# I. Introduction

The Yuba Community College District was founded in 1927 and opened its doors to students on the current site of Marysville High School. Yuba College opened on its current site, 2088 North Beale Road in Marysville, in September 1962. In December 1965, the district reorganized and in 1974-75 expanded to serve students in all or part of eight Northern California Counties: Yuba, Sutter, Colusa, Lake, Yolo, Butte, Glenn and Placer. After the expansions, the district covered 4,192 miles and included portions of the Sierra Foothills, Central Valley, and Coastal range. The district has two colleges, Yuba College in Marysville, and Woodland Community College in Woodland. Yuba College has two axillary locations Beale Air Force Base and Sutter County Campus in Yuba City. During the 2015-16 academic year, the Clear Lake Campus was realigned with Woodland Community College becoming the Lake County Campus.

As a result of the realignment of the Clear Lake Campus, enrollment and headcounts of students are differentiated between with and without Clear Lake totals. Unless otherwise noted, data presented in this fact book is sourced from the student information system or data warehouse, which is populated via Colleague and accessed via SQL queries. Brian Murphy, Contracted Consultant, developed the queries used to pull information used in this Fact Book. Because of differing definitions and methodologies, the bulk of data presented in this Fact Book is not meant for comparison to other data sources like the California Community College Chancellor's Office DataMart and Data on Demand.

## IPEDS-Graduation & Transfer Rate

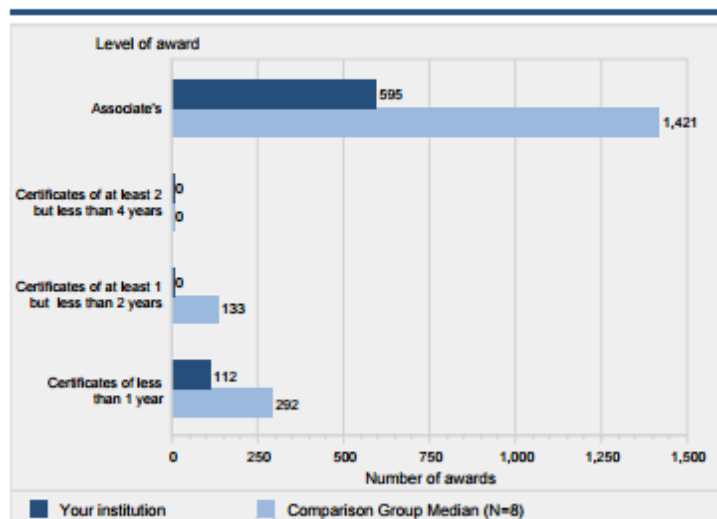

**Figure 10. Graduation rate and transfer-out rate (2011 cohort); graduation rate cohort as a percent of total entering students, and retention rates of first-time students (Fall 2014)**

NOTE: Graduation rate cohort includes all full-time, first-time degree/certificate-seeking undergraduate students. Graduation and transfer-out rates are the Student Right-to-Know rates. Only institutions with mission to prepare students to transfer are required to report transfer out. Retention rates are measured from the fall of first enrollment to the following fall. For more details, see the Methodological Notes. N is the number of institutions in the comparison group.

# Distance Education

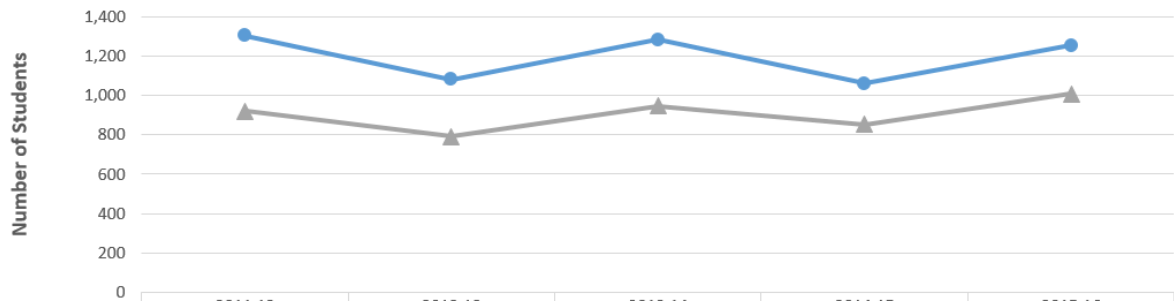

## Enrollment Trends –Enrollment & Headcount

Enrollments include all students registered at census in distance education (DE) courses. These counts do not include Lake or WCC DE courses unless they were built on Yuba shells. Headcount is calculated from the un-duplication of the DE enrollments by term.
