BIOLOGY-ALLIED HEALTH

ASSOCIATE IN SCIENCE

Description

The Biology-Allied Health degree is designed to provide a broad base of knowledge and skills to support students' development into competent health care professionals. The degree requirements parallel many of the prerequisites required in allied health programs. A common core of courses provide a foundation in human anatomy, human physiology, and general psychology. The options provide an opportunity to focus on a specific allied health career field. Students earning this degree will be well prepared to satisfy the prerequisite course requirements for admission into a variety of California Community College, California State University, and private college and university undergraduate Allied Health programs such as Nursing (LVN, ADN, BSN), Respiratory Care, Radiologic Technology, Physical Therapy Assistant, Occupational Therapy Assistant, and Dental Hygiene as well as graduate Allied Health programs in Physical Therapy and Occupational Therapy. This degree also provides foundational knowledge of human biology, psychology, and communication for other professions in hospitals, health clinics, and medical offices.

Program Learning Outcomes

Upon successful completion of this program, students will be able to:

1. Analyze data/information in addressing and evaluating scientific problems and issues while making decisions.
 2. Use the Scientific Method to correctly interpret experimental data and effectively communicate the findings and implications of that data in writing.
 3. Demonstrate proficient laboratory techniques within a given Allied Health field.

OPTION 1: LVN TO RN CAREER MOBILITY PROGRAM

ASSOCIATE IN SCIENCE

Description

This degree is designed for the California Licensed Vocational Nurse (LVN) who is admitted for advanced placement into the Registered Nursing (Associate Degree) Program. The graduate of the Associate Degree Nursing program demonstrates entry-level competencies and meets the educational requirements necessary to take the National Council Licensure Examination (NCLEX-RN) to become licensed as a Registered Nurse and eligible for employment.

Enrollment Eligibility:

To be eligible for enrollment in the program, the student must meet the following criteria:

- a. The program uses a multi-criteria enrollment process based on the California Community College Chancellor's Office admission formula to evaluate and admit applicants. See our website nursing.yccd.edu/ for more details. Students must reapply each semester. There is no waiting list.
- b. Current California Vocational Nurse License. Recent V.N. graduates must submit proof of licensure prior to completing application.
- c. Graduation from an accredited vocational school of nursing or demonstrated mastery of course content by Challenge Examination.
- d. Have a Certification of completion for Intravenous Therapy
- e. Successful completion of the following courses with an average GPA in these courses of 2.5 or higher:
 1. BIOL 4 Human Anatomy, BIOL 5 Human Physiology, BIOL 6 Introductory Microbiology and
- f. Completion of the following individual courses with a grade of "C" or higher:
 1. BIOL 4 Human Anatomy, BIOL 5 Human Physiology, BIOL 6 Introductory Microbiology, NURS 36 Pathophysiology,
 2. SPECH 1 Public Speaking or SPECH 6 Small Group Communications,
 3. SOCIL 1 Introduction to Sociology or SOCIL 2 Social Problems or SOCIL 5 Sociology of Race and Ethnicity or ANTHR 2 Cultural Anthropology
- g. Completion of ENGL 1A College Composition and Reading with a B or higher
- h. Completion of NURS 37 LVN to RN Bridge Course with 'C' or higher
- i. Achieve a score of >62% on the latest Test of Essential Academic Skills (TEAS), developed by Assessment Technologies Institute (ATI).
- j. Completion of the Humanities Graduation Requirement

Enrollment Process:

Eligible students are selected for the program according to the following steps:

1. Meet all eligibility requirements and apply to the program. Visit the nursing website nursing.yccd.edu/ for more information.
2. Obtain, complete, and submit an application in our Nursing Office at Yuba College campus in Marysville.

3. Applicants will be admitted on a space-available basis. Admitted student must complete a Yuba College application and complete the college entry requirements.

- 1.

Program Learning Outcomes

Upon successful completion of this program, students will be able to:

1. Upon successful completion, the students will communicate and collaborate with interdisciplinary healthcare partners in providing care to a diverse population of patients and families.
2. Upon successful completion, the students will demonstrate problem solving skills while utilizing resources to apply best practices to deliver safe and effective care.
3. Upon successful completion, the students will demonstrate application of evidence based practice in rendering ethical, competent and culturally sensitive care across the lifespan to all patients.

Program Requirements:

Required Core Courses		Course Block Units: (19 Required)
NURS3	Medical Surgical Nursing III	5
NURS21	Pediatric Nursing	3.5
NURS33	Psychiatric/Mental Health Nursing	4
NURS4A	Medical-Surgical Nursing IV	3.5
NURS4B	Leadership in Nursing	3
Recommended Courses		Course Block Units: (0 Required)
NURS56	Advanced Nursing Skills Lab	1
NURS57	Second Year Advanced Nursing Skills Lab	1
		Total: 19

OPTION 2: LVN TO RN ONLY (30-UNIT OPTION)

CERT OF ACHIEVEMENT WITH 30-59.5 UNITS

Description

OPTION 2

Meets California State Regulation 1429, and those completing this track are eligible to apply for the National Council of State Boards of Nursing Licensing Examination in preparation for licensure as a Registered Nurse. This is a non-degree option. States other than California may not grant Registered Nurse (RN) licensure based on completion of this option. Career laddering to a higher level such as Bachelor of Science in Nursing may be limited by this option as well. It is recommended the applicant call the Nursing Department for more information. Students who qualify will be admitted each semester on a space available basis.

ADMISSION CRITERIA

A. All applications are obtained and filed with the Nursing Office at the Yuba College main campus in Marysville. Applicants will be admitted on a space-available basis points in multi-criteria screening process and by date of receipt of completed application packet. Contact the Nursing Office for admission procedures, information.

B. Eligibility. Minimum qualifications for admission to this track are:

1. Current California Vocational Nurse License. Recent V.N. graduates must submit proof of licensure prior to completing application.
2. Graduation from an accredited vocational school of nursing or demonstrated mastery of course content by Challenge Examination.
3. IV Certified
4. Completion of the following courses with an overall averaged GPA of 2.5 or higher in the following courses: BIOL 5 Human Physiology, BIOL 6 Introductory Microbiology; NURS 36 Pathophysiology
5. Completion of the following individual courses with a "C" or higher: BIOL 5 Human Physiology, BIOL 6 Introductory Microbiology; NURS 36 Pathophysiology

Program Learning Outcomes

Upon successful completion of this program, students will be able to:

1. Upon successful completion, the students will communicate and collaborate with interdisciplinary healthcare partners in providing care to a diverse population of patients and families.
2. Upon successful completion, the students will demonstrate problem solving skills while utilizing resources to apply best practices to deliver safe and effective care.
