apply to students on the wait list as well as new applicants.

PROGRAM PROGRESSION AND REQUIREMENT. The program is a full-time course of study which can be completed in two years or extended by completing the General Education, Science, and other requirements prior to admission into the Nursing sequence. The latter is the suggested format. Some classes will be taught at the Yuba College campus in Marysville and some at the Woodland Community College campus. Lectures are broadcast via interactive TV and can be viewed at the Marysville, Woodland, and Clear Lake campuses. Agencies in all three counties are used for the clinical portions of the program, and some travel will be required for all students.

NURSING MAJOR REQUIREMENTS

PREREQUISITES: Units

The following courses must be completed prior to APPLYING for admission to the program:

<table>
<thead>
<tr>
<th>Course</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 4 Human Anatomy</td>
<td>4</td>
</tr>
<tr>
<td>BIOL 5 Human Physiology</td>
<td>4</td>
</tr>
<tr>
<td>BIOL 6 Microbiology</td>
<td>4</td>
</tr>
<tr>
<td>ENGL 1A College Composition and Reading</td>
<td>4</td>
</tr>
<tr>
<td>MATH 50 Elementary Algebra or equivalent</td>
<td>4</td>
</tr>
<tr>
<td>Chemistry (one year in high school or one semester in college)</td>
<td>3</td>
</tr>
</tbody>
</table>

The following course must be completed before STARTING the Nursing Program:

NURS 26 Pharmacology

3 units

General Education and Support Classes must be completed with a "C" or higher grade.

A minimum GPA of 2.50 or higher is required in the four core courses (Biology 4, 5, 6, and English 1A).

NOTE: To progress through the Associate Degree in Nursing Program, all courses must be passed with a "C" (70%) or better.

LVN TO RN CAREER MOBILITY PROGRAMS

THE ADN PROGRAM IS BEING REVISED -- CONTACT THE NURSING DEPARTMENT FOR CURRENT INFORMATION.

OPTION ONE - LVN to ADN (RN plus degree). Consists of both general education and nursing major core courses. Successful completion of the Program qualifies the student to graduate from the College with an Associate in Science Degree and to apply for the National Council of State Boards of Nursing Licensing Examination in preparation for licensure as a Registered Nurse. Students who qualify will be admitted each fall to the third semester of the ADN Program on a space-available basis. Telephone the Nursing Office to obtain procedures for admission.

ADMISSION CRITERIA.

A. Application. All applications are obtained and filed with the Nursing Office at Yuba College campus in Marysville. Applicants will be admitted on a space-available basis by date of receipt of completed application packet. Since enrollment is limited, and the number of applicants traditionally outnumber available spaces, an applicant seeking admission to the ADN program who is already an LVN has two options:

1. Apply for the two-year ADN program the same as any other student and, if admitted, must go through the entire program.

2. Complete all prerequisite courses (see RN Program requirements) and apply to the Nursing Department to enter the program in the third semester on a space-available basis. Students who have completed all requirements will be admitted based on the date their completed application is received by the Nursing Department.

Contact the Nursing Department at 530-741-6784 for more detailed information.

B. Eligibility. Students are eligible for consideration as a Nursing major if the following have been met:

1. Graduation from an accredited high school or the equivalent.

2. Current California Vocational Nurse License. Recent Vocational Nursing graduates must submit proof of licensure prior to the first day of class.

3. Completion of the following courses with a 2.5 GPA or better: BIOL 4, 5, 6; ENGL 1A. Completion of...
the following courses with a “C” or higher grade: Chemistry, FCS 10; MATH 50 (or higher); NURS 36, 37; and PSYCH 1A.

4. I.V. Therapy certification or completion of Nursing 224 IV Therapy.

**CHANGE IN ADMISSION CRITERIA:**
For applicants entering the ADN program in the Fall 2009 semester or later, the California Community College Chancellor’s Office admission formula will be implemented.
this formula includes:

1) Overall college GPA
2) English course GPA
3) Composite core Biology course GPA (Anatomy, Physiology, Microbiology), and
4) Number of repeats in core Biology courses (repeats lower the score).

This calculation results in a probability percentage. The higher the percentage, the more likely the student is to complete the program successfully. Students must score at the 70th percentile or higher to qualify for admission. This admission criteria will apply to students on the wait list as well as new applicants.

**OPTION TWO - LVN to RN only (30-Unit Option).** Meets California State Regulation 1429, and those completing this track are eligible to apply for the National Council of State Boards of Nursing Licensing Examination in preparation for licensure as a Registered Nurse. This is a non-degree option. States other than California may not grant Registered Nurse (RN) licensure based on completion of this option. Career ladder to a higher level such as Bachelor of Science in Nursing may be limited by this option as well. It is recommended the applicant call the Nursing Department for more information. Students who qualify will be admitted each fall semester on a space-available basis.

**ADMISSION CRITERIA.**

A. **Application.** All applications are obtained and filed with the Nursing Office at the Yuba College main campus in Marysville. Applicants will be admitted on a space-available basis by date of receipt of completed application packet. Contact the Nursing Office for admission procedures and information.

**B. Eligibility.** Minimum qualifications for admission to this track are:

1. Current California Vocational Nurse License. Recent V.N. graduates must submit proof of licensure prior to the first day of class.
2. Graduation from an accredited high school or the equivalent.
3. Graduation from an accredited vocational school of nursing or demonstrated mastery of course content by Challenge Examination.
4. Completion of the following courses with a 2.5 GPA or higher: BIOL 5 Physiology, BIOL 6 Microbiology; Completion of the following with a “C” or higher: NURS 36 Pathophysiology, and NURS 37 Nursing Bridge Course.
5. Strongly recommend: I.V. Therapy certification or completion of Nursing 224 IV Therapy.

**CHANGE IN ADMISSION CRITERIA:**
For applicants entering the ADN program in the Fall 2009 semester or later, the California Community College Chancellor’s Office admission formula will be implemented.
this formula includes:

1) Overall college GPA

</tbody>
</table>

The study of basic math related to nursing with a focus on systems of measurement, methods of administration, dosage calculations, and safe administration to clients in diverse settings. Prerequisite: ENGL 1A and MATH 50. (LM)
NURS 26—Pharmacology (3 units) CSU
Basic principles of pharmacology with focus on pharmacokinetics, pharmacodynamics, and related therapeutic implications for major drug categories; for Nursing and non-Nursing students. Prerequisite: None; Anatomy and Physiology highly recommended. (LM)

NURS 30—Fundamentals of Nursing (8 units) CSU
Introduction of concepts and skills basic to the practice of nursing; provides theoretical foundation for nursing practice, integrating a life-span approach, and incorporating concepts and skills to meet the basic needs of the hospitalized patient; learning experiences in the lab and health care setting allow students to gain proficiency in the application of skills and concepts introduced in the classroom. Prerequisite: BIOL 1 or 15; BIOL 4, 5, and 6; CHEM 10 or higher; ENGL 1A; MATH 50; and NURS 26.

NURS 31—Maternal-Child Nursing (5 units) CSU
Focuses on concepts, theory, and skills related to women's health, pregnancy, birth, the postpartum period, and the care of the newborn, children, and their families; application of concepts, theory, and skills is provided by selected patient care experiences in a variety of health care settings. Prerequisite: NURS 30 and NURS 32, or concurrent enrollment.

NURS 32—Medical-Surgical Nursing I (8 units) CSU
Focuses on development and psycho-social needs across the life span, and nursing skills related to teaching, health assessment, medication administration, and wound care; emphasizes the special needs of patients having surgery, experiencing sensory alterations, and/or pain; application of concepts and skills is provided by selected patient care experiences. Prerequisite: NURS 30 and NURS 26. (LM)

NURS 33—Mental Health and Psychiatric Nursing (4 units) CSU
Eclectic approach to mental health and psychiatric nursing, including psycho-dynamics of human behavior and psycho-pharmacology; emphasis on concepts of therapeutic communication, assessment of behavioral states, investigation into specific symptomatologies, and related psychotherapies; learning experiences include one-on-one interactions with clients, participation in group process, staff conferences, and various treatment modalities. Prerequisite: NURS 30 and NURS 26. (LM)

NURS 34—Medical-Surgical Nursing II (9 units) CSU
Provides in-depth exploration of the nursing process as it focuses on clients who are acutely ill; consideration of health care needs in bio-physical and psycho-social domains, across the life span; acute and chronic disorders are studied, as well as health care needs of those attempting to achieve and maintain wellness; application of concepts and skills provided by selected patient care experiences. Prerequisite: NURS 32. (LM)

NURS 35—Medical-Surgical Nursing III (5 units) CSU
Focuses on advanced concepts and principles of nursing practice as well as in-depth theory related to bio-physical and psycho-social needs; emphasis is on care of acutely and critically ill clients as well as the management and leadership role of the nurse; application of concepts and skills is provided by selected patient care experiences; assignments to work individually with an RN preceptor in clinical agencies. Prerequisite: NURS 34. (LM)

NURS 36—Pathophysiology: Understanding Disease (3 units) CSU
The study of disease pathology in the human body, with a focus on the study of abnormal physiological function of body systems at the cellular level, with correlation to the disease etiology, and biological and physical manifestations produced by the abnormal physiology. Prerequisite: BIOL 4 and BIOL 5. (L)

NURS 37—Nursing Bridge Course (2 units) CSU
Designed to facilitate role transition for Licensed Vocational Nurse seeking to upgrade to Registered Nurse licensure; provides an introduction to Associate Degree Nursing Program by reviewing philosophy, conceptual framework, curriculum, and policies; critical concepts and topics presented in the first year of the program are reviewed; vocational nursing skills will be validated. Prerequisite: Licensure as LVN. (LM)

NURS 51—Medical Terminology (3 units)
Intended to assist those studying in the fields of medicine and health care by learning a word-building system for defining, using, spelling and pronouncing medical words. It is designed for those preparing for a health career such as nursing, medical secretary, ward secretary, emergency medical technician, medical technologist, respiratory therapist, or other fields that require a medical vocabulary. (L)

NURS 55R—Nursing Skills (1 unit)
Designed for nursing students to remediate or update nursing skills; learn to access health care information via the internet, obtain help with writing skills specific to nursing department requirements and remediate or update math skills relating to calculation of dosages and solutions. Grades are CR/NC. (Repeatable: May be taken four times only.)

NURS 56R—Advanced Nursing Skills Lab (1 unit)
Designed for nursing students in the advanced 2nd year level of instruction to practice and/or remediate in advanced nursing skills. Areas of practice include advanced procedures, technological equipment experience, help with advanced analysis of assessment findings, diagnostics, and multiple system acute pathologies, activities to promote critical thinking, and developing complex nursing care plans. Grades are CR/NC. (Repeatable: May be taken four times only.)

NURS 224—Intravenous Therapy/Blood Withdrawal (2 units)
Designed to prepare the licensed vocational nurse to initiate and monitor intravenous therapy and perform blood withdrawals; update the registered nurse in new theories, products, and techniques of intravenous therapy. Grades are CR/NC.

NURS 227—Basic ECG Interpretation (2 units)
Designed to prepare unlicensed participants for work as an electrocardiogram monitor technician. Designed for the licensed nurse as continuing education in Basic ECG interpretations. Designed as an adjunct to the curriculum for pre-licensure A.D.N.’s. Basic dysrhythmias will be taught and will require measuring and identification. Grades are CR/NC. (L)

Licensed Vocational Nurse

VOCATIONAL NURSING PROGRAM

The Vocational Nursing Program is a four-semester program which includes individual and group instruction in the campus classroom and laboratory setting, and supervised clinical instruction in various hospital/community agencies. All students will be required to travel during portions of the program. Enrollment is limited; therefore, students are selected on the basis of a special application process.

NOTE: Termination of student enrollment for any reason after first two weeks of program will require submission of petition to be considered for readmission into the program. Contact Nursing Coordinator through the Nursing Department office for further details.
Students will be admitted to the Program every fall semester. For an application, call 530-741-6786.

All support courses and nursing major courses must be completed with a grade of “C” or better to progress through the curriculum. In addition, students must satisfactorily complete both of the concurrent nursing lecture and laboratory courses scheduled for a particular semester. Failure to satisfactorily complete either will necessitate re-enrollment in both should the student later be readmitted. Demonstration of mastery of course content and clinical performance skills in the current semester is required as evidence that the student has achieved the necessary knowledge base and is able to perform safely.

Students are limited to two enrollments in nursing courses. Withdrawals do count as an enrollment in nursing.

**PROGRAM REQUIREMENTS:**

The following courses must be completed with a “C” or better prior to admission into the Vocational Nursing Program: Elementary Algebra, one year of high school or a semester of college; ENGL 1A OR ENGL 51.

### First Semester

- NURSV 51—Orientation to Nursing (10 units)
- NURSV 61—Orientation to Nursing Lab (5 units)

### Second Semester

- NURSV 52—Medical Surgical Nursing I (8 units)
- NURSV 62—Medical Surgical Nursing I Lab (5 units)

### Third Semester

- NURSV 53—Nursing the Family in Health/Illness (5 units)
- NURSV 63—Nursing the Family in Health and Illness Lab (5 units)

### Fourth Semester

- NURSV 54—Medical Surgical Nursing II (8 units)
- NURSV 64—Medical Surgical Nursing II Lab (5 units)

**Minimum units to total:** 54

In addition to expenses as regularly enrolled students (living costs, books, and tuition), Vocational Nursing students have the expense of uniforms, licensing, health examination, and others. Vocational Nursing students are eligible for grants and loans available to any Yuba College student meeting criteria. In addition, a limited number of community agency-sponsored loans and grants are available to those needing short-term or supplemental assistance.

Upon successful completion of the course, the graduate, unless otherwise disqualified by the licensing board, is eligible to write the National Council of State Boards of Nursing Licensing Examination for Practical Nurses (NCLEX-PN).

Students successfully completing the program may earn an Associate in Science Degree if they complete the General Education and other degree requirements.

### Programs and Courses

**NURSV 51—Orientation to Nursing (10 units)**

Introduction to nursing, including basic precepts and principles underlying safe and ethical practice; explores roles, responsibilities, and specific functions of the Licensed Vocational Nurse as a member of the health care team. Corequisite: NURSV 61. Prerequisite: Acceptance in vocational nursing program; completion with a “C” or better -- English 51 and Math 50. (LM)

**NURSV 52—Medical Surgical Nursing I (8 units)**

Focuses on nursing related to basic physiological and psychosocial needs of patients of all ages with specific medical-surgical diseases and conditions. Corequisite: NURSV 62. Prerequisite: NURSV 51 and 61; admission to program. (LM)

**NURSV 53—Nursing the Family in Health and Illness (8 units)**

Nursing care of individual and family during childbirth, including pregnancy and maternity, newborn, child, adolescent, and adult in the inpatient and outpatient setting. Corequisite: NURSV 63. Prerequisite: Acceptance in nursing program, NURSV 52 and 62. (LM)

**NURSV 54—Medical Surgical Nursing II (8 units)**

Focuses on the basic physiological and psychosocial needs of patients of all ages with specific medical-surgical diseases and conditions; explores legal, ethical, and professional aspects of the licensed vocational nurse. Corequisite: NURSV 64. Prerequisite: Admission to nursing program; NURSV 53 and 63. (LM)

**NURSV 61—Orientation to Nursing Lab (5 units)**

Supervised experience in nursing skills lab and in convalescent and/or acute care hospitals. Focus is on the application of basic nursing care principles in the care of the mature adult. Corequisite: NURSV 51. Prerequisite: Admission to nursing program; completion of English 51 and Math 50 with a grade of “C” or better. Grades are CR/NC. (LM)

**NURSV 62—Medical-Surgical Nursing I Lab (5 units)**

Assigned clinical learning experiences in the acute care hospitals and outpatient facilities. Focuses on the nursing process applied to the needs of patients with specific medical-surgical conditions. Corequisite: NURSV 52. Prerequisite: Acceptance in nursing program, NURSV 51 and 61. Grades are CR/NC. (LM)

**NURSV 63—Nursing the Family in Health and Illness Lab (5 units)**

Focuses on care of maternity, neonatal, pediatric, adolescent, and adult patients in acute care and outpatient settings. Corequisite: NURSV 53. Prerequisite: Acceptance in nursing program, NURSV 52 and 62. Grades are CR/NC. (LM)

**NURSV 64—Medical Surgical Nursing II Lab (5 units)**

Application of the nursing process in meeting basic nursing care needs of patients of all ages with medical/surgical conditions. Preparation of the student for licensure and employment. Corequisite: NURSV 54. Prerequisite: Acceptance in nursing program, NURSV 53 and 63. Grades are CR/NC. (LM)

**OFFICE ADMINISTRATION (see Business)**
Philosophy

The word “philosophy” literally means the “love of wisdom.” Philosophy courses are designed to cultivate wisdom by critically questioning fundamental beliefs about reality, self-identity, knowledge, religion, and ethics. The core courses that make up the curriculum include Introduction to Philosophy, Critical Thinking, Ethics, Philosophy of Religion, and World Religions.

PHIL 1—Introduction to Philosophy (3 units) CSU/UC
A multi-cultural survey of basic philosophical issues and problems, including the nature and practice of philosophic inquiry, theories of reality and knowledge, human nature and self-identity, ethics and the good life, religion and ultimate reality, and the meaning and possibility of human freedom. Each topic will be explored from significant Western and non-Western perspectives. (L)

PHIL 2—Ethics (3 units) CSU/UC
Introduction to ethics emphasizing the relevance of ethics to everyday decision making; includes the human context of moral reasoning, relativism, subjectivism, religion and ethics, conscience and moral development, ethical egoism, utilitarianism, the ethics of duty, rights ethics, virtue ethics and the good life, and case studies in moral reasoning. (L)

PHIL 3—Philosophy of Religion (3 units) CSU/UC
Philosophical exploration of religious belief and practice, with an emphasis on understanding how the world’s major religious traditions -- Eastern and Western -- respond to fundamental issues concerning the ultimate nature of reality. Topics include religion and philosophy, world views and religion, metaphysics without God, metaphysics with God, arguments for God’s existence, the problem of evil, incarnation and God, God and gender, life after death, religious experience, science and religion, prudential arguments for religious belief, faith and justification, love and the meaning of life. (L)

PHIL 6—Political Philosophy (3 units) CSU
This is an introduction to the major authors and types of political thought and the central issues involved in political thinking (e.g. democracy, fascism, justice, rights, law liberty, political authority, political principles, consequences, etc.), as presented through classical or contemporary reading selections. Not open for credit to student with credit in POLSC 6. (L)

PHIL 8—Business Ethics (3 units) CSU
Study of the methods and principles used to recognize and evaluate ethical issues in contemporary business environments. Emphasis will be on discovering and defending ethical principles as they apply to specific business dilemmas. Not open for credit to student with credit in GNBUS 8. (L)

PHIL 12—Critical Thinking (3 units) CSU/UC
Critical thinking skills emphasizing their application to everyday decision making, including definitions of critical thinking, language and meaning, claims and reasons, argument and inference, argument identification and reconstruction, inductive and deductive reasoning, underlying assumptions, evaluating assumptions, assumptions and evidence, world views as a context for critical thought, evaluating arguments, sound and fallacious reasoning, informal fallacies, causal inference, and scientific method. (L)

PHIL 20—World Religions (3 units) CSU/UC
Survey of the beliefs and practices of Eastern and Western religious traditions. Emphasis given to the origin and development of each tradition, its major forms of expression, and the various ways in which each tradition addresses the most fundamental questions of human existence. (L)

PE 1.21R—Aerobic Exercise (.5 or 1 or 1.5 units) CSU/UC UC-Unit Limit
Aerobic exercise designed to develop and/or maintain cardiovascular endurance, muscular strength, flexibility, and coordination through the use of continuous vigorous movements. (Repeatable: May be taken four times only.)

PE 1.22R—Step Aerobics (.5 or 1 or 1.5 units) CSU/UC UC-Unit Limit
Step aerobic exercise designed to develop and/or maintain cardiovascular fitness and endurance, muscular strength and endurance, flexibility, and coordination. (Repeatable: May be taken four times only.)

PE 1.23R—Mat Pilates (.5 or 1 or 1.5 units) CSU/UC UC-Unit Limit
Classi Pilates method of body conditioning to provide a safe and consistent workout. (Repeatable: May be taken four times only.)

PE 1.24R—Bowling (.5 or 1 or 1.5 units) CSU/UC UC-Unit Limit
Coeducational bowling; the techniques and skills of bowling; emphasis on fundamentals, skills, and etiquette. (Repeatable: May be taken four times only.)

PE 1.25R—Badminton (.5 or 1 or 1.5 units) CSU/UC UC-Unit Limit
Skills and fundamentals in individual and doubles play with emphasis on rules and etiquette. (Repeatable: May be taken four times only.)

PE 1.26R—Body Toning (.5 or 1 or 1.5 units) CSU/UC UC-Unit Limit
Anaerobic exercise program designed to develop muscle tone throughout the body. Muscle endurance and flexibility is also developed. (Repeatable: May be taken four times only.)

PE 1.27R—Fitness Walking/Jogging (.5 or 1 or 1.5 units) CSU/UC UC-Unit Limit
Individualized walking/jogging program designed to improve cardiovascular endurance and muscular strength; emphasis on lifetime fitness, including the principles of nutrition, fitness, and safety. (Repeatable: May be taken four times only.)
Programs and Courses

**PE 1.31R—Golf-Beginning (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Fundamental golf skills, etiquette, and history. (Repeatable. May be taken four times only.)

**PE 1.32R—Fitness Ball (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Using a fitness ball, students will learn to safely and effectively execute strengthening exercises for all the major muscle groups with and without hand weights, flexibility exercises, and balancing exercises. Individualized study is a central part of both the lecture and lab portions of this course. Specific topics and exercises will vary each semester depending on the needs of the students. (Repeatable: May be taken four times only.)

**PE 1.33R—Advanced Golf (1.5 or 3 units)**
CSU/UC UC-Unit Limit
Instruction, practice, and competition; advanced techniques and skills development with special emphasis on links play. Students are assigned play on local courses at their own expense. (Repeatable: May be taken four times only.)

**PE 1.36R—Yoga (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Development of basic Yoga postures, breathing practices, stretching, and relaxation techniques as a method to improve flexibility, decrease stress and improve physical and mental well being. (Repeatable: May be taken four times only.)

**PE 1.37R—Club Fitness (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Treadmill, cross country ski machines, stationary bikes, rowing machines, step machines assessment and analysis of fitness. Develop individualized fitness and wellness program. (Repeatable: May be taken four times only.)

**PE 1.41R—Self Defense (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Methods of falling, throwing, and defense against specified attacks. Avoiding dangerous situations at home and in one’s vehicle. Defending oneself using techniques selected from the martial arts. (Repeatable: May be taken four times only.)

**PE 1.42R—Beginning Dance Techniques (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Introduction to individual techniques of various dance styles: Fox-trot, Swing, Rumba, Cha-Cha, Polka, Country Line. (Repeatable: May be taken four times only.)

**PE 1.44R—Modern Jazz Dance (1 unit)**
CSU/UC UC-Unit Limit
Modern and jazz dance techniques, terminology, and composition, along with the study of the historical form of each; awareness of the human body as an instrument of expression. (Repeatable: May be taken four times only.)

**PE 1.47R—Tennis - Beginning (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Fundamental skills and techniques necessary for beginning tennis play including rules and basic strategy. (Repeatable: May be taken four times only.)

**PE 1.48R—Table Tennis (1 or 1.5 units)**
CSU/UC UC-Unit Limit
Skills and fundamentals in individual and doubles table tennis with emphasis on rules and etiquette. (Repeatable: May be taken four times only.)

**PE 1.49R—Tennis - Intermediate (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Skills, techniques, tactics, and strategy for intermediate tennis play. (Repeatable: May be taken four times only.)

**PE 1.51R—Basketball Skills - Men (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Techniques of basketball and conditioning used in preparing for intercollegiate competition. (Repeatable: May be taken four times only.)

**PE 1.52R—Basketball Skills - Women (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Techniques of basketball and conditioning used in preparing for intercollegiate competition. (Repeatable: May be taken four times only.)

**PE 1.54R—Soccer Skills - Men (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Techniques, skills, rules, conditioning, and drills for soccer. (Repeatable: May be taken four times only.)

**PE 1.55R—Sports Conditioning (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Preparatory conditioning necessary for intercollegiate competition; development of sport-specific strength, power, endurance, agility, and flexibility, as well as mental training techniques. (Repeatable: May be taken four times only.)

**PE 1.57R—Weight Training (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Individualized weight training program designed to improve muscular strength and endurance; emphasis on lifetime fitness including principles of nutrition, fitness and safety. (Repeatable: May be taken four times only.)

**PE 1.59R—Aerobic Weight Training (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Weight training methods and techniques to improve aerobic fitness, cardiovascular fitness, and muscular endurance. (Repeatable: May be taken four times only.)

**PE 1.71R—Basketball (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Techniques and skills of basketball used in preparing for intercollegiate competition. (Repeatable: May be taken four times only.)

**PE 1.75R—Soccer (1 or 1.5 units)**
CSU/UC UC-Unit Limit
Techniques, skills, rules, conditioning, and drills for soccer. (Repeatable: May be taken four times only.)

**PE 1.76R—Advanced Soccer (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Techniques of soccer used in preparing for competitive play. (Repeatable: May be taken four times only.)

**PE 1.77R—Beginning Volleyball (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Fundamental skills and techniques for beginning volleyball play, including: rules of play, officiating, and beginning level offensive and defensive strategies. (Repeatable: May be taken four times only.)

**PE 1.78R—Grass Doubles Volleyball (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Fundamental skills and techniques for grass doubles volleyball, including: rules of play, officiating, and offensive and defensive strategies. (Repeatable: May be taken four times only.)

**PE 1.79R—Intermediate Volleyball (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Fundamental skills and techniques for intermediate volleyball play, including rules of play, officiating, and intermediate level offensive and defensive strategies. (Repeatable: May be taken four times only.)

**PE 2.01R—Baseball Skills - Men (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Techniques of baseball and conditioning used in preparing for intercollegiate competition. (Repeatable: May be taken four times only.)

**PE 2.03R—Basketball Skills - Men (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Techniques of basketball and conditioning used in preparing for intercollegiate competition. (Repeatable: May be taken four times only.)

**PE 2.04R—Basketball Skills - Women (.5 or 1 or 1.5 units)**
CSU/UC UC-Unit Limit
Techniques of basketball and conditioning used in preparing for intercollegiate competition. (Repeatable: May be taken four times only.)

</tbody>
</table>
Programs and Courses

PE 21R—Analysis of Softball (2 units)  CSU/UC UC-Unit Limit
Study and analysis of fast pitch softball, including fundamentals, offensive tactics, defensive tactics, defensive situations, and pitching. (Repeatable: May be taken two times only.)

PE 24R—Analysis of Football (.5 or 1 or 2 units)  CSU/UC UC-Unit Limit
Analysis of offensive and defensive football, including philosophy and strategies; current techniques of passing, blocking, and tackling along with practical application of scouting. (L) (Repeatable: May be taken four times only.)

PE 26—Care and Prevention of Athletic Injuries  (3 units)  CSU/UC
Introduction to the theory and practice in the care and prevention of athletic injuries. (L)

PE 28R—Analysis of Soccer (2 units)  CSU/UC UC-Unit Limit
Study and analysis of various phases of soccer, including fundamentals, offensive and defensive strategy, and different styles. (L) (Repeatable: May be taken two times only.)

PE 29R—Analysis of Baseball (2 units)  CSU/UC UC-Unit Limit
Study and analysis of various phases of baseball offense and defense, including fundamentals, offensive tactics, defensive solutions, and pitching. (L) (Repeatable: May be taken four times only.)

PE 31R—Intercollegiate Volleyball—Women  (2 units)  CSU/UC UC-Unit Limit
Preparation for intercollegiate volleyball competition. Collegiate level game strategies and techniques performed. Practice and competition required. (Repeatable: May be taken four times only.)

PE 32R—Intercollegiate Basketball—Women  (1 unit)  CSU/UC UC-Unit Limit
Preparation for and competition in Intercollegiate Women’s Basketball. Collegiate techniques and strategies. (Repeatable: May be taken four times only.)

PE 33R—Intercollegiate Softball—Women  (2 units)  CSU/UC UC-Unit Limit
Intercollegiate softball competition; individual skills, position play, team play, game strategy. Practice and competition requires. (Repeatable: May be taken four times only.)

PE 34R—Intercollegiate Tennis—Women  (2 units)  CSU/UC UC-Unit Limit
Intercollegiate tennis competition; skills, rules and strategies. Practice and competition. (Repeatable: May be taken four times only.)

PE 35R—Intercollegiate Cross Country—Women  (2 units)  CSU/UC UC-Unit Limit
Intercollegiate cross country competition for women. (Repeatable: May be taken four times only.)

PE 36R—Intercollegiate Track and Field—Women  (2 units)  CSU/UC UC-Unit Limit
Intercollegiate track and field competition for women. (Repeatable: May be taken four times only.)

PE 37R—Intercollegiate Soccer—Women  (2 units)  CSU/UC UC-Unit Limit
Intercollegiate soccer competition; shooting, heading, controlling, dribbling, passing, tackling, scoring, goal keeping; practice and competition required. (Repeatable: May be taken four times only.)

Physical Science

PHYSC 10A—Earth Science  (3 units)  CSU/UC UC-Unit Limit
Survey course with topics chosen principally from oceanography, geology, physical geography, meteorology, and astronomy. Topics are presented within a theme of understanding the earth. (L)

PHYSC 10B—Physical Science—Physics and Chemistry  (3 units)  CSU/UC UC-Unit Limit
Basic concepts in physics and chemistry: motion, force, energy, electricity, atomic theory, matters, chemical and physical changes, gas laws, radioactivity, and an introduction to modern physics. (L)

PHYSC 10C—Physical Science—Physics and Chemistry  (1 unit)  CSU/UC
Laboratory experiments in physics and chemistry to reinforce and complement the materials presented in PHYSC 10B. Prerequisite: PHYSC 10B which may be taken concurrently. (L)

Physics

PHYS 2A—General Physics  (3 units)  (CAN PHYS 2 = PHYS 2A + 3A)  CSU/UC UC-Unit Limit
Comprehensive survey of physics, including mechanics, hydrostatics, thermodynamics, and wave motion; qualitative understanding and quantitative problem solving; primarily for life science major. Prerequisite: MATH 21, or equivalent (may be taken concurrently); PHYS 10 or CHEM 2A is recommended. (LM)

PHYS 2B—General Physics  (3 units)  (CAN PHYS 4 = PHYS 2B + 3B)  CSU/UC UC-Unit Limit
Comprehensive study of physics, including electricity and magnetism, optics, atomic and nuclear physics, and relativity; equal emphasis placed on qualitative understanding and quantitative problem solving. Primarily for Life Science majors. Prerequisite: PHYS 2A. (LM)

PHYS 3A—General Physics Laboratory  (1 unit)  (CAN PHYS 2 = PHYS 2A + 3A)  CSU/UC UC-Unit Limit
Performance of lab experiments to verify the important concepts of PHYS 2A. Not open for credit to student with credit in the PHYS 4 series or equivalent. Prerequisite: PHYS 2A which may be taken concurrently. (LM)
**Programs and Courses**

**Political Science**

POLSC 1—Introduction to American Government (3 units)  
A critical survey and assessment of American government and politics. Political institutions, such as the political ideologies and Congress, the presidency, the courts, and the federal bureaucracy are analyzed in regards to power and ideology and their role in the American political system. Political ideologies and philosophies, as well as political parties and private interest groups, are also examined and analyzed. State and local government is included. Satisfies CSU Title V, Section 40404, U.S. History, Constitution, and American Ideals requirement when both POLSC 1 and HIST 15 or RAZA 15 are completed. (L)

POLSC 6—Political Philosophy (3 units)  
This is an introduction to the major authors and types of political thought and the central issues involved in political thinking (e.g. democracy, fascism, justice, rights, law liberty, political authority, political principles, consequences, etc.), as presented through classical or contemporary reading selections. Not open for credit to student with credit in PHIL 6. (L)

**PLANT SCIENCE (see Agriculture)**

**Psychiatric Technician**

The Psychiatric Technology Program is a four-semester and single-summer session program offered at the Yuba College Campus. The program includes 648 theoretical hours of classroom education, correlated with 956 clinical practicum hours. The subject matter reflects the knowledge and skills specified by the Board of Vocational Nursing Psychiatric Technology Education (BVNPTE) regulation, rules, and laws. All clinical practicum will be under the supervision of a licensed BVNPTE-approved clinical instructor. The curriculum may be periodically revised to reflect the evolution of the profession and BVNPTE laws and regulations.

**MINIMUM CRITERIA.**

1. High School graduation or equivalent to high school.
2. Age of 18 years by first day of Fall semester.

Programs and Courses

Completion/challenge/credit for the previously outlined courses will make the student eligible for licensure examination by the Board of Vocational Nurse and Psychiatric Technician Examiners following application. Students wishing to also receive an associate degree should consult their counselor concerning additional degree requirements.

**PSYCT 50—Anatomy and Physiology (3 units)**
Comprehensive overview of normal structure and function of the human organism including cell/tissue structure and function, organ/system differentiation, and related terminology. Designed for the psychiatric technician student or equivalent. (L)

**PSYCT 51—Human Development (3 units)**
Overview of normal human growth and development from biologic conception to death, including identification of major theorists/theories, presentation of major milestones of growth and development associated with the chronologic age groups and subject related terminology. (L)

**PSYCT 52—Nursing Science A (2 units)**
Orientation to the nursing science, which includes the following: basic medical terminology; fundamental concepts relating to the health care systems, ethical and professional codes of conduct and overview of past, current, and future trends in the U.S. health care systems. (L)

**PSYCT 53—Developmental Disabilities A (3 units)**
Overview of the five developmental disability subtypes: mental retardation; epilepsy; cerebral palsy; infantile autism; and neurological handicapping. Also included shall be PART training designed to prepare the student to effectively "manage" assaultive behavior. Course is affiliated with PSYCT 71. (L)

**PSYCT 54—Nursing Science B (2 units)**
Overview of the major diseases and disorders associated with the human organism in terms of diagnostic criteria, symptom presentations, system pathology, medical/nursing interventions and typical prognosis. Emphasis shall be on nursing interventions, special care needs and patient related skills associated within the scope of practice of the LPT. Course is affiliated with PSYCT 70. (L)

**PSYCT 55—Pharmacology A (2 units)**
Introductory overview to the basic concepts associated with the field of nursing related pharmacology. Includes a math review, computation conversion and review of specific drugs relating to specific drug classifications. The course material shall be directly related to the clinical medical experience offered in PSYCT-70, PSYCT-71 and PSYCT-73. (LM)

**PSYCT 56—Nursing Science C (3 units)**
Overview of the medical-surgical nursing component of the program; includes all age groups, common diagnoses, nursing interventions and aspects of an acute care medical facility. Course material corresponds to PSYCT 72. (LM)

**PSYCT 57—Psychiatric Disorders A (2 units)**
Overview of the major psychiatric disorders as defined within the current DSM-IVR, axis I. Emphasis shall be on: psychiatric related terminology, the major psychiatric disorders, presenting symptoms, nursing interventions, treatment interventions and typical prognosis. Course correlates with the clinical component course PSYCT 73. (L)

**PSYCT 58—Group Process (2 units)**
Overview of the therapeutic intervention known as group process as it relates to the developmentally disabled and psychiatric client. Includes the following: related terminology, group leader skills, goals of the group process and specific client behaviors. (L)

**PSYCT 59—Crisis Management (2 units)**
Overview of the concept of "crisis" relating to an individual's personal reaction to physical or psychological stressors, including: recognition of stress response, specific adaptive responses, specific maladaptive response, the dynamics of grief "burnout and suicide." Content of this course is directly related to the course objectives for PSYCH 73. (L)

**PSYCT 60—Pharmacology B (2 units)**
Overview of the somatic therapies with emphasis upon the psychotropic medications as they related to the psychiatric client. Includes the following major drug classes: antipsychotic, antidepressant, antianxiety, antimanic and anticholinergic. (LM)

**PSYCT 61—Substance Abuse (2 units)**
Historical overview of those drugs most commonly misused or abused within contemporary U.S. society. Makes a distinction between substance-use disorders and substance-induced disorders. All major drugs that have the potential for abuse and or misuse shall be presented in terms of the following: classifications, physical/psychological effects and dependency potential. (L)

**PSYCT 62—Psychiatric Disorders B (2 units)**
General orientation of the ten personality disorders as identified in axis II of the DSM-IVR. Emphasis upon defining criteria, interpersonal impact, social consequences and intervention techniques. Course is affiliated with PSYCT 74. (L)

**PSYCT 63—Developmental Disabilities B (3 units)**
Overview of behavioral science known as "behavior intervention" as it applies to the mentally retarded population. Included is a summary of the major state and federal legislation as it applies to the developmental disabilities. Also included is a general preparation for the Board of Vocational Nurses and Psychiatric Technicians (BVNPT) state board examination for licensure. Course is affiliated with PSYCT 75. (L)

**PSYCT 70—Nursing Science Clinical A (3 units)**
Clinical application of basic nursing skills associated with the "long term care" patient within a skilled nursing facility. The clinical affiliation is preceded by a 40-hour skills lab practicum at the Yuba College Nursing Lab according to schedule. Included: basic nursing care, ambulation assistance, personal hygiene, feeding assistance, preparation, administration and documentation of prescribed medications and or treatments. Clinical course is directly related to PSYCT 54. Grades are CR/NC. (LM)

**PSYCT 71—Developmental Disabilities Clinical A (2 units)**
Clinical application of skill and knowledge associated with the developmentally disabled child and/or adolescent being served in the special education classroom of "Butte Vista School." Student shall be assigned to a specific classroom under the direct supervision and direction of the classroom instructor. Emphasis on provision of direct care and supervision of student while under direction of classroom instructor. Clinical experience correlates with theoretical course PSYCT 53. Grades are CR/NC. (L)

**PSYCT 72—Nursing Science Clinical B (3 units)**
Clinical application of nursing skills relating to the medical surgical patient within an acute care medical facility involving various age group, diagnoses, and health care needs. The clinical experience correlates with the theoretical aspects of the psychiatric technician program. Grades are CR/NC. (LM)
Psychology

Psychology is the study of human thought, feelings, and behavior. Part of its appeal is the fact that it involves both scientific investigation and practical applications of those findings in everyday life. The Yuba Community College District Psychology courses offer a diverse program with several goals: 1) To expose students to the variety of subfields in psychology; 2) To engender knowledge of, and appreciation for, the spirit and nature of scientific inquiry; 3) To facilitate insight into oneself and increase knowledge of, and sensitivity to, others; 4) To introduce students to the basic body of knowledge, thus preparing them for further study in Psychology.

Those pursuing psychology as a field of study will find many career options centering around helping others to understand, predict, and influence their own behavior and the behavior of others. Psychologists may teach, conduct research, perform psychological testing, or do consultation in a variety of settings which include hospitals, businesses, private practice, personnel offices, industry, colleges and universities, and government. Training in Psychology provides a valuable foundation for professions wherein interpersonal interactions are a component of the work setting.

PSYCT 73—Psychiatric Disorders Clinical A (4 units)
Clinical application of psychiatric skills relating to the DSM-IVR diagnosed client within the acute care, day treatment and adult education components of the Sutter-Yuba mental Health Care System. Includes: application of therapeutic communication skills, medication administration, group process participation, observation, clinical assessment, interdisciplinary team participation and one to one observation. Course closely correlated with the theoretical courses that relate to the acute and chronic care hospitalized psychiatric client. Grades are CR/NC. (LM)

PSYCT 74—Psychiatric Disorders Clinical B (2 units)
Orientation and direct participation with Willow Glen Care Center. Activities include: attendance of agency orientation, participation in all resident related groups and activities, direct care and supervision of assigned residents, participation in assigned social activities and application of previously acquired therapeutic communication skills. Grades are CR/NC. (L)

PSYCT 75—Developmental Disabilities Clinical B (3 units)
Orientation and direct participation with “Community Resource Services.” Students shall be assigned to two of four CRS sites based on (2) four week clinical rotations. Activities shall include: attendance of agency orientation, participation in all resident related group activities, direct care and supervision of assigned consumers, participation in assigned social activities and application of previously acquired therapeutic communication skills. (L)

Total units required for degree major 18

PSYCH 1A—General Psychology (3 units) (CAN PSY 2)
General introduction to psychology as a science, including perception, learning, development, motivation, personality, abnormal behavior, and the biological and social basis of behavior. (L)

PSYCH 1B—General Psychology: Individual and Social Processes (3 units) CSU/UC
Further in-depth exploration of the subject matter of introductory psychology, including, but not limited to, developmental psychology, personality, social psychology, abnormal/maladaptive behavior, individual differences, neuropsychology, cross-cultural psychology. (L)

PSYCH 8—Research Methodology (3 units) CSU
Course covers the basic issues in the design and implementation of social science research. Topics covered include the scientific method, ethics, and issues of research design, basic descriptive and inferential statistics, and types of research designs including quantitative and qualitative methodologies. Not open for credit to student with credit in SOCIL 8. (L)

PSYCH 12—Human Sexuality and Sexual Behavior (3 units) CSU/UC
Psychological and biological aspects of human sexuality, including developmental issues, variations in sexual behavior/orientation, structure and function of the reproductive systems, sexual response, and sexually transmitted diseases. (L)

PSYCH 21R—Seminar in Psych: Contemporary Issues (1 unit) CSU
Examination and discussion of contemporary issues in society from a psychological viewpoint. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

PSYCH 22—Social Psychology (3 units) CSU/UC
Introduction to the study of human interaction with a focus on the individual within a social context, including topics of social perception and cognition, interpersonal attraction, pro-social behavior and aggression, attitude change, conformity and obedience, prejudice and discrimination, and the psychology of groups. (L)

PSYCH 30A—Consciousness Studies (1 unit) CSU
Focuses primarily on transpersonal approaches to consciousness. Other perspectives will include psychodynamic, behavioral, cognitive, biological, evolutionary, humanistic and existential. (L)

PSYCH 30B—Dreams, Art and Symbols (1 unit) CSU
Focuses on the psychology of sleep and dreams with an emphasis of dreamwork, dream interpretation, active imagination, lucid dreaming, art therapy, and archetypal investigation of the unconscious. (L)
PSYCH 30C—Advanced Consciousness Studies (1 unit) CSU
Historical development and research regarding consciousness studies in psychology. (L)

PSYCH 30D—History of Consciousness (1 unit) CSU
Historical development and research regarding consciousness studies in psychology. (L)

PSYCH 31—Gender and Behavior: Feminine and Masculine Behavior (3 units) CSU/UC
Systematic analysis of psychological principles related to gender, including biological, social, and cultural perspectives. (L)

PSYCH 32—Environmental Psychology (3 units) CSU/UC
Introduction to the field of environmental psychology. Exploration of the interaction between human behavior and the environment. Presentation of the research findings related to personal space, habitat selection, crowding, and color preference. (L)

PSYCH 33—Personal and Social Adjustment (3 units) CSU/UC
Principles of personality development with emphasis on self-theories and social interaction theories. (L)

PSYCH 34—Alternative Lifestyles (1 unit) CSU
A narrative history of the formation of gay communities and gay movements. Current issues of diversity and the struggles with homophobia in today’s society will be addressed. This course is designed for those currently working in the public sector, or for those seeking a thorough knowledge of this diverse population. (L)

PSYCH 40—Childhood and Adolescent Behavior (3 units) CSU/UC
Psychology of the child and adolescent; introduction to developmental psychology, including prenatal and perinatal influences. Not open for credit to student with credit in ECE 3. (L)

PSYCH 41—Lifespan Development (3 units) CSU/UC
Introduction to the scientific study of human development from conception to death; examines the interplay of the biological, psychological, social, and cultural influences on the developing human being. (L)

PSYCH 46—Abnormal Psychology (3 units) CSU/UC
Introduction to the field of abnormal psychology; exploration of the models, diagnosis, and classification of abnormal behavior. (L)

PSYCH 48F—The World of Abnormal Psychology (2 units) CSU
A 13-part series that looks at psychological disorders; reflects current thinking that abnormal behavior can be understood from a combination of biological, psychological, and social points of view. Closed-captioned for the deaf and hard-of-hearing. (L)

PSYCH 95JR—Stress Management (0.5 unit) CSU
Cause-and-effect factors of stress, and the skills and strategies supervisors can use to help cope with stress; stress as both enemy and ally. Grades are CR/NC. (L) (Repeatable: May be taken four times only.)

Punjabi

PUNJ 1—Elementary Punjabi (3 units) CSU
Development of four basic language skills: speaking, listening, reading, and writing; initiate, sustain, and close basic communication tasks. Understand content related to personal background and needs, non-complex social conventions, main ideas, and details of connected discourse of familiar topics.

PUNJ 2—Intermediate Punjabi (3 units) CSU
Continuation of Punjabi 1. Development of four basic language skills: speaking, listening, reading, and writing. Emphasis on mastery of material on Punjabi 1 and introduction of the present perfect, past, and future tense.

Radiologic Technology

TWO-YEAR ASSOCIATE DEGREE PROGRAM

Accredited by the State of California Department of Health Services, Radiologic Health Branch and the Joint Review Committee on Education in Radiologic Technology. Upon completion of this program, the student will receive a Certificate of Achievement and is eligible to take the required California State Certification Examination which will qualify the graduate (passor) as a California Certified Radiologic Technologist and also the American Registry of Radiologic Technologist which qualifies the graduate (passor) as a Registered Technologist R.T. in Radiology.

Since enrollment is limited, students will be selected on the basis of a special application. See a Yuba College counselor or the application may be downloaded from the website www.yccd.edu/RADtech. Applications may be submitted at any time after successful completion of the prerequisites.

MINIMUM CRITERIA FOR ADMISSION.

1. High School graduation or equivalent.
2. Completion with a “C” or better grade: Biology 4, Chemistry 1A or 2A, Biology 5, Mathematics 50 or higher.
3. Eight hours observation in a clinical setting.

Call (530) 741-6786 for an application packet which explains the admission criteria more fully. Students are also required to have specific immunizations, pass a drug screen and background check. (Criteria are subject to change each year.) Specific information can be found on the website listed above.

Additional graduation requirements which must be completed with a “C” or better grade for the A.S. degree and to complete program: English 1A, General Education (humanities), Psychology 1A, Math 52 (or higher). Medical terminology may be completed before entering the program.
Sequence of courses to be completed leading to the Associate in Science degree in Radiologic Technology:

**Fall Semester**
- RADT 1 Intro to Radiologic Technology ........................................... 4
- RADT 2 Radiation Physics ................................................................. 3
- RADT 3A Radiographic Procedures .................................................. 2
- RADT 6A Radiologic Technology Internship ...................................... 5
- RADT 14 Radiographic Informatics .................................................. 2
- RADT 15A Medical Terminology for Radiologic Technologists .......... 1

**Spring Semester**
- RADT 4 Principles of Rad. Biology & Protection .............................. 3
- RADT 5 Principles of Radiographic Exposure & Equipment ................. 4
- RADT 3B Radiographic Procedures .................................................. 2
- RADT 6B Radiologic Technology Internship ...................................... 5
- RADT 15B Medical Terminology for Radiologic Technologists .......... 1

**Summer Session**
- RADT 6C Radiologic Technology Internship .................................... 8

**Fall Semester**
- RADT 7 Advanced Radiologic Studies ............................................. 1
- RADT 3C Radiographic Procedures .................................................. 2
- RADT 6D Radiologic Technology Internship ...................................... 6.5
- RADT 8 Radiographic Pathology and Film Critique ............................ 3
- RADT 14 Radiographics Informatics .................................................. 2

**Spring Semester**
- RADT 3D Radiographic Procedure .................................................. 1
- RADT 6E Radiologic Technology Internship ...................................... 6.5
- RADT 9 Advanced Modalities ......................................................... 3
- RADT 12 Radiologic Technology Board Review .................................. 1

**Summer:**
- RADT 6FR Radiologic Technology Internship .................................... 5

Mammography and Fluorography are additional elective courses.

*Courses must be completed with a grade of “C” or better before or during the indicated semester to progress in the program.

All required Radiologic Technology courses and Associate in Science Degree must have been earned to receive the Certificate of Completion.

**RADT 1—Introduction to Radiologic Technology**

**(4 units)**

**CSU**

Policies and procedures of the Yuba College Program; overview of radiography and health care delivery; usage of terminology as related to the medical and radiological professions; principles of care to patients during radiologic procedures; medical ethics and law. Prerequisite: Admission to program; manual dexterity is required. (L)

**RADT 2—Radiation Physics**

**(3 units)**

**CSU**

Introduction to basic physics; fundamentals of x-ray generating equipment; information on x-ray production and x-ray beam characteristics. Prerequisite: Admission to RT program. (LM)

**RADT 3A—Radiographic Procedures**

**(2 units)**

**CSU**

Knowledge and skills necessary to perform standard radiographic procedures; consideration is given to production of radiographs of optimal diagnostic quality. Prerequisite: BIOL 4 with a “C” or better. (LM)

**RADT 3B—Radiographic Procedures**

**(2 units)**

**CSU**

Knowledge and skills necessary to perform standard radiographic procedures; consideration is given to the production of radiographs of optimal diagnostic quality. Prerequisite: RADT 3A with a “C” or better. (LM)

**RADT 3C—Radiographic Procedures**

**(2 units)**

**CSU**

Knowledge and skills necessary to perform standard radiographic procedures; consideration is given to the production of radiographs of optimal diagnostic quality. Prerequisite: RADT 3B with a “C” or better. (LM)

**RADT 3D—Radiographic Procedures**

**(1 unit)**

**CSU**

Knowledge and skills necessary to perform standard radiographic procedures; consideration is given to the production of radiographs of optimal diagnostic quality. Prerequisite: RADT 3C with a grade of “C” or better. (LM)

**RADT 4—Principles of Radiation, Physics Biology and Protection**

**(3 units)**

**CSU**

Principles of the interaction of radiation with the living system; radiation effects on biological molecules and organism, and factors affecting biological response; radiation protection responsibilities of the radiographer for patients, personnel, and the public. (LM) Prerequisite: RADT 2.

**RADT 5—Principles of Radiation Exposure and Equipment**

**(4 units)**

**CSU**

Knowledge of factors that govern and influence the production of the radiographic image on radiographic film and processing of the exposed film; equipment routinely used to produce the image; evaluate radiographic systems to assure consistency. (LM) Prerequisite: Admission to RT program, CHEM 1A or 2A, or (CHEM 3A and 3B); MATH 50.

**RADT 6A—Radiologic Technology Internship**

**(5 units)**

**CSU**

Radiologic experience in clinical facilities under the supervision of the college instructor, staff technologist, and radiologist; development of skills in correlation with current radiologic practices; rotation in various facilities. Corequisite: RADT 1 and 3A; Prerequisite: entry into program; agreement to abide by the regulations of the affiliated clinical facility. (L) Grades are CR/NC.

**RADT 6B—Radiologic Technology Internship**

**(5 units)**

**CSU**

Radiologic experience in clinical facilities under the supervision of the college instructor, staff technologist, and radiologist; development of skills in correlation with current radiologic practices; rotation in various facilities. Prerequisite: RADT 6A; agreement to abide by the regulations of the affiliated clinical facility. (L) Grades are CR/NC.

**RADT 6C—Radiologic Technology Internship**

**(8 units)**

**CSU**

Radiologic experience in clinical facilities under the supervision of the college instructor, clinical instructor, staff technologist, and radiologist; development of skills in correlation with current radiologic practices; rotation in various facilities. Corequisite: RADT 4; Prerequisite: agreement to abide by the regulations of the affiliated clinical facility. (L) Grades are CR/NC.

**RADT 6D—Radiologic Technology Internship**

**(7 units)**

**CSU**

Radiologic experience in clinical facilities under the supervision of the college instructor, staff technologist, and radiologist; development of skills in correlation with current radiologic practices; rotation in various facilities. Prerequisite: RADT 6B; agreement to abide by the regulations of the affiliated clinical facility. (L) Grades are CR/NC.

**RADT 6E—Radiologic Technology Internship**

**(8 units)**

**CSU**

Radiologic experience in clinical facilities under the supervision of the college instructor, staff technologist, and radiologist; development of skills in correlation with current radiologic practices; rotation in various facilities. Prerequisite: RADT 6D; agreement to abide by the regulations of the affiliated clinical facility. (L) Grades are CR/NC.
RADT 6FR—Radiologic Technology Internship (5.5 units) CSU
Radiologic experience in clinical facilities under the supervision of the college instructor, staff technologist, and radiologist; development of skills in correlation with current radiologic practices; rotation in various facilities. Prerequisite: RADT 6E; agreement to abide by the regulations of the affiliated clinical facility. (L) Grades are CR/NC. (Repeatable: May be taken four times only.)

RADT 6GR—Radiologic Technology Internship - Elective (0.5-1.5 units) CSU
Radiologic experience in clinical facilities under the supervision of the college instructor, staff technologist, and radiologist; development of skills in correlation with current radiologic practices; rotation in various facilities. Prerequisite: RADT 6A; entry into program; agreement to abide by the regulations of the affiliated clinical facility. (L) Grades are CR/NC. (Repeatable: May be taken four times only.)

RADT 7—Advanced Radiologic Studies (1 unit) CSU
Advanced radiologic studies as they relate to pediatric, geriatric, terminally ill, and disabled patients; radiologic pharmacology and contrast media. Prerequisite: RADT 1.

RADT 8—Radiographic Pathology and Film Critique (3 units) CSU
Introduction to the concepts of disease; pathology and disease, as it relates to various radiographic procedures; advanced evaluation and critique of radiographs. Prerequisite: RADT 1, RADT 5, and BIOL 5.

RADT 9—Advanced Modalities (3 units) CSU
Advanced radiologic studies of computed tomography, magnetic resonance imaging, angiography, interventional procedures, and related procedures; sectional anatomy. (LM) Prerequisite: RADT 1, RADT 4, and BIOL 5.

RADT 12—Radiologic Technology Board Review (1 unit) CSU
Summary lectures with testing of the five content areas tested by the State of California Radiation Health Branch and the American Registry of Radiologic Technologists. Corequisite: RADT 6E or special permission. Grades are CR/NC. (LM)

RADT 14—Radiographic Informatics (2 units) CSU
Introduction to computer applications within a health care setting; topics include accessing and updating patient information, displaying, modifying, and retrieving images, and the safeguarding of patient confidentiality. (LM)

RADT 15A—Medical Terminology for Radiologic Technologists (1 unit) CSU
A basic understanding of medical terminology within a health care setting with an emphasis on radiologic technology. Topics include word roots, combining forms, prefixes, suffixes, spelling and pronunciation. (LM)

RADT 15B—Medical Terminology for Radiologic Technologists (1 unit) CSU
A continuation of RADT 15A offering a more thorough understanding of medical terminology within a health care setting with an emphasis on radiologic technology. Topics include advanced word roots, combining forms, prefixes, suffixes, spelling and pronunciation. (LM)
Programs and Courses

**REAL ESTATE** (see Business)

### Sign Language

**SIGN 1—Sign Language Studies 1 (3 units)**

Introduction to the visual-gestural processes of sign language; provides instructional activities for people who wish to become competent in communication with deaf people; emphasis on nonverbal communication. (L)

**SIGN 2—Sign Language Studies 2 (3 units)**

Non-verbal communication skills using syntactical and finger spelling of multi-syllable words. Prerequisite: SIGN 1.

**SIGN 3—Sign Language Studies 3 (3 units)**

Continuation of ASL comprehension skills and advanced grammatical structure; continues to place emphasis on expressive skills and deaf culture. Prerequisite: SIGN 2.

**SIGN 61R—Basic Vocabulary and Finger Spelling (2 units)**

The art of communicating with the deaf by means of finger spelling and basic signing. (L) (Repeatable: May be taken two times only.)

### Social Science

**SOCIAL SCIENCE (Associate in Arts)**

#### Required

**Units**

- ANTHR 1 Physical Anthropology .................................................3
- OR 2 Cultural Anthropology ......................................................3
- ECON 1A Elementary Economics-Macro .....................................3
- GEOG 1 Physical Geography OR GEOG 2 Cultural Geography ........3
- POLSC 1 Introduction to Political Science ..................................3
- PSYCH 1A General Psychology
  - OR SOCIL 1 Introduction to Sociology ....................................3
- Any History Class ......................................................................3
- Total units required for degree major ....................................18

#### SOCSC 4—Foreign Affairs (3 units)

Review of internationally based problems through a study of international tensions and the influence of various factors such as public opinion, pressure groups, news management) on making and implementation of foreign policy. (L)

#### SOCSC 290R—Citizenship (1 unit)

Preparation to pass a standard citizenship test. Grades are CR/NC. (Repeatable: May be taken four times only.)

### Sociology

**SOCIL 1—Introduction to Sociology (3 units)**

Basic principles and concepts of sociology, including culture, personality, organization, institutions, stratification, population, collective behavior, and social change. (L)

**SOCIL 2—Social Problems (3 units)**

Survey of social problems in present-day American culture and application of sociological theory and analysis to issues such as poverty, minorities, crime, medicine, the environment, and technology. (L)

**SOCIL 5—Ethnic Relations in the United States (3 units)**

Examines the dynamics of multi-ethnic relations in the United States, focusing on social, historical, political, and economic factors; emphasis on inter-group and intra-group relations in terms of prejudice, discrimination, immigration, assimilation, demographic shifts, and exclusion/inclusion. (L)

**SOCIL 8—Research Methodology (3 units)**

Course covers the basic issues in the design and implementation of social science research. Topics covered include the scientific method, ethics, and issues of research design, basic descriptive and inferential statistics, and types of research designs including quantitative and qualitative methodologies. Not open for credit to student with credit in PSYCH 8. (L)

**SOCIL 10—Sociology of Marriage (3 units)**

Sociological analysis of marriage, including history, cultural comparison, gender roles, love, sexuality, singlehood, parenthood, process, conflict, conflict resolution, divorce, remarriage, and the future of marriage and the family. (L)

**SOCIL 30—Aging: Concepts and Issues (3 units)**

Social, economic, and psychological factors related to aging and the changing roles in contemporary society, including current controversies, personal adaptation to aging, income and housing, health and long-term care, employment and retirement, community social services, and social inequality. Not open for credit to student with credit in LLP 30. (L)

**SOCIL 35—Women in Contemporary Society (3 units)**

Focuses on the unique position of women in contemporary United States society; emphasis given to the concept of gender as it relates to socialization, social control, history, multi-culturalism, and current issues. Not open for credit to student with credit in WOMEN 35. (L)

### Spanish

**SPAN 1—Elementary Spanish, Part 1 (4 units)**

Development of four basic language skills: speaking, listening, reading and writing. Students will learn to initiate, sustain, and close basic communication tasks. Student will understand content related to personal background and needs, non-complex social conventions, main ideas and details of connected discourse of familiar topics. This course is equivalent to one year of high school Spanish. (L)
Programs and Courses

Speech

COMMUNICATION STUDIES
(Associate in Science)

Required Courses | Units
--- | ---
MCOMM 2 Introduction to Mass Communications | 3
SPECH 1 Public Speaking | 3
SPECH 2 Oral Interpretation of Literature | 3
SPECH 6 Group Communication | 3
SPECH 7 Interpersonal Communication | 3
Plus 6 units selected from the following: SPECH 4R, 8, THART 11A; PSYCH 1A; MCOMM 4; PHIL 12 | 6
Total units required for degree major | 21

SPECH 1—Public Speaking (3 units) (CAN SPCH 4) | CSU/UC
Principles of effective oral communication applied to several public speaking assignments which emphasize management of stage fright, development of support and organization of ideas, audience analysis, and clear communication of thought and feeling; attention given to effective listening and feedback skills, and nonverbal communication. Prerequisite: ENGL 51 or qualifying score on English Placement Examination (eligibility for ENGL 1A) and appropriate skills and knowledge.

SPECH 2—Oral Interpretation of Literature (3 units) | CSU/UC
Introduction to analysis and interpretation of literature for oral reading; encourages a deeper, richer experience of prose, poetry and drama; enables sharing the love of literature in the oral tradition. Prerequisite: ENGL 51 or 51L or qualifying score on English Placement Examination (eligibility for ENGL 1A) and appropriate skills and knowledge. Not open for credit to student with credit in ENGL 2.

SPECH 3—Argumentation (3 units) (CAN SPCH 6) | CSU/UC
General approach to rational decision making and argumentative analysis including the improvement of reasoning skills, identification of logical fallacies, and evaluation of arguments. (CAN SPCH 6) (L)

SPECH 4R—Speech Arts Workshop (v1-3 units) | CSU
Supervised preparation for participation in intercollegiate speech and oral interpretation events and/or for presentations at local schools. (L) (Repeatable: May be taken four times only.)

SPECH 6—Group Communications (3 units) | CSU/UC
Study of communication in small group situations; emphasis placed on researching, organizing, and delivering oral presentations, including panel discussions and symposia; the role of communication in various group processes, including problem-solving, leadership, and decision-making. (L)

SPECH 7—Interpersonal Communication (3 units) | CSU/UC
Study of interpersonal relationships, including gender, intercultural, professional, and intimate communication; required to research, organize, and deliver oral presentations about concepts, dynamics, and contexts of interpersonal communication. (L)

SPECH 8—Intercultural Communications (3 units) | CSU/UC
Study of intercultural communication theory relative to perception, context, language, verbal, nonverbal messages, and adaptation; emphasis will be placed on developing effective intercultural communication skills; students will demonstrate effective intercultural communications skills by oral presentations and group and interpersonal interactions. (L)
Programs and Courses

SPECH 9—Fundamentals of Speech Communication  
(3 units) CSU/UC
Basic skills and introductory concepts necessary for effective communication in a variety of settings; emphasis is placed on researching, organizing, and presenting public presentations in interpersonal, small group, and public contexts. Not open for credit to student with credit in SPECH 51. (L)

SPECH 12—Multicultural Communication  
(v.5-1 units) CSU
By attending the events organized/sponsored by Crossing Borders and Building Bridges, participants are expected to acquire effective intercultural communication skills by valuing differences through their acknowledgment and respect for diversity and multiculturalism.

Statistics

STAT 1—Introduction to Statistical Methods  
(4 units) (CAN STAT 2) CSU/UC
Descriptive statistics; measures of central tendency, variation, correlation, probability, sampling, sampling distributions, estimation, and tests of statistical hypotheses. For majors in natural science, social science, and business. Prerequisites: MATH 52 or equivalent with a grade of “C” or better. (LM)

Theatre Arts

THEATRE ARTS  
(3 units) CSU/UC
THART 10 Introduction to Theatre .................................................. 3
THART 11A Introduction to Acting ................................................... 3
THART 29R College Theatre ......................................................... 3
THART 12A Advanced Studies in Acting ......................................... 3
Plus 6 units to be selected from the following ................................ 6
THART 11B, 12B, 29R, 34, 45A, 45B;
SPECH 1, 4R, MCOMM 2, 4; ENGL 2
Total units required for degree major .............................................. 18

THART 10—Introduction to Theatre  
(3 units) CSU/UC
Study of theater and its relationship to other arts and humanities, including survey of theater history, study of important plays, and current Yuba College Theatre productions. (L)

THART 11A—Introduction to Acting  
(3 units) CSU/UC
Basics of acting for the stage will be explored and developed, including voice and diction, movement, improvisational technique, characterization, and scene study. Several monologues and scenes will be developed and presented in the class.

THART 11B—Introduction to Acting  
(3 units) CSU/UC
Pantomime, stage movement, imagination, improvisation, and characterization; emphasis on more complex scenes and plays. Prerequisite: THART 11A.

THART 12A—Advanced Studies in Acting  
(3 units) CSU/UC
Development of the skills of vocal projection, auditioning, movement, and character motivation; participation in one-act or full-length play at end of the semester. Prerequisite: THART 11A or THART 26R or 29R.

THART 12B—Advanced Studies in Acting  
(3 units) CSU/UC
Development of the skills of vocal projection, auditioning, movement, and character motivation; participation in one-act or full-length play at end of the semester. Prerequisite: THART 12A.

THART 29R—College Theatre  
(2 or 3 units) CSU/UC
Fundamentals of theatrical performance in all areas of theater (acting, directing, design, technical) culminating in a theater production; plays to be selected from various periods and styles. (L) (Repeatable: May be taken four times only.)

THART 32R—Film Studies: Focus on ...  
(3 units) CSU/UC
Study of a particular director/artist, genre, or national cinema; view and discuss full-length feature films; topic to be specified in class schedule. (Same as ENGL 32R; HUMAN 32R) (Repeatable: May be taken four times only.)

THART 33—History of Film  
(3 units) CSU/UC
Chronological survey of the motion picture; traces the development of the art, technology, and social importance of film during the last 100 years; screenings of significant and representative narrative, documentary, and experimental films from the silent to the modern era. Not open for credit to student with credit in HUMAN 33 or ENGL 33. (L)

THART 34—Introduction to Film  
(3 units) CSU/UC
Study of film as art and its influence on society, including interpretation, criticism, and technical developments; view and discuss full-length feature films. Not open for credit with credit in ENGL 34 or HUMAN 34. (L)

THART 45A—Production and Technical Theatre  
(3 units) CSU/UC
Practices, terminology, and organization of contemporary theatre technology; exercises in construction and implementation of all technical aspects of production (sets, lighting, sound, costumes, properties, stage management). Integrated with Yuba College Theatre productions. Corequisite: THART 29R or 26R. (L)

THART 45B—Production and Technical Theatre  
(3 units) CSU/UC
Practices, terminology, and organization of contemporary theatre technology; exercises in construction and implementation of all technical aspects of production (sets, lighting, sound, costumes, properties, stage management). Integrated with Yuba College Theatre productions. Corequisite: THART 26R or 29R. Prerequisite: THART 45A.

THART 48G—American Cinema  
(2 units) CSU
Film studies telecourse that explores how Hollywood films work technically, artistically, and culturally; exploration of the deeper significance of genres and the social and psychological effect of films on society. Not open for credit to student with credit in ENGL 48G or HUMAN 48G.
VETERINARY TECHNOLOGY

Programs and Courses

Program Progression:

The Veterinary Technology program is a full-time course of study with each class building on preceding veterinary technology courses. Therefore, all required courses must be taken in the order listed below. All classes will be taught at the Yuba College campus in Marysville, although some may be offered on-line via the internet. Veterinary facilities in several counties are used for the clinical rotation portion of the program, requiring some degree of travel of all students while pursuing their veterinary technology education.

VETERINARY TECHNICIAN

(Associate in Science)

First Semester (Fall)
- MATH 52 Intermediate Algebra .................................................. 4
- VETT 1 Introduction to Veterinary Technology ......................... 4
- VETT 55 Veterinary Medical Principles .................................. 2
- CWEE 45R Occupational Work Experience ............................. 2
- General Education electives (see Graduation Requirements) ......... 3

Second Semester (Spring)
- BCA 15R Business Comp. Applications- Beg............................ 3
- ENGL 1A Reading/Composition ............................................... 4
- VETT 2 Animal Anatomy/Physiology ........................................ 4
- VETT 3 Veterinary Anesthesia & Pharmacology ..................... 3
- CWEE 45R Occupational Work Experience ............................. 2

Third Semester (Fall)
- BIOL 6 Introductory Microbiology .......................................... 4
- VETT 53A Basic Veterinary Science .......................................... 5
- General Education electives (see Graduation Requirements) ....... 3
- CWEE 45R Occupational Work Experience ............................. 2

Fourth Semester (Spring)
- VETT 53B Basic Veterinary Science .......................................... 5
- VETT 54 Animal Health/Disease ............................................. 3
- General Education electives (see Graduation Requirements) ....... 3
- CWEE 45R Occupational Work Experience ............................. 2

Minimum units to total .............................................................. 60

NOTE: To progress through the Associate Degree in Veterinary Technology program, all courses must be passed with a grade of “C” or better.

Physical Education is not required of Veterinary Technology majors (or any other Allied Health majors) per current College Catalog graduation requirements.
VETERINARY RECESSIONIST/ASSISTANT
The Veterinary Receptionist/Assistant course of study is a fully on-line certificate program that provides the on-line course work, direction, and work experience to prepare students or augment existing skills to develop knowledge and self confidence working with animals as a veterinary receptionist, pet shop, kennel, animal control or animal shelter worker. Students learn effective communication techniques, veterinary terminology, procedures for medical records and admitting/discharging patients, animal behavior basics, inventory and ordering basics, how to deal with difficult clients, bookkeeping skills, animal restraint, animal grooming, veterinary record keeping, administration of medication and medical assisting.

A valuable member of the veterinary medical team, the veterinary assistant works under the supervision of the Registered Veterinary Technician and Veterinarian to facilitate the delivery of quality medical care to their animal patients. Students will learn via the Internet, on-line discussion groups, videotapes and textbooks. This convenient distance learning program is ideal for the working professional and allows for more flexibility than a traditional college curriculum and is designed to allow students to complete the certification program in one year. In addition to providing the necessary information to upgrade current job skills for those already employed in veterinary facilities, this course of study also provides an excellent preparation for the individual interested in applying to the Yuba College Veterinary Technology program.

VETERINARY RECESSIONIST/ASSISTANT (Certificate of Achievement)
Pending California Community College Chancellor’s Office approval

Minimum units to total : 17

VETT 1—Introduction to Veterinary Technology (4 units) CSU
Introduction to the principles and practice of veterinary technology to include ethics, animal restraint and behavior, patient history and physical exam. Emphasis will be on procedures common to veterinary medicine including fundamental hematology, urinalysis, cytology, immunology and microbiology. Prerequisite: BIOL 15. (LM)

VETT 2—Animal Anatomy and Physiology (4 units) CSU
Structural aspects and normal functions of the principle systems of various animals. Application of normal physiology as it pertains to animal health and disease. Prerequisite: VETT 1 and BIOL 15

VETT 3—Veterinary Anesthesia & Pharmacology (3 units) CSU
Concepts of veterinary anesthesia and pharmacology to include agents used as pre-anesthetics, induction agents and general anesthesia, the physiological impacts of anesthesia on the body, patient prep, high-risk patients and complications. Pharmacokinetics in animals, principles and mechanism of drug action, drug types and legal requirements. (LM). Prerequisite: BIOL 15.

VETT 53A—Basic Veterinary Science (5 units) CSU
Clinical laboratory testing, anesthesia administration and monitoring, surgery nursing, sterilization of instruments, medical nursing, veterinary dentistry and nutrition. Prerequisite: VETT 1 and 2.

VETT 53B—Basic Veterinary Science (5 units) CSU
Clinical laboratory testing, diagnostic imaging, cardiology, pharmacology, nursing, emergency medicine and immunology. Prerequisite: VETT 53A.

VETT 54—Animal Health and Disease (3 units) CSU
Animal health and disease management. Prerequisite: BIOL 15. (LM)

VETT 55—Veterinary Medical Principles (2 units) CSU
The study and application of medical terms used in veterinary medicine. (L)

VETT 91—Veterinary Assisting (2 units) CSU
Concepts of veterinary medicine needed to function effectively as a veterinary assistant, veterinary receptionist, kennel staff or animal shelter worker. This course does not lead to the AS Degree in Veterinary Technology but can be used as a step towards entry into that program. Not open for credit to student with credit in VETT 101.

### WELD 10—Introduction to Arc Welding (SMAW) (4 units) CSU

This course is to advance beginning arc welding skills with an emphasis on SMAW. Power sources, electrode identification, weldability of metals, joint design, air arc, oxyacetylene cutting, and introduction to GTA and GW are covered. Activities include learning to weld stringer and weave bead, butt and fillet welds in the flat, horizontal, and overhead positions. (L)

### WELD 12—Intermediate Arc Welding (4 units) CSU

Advance arc welding skills with an emphasis on vertical and overhead welding. Course activities prepare the student for weld certification and advanced arc welding classes. Weld symbols, joint preparation, weld codes, AWS standards and weld alloys are covered in this class. (L)

### WELD 20—Introduction to MIG Welding (GMAW) (4 units) CSU

Emphasizes developing skills on light gauge steel, aluminum, and stainless steel. Related instruction will include ferrous and nonferrous metal identification and their welding characteristics, MIG welding applications and variable, inert shielding gases and mixtures, trouble shooting MIG equipment and welds and spot welding. (L)

### WELD 22—Intermediate Gas Metal Arc Welding (4 units) CSU

An intermediate course with an emphasis on vertical and overhead welding. Designed for the student interested in improving his/her beginning skills in order to prepare for entry into the work force as a GMAW (MIG) welder. (L)

### METAL 30—Gas Welding (2 units) CSU

Gas welding processes: background, safety, applications and methods of operation; welding, burning, brazing and soldering.

### METAL 31—Arc Welding (2 units) CSU

Basic theory, practice and operation of manual arc welding; including joints, positions, electrode identification, operation of transformer and generator welders.

### WELD 40—Introduction to TIG Welding (GTAW) (3 units) CSU

GTAW (TIG) welding is an inert gas welding course which covers mild steel, aluminum and stainless steel; stresses welding applications on flat and pipe stock in all positions to develop welding skills. Course content will include metal identification and welding symbols. (L)

### WELD 42—Intermediate GTAW (TIG) Welding (3 units) CSU

An intermediate to advanced course with an emphasis on vertical and overhead welding. This class is designed for the student who is interested in improving his/her beginning skills in order to prepare for entry into the work force as a TIG welder.

### WELD 50—Structural Steel and flux Cored Arc Welding (3 units) CSU

Emphasizes developing skills on structural steel and FCAW practices. Related instruction will include ferrous metal identification and welding characteristics, FCAW welding applications and variable, dual shield inert shielding gases and mixtures, troubleshoot FCAW equipment and welds completed in all positions. Student must provide those materials which are of continuing value outside of the classroom setting. The cost will be explained at the first class meeting. (L)

### METAL 82—Advanced Production Welding (4 units)

Advanced welding processes used in construction, fabrication, and repair weld industries; special cutting techniques, D.C. shielded arc, short arc, and entry flux core principles; fix-up and distortion control on structure and tubular welding; welder certification, physical testing, and inspection. (LM)

### METAL 83—Automatic and Inert Gas Welding (4 units)

Introduction to TIG, MIG, plasma automatic welding processes; heliarc, wire welding, plasma arc cutting and welding, electronic operation, application of processes, exotic metal and alloy welding.

### METAL 83A—Gas Tungsten Arc Welding (2 units)

Explores tungsten inert gas (TIG) welding applications including lecture/demonstration on stainless and aluminum. Not open for credit to student with credit in METAL 83.
**Programs and Courses**

**METAL 83B—Gas Metallic Arc Welding** (2 units)  
Explores Gas Metallic Arc Welding (G.M.A.W) (short arc Metallic Inert Gas welding) weld applications including lecture/demonstration on mild steel sheet metal and plate material. Not open for credit to student with credit in METAL 83. Corequisite: METAL 30 or 31 recommended.

**METAL 85—Structural Design and Fabrication**  
(3 units)  
Structural weld design and fabrication of weldments; operation of mechanized iron workers, tubular benders, and press brake operations; computer design, analysis, and product process planning.

**METAL 88R—Welding Technical Problems**  
(1 or 1.5 or 2 or 2.5 or 3 units)  
Individualized instruction of special topics; including weld testing and certification, industry standards, A.N.S., A.P.I., A.S.M.E., research or special welding processes and projects. Prerequisite: METAL 82. (Repeatable: May be taken four times only.)

**METAL 90—Welding, Maintenance and Repair**  
(1.5 units)  
Introduction to the fundamental skills common to the welding service and repair industry; specialty filler materials which may be used for repair weld procedures.

**Women’s Studies**

**WOMEN 26A—Women in Art I** (3 units)  
Role of women as artists in the Western World, beginning in the Middle Ages, and concluding in the Twentieth Century art world. Not open for credit to student with credit in Art 3A or HUMAN 26A. (L)

**WOMEN 26B—Women in Art II** (3 units)  
The role of women as visual artists in Europe and the Americas, focusing on the Twentieth Century. Not open for credit to student with credit in ART 3B or HUMAN 26B. (L)

**WOMEN 29—Women in American History**  
(3 units)  
General introduction to the history of women in America from colonial times to the present; emphasis on the changing political, economic, social, and ethnic history. (L)

**WOMEN 31—Gender and Behavior: Feminine and Masculine Behavior** (3 units)  
Systematic analysis of psychological principles related to gender, including biological, social, and cultural perspectives. (L)

**WOMEN 35—Women in Contemporary Society**  
(3 units)  
Focuses on the unique position of women in contemporary United States society; emphasis is given to the concept of gender as it relates to socialization, social control, history, multi-culturalism, and current issues. Not open for credit to student with credit in SOCL 35. (L)

**WOMEN 37—Literature by Women** (3 units)  
Survey of women writers from ancient Greece to modern times, focusing mainly upon the contemporary period. Not open for credit to student with credit in ENGL 37. (L)

2008-2009 Catalog
Classified Staff

Juhree E. Patterson, Administrative Secretary II, Yuba College since 1975
Larry J. Pool, Athletic Facilities Maintenance Worker, Yuba College since 1979
Kerry L. Pope, Student Services Technician, Yuba College since 1999
Robert Potter, Custodian, Yuba College since 2000
Agustina Ramirez, Child Development Asst., Yuba College since 2003
Angelica Ramirez, Financial Aid Assistant, Yuba College since 2003
Tracey Rash, Secretary, Yuba College since 2007
Dale L. Reusch, Custodian, Yuba College since 1987
Tomas Rodriguez, Athletic Equipment Manager, Yuba College since 2004
Virginia Rodriguez, Child Dev Asst., Yuba College since 2006
Tammy Rogers, Child Development Asst., Yuba College since 2003
Jenon Rountree, Student Services Assistant, Yuba College since 2001
Richard Rountree, Telecom Specialist II, Yuba College since 2007
Jeffrey T. Rutledge, Telecommunications Specialist III, Yuba College since 1991
Cristina M. Sanchez, SSS/EOPS Specialist, Yuba College since 2000
Karen R. Schadel, Administrative Secretary II, Yuba College since 1995
Lovve Shimansky, Inst Asst - Food Service, Yuba College since 2006
Debra L. Schneider, Library/Media Specialist, Yuba College since 1981
Rhonda M. Shearer, Child Care Center Instructional Specialist, Yuba College since 1997
Michael Sinn, Building Maintenance Worker, Yuba College since 1999
Patricia M. Smallen, Administrative Secretary II, Yuba College since 1991
Amanda M. Smith, Admin. Sec. I., Yuba College since 1999
Maureen E. Smith, Veterans Affairs Technician, Yuba College since 1990
Karen Stanis, Site Supervisor - Child Development, Yuba College since 2006
Bettye-Ann Stephens, Ameri-Corp Manager, Yuba College since 1999
Gordon A. Stevens, Automotive/Equipment Mechanic, Yuba College since 2000
Joseph Stottmann, Theatre Arts Tech, Yuba College since 2008
Sheila K. Suleski, Admin. Secretary I., Yuba College since 1998
Gil Terrones, Tool Room Asst., Yuba College since 2004
Jerry Thao, Police Officer, Yuba College since 2006
Tanna L. Thomas, Instructional Support Analyst, Yuba College since 1976
Roy L. Thornburg, Project Mechanic-Carpentry, Yuba College since 1986
Anabel Toche, Admin. Secretary III, Yuba College since 1999
Donna L. Veal-Spenser, Admin. Asst., Yuba College since 1998
Ana Villagranda, Admin Sec. I, Yuba College since 2005
Mark A. Vitale, Custodian, Yuba College since 2000
Jacqueline Weare, Clerical Assistant, Yuba College since 1991
Kenneth Welton, Science Lab Tech, Yuba College since 2008
Anita Wilks, Admin. Secretary I, Yuba College since 1989
Wendy Wilson, Financial Aid Technician, Yuba College since 2003
Zulema Zeremon, Administrative Sec.I, Yuba College since 2007
Donald J. Zwissig, Lead Grounds Maintenance Worker, Yuba College since 1981

Yuba College-Clear Lake

Kim Boles-Cravea, Tutoring Center Specialist, Yuba College Since 2006
Margaret L. Brown, Instructional Associate-Learning Skills, Yuba College since 1994
Thomas Burnett, Information Systems Instructional Specialist, Yuba College since 2006
Barbara Christwitz, Tutoring Center Specialist, Yuba College since 2006
Debra A. Ehrhardt, Campus Operations Specialist II, Yuba College since 1991
Rosamaria Gaona, Child Development Assistant, Yuba College since 2003
Sissa N. Harris, EOPS Specialist, Yuba College since 1990
Sharon R. Humphrey, Campus Student Services Specialist, Yuba College since 1989
Janette Johns, Child Development Site Supervisor, Yuba College since 2002
Carla G. Knuth, Campus Fiscal Technician, Yuba College since 1991
Minerva Lemus, Campus Student Serv. Spec., Yuba College since 2003
Treya Mitchell, Child Dev Asst, Yuba College since 2006
Brenda Murry, Student Services Asst., Yuba College since 2007
Grace Page, Clerical Asst. Yuba College since 2007
Frank D. Parks, Custodial Maintenance Worker, Yuba College since 2001

Stanley Patterson, Custodial/Maintenance, Yuba College since 2006
Carol Swanson, Student Services Tech, Yuba College since 2008
Abby Tewksbury, Library Media Spec. Yuba College since 2007
Lydia P. Villalobos, Financial Aid Technician, Yuba College since 1997
Elaine L. Watkins, Library Technical Assistant, Yuba College since 1991
Tracy Williams, Instructional Assistant, Yuba College since 2002

Yuba Community College District

Helene P. Aguinaldo, Matriculation/Articulation Technician, YCCD since 2000
Anita L. Arrenquín, Senior Accounting Technician, YCCD since 1991
Divinder Bains, District/Foundation Accountant, YCCD since 2002
Malinda Bogdonoff, Director-Purchasing Contracting, YCCD since 2000
Terry Brownfield, Instructional Network Specialist, YCCD since 1999
Kathryn G. Bryant, Research Analyst, YCCD since 2000
Gurpreet Cheema, Admin. Secretary, YCCD since 2006
Kathy S. Cortner, Secretary to Chancellor, YCCD since 1990
Denise D. Daniel, Personnel/Human Resources Analyst, YCCD since 1989
Dianne Detmold, I.S. Help Desk, YCCD since 1999
Teresa Dorantes, Accounting Technician, YCCD since 2001
Rosa Fowle, Purchasing Technician, YCCD since 2002
Ken Freeman, Director SBDC/Economic Development, YCCD since 2006
Maribel Gaytan, Personnel/HR Analyst, YCCD since 2001
Bryon Green, Police Officer, YCCD since 2007
Teresa L. Greenwood, Printing/Mail Assistant, YCCD since 1996
Renee A. Hamilton, Admin Secretary II, YCCD since 1989
Kathleen S. Hodge, Personnel/Human Resources Analyst, YCCD since 1989
Linda L. Hofstra, Accounting Technician, YCCD since 1999
Becki Jeffries, Fiscal support Tech., YCCD since 2000
Chia Kong, Accounting Asst., YCCD since 2006
Dèvi W. LaFièvre, Information Systems Specialist I, YCCD since 1996
James Markus, Police Officer, YCCD since 2004
Jesus Medrano, Measure J Bond Acct., YCCD since 2007
Lori E. Mejia, Administrative Assistant, YCCD since 1986
Patrick Meleski, Programmer/Analyst II, YCCD since 2006
Leanne Mendoza, Mail Clerk, YCCD since 2006
Claudette M. Michel, Secretary, YCCD since 1990
Paula Parish, Clerical Asst., YCCD since 2006
Rod Perry, Director of Maintenance and Operations/Grounds Supervisor, YCCD since 1981
Cheryl Peters, SBDC Program Technician, YCCD since 2000
Adam Pharris, Police Officer, YCDD since 2004
Michael E. Plant, Administrative Applications Supervisor, YCCD since 1998
Deborah J. Reynolds, Senior Accounting Technician, YCCD since 1992
Cathy Richter, Chancellor’s Secretary, YCCD since 2006
Gladys H. Sasaki, Secretary, YCCD since 1984
Laurie Scheuermann, Director, Child Development/Foster Care Education, YCCD since 1999
Eileen K. Schmidtauer, Administrative Assistant, YCCD since 1987
Karen E. Siler, Accounting Technician, YCCD since 1999
Judy M. Smart, Info. Systems/Student Serv. Liaison, YCCD since 1994
Scott Snelgrove, Computer Network Supervisor, YCCD since 1998
Stephen H. Spenser, Computer System/Network Analyst, YCCD since 1988
Phillip G. Steck, Instructional Network Specialist, YCCD since 1997
Kenneth Thompson, Senior Computer and Network Spec., YCCD since 2007
Susan D. Toepfer, Information Systems Specialist II, YCCD since 1999
Christian Ward, Information Systems Technical Web Master, YCCD since 2004
Mike Wieber, Printing/Publications Supervisor, YCDD since 2000
Christopher Wilkinson, Chief of Police, YCCD since 2003
ROBERT ABELE
Philosophy
BA, University of Dayton, Ohio; MDiv, Mt. St. Mary, Ohio; MA, Athonaeum of Ohio; Ph.D., Marquette University, Wisconsin. Experience: Illinois Valley Community College, Illinois; Silver Lake College, Wisconsin; College of DuPage, Illinois; Oakton College, Illinois; Marquette University, Wisconsin; Milwaukee Area Tech College, Wisconsin, Carthage College, Wisconsin, Elder High School, Ohio; Yuba College since 2005

CAROLYN L. AKERS
Adaptive P.E.
B.S.E., Southern Arkansas University, Magnolia; M.S., Indiana University, New Albany. Other graduate work: Arizona State University, Tempe. Experience: Gilbert High School, Arizona; Walnut Ridge Junior High School, Louisiana; North Central Community School, Indiana; Floyd County Consolidated Schools, Indiana; Yuba College since 1987.

JOHN W. ALMY
English/ESL
A.A., Orange Coast College, Costa Mesa; B.A., Sonoma State University, Rohnert Park; M.A., C.S.U., San Bernardino. Other graduate work: C.S.U., Long Beach; U.C., Riverside. Experience: San Bernardino Adult School; Victor Valley College; Yuba College since 1998.

BARBARA N. ANDERSON
Business

ROLFE APPEL
Director of Public Safety
B.A., CSU, Sacramento; M.S., CSU, Sacramento. Experience: Sacramento Sheriff’s Dept, Sacramento City College, Butte College, Sacramento Sheriff’s Academy, Florin Fire Protection District, Southgate Recreation & Parks District. Yuba College since 2006

MARISELA R. ARCE
Dean, Financial Aid, E.O.P.S.-C.A.R.E./TRIO
B.S., University of San Francisco; M.A., C.S.U., Sacramento; Ed.D., University of San Francisco. Experience: Weathermeasure; Qualimetrics; Sacramento Job Corps; Sierra Nevada Job Corps; Yuba College Amnesty Education; Yuba College since 1991.

RODNEY S. BEILBY
Dean-Health, Physical Education, Recreation; Athletics,Public Safety
A.A., Sacramento City College; B.A., University of the Pacific, Stockton; M.A., C.S.U., Bakersfield. Other graduate work: C.S.U., Sacramento. Experience: Vanden High School, Travis AFB; Cosumnes River College, Sacramento; Yuba College since 1995.

RICHARD D. BLISS
Biology
A.A., Bakersfield College; B.S., U.C., Davis; B.S., M.A., Ph.D., U.C., Riverside. Experience: U.S. Naval Weapons Center; Riverside Bio–Engineering; San Bernardino Valley College; U.C., Riverside; Yuba College since 1984.

EARL BLOOR
Dean of Math, Engineering, Science & Health Occupations
B.S., University of Western Ontario, Canada; Ph.D., University of Western Ontario, Canada. Experience: Cape Cod Community College, Abu Dhabi Men’s College, Centre Curriculum TRANSFER & Technology, University College of the Cariboo, Saskatchewan Technical Institute, Abu Dhabi Company for Onshore Oil Operations. Yuba College since 2006

KELLY J. BOREN
Counselor
A.A., College of Southern Idaho, Twin Falls; B.A., San Diego State University; M.S., San Diego State University. Experience: Palomar College; Yuba College since 1990.

H. GREGORY BROWN
Counselor
B.A., University of Santa Clara; M.S., University of Oregon, Eugene. Other graduate work: San Jose State University. Experience: California State Department of Rehabilitation; Los Angeles Pierce College; Hartnell College, Salinas; South Puget Sound Community College, Washington; Yuba College since 1985.

JULIE A. BROWN
Chemistry; Mathematics
B.S., Santa Clara University; M.S., University of California, Davis. Experience: University of California, Davis; Los Medanos College, Pittsburg; Skyline College, San Bruno; American River College, Sacramento; Diablo Valley College, Pleasant Hill; Yuba College since 1991.

NOEL K. BRUENING
English

Alison Buckley - Academic Psychology Instructor
B.A., UC Davis; MA, CSU, SACRAMENTO. Experience: Woodland College; Yuba College; University of Phoenix; Gracesource; Catholic Social Services; El Hogar Community Mental Health; Families First.Yuba College since August 2007

SUYAN J. BURGESON
Humanities/Philosophy
B.A., M.A., C.S.U., Sacramento; Ph.D., Theological Union, Berkeley; other doctoral work, U.C., Davis. Experience: C.S.U., Sacramento; U.C., Davis; Yuba College since 1999.

NEELAM D. CANTO–LUGO
English
B.A., Government College for Women, Punjab, India; M.A., U.C., Davis. Other graduate work: U.C., Davis; San Diego State University; C.S.U., Sacramento. Experience: U.C., Davis; Yuba College since 1971.

RAMIRO F. CANTO–LUGO
Spanish
A.A., De Anza College, Cupertino; B.A., C.S.U., Chico; M.A., Ph.D., U.C., Davis. Experience: U.C., Berkeley; Stanford University, Palo Alto; U.C., Davis; Yuba College since 1981.
STEPHEN R. CATO  
Mass Communications  

DOUG CORNELIUS  
Health, Physical Education and Recreation  
A.A., College of the Siskiyous, Weed; B.S., C.S.U., Sacramento; M.A., St. Mary's College, Moraga. Experience: American River College, Sacramento; Sacramento Kings and Monarchs; Yuba College since 2002.

RICHARD CORREA  
Drafting; Mathematics  
B.S., Northern Arizona University, Flagstaff; M.A., C.S.U., Long Beach. Other graduate work: C.S.U., Fresno; California Polytechnic State University, San Luis Obispo. Experience: Marin Luther King Junior High School, Sea; Richard Gahr High School, Cerritos; Mariposa County Unified School District; Yuba College since 1981.

STEVEN P. COX  
Business Computer Applications; Information Technology  

GRETCHEN M. CUPP  
Reading  
B.A., Goddard College, Vermont; M.Ed., Rutgers University, New Jersey; M.Ed., C.S.U., Fresno. Experience: Big Bend Community College, West Germany; Rancocas Valley Adult High School, New Jersey; Merced College; C.S.U., Fresno; Yuba College since 1990.

ROGER DAVIDSON  
Mathematics Instructor  
BS, Rose-Hulman Institute of Technology; MS, Rensselaer Polytechnic Institute; PhD, Arizona State University. Experience: Yuba College; Sierra College; Pasadena City College; California Institute of Technology; Disney Worldwide; Pacificare; ChannelPoint; Yuba College since August 2007.

EDWARD B. DAVIS  
Dean—Business, Social Science Divisions/Beale AFB Ctrl/Outreach  
A.A., Yuba College, Marysville; B.A., M.A., C.S.U., Chico; Ph.D., Boston College, Massachusetts. Experience: C.S.U., Chico; Boston College, Massachusetts; U.C., San Francisco; C.S.U., Hayward; Dominican College, San Rafael; Marin Research Group, San Rafael; State University of New York, Fredonia; University of Maryland, Okinawa and Korea; Yuba College since 1999.

CHARLES KEVIN DOBBS  
Dean of Fine Arts/Language Arts  
BA, CSU, Sacramento; MFA, Arizona State University. Experience: International University of Health & Welfare, Japan; Tokai University, Japan; Otawara Cultural Center, Asian Rural Institute, Japan; Arizona State; CSU, Sacramento; Yuba College since January 2008.

RICHARD W. EDMUNDS  
English  

PERCY B. ELLIS  
Business; Information Systems  
B.S., San Diego State University. Experience: Dean Ellyson Chiropractic, Marysville; SMC Cabinets, Yuba City; Archer Personnel, Yuba City; Sky Bound Aviation, Yuba City; Lux Engineering, Yuba City; California Department of Transportation, Sacramento; Yuba College since 2000.

DAVID M. FARRELL  
Dean of Student Development  
B.A., M.A., C.S.U., Sacramento; Ed.D, U.C., Los Angeles. Other graduate work: Arizona State University; Work experience: C.S.U., Northridge; Sonoma State University; Rohrnet Park; Embry-Riddle Aeronautical University; Yuba College since 1999.

KENNETH B. FIERING  
Physics  
B.S., Washburn University, Kansas; Ph.D., University of Arizona, Tucson. Experience: San Diego City College; Southwestern College, Chula Vista; AGI, Inc.; JMAR Technologies; Applied Laser Systems; Advanced Machine Vision Corporation; General Research Corporation; Latcor, Inc.; Analytical Services, Inc.; Arizona Research Laboratories, University of Arizona, Tucson; Yuba College since 2004.

JAMES L. FINSTAD  
Business; Computer Science  
B.A., M.A., C.S.U., Los Angeles. Other graduate work: Azusa Pacific College; C.S.U., Sacramento. Experience: Morningide High School, Inglewood; C.S.U., Los Angeles; Stanford University; La Sierra High School, Carmichael; American River College, Sacramento; Yuba College since 1976.

MARC FLACKS  
Sociology Instructor  
BA, Wesleyan University; MA, UC Santa Cruz; Ph.D., UC Santa Cruz. Experience: CSU, Long Beach; San Jose State; UC Santa Cruz; Wesleyan University; Yuba College since August 2007.

DAVID L. FREILER  
Librarian  
B.A., M.A., C.S.U., Chico; J.D., McGeorge School of Law, Sacramento. Other graduate work: Stanislaus State College, Turlock. Experience: Gridley Union High School; Lindhurst High School, Olivehurst; State Bar of California; Yuba College since 1995.

LYNETTE GARCIA  
Nursing  
A.S., Yuba College; ADN, Yuba College; B.S.N., CSU, Chico. Experience: UC Davis Medical Center, Rideout-Fremont, Yuba College. Yuba College since 2007.

NEENA GILL  
Counselor, EOPS  
B.A., Panjab University, Punjab; M.A., Magadh University, Patna; M.S., University of LaVerne, California. Experience: Yuba College since 1997.

LETICIA GOMEZ  
EOPS Counselor/Coordinator, C.A.R.E.  

SANDRA GRACIANO  
Economics  
BS, CSU, Chico; MC, UC, Davis. Experience: American River College; Los Rios Community College; Woodland Joint Unified School District; State of California Yuba College since 2006.

VALERIE HARRIS  
Counselor  
SALLY HARVEY
English

SCOTT HASKELL
Veterinary Technology
B.S., U.C., Davis; M.S., U.C., Davis; D.V.M., U.C., Davis. Experience: Nevada- Yuba Veterinary Service; Animal Medical Clinic of Valley Center, Pauma Valley Veterinary Service, Countyside Veterinary Clinic and Haskell Veterinary Service, UC Davis, Harbor Branch Oceanographic Institute; University of Illinois, The Union Institute, Mesa College. Yuba College since 2006

LISA L. JENSEN-MARTIN
Psychology
A.A., Yuba College; B.A., M.A., C.S.U., Sacramento. Other graduate work: Chapman University; Experience: Sierra College, Rocklin; Golden Gate University; Yuba City High School; Yuba College since 1995.

DOUGLAS A. JOKSCH
Computer Science
A.A., Arkansas State University, Beebe; B.S., Southern Illinois University, Carbondale; B.S., M.S., West Coast University, Los Angeles. Experience:ITT Federal Services Corporation; Raytheon, Santa Maria; Allan Hancock College, Santa Maria; Lockheed Martin, Santa Maria; Yuba College since 2000

SUZANNE JONES
Psychiatric Technician Instructor/Coordinator
ADN, Sierra College; A.S. Sierra College; B.S. Graceland University Experience: Fremont Medical Center; Home Health; Feather River Surgery Center; Yuba College since 2005

BRIAN H. JUKES
English

BETY S JULIAN
Earth Science/Physical Science
B.A., Rice University; M.S., University of Michigan, Ph.D., Rice University. Experience: Lake Tahoe Community College, Smithsonian Institution, University of Texas at El Paso Dept of Geological Sciences. Yuba College since 2006

GREGORY KEMBLE
Language Arts, English
B.A., U.C. Irvine; M.A., U.C. Irvine. Other graduate work: Long Beach City College. Experience: Sierra College, U.C. Davis; Long Beach City College, U.C. Irvine. Yuba College since 2005

BRUCE D. KIRK
Manufacturing Technology

GEMA KNIFE
Nursing Instructor
AA, Yuba; BSN, CSU, Chico. Experience: CSU, Chico; Fremont-Rideout Hospital. Yuba College since August 2007

Sarah Kovacs
Mathematics Instructor
BA, Vassar College; MA, San Francisco State University Experience: Lois Rios CCD; Sierra College; Academic Talent Search; San Francisco State; Skyline College; Peralta CCD

CAREY E. LAINE
Physical Education; Health
B.A., U.C., Davis; M.S., University of Colorado, Boulder. Experience: University of Colorado, Boulder; U.C., Davis; St. Mary’s College, Moraga; San Francisco State University; San Benito High School, Hollister; C.S.U., Sacramento; Sierra College, Rocklin; Butte College, Oroville; Yuba College since 1986.

JOHN C. LANGSTON
Chemistry
B.S., Portland State University; M.S., Washington State University. Experience: Washington State University; Seattle Central Community College; Feather River College, Quincy; Yuba College since 1987.

JEANIE LEE
Business
A.A., Sacramento City College; B.A., M.A., National University. Experience: Cosumnes River College, Sacramento; Los Rios Community College District; Yuba College since 1989.

RICHARD LEHRER
Radiologic Technology
A.S., Sierra College; B.S., East Stroudsburg University, PA. Experience: X-ray Technologist since 1990, UC Davis Medical Center, Sacramento; MS, Midwestern State University, Wichita Falls; Yuba College since 2002.

ROBERT P. MATHEWS
Music; Music Theory
B.M.E., St Mary’s University, San Antonio; M.M., University of Texas, San Antonio; M.M., D.M.A., Peabody Conservatory of Johns Hopkins University, Baltimore. Experience: San Antonio Independent School District, Texas; University of Maryland; Lincoln University, Buenos Aires; Yuba College since 2000

J. TIMOTHY MAY
English
B.A., University of Utah, Salt Lake City; M.A., University of the Pacific, Stockton. Experience: St. Mary’s High School and University of the Pacific, Stockton; Yuba College since 1977.
Academic Faculty and Administrators

KYRA MELLO
English Instructor
BA, CSU, Chico; MA, CSU, Chico. Experience: Shasta College; Butte College; CSU, Chico; Yuba College. Yuba College since August 2007

PAUL V. MENDOZA
President, Yuba College
A.A., Santa Rosa Junior College; B.A. Sonoma State University; M.P.A., Golden Gate University, San Francisco. Other graduate work: Sonoma State University, Rohnert Park; C.S.U., Sacramento. Experience: Sonoma State University, Rohnert Park; Sierra College, Rocklin; College of the Redwoods, Eureka; Yuba College since 1996.

LAWRENCE A. MICHEL
Agriculture

ALLAN G. MILLER
Music
A.A., Pasadena City College; B.A., C.S.U., Los Angeles; M.A., United States International University, San Diego; Ph.D., University of Wales, United Kingdom. Other graduate work: C.S.U., Los Angeles; U.S.C., Los Angeles; University of Oregon, Eugene; Experience: Temple City Unified Schools; Stevenson Junior High, Los Angeles; Esperanza High School, Anaheim; Conducted and performed in U.S. and Europe; Yuba College since 1989.

MARTHA MILLS
Dean of Distributive Education & Media Services
BS, University of Texas; MA, John F. Kennedy University. Experience: Foothill De Anza CCD; De Anza College; San Mateo County CCD; Spring Branch ISD; KQED-TV (PBS); KLRU-TV (PBS); N Magazine. Yuba College since May 2007

COLLEEN R. MONAHAN
Nursing
A.D.N., Yuba College, Marysville; B.S.N., C.S.U., Chico; M.A., University of Phoenix. Other graduate work: University of Phoenix, Arizona. Experience: U.C. Davis Medical Center, Sacramento; Fremont-Rideout Health Group, Yuba City; Yuba College since 2002.

DESIREE MOORE
English
B.A., M.A. Humboldt State University, Arcata. Other graduate work: University of the Pacific, Stockton; U.C., Davis; U.S.C., Santa Cruz. Experience: Nevada Union High School, Grass Valley; U.C.P. Feather River Preparatory School, Blairsden; Humboldt State University, Arcata; Yuba College since 1984.

JULIE A. MORGAN
Counseling
B.A., University of San Francisco; M.A., C.S.U., Sacramento. Experience: Big Brothers-Big Sisters; Nevada County Schools, Grass Valley; Nevada Union High School, Grass Valley; Bear River High School, Grass Valley; Sierra College, Rocklin and Grass Valley; Yuba College since 2003.

MICHAEL L. MORSE
Automotive Technology

RICHARD MURAI
Art
A.A., Contra Costa College, San Pablo; A.S., Laney College, Oakland; B.A., M.A., San Francisco State University. Other graduate work: U.C., Santa Cruz; Center for Creative Imaging, Maine; C.S.U., Sacramento. Experience: Ohlone College; Mendocino Art Center, College of the Redwoods; U.C., Berkeley; San Francisco State University; Central Texas College, Killeen; Exposure, Seattle, Washington; Tahoe Photographic Workshops; U.C., Santa Cruz Extension; Yuba College since 1978.

CHRISTOPHER MYERS
Business
B.S., San Jose State University; M.B.A., National University, Sacramento. Experience: Auditor General Office, Sacramento; Aenjoj General, Rancho Cordova; Western Farm Credit Bank, Sacramento; Certified Public Accountant, Certified Internal Auditor, Certified Fraud Examiner; Yuba College since 1994.

HELEN NICKOLSON
Counselor
B.A., U.C., Davis; M.S., C.S.U., Sacramento. Other graduate work: U.S.C., Los Angeles. Experience: Yolo County Manpower Agency; Vocational Training, Yuba College Woodland Center; Yuba College since 1981.

KEVIN ORTON
Chemistry
BA, CU, Sacramento; MS, UC, Riverside; Ph.D., UC, Riverside Experience: Mt. San Jacinto College; San Bernardino Valley College; Riverside Community College; UC, Davis Yuba College since 2005

PARVIZ PARSAFAR
English as a Second Language
B.A., College of Literature and Foreign Languages, Iran; M.A., Damavand College, Iran; M.A., University of Rochester, New York; M.A., M. Phil., Ph.D., Yale University, Connecticut.
