COUNS - 33 PERSONAL AND SOCIAL ADJUSTMENT, (NEW), **PAGE 9**

Dean Feedback: 2/11/19

SLO Approval: 2/11/2019

DE Approval:

Description: This course is designed with an applied focus for students interested in how psychology is used in everyday life and is related to other social sciences. This course surveys different psychological perspectives and theoretical foundations and how these are applied across a person's life taking into account the influence of factors such as culture, gender, ethnicity, historical cohort and socioeconomic status. A broad understanding of how scientists, clinicians and practitioners study and apply psychology is emphasized.

Rationale for Revision: The Psychology Department believes the existing PSYCH 33 Personal and Social Adjustment class is better suited to be offered by the Counseling Dept. They would like to keep the course in their local AA Psychology degree and their AA-T Psychology degree to allow for students to have options of courses from which to select. The course is an approved choice for YC's GE Area B Social Sciences and an approved choice for YC's approved CSU GE-B Area D and E. The Counseling Department reviewed the PSYCH 33 outline and believes it is an appropriate course to offer under the COUNS discipline. It has been a well-enrolled class, and we expect it will continue to be a course in which students enroll for the reasons already indicated.
