Welcome to Yuba College!

Yuba College is located among the rice fields and fruit orchards of northern California in the city of Marysville, and in close proximity to Beale AFB. A short thirty miles north of Sacramento, Yuba College provides many transfer degree and career technical education programs.

The cities of Yuba City and Marysville present a multi-cultural environment where residents from such diverse ethnicity as Latinos, Hmong, and Punjabi provide a rich mix of cultural and social events for our community. Thousands of visitors annually attend the Festival of Colors, the Bok Kai Festival and the Sikh Festival and parade.

Outdoor activities are minutes away. Mount Shasta and Lake Tahoe offer great skiing opportunities in the winter and are sources of many rivers and streams that support summer outdoor activities. Lakes provide opportunities for boating and water skiing, while our streams are stocked with trout, salmon, and bass.

And, if you enjoy participating in sports, Yuba College students represent twelve sports competing in the Bay Valley Conference. Yuba College Forty-Niners are among the most competitive student athletes and have competed for many conference and statewide championships. Many of our student athletes are recruited by Division I universities and many have played for national and international professional teams.

I encourage you to take time to review this catalog as it contains information on curriculum offerings, course descriptions, student support services, and serves as your reference during your journey at Yuba College. Yuba College offers an array of programs of study that transfer to universities, earn associate degrees, and completion of career and technical certificates. Classes are taught by highly qualified faculty committed to providing opportunities that will help you succeed and grow academically.

We Believe in Your Future.

Tutoring, MESA, and Professional Development
Yuba Community College District

The Yuba Community College District was founded in 1927, on a 160-acre site outside of Marysville. In December 1965, the College District was reorganized to include Colusa, Sutter, and Yuba counties and in 1974-75 to include large portions of Glenn, Lake, and Yolo counties. The District now stretches across the broad central valley of California from high in the foothills of the Sierra Nevada to the Coast Range and covers 4,192 square miles. The district has two colleges, Yuba College and Woodland Community College.

Yuba College

Yuba College, in its 92nd year of community service, founded in 1927, is located on a campus outside of Marysville on a 160-acre site. Yuba College opened on this site in September, 1962. For 92 years, Yuba College has been providing quality education and has earned a reputation as an educational leader in Northern California. Yuba College offers technical and occupational classes to help gain or improve job skills. The California State University (CSU) system reports that students who transfer from California Community Colleges, such as Yuba, consistently earn better grades than students who go directly to a CSU from high school. Yuba College offers classes that transfer to CSU, the University of California (UC) and many private universities. An experienced and well-trained faculty offer instruction in over 90 departments totaling more than 1,000 courses.

Sutter County Center

The Sutter County Center, located in north Yuba City at 3301 E. Onstott Road, prepares students for transfer to baccalaureate-granting institutions, for entry into the job market, or for further career development. The Sutter County Center’s primary course offerings are transfer and general education courses; however, various career technical education courses are also offered. The state-of-the art two-story facility holds 18 classrooms, a library, full registration service, counseling and financial aid services, dining services, and open computer lab.

Beale AFB Outreach Services

Classes have been offered on this site since the fall semester of 1960. Classes are located in the Base Education/Library Building at 17849 16th Street, Beale Air Force Base. A variety of general education and transfer courses are offered in late afternoon and evening, as well as some noon-hour classes. Two program formats are provided: semester-length schedules and two nine-week terms each semester.

Woodland Community College

Woodland Community College has provided educational opportunities for Woodland, Esparto, Knights Landing, and Colusa County since 1975. Accredited in 2008, WCC is located at 2300 East Gibson Road in Woodland.

With growth all around the college, in both Yolo and Colusa counties, WCC opened its new Learning Resource Center in May of 2007. The 72,000 sq. ft. building doubled the blueprint of WCC, adding 25 new lecture classrooms, an expanded library, TRiO, math and writing labs, and an expanded community room. Other facilities include a campus bookstore, science building, childcare center, tutoring facilities and other laboratories on campus. As part of the Measure J facilities project, the college renovated the old library building into a one-stop student services building; the administration building was also renovated to include offices for the President and Vice President, Academic Senate, a Multi-Cultural Enrichment Center and a Student Center.

Lake County Campus

Courses have been offered in this region since the fall semester of 1972. The Campus is located off Highway 53 in the City of Clearlake. In 2012 the campus added 26,600 sq. ft to the existing facilities. The expansion added a new student services center that includes a new library, three computer labs, and a vast array of important student services. The new facilities also include a “state-of-the-art kitchen” and dining room for the Culinary Arts Program and new classrooms/labs for Biology, Chemistry and Early Childhood Education courses.

At the Woodland Community College Lake County Campus, students can complete two years of pre-transfer work or satisfy their General Education requirements as well as major preparation courses for many degrees. In addition to transfer course work, the Campus offers career technical education programs in Accounting, Automotive repair, Business Administration, Chemical Dependency Counseling, Culinary Arts, Early Childhood Education, Income Tax Preparation, Drinking Water/Waste Water and Welding are also offered. The Campus also provides a wide range of student services and basic skills courses and a Child Development Center.

Colusa County Outreach Facility

The Woodland Community College Colusa County Outreach Facility is located at 99 Ella Street in Williams, Colusa County. Students can take classes at the 9,000 square foot facility which has 4 dividable classrooms. Student services are available to assist students with admission, registration, assessment, financial aid and counseling. The facility also hosts an SSS/TRIO program offered to support English as a Second Language students.
Accreditation, College Goals, Mission and Philosophy

This catalog provides important information to help students plan for college. It includes course information, resources, and services available; academic program descriptions; degree requirements; and information about College policies and procedures.

Each student must assume complete responsibility for compliance with the instructions and regulations set forth herein. However, the information in this catalog is not to be regarded as an irrevocable contract between the student and the College. The College reserves the right to change any provision or requirement at any time.

The College assumes no responsibility for misinterpretation by a student of policies and procedures as presented in this catalog. Counselors and administrators are available to advise and assist students in meeting necessary requirements.

Students should use the catalog to be a successful college student. For example, knowing what a course is about and how it fits into the goals or program is one of the requirements for proper course selection. Course descriptions are available in the section entitled, “Programs and Courses.” If the goal is to complete an associate degree, it is important to become familiar with the General Education Degree Requirements described in “Graduation Requirements.” If the goal is to complete a degree or to select courses prior to transferring to a four-year college or university, then the information on “Transfer” is very helpful. Counselors are also available for assistance.

Use the catalog to learn where and how to get things done. It has information for locating resources and becoming familiar with College policies and procedures. Information is available about resources such as Admissions, Counseling, Disabled Student Program and Services, EOPS, Financial Aid, College Success Center, Library, W.I.O.A, CARE, and Veterans Services. There is also information about adding a class, applying for graduation, or getting a transcript.

Accreditation

Yuba College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (10 Commercial Blvd.; Suite 204; Novato, CA 94949; (415) 506-0234), an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education. The College is recognized as a two-year institution of collegiate grade by the University of California system. California State University system, California Community Colleges, the American Association of Collegiate Registrars and Admissions Officers, and the Veterans’ Administration. Reference may also be made to the “Accredited Higher Institutions” Bulletin of the Office of Education, U.S. Government Printing Office; to the “Junior College Directory” of the American Association of Junior Colleges; and to “American Junior Colleges” published by the American Council on Education, Washington, D.C.

Supplementary Course Accreditation

Yuba College Regional Fire Academy is accredited by the California State Fire Marshal and the State Board of Fire Service. The student will also meet the requirements to proceed with the required State and National firefighting testing. Upon successful completion of the testing, the graduate (pass or) will receive California State, IFAC-International Fire Service Accreditation Congress and Pro Board- National Board of Fire Service Professional Qualifications certification. The student will also be eligible to participate in either fulltime, internship or volunteer work experience programs required by the State Fire Marshal for their Firefighter I certification.

In addition, the student will also meet the requirements to proceed with the required National Registry Emergency Medical Technician exam which will qualify the graduate (who passes) as a National Certified Emergency Medical Technician and California State certification.

Nursing - California Board of Registered Nursing
Psychiatric Technician - California Board of Licensed Vocational Nursing and Psychiatric Technician.
Chemical Dependency Counselor - CCAPP (Consortium of Addiction Programs and Professionals)
Police Academy - POST. (Peace Officers Standards and Training)
832 PC. - POST & STC Peace Officers Standards and Training and Standards and Training in Corrections
POCC, COCC. & JCOC. - STC. (Standards and Training in Corrections)
Accreditation, Goals, Mission and Philosophy

Academic Freedom

Reference: Title 5, Section 51023; Accreditation Standard IIA.7

Academic employees must be free to teach and the students free to learn. Both must have access to the full range of ideas, materials and options. It is the responsibility of academic employees to encourage students to study varying points of view and to respect the students’ right to form, hold, and express judgements, opinions, and beliefs, clearly identifying them as such.

The responsibility of protecting academic freedom rests with the Board of Trustees, administration, educational supervisors, and academic employees. Academic employees have a primary responsibility to develop the curriculum and select instructional materials and methods of presentation appropriate to meet the goals of that curriculum. Academic employees, educational supervisors, and administrators may recommend policies for Board consideration when there are criticisms of staff, methods, or materials. Academic employees, educational supervisors and administrators must develop procedures to implement those Board-adopted policies related to academic freedom.

When academic employees are performing their assigned responsibilities, they shall be free to express personal opinions and pursue scholarly, literary, and/or artistic endeavors.

Advantages of Yuba College

The faculty are experienced instructors, skilled in discovering and developing the interests and capabilities of their students. The ability to communicate with faculty members minimizes the danger that a student may become confused and lost in the hurry and bustle of college life and emphasizes the importance of the individual. Yuba College bridges the gap between high school and university, making adjustment easier.

The years of college education offered by Yuba College are an important budgetary item, especially since there is an increasing tendency for professional preparation to require more than four years of college study. Yuba College enables students and their families to conserve their resources for the long period of professional training.

Yuba College provides students with such services and activities as individualized counseling, social and cultural activities, sports, and physical recreation of sufficient variety to meet the needs and patterns of all students.

Students will find the opportunity to adjust their studies to their individual needs; those in high school who did not meet university admission requirements may make up their deficiencies; those who want training for immediate entry into paying jobs will find the courses they need; those who wish to transfer to a university may do so as junior (third-year) status.

Yuba College Mission Statement

Yuba College prepares a diverse student population to excel in a rapidly changing, interdependent world. Our quality programs and student services empower students to achieve their educational and life goals by providing counseling, transfer preparation, associate and transfer degrees, certificates, career and workforce training, basic skills instruction, and opportunities for lifelong learning. We respond to the diverse educational, cultural, and economic needs of our community by promoting individual potential through effective teaching and learning in an inclusive environment.

Yuba College Guiding Principles

Principle 1: Student Success and Achievement: Support an inclusive learning environment that enables all students to achieve their educational goals by promoting Connection, Entry, Progress and Completion (Completion by Design). (Aligns with YCCD Strategic Goal #1)

Principle 2: Teaching and Learning, and Support Services: Develop and scale innovative educational practices that enhance student learning and completion. (Aligns with YCCD Strategic Goal #1)

Principle 3: College Processes & Systems: Steward our resources through data-informed practices that continually improve service and increase efficiency. (Aligns with YCCD Strategic Goals #2 and #4)

Principle 4: Culture and Climate: Build a college-wide sense of community through collaboration, professional development, and inclusion. (Aligns with YCCD Strategic Goal #3)

Principle 5: Community Leadership and Engagement: Strengthen and develop partnerships to meet the educational, workforce, and cultural needs of our community. (Aligns with YCCD Strategic Goal #5)

Diversity Statement

It is the goal of Yuba College to foster a community in which diversity is valued, respected and embraced, and every person is treated with dignity, respect and justice. Diversity includes a multiplicity of values and beliefs, interests and experiences and intellectual and cultural viewpoints.

Yuba College endorses, supports and actively pursues a policy of inclusiveness that recognizes, values and reflects the diversity of the community we represent, the professionals with whom we serve and the subject matter we impart. To thrive as an academic institution, we believe we must foster a learning and working environment that encourages multiple perspectives and the free exchange of ideas in an unbiased and non-prejudicial way.
To that end, as we educate students, develop curriculum, diversify staffing and provide support services, Yuba College is guided by the priority to achieve broad inclusiveness and afford equal opportunity to all, without regard to gender, race, color, ethnicity, national origin, religion, ideology, age, economic and educational background, sexual orientation, or physical, learning and psychological differences.

Nondiscrimination Statement

Yuba College does not discriminate on the basis of race, color, national origin, sex (gender), physical and mental disability, age, sexual orientation, religion, medical condition, ancestry, or marital status in any of its policies, procedures, or practices, nor does it tolerate sexual harassment, in compliance with the Americans with Disabilities Act of 1991, Title VI of the Civil Rights Act of 1964 (pertaining to race, color, and national origin), Title IX of the Education Amendments of 1972 (pertaining to sex), Section 504 of the Rehabilitation Act of 1973 (pertaining to handicap), and Age Discrimination Act of 1975 (pertaining to age). This nondiscrimination policy covers admission and access to, and treatment and employment in, the College’s programs and activities.

The Yuba Community College District Board of Trustees has adopted a Diversity Policy, BP 1300, which includes the following: a Definition of Diversity, a Diversity Statement, Principles of Community and a Diversity Framework for Institutional Transformation and Cultural Competency.

Inquiries regarding the equal opportunity policies, the filing of complaints, or to request a copy of the complaint procedures covering discrimination complaints may be directed to: Human Resources, Title IX Coordinator: (530) 741-6976 located at Yuba Community College District, 425 Plumas Blvd, Suite 200, Yuba City, CA 95991

The lack of English language skills and disability will not be a barrier to admission and participation in the college’s education programs.

The College recognizes its obligation to provide overall program accessibility throughout the College for handicapped persons. Call Human Resources, Title IX Coordinator: (530) 741-6976 to obtain information as to the existence and location of services, activities, and facilities that are accessible to and usable by handicapped persons.

Inquiries regarding Federal laws and regulations about nondiscrimination in education or the college’s compliance with those provisions may also be directed to:

Office for Civil Rights
San Francisco Office
U.S. Department of Education
50 United Nations Plaza
San Francisco, CA 94102-4102

Institutional Student Learning Outcomes

Student Learning Outcomes (SLO’s) are the intended knowledge, skills, or abilities a student should gain or develop as the result of attending class, participating in a program, or earning a degree or certificate from Yuba College. SLO’s differ from traditional measures of student success—letter grades—in that they measure specific skills within a course—and separate them from other factors that affect student success.

1. Communication: effectively use language and nonverbal communication consistent with and appropriate for the audience and purpose.
2. Computation: use appropriate mathematical concepts and methods to understand, analyze, and communicate issues in quantitative terms.
3. Critical Thinking: analyze data/information in addressing and evaluating problems and issues in making decisions.
4. Global Awareness: articulate similarities and differences among cultures, times, and environments, demonstrating an understanding of cultural pluralism and knowledge of global issues.
5. Information Competency: conduct, present and use research necessary to achieve educational, professional and personal objectives.
6. Personal and Social Responsibility: interact with others by demonstrating respect for opinions, feelings and values.
7. Technological Awareness: select and use appropriate tools for personal, academic and career tasks.
8. Scientific Awareness: understand the purpose of scientific inquiry and the implications and application of basic scientific principles.
Aerospace Studies (Air Force ROTC)

Air Force Reserve Officer Training Corps is available to Yuba College students through a cross enrollment agreement with California State University, Sacramento (CSUS). The CSUS Department of Aerospace Studies offers two-, three-, and four-year programs leading to a commission in the United States Air Force. Students can complete general education requirements at Yuba College and then transfer to CSUS to complete their degrees.

Due to firm scheduling requirements for the Air Force ROTC program, students are encouraged to work closely with their academic counselors in planning this academic program. Application to the Air Force ROTC program should normally be no later than the first semester of a student’s sophomore year. Juniors, seniors and graduate students may also apply under certain conditions. Contact the unit admissions officer in the CSUS Aerospace Studies Department at (916) 278-7315 for information on the program or the entry process.

Placement and Testing Center

The Yuba College Placement and Testing Center is located at Yuba College in the 100B building. The College also offers placement at Beale AFB Outreach Services and Sutter County Center. Call a placement and testing center for its testing schedule and hours of operation at one of the following locations: YC Placement and Testing Center (Yuba College) - (530) 741-6864; Beale AFB Outreach Services - (530) 788-0973, Sutter County Center - (530) 751-5600.

Individuals with disabilities or special testing needs should discuss options or accommodations with a Yuba College counselor and/or Disabled Student Program and Services staff or call a test center to arrange accommodations.

The Yuba College Placement and Testing Center is a member of the National College Testing Association (NCTA) Consortium of Test Centers and offers distance education testing for various colleges and universities from around the country.

For your privacy and safeguarding of student records, photo identification is required for all testing transactions.

Bookstore

Yuba College Bookstore is located in Building 300. The Bookstore is a one-stop shop, supporting community needs in and out of the classroom. When it comes to textbooks, the bookstore offers a variety of affordable options including used, rental and digital books as well as a price match promise to guarantee students get their materials at the lowest cost possible. The bookstore also makes shopping hassle-free with its Shop by Author Textbook program. Simply log in to Follett Discover and pull up a personalized course materials shopping list, alphabetized by author. Students can print and email the list or just use the kiosk in the bookstore. The bookstore also carries every day essentials like clothing, gifts, supplies, general reference and bargain books, as well as snack food and drinks. For more information on payment options, returns, shipping, store hours and more, visit www.yubashop.com or call (530) 741-6998.

Buy Backs: The bookstore buys back textbooks for cash every day, regardless of where the text was purchased. The textbook can be new, used, hardback, or paperback (excluding workbooks). Prices fluctuate according to demand.

California Work Opportunity and Responsibility to Kids (CalWORKs)

The Yuba College CalWORKs Program, located in Building 100B, is a state funded welfare to work program. Yuba College is a partner with local county offices. This partnership enables participants to attend community college in order to prepare for employment. The CalWORKs program offers services for eligible students in the following areas: academic, vocational and personal counseling, job placement (related to the student’s major), CalWORKs Work-Study, access to the CalWORKs lending library, educational supplies and child care. For more information or to schedule an in person or distance appointment, call the Yuba College CalWORKs Office at (530) 634-7773 or email calworks@yccd.edu.

Career Center

The Yuba College Career Center, located in Building 100B, provides a process to lead students through various assessments giving them the necessary tools to make career and life planning decisions. Services and tools available to students to achieve this goal include: career and vocational assessment and testing, occupational computer-assisted career information, and a library of occupational books and reference materials.

For more information, contact the Yuba College Counseling Department at (530) 634-7766.
Career Technical Education Transitions (CTE)

The Yuba College Career Technical Education Transitions Program, located in Room 16 in Building 100A, coordinates the awarding of college credit to high school students who meet approved articulation requirements. An articulated course is one in which the high school instructor/Regional Occupational Program (ROP) and Yuba College faculty have formally agreed that the high school’s ROP’s course outline, syllabus, textbook, and final exam are comparable to those in a course of the same major within Yuba College. Students receive credit on a Yuba College transcript once articulation requirements have been completed. The CTE (Career Technical Education) Transitions Program prepares students to earn a certificate, an associate’s degree or transfer to a university.

For more information about the CTE Transitions Program, contact the Yuba College CTE Transitions Office at (530) 741-6588, ctetransitions@yccd.edu, visit the Admissions and Records Office at any campus, or see a counselor. Also visit the CTE Transitions website at https://yc.yccd.edu/student/cte-transitions/

Child Development Center

The Child Development Center is located in Building 1600 at Yuba College. The main objective of the Child Development Program/Lab School is to serve families of children on our college campus and in our community by providing an exemplary, developmentally appropriate early childhood program for children, families, college students and faculty through modeling best practices in the field of early childhood education.

The Yuba College Child Development Lab School follows the California State Foundations & Framework when planning activities/lesson plans for young children.

Objectives and Guiding Principles

• Children construct understanding through active interactions with caregivers, peers, materials and events.
• Learning is sequential, building on prior understanding and experiences.
• Learning proceeds at different rates in each content area/domain; children will show a range of skills and understandings in any one area of development.
• Learning in each area is interconnected. Young children learn best through integrated, meaningful experiences.
• Learning is embedded in a culture. Children learn best when their learning activities are rooted in a familiar cultural context.

• Learning begins in the family, continues in early care and education settings, and depends on parent involvement and care giver guidance.
• All children have the potential to achieve learning outcomes with the appropriate supports and instruction.

Eligibility to enroll can be met by private pay or income eligibility and by meeting one of the following need criteria:

• Students with a need for childcare (There is no need requirement when attending only preschool hours.)
• Searching for work
• Working
• Incapacitated
• Searching for housing

Yuba College serves toddlers (18 months-36 months) and preschoolers (3-5 years) in a full day, part day or state preschool program (9 a.m.-12 p.m. or 2:30 p.m.-5:30 p.m.)

The Child Development Center hours of operation are: Monday-Friday 7:30 a.m.-5:30 p.m. For more information contact the Yuba College Child Development Center at (530) 749-3808.

College Success Center

The College Success Center (Room 1103) in the Library Learning Center (Building 1100) on the Yuba College campus provides academic learning and support services across most disciplines to all currently enrolled Yuba College students at no cost and cultivates a positive, supportive learning environment that, if fully utilized, significantly enhances students’ abilities to pass their classes.

Academic Learning and Support Services

• scheduled collaborative learning sessions
• facilitated collaborative learning groups
• drop-in mathematics assistance (all day)
• scheduled individualized tutoring
• test and examination reviews
• Supplemental Instruction®-based Content Tutoring
• quiet study areas for groups and individuals
• access to wireless internet, computers and academic software
• test preparation materials
• assistance with research projects
• assistance with multimedia presentations

The two major components of the College Success Center are the Math Tutoring Program and the Content Tutoring Program.
Math Tutoring Program: Academic support is commonly available for the following courses:

- Accounting 1, 2L, 10A
- Business Computer Applications 15
- Chemistry 1A, 1B, 2A, 2B, 10, 18A, 18B
- Computer Science 6, 9A, 9B, 11
- General Business 18A, 56
- Learning Assistance 174
- Mathematics 1A, 1B, 1C, 2, 3, 9, 10, 15, 20, 21, 25, 51, 52, 52B, 55, 58, 101, 101B, 111
- Physics 2A, 2B, 4A, 4B, 4C
- Statistics 1

Content Tutoring Program: Academic support is commonly available for the following courses:

- Biology 1, 3, 4, 5, 6, 10L, 15
- Economics 1A, 1B
- French 1
- Geography 1
- Geology 10L, 12, 20
- History 17A, 17B
- Humanities 10, 11
- Music 1A, 1B, 1C, 1D, 2A, 2B, 2C, 2D, 17, 41A, 41B, 42A
- Nursing 36
- Philosophy 12, 20
- Physical Science 10A
- Political Science 1, 7
- Psychology 1A, 12, 41
- Sign Language 1, 2
- Sociology 1
- Spanish 1, 2, 3, 4, 20A

Online Tutoring: Online tutoring is available for distance education courses.

Tutoring Staff: The tutoring staff is efficient, well-trained, friendly, helpful, and knowledgeable. Tutors must possess the following qualifications and characteristics to be employed:

1) have an overall 3.00 grade point average or higher,
2) pass the course they wish to tutor with an A,
3) be approved by the faculty,
4) complete an intensive tutor training program, and
5) be committed to assisting students learn.

Hours of Operation:

Fall and Spring Semesters:
8:00 a.m. to 7:00 p.m. Monday through Thursday
8:00 a.m. to 5:00 p.m., Friday

Summer Session:
8:00 a.m. to 5:00 p.m., Monday through Thursday

Contact Information:
General Information (front desk): (530) 741-6759
Quy Bui, Instructional Associate: (530) 741-8752 or qbui@yccd.edu
Tony Jow, Instructional Associate: (530) 741-8751 or tjow@yccd.edu
Dr. Travis R. Smith, Coordinator: (530) 741-6787 or tsmith@yccd.edu

Community Education

Community Education is a program of not-for-credit fee-based classes and activities designed to serve individuals with educational goals that do not require college credit. Its goal is to fulfill a role which enables the community to improve the quality of their lives through continuing education. There are no transcripts, grades, or academic requirements. Many classes are offered in response to an expressed interest or need by a specific population or organization.

Contracted Training

Contract Education and Training can offer custom solutions and targeted training for business prosperity through employee development. Yuba Community College District can deliver on or off-site training solutions for any size company. The program offers customized workshops, seminars, and classes (college credit or not-for-credit) to increase employee skill level.

Benefits to local companies:

- Targeted, cost-effective, cutting-edge, return on investment training
- Coaches, instructors, and facilitators with practical, current real world skills
- Training focused on measurable outcomes
- Investment in training enhances human capital (employees)
- Customizable training schedules to meet the employer and employee needs

Call (530) 741-6763 for a complimentary assessment.

Cooperative Work Experience Education

Cooperative Work Experience Education (CWEE) are courses designed to recognize learning that occurs on-the-job. In order to qualify, a student must have a volunteer or paid position and develop specific learning objectives approved by the employer and Yuba College. Call Yuba College at (530) 741-6763 for more information.
Counseling

Community colleges are distinguished by the personal attention given to students and the quality of guidance and counseling services provided. Counseling is an essential part of Yuba College, designed to complement and facilitate instruction and to aid students in academic, career and personal planning. Individual and group counseling is provided. Students are strongly encouraged to meet with a counselor at least once each semester. Counselors are available at Yuba College, Sutter County Center, Beale AFB and within specialized programs including Cal WORKs, DSPS, and EOPS.

Some of the services provided by counselors include:

- Conducting group orientation and registration information sessions
- Providing essential information concerning certificate, degree, and transfer requirements as well as college rules and regulations and students’ rights and responsibilities
- Assisting students in assessing and analyzing aptitudes, interests, values and personality related to career and academic planning
- Assisting students in learning decision-making processes including choosing, changing, or confirming career goals and taking appropriate steps to reach those goals
- Determining the best educational program for each student to achieve a chosen career
- Developing a student education plan that includes both the coursework and supplemental needs of each student
- Selecting courses and assisting students with the registration procedures of the college
- Suggesting college activities to maximize each student’s opportunities and potential
- Planning a transfer program which leads to acceptance with junior level (upper division) status at a university
- Providing workshops on a variety of topics of interest to students
- Assisting students to resolve personal problems which are barriers to their education achievement
- Referring students to appropriate campus and community support services and resources
- Offering Counseling (COUNS) classes for students including:
  - COUNS 10-College Success
  - COUNS 22-Peer Advising Seminar
  - COUNS 25-Career Planning and Development
  - COUNS 30-Transfer Preparation
  - COUNS 35-College Study Skills
  - COUNS 45-Career College Planning

COUN 52-Pre-Employment Skills Training

For more information or to schedule an in person or distance appointment, email yccounseling@yccd.edu or call:

- Yuba College (530) 634-7766
- CalWORKs (530) 634-7773
- DSPS (530) 741-6795 or (866) 274-7530 (VP)
- EOPS (530) 741-6995
- Sutter County Center (530) 751-5600
- Beale AFB Outreach Services (530) 788-0973

Dining Facilities

Yuba College offers two dining options on the Yuba College campus. The Culinary Arts program at Yuba College provides restaurant style dining at Flavors restaurant. Flavors is open Tuesday through Thursday from 11:30 a.m. - 1:00 p.m. The Café offers a variety of food and coffee selections and is open Monday through Friday during the morning and late afternoon. Flavors and the Café are located in Building 300.

Sutter County Center offers grab and go food and beverages at the 49er Café which is open Monday through Thursday from 8:30 a.m.-2:00 p.m.

Distance Education/e-Learning

Distance Learning courses include televised courses (ITV) and fully online courses. A complete listing of these courses is located in the Schedule of Classes under ‘Distributive Education’ and on the YCCD eLearning website (http://de.yccd.edu/). Content, instruction, assignments, testing and student/faculty interaction occur at a distance. Some faculty may require students to come to campus to take exams or require prior approval for exams proctored at a remote site.

The rigor of online and ITV courses is equal to a regular course. Students need to have good time management and computer literacy skills and be able to work independently. Two, 1 unit online courses are offered each term to help prepare students to be successful online learners: MCOMM 40, Introduction to Online Learning and LIBSC 1, Basic Research Skills.

ITV courses feature Yuba College or Woodland Community College instructors. These courses are accessible on the web via the YCCD eLearning software.
Fully online courses are delivered using the YCCD eLearning course management software, Canvas, which is accessible via the eLearning website and within the MyCampus portal. Students access YCCD eLearning using their college student ID and password once they are enrolled in a course that uses this software. Technical support is provided via phone, email, virtual PC software, and in person. For more information, staff contacts and technical assistance, check the YCCD eLearning website.

Distance Education-Student Services Programs

Yuba College Student Services programs provide distance education services to prospective and current Yuba College students for non-urgent matters through telephone and web-based modalities. For information on how to access and arrange for distance education services, see each student service program in the Programs and Services section of the Yuba College Catalog.

Disabled Student Program and Services (DSPS)

Disabled Student Program and Services, located in Building 1800, is designed to ensure educational opportunities for students with disabilities that impact their academic participation such as vision, hearing, psychological, mobility and learning. DSPS partners with the college to promote equity in all its educational offerings. Screening for learning disabilities is available to all currently registered Yuba College students having trouble in their classes or who have a history of special education needs. Support services for eligible students may include academic accommodations such as test proctoring, note taking, disability advising, priority registration, auxiliary aids, interpreter services and mobility aids. Specialized classes are offered each semester at Yuba College include Adapted Physical Education, Academic Strategies, Assisted Computer Technology and Reading/Writing Development.

Extended Day and Outreach Programs

The Outreach Program, planned to serve the diverse needs of the adult population of the entire District, accomplishes its aim through several facets:

- The On-Campus Late Afternoon and Evening Program;
- The Off-Campus Program providing service at sites throughout the District wherever fifteen or more individuals identify an educational need the College may properly meet;
- Short Term Courses, as short as one day or a weekend, when appropriate to meet an identified need;
- State-approved Non-Credit Courses to meet needs of adults which are not properly met through credit courses; and
- The Public Events Program which sponsors cultural events, speakers, musical events, and other activities not appropriate as credit or noncredit courses.

Extended Opportunity Program and Services (EOPS)

Extended Opportunity Program and Services (EOPS), located in Building 100B, is a state funded program that provides “over and above” support services to economically and educationally disadvantaged students. EOPS promotes student success with priority registration, comprehensive educational planning, career and transfer planning, free tutoring, textbook assistance, limited financial assistance, and other additional services designed to support the student.

For additional information or to schedule an in person or distance appointment at Yuba College or the Sutter County Center, visit the EOPS website: http://yc.yccd.edu/student/EOPS/default.aspx, call EOPS at Yuba College, (530) 741-6995 or email yceops@yccd.edu.

Dusty’s Pantry

Dusty’s Pantry, located in Building 100B, at the Welcome Center open from 10 a.m. to 2 p.m., Monday through Thursday, closed on Friday’s. The mission of the pantry is to provide a short-term assistance while helping student find a long-term solution to meet their food insecurity. Students will be provided a breakfast, lunch or a family meal, along with community resources of food banks available in the community. Students will also be provided assistance in applying for CalFresh food assistance. For more information visit the website: yc.yccd.edu/student/dustys-food-pantry/, or call (530) 741-8988.

What is CalFresh? A monthly cash assistance to purchase food and fresh produce at participating farmer’s markets. Yuba College assists students apply for CalFresh food aid benefits and will also provide follow-up services to students by helping them submit all required documents. If you would like assistance applying for food aid benefits, we are located in building 100B in the Welcome Center from Monday-Friday from 8:30 a.m. to 12:30 p.m. and 2:00 p.m. to 4:00 p.m. or you can schedule an appointment by calling (530) 741-8988.
Cooperative Agencies Resources for Education (CARE)

As a supplemental component of EOPS, CARE provides additional support services for eligible EOPS students who are single head of household, have at least one child under the age of 14, and are receiving TANF benefits. Grants for educationally related expenses (such as child care, transportation, textbooks and supplies) may be awarded as a means of strengthening the retention, persistence, graduation and transfer rates of these individuals.

For additional information visit the EOPS website: http://yc.yccd.edu/student/EOPS/default.aspx or call EOPS at Yuba College, (530) 741-6995 or email yceops@yccd.edu.

Financial Aid and Scholarships

Information about Financial Aid and Scholarships is located in the Financial Aid Section of the Yuba College Catalog beginning on page 32.

Health Clinic (Student)

Yuba College, in partnership with Harmony Health, offers a free Student Health Clinic for minor health care and psychological needs. The clinic is located in Room 122C in Building 100B. For more information, call (530) 740-1749.

Library

The Yuba College Library, located in Building 1100, offers a wide variety of information services and resources to support student learning across curriculum. With access to updated book and electronic book collections, periodical subscriptions, and online research databases, the library is a great place to start any research project. Students are welcome to study in a quiet environment, search on a topic, and get help in finding information. Appointments are available to meet one-on-one with a librarian. Students may learn how to use the library and its resources by attending an orientation session or enrolling in LIBSC I - Library Research Skills which is offered online.

The new Learning Resources Center, located in the Library, opened in January 2014 in Marysville after a major renovation. The updated facility features group study rooms, quiet study areas, and a computer lab. Members of the public are welcome to use the facilities any time the Library is open.

PUENTE Program

The mission of the PUENTE Program is to increase the number of students who transfer and enroll in baccalaureate level colleges and universities, earn their degree and return to the community as leaders and mentors of future generations. The program offers academic, counseling and mentoring support for students to build the skills necessary for success in both academic and career goals while in community college. Students enrolled in the program work closely with their counselor, instructor, and mentor. To qualify, students must place at English 1A and submit an application for the PUENTE Program. For more information, contact David Perez, PUENTE Counselor, at (530) 634-7770 or Zachary O’Neill, PUENTE English Professor, at (530) 741-6884.

Selective Service Registration

Almost all male U.S. citizens and male aliens living in the U.S., who are 18 through 25, are required to register for the military draft. However, men who currently register are not automatically inducted into military service. Presently, the United States operates its military through volunteer enlistment. The last time men were inducted into the military was during the Vietnam War. Registration for a possible future draft is required to ensure America's preparedness in the event of a military crisis. In the event of a crisis that necessitates a draft to be invoked, men would be called in sequence determined by random lottery number and year of birth. They would then be examined for mental, physical and moral fitness by the military before being deferred or exempted from military service or inducted into the Armed Forces. Males may register as soon as they reach the age of 17 years and 3 months but must register within 30 days of turning 18.

If males do not register, they could be prosecuted and fined up to $250,000 and/or be put in jail for up to five years. Registration is also required to qualify for Federal student financial aid, job training benefits, and most Federal employment. The Selective Service Registration Form may be obtained from the Yuba College Registration Office or from your local post office.

Students who have questions about Selective Service registration may contact the Selective Service at (847) 688-6888 or on the Web.
Student Accident Insurance Policy

Yuba Community College District students are covered by an Accident Insurance Policy for accidents and injuries sustained while students are on and/or off campus participating in school related activities. The policy has a maximum liability amount of $20,000. Coverage is subject to the terms and conditions of the policy, which is available for review in the President’s office.

Please note that Yuba Community College District does not offer a health insurance plan for its students. If a student is enrolled in a healthcare plan, the Student Accident Insurance Policy will be considered secondary coverage. If a student does not have a healthcare plan, then the Student Accident Insurance Policy will be considered primary coverage up to the maximum limit and subject to the terms and conditions of the Policy.

Student Success and Support Program (SSSP)

The Student Success and Support Program (SSSP) is both a program and a process designed to support and encourage student success.

The mission of SSSP includes ensuring fair and equal access to campus resources, accurate and unbiased assessment and placement, and the provision of quality guidance and support for students to reach their educational goals. The objective of SSSP is to assist students in designing and planning their educational goals. The process begins with admission to the college and ends when the student achieves his/her educational goal.

The purpose of the Student Success and Support Program at Yuba College is to increase success through:

- Orientation: provides entering students with a brief overview of college policies, programs and services
- Placement: provides students with reading, writing, and mathematics course placement recommendations
- Academic Advising: provides students with a short term and long term Education Plan
- Follow-up: provides students the opportunity to update plans and ask questions

Student Success is the process that allows the college and the student to form a partnership which helps each student identify and attain that goal. The college asks students to commit themselves to an educational objective, and the college commits to fostering student success. To ensure the success of the partnership:

The College agrees to provide:

- An admission process
- Placement of basic educational skills and career goals
- Counseling/advising for the development of an individual education plan
- Quality instruction
- A wide variety of courses
- Referral to support services as necessary
- Follow up on student academic progress

Students are expected to:

- Attend an orientation session
- Complete placement
- Declare a specific educational objective or career pathway after completing 15 units of degree applicable course work
- Seek counseling assistance for the development of a comprehensive education plan
- Attend classes regularly, complete assigned course work and seek out counseling services as necessary
- Complete courses and maintain progress toward an educational goal as identified in the individual student education plan
- Seek out support services as needed

Transfer Center

The Yuba College Transfer Center, located in Building 100B, hosts an annual fall transfer program called, “College Information Day”. This program brings representatives on campus from the University of California, California State University, independent California colleges and universities, in addition to out-of-state colleges. Both Yuba College and area high school students have an opportunity to visit informally with these representatives to obtain information concerning their programs, services, and application procedures.

The Transfer Center offers services and resources for students seeking information about baccalaureate level colleges and universities. For some students, the transfer process can be overwhelming. Yuba College counselors and Transfer Center staff are committed to help students with the phases of the transfer process and the many transfer options available. These services include:
• Computers with Internet links to web sites related to transfer
• Appointment opportunities with representatives from baccalaureate level colleges and universities
• The annual College Information Day
• Workshops related to transfer

For more information, call (530) 634-7766 at Yuba College.

Umoja Program

Umoja is a Kiswahili word meaning “unity.” The college is committed to working together to meet the desired outcomes for African ancestry students at Yuba College: a commitment to working diligently for academic achievement, attainment of an associate degree and qualification for transfer to a baccalaureate level college or university. For information and an application for Umoja, contact Valerie Harris, Umoja Counselor, at (530) 741-6850.

Upward Bound

Upward Bound is federally funded through the U.S. Department of Education to serve low-income and potential first-generation students to progress through the academic pipeline from middle school to post baccalaureate programs.

Upward Bound serves high school students from Live Oak, River Valley and Yuba City. The program provides opportunities for participants to succeed in a pre-college performance and ultimately in higher educational pursuits. The goal of Upward Bound is to increase the rates at which participants enroll in and graduate from institutions of post-secondary education. Additionally Upward Bound provides support to high school students in their preparation for college admission.

The services listed below are free and available to Upward Bound participants:

• Six-week Summer College Academic and Cultural Enrichment Program
• Saturday Workshops on learning styles, career exploration and personal skills development
• Weekly sessions at the student’s respective high school with the Upward Bound Learning Specialist to assist in academic, career and personal advising and college exploration and planning
• Daily after school tutoring
• Academic instruction in English, foreign language, mathematics, science and other academic classes
• College visits
• Cultural enrichment activities
• Leadership workshops and conferences
• New and renewable scholarships

To learn more about the Upward Bound Program, call (530) 749-3858 or visit the Yuba College website.

The Legislative requirements of Upward Bound programs can be found in the Higher Education Act of 1965, Title IV, Part A, Subpart 2, Federal Early Outreach and Student Services Program, Chapter 1, Federal TRIO programs.

Veterans Resource Center (VRC)

The mission of the Yuba College Veterans Resource Center (VRC) is to provide academic support to the student veteran community. Located in Building 725, the Yuba College VRC is committed to military affiliated students who have chosen to make the transition from a military lifestyle to being a college student. The VRC is dedicated to assist veteran students in this transition and to help them achieve academic success. Some examples of activities in the VRC are to facilitate peer-to-peer support, mentoring, and a network of social camaraderie through the Student Veterans Association and other resources. The VRC staff partners with campus and community resources such as Financial Aid, Counseling, Disabled Student Program and Services and can assist veterans by making referrals to other community veterans’ organizations such as the Yuba-Sutter County Veteran Service Officers, Yuba-Sutter Stand-Down, Cal-Vet resources and other VA Health providers.

Other resources available in the VRC include a study area, computers with printer access, a book lending library and a television to relax between classes. The VRC is open from 8:00 a.m.-5 p.m. during the normal academic week.

Veterans Services

Yuba College is approved for the training of veterans and dependent students. The Veterans Service Office (VSO) assists veterans, reservists, and dependents (of service-connected disabled, or deceased veterans) with their educational benefits. The VSO also acts as a liaison with the U.S. Department of Veterans Affairs.

Yuba College requires that all veterans and/or dependents who wish to collect education benefits call the Yuba College VSO to start a file. The VSO will provide assistance in applying for benefits, educational pay, college registration, placement testing and counseling referrals.

All benefit recipients are required to submit a copy of a current class schedule to the Yuba College VSO each semester. Regional VA processing of benefits can take 4 to 6 weeks. For more detailed information call the Yuba College VSO at (530) 741-6822.
Credit for Military Experience: Upon application, the College will evaluate military records to determine if a student may be awarded elective credit for military service. The service person must have spent at least four months in active service and have a discharge other than dishonorable. These units will satisfy the Yuba College Health/Physical Education/Kinesiology graduation requirement.

College credit may be allowed for the completion of college-level courses in formal service schools in accordance with recommendations found in the Guide published by the American Council on Education. Students must petition to earn specific credit for general education and major coursework completed in the military. Credit may also be allowed for college-level U.S. Armed Forces Institute (USAFI) courses (but not for USAFI GED tests).

Veterans Standard of Progress: A veteran student, who is receiving veteran benefits and is placed on academic probation, will have that probation reported to the Veterans Administration prior to the commencement of the next semester.

In accordance with Yuba Colleges policy on dismissal, students who remain on academic probation beyond two semesters where their cumulative GPA does not improve to a 2.0, or higher will be dismissed. The college is required to report a termination of benefits directly to the Veterans Administration due to unsatisfactory progress.

The Yuba College Certifying Official cannot certify a veteran for any class beyond that point until the GPA is above a 2.0.

Once the Certifying Official certifies or recertifies a student for re-enrollment after termination for unsatisfactory progress, the Veteran’s Administration presumes that the College has determined the student’s ability to maintain satisfactory progress in the future. Any student needing to be recertified will need to consult the Certifying Official for assurance that all procedures and requirements have been met.

Military Withdrawal: A military withdrawal occurs when a student who is a member of the United States military (active or reserve) receives orders necessitating a withdrawal from enrolled courses. A student must file a petition requesting this option and attach a copy of military orders. Upon verification of such orders, a withdrawal symbol of “MW” will be assigned. Military withdrawals will not be counted in progress probation and dismissal calculations.

For more information, call the Yuba College Veterans Service Office at (530) 741-6822.

Opportunity Act (WIOA)

The Workforce Innovation and Opportunity Act (WIOA) is a federally funded program that offers financial assistance to qualifying individuals who wish to obtain vocational training and have un-met needs after applying for the California College Promise Grant (formerly known as the BOGW fee waiver) and financial aid. The program helps students find a job or train for a new career. Authorized WIOA activities provided at the local level benefit job seekers, dislocated workers, youth, incumbent workers, new entrants to the workforce, veterans, and employers. These activities promote an increase in the employment, job retention, earnings, and occupational skill attainment by participants. This improves the quality of the workforce, reduces welfare dependency, and enhances the productivity and competitiveness of the nation. Acquiring employment, retention, and self-sufficiency through training are priorities with WIOA. It is important that students choose a career with a labor market need. If jobs are not available in the local area, students will need to consider relocating or commuting to another area.

The WIOA Office is located in Room 121, in Building 100B. This office offers a computer lab with current software programs, internet access, a study area, and a small lending library for textbooks. Interested students should inquire in the WIOA office to qualify for on-the-job training, books, supplies, tools, fees, testing, transportation assistance, and other school or job-related needs. This is not a loan and does not have to be repaid. The student may be receiving Financial Aid, EOPS, unemployment, and scholarships, and still receive WIOA assistance. This is not an entitlement program. The student must qualify and then it is based on funds available at the county level. For more information call (530) 741-6830.

Writing and Language Development Center (WLDC)

The Writing and Language Development Center (WLDC) is open to all currently enrolled Yuba College students during the fall and spring sessions and is located inside the Learning Resource Center in Room 1116. The following services are offered:

- Drop-in assistance for any writing assignment
- Help with MLA, APA, and Chicago style formatting
- One-time or regular weekly appointments
- Informal study space and private study rooms
- Technology assistance and computer lab
- Proofreading tips
- ESL conversation groups
- English final exam workshops
- Kurzweil 3000 software for assisted reading and writing
- Writing and grammar tip sheets

For more information call (530) 740-1709.
Yuba Community College District Foundation

History: The Foundation, located at the District Office, was established in 1972 to support academic programs and student scholarships in order to enhance student learning and promote student success at the campuses and centers within the Yuba Community College District. Throughout the subsequent decades, numerous gifts and sound investing have built the Foundation funds to a level of several million dollars, making the YCCD Foundation one of the larger community college foundations in the State of California.

Vision-Mission: YCCD Foundation’s purpose, within the mission of the District, is to seek, manage and administer funds for the betterment of student-centered program and services at the primary educational facilities that comprise the District. YCCD and its Foundation will, thereby, enhance its communities through support of this region’s students.

Donations: As a registered 501(c)(3), YCCD Foundation is able to assure that all gifts received by the Foundation are fully tax deductible. The Foundation has received direct support through gifts of cash, real estate, equities and art throughout its years of operation. Additionally, planned gifts such as wills, charitable remainder trusts, and insurance policies have benefited the Foundation’s capabilities. Non-cash gifts, such as laboratory equipment and classroom supplies, can also provide donors with a tax deduction.

Academic Program and Student Scholarship Support: The YCCD Foundation has been able to support academic programs with purchases of equipment and supplies. This capability has allowed student learning to grow with ever evolving technology. The YCCD Foundation funds student scholarships that assist students with required purchases, such as books, so that students can be successful in attaining their educational goals.

Programs: On the average, between 45-50 projects and scholarships per semester receive support through donations to the YCCD Foundation.

Governance: The YCCD Foundation is overseen by a Board of Directors with representatives from all counties within Yuba Community College District’s service area: Colusa, Lake, Sutter, Yolo, and Yuba Counties. For more information about the YCCD Foundation visit: http://www.yccd.edu/administrative-services/foundation/default.aspx

Yuba College Alumni and Friends

The purpose of the Yuba College Alumni and Friends is to maintain strong relationships between friends and former students and to support and promote the goals, activities, and interests of the college. The association provides the vehicle to stimulate this support and to keep the community, alumni and friends of Yuba College involved in college programs and activities. There is a growing pride in being a part of the Yuba College family of supporters and in giving something back to the college which has given so much to them. For additional information, please contact: ycalumni@yccd.edu.
Admissions

Yuba College does not restrict admission to residents of the District, nor does it restrict the privilege of District residents to attend any other community college. Nonresident students are accepted on the same basis as California resident students, except that State law requires a tuition charge (see “Residency Requirements” below).

Open Enrollment Policy
All courses, regardless of where offered, are open to members of the public who are otherwise eligible for admission with the following exceptions:

• Courses that are specifically exempted by statute, including “impacted” allied health programs (such as Radiologic Technology, Veterinary Technology, Associate Degree Nursing and Psychiatric Technician).
• Courses closed by maximum enrollment of students by the “priority registration” policies;
• Courses with academic prerequisites that restrict enrollment of academically unqualified students; and
• Courses with content that would be a repeat of a course of equivalent or more advanced course work previously taken by the student (exceptions require counselor evaluation and approval).

Applicants may apply for admission online by going to the Yuba College website at yc.yccd.edu

Admission to Impacted Programs: Impacted programs require a special application. For Associate Degree Nursing (ADN), Psychiatric Technician, Radiologic Technology call (530) 741-6784. For Veterinary Technology call (530) 741-6786.

International Students: Students must obtain a special application which may be downloaded from the Yuba College website, Admissions tab, or mailed upon request from Student Services Division, located on the Yuba College campus or call (530) 741-6705.

Age and/or High School Graduation Requirement: In general, all full-time students must have earned a high school diploma, a State Certificate of Proficiency, or the equivalent, or be 18 years of age as of the date of registration, as provided in Section 76000 of the Education Code, and meet Federal “Ability to Benefit” requirements.

Dual Enrollment of High School Students: A high school student who has completed the eighth grade may be admitted on a part-time basis subject to the following requirements with the written recommendation of the high school administrator and the parent’s permission: no Physical Education/Kinesiology courses may be taken; students must have met any course prerequisite requirements; students are required to fulfill the minimum day requirement at their high school, or, for charter/home-schooled students, the parent has to verify that the proposed college course work will not interfere with the student's basic high school course work; charter or home-schooled students must present a grade equivalency certification documenting the grade level the student has achieved; charter or home-schooled students must present a copy of the affidavit submitted to the State or County Office of Education to document the student’s involvement in an educational process; dual enrolled students receive the lowest registration priority. Students must be certified to be eligible for advanced scholastic or vocational coursework. Call the high school administrator for information concerning authorization to enroll. Students are subject to all rules, regulations, and fees of the College. The enrollment fee, student health fee, and non-resident tuition fee will be waived for eligible students.

Application Process and Steps to Apply:
• File an application for admission.
• Submit high school and college transcripts; transcripts must be received by direct mail or electronically approved from the issuing institution or hand-carried in a sealed official envelope.
• Complete the College Placement Process unless exempt.
• Participate in an orientation program (usually done on-line) to become acquainted with the College’s programs, services, academic expectations, procedures, and regulations.
• Meet with a counselor to develop an educational plan appropriate to the student’s goals and present learning skills. Counselors can suggest programs that will strengthen a student’s learning skills.

Residency Requirements

California state law mandates that each student who applies for admission provide residency information and evidence as deemed necessary by the Admissions and Records Office to determine the student’s residence classification. The following rules regarding residency determination are not a complete explanation. For further information, call the Admissions and Records Office. These rules are subject to change at any time in accordance with State law.

The residency determination date is the day prior to the first day of instruction for each semester.
General Rules for Residency:

1. Persons who are 19 years of age or older may establish residence in accordance with the criteria listed below. Year of residence must begin after the eighteenth birthday.

2. Persons who are under 19 years of age may establish residence in accordance with the criteria listed below and the following: (a) Married minors may establish their own residence, and (b) an unmarried minor derives residence from the parent with whom the student residing. If the student lives with neither parent, residency is derived from the parent with whom the student last lived. (The residence of an unmarried minor who has a parent living cannot be changed by the student’s act, by appointment of a legal guardian, or by relinquishment of a parent’s right of control.)

3. Active duty military personnel stationed in California are entitled to resident classification.

4. A dependent child or spouse of an active duty military person stationed in California is entitled to residence classification.

5. A member of the armed forces of the United States stationed in California on active duty for more than three years immediately prior to being discharged will be exempt from the non resident fees. Establishment of residency requires physical presence and acts of intent be demonstrated for one full year.

6. Persons who have had a “permanent residence visa” for one year may establish residence in accordance with the criteria listed below.

7. Nonresident and non-citizens (other than “non-immigrant aliens” who are out of status with INS) who have attended a California high school for at least three years and who graduated from a California high school may be eligible for an exemption of the non-resident tuition. ( Obtain an AB 540/AB 2000 form online at the Admissions and Records Forms tab.)

8. A student who was classified as nonresident and is seeking reclassification as a resident MUST show financial independence. Financial independence requires not having been claimed as a dependent on state/federal income tax forms by parents, not having received more than $750.00 a year from a parent, and not having lived more than six weeks in a year with a parent in the immediately preceding twelve months. Students will be required to submit documentation showing how tuition and living expenses were paid during the preceding year.

Criteria for Residency: Nonresident students do not automatically become residents by merely being in California for more than one year. State law also requires “proof of intent” to establish California residence for more than one year prior to the residence determination date. The burden of proof rests with the student, not the College. Students must present a combination of documentation to prove intent to be a resident. Students must also show no contrary intent, that is, they must not have maintained residence status in their former state (i.e. driver’s license, taxes, car registration, etc.). Types of documentation that may be submitted that will help to establish proof of intent (with lack of intent for residence in another state) include the following. No one factor is decisive.

Documentation: W-2 form; California State Income Tax payment; Driver’s license; Motor vehicle ownership and registration; Purchase of property; Voter registration; License from California for professional practice; Any other proof of intent as may be deemed necessary to establish residence classification.

A student incorrectly classified as a California resident because of falsification of information is subject to reclassification as a nonresident and payment of nonresident tuition or exclusion from class(es) upon notification. Students classified as nonresidents may appeal the decision within 30 days of the date of the residence classification decision.

All students classified as nonresident are required to pay Nonresident Tuition Fee; the Enrollment Fee; and the Student Health Fee each semester. (See Schedule of Classes for current fee amounts.) Nonresident fees are refundable up to the end of the second week of instruction of a semester (dates vary for short-term classes) if the student withdraws from a course. The date on which the withdrawal is received in the Admissions and Records Office will determine the refund date.

Refunds shall not exceed the amount of tuition paid and will be processed in accordance with District regulations (see “Refund” section).

International Student Admission

Under Federal law, Yuba College is authorized to enroll students on F-1 student visas for associate degree and/or transfer programs. International students applying for admission must request an International Student application packet from the Dean, Student Services by calling (530) 741-6705.
Admissions

The deadlines to apply are June 15 for the fall semester and November 15 for the spring semester. Since applications will not be considered until all required documents are on file, students are encouraged to request applications early.

To be considered for admission, an international student must meet specific criteria:

- Pay Tuition, Enrollment Fees and the Student Health Fee at the time of registration. (See current fees in Schedule of Classes.)
- Complete the required application packet which consists of:
  1. Application form, including a recent photograph.
  2. Copies of high school and college transcripts.
  3. A TOEFL examination with test scores sent from the testing service to Yuba College (minimum score of 152 on the Computer-based test, or 53 on the Internet-based test is required.)
  5. A certified financial statement, showing evidence of support, in U.S. dollars, for the duration of the time in the U.S. (should be able to provide approximately $21,000 annually without planning to work while in the U.S.)
  7. A certificate of health to include a special test for tuberculosis.

International students accepted for admission are required to:

- Carry their own health insurance and to provide a copy of proof of health coverage to the Student Services Department at Yuba College.
- Pursue a specific degree program, and upon arrival at Yuba College meet with a counselor to develop an individual Education Plan. Students will be expected to follow the Education Plan while studying at Yuba College.
- Register in required English courses each semester until graduation requirements are met.
- Complete a minimum of 12 units each semester with at least a "C" grade point average.
- Complete academic program in a maximum of six semesters.
- Work with the International Student Representative to meet all requirements for international students.
- Provide own housing.

Only those students who agree to each of the above requirements and meet the above criteria will be considered for admission to Yuba College. Applicants who are accepted to Yuba College will be mailed the Immigration and Naturalization Form I-20.

Student Success Act of 2012

The Student Success Act of 2012, which provides legislative guidelines for the creation of the Student Success Support Program, requires that all entering students complete Orientation, Assessment and a Student Education Plan. For more information visit the California Community College Chancellor’s Office website at www.cccco.edu and view SB 1456 or Student Success Act of 2012.

All entering students must complete the following Student Success and Support Program matriculation steps:

- Complete the online admissions application
- Complete the placement (unless exempt)
- Have high school and/or college transcripts sent to the Admissions and Records Office at the Yuba College campus
- Complete the online orientation
- Meet with a counselor to discuss and develop an educational plan and select appropriate classes for registration

Exemptions: Students may be exempt from the placement, orientation and/or counseling components of matriculation if they meet certain criteria. Students seeking an exemption from any part of the matriculation process must submit an exemption form. The student’s statement on the exemption form may require verification. Exemption forms are available at all counseling offices.

Students who meet the exemption criteria will be classified as non-matriculants which will:

- Affect registration priority or registration in subsequent terms
- Require an educational plan to be developed with a counselor once fifteen degree applicable units are completed
Student Responsibility Regarding Registration

Students should acquaint themselves with College policies and procedures, study this Catalog and the Schedule of Classes, consider the curricula carefully, and plan the courses needed for their major(s), degree and transfer including electives before registering online through WebAdvisor.

Students must assume complete responsibility for fulfilling all requirements to meet planned objectives. Students on probation should carefully consider the consequences of their status when planning for registration.

Assessment services include counselor appraisal of previous college and/or high school work (transcripts should have been sent to the College), as well as, placement, and other information such as number of hours working, etc., that may have an effect on student goals. Assessment is used to advise students about courses and services most appropriate to their skills, educational backgrounds and career goals. (See also “Placement” section for other information.)

Enrollment Priorities

Administrative Procedure 5055 provides information for the Enrollment Priorities process. Effective the Summer/Fall 2014 registration period the Enrollment Priorities criteria changed and students should review the administrative procedure to attain the current policy requirements: http://www.boarddocs.com/ca/yccd/Board.nsf/goto?open&id=A7E2FU020616

Change in Enrollment

Students wishing to change their course enrollment may add or drop classes using WebAdvisor registration, or by submitting the appropriate forms to the Admissions and Records Office. Full-term courses may be added during the late registration period (see “Schedule of Classes”), later only in special cases and with instructor approval.

ENROLLMENT FEES. Enrollment fees for classes that are dropped on or before the refund deadline (Friday ending the second week of instruction for full-semester classes or ten percent of a short-term class) are credited to the student’s account (see “Refund” section).

If a class is dropped prior to Census Date (20% of courses), no notation of the course will be entered on the student’s transcript. If a class is dropped after that time but prior to the end of the thirteenth week of a regular semester (75% of the term), a “W” will be entered on the student’s transcript. If the drop is processed after that time, State law provides the grade must be other than a “W,” and usually it will be a failing grade.

It is the student’s responsibility (not the instructor’s) to process all adds and drops. This is not an automatic process. Students who discontinue attendance in any class without officially dropping the course are subject to a failing grade. If the student drops a class using WebAdvisor, it is the student’s responsibility to check that adds and drops were correctly processed.

Maximum Unit Load

The average student load is twelve (12) to sixteen (16) units per semester. In any case, nineteen (19) units is the maximum load which is allowed. Units in excess of nineteen (19) are allowed only for the most urgent reasons and on the basis of counselor approval.

Eight (8) units is the maximum in which a student may register during the summer session without counselor approval.

Placement

The purpose of placement is to assess each student’s skills in mathematics, reading and English and determine the appropriate course placement in each discipline. The placement evaluates each of the student’s reading, mathematics, and writing skills based on the student’s GPA and other information supplied by the student. The placement system is designed to place students into courses in which they may build on their current skills and advance through the curriculum at the pace best suited to their needs and abilities. Students with disabilities or special placement needs should discuss options and accommodations with a counselor or Disabled Student Program and Services staff. The Yuba College Placement and Testing Center complies with the provisions of the Americans with Disabilities Act.
The following students are required to complete the Placement prior to enrolling in classes:

- students who plan to enroll in English and mathematics courses or courses with a heavy writing, reading or math content
- students who plan to graduate or transfer units to another institution
- high school students participating in dual enrollment desiring to take English or Math courses.

**Multiple Measure Exceptions**: Students may be exempt from one or more parts of the placement based on the use of multiple measures including high school GPA, CAASPP EAP scores, SAT scores, ACT scores, AP scores and grades in HS courses.

To determine eligibility for exemption and course placement, high school transcripts and/or test and examination score reports may be submitted to the Yuba College Placement and Testing Center at either the Yuba College campus or the Sutter County Center.

**Transferring Placement Test Scores from Other Colleges**: Students may transfer placement test scores for another community college for use at Yuba College provided the test is approved by the State Chancellor as a Second Party Assessment Instrument and the scores can be translated to the Yuba College Placement system and are no older than three years. It is the student’s responsibility to have the other institution provide the test scores to the Yuba College Placement and Testing Center. Placement will be made in accordance with current policies and procedures and may differ from the placement at the previous college.

**Placement Challenges**: Students who have completed math and/or English classes at another college may challenge the Placement by filing a Prerequisite Challenge Form with the Student Services Department. The results of the challenge are final. Students should seek counselor assistance when filing a prerequisite challenge.

**Scheduling Placement**: Placement is offered at all locations of Yuba College and at select high schools. Students who are required to complete Placement should contact the Placement and Testing Center at Yuba College (530) 741-6864, Beale AFB Outreach Services (530) 788-0973 or Sutter County Center (530) 751-5600.

### Placement Levels

Placement scores identify the course level appropriate for each student’s level of academic skill in English, mathematics, and reading. After successfully completing the placement-level course, students advance to the next level, and continue to progress until degree requirements are met. All students are encouraged to seek counselor advice in selecting courses appropriate for their educational goals.

ADVISORY PLACEMENT LEVELS FOR COURSES REQUIRING COLLEGE-LEVEL SKILLS.

Many "entry level courses" that are numbered 1-99 carry credit/units that apply toward the associate degree and have advisory skills for successful participation. It is recommended that students meet the language, math and computer requirements if they plan to enroll in any course with a description that includes an "L", "M." and/or "C".

The (L) designation means that the content of the course is such that the student must have college-level language skills to successfully complete the course. Students may meet the requirements for the (L) courses by one of the following:

1. Achieving an English placement level of 1105,
2. Achieving a grade of “C” or better in English 51 or 56,
3. Achieving eligibility to enroll in English 1A, 1B, or 1C,
4. Possessing an A.A. or A.S. degree or higher.

The (M) designation means that the content of the course is such that the student must have college-level math skills to successfully participate in the course. Students may meet the requirements for (M) courses by one of the following:

1. Achieving a math placement level of 2105 or higher,
2. Achieving a grade of “C” or better in Math 101 or Math 101B,
3. Achieving eligibility to enroll in Math 51, 52, 55, or 58,
4. Possessing an A.A. or A.S. degree or higher

The (C) designation means that the content of the course is such that the student must have computer literacy skills to successfully complete the course. Students may meet the requirements for (C) by having basic computer skills.

Schedule of Classes

The Schedule of Classes is published in hardcopy and online each semester. The Schedule includes registration procedures, course information, critical deadline dates, the official Academic Calendar, and other important information for students.
STATE-MANDATED ENROLLMENT FEE: All students (unless at the time of registration they qualify for exemption* under State mandates) are subject to an Enrollment Fee. These fees are established by the State legislature and are determined at the time of enrollment by the student’s unit load. The current fee is $46 per unit.

*Exemptions: State regulations provide the following three programs to help eligible low income students with California residence status to have the Enrollment Fee waived.

CALIFORNIA COLLEGE PROMISE GRANT (CCPG) Formerly known as Board of Governors Fee Waiver: Beginning the 2018/2019 aid year, the Board of Governors Fee Waiver (BOGFW) was renamed the California College Promise Grant (CCPG). The California College Promise Grant is a state sponsored program, which waives enrollment fees for qualifying students.

- California College Promise Grant (CCPG) Program A. For any student who, at the time of registration, is a recipient of (1) TANF (Temporary Assistance for Needy Families); (2) SSI/SSP (Supplementary Security Income/State Supplementary Program); (3) General Assistance/General Relief Program; or (4) The California Department of Veteran Affairs or the National Guard Adjutant General’s Certification of Eligibility for a dependent’s fee waiver.

- California College Promise Grant (CCPG) Program B. For low income students who meet eligibility requirements.

- California College Promise Grant (CCPG) Program C. For low income students who qualify for Financial Aid.

Prior to registration, students in any of these categories should obtain the appropriate application materials from the Financial Aid Office for exemptions.

STUDENT SUCCESS ACT OF 2012: In an effort to help students succeed in the California community colleges, the Student Success Act of 2012 (California Senate Bill 1456) was signed into law by Governor Brown. Among other aspects, the Act included the creation of minimum academic and progress standards that must be met for continued eligibility for the California College Promise Grant (CCPG). These are different and separate standards from those for student federal aid and Cal Grants.

Effective Fall 2016, California Community College students receiving the California College Promise Grant must meet minimum academic and progress standards to remain eligible for the CCPG.

**Students Must:**
- Maintain a cumulative GPA of 2.00
- Successfully complete at least 50% of all units attempted

**Measurement of these standards began in fall 2016.**

Students not meeting the new standards are notified within 30 days of the end of each term. Students will be placed on either Academic (GPA) and/or Progress (Course Completion) probation. The notification will include an alert that a second term of probation will result in loss of CCPG eligibility. After the second consecutive term of probation, students may lose eligibility for the CCPG for their next registration opportunity.

**How to regain eligibility. If CCPG eligibility has been lost, there are ways to have it reinstated:**
- Improve GPA or Course Completion measures to meet the academic and progress standards
- Successful appeal regarding extenuating circumstances
- Not attending the same college district for two consecutive primary terms (fall/spring semesters, or fall/winter/spring quarters)

**The appeals process for extenuating circumstances includes:**
- Verified accidents, illness or other circumstances beyond student’s control
- Changes in economic situation
- Evidence of inability to obtain essential support services
- Special consideration factors for CalWORKs, EOPS, DSPS and veteran students
- Disability accommodations not received in a timely manner

Foster youth and former foster youth (age 24 years and younger) are not subject to loss of the CCPG under these regulations. Contact the Financial Aid Office or Registrar at Yuba College or visit www.yccd.edu/educational-services/bog.aspx
NONRESIDENT/NON-CITIZEN TUITION. Students who have not established California residency in accordance with state regulations (see “Residency” section), will be required to pay the Nonresident Tuition Fee of $265 per unit. Students who are both citizens and residents of a foreign country are required to pay $265 per unit.

STUDENT HEALTH FEE. All students are required to pay a $10 Student Health Fee each semester/summer session. Students who depend exclusively upon prayer for healing in accordance with a bona fide religion, sect, or denomination (upon written verification from an authorized church official) are exempt from paying the Student Health Fee. This church documentation must be submitted to the office of the Vice President of Academic and Student Services for the exemption.

PARKING FEE. Students who drive vehicles on campus will pay a Parking Fee and be issued a decal. The cost is $40 per semester; $20 for summer session. As an option, students may purchase a $2 daily parking pass in lieu of a semester decal. The Parking Fee covers day and evening campus attendance. All non-student visitors may park in the General Parking Lots and must display either a valid semester parking decal or a $2 daily parking pass.

Parking fees are nonrefundable after the fourteenth calendar day of the full-semester.

ASSOCIATED STUDENTS OF YUBA COLLEGE (ASYC). The Associated Students of Yuba College collect a voluntary annual A.S.Y.C Fee of $10 per year, $5 per semester for services and benefits.

TEXTBOOKS, SUPPLIES AND OTHER RELATED COSTS. All students should be prepared to purchase their own books, which are sold at the college Bookstore. Direct school expenses for the entire year, including books, will probably average $600 to $700; book costs for pre-professional students (such as engineering and medicine) will run somewhat higher.

Yuba College offers some courses with zero cost textbooks. Review course sections identified as zero cost textbooks on WebAdvisor.

Students in some health-care courses and programs (such as Nursing, Psychiatric Technology, Radiologic Technology) are required to pay for drug testing, film badges, a background check, and other related items for the program. The California College Promise Grant does not cover these expenses.

Students may be required to provide instructional materials required for a credit or non-credit course. Such materials shall be of continuing value to a student outside of the classroom setting and shall not be solely or exclusively available from the District (See Administrative Procedure 5031).

Average Expenses Included in the 2019-2020

Yuba College Financial Aid Budget for a CA Resident Student Living at Home

*State-mandated Enrollment Fee $1,124
Books and Supplies 1,971
Food and Housing 6,786
Transportation 1,134
Misc Personal Expenses 3,564
Total $14,579

*Based on 12 units per semester plus $10 Student Health Fee per semester Source: California Student Aid Commission

Refunds

ENROLLMENT/STUDENT SERVICES FEES/
NONRESIDENT TUITION. Enrollment fees can be paid by cash, check, money order, debit card or credit card. YCCD accepts Visa, Master Card, Discover and American Express.

Students can request a refund of their student fees through the online request form in WebAdvisor. Please allow four weeks for processing. A $10 processing fee is charged for refunds. This amount will be deducted from the refund amount.

Students are eligible for a refund of these Fees if the procedures below are followed.

• The student officially drops the class on or before the refund deadline (Friday ending the second week of instruction for full semester classes or ten percent of a short-term class), and

• The drop(s) reduces the student’s currently enrolled unit load.

Refund dates vary for each short term class (see refund deadline information listed in the Schedule of Classes). Dropping before the refund deadline date for the class determines whether or not a credit may be refunded.

If students paid enrollment fees and subsequently were approved for a fee waiver, but there is no credit showing on the student account for which to request a refund, contact Admissions and Records at Yuba College or the Sutter County Center.

If fees were paid by check there is a three week waiting period before the refund can be processed. If fees were paid by cash or check, the refund will be issued by check to the student.

If fees were paid by credit card or debit card, the refund will be processed back to the same card unless the transaction is unsuccessful, in that case the refund will be issued by check to the student.

Students with questions regarding a refund in process, should contact the YCCD Fiscal Services Department at cashier@yccd.edu.

At the end of each fiscal year any credits on the student account will first be applied to other outstanding fees. Any remaining credits will be issued by refund to the student. It is the student’s responsibility to provide and maintain current address and telephone number information through WebAdvisor or through the Admissions and Records Office.

PARKING PERMIT. Students who withdraw from classes before the thirteenth day of the semester may apply for a refund of the Parking Permit. The parking permit must be returned to the Campus Police Office to qualify for the refund. At that time, the Campus Police will void the parking permit, and a refund will be posted to the student’s account, less an administrative processing fee.
Financial Aid

FINANCIAL AID

The role of the Financial Aid Office is to help eligible students pursue their educational goals. The objective is to provide funds and services to eligible students, following institutional, state and federal regulations. Financial Aid has offices at Yuba College and the Sutter County Center. For questions call (530) 749-7999 or visit the website at: yc.yccd.edu/student/financialaid

Criteria and Procedures for Financial Aid

The application form to be used for most financial aid programs is the Free Application for Federal Student Aid Program (FAFSA). In order to determine “need” for financial aid funds, taxable and nontaxable income information is necessary. Award funds are made based on this need. Income, assets, debts, size of family, and number of family members in college are important factors considered in the calculation. This information is reported on the application form and forwarded to the central processor for further processing. Supporting documentation is required based on Federal regulations.

Deadline for Filing Financial Aid Applications

Applications for each academic year are available as early as October 1st, and are processed on a first-come, first-served basis. All awards are based on student eligibility and available funds. To be able to receive Financial Aid funds, eligible students must have a complete file with the Financial Aid Office at Yuba College by the last day of instruction of the academic year. This may include the verification process.

Satisfactory Academic Progress

Students awarded financial aid funds are required, by Federal regulations, to make satisfactory academic progress towards achieving their Financial Aid approved educational goal. The specific requirements are described and included in the Yuba College Financial Aid Guide available at the Financial Aid Office and posted on the Financial Aid web site at yc.yccd.edu. Academic Progress towards the students’ identified educational goal is required in order to continue receiving funds. Failure to make academic progress or be enrolled in required courses to achieve the educational goal may result in termination of Financial Aid.

RETURN TO TITLE 4 (R2T4). Students who drop completely or withdraw from classes prior to completing 60% of the term may be required to repay any unearned federal funds to Yuba College or to the Department of Education, per Federal regulations.

Programs Available to Yuba College Students

- **Scholarships.** Many scholarships are available to help students meet the cost of their education. These scholarships become available through private support from individuals and organizations in the Yuba College community who have contributed to scholarship funds.

  Most scholarships are based on academic achievement; others are based on financial need. A complete listing of all scholarships offered, eligibility requirements, deadline dates, and application information is available in the scholarship handbook posted on the Financial Aid web site at yc.yccd.edu.

- **Grants.** Federal, State, and Institutional grant programs are available to eligible Yuba College students. These funds are based on financial need criteria and eligibility and paid two times per semester. Included are Federal Pell, Federal SEOG Supplemental Educational Opportunity Grant, BIA (Bureau of Indian Affairs) Grant, EOPS (Extended Opportunity Program and Services) Grant, CARE (Cooperative Agency Resources for Education) Grant, Chaffee Grant, Cal Grants B and C, full-time Student Success Grant and Community College Completion Grant.

- **California College Promise Grant (CCPG).** Formerly known as Board of Governors Fee Waiver (BOG) The waiver of student fees provided by the CCPG Program is designed to ensure that the fee policies of the California Community Colleges (CCC) are not a financial barrier to education for any California resident or eligible non-resident. Enrollment fees for CCC students are determined annually by the Legislature and the Governor and can be adjusted whenever it is deemed appropriate. These fees are waived for needy students as defined by the CCPG program through appropriations assessed in the annual state Budget Act. The CCPG application may be completed in lieu of, or in addition to, the FAFSA or Dream Act Application to qualify for the CCPG and/or other student service programs and benefits (EOPS/CARE, etc.).

- **Work Study.** The Federal Work Study (FWS) Program provides jobs for eligible students awarded FWS funds as part of their financial aid package. An award offer is not a job guarantee. Call the Financial Aid Office for additional information.

- **Direct Loans.** Contact the Financial Aid Office for information on Student Loans.
AB 540 and the California Dream Act

The Law: AB 540 authorizes any student, including undocumented students, who meet specific criteria to pay in-state tuition at California’s public colleges and universities.

AB 540 Eligibility Requirements:
- Attended a combination of California high school, adult school, and community college for the equivalent of three (3) years or more
- Three (3) or more years of California high school coursework and attended a combination of California elementary, secondary, and high school of three (3) years or more. AND
- Graduated with a California high school diploma or have the equivalent (i.e. California-issued GED, CHSPE) or
- Completed an associate’s degree from a California Community College or
- Completed the minimum requirements at a California Community College for transfer to the California State University or the University of California.
- Must have registered or currently be enrolled at an accredited institution of higher education in California;
- Must have filed or will file an affidavit stating that will apply for legal residency as soon as possible; and
- May not be a non-immigrant holding a valid lettered non-immigrant Visa 5.

AB 540 Affidavit - “California Non-Resident Tuition Exemption Request”

In order to receive the exemption from non-resident tuition, students must obtain, complete, and submit the AB 540 Affidavit to the Admissions and Records Office. Students may be required to submit additional documentation such as high school transcripts and appropriate records of high school graduation or the equivalent.

The California Dream Act

AB 130 allows students, who meet AB 540 criteria (California Education Code 68130.5(a)), to apply for and receive non-state funded scholarships for public colleges and universities; AB 131 allows students, who meet AB 540 criteria, to apply for and receive state-funded financial aid such as institutional grants, California College Promise Grant, Cal Grant and Chafee Grant. Therefore, AB 540 students are allowed to apply for the following types of financial aid:

- California College Promise Grant (CCPG) - Formerly known as the Board of Governments Fee Waiver (BOG)
- State financial aid like Cal Grants and Chafee Grants
- Assistance from EOPS, CARE or CalWORKs
- Privately-funded scholarships

If eligible for AB 540, students must:
- Contact the Admissions and Records Office to complete the Affidavit form and provide the required documentation to establish eligibility
- Contact the Financial Aid Office to determine the next steps to take
- Students who have a Social Security Number need to complete the FAFSA at: www.FAFSA.gov
- Students who do not have a Social Security Number need to submit a California Dream Act application available at: https://dream.csac.ca.gov/

As of October 5, 2017, Senate Bill 68 was approved, which expands AB 540 to enable students to count years spent at a California Community College and Adult School towards AB 540 eligibility. Additionally, the bill will allow the completion of an Associate’s Degree or satisfaction of the minimum requirements to transfer to the University of California (UC) or California State University (CSU) to meet the degree or units requirements, which expands possibilities for a student to qualify for in-state tuition and financial aid at CCCs and the CSUs.

AB 2248 Student Financial Aid:

Cal Grant Program

Cal Grant award, except Cal Grant C, is limited to four academic years, except for a current or former foster youth, Cal Grant B awards may be renewed for a total of the equivalent of eight years of full-time attendance in an undergraduate program, provided minimum financial need exists. A student needs to take 15 units per semester or equivalent quarter units, or 30 semester units or equivalent quarter units per academic year, in order to graduate in four years.

Hope Scholarship (Tax Relief) and Lifetime Learning Credit

The Hope Scholarship is actually a tax credit, not a scholarship. Tax credits are subtracted directly from the tax which is owed, rather than reducing taxable income like a tax deduction. A family must file a tax return and owe taxes in order to take advantage of it. The Hope Scholarship credit is not refundable for families who do not pay taxes. The federal government created the Hope Scholarship to allow families the opportunity to deduct the enrollment/tuition fees paid for attending college for income tax purposes. There are federal criteria and guidelines for deducting the fees for income tax purposes; consult a tax advisor for questions.

At the end of each calendar year, Yuba College will provide an electronic Form 1098T through WebAdvisor for students who meet the required criteria (does not apply if fees were waived or paid by another agency). The 1098T statement includes payments for tuition charged during the year.
Athletics

Yuba College is a member of the Bay Valley Conference, Northern California Football Conference, California Community College Athletic Association (CCCAA), which functions as part of the Community College League of California, and participates in men's and women's basketball, baseball, men's and women's cross country, football, men's and women's soccer, men's and women's track & field, softball, and volleyball. (Refer to page 40, “Athletic Eligibility”)

Campus Police Department

We are committed to ensuring the safety of our students, staff, faculty, and just and impartial visitors. Every member of our department is involved in keeping all of the campuses safe and secure. However, a truly safe campus can only be achieved through the cooperation of all students, employees, and visitors. The Yuba Community College District covers nearly 4,200 square miles, and currently has five educational sites in five different counties. The Police Department provides professional law enforcement services at all five educational sites. These campuses include Yuba Community College, Woodland Community College, Lake County Campus, Colusa County Campus, and the Sutter County Center.

The Police Department on the Yuba College Campus is located in Warren Hall, Building 1600. The Police Department can be reached by calling 6771 from any campus phone, dialing (530) 741-6771 or (530) 870-1158 from other phones. In case of an emergency, call 911 from any phone or use one of the many emergency phones (“Blue Phones”) located on campus. The Police Department provides the following services:

Campus Patrols: The Yuba Community College District Police Department uses uniformed and non-uniformed officers to patrol the campuses in cars, on bicycles and on foot. These patrols are conducted on the roadways and walkways of the campus, as well as in buildings.

Safety Escort Service: Students who feel fearful walking on campus may request a safety escort by dialing extension 6771 from any campus phone or (530) 741-6771 from other phones. After business hours, call the Campus Police cellular phone at (530) 870-1158. Provide the YCCDPD Officer with the current location and intended destination on campus. If there are special circumstances or risks the student knows about, be sure to share them with the officer. Subject to availability, an officer will be dispatched to the students location to walk with the student to the desired destination. An officer may wish to transport the student in a vehicle if it is more practical based on conditions.

Vehicle Jumpstart Courtesy Service: Police vehicles are equipped with battery jumpstart systems to allow officers to attempt to assist motorists who have discharged batteries. This service is provided at no charge, subject to officer availability and is performed only if the vehicle owner accepts the risk of damage. Normally there is very little risk, however officers are not trained mechanics, and from time to time damage may occur. Persons who have insurance coverage for jumpstart service or who do not want to accept the risk of damage should call a professional mechanic.

Sex Offender Registration Program: Sex offenders are required to register the first five days of the semester they have registered for classes. The registration remains on file during consecutive course attendance, but are required to unregister if they are no longer going to be attending any of the educational sites.

Jeanne Clery Disclosure: In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, Yuba College publishes and distributes an annual security report. The report includes statistics for the previous three years concerning reported crimes that occurred on campus, in off campus buildings or property owned or controlled by Yuba College, and on public property within or immediately adjacent to and accessible from the campus. The report may be obtained at the Yuba College Police Office or online at: www.yccd.edu/central-services/campus-safety/jeanne-clery-report/

Police Cadet Program: The Police Cadet Program employs a diverse group of Yuba Community College District students. Its mission is to provide outreach to the campus community, while helping to deter crime, and enforcement of the district parking policy. Police Cadets provide high visibility, uniformed patrol of the campus. This includes, but is not limited to, the campus, buildings, and parking lots. They act as additional “eyes and ears” to the police department.

Children in Class

Attendance in a class is limited to those students who are officially registered in accordance with State and District regulations. This includes dual enrolled high school students. Children are prohibited from attending classes. Classes are limited in size, and no disruptions will be allowed in the classroom. In addition, the College assumes no liability for injuries that may occur to the child.
Clubs and Organizations

Clubs and organizations cater to and meet the academic, social, and political needs of a wide variety of students; they provide participation in extracurricular activities both on- and off-campus. Information concerning clubs and organizations can be obtained from the Student Council by calling (530) 741-6829 or visiting yc.yccd.edu. Certain clubs listed below may not be active during the current academic year (depends largely on student participation).

Associated Students of Yuba College
Associate Degree Nursing (ADN) Club
Auto Club
CNSA
Green Futures
Yuba College Literary Arts Club
Media Club
Psychology
Puente
Student Veterans Association
Speech Club
Umoja
Yuba College Student Veterans Assn.
Veterinary Technology Club

The Associated Students of Yuba College (ASYC) is the title of the official organization which controls student affairs. The Student Council, the governing body of the ASYC, provides services and social activities for students and represents students' views and interests to the administration and Board of Trustees through participation on college committees.

Colors and Nickname

The college colors are navy blue and gold. The nickname of the college teams are the “49’ers.” The mascot is Dusty the Forty Niner.

Conduct and Discipline

If a student’s conduct violates District rules or regulations, the Code of Conduct for Students, or public laws, the student will be subject to one of the forms of “sanctions” included in the Code, which are:

- **Removal from class.** An instructor may remove a student from his or her class for the day of removal and the next class meeting. In the case of the Library, removal would be for the day and the next college day. The instructor shall immediately report the removal of the student to the College President or designee for appropriate action.

- **A written or verbal reprimand.** An admonition to the student to cease and desist from conduct determined to violate the Student Code of Conduct. Such reprimands are given in a disciplinary conference with an administrator. Written reprimands may become part of the student’s permanent record at the college. Verbal reprimands may become a part of a student’s record at the college for a period of up to one year.

- **Disciplinary probation.** The disciplinary authority has the discretion to impose an appropriate probationary period consistent with these procedures. A copy of the written disciplinary probation is filed in the student’s permanent file. In addition, if the student is a minor, a copy of the letter shall be sent to the student’s parent or guardian, and the parent or guardian shall be invited to confer with the college administrator imposing the discipline.

- **Immediate interim suspension.** The suspension from one or more classes when required to protect lives or property and to ensure the maintenance of order. A student may be placed on immediate interim suspension without prior notice, provided that student is provided a reasonable opportunity for a hearing within ten (10) days of the first day of suspension.

- **Short-term suspension.** The suspension from one or more classes for a period of up to ten (10) consecutive instructional days.

- **Long-term suspension.** The exclusion of the student from one or more classes for more than ten (10) consecutive instructional days, or from all classes and activities of the college for one or more additional terms.

- **Expulsion.** The exclusion of the student by the Board of Trustees from the college indefinitely when other means of correction fail to bring about proper conduct, or when the presence of the student causes continuing danger to the physical safety of others. (Education Code §76030.)

A copy of the Yuba College Code of Conduct for Students may be obtained from the Office of the Vice President of Academic and Student Services and is available online on the Yuba College website under the Resources tab.
Dress Regulations

Based on the YCCD Student Code of Conduct, Yuba College students are expected to demonstrate maturity and exercise good judgment and taste in everyday attire. Whatever the student’s judgment, however, every individual is required to wear top and bottom clothing at all times and footwear in all campus buildings. Specific footwear may be required in specific areas of the campus due to safety and/or potential damage to the flooring. Additional dress regulations may be imposed upon students participating in certain programs or extracurricular activities sponsored or organized by the college.

Drug Free School Policy

The District recognizes that substance abuse is a major health problem throughout the United States. Therefore, in order to eliminate abuse, the entire college community must be involved. The single consistent message is that substance abuse is wrong, dangerous, and will not be tolerated. Yuba College has a “zero tolerance” policy; all campuses and centers are to be alcohol and drug free.

It is the stated policy of the District to implement a comprehensive substance abuse strategy that will work more effectively in combating use and potential use of drugs by students. The policy sets forth procedures that not only expose students to awareness of the dangers of drugs and alcohol, but also encourages each individual to act to prevent the sale and use of drugs.

The following program principles have been adopted to implement this policy:

• The Student Code of Conduct, supported by Education Code Section 60041(b), prohibits the unlawful possession, use, or distribution of illicit drugs and/or alcohol by students on its property or as part of any of its activities.

• Information regarding applicable legal sanctions under local, State, and Federal law for the unlawful possession or distribution of illicit drugs and/or alcohol is available to all students through the Yuba College Campus Police Department, the Yuba College Student Health Clinic, the Student Services Department or the President’s Office.

• Educational materials regarding health risks associated with the use of illicit drugs and the abuse of alcohol are made available to all students through the Student Health Clinic. More in-depth information is available through the Chemical Dependency Program courses.

• Information regarding resources for drug or alcohol counseling and treatment are available through the Student Health Clinic.

• The Office of the Vice President of Academic and Student Services will keep records of all disciplinary actions and evaluate the consistency of all enforcement.

Music

The Music Department provides a stimulating environment nurturing discovery, development, and recognition of the creative spirit. Students can participate in various performing ensembles including Chamber Singers, Concert Choir, Jazz Band and Symphonic Band or learn to make music through classes in piano, guitar or voice. More serious students of music can fulfill the required curriculum for an AA or AA-T in Music and transfer to universities. Offering of courses also include those that meet the GE requirements, including World Music, Popular Music in the U. S., Music as Culture, Music and Jazz Appreciation, and Rock Music and Culture. The Department also offers a number of public concerts for the students and the community, including Tuesday Noon Recital Series, talent show, student recitals, ensemble concerts, public outreach concerts and more.

Recording Device Usage

The use of any electronic listening or recording device in classrooms requires the professor’s permission. If such equipment is necessary to provide reasonable auxiliary aid and academic adjustment to students with disabilities, the student should call the Disabled Student Program and Services at Yuba College at (530) 741-6758.

Safe Zone

Yuba College is committed to creating a safe and open environment for all students, staff, and faculty.

Yuba College pledges:

• To promote a positive learning environment free of bias, discrimination, intolerance and violence.

• To engage in civil and informed dialogue with those who may have different views.

• To recognize and respect the need for privacy and to comply with all related polices (FERPA).

• To act upon instances of bias, discrimination, intolerance or violence that are witnessed or reported.

• To feel physically safe and establish a sense of community through extra campus security and consolidate evening classes to populated and common areas on campus.
Smoking and Tobacco/Nicotine Use Policy

In the interest of public health, Yuba Community College District and its colleges became a tobacco/nicotine free campus effective August 2016. This policy applies to all employees, students, vendors, volunteers and visitors.

Use of any form of tobacco/nicotine is prohibited at all times in the following areas:

- On all owned, rented, and leased Yuba Community College District properties, grounds and buildings within the Yuba Community College District.
- In all Yuba College and Yuba Community College District owned, rented and leased vehicles and mobile equipment.

This prohibition includes but is not limited to cigarettes, cigars, bidis, pipes, hookah, electronic cigarettes and smokeless tobacco/nicotine products.

Student Complaints and Grievances

Student Due Process: Complaints and Grievances

Yuba College is committed to serving students in a respectful, fair, and equitable manner. District policies protect the rights of all members of the campus community and ensure every student a fair opportunity to pursue their academic goals. The procedures outlined below are available to any student who reasonably believes that they have been subject to an unjust action or decision that has adversely affected his or her rights as a Yuba College student or is not in compliance with College policies or state or federal laws.

Student complaints are classified into four categories:

1) Grade changes
2) General complaints and grievances;
3) Discrimination and harassment complaints; and
4) Complaints to external agencies.

Complaint Process:

Step 1: Meet with the instructor or staff member to discuss the complaint.

Step 2: If the student is unable to resolve the concern with a faculty member, meet with the Division Dean. If the complaint is about an office or service and was not resolved, meet with the supervisor of that department to discuss the concern.

Regardless of the type of complaint and as stated in step 1 above, students are first encouraged to discuss the complaint or grievance directly with the person or department responsible for the decision or action for which they have a concern (informal resolution). Informal resolution allows the faculty or staff to hear the student’s concerns and work with the student to resolve the issue. However, a student has the right to pursue a formal complaint procedures at any time. See the specific types of complaints below for formal resolutions steps.

Types of Complaints:

Grade Changes: Administrative Procedures 4231 outlines the process by which a dispute of a final grade for a course may be resolved in a fair manner and in accordance with state law. Students should note that the determination of the student’s grade is final in the absence of mistake, fraud, bad faith or incompetence (Education Code 76224).

The request for a grade change should be initiated within the semester following the posting of a disputed grade. Students seeking a grade change should contact the instructor and request a grade change. If the instructor does not agree with the grade change request, the student should then meet with the appropriate dean. If the above process does not lead to resolution, a student has the option to submit a Grade Change Appeal form to initiate the Formal Grade Change Resolution Process by the Academic Standards Committee. Grade appeals shall be made within a two-year period upon completion of the course. The Grade Appeal Form is located at: https://yc.yccd.edu/student/student-grievance/

General Complaints and Grievances: Individuals who are dissatisfied with a campus policy or procedure or with the conduct of a college employee are entitled to file a complaint. The College encourages all members of the campus community to attempt to resolve all issues informally by dealing directly with the staff and faculty involved. However, a student can file a formal Statement of Grievance form within 30 workdays of the incident or 30 workdays after the student learns of the basis for the grievance, whichever is later. Upon receipt of the Statement of Grievance, the Grievance Officer will work with the student to determine if the issue is grievable and to determine if a formal Grievance Hearing is required.

See the following documents for more information:

- Administrative Procedure 5530
- Statement of Grievance Form
- Request for Grievance Form
- Student Code of Conduct

See Administrative Procedure 5530 (http://www.boarddocs.com/ca/yccd/Board.nsf/goto?open&id=A7E2FU020616#) for the specific procedures available to any student who reasonably believes a college decision or action has adversely affected his or her status, rights or privileges as a student. The procedures shall include, but not be limited to, grievances regarding:
Discrimination and Harassment Complaints: Students, employees or others wishing to file a complaint of discrimination on the basis of ethnic group identification, religion, age, gender, sexual orientation, color, or physical or mental disability or any other category of unlawful discrimination should contact the Chief Human Resource Officer. To make an appointment call (530) 741-6976. See the following document for information:

- Administrative Procedure 3435

Title IX: Yuba College supports and complies with Title IX of the Education Amendments of 1972 which prohibits sex discrimination in admission to, or employment in, all of its educational programs and activities. Contact the Title IX Coordinator at (530) 741-6976 or the Director of the Office for Civil Rights U.S. Department of Education, Washington DC.

Complaints to External Agencies: Most complaints and grievances are resolved at the campus level. However, some issues not resolved at the campus level may be presented to the agencies below. Note that specific agencies handle certain types of unresolved complaints.

1) Institutional Compliance with Academic Program Quality and Accreditation Standards: Contact the Accrediting Commission for Community and Junior Colleges (ACCJC) at: http://www.accjc.org/complaint-process

2) Unlawful Discrimination: Contact the California Community College Chancellor’s Office at: http://california-communitycolleges.cccco.edu/ComplaintsForms.aspx

Theatre Arts

The Theatre Arts Department aims to provide its students with basic knowledge of the theater. Courses are integrated around the central idea of learning and producing. Work in acting technique, design, costuming, makeup, lighting, technical production, and other crafts are all taught in theory and practice in the production of a variety of plays. The Department offers several plays for students and the public during the academic year.
Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student’s education records within 15 days of the day Yuba College receives a request for access.

If a student wishes to do so, the student should see a counselor to start the process. The student folder contains copies of high school and college transcripts (if they were sent to YCCD by the student) and other data that may be important for student guidance. The College transcript includes summary information from other colleges attended when those transcripts have been sent to the College for evaluation. These records are available for review by the student with the counselor or Student Services administrator.

If this step does not cover the types of records requested, the student should submit to the Dean, Student Services, a written request that identifies the record(s) the student wishes to inspect. Staff will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by Student Services, the staff shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading.

Students may ask the College to amend a record that they believe is inaccurate or misleading. The student should write the College official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it is inaccurate or misleading.

If Yuba College decides not to amend the record as requested by the student, the College official will notify the student of the decision and advise the student of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosure of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

Directory information is given out only when it is necessary or appropriate to do so in the opinion of a member of the Student Services professional staff; a request to limit Directory Information must be made by a student within seven calendar days of registration. Directory information includes name, major field of study, participation in officially recognized activities and sports, weight and height if a member of an athletic team, degrees and awards received (See BP 5040). Other than directory Information, which may be released, no other data from a student’s records will be released without written authorization except to authorized college personnel upon the basis of need in relation to the student’s education or in response to a lawfully issued subpoena.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College as an administrator, supervisor, instructor, or support staff member (including law enforcement unit personnel and health or medical staff); a person or company with whom the District has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing the official’s tasks.
A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the College discloses educational records without consent to officials of another school in which a student seeks or intends to enroll.

Other than the permanent academic College record, data is kept only as long as it is pertinent.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Yuba College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-8520

Academic Renewal

The Yuba Community College District Board of Trustees permits the alleviation of substandard ("D" and "F") academic performance, which is shown not to be reflective of the student’s recent performance. This policy is adopted for students who need a means of tempering their previous student’s transcript so they may successfully accomplish an academic goal.

Academic Renewal is subject to the following conditions:

- The maximum amount of course work that may be alleviated is 30 semester units.
- Since the end of the semester to be alleviated, the student must have completed 12 semester units with a 3.0 Grade Point Average (GPA), 18 semester units with a 2.5 GPA, or 24 semester units with a 2.0 GPA. A “P” grade will count as a “C” for computing the grade point average for academic renewal purposes.
- A minimum of two semesters must have elapsed since the course work to be alleviated was recorded (Summer Session does not count as a semester).
- The student must have completed at least 12 units in residence in the YCCD.
- Under no circumstances may course work be discounted that has been used in fulfillment of requirements for a degree or certificate.
- If the student is otherwise eligible for graduation, Academic Renewal may not be used to raise the grade point average (GPA) in order to qualify for graduation with honors.
- No units that have been excluded by Academic Renewal can be reinstated.
- Course work granted Academic Renewal status may be counted, if appropriate, toward fulfillment of prerequisites.
- The student’s transcript will be annotated in such a way that all work remains legible, ensuring a true and complete academic history.

Students seeking Academic Renewal must petition the Academic Integrity Committee. The petition arises out of a consultation between the student and a counselor. Current educational objectives should be discussed with a counselor, and the counselor’s recommendation should be included on the petition.

YCCD will honor similar actions by other accredited colleges and universities in determining grade point averages and credits. However, students should be aware that all course work is subject to reevaluation by each subsequent college.

Transfer Credit from Other Colleges and Examinations

Students who previously attended other colleges may submit official transcripts from the colleges attended. Official transcripts may be submitted via direct mail, hand carried in a sealed official envelope or electronically delivered to Yuba College Admissions and Records Office. Official transcripts will be evaluated and credit applied as appropriate for lower division courses completed at colleges accredited by one of the regional accrediting associations (Western Association of Schools and Colleges, Middle States Association of Schools and Colleges, North Central Association of Schools and Colleges, Northwest Association of Colleges and Schools, and Southern Association of Colleges and Schools).

Credit is also allowed for College Level Examination Program Subject examinations, DSST examinations, and College Board Advanced Placement examinations.

Athletic Eligibility

Athletes are governed by the rules of the California Community College Athletic Association (CCCAA) the Bay Valley Conference, Northern California Football Conference, and by Yuba College regulations. Basic eligibility regulations are:

- All students who are continuously enrolled in a minimum of 12 units are eligible for initial collegiate participation. Nine units must be attempted in academic areas.
- All student-athletes must complete and pass a physical by a qualified medical professional prior to participating.
- To maintain eligibility, student-athletes must 1) pass 6 units in their previous full time semester; 2) be continuously enrolled in 12 units during their season of competition.
- To participate in a second sport student-athlete must be enrolled in 12 units and have at least a 2.0 GPA, and pass 6 units in their previous full time semester.
• To participate in a second season of the same sport, student-athletes must be enrolled in 12 units (nine of which are academic in nature), have completed 24 units (18 units must be academic in nature), and have at least a 2.0 GPA.

For additional information about eligibility requirements, refer to the Athletic Constitution of the California Community College Athletic Association (CCCAA), Northern California Football Conference, and the constitution of the Bay Valley Conference.

Attendance
A student is expected to attend all sessions of each class in which enrolled. Attendance is the student’s responsibility. Any student who ceases to attend a class without officially dropping it through WebAdvisor or at the Admissions and Records Office may receive a failing grade.

Auditing Class
The Yuba Community College District Board of Trustees has adopted the following guidelines authorizing the auditing of courses pursuant to Education Code Section 76370.

• Auditors must be eligible for admission to the College as regularly enrolled students.
• Students enrolling for credit will have priority in all credit classes. Auditing will be permitted only at the conclusion of the late registration period.
• Auditors will complete an Auditor Application Form, which must be signed by appropriate instructor. Faculty members instructing audit eligible courses have the right to refuse auditors.
• The completed Auditor Application Form must be filed with the Admissions and Records Office.
• A nonrefundable audit fee of $15 per unit will be payable at the time of enrollment by the auditor, plus the Student Health Fee.
• Students enrolled in ten units or more of credit classes will not be charged a fee to audit three (3) or fewer units per semester.
• Auditors will not be charged the regular Enrollment Fee which is paid for credit enrollment, and the Nonresident Tuition Fee will not apply.
• Course costs will be charged to auditors where appropriate.
• Auditors must purchase parking permits to park on campus.
• Auditors must meet course prerequisites.
• No transcript of record will be maintained for audited classes.
• Auditors will not be counted in enrollment-based decisions about maintaining or canceling classes.
• No transfer from audit to credit status or the reverse will be permitted.
• Audited classes do not count toward units for any purpose, e.g., financial aid, veteran’s benefits, full-time student status.

Authority of Instructors
Every student is required to attend class regularly and instructors may report to the counselors and to the Dean the names of students whose attendance or work is unsatisfactory. The instructor has the right to drop any student with excessive absences (as defined by instructor) which, in the instructor’s judgment, will prevent the student from meeting the objectives of the course.

Pursuant to the Code of Conduct for Students, an instructor may remove a student from class for the day of the removal and the next class meeting. The instructor shall immediately report the removal to the President. The President or designee shall initiate a review process to determine whether or not there are sufficient grounds to remove the student permanently from the class.

Basic Skills Pre-Collegiate Course Limitation
State regulations specify that students may take no more than 30 semester units in “Pre-collegiate Basic Skills” courses. This regulation applies to all courses numbered 100-199, except ESL (English as a Second Language) courses and for students identified by the College as having a learning disability.

Students who are not eligible to move into collegiate-level courses upon completion of the maximum 30 semester units of basic skills courses will be referred to adult education for future skill development and will be dismissed from attending Yuba College in pre-collegiate courses. Students should consult with a counselor if approaching this limit.

Catalog Rights
Students who have a notation (grade or “W”) on their academic transcript in at least one semester of a calendar year receive “catalog rights.” Summer session does not count for catalog rights. Catalog rights refer to the regulations determining graduation requirements. Students may elect the requirements in effect in the year they began their study within the Yuba Community College District or in the year they graduate from Yuba College. Once catalog rights are established, absence related to an approved educational leave or for attendance at another accredited institution is not to be considered an interruption, providing the above attendance criteria are met.
While catalog rights hold degree requirements, they do not apply to changes in prerequisites required in a given course. Prerequisite requirements are those stated in the “Course Descriptions” section of the current catalog. Catalog rights do not apply to the multicultural graduation requirement (see “Graduation Requirements”). Classes used to meet the multicultural graduation requirement and the health/PE/KINES requirement must have been approved to satisfy the requirement at the time the class was taken.

**CLEP Exam Credit Acceptance Policy**

Yuba College accepts the College-Level Examination Program (CLEP) examinations for credit in appropriate classes. Assuming that an acceptable score is achieved on a CLEP examination, Yuba College grants credit in the appropriate course(s) for each examination. The table below defines the credit offered and the course equivalent for each accepted CLEP examination.

**College Board Advanced Placement (AP) Examination Credit Acceptance Policy**

Yuba College grants credit to students who have successfully completed College Board Advanced Placement examinations with scores of 3, 4, and 5. Students must submit official Advanced Placement Examination scores to the Records and Admissions Office in order to receive credit. Credit awarded is based on Yuba College (YC), California Community College Chancellor’s Office, California State University (CSU), University of California (UC), and Intersegmental General Education Transfer Curriculum (IGETC) policy. Specific Yuba College course credit earned through AP Examination credit will be posted on the Yuba College transcript with a “P” grade. Students may not enroll in a course for which AP credit has been granted. Course credit and units granted by Yuba College may differ from course credit and units granted by other colleges. Units listed are indicated in semester units unless indicated otherwise. For AP examinations taken prior to Fall 2013 which are not listed below, see a counselor for information on credit that may be awarded.

Credit By Examination (Challenge)

A currently, or formerly, enrolled student may take a special examination to earn credit or to meet a prerequisite. If the challenge is at a campus or center, it must be a course offered at that campus or center. If the course is successfully challenged for credit, an appropriate letter grade will be awarded. To be eligible to challenge a course a student must:

1. Not be enrolled in the course;
2. Not have completed nor be enrolled in a more advanced course;
3. Have completed at least 12 units from Yuba College with a GPA of 2.0 or higher;
4. Have approval from the appropriate division Dean and recommendation from the instructor teaching the course to be challenged.

To request a challenge, a student must submit a Petition for Credit by Examination to the appropriate Dean. Credit by examination is not applicable to all courses. A course may be challenged only once unless the Dean or the Vice President determines the existence of extenuating circumstances.

Credit For Military Experience

Upon application, the College will evaluate military records to determine if a student may be awarded elective credit for military service. The service person must have spent at least four months in active service and have a discharge other than dishonorable. These units will satisfy the Health/Physical Education/KINES graduation requirement.

College credit may be allowed for the completion of college-level courses in formal service schools in accordance with recommendations found in the Guide published by the American Council on Education.

Directory Information

Student records are maintained in compliance with applicable federal and state laws relating to the privacy of student records.

Any currently enrolled or former student of the District has a right of access to any and all student records relating to him or her maintained by the District.

No District representative shall release the contents of a student record to any member of the public without the prior written consent of the student, other than directory information, and information sought pursuant to a court order or lawfully issued subpoena, or as otherwise authorized by applicable federal and state laws.

Directory information shall include: name, major field of study, student participation in officially recognized activities and sports, weight, height, of athletic team members, degrees and awards received by students, including honors, scholarship awards, athletic awards and Dean’s List recognition (See BP 5040). However, Directory information is given out only when it is necessary or appropriate to do so in the opinion of a member of the Student Services professional staff.

Students wishing to limit directory information release even more may file a request at the Admissions and Records Office within seven calendar days of registration.

Examinations

Midterm and Final Examinations may be given in all courses. Final Examinations in full-semester courses are given as listed on the Final Examination Schedule. No student exception may be allowed to the Schedule except upon approval of an individual Student Petition by the Academic Integrity Committee. Such exceptions will be allowed only in the case of extreme emergency.

Exemption from Regulations

A student wishing to claim exemption from any regulation of the College must file a written Student Petition with the Dean, Student Services, as appropriate.

Financial Obligations

Student records will be withheld and all student/alumni privileges canceled in the case of a student failing to meet financial obligations to the College, including failure to pay Enrollment Fees, Tuition, Child Care charges; return library materials/pay library fines; return or pay for athletic equipment; pay loan or scholarship fund obligations; return/replace any College equipment for which responsible.
Graduation Deadlines

Yuba College has a formal graduation ceremony once a year (at the end of the spring semester).

Students earning an AA or AS degree must apply for the degree by completing a petition for graduation form in person at the Counseling Department or Admissions and Records or online. Courses may be in progress at the time of application for the degree. The deadlines are as follows: Nov. 15 for fall completion of the degree; April 15 for spring completion of the degree; July 1 for summer completion of the AA/AS degree.

Students earning an AA-T or AS-T degree must apply for the degree by completing an associate degree for transfer graduation petition form in person at the Counseling Department or Admissions and Records or online. Courses may be in progress at the time of application for the degree. The deadlines are as follows: Sept. 15 for fall completion of the degree; Feb. 15 for spring/summer completion of the degree. These dates are designed to meet California State University (CSU) deadlines for verifying eligibility for an AA-T or AS-T degree for CSU admission purposes.

Grades and Grade Changes

Grades awarded by faculty are final in the absence of mistake, bad faith, fraud, or incompetence. The request for a grade change must be initiated within the semester following the posting of a disputed grade. Students seeking a grade change should contact the instructor and request a grade change. If the instructor does not agree with the grade change request, the student should then meet with the appropriate dean. If the above process does not lead to resolution, a student has the option to submit a Grade Change Appeal form to initiate the Formal Grade Change Resolution Process by the Academic Standards Committee. Forms are available online at: https://yc.yccd.edu/student/student-grievance/

Students can obtain their grades by accessing WebAdvisor on the Yuba College website.

Grading

The grading system is as follows:

<table>
<thead>
<tr>

<td>1</td>
</tr>
<tr>
<td>F</td>
<td>Failing</td>
<td>0</td>
</tr>
</tbody>
</table>

Other

Notations Definition

P Pass: the “P” is awarded for work completed at the “C” or better level. Students earn no grade points, but they do earn the unit(s). Courses with a “P” grade are not computed in the GPA.

NP No Pass: The “NP” is awarded for work completed at the “D” or “F” level. No units are earned for work at this level. Courses with an “NP” grade are not computed in the GPA.

SP Satisfactory Progress towards completion of a noncredit course. This symbol is used for noncredit courses only and is not supplanted by any other symbol. Courses with an “SP” grade are not computed in the GPA.

AU Audit: Students do not earn units, but the notation does appear on a student's permanent record.

Grade Point Average (GPA)-Computing

The GPA is computed by dividing the total grade points by the total units attempted in the following manner:

1. Grade points are computed by multiplying the number of units represented by an individual course by the grade point value assigned to the grade. For example, a 3-unit course with a grade of “B” is 9 grade points (“B” 3 grade points x 3 units attempted). See "Grading" section for grade point values.

2. The total number of grade points earned in all courses is divided by the total number of units attempted. The result is the GPA.
EW  Excused Withdrawal: Special exemption – requires documentation. An excused withdrawal occurs when a student is permitted to withdraw from a course(s) due to extenuating circumstances or specific events beyond the control of the student affecting his or her ability to complete a course(s). A student must file a petition requesting this option and attach the appropriate documentation to support the extenuating circumstance or specific event. Upon review of submitted documentation and approval of the petition, a withdrawal symbol of “EW” will be assigned. Excused withdrawals will not be counted in progress probation and dismissal calculation. For more information, contact the College Student Services Office. The “EW” symbol may be used as described in, and in accordance with, section 55024.

W  Withdrawal: A “W” is recorded for students who officially withdraw from a course after the end of the fourth week of the semester or 30% of term (whichever is less) or 30% deadline of the course for short-term classes.

Full semester courses officially dropped after the end of the fourth week or 30% of term (whichever is less), 30% of term for short-term courses but prior to the end of the thirteenth week (75% of term for short-term courses), will result in “W” on the student’s transcript. The “W” notation indicates that the student was permitted to drop the course or was dropped by the instructor. A “W” notation carries no connotation of quality of a student’s performance and is not used in the calculation of grade point average.

Withdrawals for full semester classes after the thirteenth week of classes (end of 75% of term for short-term courses) must result in a grade other than a “W” (usually a failing grade). However, in cases of extenuating circumstances such as accident or serious illness, the student may file a petition and evidence (doctor’s excuse, hospital bill, etc.) at the Dean, Student Services requesting permission to withdraw after the final withdrawal deadline. Although the “W” notation is not used in computation of grade point averages, excessive “W,” “NC,” “NP,” or “I” notations are considered in determining Progress Probation (see “Standards for Probation” page 49).

A student may not enroll in the same course in which an incomplete grade was awarded.

IP  In Progress: This symbol indicates that a course is in progress and has not yet ended.

RD  Report Delayed: This symbol indicates either the course has not yet ended, or the instructor has not yet submitted the final grade for the student in the course.

Honors List

Honors Achievement recognizes students who have maintained at least a “B” (3.0) grade point average in 12 or more graded units during that semester (does not count classes with pass/no pass grades). Honors achievement may be noted on the student’s transcript.
Multiple and Overlapping Enrollment

A student may not enroll in two or more sections of the same credit course during the same term unless the length of the course provides that the student is not enrolled in more than one section at any given time.

A student may not enroll in two or more courses where the meeting times for the courses overlap, unless:

- The student provides a valid justification, other than schedule convenience, of the need for an overlapping schedule.
- The Vice President of Academic and Student Services or designee approves the schedule.
- The student makes up the overlapping hours at some other time during the same week under the supervision of the instructor of the course.

Notification of Emergency Absence

In cases where a student may be absent for four or more days, a Notification of Emergency Absence can be requested by a student from the College (in cases of accident, sickness, bereavement, etc.). Further, it is the responsibility of the student to call instructors upon returning to make up missed course work. Call the Counseling Office for Yuba College and the Admissions and Records Office at the other sites to request the Notification of Emergency Absence.

Pass/No Pass Grading

At the option of each Division and in accordance with Title 5 regulations, some courses are offered on the Pass/No Pass (satisfactory/failing) grading basis. In those cases where a single standard of performance for which unit credit is assigned, the “P/NP” grading system shall be used to the exclusion of other grades. Units shall be assigned for meeting that standard; no units will be assigned for failure to do so. The P/NP grading is indicated in the course description section of this Catalog and Schedule of Classes.

In addition, each student will be allowed to select one course each semester from those courses in which students are usually graded on traditional “A,” “B,” “C,” “D,” “F” basis from the courses for which “P/NP” has been deemed appropriate in the Course Outline of Record. The selected course is in addition to such courses as the District’s Colleges may have opted to offer entirely on a “P/NP” basis. The student should consult a counselor to discuss transferability of courses placed on the Pass/No Pass option. The student must file the appropriate form at the Admissions and Records Office no later than the end of the fifth week (30%) of the semester or the end of 30% of class for short-term courses. Once the form is submitted students may not select to return to regular grading.

The “P” notation will be awarded for work completed at “C” (satisfactory) or better level. Units earned for satisfactory achievement shall be counted toward the fulfillment of degree requirements. A grade of “D” or “F” work will result in an “NP” notation for the course. In neither case will units be counted in the determination of the student’s grade point average, but the “NP” will be counted in Progress Probation.

Prerequisites/Corequisites

“Prerequisite” means the preparation or previous course work considered necessary for success in a course. Prerequisites are required only for courses where specific academic background is necessary in order to assure students a reasonable chance of success in the course. Prerequisites which are listed as “required” include:

- Courses for which specific prerequisites have been validated,
- Sequential course work in a degree or program, or
- Courses in which a prerequisite is necessary for transfer to a baccalaureate college. Responsibility for having met the prerequisite rests with the student.

It is the student’s responsibility to be aware of and comply with the prerequisite regulations. Prerequisites are shown for each course in the Catalog and Schedule of Classes. It is the student’s responsibility to check the course descriptions and not register in any class for which the prerequisite has not been completed.

“Corequisites” for a course are those courses in which a student may enroll prior to enrolling in the target course or simultaneously with the target course. Corequisites provide the necessary skill or supplementary body of knowledge or laboratory time during the course to help assure success in the course.

Students may show they have met the prerequisite/corequisite requirements through one or more of the following:

- Successful completion of the prerequisite course with a “C” or better grade.
- Appropriate placement score on the Yuba College Placement Examination.
- Official grade report or transcript from another college/school showing successful completion of the prerequisite with a “C” or better grade (requires a prerequisite verification form approval).
- Approved Prerequisite Challenge Form (Challenge Forms are available from the Counseling Office at Yuba College; Sutter County Center and Beale AFB Outreach Services, the forms are available from the campus administrator.)
Students may be dropped from a class for not having completed the prerequisite. Such action may also result in a student losing Financial Aid, Veteran’s Benefits, etc., since the drop may result in the student’s units falling below full-time/part-time status.

Policy for Challenging Course Prerequisites

Students who wish to petition their recommended placement or the waiver of a prerequisite should be prepared to give evidence or justification why the exemption should be granted. Reasons for seeking a prerequisite challenge waiver may include one or more of the following:

- Prerequisite course is not available
- Prerequisite has not been validated
- Student has the knowledge or ability to succeed in the course without meeting the prerequisite, or
- Student believes the prerequisite is discriminatory or is being applied in a discriminatory manner.

Check with a counselor, the campus administrator, or the Dean, Student Services to obtain the required forms.

Challenges to prerequisites/corequisites shall be on the approved form and filed at the location where the student registers for the majority of classes. Challenges at Yuba College should be filed with the Dean, Student Services. Challenges at other locations should be filed with the campus administrator.

Public Law 101-542 and 102-26: Student Right To Know

Completion rate: 23.42%    Transfer rate: 10.90%

In compliance with the Student Right to Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of YCCD to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 2014, a cohort of all certificate-, degree-, and transfer-seeking first-time, full-time Yuba College students were tracked over a three-year period. Their completion and transfer rates are above. These rates do not represent the success rates of the entire student population at the College nor do they account for student outcomes occurring after this three-year tracking period.

Based upon the cohort, a Completer is a student who attained a certificate or degree or became ‘transfer prepared’ during a three-year period, from Fall 2014 to Spring 2017. Students who have completed 60 transferable units with a GPA of 2.0 or better are considered ‘transfer-prepared’. Students who transferred to another post-secondary institution, prior to attaining a degree, certificate, or becoming ‘transfer-prepared’ during a five semester period, from Spring 2015 to Spring 2017, are transfer students.

YCCD Certificate and Degree Totals

The following are the numbers of degrees and certificates awarded District-wide for the last three years (counts Fall, Spring, and Summer). These totals do not consider the students’ status upon entering the District.

Standards for Probation/Dismissal

Students are subject to “Probation” and/or “Dismissal,” for reasons of deficient scholarship, in accordance with the provisions of Sections 55031 through 55034 of Title V California Administrative Code, and this Catalog. It is the policy of the Yuba Community College District Governing Board that no student be automatically dismissed, but that the individual case of each student subject to dismissal be reviewed by the Dean, Student Services prior to invoking action.

ACADEMIC PROBATION: A student who has attempted at least 12 semester units of YCCD classes as shown by the student’s transcript shall be placed on Academic Probation when the student has earned a cumulative grade point average of less than 2.0 in grades earned.

PROGRESS PROBATION: A student who has enrolled, beginning fall 1981, in a total of at least 12 semester units of YCCD classes as shown on the student’s transcript shall be placed on Progress Probation when the percentage of all units in which a student has enrolled and for which entries of “W,” “I,” and “NP” are recorded reaches or exceeds fifty percent (50%).
REMOVAL FROM PROBATION: A student is removed from Academic Probation when the cumulative GPA (earned in YCCD classes only) reaches 2.0 or higher. A student is removed from Progress Probation when the units of “W,” “I,” and “NP” grades drop below 50% of the accumulated units of completion as shown on the student’s transcript.

DISMISSAL: A student who is on Academic Probation shall be subject to dismissal if the student earned a cumulative GPA of less than 2.0 in all units attempted in each of 3 consecutive semesters even though a lapse of college attendance may occur between the semesters. A student who has been placed on progress probation shall be subject to dismissal if the percentage of units in which the student has been enrolled for which entries of “W,” “I,” and “NP” are recorded in at least 3 consecutive semesters reaches or exceeds fifty percent (50%). Dismissal may be postponed by the Yuba College Academic Standards Committee when evidence of academic improvement or extenuating circumstances exist.

Students who feel they have extenuating circumstances with regard to these regulations should see a counselor and file a petition with the Academic Standards Committee who may conditionally reinstate a student when the circumstances are justifiable. Justifiable circumstances include accidents, illnesses, changes in working conditions, and other reasons beyond the student's control.

READMISSION. A dismissed student may petition for readmission (on probation) after consultation with a counselor. Generally, the student must wait a semester before petitioning for readmission. The counselor will help the student select appropriate classes, limit the number of units of enrollment and set up a visitation schedule to check the student’s progress during the semester of attendance.

NOTE: Students receiving financial aid must refer to the current Financial Aid Handbook concerning Probation Status. Students receiving veteran’s benefits should contact the Veterans’ Services Office concerning consequences of probation. All students receiving aid/benefits should consult a counselor concerning consequences of probation. Students on probation may be prohibited from receiving aid/benefits.

Repetition of Courses

Repetition of courses is conducted in compliance with California Title 5 Regulations, Sections 55040 through 55046. No course repetition procedures established by the District will conflict with Education Code 76224 pertaining to the finality of grades assigned by instructors, with Title 5 Section 59023, or District procedures relating to the retention and destruction of records.

For course repetition approval, the student may submit a petition to the Academic Integrity Committee at Yuba College.

(A) Course Repetition with a Substandard Grade:

Students may repeat a course up to two times in the Yuba Community College District in which a notation of D, F, NP (No Pass), or W (Withdrawal) was earned (maximum three enrollments). This regulation is effective across the district at both colleges. If a student enrolled in a course at Yuba College or Woodland Community College this counts as one of the three attempts. Military Withdrawal (MW) or Excused Withdrawal (EW) is not counted as a substandard grade nor does it count toward the repeat of a substandard grade policy.

Upon completion of the repeated course, the best grade earned will be computed in the cumulative grade point average. The lower grade will remain on the academic record, but will be coded with a symbol indicating the course has been repeated and will be disregarded in the computation of the grade point average. The student's academic record will be notated so that all work remains legible, insuring a true and complete academic history.

(B) Course Repetition without a Substandard Grade:

A course may be repeated when one of the following apply:

EXTENUATING CIRCUMSTANCES

- A student may repeat a course when extenuating circumstances exist to justify such a repetition. Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the student’s control. This is a one-time exception.

RECENCY REQUIREMENT

- When the District has properly established a recency prerequisite for a course or program or another institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating the course in question. Grades awarded for courses repeated under this circumstance shall not be counted when calculating a student’s grade point average. This is a one-time exception.
LEGALLY MANDATED TRAINING
• Students may repeat courses listed in the college catalog to meet a legally mandated training requirement as a condition of continued paid or volunteer employment. These repetitions are not limited and are granted based on the college’s verification of established legal mandates. Such courses may be repeated for credit, and the grade and units shall be included for purposes of calculating the student’s grade point average. The district may claim apportionment each time the student repeats the course.

STUDENTS WITH DISABILITIES
• Course repetition for students with disabilities is subject to the course repetition limitation; however, additional repeats may be individually authorized through the DSPS Office under the following circumstances:
  1. When continuing success of the student in other general and/or special course (such as Adapted Physical Education), is dependent on additional repetitions of a specific course;
  2. When additional repetitions of a specific special course are essential to completing a student’s preparation for enrollment into other regular or special course (such as Assistive Computer Technology, LEARN 155 or LEARN 156); or
  3. When the student has a student educational contract which involves a goal other than completion of the special course in question and repetition of the course will further assist with achievement of that goal.

The previous grade and credit shall be disregarded in the computation of grade point average each time the course is repeated.

Student Classification

I. REGISTRATION STATUS
   FULL-TIME STUDENT: registered for 12 or more units of credit (4 units or more in summer session).

   PART-TIME STUDENT: registered for fewer than 12 units of credit (fewer than 4 units in summer session).

   SPECIAL PART-TIME STUDENT: dual enrollment in high school under Education Code Section 76001 or 76002

II. ACADEMIC CLASS STATUS
   FRESHMAN STUDENT-has earned to date fewer than 30 units of credit.

   SOPHOMORE STUDENT-has earned to date 30 or more units of credit but has not completed all course and unit requirements for the Associate in Arts or Associate in Science, or any higher degree.

Student Definitions
• Continuing Student. A student who was enrolled in the previous semester (excluding summer session).
• First-time Student. A student who has never attended any college.
• New Student. A student who has never attended YCCD but has not attended the past 3 years.
• Returning Student. A student who attended Yuba College previously, but not during the previous semester (excluding summer session) or last 3 years. If after 3 years, the student will be categorized as a new student at Yuba College.
• Transfer Student. A student who attended another institution prior to applying to Yuba College.
• Returning Transfer Student. A student who attended a Yuba College class, then attended another institution, and plans to attend a Yuba College class again.

Transcripts
A student may apply for an official transcript of college courses at the Admissions and Records Office. A student in good standing may receive a transcript at any time. Two copies are furnished free by the College; additional copies are $5 each. Transcripts requested “over the counter” or a “48-hour rush mail” will require a $10 “rush” fee. Transcript fees must be paid at the time of request.

Official transcripts may be requested in person, by mail, by fax, or online. For information about transcripts, contact the Admissions and Records Office at (530) 741-6720, email ycadmissions@yccd.edu, or visit the Admissions and Records Office webpage on the Yuba College website.

Students may print out their own free “unofficial” transcript copy online by logging on to the Yuba College website. Select WebAdvisor and follow the instructions.

Withholding of Student Records
Per Administrative Procedure 5035, the Registrar may withhold grades, transcripts, diplomas, and registration privileges from any student or former student who fails to pay a proper a financial obligation to YCCD. The student will be given written notification and the opportunity to explain if the obligation is in error.
General Education and Graduation Requirements

This catalog describes the College’s graduation and transfer requirements. Not all requirements can necessarily be met at all locations where classes are offered. Students should consult the Schedule of Classes at each location to determine the types of classes available and frequency of offerings.

Associate in Arts/Associate in Science Degree

The Associate in Arts or Associate in Science degree may be awarded to a student who has completed the following requirements:

REQUIREMENT 1: All students must pass the reading, writing, and mathematics competency examinations or equivalents listed below with a “C” or better grade.

COMPETENCY REQUIREMENTS:
1. Reading and Writing competency may be met by:
   a. Passing English 1A with “C” or better.
   b. Possession of an AA., A.S., or higher degree at the time of admission to campuses within the Yuba Community College District.

   Note: Students should complete the reading and writing competency requirement within the first 30 units of credits earned.

2. Mathematics competency may be met by a “C” or better in:
   a. Any mathematics or statistics course that has Math 101 as a prerequisite; or
   b. Any higher level mathematics or statistics course.

REQUIREMENT 2: All students must complete 18 units of general education, selecting at least 3 units each from Areas A, B, C, D1 (4 units), D2 and E below with a grade of “D” or better.

AREA A. NATURAL SCIENCE (Select 3 units)
   Agriculture 45, 45L
   Anthropology 1
   Astronomy 1
   Biology 1, 10, 10L, 11, 15, 24, 24L, 25
   Chemistry 1A, 1B, 2A, 10
   Ecology 10, 12
   Geography 1
   Geology 10L, 11L, 12, 20
   Physical Science 10A, 10AL, 10B, 10C
   Physics 2A, 4A
   Plant Science 20, 20L, 22, 22L

AREA B. SOCIAL SCIENCE (Select 3 units)
   Administration of Justice 10
   Anthropology 2, 3
   Early Childhood Education 3, 31
   Economics 1A, 1B
   Geography 5
   History 4A, 4B, 5A, 5B, 7, 14, 15, 16A, 16B, 17A, 17B, 29
   Philosophy 6
   Political Science 1, 2, 3, 6, 7
   Psychology 1A, 12, 22, 33, 41
   Sociology 1, 2, 5, 6, 10

AREA C. HUMANITIES (Select 3 units)
   Art 1A, 1B, 5, 20
   Asian-American Studies 31
   English 1B, 30A, 30B, 31B, 34, 36, 37, 38, 42, 46A, 46B
   French 1, 2
   Humanities 5, 10, 11, 20, 26A, 31, 34
   Music 1, 1A, 3, 12, 15, 16, 17, 18, 35
   Philosophy 1, 2, 3, 20
   Sign Language 1, 2, 3
   Spanish 1, 2, 3, 4, 10, 20A, 20B, 35, 36
   Speech 2
   Theatre Arts 10, 32, 33, 34

AREA D. LANGUAGE AND RATIONALITY
   D1. ENGLISH COMPOSITION
      English 1A, 1E
   D2. COMMUNICATION AND ANALYTICAL THINKING (Select 3 units)
      Computer Science 2, 6, 9A, 9B, 10L
      Engineering 10
      English 1C
      General Business 56
      Mathematics 1A, 1B, 9, 10, 15, 20, 21, 25, 51, 52, 52B, 55, 58, 59
      Philosophy 6, 12
      Political Science 6
      Sociology 8
      Speech 1, 3, 6, 7, 8
      Statistics 1

AREA E. ELECTIVES (Select at least 3 additional units)
1. A second course from any Area above; OR
2. Documentation of active military service (may also be used to meet Requirement 4 (Health/P.E.)); OR
3. Course(s) listed below:
   - Accounting 10A
   - Administration of Justice 10, 30
   - Art 18
   - Automotive Technology 21, 22
   - Counseling 10, 25
   - Early Childhood Education 3
   - Education 20
   - English 40A, 40B
   - General Business 10
   - Health 1, 5, 10, 13
   - Human Services 11
   - Kinesiology courses
   - Philosophy 6
   - Physical Education courses
   - Political Science 6, 7

**REQUIREMENT 3:** All students must complete the designated degree major courses with a grade of “C” or better. Majors are listed in the section headed “Degrees and Certificates” and in the Course Descriptions section of the catalog.

**REQUIREMENT 4:** All students are required to successfully complete with a grade of “D” or better:
   - Health 1, 2, 4 or 13 OR two Kinesiology/Physical Education activity courses one of which must be selected from the following:
     - Kinesiology 1.21, 1.22, 1.26, 1.27, 1.34, 1.37, 1.57, 1.57B, 1.59, 1.75, 1.76, 3, 4, 6, 7, 9, 10
   - Note: Students who will be completing degrees in Basic Police Academy, Associate Degree in Nursing, Psychiatric Technology, Radiologic Technology, or Veterinary Technology, and students who submit documentation of active military service are exempt from this requirement. This requirement is not based on units or catalog rights. Courses listed here may also be used in Area E.

**REQUIREMENT 5:** All students are required to meet the Multicultural Graduation Requirement (MGR) by completing three or more units from the following courses or the programs listed below with a grade of “D” or better:
   - Administration of Justice 19
   - Anthropology 2
   - Art 1A, 3B, 5, 20
   - Asian American Studies 31
   - Early Childhood Education 27, 31
   - Education 1
   - English 30A, 30B, 36, 37
   - Geography 5
   - History 5A, 5B, 7, 14
   - Human Services 11
   - Humanities 5, 20, 26B, 31
   - Math 55
   - Music 12, 16, 17
   - Philosophy 1, 3, 20
   - Political Science 2, 7
   - Sociology 5
   - Spanish 20A, 20B, 36
   - Speech 8

   *Note: Courses listed here may also be used in Area B, C or D. This requirement is not based on catalog rights. Completion of the following programs also fulfills the multicultural graduation requirement: Basic Police Academy, Associate Degree Nursing; Psychiatric Technology; Radiologic Technology; and Veterinary Technology.*

**REQUIREMENT 6:** All students are required to complete a minimum of 60 semester units in lower division associate degree level courses with at least a 2.0 (“C”) grade point average. The grade point average that is calculated for associate degree purposes only counts units and grade points earned in associate degree level classes. Non-associate degree credit courses (numbered 100-199 and 200-299) completed fall 1989 and thereafter will not count toward the associate degree. For courses completed between July 1, 1983, and July 30, 1989, a maximum of 6 semester units of courses numbered 100-199 may be counted toward this requirement. All courses numbered 200-299 completed prior to fall 1989 may be counted toward this requirement.

**REQUIREMENT 7:** All students are required to complete a minimum of 12 semester units with at least a 2.0 (“C”) grade point average in associate degree level classes at Yuba College.

**REQUIREMENT 8:** Students earning an AA or AS degree must apply for the degree by completing a petition for graduation form in person at the Counseling Department or Admissions and Records or online. Courses may be in progress at the time of application for the degree. The deadlines are as follows: Nov. 15 for fall completion of the degree; April 15 for spring completion of the degree; July 1 for summer completion of the AA/AS degree.

**General Education Philosophy Statement:**

Common to both the Associate in Arts and Associate in Science degrees is a strong general education program which fosters the following philosophy: “General Education at Yuba College is more than a set of required courses. It is a course of study designed to assist the student in beginning an effective lifelong learning process in which the interrelationships of human knowledge and experience are recognized. Embodied in this design is recognition of the student’s need to think and communicate effectively, both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; to develop the capacity for self-understanding; and to understand the issues related to and the ways in which health and well-being can be maintained.”

**Additional Associate Degrees**

An Associate in Arts or Associate in Science degree will be awarded to those already possessing an associate degree, subject to the following conditions:

1. All requirements in a different major from that of previous associate degree(s) must be satisfied. The major will be printed on the degree.

2. All general education requirements in effect at the time of beginning the new degree program must be satisfied. After meeting the above conditions, a student may petition for any degree for which the graduation requirements have been met.
General Transfer Information

Yuba College offers many of the lower division (freshman and sophomore level) classes that are part of the requirements to earn a baccalaureate degree at a college or university. Yuba College students may complete all or most of their lower division general education and major preparation before transferring.

Transfer requirements and the requirements for a Yuba College Certificate of Achievement and/or Associate of Arts Degree or Associate of Science Degree program can be very different. With careful planning a student may be able to earn a certificate and/or associate degree as well as meet transfer requirements. In some specific majors, it is possible to earn an Associate of Arts for Transfer or an Associate of Science for Transfer degree. Therefore, the importance of reaching a decision regarding one’s objectives as early as possible cannot be overemphasized.

Transfer requirements can vary among college or universities. Students are encouraged to meet with a Yuba College counselor to discuss their transfer plan and develop a comprehensive student educational plan which meets the requirements of the particular college or university to which they wish to transfer. For additional college and university transfer information, students are encouraged to meet with university representatives who periodically visit the Transfer Center, participate in Yuba College’s College Fair, access transfer admission information including college catalogs online through college, university, or system websites, attend open house or preview events, and go on Yuba College sponsored field trips to colleges and universities.

Although Yuba College assists students in preparing for transfer, it is ultimately the students’ responsibility to make sure that the requirements for transfer have been met. The information and requirements in the following sections are subject to change without notice.

Articulation System Stimulating Inter-Institutional Student Transfer (ASSIST)

ASSIST is a single computerized database located at www.assist.org that provides access to articulation agreements developed between California Community Colleges, the California State Universities (CSU), and the Universities of California (UC). As articulation agreements are updated, so is the information maintained in ASSIST. See a counselor for assistance in how to use ASSIST.

- CSU Transferable Courses
  These are courses from a California Community College that transfer to any CSU campus for baccalaureate/transfer credit.

- CSU GE-Breadth Certification Courses
  These are courses from a California community college that apply to the CSU GE-Breadth certification requirements.

- CSU US History, Constitution, and American Ideals Courses
  These are courses from a California community college that satisfy the CSU graduation requirement in U.S. History, Constitution, and American Ideals.

- IGETC for UC and CSU
  These are courses from a California community college that apply to the Intersegmental General Education Transfer Curriculum (IGETC) requirements.

- UC Transferable Courses
  These are courses from a California community college that transfer to any UC campus for baccalaureate/transfer credit.

- UC Transfer Admission Eligibility Courses
  These are courses from a California community college that satisfy the minimum eligibility course requirements for admission to the UC.

- By Major
  These agreements specify courses at one college or university that fulfill lower-division major requirements/preparation at another college or university.

- By Department
  These agreements identify courses at one college or university that are acceptable in lieu of courses at another college or university.

Articulation

Articulation is a process of developing formal agreements that identify courses at one college that are accepted in lieu of specific courses at another college or that fulfill a specific statewide pattern of general education.

Yuba College has developed numerous articulation agreements with California State University and University of California campuses. These agreements may be viewed at www.assist.org. Articulation agreements have also been developed with some California private and out-of-state colleges and universities and are available on their websites. See a counselor for assistance.
Transfer Requirements and Information

• C-ID
  C-ID is a common numbering system among California community colleges and California State Universities. Courses form different colleges with the same C-ID may be used in place of one another.

Transfer to California State University (CSU)

Students who have enrolled in college beyond the summer following their high school graduation are considered transfer students and must meet transfer admission requirements.

Students who have completed fewer than 60 CSU transferable semester (90 quarter) college units at the time of transfer are considered lower division transfer students.

Students who have completed 60 or more CSU transferable semester (90 quarter or more) college units at the time of transfer are considered upper division transfer students. The CSU gives priority admission consideration to California Community College students who meet the CSU upper-division transfer admission requirements. However, the highest admission priority is given to CCC students who have earned an Associate Degree for Transfer. See “Associate Degree for Transfer” for more information on the degree requirements.

Lower Division Transfer Admission Requirements:
Transfer students with fewer than 60 semester or 90 quarter CSU transferable units must have a grade point average of 2.0 (“C”) or better in all transferable units attempted, be in good standing at the last college or university attended, and meet one of the eligibility standards identified by CSU available on www2.calstate.edu/apply or www.californiaestateuniversity.edu.

Due to enrollment pressures, many CSU campuses do not admit lower division transfers. Some campuses may require lower division transfer students to complete specific college coursework as part of their admission.

Upper Division Transfer Admission Requirements:
Students are eligible for admission with 60 or more CSU transferable semester units (90 quarter units) if they:
• Have a grade point average of 2.00 or better (2.40 minimum for California non-residents) in all CSU transferable college units attempted
• Are in good standing at the last college or university attended (i.e. eligible to re-enroll)
• Have completed or will complete prior to transfer at least 30 semester units (45 quarter units) of CSU general education requirements with a grade of “C” or better in each course including all of the general education requirements in Area A: Communication in the English Language (English composition, oral communication, and critical thinking) and at least one course of at least 3 semester units (4 quarter units) required in Area B4: Mathematics/Quantitative Reasoning.

Campuses and/or programs that are designated as impacted have additional admission criteria. Impacted campuses/programs result when the number of CSU eligible applicants received in the initial application filing period is greater than the number of students that can be accommodated by the campus or major.

Some CSU campuses have restrictions on when courses in Areas A and B4 must be completed prior to transfer.

There are limitations on the number of CSU transferable work experience credits accepted. These vary by CSU campus.

Associate Degree for Transfer

The Student Transfer Achievement Reform Act (SB 1440) established an Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T) for California community college students. The AA-T or AS-T degrees are designed to provide a clear pathway to the CSU degree major. Students who are awarded an Associate Degree for Transfer (AA-T/AS-T) degree and meet the CSU minimum admission requirements are guaranteed admission with upper division (junior level) standing to the CSU (but not necessarily to the specific CSU of choice) and are given priority admission consideration when applying to a CSU program that has been deemed similar to the degree earned at the student’s community college. Once admitted to CSU, the student will only be required to complete 60 additional prescribed units to qualify for the baccalaureate degree.

In order to earn an Associate Degree for Transfer (AA-T/AS-T), students must complete:
• 60 semester or 90 quarter units of coursework eligible for transfer to the CSU, including IGETC (CSU version) or CSU GE-Breadth
• at least 18 units of coursework in the major or area of emphasis as defined by the California Community College AA-T or AS-T degree with each course in the major completed with a “C” grade or better
• a minimum cumulative GPA of 2.0 for all CSU transferable courses completed.

Students earning an AA-T or AS-T degree must apply for the degree by completing an associate degree for transfer graduation petition form in person at the Counseling Department or Admissions and Records or online. Courses may be in progress at the time of application for the degree. The deadlines are as follows: Sept. 15 for fall completion of the degree; Feb. 15 for spring/summer completion of the degree. These dates are designed to meet California State University (CSU) deadlines for verifying eligibility for an AA-T or AS-T degree for CSU admission purposes.

2019-2020 Catalog
Transfer Preparation and Information

Yuba College offers the following Associate Degrees for Transfer:

- Administration of Justice (A.S.-T)
- Biology (A.S.-T)
- Business Administration (A.S.-T)
- Chemistry (A.S.-T)
- Communication Studies (A.A.-T)
- Computer Science (A.S.-T)
- Early Childhood Education (A.S.-T)
- English (A.A.-T)
- Geology (A.S.-T)
- History (A.A.-T)
- Kinesiology (A.A.-T)
- Mathematics (A.S.-T)
- Music (A.A.-T)
- Political Science (A.A.-T)
- Psychology (A.A.-T)
- Sociology (A.A.-T)
- Studio Arts (A.A.-T)
- Theatre (A.S.-T)

For up-to-date information on the Associate Degree for Transfer, contact a Yuba College counselor, the Yuba College Transfer Center, or visit www.calstate.edu/transfer/degrees/aa-degrees.shtml

General Education-Breadth (CSU GE-B) Requirements for CSU

The CSU General Education-Breadth program allows California community college transfer students to fulfill lower division general education-breadth requirements for any CSU campus prior to transfer. This curriculum provides an alternative to the IGETC requirements and to the campus-specific GE-Breadth requirements. It is important to note that CSU GE-Breadth certification is not a minimum admission requirement, nor does completion guarantee admission to the campus or program of choice.

Up to 39 of the 48 CSU GE-Breadth units required can be transferred from and certified by a California community college. Students who are certified with 39 semester units of lower division CSU GE-Breadth units cannot be held to additional lower division CSU GE-Breadth courses at the CSU campus. Upon enrollment at CSU, all transfer students will be required to complete a minimum of 9 semester units of upper division general education. Students without certification may be held to the general education pattern developed for CSU students, which may vary greatly from the community college CSU GE-Breadth pattern.

California State University Transfer Course List (CSU) and Credit

Yuba College courses numbered 1 through 49 are CSU transferable. Courses are identified as “Transferable to CSU” in the “Programs and Courses” section of this catalog. A maximum of 70 semester (105 quarter) CSU transferable units earned at California community colleges may be transferred to the CSU. Community college coursework completed above the 70 units may be used to meet general education (GE), elective units, or major preparation requirements even if the units will not count toward the baccalaureate degree. Transfer credit is also granted to students who successfully complete equivalent courses at other regionally accredited or four-year courses or universities.

### CSU Graduation Requirements

Log on to www.csueb.edu for more information.

### Notes

- This pattern is designed to satisfy the 39 units of lower division General Education requirement in any of the CSU campuses. A minimum of 48 semester units in General Education (GE) is required for a B.A./B.S. degree. 9 semester units must be at the upper division level. GE units in excess of 39 completed at YCDD campuses may transfer as lower division major and/or elective (70 GE units maximum).
- **CSU campuses may have additional lower division graduation requirements outside of GE.**

2019-2020 Catalog 57
CSU GE-B Notes:

- Additional courses may be added to the Yuba College CSU GE-Breadth. An updated Yuba College CSU GE-Breadth Requirement Sheet may be obtained from the Counseling Office, the Transfer Center or www.assist.org.

- Courses completed at other California Community Colleges will be applied to CSU GE-B according to how they were approved at the college and semester in which they were completed.

- Students majoring in Engineering may be waived/exempted from specific areas of CSU GE-Breadth for some CSU campuses.

- Students majoring in Liberal Studies may be required to complete specific courses in each area of CSU GE-Breadth.

- Advanced Placement (AP) examinations completed with a score of 3, 4, or 5 may be applied to the CSU GE-B. See "Advanced Placement Examinations" in this catalog for information.

- A course completed with a grade of “P” (pass) may be used if the grading policy of the community college states that “P” is equivalent to a grade of “C” or better.

U.S. History, Constitution, and American Ideals Graduation Requirement for CSU

To graduate from the California State University, a student must complete, with a “D” or better grade, a combination of courses which are identified as meeting the U.S. History, Constitution, and American Ideals requirements. Courses at Yuba College which meet this requirement include:

One course from History (HIST) 15, 16A, 16B, 17A, or 17B combined with Political Science (POLSC) 1. These courses may also be used simultaneously to satisfy course requirements on the CSU GE-Breadth or IGETC.

Advanced Placement Exam (AP) United States History (score of 3 or higher) will satisfy the US History portion of this requirement. AP US Government and Politics (score of 3 or higher) will satisfy the national government requirement portion but NOT the California (state and local) portion requirement of Constitution and American Ideals.

Transfer to University of California (UC)

Students who have enrolled in college beyond the summer following their high school graduation are considered transfer students and must meet transfer admission requirements. The requirements described here represent minimum academic standards students must attain to be eligible for admission to the UC. Meeting the minimum eligibility requirements does not guarantee admission to the campus or program of choice, which often requires students meet more demanding transfer selection.

Lower Division Transfer Admission Requirements:

Students are eligible for admission with fewer than 60 UC transferable semester (90 quarter) units completed if they have met one of the two following options:

1. Students who were eligible for admission to the university upon graduation from high school, meaning that the Subject, Scholarship, and Examination Requirements were satisfied, or students were identified by the UC during their senior year in high school as eligible under the Eligibility in the Local Context (ELC) program and completed the Subject and Examination Requirements in the senior year, are eligible to transfer if they have a “C” (2.0) grade point average in their UC transferable college coursework.

2. Students who met the Scholarship Requirement but did not satisfy the Subject Requirement must take UC transferable college courses in the subjects they are missing, earn a grade of “C” (2.0) or better grade in each of these required courses and earn an overall “C” (2.0) average in all UC transferable college coursework to be eligible to transfer.

Upper Division Transfer Admission Requirements:

Students are eligible for admission with 60 or more UC transferable semester units (90 quarter units) if they fulfill both of the following criteria:

- Complete 60 semester units of UC transferable college credit with a grade point average of at least 2.4 (no more than 14 semester/21 quarter units may be taken Pass/Not Pass), and:

  - Complete the following seven course pattern, earning a grade of “C” (2.0) or better in each course:
    - two UC transferable college courses (3 semester units each) in English composition
    - one UC transferable college course (3 semester units) in mathematical concepts and quantitative reasoning
    - four transferable college courses (3 semester units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

Students who satisfy the Intersegmental General Education Transfer Curriculum (IGETC) prior to transferring to UC will satisfy the seven course pattern of the upper division transfer admission requirements.

A maximum of 70 UC transferable semester units earned at community colleges may be transferred to the UC. Coursework completed above the 70 UC transferable semester units may be used to satisfy GE and major preparation even though the units will not count toward the bachelor’s degree.
UC Transfer Admission Guarantee (TAG)

Yuba College participates in the Transfer Admission Guarantee admission program with UC Davis, UC Irvine, UC Merced, UC Riverside, UC Santa Barbara, and UC Santa Cruz. Specific requirements must be met for students to qualify for a transfer admission guarantee. See a counselor or the Transfer Center for Transfer Admission Guarantee information.

University of California Transfer Course Agreement

Yuba College courses which have been approved for transfer to UC are specified as “Transferable to UC” in the “Programs and Courses” section of this catalog. This information may also be accessed on www.assist.org.

A number of Yuba College courses are cross-referenced (the same course is listed in more than one area, department, or discipline) usually with the same course number. Credit can be earned only once for cross-referenced courses. See the individual course listings in the “Course Descriptions” section of the catalog.

Course/unit limitations:

• UC grants limited credit for multiple courses taken in one discipline; credit is also limited when certain courses are taken after other courses in one discipline. See www.assist.org for additional information.

• Independent studies, special studies, and variable topics courses may be accepted for UC credit; review of the scope and content of the course usually occurs after transfer.

• Credit for KINES activity courses is limited to 4 semester units; credit for ATHL theory courses is limited to 8 semester units.

University of California Transfer Opportunity Program

The Transfer Opportunity Program (TOP) is a collaboration between UC Davis and select Northern California community colleges, including Yuba College. TOP coordinators from UC Davis Undergraduate Admissions regularly visit participating colleges to provide counseling to students on transfer admission to UC Davis, major preparation, general education, financial aid, housing, internships and other student services critical to academic success. Additionally, students participating in TOP will have opportunities to attend special academic and career seminars, tour the UCD campus, obtain evaluation of the UC Transfer Admission Planner and obtain assistance with guaranteed admission by completing a Transfer Admission Guarantee (TAG). Contact the Counseling Center to make an appointment with the UCD TOP Coordinator.

Intersegmental General Education Transfer Curriculum (IGETC) to CSU and UC

The Intersegmental General Education Transfer Curriculum is a general education program that California community college transfer students may use to fulfill lower-division general education requirements for any California State University (CSU) or University of California (UC) and many California private colleges and universities. This curriculum provides an alternative to the CSU General Education-Breadth requirements, the UC GE/Breadth requirements, and many private colleges’ general education requirements. It is important to note the IGETC is not an admission requirement, nor does completion of the IGETC guarantee admission to the college, university, or program of choice.

The IGETC is most helpful to students who want to keep their options open—those who know they want to transfer but have not yet decided upon a particular college, university, or major. Certain students, however, will not be well served by following the IGETC. Students who intend to transfer into a major that requires extensive lower division preparation, such as engineering or the physical and natural sciences, should concentrate on completing the many prerequisites for the major that the college evaluates to determine eligibility for admission. A counselor or a UC/CSU/private college admissions representative can advise which path is best. If students choose to follow the IGETC they must complete it to have if fully certified otherwise they will be required to satisfy the lower division general education requirements of the UC/CSU/private college or university. Some campuses, however, will permit a maximum of two requirements to be unmet prior to transfer. Completion of the remaining requirements is required upon transfer. See a counselor for information about IGETC.

Additional courses may be added to the Yuba College IGETC. An updated IGETC may be obtained from the Yuba College Counseling Office, the Transfer Center or www.assist.org.
## Transfer Preparation and Information

### Intersegmental General Education Transfer Curriculum (IGETC)
**2019 – 2020 Counselor Advising Sheet**

**Student's Name:** ____________________________  **Student ID:** ____________________________

**Legend:**
- **C** = Completed
- **IP** = In Progress
- **N** = Need
- + Transfer credit is limited by either UC or CSU or both.
- * Courses designated with an asterisk may be counted in only one area.

**NOTE:** Please consult with a college counselor for additional information.

### AREA 1 – ENGLISH COMMUNICATION (CSU – 3 courses required, one each from Area 1A, 1B and 1C; UC – 2 courses required, one each from Area 1A and 1B)

**1A: English Composition (1 course, 3 semester units):** English 1A

#### 6A. LANGUAGES OTHER THAN ENGLISH (UC Requirement Only) Proficiency equivalent to:

- Completion of two years of high-school study in the same language with a grade of "C" or better in each course.
- Satisfactory completion, with a grade of "C" or better, of two years of formal schooling at the sixth grade level or higher in an institution where the language of instruction is not English.
- Satisfactory score on the SAT II: Subject Test in Languages other than English
- Satisfactory score, 3 or higher, on the College Board Advanced Placement examinations in languages other than English.
- Satisfactory score, 5 or higher, on the International Baccalaureate Higher Level examinations in languages other than English.
- Satisfactory completion of a course (or courses) at a college or university with a grade of "C" or better in each course:
  - French 2, Sign 1, 2, 3, Spanish 2+, 3+, 4+, 26A, 26B

#### CSU Graduation Requirement in U.S. HISTORY, CONSTITUTION and AMERICAN IDEALS – 6 units (one course each from Group 1 and Group 2)

- Group 1 (US 1): History 15, 16A, 16B, 17A, 17B
- Group 2 (US 2 & US 3): Political Science 1

Note: Not part of IGETC; may be completed prior to transfer. Courses used to satisfy this requirement may also be listed and applied to IGETC Areas 3B and/or 4. Log on to www.asi.csu.edu for more Info.

Completed _________________

#### IGETC COMPLETED:
- California State University [ ]
- University of California [ ]
- California State University Graduation Requirement in U.S. History, Constitution and American Ideals [ ]

Students are encouraged to see a Yuba College counselor to discuss transfer requirements and the IGETC option. Contact the Counseling Office at 530.634.7786 for an appointment.

For the most up-to-date copy of this advising sheet, visit: yc.yccd.edu/student/transfer

---

2019-2020 Catalog 61
Transfer Preparation and Information

IGETC Notes:

- A course with a grade of “P” (pass) may be used if the grading policy of the community college states that “P” is equivalent to a grade of “C” or better. The UC will allow no more than 14 semester units taken “P” toward UC eligibility or IGETC. The CSU campuses vary on the number of units they allow. Check each university’s catalog or see a counselor for more information.

- Courses may be used only once to satisfy one subject area even if they are listed in more than one subject area.

- Advanced Placement (AP) examinations completed with a score of 3, 4, or 5 may be applied to the IGETC. See “Advanced Placement Examinations” in this catalog for information.

- Courses completed at other California Community Colleges will be applied to IGETC according to how they were approved at the college and semester in which they were completed.

- Some schools and colleges within the University of California do not accept IGETC. Additional information regarding the acceptance of IGETC at specific colleges in each UC is available in online at http://www.universityofcalifornia.edu admissions and on each UC’s website and catalog.

Transfer to Private/Independent and Out-of-State Colleges and Universities

Transfer requirements of the private/independent and out-of-state colleges and universities differ from one institution to another. Students should acquaint themselves with the requirements available online and the current catalog of the college to which they plan to transfer for admission, general education, and major preparation information. It is up to the receiving institution to determine application of credit. The Yuba College Transfer Center has computers with internet access for college websites and catalogs online available for students’ use. See a Yuba College counselor for assistance.

The following information provides avenues to better jobs, including Articulation Agreements, Certificates of Training, Certificates of Achievement, Associate in Science Degree and Associate in Arts Degree programs. These planned programs are a sample of the occupational-technical education available at the College.

Certificate programs cannot be completed at all locations. Consult each Schedule of Classes and a counselor before selecting a particular training program.

California Community Colleges’ Transfer Agreement with Historically Black Colleges and Universities

California Community College students may now take advantage of a new initiative that facilitates the transfer to a number of Historically Black Colleges and Universities (HBCUs).

By completing the Intersegmental General Education Transfer Curriculum requirements (IGETC) or the California State University General Education-Breadth pattern (CSU GE-B) and obtaining a transfer-level associate degree (60 units) with a 2.5 or higher grade point average, students are guaranteed admission with junior standing to participating HBCU’s.

Students may also opt to transfer with 30 or more University of California or California State University transferable units and a 2.5 or higher grade point average. Units will be accepted for general education, pre major or elective units.

For information on the HBCU Transfer Agreement and the participating colleges and universities, visit www.cccco.edu.edu/hbcutransfer or meet with a Yuba College counselor.
Career Technical Education Transitions

The Career Technical Education Transitions Program at Yuba College coordinates the awarding of college credit to high school students who meet approved articulation requirements. An articulated course is one in which the high school instructor/Regional Occupational Program (ROP) and Yuba College faculty have formally agreed that the high school’s/ROPs course outline, syllabus, textbook, and final exam are comparable to those in a course of the same major within Yuba College. Students receive credit on a Yuba College transcript once articulation requirements have been completed. The CTE (Career Technical Education) Transitions Program prepares students to earn a certificate, an associate’s degree or transfer to a baccalaurate university.

For more information about the CTE Transitions Program, contact the Yuba College CTE Transitions Office at (530) 741-6588, ctetransitions@yccd.edu, visit the Admissions and Records Office at any campus, or see your counselor. Also visit the CTE Transitions website at http://www.yccd.edu/educational-services/cte/default.aspx.

Programs Articulated with ROP and Secondary Institutions

Programs listed below have at least one class articulated with area High Schools. Students should check with their counselor if they have questions about specific classes or to determine if they are eligible for college credit for courses completed at the high school level.

  - Administration of Justice
  - Agriculture
  - Automotive Technology
  - Culinary Arts
  - Early Childhood Education
  - Veterinary Technology
  - Welding
Yuba College Degrees and Certificates

Associate in Arts for Transfer and Associate in Science for Transfer Degrees

Yuba College offers both the Associate in Arts for Transfer and Associate in Science for Transfer. See page 55 and 69 for details about the degree requirements.

Associate in Arts and Associate in Science Degrees

Yuba College offers both the Associate in Arts and the Associate in Science degrees. Students planning to obtain an associate degree must complete all the required courses for a major (18- to approximately 34 units), meet competency requirements, fulfill general education requirements and complete electives to meet a minimum totaling 60 degree applicable units. Check with counselors regarding requirements.

Certificates of Achievement and Certificates of Training

Certificate programs are designed to provide students a broad understanding of the occupational programs that the student wishes to enter upon completion of the courses they are engaged in. The Certificate of Achievement or Certificate of Training certifies that the student has completed all required courses in preparation to enter into the designated career field on their certificate. Check with counselors and individual departments regarding requirements.

Administration of Justice

Degree: A.S.-Administration of Justice-Basic Police Academy
A.S.-Corrections
A.S.-Law Enforcement
A.S.-T-Administration of Justice

Certificates of Achievement:
Basic Police Academy
Reserve Training Module I Academy
Reserve Training Module II Academy
Special Investigator Academy

Certificates of Training:
Correctional Officer Academy
Reserve Officer Level 3

Art

Degree: A.A.-Art
A.A.-T-Studio Arts
A.S.-Commercial Art
A.S.-Photographic Imaging

Certificates of Achievement:
Photographic Imaging

Automotive Technology

Degree: A.S.-Auto Body and Repair
A.S.-Master Mechanic
A.S.-Tune-Up and Driveability

Certificates of Achievement:
Automotive Body Repair
Automotive Drive Trains
Master Mechanic
Tune-Up and Driveability

Biology

Degree: A.S.-Biology
A.S.-Biology-Allied Health
A.S.-T-Biology
Business
Degree: 
A.S.-Accounting

A.S.-T-Computer Science
Certificate of Achievement:
Computer Science

Cosmetology
Degree: 
A.S.-Cosmetology
Certificate of Achievement:
Cosmetology

Culinary Arts
Degree: 
A.S.-Culinary Arts
Certificate of Achievement:
Culinary Arts

Early Childhood Education
Degree: 
A.S.-Early Childhood Education
A.S.-T-Early Childhood Education
Certificates of Achievement:
Arts Specialization
Child Development Teacher
Children with Special Needs Specialization
Diversity in ECE
Foundations in ECE Specialization
Infant and Toddler
Language and Literacy Specialization
Site Supervisor
Teacher/Family Relationships Specialization
Transitional Kindergarten and Early Education
School Age Specialization
Certificates of Training:
Child Development Associate Teacher
Pediatric First Aid/CPR

English As a Second Language
Certificate of Advancement:
Academic Preparedness and Career Development
Foundations of Literary Interpersonal Communication
Life Skills
Certificate of Competency:
Academic Preparedness and Career Development
Foundations of Literacy
Life Skills

Emergency Medical Technology
Certificates of Training:
EMT-1

English
Degree: 
A.A.-English
A.A.-T-English

Fire Technology
Degree: 
A.S.-Fire Technology
A.S.-Fire Technology-Fire Academy
Certificates of Achievement:
Fire Technology
Fire Fighter Fire Academy

Geology
Degree: 
A.S.-T-Geology
Programs and Options

General Education
Degree: A.A.-Arts and Humanities

History
Degree: A.A.-History
A.A.-T-History

Human Services
Degree: A.S.-Chemical Dependency Counselor
Certificates of Achievement:
Chemical Dependency Counselor

Kinesiology
Degree: A.A.-T-Kinesiology
A.A.-Kinesiology

Manufacturing Technology/Machining
Degree: A.S.-Manufacturing Technology/Machining
Certificate of Achievement:
Manufacturing Technology/Machining

Mass Communications
Degree: A.A.-Mass Communications
A.S.-Mass Communications
Certificate of Achievement:
Mass Communications

Mathematics
Degree: A.S.-Mathematics
A.S.-T-Mathematics

Music
Degree: A.A.-Music
A.A.-T-Music

Nursing
Degree: A.D.N.-Nursing
A.S.-LVN to RN

Political Science
Degree: A.A.-T-Political Science

Psychiatric Technology
Certificate of Achievement:
Psychiatric Technician

Psychology
Degree: A.A.-Psychology
A.A.-T-Psychology

Radiologic Technology
Degree: A.S.-Radiologic Technology

Social Science
Degree: A.A.-Social Science

Sociology
Degree: A.A.-T-Sociology

Speech
Degree: A.S.-Communication Studies
A.A.-T-Communication Studies

Theatre Arts
Degree: A.A.-Theatre Arts
A.A.-T-Theatre

Veterinary Technology
Degree: A.S.-Veterinary Technology
Certificates of Achievement:
Veterinary Receptionist/Assistant

Welding
Degree: A.S.-Welding Technologies
Certificates of Achievement:
Advanced Welding Technologies

The following degrees are available at the Sutter County Center with all face-to-face courses:

- GE - Arts & Humanities (A.A.)
- GE - Communication (A.A.)
- GE - Natural Science (A.S.)
- GE - Social and Behavioral Sciences (A.S.)
- History (A.A.-T)
- History (A.A.)
- Psychology (A.A.)
- Psychology (A.A.-T)
- Social Science (A.A.)
- Sociology (A.A.-T)
- Child Development Associate Teacher (Certificate of Training)

The following degrees are available at the Sutter County Center with 3 or less DE courses in addition to face-to-face courses:

- Small Business Management (A.S.)
- English (A.A.)
- English (A.A.-T)
Associates Degrees for Transfer

Requirements for the Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T): Community college students may complete an Associate in Arts for Transfer Degree (AA-T) or an Associate in Science for Transfer Degree (AS-T) for admission into the California State University (CSU) system for completion of a baccalaureate degree. Completion of an AA-T or AS-T Degree allows a student to complete an Associate Degree and CSU transfer requirements at the same time.

This option will allow a student to earn a 120 unit baccalaureate degree by completing 60 transferable units at the community college level and transferring to a CSU campus to complete an additional 60 units.

In order to earn an AA-T or AS-T Degree, a student must refer to the specific degree pattern in the “Programs and Courses” section of the catalog and complete the courses required in the major with no grade of less than a “C” in any course. In addition, a student must complete one of two general education patterns for transfer, the California State University General Education Breadth (CSU GE-B) pattern or the Intersegmental General Education Transfer Curriculum (IGETC-CSU version). The CSU GE-B for STEM or IGETC for STEM may be completed only when specifically stated as acceptable for the Associate Degree for Transfer. Courses used to satisfy Oral Communication, Written Communication, Critical Thinking, and Quantitative Reasoning of General Education must be completed with a “C” or better grades. If necessary, a student may need to complete transferable elective credit to ensure that CSU 60 transferable units have been completed with a minimum grade point average (GPA) of 2.0.

Students earning an AA-T or AS-T degree must apply for the degree by completing a petition for graduation form in person at the Counseling Department or Admissions and Records or online. Courses may be in progress at the time of application for the degree. The deadlines are as follows: Nov. 15 for fall completion of the degree; April 15 for spring completion of the degree; July 1 for summer completion of the AA/AS degree.

Certificate of Achievement

A student who wishes to receive an Associate degree should consult a Yuba College counselor. The counselor will assist the student in planning the courses required to satisfy the degree. Diplomas printed for a “general education” major will not have the major printed on the diploma.

In order to receive a degree in one of the specific majors for the Associate in Arts or Associate in Science Degrees, a student is required to complete the specific courses listed with a grade of “C” or better. After successful completion of the specific major (and all other graduation requirements), the specific major for the degree will be printed on the diploma.

No courses required for the specific major may be waived. Equivalent course work may be substituted only with approval. The student should submit a petition to the Academic Integrity Committee. Petitions will be forwarded to the (division) Dean for recommendation of action.

A student may petition for only one “general education” degree. A student who is earning a degree in one of the specific majors may petition for the specific major in which all graduation requirements have been met.

Students earning an AA or AS degree must apply for the degree by completing a petition for graduation form in person at the Counseling Department or Admissions and Records or online. Courses may be in progress at the time of application for the degree. The deadlines are as follows: Nov. 15 for fall completion of the degree; April 15 for spring completion of the degree; July 1 for summer completion of the AA/AS degree.

Commencement

The College holds the graduation ceremony once a year (end of May) and students who wish their name to appear in the graduation program must submit their Petition by April 15. Students completing a degree the prior fall semester may participate in graduation ceremonies the following spring. Students completing a degree in summer may participate in graduation ceremonies the previous spring or subsequent spring. These students who decide to participate the prior spring must submit their petition to graduate early by April 15 to have their name in the graduation program.

Courses taken to satisfy requirements for a Certificate of Achievement provide a core set of courses in an occupational area and usually some additional related classes. This goal requires more time and commitment, than a Certificate of Training but better qualifies the student for employment. The Certificate of Achievement requires 12 or more units and may be completed in one to two years. Certificates of Achievement are printed on the student’s transcript. NOTE: All courses required for the Certificate of Achievement must be completed with a “C” or better grade.
Certificate of Training

Each department is authorized to recommend short-term training program options and students are encouraged to plan and pursue short-term occupational goals. Certificates of Training are less than 18 units in length. Some certificates can be completed in as little time as one semester; others may require a longer period depending on the frequency of course offerings or the student’s time commitment. NOTE: All courses required for the certificate must be completed with a "C" or better grade.

Certificates of Training are not listed on the student transcript.

Applying for Certificate of Achievement (CA) and a Certificate of Training (CT)

- After completing all requirements for the certificate, with “C” or better grades, the student obtains a Petition for Certificate Card from the Admissions and Records Office.
- The student completes the petition and files it with the Admissions and Records Office.
- The Admissions and Records Office sends the petition and a copy of the student’s transcript to the appropriate Dean.
- The Dean verifies eligibility for the CA or CT. If eligible for the CA or CT, the Dean mails the certificate to the student.
- The Admissions and Records Office posts the approved CA on the student’s official transcript. (CT’s are not posted to the official transcript).

Admission to Courses

OPEN ENROLLMENT POLICY

All courses, regardless of where offered, are open to members of the public who are otherwise eligible for admission, with the following exceptions:

- Courses that are specifically exempted by statute, including “impacted” allied health programs (Radiologic Technology, Veterinary Technology, Associate Degree Nursing, Psychiatric Technician, etc.);
- Courses closed by maximum enrollment of students by the “priority registration” or “first come, first served” registration policies;
Course Information

- Courses with academic requisites (prerequisites and corequisites) that restrict enrollment of academically unqualified students; and
- Courses with content that would be a repeat of a course of equivalent or more advanced course work previously taken by the student (exceptions require counselor evaluation and approval).

PREREQUISITES AND COREQUISITES

"Prerequisite" means the preparation or previous course work considered necessary for success in the course. Prerequisites are required only for courses where specific academic background is necessary in order to assure students a reasonable chance of success in the course. Prerequisites which are listed as "required" include:

- Courses for which specific prerequisites have been validated,
- Sequential course work in a degree or program, or
- Courses in which a prerequisite is necessary for transfer to a four-year college.

Responsibility for having met the prerequisite rests with the student. A grade of "C" or better is required to meet a course prerequisite.

"Corequisites" for a course are those courses in which a student may enroll prior to enrolling in the target course or simultaneously with the target course. Corequisites provide the necessary skill or supplementary body of knowledge or laboratory time during the course to help assure success in the course.

For additional information, refer to the Academic Regulations and Information, Prerequisites and Corequisites on page 48.

PLACEMENT LEVELS FOR ENGLISH AND MATHEMATICS

Placement Examination scores, in combination with other factors, are used to help place students in one of Yuba College’s levels of writing and mathematics. After satisfactorily completing the appropriate course(s), students may progress by enrolling in the course at the next higher level. Students should consult a counselor for an evaluation of placement and discussion of other factors that affect placement. Refer to "Placement Levels" in this Catalog.

C-ID Course Identification Numbering System

C-ID is a supplemental common course numbering system aimed at helping students and faculty identify courses across CCC’s and CSU’s that fulfill associate or baccalaureate degree requirements. ASSIST reports include designations for approved courses.

C-ID designations can be used in two ways:

1. When a community college course has a C-ID designation, such as C-ID HIST 130, that course can be used in place of any other California community college course that has that same C-ID designation for the purpose of fulfilling associate degree and associate degree for transfer major requirements.

2. Additionally, universities can indicate C-ID designations accepted for lower division major preparation requirements. For example, a university can indicate for its history major that C-ID HIST 130 fulfills a particular major preparation requirement, so any California community college course with the C-ID HIST 130 designation will be accepted to fulfill that requirement. Yuba College courses approved for C-ID include the C-ID designation below the transfer status in the course description.

Key to Numbers and Listings

Content and policies expressed in this Catalog are believed to be true and correct as of the date of publication. Courses are listed alphabetically by department and numerically within the listing of each department. Units of credit are shown immediately following the course title.

Any course listed in this Catalog may be offered in the fall, spring and summer session including day and evening, distance education and any location associated with Yuba College. Scheduling and cancellation of classes is at the discretion of Yuba College.

Students should consult the Schedule of Classes to determine which courses will be offered during a given semester. Any course listed in the Schedule of Classes may be canceled when the enrollment is insufficient to justify offering the class or instructor is not available.
Course Information

Course “97”
Refer to page 118.

Course Numbering
JULY 1, 1974 TO JUNE 30, 1989:

1-49 Designed as courses intended to carry transfer credits to all baccalaureate degree-granting colleges and universities.

50-99 Not primarily designed for transfer purposes, but taught at the level and of such quality that acceptance is recommended at any college or university offering such course work or offering program in which such course would be appropriate.

100-199 Series: Developmental/Remedial.

200-299 Series: Primarily designed at the technical level; usually will be courses specifically designed as part of a program(s) leading directly to employment. Under special circumstances, a Baccalaureate degree-granting institution may wish to accept such courses for transfer credit.

JULY 1, 1983 TO JUNE 30, 1989:

A maximum of 6 semester units of courses numbered 100 to 199 can be counted toward the associate degree.

CURRENT COURSE NUMBERING DEFINITIONS:

1-49 Series: Designed as Admissions List courses intended to carry transfer credit to all baccalaureate degree granting colleges and universities.

50-99 Series: Transfer credit is at the discretion of the institution to which the student transfers. Not primarily designed for transfer purposes, but taught at the level and of such quality that acceptance is recommended at any college or university offering such course work or offering programs in which such course work will be appropriate.

100-199 Series: Non-associate degree credit basic skills courses intended to prepare students to succeed in courses at the associate degree level.

200-299 Series: Non-associate degree credit courses that are either, (1) vocational courses intended to prepare students for postsecondary vocational education or for occupations not requiring associate degree level skills for entry or, (2) academic development courses, other than basic skills, intended to prepare students to succeed in associate degree level course work.

500 Series: Noncredit courses sometimes referred to as “Adult Education Courses.”

Repeatable Classes
Courses designated as “repeatable” are identified as such in the College Catalog and Schedule of Classes following the course description. For these courses the grade received each time is calculated in the student’s grade point average.

Courses designated as repeatable include:

1. Intercollegiate athletics where enrollment in the course is limited to no more than four times;

2. Cooperative work experience courses up to a maximum of 16 units in any combination of Work Experience (Occupational/General) and Internship enrollments; Courses for which repetition is necessary to meet the major requirements of CSU or UC for completion of a bachelor’s degree. The District will retain supporting documentation that verifies that the repetition is necessary to meet the major requirements.

3. Students may not enroll more than four times in any combination of active participatory courses that are related in content. The college designates courses that are related in content as “families of courses”. Active participatory courses are those courses where individual study or group assignments are the basic means by which learning objectives are obtained. Examples of active participatory courses include physical education, kinesiology, athletics, visual arts or performing arts. This enrollment limit applies even if the student receives a substandard grade or “W” during one or more enrollment or petitions for repetition due to extenuating circumstances.
Transfer Status Designation

As indicated previously, the course number system is a guide to course transferability. In addition, the status of a transfer course is indicated next to the course title. If the course is transferable, the designator "Transferable" appears. "Transferable to: CSU" indicates that the course credit transfers to all of the California State Universities. "Transferable to: CSU; UC" indicates that the course credit transfers to all of the California State Universities and all of the University of California campuses. If the designator "unit limitation" appears (i.e., Transferable to: CSU; UC unit limitation), the transferability of the units to the University of California are limited in some way when combined with other courses in the discipline. Questions concerning these courses should be directed to a counselor.

Unit of Credit

The unit of credit is the semester hour. One unit of credit is granted for each hour of lecture or discussion, two-to-three hours of laboratory, or two hours of activity per week, for a 18-week semester. For most courses, students will be expected to spend a minimum of two hours out of class in preparation or study for each unit of credit.

Credit is allowed only upon satisfactory completion of a course; no partial units of credit are allowed when the student withdraws prior to completion of the course except in open-entry, open-exit, courses.
Administration of Justice

Administration of Justice offers academy, degree, and certificate programs designed for entry into law enforcement, corrections, and related fields, and for already employed persons to further themselves academically and vocationally.

Yuba College offers:

- Academies for direct entry into employment. All academies and inservice training are P.O.S.T. and/or S.T.C. certified, meeting California State regulations for law enforcement.
- An Associate in Science Degree Program for students planning to enter law enforcement, corrections, or a related area after two years of course work (see specific degree requirements).
- A Transfer Program intended for students wishing to pursue a bachelor’s degree.
- Inservice programs providing specific courses suited to the individual needs of those currently employed by a criminal justice agency.

Administration of Justice and Corrections Programs

Upon successful completion of the required training program, an individual will receive P.O.S.T. (Peace Officer Standards and Training) and/or S.T.C. (Standards of Training for Corrections) certification. Rosters are submitted to these State agencies which include individual names, agency affiliation (if applicable), hours of training, and State-issued control numbers to verify law enforcement certified topics and dates of completion. A course can be certified with nine to 880 hours of training. Both State agencies require CPT (Continued Professional Training) every two years for P.O.S.T. and annually for S.T.C. for anyone working in a law enforcement environment.

ACCOUNTING (see Business)

Administration of Justice

Administration of Justice and Corrections Programs

Administration of Justice offers academy, degree, and certificate programs designed for entry into law enforcement, corrections, and related fields, and for already employed persons to further themselves academically and vocationally.

Yuba College offers:

- Academies for direct entry into employment. All academies and inservice training are P.O.S.T. and/or S.T.C. certified, meeting California State regulations for law enforcement.
- An Associate in Science Degree Program for students planning to enter law enforcement, corrections, or a related area after two years of course work (see specific degree requirements).
- A Transfer Program intended for students wishing to pursue a bachelor’s degree.
- Inservice programs providing specific courses suited to the individual needs of those currently employed by a criminal justice agency.

Administration of Justice and Corrections Programs

Upon successful completion of the required training program, an individual will receive P.O.S.T. (Peace Officer Standards and Training) and/or S.T.C. (Standards of Training for Corrections) certification. Rosters are submitted to these State agencies which include individual names, agency affiliation (if applicable), hours of training, and State-issued control numbers to verify law enforcement certified topics and dates of completion. A course can be certified with nine to 880 hours of training. Both State agencies require CPT (Continued Professional Training) every two years for P.O.S.T. and annually for S.T.C. for anyone working in a law enforcement environment.

ACADEMIES

Employment in law enforcement or corrections usually requires completion of a related academy. Yuba College offers a variety of academies each year:

- Students are encouraged to contact the Administration of Justice Department Office at Yuba College for current information regarding academy enrollment or employment requirements or for additional information about the courses and programs.

ADMINISTRATION OF JUSTICE-
BASIC POLICE ACADEMY
(Associate in Science)

Students who complete this program should be able to:

1. Explain appropriate investigative techniques and responsibilities at a crime scene to explain mastery of crime scene management.
2. Identify law enforcement organizational composition to include paramilitary rank structure, methods of police deployment, and resources available to police operations.
3. Explain the role of the community in a partnership with law enforcement including, but not limited to, interpersonal skills of effective written and oral communication required of a law enforcement officer.
4. Explain the role of the community in a partnership with law enforcement including, but not limited to, the critical thinking required of a law enforcement officer.

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.
**ADMINISTRATION OF JUSTICE**  
*(Associate in Science for Transfer)*

Students who complete this program should be able to:
1. Apply criminology and criminal justice theories, principles and concepts to address real-life situations in the field.
2. Recognize the importance and practice of legal and ethical behaviors in a professional criminal justice work setting.
3. Analyze, interpret and evaluate criminological and criminal justice theories, policies, practices and procedures to develop strategies to prevent and control crime.

AJ 10 Introduction to Criminal Justice System

54 lecture hours
Transferable to CSU/UC
C-ID AJ 110
Overview of the history and philosophy of the U.S. justice system; study of the modern criminal justice system and its components, law enforcement, courts, and corrections; identifying the roles of the various professionals within the system and their interrelationships; analysis of legal issues; study of theories of crime causation, punishment, and rehabilitation. (L)

AJ 11 Criminal Law

54 lecture hours
Transferable to CSU/UC
C-ID AJ 120
This course provides an analysis of the history, philosophy, and constitutional provisions of criminal law in the United States; study of common law, statutory law, and case law applicable to law enforcement, including exploration of crimes against persons, property, public peace, narcotics, and dangerous weapons. Special emphasis is placed on the classification of crime, the general elements of crime, and the definitions of common and statutory law. This course also includes information on prosecution and defense procedure, including criminal defenses, legal justifications, and burdens of proof. This course utilizes case law and case studies to introduce students to criminal law. (L)

AJ 13 Evidence

54 lecture hours
Transferable to CSU
C-ID AJ 124
This course examines categories of evidence and legal rules governing its admission and exclusion in the criminal process; the origin and development of evidentiary law; and the study of both codified evidentiary law and applicable court decisions. Specific topics include, types of evidence, the judicial process, the admission and exclusion of evidence, legal standards of proof, direct and circumstantial evidence, testimonial evidence and witness competency, the hearsay rule and its exceptions, demonstrative evidence, judicial notice, and issues relating to search and seizure. (L)
AJ 14    Criminal Justice Process    3 units
54 lecture hours
Transferable to CSU
C-ID AJ 122
Analysis of legal processes from pre-arrest through trial and appeal, sentencing, and corrections procedures utilizing statutory law and state and constitutional law precedents. (L)

AJ 15    Criminal Investigation    3 units
54 lecture hours
Transferable to CSU
C-ID AJ 140
Addresses procedures and concepts as applied to criminal investigations, including surveillance; crime scene response management; and identification, collection, and processing of physical evidence. Covers U.S. Constitution and Statutory/Case Law; interview/interrogation processes and techniques; identifying information sources; procuring search warrants; serving search warrants; exceptions to the search warrant rule, and court process. Emphasis is placed on developing the students capacity to analyze specific situations and identify sound ethical investigative procedures. (L)

AJ 16    Police Operations    3 units
54 lecture hours
Transferable to CSU
Philosophy, functions, organization, duties, and analysis of police operational functions including public service responsibilities and special police problems. (L)

AJ 19    Multicultural Communities and the Justice System    3 units
54 lecture hours
Transferable to CSU/UC
C-ID AJ 160
Examines the complex relationship between multicultural communities and the criminal justice system, analyzing cultural differences and strategies to effectively address crime related issues. Addresses potential societal barriers involving race, ethnicity, gender, religion, sexual orientation, age, social class, culture and the evolution of the law enforcement profession in understanding how relationships are developed, maintained, and changed to meet ethnic and minority group needs. Additional topics include multicultural representation in law enforcement, cross-cultural communication, community policing, and restorative justice principles. (L)

AJ 20    Juvenile Law and Procedures    3 units
54 lecture hours
Transferable to CSU
C-ID AJ 220
This course is an examination of the origin, development, and organization of the Juvenile Justice system as it evolved in the American Justice system. The course explores the theories that focuses on Juvenile law, courts and processes, and the constitutional protections extended to juveniles administered in the American Justice system; organization, function, and jurisdiction of juvenile agencies; processing and detention of juveniles; juvenile case disposition; legal statutes, and court procedures. (L)

AJ 21    Narcotics and Drugs    3 units
54 lecture hours
Transferable to CSU
C-ID AJ 122
Analysis of narcotics and drugs, the physical effects of addiction, and the sociological problems of drug abuse. Students will be introduced to the concept of substance abuse and dependence, the definition of licit and illicit drugs, and the pharmacologic, neurologic and physiologic effects of selected substances on the human brain. Political, social and economic factors involved in the supply and demand for drugs will be discussed. Epidemiologic data on the prevalence, incidence, and trends of smoking, alcohol, prescription and other drug dependencies in the U.S. will be covered, as well as risk factors associated with the use and abuse of these substances. Current options for recovery and a survey of local resources will be reviewed. (L)

AJ 30    Introduction to Corrections    3 units
54 lecture hours
Transferable to CSU
C-ID AJ 200
This course provides the history, philosophy, and overview of corrections including probation, parole, and correctional institutions; critical analysis of punishment, the various types of punishment, alternatives to punishment, and the impact of punishment; a critical examination of the types of correctional institutions and the clients housed in each institution, and an examination of contemporary correctional issues. (L)

AJ 31    Criminal and Delinquent Behavior    3 units
54 lecture hours
Transferable to CSU
C-ID AJ 122
An introduction to the study of criminology and crime causation; explores the causes of crime and delinquency by analyzing various social, psychological, and cultural factors. This course introduces the student to the study of major types of criminal behavior, patterns of career offenders, and factors which contribute to the production of criminality and delinquency. (L)

AJ 33    Introduction to Correctional Counseling    3 units
54 lecture hours
Transferable to CSU
A basic course for students planning to enter or already employed in the Corrections field. (L)

AJ 34    Correctional Treatment Programs    3 units
54 lecture hours
Transferable to CSU
The study of correctional treatment programs concerning juveniles and adults, in both the casework setting and in a custody institution. This is a basic course for students planning to enter or who are already employed in the corrections field. (L)

Agriculture and Plant Science

At Yuba College we believe these are very exciting times for agriculture, agricultural business and for rural America. Within Yuba and Sutter Counties sustainable and small-scale conventional farming and ranching are of increasing relevance. Agriculturists are becoming more aware of the need for scientific farming to improve productivity and profitability. The close, friendly nature of Yuba College, combined with an integrated agricultural curriculum and remarkable access to hands-on education, creates a fertile learning environment for our students and the agriculture industry we serve.

Career opportunities in agriculture and plant science are many and varied. They include jobs in the food, fiber, and nursery industries; jobs in air, land, water, and natural resources; as well as jobs in pest management, veterinary technology, environmental regulation and protection; biotechnology; accounting, and farm management. Students planning to transfer to a four year learning institution should contact a counselor to ensure correct course placement. As a pioneer in innovative curriculum programs for the California Community College system, Yuba College has developed partnerships with local community agricultural businesses and through joint input has developed a curriculum to help enhance and expand the local agriculture sector.

Today’s expanding agriculture arena focuses on production methodology that enhances existing resources. The Yuba College Agriculture Program is about the local farming community. Our Agricultural Program provides both the small business and technical skills needed to develop and manage a profitable, environmentally sound and community-based small farm or agricultural business.

Students use their Yuba College education to develop farms, nurseries, green houses and ranches, while others seek employment at established agricultural operations. Employment opportunities are found elsewhere through schools, parks and environmental centers. Jobs are available with non-profit organizations focusing on farmer advocacy. The agriculture degree is also useful for persons desiring to serve in the Peace Corps or other humanitarian volunteer agencies.

Yuba College Agriculture Program graduates are awarded an Associate in Applied Science degree. The curriculum, designed as a two-year diverse program, includes classes in soil, plant and animal science, sustainable livestock management and greenhouse design.

AGRICULTURE
(Associate in Science)

Students who complete this program should be able to:

1. Identify and apply the principles and techniques of modern crop, soil, and livestock management.
2. Demonstrate scientific evaluation skills including interpreting graphs/data, as well as be proficient in laboratory procedures.
3. Describe fundamental practices in agriculture for livestock, crops, and soil health and sustainability.

| AG 14 Entrepreneurship | 3 units |
| 54 lecture hours | Transferable to CSU |
| Principles of establishing and managing a small business, including the preparation of a business plan; emphasis on goal-setting, types of business organizations, obtaining licenses and permits, financing options, accounting aspects, legal requirements, managing the enterprise, and other aspects in business entrepreneurship. Not open to students who have taken MGMT 14. (L,M) |

AG 45 Principles of Animal Science 3 units

| 54 lecture hours | Transferable to CSU/UC |
| An overview of the principles of animal science and the interrelationship of domestic animals and humankind. This course will investigate animal anatomy, physiology, reproduction, nutrition, health, products and by-products as well as behavior and genetics from a scientific prospective. Current topics on influences of humans on genetic potential and productivity will be addressed. Experimental design and reporting, animal dissections, basic animal handling and husbandry practices, recognition of animal health, and use of biotechnology in animal science. Not open for credit to students with credit in AG 45L. (L) |

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

C, L, M Advisories: Computer Literacy: recommended basic computer skills.
Language: recommended eligibility for English 1A. Mathematics: recommended eligibility for Math 52.
AG 45L  Principles of Animal Science  4 units  
54 lecture hours, 54 lab hours  
Transferable to CSU/UC  
An overview of the principles of animal science and the interrelationships of domestic animals and mankind. This course will investigate animal anatomy, physiology, reproduction, nutrition, health, products and by-products as well as behavior and genetics from a scientific prospective. Current topics on influences of humans on genetic potential and productivity will be addressed. Experimental design and reporting, animal dissections, basic animal handling and husbandry practices, recognition of animal health, and use of biotechnology in animal science will also be addressed. Not open for credit to students with credit in AG 45. (L)  

AG 60  Preparing for 21st Century Agricultural Workforce  3 units  
54 lecture hours  
Transferable to CSU/UC  
Students learn to critically evaluate and assess the agricultural job market and jobs in the future as it relates to career field opportunities. Students will learn how to identify opportunities and evaluate skills, interests, and identify training and/or education pathways through agriculture career explorations.

Plant Science  

PLSCI 20  Principles of Plant Science  3 units  
54 lecture hours  
Transferable to CSU/UC - UC Unit Limit  
Principles of plant growth including structure, growth processes, propagation, physiology, growth media, and biological competitors. Students are encouraged to concurrently enroll in the lab section, PLSCI 20L.  

PLSCI 20L  Principles of Plant Science  4 units  
54 lecture hours, 54 lab hours  
Transferable to CSU/UC - UC Unit Limit  
Principles of plant growth including structure, growth processes, propagation, physiology, growth media, and biological competitors. Laboratory topics include microscope use, plant structures internal and external, photosynthesis, respiration and other aspects of plant growth and development. Not open to students with credit in PLSCI 20. (L,M)  

PLSCI 22  Introduction to Soils  3 units  
54 lecture hours  
Transferable to CSU/UC - UC Unit Limit  
Physical, chemical, and biological properties of soils as related to plant growth and soil formation. Including the study of soil development, classification and characteristics; soil use and management including erosion, moisture retention, structure, cultivation, organic matter and microbiology. Not open to students with credit in PLSCI 22L. Grades are P/NP option. (L,M)  

PLSCI 22L  Introduction to Soils  4 units  
54 lecture hours. 54 lab hours  
Transferable to CSU/UC - UC Unit Limit  
Physical, chemical, and biological properties of soils as related to plant growth and soil formation. Including the study of soil development, classification and characteristics; soil use and management including erosion, moisture retention, structure, cultivation, organic matter and microbiology. Not open to students with credit in PLSCI 22. (L,M)  

Anthropology  

ANTHR 1  Introduction to Physical Anthropology  3 units  
54 lecture hours  
Transferable to CSU/UC  
This course examines human biological variation within an evolutionary context. It includes an introduction to the history and principles of evolutionary theory; basic human genetics and molecular biology; the anatomy, behavior, and ecology of our closest living relatives, non-human primates; the evolution of the human lineage through the hominid fossil record; variation among modern human groups, past and present; and a brief introduction to forensic anthropology. Throughout the course, attention is paid to the complex interaction between biology, behavior, and culture.

ANTHR 2  Cultural Anthropology  3 units  
54 lecture hours  
Transferable to CSU/UC  
Investigates the diversity of cultures in regards to language, economics, kinship, art, religion, technology, and cultural universals; functional aspects of culture and cultural change; varieties of customs and institutions of different peoples; significance of human culture.

ANTHR 3  Introduction to Archaeology  3 units  
54 lecture hours  
Transferable to CSU/UC  
Introduction to the methods and theories of modern archaeology, including site exploration and interpretation. Patterns of evidence for human behavior from the first humans to the beginnings of written history. (L)
Art

Classes with “R” can be taken a total of four times but are subject to Family of Classes restrictions on page 86.

Art surrounds us every minute of each day. The AA in Art program develops a student’s creative ability, independent thinking, and potential to become a visual thinker and effective communicator whether interested in the process of painting, commercial layout, making a functional ceramic piece or company logo. Students will be introduced to art history and hands-on studio experiences in drawing and design as well as ceramics or sculpture. Beyond the foundation requirements of art history and studio experience, students will have an opportunity to explore other studio areas in painting, printmaking, commercial art, and/or photography or further their skills in ceramics or sculpture or further focus on understanding of art history. In advanced courses, students will also be able to produce a portfolio of their work for presentation. These artistic skills and training experiences can lead to a variety of careers in many traditional studio and new digital design fields. These careers range through architecture and interior design, art history and education, museum/gallery curating, interactive design, museum/gallery direction, studio and fine arts, web based graphic and/or commercial art and design, and many other creative job paths that surround these creative professions.

ART
(Associate in Arts)

Students who complete this program should be able to:
1. Analyze and communicate a knowledge of Art History
2. Demonstrate skill in design and composition of various art forms
3. Demonstrate specific practice and personal skill in various studio arts media

Required Courses | Units

Total units required for degree major .............................................. 27

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.
COMMERCIAL ART
(Associate in Science)
Students who complete this program should be able to:
1. Articulate a broad knowledge of the history and practice of various studio art media, art forms, and artists.
2. Demonstrate specific practice and personal skill in various studio arts media.
3. Students will be able to interact within the studio arts community to exhibit and promote personal/professional work.

PHOTOGRAPHIC IMAGING
(Associate in Science)
Students who complete this program should be able to:
1. Effectively communicate using visual and technical language related to photography.
2. Demonstrate a strong knowledge and understanding of how to use photography equipment and software.
3. Demonstrate an understanding of photography's place in Art History and the Contemporary Art world.
4. Apply the tools to promote their work in both commercial and fine arts settings.

<td>Students will explore basic printmaking techniques, including intaglio, relief, planographic and stencil. Students will become familiar with historical examples using each of these techniques. Focus on safe and correct use of printmaking materials and equipment and best practices for working in a studio space with others. Covers printmaking studio vocabulary and practice in critique students' own work and the work of others. At the conclusion of the class students will be able to print a consistent edition of prints.</td>

</table>
**ART 15B**  
Printmaking  
- Effective Spring 2020 -  
27 lecture hours, 81 lab hours  
Prerequisite: Satisfactory completion of: ART 15A  
Transferable to CSU/UC  
Students will develop expertise in techniques covered in Art 15A. Advanced printmaking techniques such as solar plate intaglio, mezzotint, and screen-printing with photo emulsion. Students will develop an ability to use printmaking to create original and meaningful content and imagery. Students will learn to work with color and create images using multiple plates. Grades are P/NP option.  

**ART 18**  
Beginning Graphic Arts  
- Effective Spring 2020 -  
36 lecture hours, 54 lab hours  
Transferable to CSU  
This course is an introductory overview of the technical software and aesthetic fundamental elements for creating typography for print ready visual communications. This course will also include a study of “letterform”, typeface, copy fitting, software and the creative application of all the above. Grades are P/NP option. (L,C)

**ART 19A**  
Introduction to Commercial Art  
27 lecture hours, 81 lab hours  
Transferable to CSU  
Introduce the student to a broad range of assignments to acquaint the student with the unsellish use of their skills to solve the needs of a client and use principles of computerized drawing and design. Using the basic concepts, drawing tools, and vocabulary of Adobe CS6 Design & Web Premium, which includes: Photoshop CS6 Extended, Illustrator CS6, InDesign CS6, Dreamweaver CS6, Flash Professional CS6, Fireworks CS6, Acrobat X Pro, Bridge CS6, and Media Encoder CS6. Grades are P/NP option. (C)

**ART 19B**  
Commercial Art: Illustration  
27 lecture hours, 81 lab hours  
Prerequisite: Satisfactory completion of: ART 19A  
Transferable to CSU  
Studio practice in the basic concepts and techniques of commercial illustration, using typical projects that occur in employment situations. Stress on various media, portfolio, and camera ready work. Grades are P/NP option. (C)

**ART 20**  
African, Oceanic, and Native American Art History Survey  
3 units  
54 lecture hours  
Transferable to CSU/UC  
This course is a survey of visual culture within select regions in Africa, Oceania, and indigenous Americas. Grades are P/NP option.

**ART 21**  
Asian Art History  
3 units  
54 lecture hours  
Transferable to CSU/UC  
This course is a survey of the arts of China, India, Japan, Indonesia, Korea, and South East Asia from prehistoric times to the present. This course examines the wide variety of art forms from these areas and time periods within their historical contexts, with emphasis on function, meaning, aesthetic concepts, mechanical aspects of art making, and the classification and criticism of these arts. Grades are P/NP option. (L)

**ART 27**  
Photography Materials and Processes  
1 unit  
54 lab hours  
Corequisite: Concurrent enrollment or satisfactory completion of: ART 31  
Transferable to CSU  
An additional laboratory experience for those interested in further refining and developing concepts attained in regular course offerings in the photography emphasis in Fine Art.

**ART 29**  
Individual Problems in Design  
3 units  
27 lecture hours, 81 lab hours  
Prerequisite: Satisfactory completion of: ART 6B  
Transferable to CSU  
Advanced principles and elements of art and their functioning design as related to all phases of art. (L)

**ART 31**  
Basic Photography  
3 units  
36 lecture hours, 54 lab hours  
Transferable to CSU/UC  
An exploration into basic camera operation and black and white processing and printing. History and development of photography. Emphasis is on personal expression. Adjustable camera preferred. (L)

**ART 32A**  
Intermediate Black and White Photography A  
3 units  
36 lecture hours, 54 lab hours  
Prerequisite: Satisfactory completion of: ART 31  
Transferable to CSU  
Students will learn advanced darkroom processes, zone system, archival processing, print and negative chemical manipulation, and be introduced to the large format camera. Discussion and critical analysis of assigned exercises will be conducted. (L,M)
### Programs and Courses

**ART 32B**  
**Intermediate Black and White Photography B**  
36 lecture hours, 54 lab hours  
*Prerequisite:* Satisfactory completion of: ART 32A  
*Transferable to CSU*  
Qualitatively oriented advanced black and white course allowing further development of concepts attained in 32A. Emphasis on advanced zone system, large format camera and individual creative problem solving. (L)

**ART 32C**  
**Advanced Projects-Black and White**  
36 lecture hours, 54 lab hours  
*Prerequisite:* Satisfactory completion of: ART 36B  
*Transferable to CSU*  
Individual exploration of advanced black and white photography concepts such as refining the zone system, infrared photography, large format camera, etc. within a structured but non-confining framework.

**ART 33**  
**Advanced Photography**  
36 lecture hours, 54 lab hours  
*Prerequisite:* Satisfactory completion of: ART 36B  
*Transferable to CSU*  
Traditional and digital based photography; further exploration within the student's area of interest. Assignments in creative problem solving with studio lighting and the large format camera. A capstone course for the Photographic Imaging AS and certificate, designed to be a culmination of students' experience. Preparation of final portfolios and resume to target specific photographic markets. (L)

**ART 35**  
**Creative Photo Documentary**  
36 lecture hours, 54 lab hours  
*Prerequisite:* Satisfactory completion of: ART 31 or ART 36A  
*Transferable to CSU*  
Students will develop an understanding and appreciation of the photograph as it is used in social and personal commentary. Individual exploration and creativity will be deployed to create a focused photographic essay. Various presentation methods will be explored. (L)

**ART 36A**  
**Digital Photography**  
36 lecture hours, 54 lab hours  
*Prerequisite:* Satisfactory completion of: ART 31  
*Transferable to CSU/UC*  
Introduction to digital photography: exposure control, file formats, archiving, and basic image editing/manipulation. Grades are P/NP option. (C)

**ART 36B**  
**Introduction to Photoshop**  
36 lecture hours, 54 lab hours  
*Prerequisite:* Satisfactory completion of: ART 36A or ART 38  
*Transferable to CSU/UC*  
Students will delve deeper into the possibilities of Adobe Photoshop pushing the photographic image beyond straight photography into the world of photo manipulation. Techniques that will be covered include but are not limited to creative retouching, montaging and transmissive/reflective scanning and alternative digital outputs producing quality image output.

**ART 36C**  
**Advanced Photography - Digital**  
36 lecture hours, 54 lab hours  
*Prerequisite:* Satisfactory completion of: ART 36B  
*Transferable to CSU*  
Individual exploration of advanced digital imaging concepts within a structured environment. Projects may include advanced montaging, text layers, web authoring, and integration with other 2D/3D mediums. Self-generated projects are emphasized.

**ART 38**  
**Field Workshop-Black and White**  
9 lecture hours, 27 lab hours (1 unit)  
18 lecture hours, 54 lab hours (2 units)  
18 lecture hours, 108 lab hours (3 units)  
*Corequisite:* Concurrent enrollment or satisfactory completion of: ART 31  
*Transferable to CSU*  
Intensive location field workshops covering specific topics in black and white photography especially suited for the particular season and geographic location. Students responsible for cost of meals, lodging, transportation and materials.

**ART 39**  
**Field Workshops-Digital**  
9 lecture hours, 27 lab hours (1 unit)  
18 lecture hours, 54 lab hours (2 units)  
18 lecture hours, 108 lab hours (3 units)  
*Corequisite:* Concurrent enrollment or satisfactory completion of: ART 31; Art 36A  
*Transferable to CSU*  
Intensive location field workshops covering specific topics in digital photography especially suited for the particular season and geographic location. Students responsible for cost of meals, lodging, transportation and materials.

**ART 40A**  
**Individual Problems in Watercolor**  
27 lecture hours, 81 lab hours  
*Prerequisite:* Satisfactory completion of: ART 8B  
*Transferable to CSU*  
Advanced work in principles and elements of watercolor painting in various techniques. Exploration and development of personal style. Grades are P/NP option.

**ART 40B**  
**Individual Problems in Watercolor: Advanced**  
27 lecture hours, 81 lab hours  
*Prerequisite:* Satisfactory completion of: ART 40A  
*Transferable to CSU*  
Advanced work in principles and elements of watercolor painting in various techniques. Exploration and development of personal style. Grades are P/NP option.
ART 41A Individual Problems in Painting: Beginning 3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: ART 9A and ART 9B
Transferable to CSU/UC
Advanced painting in which students approach individual painting problems in consultation with instructor. Grades are P/NP option.

ART 41B Individual Problems in Painting: Advanced 3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: ART 41A and ART 9A and ART 9B
Transferable to CSU/UC
Advanced painting in which students approach individual painting problems in consultation with instructor. Grades are P/NP option.

ART 42A Individual Problems in Ceramics: Beginning 3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: ART 12A and ART 12B
Transferable to CSU/UC
Advanced techniques and processes for creative expression in Ceramics. Grades are P/NP option.

ART 42B Individual Problems in Ceramics: Advanced 3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: ART 42A
Transferable to CSU/UC
Advanced techniques and processes for creative expression in Ceramics. Grades are P/NP option.

ART 43A Individual Problems in Printmaking 3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: ART 15B
Transferable to CSU
Focused exploration of a single printmaking technique. Grades are P/NP option.

ART 43B Individual Problems in Printmaking: Advanced 3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: ART 43A
Transferable to CSU
Advanced exploration of a single technique in printmaking. Grades are P/NP option.

ART 44 Individual Problems in Drawing 3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: ART 4B
Transferable to CSU/UC
Development of a personal drawing style at an advanced level, working in series with the goal of a coherent group of works.

ART 46A Individual Problems in Sculpture: Beginning 3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: ART 14A and ART 14B
Transferable to CSU/UC
Advanced techniques and processes; creative and personal expression in three dimensional forms.

ART 46B Individual Problems in Sculpture: Advanced 3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: ART 14A and ART 14B
Transferable to CSU/UC
Advanced techniques and processes; creative and personal expression in three dimensional forms. Grades are P/NP option.

ART DESIGN: Family of Classes
(No more than four classes can be attempted within each family of classes listed below. See page 50 for details.)
ART 2—Color Theory
ART 6A—Beginning Basic Design
ART 6B—Intermediate Basic Design 3D

CERAMICS: Family of Classes
(No more than four classes can be attempted within each family of classes listed below. See page 50 for details.)
ART 1L—Ceramics Laboratory
ART 12A—Beginning Ceramics
ART 12B—Intermediate Ceramics
ART 42A—Individual Problems in Ceramics
ART 42B—Individual Problems in Ceramics: Advanced

COMMERCIAL ART: Family of Classes
(No more than four classes can be attempted within each family of classes listed below. See page 50 for details.)
ART 19A—Introduction to Commercial Art
ART 19B—Commercial Art: Illustration

DRAWING: Family of Classes
(No more than four classes can be attempted within each family of classes listed below. See page 50 for details.)
ART 4A—Drawing and Composition
ART 4B—Drawing and Composition
ART 44—Individual Problems in Drawing
PAINTING:
Family of Classes
(No more than four classes can be attempted within each family of classes listed below. See page 50 for details.)
ART 8A—Watercolor Painting
ART 8B—Watercolor Painting
ART 9A—Beginning Painting
ART 9B—Intermediate Painting
ART 11—Mural Painting
ART 40A—Individual Problems in Watercolor
ART 40B—Individual Problems in Watercolor; Advanced
ART 41A—Individual Problems in Painting: Beginning
ART 41B—Individual Problems in Painting: Advanced

PHOTOGRAPHY:
Family of Classes
(No more than four classes can be attempted within each family of classes listed below. See page 50 for details.)
ART 27—Materials and Processes
ART 38—Field Workshop—Black and White
ART 39—Field Workshop—Color/Digital
ART 31—Basic Photography
ART 32A—Intermediate Black and White Photography A
ART 32B—Intermediate Black and White Photography B
ART 36B—Intermediate Digital Photography
ART 36C—Advanced Digital Photography

PRINTMAKING:
Family of Classes
(No more than four classes can be attempted within each family of classes listed below. See page 50 for details.)
ART 15A—Printmaking
ART 15B—Printmaking
ART 43A—Individual Problems in Printmaking
ART 43B—Individual Problems in Printmaking: Advanced

SCULPTURE:
Family of Classes
(No more than four classes can be attempted within each family of classes listed below. See page 50 for details.)
ART 14A—Sculpture
ART 14B—Intermediate Sculpture
ART 46A—Individual Problems in Sculpture: Beginning
ART 46B—Individual Problems in Sculpture: Advanced

Asian American Studies

ASIAN 31  Asian-American Humanities and Cultures  3 units
Transferable to CSU/UC
Survey of Asian-American cultures, including religions, traditions, and some highlights of history. Not open for credit to students with credit in HUMAN 31. (L)

Astronomy

ASTRO 1  Introduction to Astronomy  3 units
Transferable to CSU/UC
Survey of the solar system, stars, galaxies, history and tools of astronomy, cosmology, and exploration of space. (L,M)
**Athletics**

**ATHL 1.55R  Sports Conditioning** v.5-1.5 units
4.5 lecture hours, 13.5 lab hours (.5 unit)
9 lecture hours, 27 lab hours (1 unit)
13.5 lecture hours, 40.5 lab hours (1.5 units)
Transferable to CSU/UC - UC Unit Limit
Preparatory conditioning necessary for intercollegiate competition. Development of sport-specific strength, power, endurance, agility, and flexibility as well as mental training techniques. Other: Repeatable: four times only. Grades are P/NP option.

**ATHL 2.01R  Baseball Skills** 1.5 units
13.5 lecture hours, 40.5 lab hours
Transferable to CSU/UC - UC Unit Limit
Techniques of baseball and conditioning used in preparing for intercollegiate competition. Other: Repeatable: four times only. Grades are P/NP option.

**ATHL 2.03R  Basketball Skills - Men** 1.5 units
13.5 lecture hours, 40.5 lab hours
Transferable to CSU/UC - UC Unit Limit
Techniques of basketball and conditioning used in preparing for intercollegiate competition. Other: Repeatable: four times only. Grades are P/NP option.

**ATHL 2.04R  Basketball Skills - Women** 1.5 units
13.5 lecture hours, 40.5 lab hours
Transferable to CSU/UC - UC Unit Limit
Techniques of basketball and conditioning used in preparing for intercollegiate competition. Other: Repeatable: four times only. Grades are P/NP option.

**ATHL 2.07R  Football Skills** 1.5 units
13.5 lecture hours, 40.5 lab hours
Transferable to CSU/UC - UC Unit Limit
Preparatory skills necessary for intercollegiate competition in football. Development in offensive and defensive systems, including passing, kicking, blocking and conditioning. Other: Repeatable: four times only. Grades are P/NP option.

**ATHL 2.08R  Soccer Skills** 1.5 units
13.5 lecture hours, 40.5 lab hours
Transferable to CSU/UC - UC Unit Limit
Preparatory skills necessary for intercollegiate competition in soccer. Development in offensive and defensive systems, including passing, kicking, blocking, and conditioning. Other: Repeatable: four times only. Grades are P/NP option.

**ATHL 2.09R  Softball Skills - Women** 1.5 units
13.5 lecture hours, 40.5 lab hours
Transferable to CSU/UC - UC Unit Limit
Techniques of softball and conditioning used in preparing for intercollegiate competition. Other: Repeatable: four times only. Grades are P/NP option.

**ATHL 2.10R  Soccer Skills - Women** 1.5 units
13.5 lecture hours, 40.5 lab hours
Transferable to CSU/UC
Development of various collegiate level soccer skills and strategies for women. This course will include analysis of scouting reports and film reviews; as well as the practical application of various physical training concepts. Other: Repeatable: four times only. Grades are P/NP option.

**ATHL 2.11R  Track and Field Skills** 1.5 units
(Men/Women)
13.5 lecture hours, 40.5 lab hours
Transferable to CSU/UC - UC Unit Limit
Fundamental techniques and conditioning necessary for participation in intercollegiate track and field competition for men and women. Other: Repeatable: four times only. Grades are P/NP option.

**ATHL 2.12R  Soccer Skills - Men** 1.5 units
13.5 lecture hours, 40.5 lab hours
Transferable to CSU/UC - UC Unit Limit
Preparatory skills necessary for intercollegiate competition in men's soccer. Development in offensive and defensive systems, including passing, kicking, blocking and conditioning. Other: Repeatable: four times only. Grades are P/NP option.

**ATHL 2.13R  Volleyball Skills** 1.5 units
13.5 lecture hours, 40.5 lab hours
Transferable to CSU/UC - UC Unit Limit
Advanced skills and techniques necessary for competitive volleyball play including conditioning, rules of play, and advanced offensive and defensive strategies. Other: Repeatable: four times only. Grades are P/NP option.

**ATHL 11R  Intercollegiate Basketball - Men** 1.5 units
87.5 lab hours
Transferable to CSU/UC - UC Unit Limit
Preparation and competition for Intercollegiate Men's basketball. Collegiate techniques and strategies will be implemented. Other: Repeatable: four times only.

**ATHL 12R  Intercollegiate Track and Field - Men** 3 units
175 lab hours
Transferable to CSU/UC - UC Unit Limit
Preparation and competition for Intercollegiate Men's Track and Field. Collegiate techniques and strategies will be implemented. Other: Repeatable: four times only.

**ATHL 15R  Intercollegiate Football** 3 units
175 lab hours
Transferable to CSU/UC - UC Unit Limit
Preparation for intercollegiate competition. Daily practice sessions including intercollegiate competition with other colleges. Practice includes instruction in offensive and defensive systems, instructions with various techniques associated with the positions played either in the offensive or defensive systems, and conditioning. Other: Repeatable: four times only.

---

**C. L, M Advisories:** Computer Literacy: recommended basic computer skills.  
**Language:** recommended eligibility for English 1A.  
**Mathematics:** recommended eligibility for Math 52.
ATHL 16R  Intercollegiate Soccer - Men    3 units
175 lab hours
Transferable to CSU/UC - UC Unit Limit
Intercollegiate soccer competition including: shooting, heading, controlling, dribbling, passing, tackling, scoring, and goal keeping. Practice and competition required. Other: Repeatable four times only.

ATHL 17R  Intercollegiate Baseball    3 units
175 lab hours
Transferable to CSU/UC - UC Unit Limit
Preparation for intercollegiate baseball competition. Collegiate baseball techniques and strategies performed. Practice and competition required. Other: Repeatable four times only.

ATHL 31R  Intercollegiate Volleyball - Women    3 units
175 lab hours
Transferable to CSU/UC - UC Unit Limit
Preparation for intercollegiate volleyball competition. Collegiate level game strategies and techniques performed. Practice and competition required. Other: Repeatable four times only.

ATHL 32R  Intercollegiate Basketball - Women    1.5 units
87.5 lab hours
Transferable to CSU/UC - UC Unit Limit
Preparation for intercollegiate women’s basketball. Collegiate level techniques and strategies for competition will be performed. Other: Repeatable four times only.

ATHL 33R  Intercollegiate Softball - Women    3 units
175 lab hours
Transferable to CSU/UC - UC Unit Limit
Intercollegiate softball competition, individual skills, position play, team play, and game strategy. Practice and competition required. Other: Repeatable four times only.

ATHL 36R  Intercollegiate Track and Field - Women    3 units
175 lab hours
Transferable to CSU/UC - UC Unit Limit
Preparation and competition in Intercollegiate Track and Field for Women. Advanced collegiate techniques and skills will be performed in each event. Other: Repeatable four times only.

ATHL 37R  Intercollegiate Soccer - Women    3 units
175 lab hours
Transferable to CSU/UC - UC Unit Limit
Intercollegiate soccer competition including: shooting, heading, controlling, dribbling, passing, tackling, scoring, and goal keeping. Practice and competition required. Other: Repeatable four times only.

Automotive Technology

The Automotive Technology Program is designed to provide students with the qualifications needed to fill entry-level positions in the automotive and other related repair fields. The Certificate program also provides additional training for those already employed who desire to improve their skills and abilities. These programs can be completed in one or more semesters. The various Certificates of Training parallel the national voluntary mechanics testing program offered by A.S.E. (Automotive Service Excellence) and are designed to prepare students to pass the A.S.E. tests. The Autobody courses utilize an I-car based curriculum.

AUTO BODY AND REPAIR
( Associate in Science)

Students who complete this program should be able to:
1. Demonstrate the job ready skills needed to obtain entry level employment in the Auto Body industry.
2. Demonstrate personal and professional health and safety practices required for the Auto Body industry.
3. Demonstrate professional work ethics and standards that are expected when working in the Auto Body industry.
4. Demonstrate the ability to work independently as well as interdependently to demonstrate professionalism with customers, co-workers, managers and vendors

Total units required for degree major: 27

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.
MASTER MECHANIC  
(Associate in Science)  
Students who complete this program should be able to:  
1. Demonstrate appropriate mathematical concepts and methods to measure and calculate for needed repair and diagnosis.  
2. Demonstrate how to identify mechanical or component damage that is either direct (you can see it) or indirect (the damage you cannot see) in a 3C's format. The complaint, the cause, the correction.  
3. Utilize the appropriate diagnostic equipment, documentation, and troubleshoot principles on various automobile systems.  
4. Identify and implement safety procedures involved in the diagnosis, service, and repair of all manner automobile and light truck systems.  
5. Utilize the appropriate diagnostic equipment, documentation, and troubleshoot principles on various automotive systems.  
6. Complete 85 percent of the tasks established by NATEF for the Master Automobile Service Technology Certification  

Required Courses  
AUTO 20 Automotive Technical Skills .................................. 3  
AUTO 21 Introduction to Automobiles ..................................... 3  
AUTO 22 Hydraulics (Fluid Power) ........................................... 3  
AUTO 30 Manual Drive Trains-Gas and Diesel Vehicles ...... 3  
AUTO 31 Automatic Transmissions Gas and Diesel Vehicles. 4  
AUTO 33 Fuel Systems ......................................................... 4  
AUTO 36 Air Conditioning and Heating Systems .......... 3  
AUTO 40 Brake Systems ........................................................ 4  
AUTO 41 Alignment and Suspensions ....................................... 4  
AUTO 44 Electrical Systems ................................................... 6  
AUTO 45 Engine Diagnosis/Rebuilding .................................... 4  
AUTO 61A-B OR 62A-B OR 63 series ...................................... 1  

Total units required for degree major .................................. 42  

Students earning an AA/AS degree must complete a minimum of 16 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

TUNE–UP AND DRIVEABILITY  
(Associate in Science)  
Students who complete this program should be able to:  
1. Demonstrate appropriate mathematical concepts and methods to measure and calculate for needed repair and diagnosis.  
2. Demonstrate how to identify mechanical or component damage that is either direct (you can see it) or indirect (the damage you cannot see) in a 3C’s format. The complaint, the cause, the correction.  
3. Utilize the appropriate diagnostic equipment, documentation, and troubleshoot principles on various automobile systems.  
4. Identify and implement safety procedures involved in the diagnosis, service and repair of all manner automobile and light truck systems.  

Required Courses  
AUTO 20 Automotive Technical Skills .................................. 3  
AUTO 33 Fuel Systems ........................................................... 4  
AUTO 36 Air Conditioning and Heating Systems .......... 3  
AUTO 44 Electrical Systems ................................................... 6  
AUTO 55 Advanced Tune-Up .................................................... 5  
AUTO 61D Engine Performance Experience ..................... 1  
AUTO 95 State Emission Control License ......................... 6.5  

Total units required for degree major .................................. 28.5  

Students earning an AA/AS degree must complete a minimum of 16 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

AUTOMOTIVE BODY REPAIR  
(Certificate of Achievement)  
Students who complete this program should be able to:  
1. Demonstrate the job ready skills needed to obtain entry level employment in the Auto Body industry.  
2. Demonstrate personal and professional health practices required for the Auto Body Industry.  
3. Demonstrate professional work ethics and standards that are expected when working in the Auto Body Industry.  

Required Courses  
AUTO 70 Introduction to Autobody Technology ..................... 4  
AUTO 75 I-Car Structural Steel 1 ........................................... 4  
AUTO 76 I-Car Autobody-Non-Structural Steel 1 and 2 ....... 5  
AUTO 77 I-Car Autobody-Refinishing 1 and 2 ...................... 5  

Total units required .......................................................... 18  

AUTOMOTIVE DRIVE TRAINS  
(Certificate of Achievement)  
Students who complete this program should be able to:  
1. Demonstrate the job ready skills needed to obtain entry level employment in the Auto Body industry.  
2. Demonstrate personal and professional health practices required for the Auto Body Industry.  
3. Demonstrate professional work ethics and standards that are expected when working in the Auto Body industry.  

Required Courses  
AUTO 20 Automotive Technical Skills .................................. 3  
AUTO 22 Hydraulics (Fluid Power) ........................................... 3  
AUTO 30 Manual Drive Trains-Gas and Diesel Vehicles ...... 3  
AUTO 31 Automatic Transmissions Gas and Diesel Vehicles. 4  
AUTO 62A Auto Transmission/Transaxle Exp ..................... 2  
AUTO 62B Manual Drivetrain and Axles Exp ..................... 2  

Plus 1 additional unit of AUTO classes............................... 1  

Total units required .......................................................... 18  

MASTER MECHANIC  
(Certificate of Achievement)  
Students who complete this program should be able to:  
1. Demonstrate the job ready skills needed to obtain entry level employment in the Auto Body industry.  
2. Demonstrate personal and professional health practices required for the Auto Body Industry.  
3. Demonstrate professional work ethics and standards that are expected when working in the Auto Body industry.  

Required Courses  
AUTO 20 Automotive Technical Skills .................................. 3  
AUTO 21 Introduction to Automobiles ..................................... 3  
AUTO 22 Hydraulics (Fluid Power) ........................................... 3  
AUTO 30 Manual Drive Trains-Gas and Diesel Vehicles ...... 3  
AUTO 31 Automatic Transmissions Gas and Diesel Vehicles. 4  
AUTO 33 Fuel Systems ........................................................... 4  
AUTO 36 Air Conditioning and Heating Systems .......... 3  
AUTO 40 Brake Systems ........................................................ 4  
AUTO 41 Alignment and Suspensions ....................................... 4  
AUTO 44 Electrical Systems ................................................... 6  
AUTO 45 Engine Diagnosis/Rebuilding .................................... 4  
AUTO 61D Engine Performance Experience ..................... 1  
AUTO 95 State Emission Control License ......................... 6.5  

Total units required .......................................................... 28.5  

Students earning an AA/AS degree must complete a minimum of 16 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.
### TUNE-UP AND DRIVEABILITY (Certificate of Achievement)

Students who complete this program should be able to:

1. Demonstrate appropriate mathematical concepts and methods to measure and calculate for needed repair and diagnosis.
2. Demonstrate how to identify mechanical or component damage that is either direct (you can see it) or indirect (the damage you cannot see) in a 3C’s format. The complaint, the cause, the correction.
3. Utilize the appropriate diagnostic equipment, documentation, and troubleshooting principles on various automobile systems.
4. Identify and implement safety procedures involved in the diagnosis, service and repair of all major automobile and light truck systems.

Total units required: 28.5

####  AUTO 20 Automotive Technical Skills 3 units
- Effective Spring 2020 -
- 36 lecture hours, 54 lab hours
Transferable to CSU

Includes basic technical skills used by all automotive service and repair technicians, including tool selection, use and maintenance, practical measuring skills and useful bolt, nut and thread repair techniques. Also includes electrical circuit meter usage and problem solving techniques. Grades are P/NP option.

####  AUTO 21 Introduction to Automobiles 3 units

- 36 lecture hours, 54 lab hours
Transferable to CSU

A comprehensive study of the automobile, including fundamental operating principles, nomenclature, structural analysis, major design theories, systems function, systems service, minor repair procedures, major repair complexities, current laws and regulations, political action, and personal economics/decision making. Grades are P/NP option.

####  AUTO 21 Introduction to Automobiles 3 units
- Effective Spring 2020 -
- 36 lecture hours, 54 lab hours
Transferable to CSU

This course covers a comprehensive study of automobiles. Emphasis is placed on fundamental operating principles, nomenclature, structural analysis, major design theories, systems function, systems service, minor repair procedures, major repair complexities, current laws and regulations, political action, and personal economics/decision making. Grades are P/NP option.

####  AUTO 22 Hydraulics (Fluid Power) 3 units
- 36 lecture hours, 54 lab hours
Transferable to CSU

The course covers the application of hydraulics (fluid power) to the fields of automotive machine trades, robotics, industry, and agriculture. It is recommended that a student has an understanding of pre-algebra before enrolling in this course. Grades are P/NP option.

####  AUTO 23 Fuel Systems 4 units
- Effective Spring 2020 -
- 36 lecture hours, 108 lab hours
Transferable to CSU

An in-depth study of conventional and state-of-the-art fuel systems. A strong emphasis is placed on electronic fuel injection and computerized fuel management systems. Additional study in 5-gas analyzers and combustion theory is included. Concurrent enrollment in AUTO 44 is recommended. Grades are P/NP option.

####  AUTO 41 Alignment and Suspension 4 units
- 74 lecture hours, 108 lab hours
Transferable to CSU

A comprehensive study of current automotive electrical systems with a strong emphasis on diagnosis, service and repair of wiring, ignitions, charging, starting, domestic and import computer management systems. Involves usage of manuals, meters, scanners, and state-of-the-art test equipment. Recommend enrollment in AUTO 33. Grades are P/NP option.

####  AUTO 45 Engine Diagnosis and Rebuilding 4 units
- 36 lecture hours, 108 lab hours
Transferable to CSU

Includes engine theory of operation, pre-tear down diagnosis, disassembly techniques, engine cleaning methods, measurement tools, component identification, lubrication systems, and assembly break-in procedures. Alternative fuels and hybrid engine drive train will also be presented. Grades are P/NP option.

####  AUTO 46 Engine Machining and Reconditioning 3 units
- 36 lecture hours, 54 lab hours
Transferable to CSU

Applied principles of engine machining and reconditioning techniques with a strong emphasis on high performance production machining. Intended for students who desire further study and skills working with automotive machining and assembly methods. Grades are P/NP option.

**- Effective Spring 2020 -**

36 lecture hours, 54 lab hours

This course covers a comprehensive study of automotive manual drivetrains. Emphasis is placed on standard transmissions and transaxles, clutches, drive shafts, drive axle assemblies, transfer cases, gears, bearings, lubrication theory, normal maintenance adjustments and service operations, problem diagnosis and overhaul procedures for gasoline and diesel vehicles. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

36 lecture hours, 54 lab hours

This course covers basic operating principles of automotive manual drivetrains. Emphasis is placed on standard transmissions and transaxles, clutches, drive shafts, drive axle assemblies, transfer cases, gears, bearings, lubrication theory, normal maintenance adjustments and service operations, problem diagnosis and overhaul procedures for gasoline and diesel vehicles. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

36 lecture hours, 54 lab hours

This course covers basic operating principles of manual drive trains which consist of clutches, standard transmission/ transaxles, drive shafts, drive axle assemblies, and transfer cases. Emphasis on related gear, bearing, and lubrication theory; normal maintenance service, and adjustment operations; problem diagnosis; and overhaul procedures for gasoline and diesel vehicles. Grades are P/NP option.

36 lecture hours, 54 lab hours

This course covers basic operating principles of manual drive trains which consist of clutches, standard transmission/ transaxles, drive shafts, drive axle assemblies, and transfer cases. Emphasis on related gear, bearing, and lubrication theory; normal maintenance service, and adjustment operations; problem diagnosis; and overhaul procedures for gasoline and diesel vehicles. Grades are P/NP option.

36 lecture hours, 54 lab hours

This course covers basic operating principles of automotive braking systems including brake theory, hydraulic operation, hydraulic control valves, power brake units, electronic control systems and anti-lock brake systems (ABS), industry standards and practices for the inspection, diagnosis, service, and repair of automotive and light truck braking systems will also be covered. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

36 lecture hours, 54 lab hours

This course covers basic operating principles of automotive braking systems including brake theory, hydraulic operation, hydraulic control valves, power brake units, electronic control systems and anti-lock brake systems (ABS), industry standards and practices for the inspection, diagnosis, service, and repair of automotive and light truck braking systems. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

C, L, M Advisories: **Computer Literacy:** recommended basic computer skills. **Language:** recommended eligibility for English I A. **Mathematics:** recommended eligibility for Math 52.

<td>Effective Spring 2020</td>
<td>This course covers individualized advanced techniques with a strong emphasis on specialized training in automotive brake systems. Emphasis is placed on diagnosing and repairing disc and drum brake systems, wheel and hub bearings, electrical diagnosis as it relates to anti-lock brake systems (ABS) and traction control. Students are strongly encouraged to have problem solving skills and computer literacy skills.</td>
</tr>
<tr>
<td>AUTO 52.62E</td>
<td>Heat and Air Conditioning Experience</td>
<td>1</td>
<td>Effective Spring 2020</td>
<td>This course covers individualized advanced techniques with a strong emphasis on specialized training in automotive heating and air conditioning. Emphasis is placed on recovering and recharging of air conditioning system, heating system, semi/auto air controls, engine cooling system, and electrical diagnosis. Students are strongly encouraged to have problem solving skills and computer literacy skills. Grades are P/NP option.</td>
</tr>
</tbody>
</table>
AUTO 53.31 Automatic Transmission Gas/ Diesel Vehicles 4 units
54 lecture hours, 54 lab hours
This course covers basic operating principles of automatic transmissions and transaxles. Topics include planetary gear sets, hydraulic operations, electronic controls, and torque converters; normal maintenance, service and adjustment operations; problem diagnosis procedures; and overhaul procedures for automotive and truck applications. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

AUTO 53.31 Automatic Transmission/Gas and Diesel Vehicles 4 units
- Effective Spring 2020 -
54 lecture hours, 54 lab hours
This course covers a comprehensive study of automatic transmissions and transaxles. Emphasis is placed on operating principles, planetary gear sets, hydraulic operations, electronic controls, torque converters, normal maintenance adjustments and service operations, problem diagnosis, and overhaul procedures for automotive and truck applications. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

AUTO 52.81 Hybrid and Alternative Fuels 2 units
Vehicles
- Effective Spring 2020 -
27 lecture hours, 27 lab hours
This course covers a comprehensive study of hybrid and alternative fuel vehicles. Emphasis is placed on safety when using high voltage, maintenance, drivability, inverter power transfer, battery technologies, hydrogen electric power, and fuel cell technology. Labs include performing scheduled hybrid maintenance services. Introduction to hybrid vehicle diagnosis and repair. Development of entry-level skills needed to work on hybrid vehicles. Students are strongly encouraged to have college level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

AUTO 53.33 Fuel Systems 4 units
- Effective Spring 2020 -
36 lecture hours, 108 lab hours
Conditions of Enrollment: Concurrent enrollment in Auto 53.44 is recommended. It is also recommended that a student enroll in both Auto 53.33 and Auto 53.44 for ASE/BAR Automotive A6 and A8 Engine Performance certification. Students will need this certification for enrollment in Auto 53.55 (Advanced Tune-up course) and Auto 95 (CA Smog Licensing course) the following semester.
This course covers a comprehensive study of conventional and advanced automotive fuel systems. Emphasis is placed on electronic fuel injection, computerized fuel management systems, 5-gas analyzers and combustion theory. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

AUTO 53.55 Advanced Tune-Up 5 units
- Effective Spring 2020 -
36 lecture hours, 162 lab hours
Prerequisite: Satisfactory completion of: AUTO 53.33; AUTO 52.44
This course covers a comprehensive study of advanced automotive tune-up. Emphasis is placed on problems pertaining to fuel delivery, ignition, emission, computers and electronic engine controls, wiring systems, and mechanical engine diagnostics. Latest diagnostic strategies and extensive troubleshooting, use of diagnostic test equipment, lab oscilloscopes, scan-tools, and emission analyzers. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

AUTO 55 Advanced Tune-Up 5 units
36 lecture hours, 162 lab hours
Prerequisite: Satisfactory completion of: AUTO 33 and AUTO 44
Advanced automotive tune-up emphasizing problems pertaining to fuel ignition, emission, computers, wiring systems, and mechanical engine diagnostics. Latest diagnostic, tune-up equipment, and services skills will be demonstrated and used. Grades are P/NP option.

AUTO 61A Engine Repair Experience 1 unit
54 lab hours
Prerequisite: Satisfactory completion of: AUTO 45 or concurrent enrollment.
Individualized activities intended to meet the specific needs of advanced students through specialized training in automotive engine repair. Activities include in-depth operations not normally covered in the basic course. Intended primarily for students with prior practical experience in automotive engine repair. Grades are P/NP option.

AUTO 61B Engine Machining/ Reconditioning Experience 1 unit
54 lab hours
Prerequisite: Satisfactory completion of: AUTO 46 or concurrent enrollment.
Individualized activities intended to meet the specific needs of advanced students through specialized training in automotive engine machining and reconditioning. Activities include in-depth operations not normally covered in the basic course. Intended primarily for students with prior practical experience in automotive engine machining and reconditioning. Grades are P/NP option.

AUTO 61C Electrical Systems Experience 1 unit
54 lab hours
Prerequisite: Satisfactory completion of: AUTO 44 or concurrent enrollment.
Individualized activities intended to meet the specific needs of advanced students through specialized training in automotive electrical systems. Activities include in-depth operations not normally covered in the basic course. Intended primarily for students with prior practical experience in automotive electrical systems. Grades are P/NP option.
AUTO 61D   Engine Performance Experience 1 unit
54 lab hours
Prerequisite: Satisfactory completion of: AUTO 44 or concurrent enrollment.
Individualized activities intended to meet the specific needs of advanced students through specialized training in automotive fuel, emissions and electrical systems. Activities include in-depth operations not normally covered in the basic course. Intended primarily for students with prior practical experience in automotive engine performance. Grades are P/NP option.

AUTO 62A   Auto Transmission/Transaxle Exp 1 unit
54 lab hours
Corequisite: Concurrent enrollment or satisfactory completion of: AUTO 53.31
This course includes individualized activities intended to meet the specific needs of advanced students through specialized training in automatic transmissions and trans-axles. Activities include in-depth operations not normally covered in the basic course. Intended primarily for students with prior practical experience in automotive automatic transmission and trans-axles. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

AUTO 62B   Manual Drivetrain and Axles Exp 1 unit
54 lab hours
Corequisite: Concurrent enrollment or satisfactory completion of: AUTO 52.30
This course includes individualized activities intended to meet the specific needs of advanced students through specialized training in automotive manual drive-trains and axles. Activities include in-depth operations not normally covered in the basic course. Intended primarily for students with prior practical experience in automotive manual drive-trains and axles. Grades are P/NP option. (L,M,C)

AUTO 62C   Suspension and Steering Experience 1 unit
54 lab hours
Corequisite: Concurrent enrollment or satisfactory completion of: AUTO 41
Other: It is also recommended that students have already taken AT41. This course is intended to meet the specific needs of advanced students through specialized training in Alignment and Suspension.
This course includes individualized activities intended to meet the specific needs of advanced students through specialized training in automotive suspension and steering. Activities include in-depth operations not normally covered in the basic course. Intended primarily for students with prior practical experience in automotive suspension and steering. (L,M,C)

AUTO 62D   Brakes Experience 1 unit
54 lab hours
Corequisite: Concurrent enrollment or satisfactory completion of: AUTO 40
Other: It is also recommended that students have already taken AT40. This course is intended to meet the specific needs of advanced students through specialized training in Brake Systems.
This course includes individualized activities intended to meet the specific needs of advanced students through specialized training in automotive brakes. Activities include in-depth operations not normally covered in the basic course. Intended primarily for students with prior practical experience in automotive brakes. (L,M,C)

AUTO 62E   Heat and Air Conditioning Experience 1 unit
54 lab hours
Corequisite: Concurrent enrollment or satisfactory completion of: AUTO 52.36
This course includes individualized activities intended to meet the specific needs of advanced students through specialized training in automotive heating and air conditioning. Activities include in-depth operations not normally covered in the basic course. This course is intended to meet the specific needs of advanced students through specialized training in Air Conditioning and Heating Systems. Grades are P/NP option. (L,M,C)

AUTO 70   Introduction to Autobody Technology 4 units
54 lecture hours, 54 lab hours
Introduces the student to the fundamentals of Autobody Collision repair. Topics include hazardous material regulations including handling, storage, and disposal of hazard wastes, SDS code information, personal protective equipment, repair facility safety, basic electrical circuitry, electric hybrid vehicles, vehicle design and collision energy management, tool identification usage, and maintenance. Grades are P/NP option.

AUTO 75   I-Car Structural Steel 1 4 units
54 lecture hours, 54 lab hours
This course will covers the principal and theory of automotive collision repair including component alignment, component replacement, structural panel repair or replacement, and chassis/frame alignment. Sectioning and full-panel replacement techniques and procedures are covered. Practical applications are emphasized. Students enrolled in the Auto Body Technology program at Yuba College (YC) may be eligible to apply for Inter-Conference on Automotive Repair (I-CAR) points. This YC/I-CAR alliance course also prepares students for Automotive Service Excellence (ASE) testing and National Automotive Technicians Education Foundation (NATEF) training standards. Grades are P/NP option. (L)
Programs and Courses

AUTO 76   I-Car Autobody - Non-Structural 1 and 2  5 units
72 lecture hours, 54 lab hours
This course provides the technical information and hands on experience needed to perform cosmetic straightening of steel, aluminum and plastic repair. Topics include: removal and replacement of bolted on panels; removal, replacement and repair of bumper facias; removal and replacement of headlight and tail lamp assemblies; removal, replacement and adjustment of movable glass. Introduction to steel GMAW-MIG welding, aluminum GTAW-TIG welding. STSRW squeeze-type resistance spot welding, MIG Brazing, nitrogen plastic welding, plasma arc cutting and adhesively bonded panel replacement. Body working hand tools, abrasives and fillers will be covered. Grades are P/NP option. (L)

AUTO 77   I-Car Autobody - Refinishing 1 and 2  5 units
72 lecture hours, 54 lab hours
This course includes the principles of paint finish application, tinting/blending, color adjustments, color mismatch problems, finish inspection, removal of finish defects, interior and exterior detailing, refinish equipment, surface prep, and masking. Other topics include paint application techniques, corrosion protection, new paint technologies, color identification, and vehicle color codes. This course will also provide the information needed to start a home based detailing business. The course also addresses compliance with OSHA and EPA rules. Students enrolled may be eligible to apply for Inter-Industry Conference on Automotive Collision repair (I-CAR) points. This YCCD/I-CAR alliance course also prepares student for ASE testing. Grades are P/NP option. (L)

AUTO 81   Hybrid/Alternative Fuels  2 units
Vehicles for Service Technicians
27 lecture hours, 27 lab hours
Advanced study of hybrid and alternative fuel vehicles to equip automotive majors and field technicians with the information and skills necessary to service and repair current automotive hybrid vehicles to manufacturer’s safety procedures. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option. (C.L)

AUTO 95   State Emission Control License  7 units
117 lecture hours, 30 lab hours
The course prepares students for a Smog Check Inspection/Repair license. Intended for students that possess ASE/BAR certifications in the following areas: A6-Automatic Electrical; A8-Automatic Engine Performance; L1-Advanced Engine Performance and/or students that are currently enrolled in electrical, automotive fuel systems and advanced engine performance/diagnostic courses. This is an intensive review of automotive electrical/electronic, engine mechanical, emission controls, and computer control systems as they relate to automotive emissions controls. This course satisfies the ASE/BAR certification requirement when applying for Smog Check technician licenses and may be used by the applicant in lieu of the ASE certifications. Grades are P/NP option.

Biology

The Associate of Science Degree in Biology is designed to prepare students for transfer to four-year institutions for pre-professional studies in medical, dental and pharmacy programs. The Biology program at Yuba College offers a range of courses that fulfill general education and transfer requirements and prepares students for further study in Biology leading to BA, BS, MA, MS and/or Ph.D. degrees.

Biology (Associate in Science)

Students who complete this program should be able to:
1. Demonstrate an understanding of the fundamental principles of Biology as it relates to their degree path. These fundamental principles include: cell theory, gene theory and homeostasis. Varied courses can assess these principles at any level of biological hierarchy from molecular structure through organismal structure to complete ecosystems.
2. Demonstrate an understanding of topics revolving around the interactions that organisms have with each other, other organisms and their abiotic surroundings including the flow and use of energy within their environment. Students should show knowledge of larger scale biological topics including diversity, population dynamics, and competition within ecosystems.
3. Apply the scientific method to original or pre-designed biological experiments. Students should be able to create or assess a hypothesis, conduct experiments, correctly interpret results, and effectively communicate findings while relating each step of the scientific method.
4. Show proficiency using biological laboratory techniques practiced within a given course curriculum. Students should show knowledge in applied techniques such as, but not limited to, microscopy, dissection, sterile technique, sample identification and chemical assays. Students will use varied instrumentation to obtain experimental results.

Total units required for degree major: 35-36

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

The Biology-Allied Health degree is designed to provide a broad base of knowledge and skills to support students’ development into competent health care professionals. The degree requirements parallel many of the prerequisites required in allied health programs. A common core of courses provide a foundation in human anatomy, human physiology, and general psychology. The options provide an opportunity to focus on a specific allied health career field. Students earning this degree will be well prepared to satisfy the prerequisite course requirements for admission into a variety of California Community College, California State University, and private college and university undergraduate Allied Health programs such as Nursing (LVN, ADN, BSN), Respiratory Care, Radiologic Technology, Physical Therapy Assistant, Occupational Therapy Assistant, and Dental Hygiene as well as graduate Allied Health programs in Physical Therapy and Occupational Therapy. This degree also provides foundational knowledge of human biology, psychology, and communication for other professions in hospitals, health clinics, and medical offices.

**BIOLOGY-ALLIED HEALTH**

(Associate in Science)

Students who complete this program should be able to:
1. Analyze data/information in addressing and evaluating scientific problems and issues while making decisions.
2. Use the scientific method to correctly interpret experimental data and effectively communicate the findings and implications of that data in writing.
3. Demonstrate proficient laboratory techniques within a given Allied Health field.

Total units required for degree major: 19-36

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.
The Associate of Science Degree in Biology for Transfer is designed to prepare students for an automatic transfer to California State University institutions with Biology degrees. The Biology program at Yuba College offers a range of courses that fulfill general education and transfer requirements and prepares students for further study in Biology leading to BA, BS, MA, MS and/or Ph.D. degrees.

**BIOLOGY**  
(Associate in Science for Transfer)

Students who complete this program should be able to:

1. Analyze data/information in addressing and evaluating problems and issues in making decisions.
2. Understand the purpose of scientific inquiry and the implications and applications of basic scientific principles.
3. Using the Scientific Method, students will be able to correctly interpret experimental data and effectively communicate the findings and implications of that data in writing.

Total units required for degree major: 35

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with “C” or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

**BIOL 2 General Zoology**

4 units  
36 lecture hours, 108 lab hours  
*Prerequisite:* Satisfactory completion of: BIOL 1; MATH 52 or MATH 52B or satisfactory score on mathematics placement exam.

*Transferable to CSU/UC*  
C-ID BIOL 150

Applies the concepts introduced in Biology 1 to the study of animals and evolution. Course includes a survey of animal phyla and non-photosynthetic, single-celled, eukaryotic taxa. Specific animal topics include: patterns of diversity and classification, morphology and physiology, life cycles and development, the significance of sexual reproduction, and animal behavior. Evolution topics include speciation, phylogeny, macro- and microevolution, adaptation to environmental and social challenges, and natural selection. Other topics include genetic drift, gene flow, mutation, non-random mating, and basic population genetics. Designed for biology majors and related fields, but open to all qualified students. Grades are P/NP option. (L)

**BIOL 3 General Botany**

4 units  
36 lecture hours, 108 lab hours  
*Prerequisite:* Satisfactory completion of: BIOL 1; MATH 52 or MATH 52B

*Transferable to CSU/UC*  
C-ID BIOL 155

Applies the concepts introduced in Biology 1 to the study of plants and general ecology. Topics include morphology, physiology, systematics, and evolutionary trends among cyanobacteria, algae, fungi, and plants. Population, community, and ecosystems dynamics of higher plants will be emphasized. Designed primarily for biology majors and related fields but open to all qualified students. (L)

**BIOL 4 Human Anatomy**

4 units  
36 lecture hours, 108 lab hours  
*Prerequisite:* Satisfactory completion of: BIOL 1 or BIOL 15

*Transferable to CSU/UC*  
C-ID BIOL 110B

An introduction to the gross, microscopic and organizational structure of the human body. Includes an emphasis upon the interrelationship between structure and function of cells, tissues, organs, and systems. The course is primarily intended for nursing, allied health, kinesiology, and other health related majors. (L,C)

**BIOL 4 Human Anatomy**

4 units

*Effective Spring 2020 -*

36 lecture hours, 108 lab hours  
*Prerequisite:* Satisfactory completion of: BIOL 1 or BIOL 15

*Transferable to CSU/UC*  
C-ID BIOL 110B

An introduction to the gross, microscopic and organizational structure of the human body. Emphasizes the interrelationship between structure and function of cells, tissues, organs, and systems. The course is primarily intended for nursing, allied health, kinesiology, and other health related majors. (L,C)

*C, L, M Advisories: Computer Literacy: recommended basic computer skills.*  
*Language: recommended eligibility for English 1A. Mathematics: recommended eligibility for Math 52.*

Accounting

ACCOUNTING
(Associate in Science)

Students who complete this program should be able to:
1. Create accurate, professional, and appropriate accounting documents and reports for the business entity served.
2. Compute financial data using accounting concepts and methods to understand, analyze, and communicate issues in quantitative terms.
3. Analyze accounting data/information in addressing and evaluating problems and issues in making informed business decisions.
4. Demonstrate effective use of technology applicable to the accounting field.

---

**ACCT 1** Principles of Accounting - Financial

72 lecture hours

**Prerequisite:** Satisfactory completion of: ACCT 10A or BCA 15 or BCA 33A and qualifying score on Mathematics placement examination.

**Corequisite:** Concurrent enrollment or satisfactory completion of:
- ACCT 1A and BCA 15 or BCA 33A

**Transferable to CSU/UC - UC Unit Limit**
- C-ID ACCT 110 (ACCT 1 & ACCT 1A)

This is the study of accounting as an information system, examining why it is important and how it is used by investors, creditors, and others to make decisions. The course covers the accounting information system, including recording and reporting of business transactions with a focus on the accounting cycle, the application of generally accepted accounting principles, the financial statements, and statement analysis. Includes issues relating to asset, liability, and equity valuation, revenue and expense recognition, cash flow, internal controls, and ethics. (L,M,C)

**ACCT 1A** Principles of Accounting - Financial Lab

27 lab hours

**Prerequisite:** Concurrent enrollment or satisfactory completion of:
- ACCT 1A

**Transferable to CSU/UC - UC Unit Limit**
- C-ID ACCT 110 (ACCT 1 & ACCT 1A)

Laboratory to accompany Principles of Accounting - Financial (ACCT 1). Students use the computer as a tool in solving accounting problems. Includes spreadsheets and computerized accounting system. Each student is required to have some type of storage device to save their files on. Grades are P/NP option. (L,M)

**ACCT 2L** Principles of Accounting - Managerial

72 lecture hours, 54 lab hours

**Prerequisite:** Satisfactory completion of: BCA 15 and ACCT 1 and ACCT 1A or ACCT 1L

**Transferable to CSU/UC**
- C-ID ACCT 120

Emphasizes accounting principles and tools used by management in decision-making, planning, directing and controlling operations. Focuses on cost terms and concepts, cost behavior, cost structure and cost-volume-profit analysis. Includes budgetary techniques, issues relating to cost systems, cost control, profit planning, and performance analysis for manufacturing and service environments; and utilizing computer applications as a tool in preparing and analyzing managerial related accounting reports. (L,M,C)

**ACCT 3** Computerized Accounting

3 units

45 lecture hours, 27 lab hours

**Prerequisite:** Satisfactory completion of: ACCT 10A or ACCT 1 or ACCT 1L or ACCT 2L

**Transferable to CSU**

Computerized accounting using QuickBooks Pro. Basic through intermediate features for small and medium size businesses including banking, sales and customers, purchases and vendors, inventory, reports and graphs. Application of all aspects of accounting cycle.
Programs and Courses

ACCT 6 Individual Income Taxes- Federal and State 4 units

72 lecture hours
Other: ACCT 10A or prior knowledge of accounting terminology/concepts recommended.
Transferable to CSU
Individual income tax preparation, forms and computations; business and professional returns; federal and state returns. Individual Income Taxes - Federal/State (ACCT 6) is a CTEC approved course, which fulfills the 60-hour “qualifying education” requirement for tax preparers. A listing of additional requirements to register as a tax preparer may be obtained by contacting CTEC at P.O. Box 2890, Sacramento, CA 95812-2890, toll-free by phone at (877) 850-2832, or on the Internet at www.ctec.org  (L,M)

ACCT 9 Business Payroll 3 units

48 lecture hours, 18 lab hours
Transferable to CSU
Introduction to payroll terminology, procedures, calculations, record-keeping, timelines, percentages, limitations, and laws that relate to maintaining payroll for business firms in California; computerized payroll procedures will also be presented. Prior accounting knowledge is not necessary. (L,M)

ACCT 10A General Accounting 4 units

72 lecture hours
Transferable to CSU
Introductory accounting course covering accounting principles and practices, the complete accounting cycle, and creation of financial reports. Use of proper procedures in the General Journal, Special Journals, General Ledger and Subsidiary Ledgers. Includes payroll processes, and proper financial reporting. (L,M)

Business Computer Applications

BUSINESS COMPUTER APPLICATIONS
(Associate in Science)

- Degree Inactivation Effective Spring 2020 -

Students who complete this program should be able to:
1. Demonstrate skills to produce business communications and documents.
2. Solve complex business situations through the application of business, mathematical, and technological skill.
3. Analyze both internal and external data/information in addressing and evaluating problems and issues in making informed business decisions.

Total units required ........................................... 16

BCA 17 | Business Computer Applications - Advanced | 3 units

- Inactivated Spring 2020 - 

36 lecture hours, 54 lab hours

Prerequisite: Satisfactory completion of: BCA 15

Transferable to CSU

Develop an intermediate/advanced level of skills using the Microsoft Office Suite. Advanced features of Word, Excel, Access, and PowerPoint are covered along with how to use Object Linking and Embedding (OLE) to create integrated Office documents. Prior experience using Windows, the Internet, and MS Office Suite is assumed. (L,M)

BCA 22A | Introduction to Microsoft Word | 1 unit

- Inactivated Spring 2020 - 

9 lecture hours, 18 lab hours

Transferable to CSU

Overview of the basic features of Microsoft Word. Creating, editing, and saving documents; file management; basic text, paragraph, and page formatting; page numbering; printing options; tables and columns. Grades are P/NP. (L)

BCA 34 | Advanced Microsoft Excel | 1 unit

- Inactivated Spring 2020 - 

12 lecture hours, 18 lab hours

Prerequisite: Satisfactory completion of: BCA 33A

Transferable to CSU

Covers advanced features of Microsoft Excel spreadsheet software. These features include: Advanced formatting options, financial functions, 3-D formulas, and other advanced data functions. Hands-on exercises emphasizing business applications. Grades are P/NP. (L,M,C)

BCA 42A | Internet Literacy and Safety | 3 units

54 lecture hours

Transferable to CSU

Exposes the student to a wide range of topics related to the Internet. Students will learn how to perform basic searches, work with email, manage and tune the web browser, and make the Internet a practical and functional part of everyday life. Designed to ease the fears of the novice and enhance the ability of the intermediate user. Not open to students with credit in IT 42A. (L)

BCA 61 | Desktop Operating Systems | 1 unit

- Inactivated Spring 2020 - 

18 lecture hours, 18 lab hours

Transferable to CSU

Gain a comprehensive understanding of Desktop Operating Systems. This course focuses on daily tasks such as creating and organizing files, customizing the work space, fine-tuning performance, maintaining and protecting your computer. Additional topics include using the internet, basic e-mail skills, performing searches and networking. Students are challenged to apply what they learned in real-life tasks, preparing them to easily transfer skills to new situations. Grades are P/NP.
Programs and Courses

General Business

GENERAL BUSINESS MANAGEMENT (Associate in Science)

Students who complete this program should be able to:
1. Demonstrate skills to produce business communications and documents.
2. Solve complex business situations through the application of business, mathematical, and technological skills.
3. Analyze both internal and external data/information in addressing and evaluating problems and issues in making informed business decisions.

**Programs and Courses**

**GNBUS 21**  Business Communications  3 units  54 lecture hours  
Prerequisite: Satisfactory completion of: ENGL 1A.  
Other: Word processing and keyboarding skill; no handwritten work is accepted.  
Transferable to CSU  
C-ID BUS 115  
Application of principles of ethical and effective communication to the creation of letters, memos, e-mails, and written and oral reports for a variety of business situations. Development and refinement of written and oral business communication skills including planning, composing, editing, and revising business documents using word processing software for written documents and presentation software to create and deliver professional oral reports. This course is designed for students who already have college-level writing skills. Not open for credit for students with credit in OA 21. (L)  

**GNBUS 30**  Business Computer Applications  3 units  45 lecture hours, 27 lab hours  
Transferable to CSU  
Develop beginning to intermediate skills using computer office applications. Basic features of word processing, spreadsheet, and presentation software are covered. Hands-on activities will focus on creating simple, integrated documents for business, personal and academic purposes. Typing skills are advised. (L,M)  

**GNBUS 32**  Word Processing Applications  3 units  36 lecture hours, 54 lab hours  
Transferable to CSU  
Basic and advanced features of word processing. Topics include creating, editing, and saving documents; file management; basic text, paragraph, and page formatting; page numbering; printing options; tables and columns; advanced formatting; chart forms, styles, graphics, borders, shading, drawing, macros, sort, and merge features. Grades are P/NP option. (L)  

**GNBUS 33**  Spreadsheet Application Applications  3 units  36 lecture hours, 54 lab hours  
Transferable to CSU  
Learn features of spreadsheet software applications using the interface, working with text labels, values, formulas, functions, editing and formatting. Spreadsheets designed for decision-making, creating charts, list and data management. Includes advanced formatting options, financial functions, 3-D formulas, and other advanced functions. Hands-on coursework that focuses on business, academic and personal applications. (C,L,M)  

**GNBUS 34**  Presentation Application Applications  1 unit  12 lecture hours, 18 lab hours  
Transferable to CSU  
Learn the basics of presentation application software and more: create presentations, add visuals, include elements and data from other sources, modify master slides and timings. Customize, prepare for distribution and deliver presentations. Familiarity with keyboard recommended. Grades are P/NP option.  

**GNBUS 37**  Introduction to Database Applications  1 unit  12 lecture hours, 18 lab hours  
Transferable to CSU  
Use database applications to develop simple to complex databases in an operating system environment. Design databases, sort and filter records, create input forms and custom-formatted reports. Grades are P/NP option. (C,L,M)  

**GNBUS 41**  Computer Operating Systems  1 unit  12 lecture hours, 18 lab hours  
Transferable to CSU  
Gain a comprehensive understanding of computer operating systems, including the new features of the operating system. Focuses on daily tasks such as creating and organizing files, customizing the workspace, fine-tuning performance, maintaining and protecting your computer. Additional topics include using the internet, basic e-mail skills, performing searches and networking. Students are challenged to apply what they learn to real-life tasks, preparing them to easily transfer skills to new situations. Grades are P/NP option. (L,M)  

**GNBUS 42**  Internet Literacy and Safety  3 units  
- Effective Spring 2020 -  
54 lecture hours  
Transferable to CSU  
Exposes students to a wide range of topics related to the Internet. Students will learn how to perform basic searches, work with email, manage and tune the web browser, and make the Internet a practical and functional part of everyday life. Designed to ease the fears of the novice and enhance the ability of the intermediate user. (L)  

**GNBUS 52**  Business English  3 units  54 lecture hours  
A review of English grammar with applications for written and oral business communications. Not open for credit to students with credit in OA 52. (L)  

**GNBUS 53**  Records Management  3 units  45 lecture hours, 27 lab hours  
This course introduces students to the increasingly complex field of records management. The class emphasizes the importance of effective records management for all types of documents from their creation or receipt, through their processing, distribution, organization, storage, and retrieval, to their ultimate disposition. Students will investigate the management functions necessary to operate a records management program effectively. (L)  

**GNBUS 55A**  Beginning Keyboarding  3 units  36 lecture hours, 54 lab hours  
Acquire beginning level keyboarding skills and document formatting. Not open for credit to students with credit in OA15A-1, OA15A-2, and OA15A-3. (L)
Programs and Courses

**GNBUS 55B Intermediate Keyboarding** 3 units
- Effective Spring 2020 -
36 lecture hours, 54 lab hours
Refinement of basic keyboarding and document formatting skills to more advanced speed and accuracy levels. Not open for credit to students with credit in OA15B-1, OA15B-2, and OA15B-3. Grades are P/NP option. (L,M)

**GNBUS 56 Business Mathematics** 3 units
54 lecture hours
Prerequisite: Satisfactory completion of: GNBUS 100
Math for accounting, management, real estate and marketing. Topics include: payroll, inventory controls, trade and cash discounts, simple and compound interest, present value, annuities and sinking funds, discounting of notes, buying and selling of mutual funds and stocks, depreciation, financial statements and real estate loans. Grades are P/NP option. (L,M)

**GNBUS 60 General Office Procedures** 3 units
54 lecture hours
Prerequisite: Satisfactory completion of: GNBUS 55A or OA 15A
Skills and procedures necessary in an automated office. Office information systems, including technology and procedures, telecommunications, information processing, mail and phone systems, time management, public relations, human relations skills, and ethics. Not open for credit to students with credit in OA60L and OA60. Grades are P/NP option. (L,M)

**GNBUS 61 Advanced Office Procedures** 3 units
54 lecture hours
Prerequisite: Satisfactory completion of: GNBUS 55A or OA 15A
Develop and apply advanced level of principles, knowledge, and skills necessary for the proper operation of the automated office. Emphasis is placed on higher level administrative assistant skills such as analysis, communication, decision-making, and supervision principles. Not open for credit to students with credit in OA61L or OA61. (L,M)

**GNBUS 63 Legal Office Procedures** 3 units
36 lecture hours, 54 lab hours
GNBUS 32 and GNBUS 15A are recommended. This class explores the legal office environment, current legal office procedures, and preparation of legal documents using up-to-date office technology. (C,L,M)

**GNBUS 64 Medical Word Processing** 3 units
36 lecture hours, 54 lab hours
Prerequisite: Satisfactory completion of: OA 17B or GNBUS 32; OA 52 or GNBUS 52
Medical document editing, utilizing partial speech recognition documentation/voice processing and transcription from physician dictation. Course work will encompass general medical/surgical fields and specialties such as OB-GYN, pediatrics, orthopedics, and cardiovascular medicine. (L,M)

**GNBUS 65 Medical Office Procedures** 3 units
36 lecture hours, 54 lab hours
Prerequisite: Satisfactory completion of: GNBUS 55A or OA 15A 32; GNBUS 32 or OA 17A
Students will learn the role of a front office administrative assistant by mastering medical office duties and becoming proficient in the creation and maintenance of medical records. (C,L,M)

**GNBUS 66 Machine Calculation** 1.5 units
18 lecture hours, 27 lab hours
Prerequisite: Satisfactory completion of: GNBUS 55A or OA 15A 32; GNBUS 32 or OA 17A
Skill development in the operation of the electronic display and printing calculators. Functions include: addition, subtraction, multiplication, division, memory, percentages, and interest calculations to solve typical business problems. Speed and accuracy by touch method emphasized. (L,M)

**MANAGEMENT**
(see General Business)

**PERSONNEL MANAGEMENT**
(Associate in Science)

- Students who complete this program should be able to:
  1. Demonstrate skills to produce business communications and documents.
  2. Solve complex business situations through the application of business, mathematical, and technological skill.
  3. Analyze both internal and external data/information in addressing and evaluating problems and issues in making informed business decisions.

**WORD PROCESSING**

(Associate in Science)

Students who complete this program should be able to:

1. Demonstrate skills to produce business communications and documents.
2. Solve complex business situations through the application of business, mathematical, and technological skill.
3. Analyze both internal and external data/information in addressing and evaluating problems and issues in making informed business decisions.

Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

**OA 15B Intermediate Keyboarding**

3 units

36 lecture hours, 54 lab hours

Prerequisite: OA 15A or ability to key at 30 NET words a minute.

Transferable to CSU

Refinement of basic keyboarding and document formatting skills to more advanced speed and accuracy levels. Not open for credit to students with credit in OA 15B1, OA 15B2, and OA 15B3. (L)

**OA 17B Word Processing II**

3 units

- Inactivated Spring 2020 -

36 lecture hours, 54 lab hours

Prerequisite: Satisfactory completion of: OA 17A

Transferable to CSU

Advanced word processing operations involving long and multiple-part documents, mail merge, forms, styles and themes, and work group features. (L,C)
Chemistry

The Associate of Science Degree in Chemistry is designed to prepare students for transfer to four-year colleges or universities. The Degree is designed for pre-professional studies in medical and dental programs. The program of study may also meet course requirements for Bachelor’s of Science Degrees with emphasis in environmental chemistry, forensic science and pharmaceutical chemistry. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

CHEMISTRY
(Associate in Science)

Students who complete this program should be able to:
1. Recognize and implement chemical symbolism, notation, nomenclature and vocabulary.
2. Perform chemistry calculations and demonstrate quantitative reasoning.
3. Apply chemistry concepts; demonstrate inductive reasoning.
4. Conduct chemistry laboratory operations and demonstrate manual skills.

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with “C” or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

CHEM 1A General Chemistry 5 units
54 lecture hours, 108 lab hours
Prerequisite: Satisfactory completion of: MATH 52; CHEM 2A or High school chemistry with a grade of C or better AND a passing score on the Chemistry Assessment Examination.
Transferable to CSU/UC

C-ID CHEM 110 & C-ID CHEM 120S (CHEM 1A & CHEM 1B)
Students will explore the fundamental principles of inorganic chemistry including the nomenclature of inorganic compounds, chemical formulas, equations and reactions; stoichiometry; structure of atoms, ions, and molecules and the periodic table; oxidation-reduction and acid-base reactions; gas laws; thermochemistry and equilibrium. Laboratory techniques in the investigation of these chemical systems will be extensively developed, including experiments utilizing calorimetry to determine the enthalpy change associated with physical and chemical processes, fundamental gas laws analyzing pressure, volume, and temperature relationships, and acid-base chemistry utilizing titration analysis. (L,M)

CHEM 1B General Chemistry 5 units
54 lecture hours, 108 lab hours
Prerequisite: Satisfactory completion of: CHEM 1A
Transferable to CSU/UC - UC Unit Limit
C-ID CHEM 120S (CHEM 1A & CHEM 1B)
Continuation of the exploration and application of the fundamental principles of chemistry developed in CHEM 1A. Topics include intermolecular forces, solutions, colligative properties, kinetics; further aspects of equilibrium including acid-base and solubility equilibrium, thermodynamics, electrochemistry, descriptive chemistry, and qualitative analysis; coordination chemistry; nuclear chemistry and an introduction to organic chemistry. Laboratory techniques in the investigation of these chemical systems will be extensively developed. (L,M)
CHEM 2A  Introductory Chemistry  5 units
54 lecture hours, 108 lab hours
Transferable to CSU/UC - UC Unit Limit
Introduction to fundamental principles of inorganic chemistry; structure and bonding, nomenclature, chemical equations and reactions, stoichiometry, acids, bases, and chemical equilibrium, redox, gases, solutions, and nuclear chemistry. Not open to student with credit in CHEM 1A or equivalent. MATH 101 or 101B with a “C” or better strongly recommended. (L,M)

CHEM 2B  Introductory Chemistry  4 units
54 lecture hours, 54 lab hours
Prerequisite: Satisfactory completion of: CHEM 1A or CHEM 2A
Transferable to CSU/UC - UC Unit Limit
Introduction to fundamental concepts of organic and biochemistry. Topics of instruction include (1) structure, nomenclature, and reactions of some organic compounds and drugs, (2) stereochemistry, (3) structure and metabolism of carbohydrates, lipids, proteins, enzyme activity and inhibition, nucleic acids and DNA, and (4) bioenergetics. Completion of this course along with CHEM 2A is designed to satisfy the requirements of those allied-health career programs which require two semesters of chemistry. (L,M)

CHEM 10  Concepts of Chemistry  3 units
54 lecture hours
Transferable to CSU/UC - UC Unit Limit
A survey of basic concepts and practices of chemistry. Designed for non-science majors desiring an introduction to fundamental chemistry concepts and skills. Not intended for students who will enroll in subsequent chemistry coursework. (L)

CHEM 18A Organic Chemistry for Health and Life Sciences  4 units
54 lecture hours, 54 lab hours
Prerequisite: Satisfactory completion of: CHEM 1B
Transferable to CSU/UC
C-ID CHEM 150 & C-ID CHEM 160S (CHEM 18A & CHEM 18B)
The first semester of a one-year course in organic chemistry designed for students planning professional school studies in health and life sciences. A rigorous, in-depth presentation of basic principles with emphasis on reaction mechanisms, multi-step synthesis, stereochemistry and spectroscopy and preparation and reactions of nonaromatic hydrocarbons, haloalkanes, reactions of alkenes and alkynes, alcohols, ethers and organometallic compounds. Reactions include SN1, SN2, E1 and E2. (M)

CHEM 18B Organic Chemistry for Health and Life Sciences  4 units
54 lecture hours, 54 lab hours
Prerequisite: Satisfactory completion of: CHEM 18A
Transferable to CSU/UC
C-ID CHEM 160S (CHEM 18A & CHEM 18B)
A continuation of CHEM 18A. Designed for students planning professional school studies in health and life sciences with emphasis on reactions of aromatic hydrocarbons; aldehydes and ketones; the preparation, reactions and identification of carboxylic acids and their derivatives; alkyl and acyl amines; ß-dicarbonyl compounds; and various classes of naturally occurring, biologically important compounds.

COMMUNICATIONS (see Speech)
The AS degree program in computer science is designed for students transferring to a four-year educational institute. The study of Computer Science provides the theoretical foundations of computation application design and information processing combined with skills needed for system design implementation. Course work covers programming fundamentals, data structures, discrete mathematics and computer architecture.

**COMPUTER SCIENCE (Associate in Science)**

Students who complete this program should be able to:

1. Use appropriate mathematical and OOP (object oriented programming) concepts and methods to understand, analyze, and communicate issues in quantitative terms.
2. Clearly and effectively communicate concepts applied to mathematics and OOP (object oriented programming) topic requirements.
3. Analyze data/information in addressing and evaluating problems and issues in making decisions as applied to mathematical and OOP (object oriented programming) topic requirements. This SLO applies to issues pertaining to server/desktop design and migration to mobile device technology.

**COMPUTER SCIENCE (Associate in Science for Transfer)**

Students who complete this program should be able to:

1. Demonstrate analysis, specification, design, implementation, and testing skills resulting in quality computer software solutions. Students will use data structures, algorithms, programming languages, and software engineering techniques to implement significant programming projects.
2. Demonstrate the ability to analyze relevant data, and critically evaluate object oriented programming design and data structures.
3. Clearly and effectively communicate program designs and demonstrate the ability to create presentations appropriate to presented materials. Students will organize and communicate design ideas showing consistent use of appropriate code and design format.

Total units required for degree major: 19

### Additional Requirements

- Plus 15 units from the following:
  - COMSC 9A, C++ Programming (4 units)
  - COMSC 2, Computer Assembly Language (3 units)
  - COMSCS 3, Introduction to UNIX Operating System (3 units)
  - COMSC 6, Basic Language Programming (3 units)
  - COMSC 7, Intro. to Visual Basic Programming (3 units)
  - COMSC9B, Data Structures (4 units)
  - COMSC 10L, Computer Literacy (3 units)
  - COMSC 11, Advanced C++ Programming (3 units)
  - COMSC 12, JAVA Programming (3 units)
  - COMSC 15, Discrete Structures for Computer Science (3 units)

Projects for each course to apply programming principles to problems and issues in the design of operating systems.

### Additional Course Requirements

- P/NP option. (C,L,M)
- C-ID COMP 132
- Transferable to CSU/UC

### COMSC 6

<table>

Cooperative Work Experience Education

**CWEE 44A** 1st Semester General Work Experience  1-6 units

60-450 lab hours
Corequisite: Must have a PAID or VOLUNTEER position.  
Transferable to CSU
Coordination of introductory on-the-job learning with college experience to develop desirable work habits, attitudes and career awareness through supervised “PAID” or “VOLUNTEER” employment. A maximum of sixteen (16) semester units can be earned in General Work Experience during a student’s enrollment within Yuba Community College District, with a six (6) unit maximum in any one semester. Students enrolled in this class are not eligible for other Cooperative Work Experience/Internship classes during the same semester. Students may not exceed sixteen (16) units in the combination of programs (CWEE 44A/44B/44C/44D, CWEE 45A/45B or INTRN 46A/B). Grades are P/NP. (L)

**CWEE 44B** 2nd Semester General Work Experience  1-6 units

60-450 lab hours
Corequisite: Must have a PAID or VOLUNTEER position.  
Transferable to CSU
Coordination of intermediate level on-the-job learning with college experience to develop desirable work habits, attitudes and career awareness through supervised “PAID” or “VOLUNTEER” employment. A maximum of sixteen (16) semester units can be earned in General Work Experience during a student’s enrollment within Yuba Community College District, with a six (6) unit maximum in any one semester. Students enrolled in this class are not eligible for other Cooperative Work Experience/Internship classes during the same semester. Students may not exceed sixteen (16) units in the combination of programs (CWEE 44A/44B/44C/44D, CWEE 45A/45B or INTRN 46A/B). Grades are P/NP. (L)

**CWEE 44C** 3rd Semester General Work Experience  1-6 units

60-450 lab hours
Corequisite: Must have a PAID or VOLUNTEER position.  
Transferable to CSU
Coordination and continuation of the development of more advanced level skills, work habits, attitudes and career awareness through supervised “PAID” or “VOLUNTEER” employment. A maximum of sixteen (16) semester units can be earned in General Work Experience during a student’s enrollment within Yuba Community College District, with a six (6) unit maximum in any one semester. Students enrolled in this class are not eligible for other Cooperative Work Experience/Internship classes during the same semester. Students may not exceed sixteen (16) units in the combination of programs (CWEE 44A/44B/44C/44D, CWEE 45A/45B or INTRN 46A/B). Grades are P/NP. (L)

**CWEE 44D** 4th Semester General Work Experience  1-6 units

60-450 lab hours
Corequisite: Must have a PAID or VOLUNTEER position.  
Transferable to CSU
Coordination and final development of proficient and advanced level skills, work habits, attitudes and career awareness through supervised “PAID” or “VOLUNTEER” employment. A maximum of sixteen (16) semester units can be earned in General Work Experience during a student’s enrollment within Yuba Community College District, with a six (6) unit maximum in any one semester. Students enrolled in this class are not eligible for other Cooperative Work Experience/Internship classes during the same semester. Students may not exceed sixteen (16) units in the combination of programs (CWEE 44A/44B/44C/44D, CWEE 45A/45B or INTRN 46A/B). Grades are P/NP option.

**CWEE 45A** Occupational Work Experience-Volunteer  1-4 units

60-240 lab hours
Corequisite: Must have a Volunteer position.  
Transferable to CSU
Coordination of on-the-job learning within career path and college major to improve employment skills and career goals through supervised “volunteer” employment. A maximum of sixteen (16) semester units can be earned in Occupational Work Experience during a student’s enrollment within Yuba Community College District, with a four (4) unit maximum in any one semester. Students enrolling in this class are not eligible for other Cooperative Work Experience/Internship classes during the same semester. Students may not exceed sixteen (16) units in the combination of programs (CWEE 44A/44B/44C/44D, CWEE 45A/45B or INTRN 46A/46B). Grades are P/NP. (L)

**CWEE 45B** Occupational Work Experience-Paid  1-4 units

75-300 lab hours
Corequisite: Must have a Paid position.  
Transferable to CSU
Coordination of on-the-job learning within career path or occupation choice to improve employment skills and career goals, through supervised “PAID” employment. A maximum of sixteen (16) semester units can be earned in Occupational Work Experience during a student’s enrollment within Yuba Community College District, with a four (4) unit maximum in any one semester. Students enrolling in this class are not eligible for other Cooperative Work Experience/Internship classes during the same semester. Students may not exceed sixteen (16) units in the combination of programs (CWEE 44A/44B/44C/44D, CWEE 45A/45B or INTRN 46A/46B). Grades are P/NP. (L)

**CORRECTIONS**
(see Administration of Justice)
Cosmetology
- Under Review -

Yuba College, in cooperation with Sutter Beauty College in Yuba City offers an associate degree in Cosmetology. The academic requirements for the degree are completed at Yuba College, and the vocational-professional requirements at the beauty college.

All beauty colleges are licensed and governed, under the State of California Cosmetology Act, by the Department of Professional and Vocational Standards, and provide a complete course of 1600 hours of training. Yuba College awards forty units of credit for this 1600 hours of vocational training. Upon successful completion of additional academic course work satisfying General Education graduation requirements, students receive the associate degree. The academic course work may be taken before, during, or after completion of the vocational training. Students must be at least 17 years of age and have completed the 10th grade level or equivalent to be eligible to take the California State Board of Cosmetology Examinations.

The vocational course work will include theory, modeling, reception or desk work, laboratory, wet hairdressing, shampoo and comb-out, hair cutting and shaping, permanent waving, hair coloring and bleaching, scalp and hair treatment, facials, makeup and arching, manicuring, and miscellaneous studies. Academic work at Yuba College will be in courses as selected by the student and counselor, to meet the requirements for the associate degree as listed elsewhere in this Catalog.

The Cosmetology program is in operation throughout the academic year, including the summer months. In addition, a 400-hour Manicuring program is offered.

COSMETOLOGY
(Associate in Science)

Students who complete this program should be able to:
1. Demonstrate basic skills of Cosmetology so that the student may take and pass the California State Board Exam.
2. Find employment in the industry while researching continuing education to stay abreast of all current trends and applications.
3. Recognize and analyze information dealing with problems and issues in the Cosmetology field regarding client services and formulations.

Additional Required Units:
| General Education Requirements | 18 |
| Total units required for degree | 58 |

Students earning an AA/AS degree must complete a minimum of 16 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

COSMETOLOGY
(Certificate of Achievement)

Students may earn a Certificate of Achievement upon successful completion of 1600 hours of vocational training in Cosmetology.

Students who complete this program should be able to:
1. Demonstrate basic skills of Cosmetology so that the student may pass the California state board exam.
2. Demonstrate the necessary skills to find employment in the industry while researching continuing education to stay abreast of all current trends and applications.
3. Recognize and analyze information dealing with problems and issues in Cosmetology field regarding client services and formulations.

COSMT 50 Introduction to Cosmetology 5 units
36 lecture hours, 164 lab hours
Introduction to theory, techniques and technical knowledge required for employment as a licensed cosmetologist. Introduction to chemical composition of cosmetology products and how chemicals relate to salon services. Introduces California Board of Barbering and Cosmetology rules and regulations and different procedures for disinfection and sanitation. Grades are P/NP option. (L,M)
COSMT 51   Beginning Cosmetology I  5 units  
36 lecture hours, 164 lab hours  
Prerequisite: Satisfactory completion of: COSMT 50  
Instruction on structures of the hair and scalp and its disorders, hair growth and loss, analyzing the hair and scalp with respect to salon services, learning how to evaluate facial shapes and hair characteristics for selection of complimentary cosmetology services, basic haircutting skills, hair design and techniques, braiding, extensions and wigs. Grades are P/NP option. (L,M)  

COSMT 52   Beginning Cosmetology II  5 units  
36 lecture hours, 164 lab hours  
Prerequisite: Satisfactory completion of: COSMT 51  
Introduction to the principles of infection control and procedures, anatomy of the skin and its diseases and disorders, hair coloring procedures and techniques and the chemical composition related to coloring services, Aniline Derivative tints (color) and processing agents, and accurate mixing ratios according to manufacture specifications. Grades are P/NP option.  

COSMT 53   Intermediate Cosmetology I  5 units  
36 lecture hours, 164 lab hours  
Prerequisite: Satisfactory completion of: COSMT 52  
Introduction to chemical texture services including nail structure and growth, nail disease and disorders, manicuring and pedicuring services. Grades are P/NP option.  

COSMT 54   Intermediate Cosmetology II  5 units  
36 lecture hours, 164 lab hours  
Prerequisite: Satisfactory completion of: COSMT 53  
Introduction to human anatomy. Includes, but is not limited to, physiology and the body’s organs and functioning systems. Grades are P/NP option.  

COSMT 55   Advanced Cosmetology I  5 units  
36 lecture hours, 164 lab hours  
Prerequisite: Satisfactory completion of: COSMT 54  
Introduction to the basics of chemistry and electricity and how they are related to cosmetology. Grades are P/NP option.  

COSMT 56   Advanced Cosmetology II  5 units  
36 lecture hours, 164 lab hours  
Prerequisite: Satisfactory completion of: COSMT 55  
Introduction into hair removal, facials, and facial makeup. Grades are P/NP option.  

COSMT 57   Cosmetology State Board Prep  5 units  
36 lecture hours, 164 lab hours  
Prerequisite: Satisfactory completion of: COSMT 56  
Focuses on California State Board written and practical exam preparations. Covers all information listed the California Cosmetology Practical Examination Candidate Information Bulletin and the written exam. Grades are P/NP option.  

COUNS 10   College Success  3 units  
54 lecture hours  
Transferable to CSU/UC  
Study skills and knowledge necessary for college success, including time management, memory techniques, note taking, reading skills, test-taking skills, critical thinking, writing, learning styles, diversity, communication skills, career planning, assessment, use of technology and other resources. (L)  

COUNS 15   Orientation to College  1 unit  
18 lecture hours  
Transferable to CSU  
Designed to provide students with information and skills to facilitate their transition to college. Familiarize students with the college community, rules, regulations, and policies. Introduces the use of student and campus services. Develops a thorough understanding of program requirements and the knowledge necessary for sound educational planning.  

COUNS 22   Peer Advising Seminar  v1-2 units  
18 lecture hours (1 unit)  
36 lecture hours (2 units)  
Transferable to CSU  
Designed for Peer Advisors. Methods of working with students from a wide variety of backgrounds, with the emphasis on individualized assistance to help in all areas of counseling; orientation to materials and resources; development of interpersonal skills. Grades are P/NP. (L)  

COUNS 25   Career Planning and Development  3 units  
54 lecture hours  
Transferable to CSU  
Survey of techniques of career exploration and selection. In the context of a study of the changes that occur during a typical life span, each student will construct a personal profile of current and projected interest, aptitudes, skills, values, personality, and life and personal circumstances. Not open for credit to students with credit in GNBUS 25. (L)  

COUNS 30   Transfer Preparation  2 units  
36 lecture hours  
Transferable to CSU  
Preparation for a successful transfer experience to a university; emphasis on understanding the UC and CSU systems, private university systems in California, and out-of-state colleges and universities. Students will evaluate and choose universities based on research about degrees offered, geographic location, transfer requirements, the application process, housing, financial aid, scholarship and support services. (L)  

COUNS 35   College Study Skills  1 unit  
18 lecture hours  
Transferable to CSU  
Improvement of study skills including reading comprehension, note taking, time management, and test taking strategies. Grades are P/NP. (L)

**COUNS 45: Career College Planning**

1 unit
18 lecture hours
Transferable to CSU

Designed to assist the student in the decision-making process as it relates to maximizing potential in career, education, and personal development. Contact Counseling Department to schedule an appointment within one week after adding class. Grades are P/NP. (L)

**COUNS 52: Pre-Employment Skills Training**

1 unit
18 lecture hours

Exploration of various skills and methods vital to obtaining and retaining employment including: Developing Positive Attitudes, Writing Resumes, and Interviewing Techniques. Grades are P/NP. (L)

---

**Course “97”**

Experimental Topics

v.5-3 units

Exploration of selected topics in a subject area. Procedures for implementing the course involve cooperative planning by instructor, Dean, and Vice President of Instruction. Course “97” is not intended for transfer but is of the associate degree level. On the transcript, the course will be shown with a regular department prefix, viz. Art 97, followed by a title.

**Course “98”**

Independent Studies, 98 A-B-C-D

v1-3 units

These courses are used whenever circumstances warrant offering courses not yet part of an established curriculum. For example, media courses which are offered as Independent Studies requiring prior approval by the Chancellor’s Office. Other Independent Studies courses may originate from the needs and curiosities of groups of students and faculty to study areas of mutual interest and concern. Media courses will be developed by the Instructional Services Division or the Northern California Telecommunications Consortium. Students and faculty may identify areas of interest not taught in other courses to: (1 unit) Describe problems within identifiable areas of interest; (2 units) use procedures likely to develop further knowledge; (3 units) develop ways of acting on basis of new knowledge; and (4 units) use integrated approach to solution of problems.

**Course “99”**

Special Project, 99

1 unit

When special circumstances warrant offering a special course to the individual student in a particular area, an instructor, with approval, may register a student in an individual Special Projects course which will be identified by the name of the department, the course number of “99”, and the title “Special Projects.” Registration in the course involves signing a contract under which the student and instructor agree upon the accomplishment which must be demonstrated by the student in order to receive credit, and which is approved by the cognizant Dean.

---

C, L, M Advisories: **Computer Literacy:** recommended basic computer skills.

**Language:** recommended eligibility for English 1A.

**Mathematics:** recommended eligibility for Math 52.
Culinary Arts

Culinary Arts
(Associate in Science)

Students who complete this program should be able to:
1. Understand and demonstrate the ability to clean, organize and sanitize according to industry standards in food handling, and restaurant service.
2. Understand and utilize the appropriate cooking methods and techniques according to industry standards.
3. Demonstrate professionalism in appearance, teamwork and promptness.
4. Understand and be able to create an employee handbook according to industry standards.
5. Understand and be able to calculate beverage pour cost to industry standards.

Total units required .................................................................21.5

CUL 3B Advanced Food Preparation 3 units
18 lecture hours, 108 lab hours
Prerequisite: Satisfactory completion of: CUL 3A
Transferable to CSU

Advanced modern restaurant cooking methods, such as Garde Manger, French stock and sauce making, advanced principles of meat cookery, advanced meat & seafood fabrication and identification, and advanced vegetable and starch identification and cookery. (L,M)

CUL 4A Beginning Baking 3 units
18 lecture hours, 108 lab hours
Transferable to CSU

Modern basic baking techniques that include bread making, modern basic desserts, and pastries techniques. Preparation takes place in the student-operated restaurant kitchen. (L)

CUL 4B Advanced Baking 3 units
18 lecture hours, 108 lab hours
Prerequisite: Satisfactory completion of: CUL 4A
Transferable to CSU

Modern advanced baking techniques and methods including French pastry and dessert making, artisanal bread making and savory baking items in which preparation takes place in the student-operated bake shop. (L,M)

CUL 51A Basic Food Preparation 3 units
18 lecture hours, 108 lab hours

Basic Food Preparation: Modern cooking techniques (including sauce making, meat cutting, lunch and dinner entree preparation), knife skills, operation of food service equipment and tools, history of culinary arts development, safety and sanitation, and recipe development.

CUL 52A Professional Baking 3 units
18 lecture hours, 108 lab hours

Modern baking techniques including, cake baking and decorating, French pastry, bread and dessert development techniques. Preparation takes place in an approved industry standard kitchen.

CUL 54 Food Sanitation, Safety, and Storage .5 unit
9 lecture hours

Preparation for the ServSafe Certification course and examination. The ServSafe program trains both managers and employees to guard against food borne illnesses. Meets the State of California (Campbell Bill) requirement for Certified Food Handler. Grades are P/NP. (L)

CUL 59A Basic Restaurant Operations 4 units
18 lecture hours, 162 lab hours

Set-up and operations of the campus restaurant, including planning, preparing, cooking, and serving food in the student-operated restaurant.

CUL 59B Advanced Restaurant Operations 4 units
18 lecture hours, 162 lab hours
Prerequisite: Satisfactory completion of: CUL 59A or CUL 60

Set-up and management of the campus restaurant including scheduling, marketing, inventory, menu planning and costing.

CUL 60 Advanced Foods and Catering 2 units
18 lecture hours, 54 lab hours

Plan, prepare and serve several large and small catered events during the semester. (M)

CUL 61 Introductory Purchasing for Food Service and Hospitality 1 unit
18 lecture hours

Supervisory control procedures, receiving, costing, inventory and storeroom, employee access and maintenance of records for food service and hospitality professionals.
Programs and Courses

CUL 64  Beverage Control and Operations  2 units
36 lecture hours
Regulations, licensing procedures, purchasing, inventory and cost control for bar and restaurant management. Emphasis on bar setup, service methods, and beverage merchandising. (L,M)

CUL 65 Food Service Operation and Management  2 units
36 lecture hours
Nature and importance of food service management, including planning, organizing, controlling, and developing a realistic and dynamic personnel program. (L)

DRAFT 20 Blueprint and Specifications  3 units
54 lecture hours
Transferable to CSU
This is a beginning blueprint reading class for the student in the metal and mechanics trade. Basic visualization and drawing concepts including orthographic projection, detailing, sketching and communication skills that are needed for employment are developed in the class. Introduction to CAD Modeling.

DRAFT 30 Technical Drawing With CAD  3 units
36 lecture hours, 54 lab hours
Transferable to CSU
Fundamental technical drafting practices and documentation for part fabrication drawing. Drafting conventions and standards applied to orthographic, section, auxiliary views, isometric and oblique projection will be covered in addition to basic CAD object creation and editing and freehand sketching. ASME Y14.xM standards are emphasized. CAD software will be used to complete the applied laboratory exercises. (C)

DRAFT 38 Computer Aided Drafting  3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: DRAFT 30 or DRAFT 32
Transferable to CSU/UC
The course provides exposure to and experience using intermediate and advanced object creation and editing tools in AutoCAD. Blocks, dynamic blocks, attribute creation and data extraction, sheet sets and external referencing (Xref) will also be covered. The course will cover three dimensional solid modeling for both mechanical and architectural objects, rendering to produce photo realistic images and the creation of views from solid models. (L,M)

C, L, M Advisories: Computer Literacy: recommended basic computer skills.
Language: recommended eligibility for English 1A. Mathematics: recommended eligibility for Math 52.
EARLY CHILDHOOD EDUCATION (Associate in Science for Transfer)

Students who complete this program should be able to:

1. Graduate from ECE with a clear understanding of developmentally and culturally appropriate practices and what it means to successfully work with children, families, and the community in an early care and education setting.
2. Proficiently design developmentally appropriate curriculum, and demonstrate effective implementation using intentional teaching methods that scaffold children’s co-construction of knowledge through exploration, risk-taking, reflection, and the respectful inclusion and support of individual life experiences.
3. Build partnerships with local, national and international resource organizations in order to advocate effectively for the needs of children and families and to grow in professional skills.
4. Promote higher levels of child learning through the use of intentional teaching methods that support the unique development of every child.

Total units required for degree major: 30

Students earning an AA/AS degree must complete a minimum of 16 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

The Associate in Science in Early Childhood Education for Transfer degree provides the opportunity for students to complete their freshman/sophomore level classes needed for a Bachelor’s degree in ECE with the California State University System.
Programs and Courses

CHILD DEVELOPMENT TEACHER
(Certificate of Achievement)

These programs are required to possess the California Child Development (Teacher) Permit issued by Commission on Teacher Credentialing. After completing required course work of 40 total units and 175 days of experience, apply for the permit at local county schools office.

Students who complete this program should be able to:
1. Demonstrate the skills needed in order to enter the ECE workforce as a Preschool Teacher in a Title 5 Program
2. Demonstrate their ability to identify the theories and practices of the social, emotional, creative, cognitive and physical development of young children
3. Compare and contrast the skills necessary in working with and supporting families, diversity and program practices.
4. Demonstrate an awareness of and evaluate important factors in planning in childcare facilities and the ethical issues involved in working with young children.

Note on Permit through Credentialing: After completing required course work of 40 total units (24 ECE and 16 GE) and 175 days of 3 or more hours per day of experience, you may apply for the California Child Development (Teacher) Permit issued by Commission on Teacher Credentialing through your local County Office of Education. Please see the Child Development Permit Matrix for required course work.

ECE Specialization Certificates of Achievement: These individual Certificates of Achievement can be used as ECE Specializations when combined with the Child Development Certificate of Achievement and ECE 37 (The Mentor Teacher) when applying for the Child Development Master Teacher Permit issued by Commission on Teacher Credentialing. For the Master Teacher Permit 350 days of 3 or more hours per day of experience is required. Apply for the permit at your local County Office of Education.

CHILD DEVELOPMENT ASSOCIATE TEACHER
(Certificate of Training)

Students who complete this program should be able to:
1. Exhibit cultural competence through the development of intentional practices with respect to diversity and the inclusion of all children, families, staff, and communities
2. Proficiently design developmentally appropriate curriculum, and demonstrate effective implementation using international teaching methods that scaffolds childrens co-construction of knowledge through exploration, risk-taking, reflection, and the respectful inclusion and support of individual life experience.
3. Promote higher levels of child learning through the use of international teaching methods that support the unique development of every child.
4. Use understanding of cognitive development and apply it to their roles as curious, confident, life-long constructors of knowledge.

DIVERSITY IN ECE
(Certificate of Achievement)

Students who complete this program should be able to:
1. Design, implement, and evaluate effective program practices to successfully
implement culturally appropriate practices and curriculum in an early childhood
classroom.
2. Discuss the diverse needs, characteristics and multiple influences on the
development of children, birth through age eight, as related to high quality
care and education.
3. Demonstrate an understanding of family function and structure, along with
familial need for information and support that respects and values diverse
cultures, values, beliefs and behaviors.

INFANT AND TODDLER
(Certificate of Achievement)

Students who complete this program should be able to:
1. Evaluate and analyze the use of different developmental theories and instruc-
tional strategies that encourage development of critical thinking, problem solving,
and performance skills when working with infants and toddlers and their families.
2. Recognize the importance of early childhood (emphasis on infancy) as a
unique time in children’s development that requires specialized developmentally
appropriate activities, routines, interactions, and guidance.
3. Plan and implement a curriculum based on a blend of routine caregiving and
play/exploration activities.
4. Learn and practice professional ethics, personal and social responsibility; and
effective team membership in their work as child care professionals.

## Programs and Courses

### LANGUAGE AND LITERACY SPECIALIZATION
(Certificate of Achievement)

Students who complete this program should be able to:
1. Demonstrate effective program practices to successfully design, implement, and evaluate effective literacy practices in an early childhood classroom.
2. Demonstrate understanding of how to select and use developmentally appropriate and culturally appropriate literature for children 0-8 years.
3. Utilize knowledge of appropriate language and literacy practices for young children in order to set up an effective language and literacy early childhood classroom environment.

### SCHOOL AGE SPECIALIZATION
(Certificate of Achievement)

Students who complete this program should be able to:
1. Design, implement, and evaluate effective school age program practices to successfully implement a developmentally appropriate school age curriculum in an after school or latchkey classroom serving families and children 5-12 years of age.
2. Recognize the importance of early childhood (emphasis on school-age years) as a unique time in children’s development that requires specialized developmentally appropriate activities, routines, interactions, and guidance.
3. Plan and implement a curriculum based on a blend of the theory of industry versus inferiority as a guide to routines and activities.

### SITE SUPERVISOR
(Certificate of Achievement)

Students who complete this program should be able to:
1. Proficiently design developmentally appropriate curriculum, and demonstrate effective implementation using intentional teaching methods that scaffold children’s co-construction of knowledge through exploration, risk-taking, reflection, and the respectful inclusion and support of individual life experiences.
2. Build partnerships with local, national and international resource organizations in order to advocate effectively for the needs of children and families and to grow in professional skills.
3. Promote higher levels of child learning through the use of intentional teaching methods that support the unique development of every child.

TEACHER/FAMILY RELATIONSHIPS
SPECIALIZATION
(Certificate of Achievement)

Students who complete this program should be able to:
1. Demonstrate effective program practices to successfully implement culturally appropriate practices in working with families in an early childhood classroom.
2. Demonstrate communication strategies in order to develop effective Teacher Family partnerships with families that benefit the child enrolled in an early childhood program.
3. Demonstrate knowledge and understanding of the challenges facing the diverse families of the children in their community.

ECE 1A  Principals and Practices of Teaching Young Children  3 units
54 lecture hours
Transferable to CSU
C-ID ECE 120
An examination of the underlying theoretical principles of developmentally appropriate practices applied to programs, environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative and intellectual development for all children. This course includes a review of the historical roots of early childhood programs and the evolution of the professional practices promotion advocacy, ethics and professional identify. (L)

ECE 1B  Introduction to Curriculum  3 units
54 lecture hours
Prerequisite: Satisfactory completion of: ECE 1A and ECE 3
Transferable to CSU
C-ID ECE 130
This course presents an overview of knowledge and skills related to providing appropriate curriculum and environments for young children from birth to age six. Students will examine teacher’s role in supporting development and fostering the job of learning for all young children using observation and assessment strategies emphasizing the essential role of play. An overview of content areas will include but not be limited to: Language and literacy, social and emotional learning, sensory learning, art and creativity, math and science. (L)

ECE 1C  Positive Social Development in Young Child  3 units
54 lecture hours
Transferable to CSU
This course presents an overview of knowledge and skills related to providing appropriate curriculum and environments for young children from birth to age six. Students will examine teacher’s role in supporting development and fostering the job of learning for all young children using observation and assessment strategies emphasizing the essential role of play. An overview of content areas will include but not be limited to: Language and literacy, social and emotional learning, sensory learning, art and creativity, math and science. (L)

ECE 2A  Administration 1: Programs in Early Childhood Education  3 units
54 lecture hours
Transferable to CSU
Introduction to the administration of early childhood programs. Covers program types, budget, management, regulations, laws, development and implementation of policies and procedures. Examines administrative tools, philosophies, and techniques needed to organize, open, and operate an early care and education program.
**ECE 2B**  Administration of Children’s Center  3 units
54 lecture hours  
Transferable to CSU  
This course examines administrative skills, knowledge and techniques needed for effective supervision to organize, manage and operate a child development center. This includes staff development and staff relations. There will be emphasis on the role of program director, site supervisor or owner while studying management theory, budget, personnel policies, procedures, regulatory laws, working with families and professional ethics and growth.  

**ECE 3**  Child Growth and Development  3 units
54 lecture hours  
Transferable to CSU/UC  
C-ID CDEV 100  
This course examines the major physical, psychosocial, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. There will be an emphasis on interactions between maturational processes and environmental factors. While studying developmental theory and investigative research methodologies, students will observe children, evaluate individual differences and analyze characteristics of development at various stages. Designed as a foundation course for careers in ECE, Education, Human Services, Health and related fields.  

**ECE 5**  Physical Activities for Young Children  1 unit
18 lecture hours  
Transferable to CSU  
Designed to give adults working with preschool and school-age children a variety of hands on activities useful in creating stimulating outdoor environments. Students will practice using equipment like bean bags and hula hoops as well as becoming familiar with games from diverse ethnic groups. Not open for credit to student with credit in PE 5.  

**ECE 6**  Early Childhood Language Development  3 units
54 lecture hours  
Transferable to CSU  
Language development and influences in early childhood including theories of language acquisition, interrelatedness of growth, stages of development, and appropriate curriculum for enhancing speaking, listening, pre-reading, and pre-writing skills.  

**ECE 7A**  Creative Materials  3 units
45 lecture hours, 27 lab hours  
Transferable to CSU  
Creative activities for young children (2-8 years old) including the planning and implementation of painting, drawing, printmaking, weaving, stitchery, batik, collage, sculpture, puppet-making, and modeling materials. Not open for credit to student with credit in ART 7 or ART 7A.  

**ECE 8**  Children’s Nutrition  1 unit
18 lecture hours  
Transferable to CSU  
Basic concepts of nutrition and health issues with emphasis on nutritional needs of young children as well as planning and implementing good nutrition programs for young children birth through eight-years-old.  

**ECE 9**  Children’s Cooking Activities  1 unit
18 lecture hours  
Transferable to CSU  
Process of cooking as it relates to the developmentally oriented early childhood curriculum; cooking activities that promote language acquisition, cognitive development, psycho-motor skills, and social and emotional growth. Includes the importance of good nutrition education and how to prepare nutritious snacks and simple meals. Grades are P/NP.  

**ECE 10**  Health, Safety, and Nutrition  3 units
54 lecture hours  
Transferable to CSU  
C-ID ECE 220  
Introduction to the laws, regulations, standards, policies and procedures and early childhood curriculum related to child health, safety, and nutrition. The key components that ensure physical health, mental health, and safety for both children and staff will be identified along with the importance of collaboration with families and health professionals. Focus on integrating the concepts into everyday planning and program development for all children.  

**ECE 11**  Observation and Assessment  3 units
54 lecture hours  
Transferable to CSU  
C-ID ECE 200  
This course focuses on the appropriate use of assessment and observation strategies to document development, growth, play and learning in order to join with families and professionals in promoting children’s success. Recording strategies, rating systems, portfolios, and multiple assessment tools are explored. Child observations will be conducted and analyzed.  

**ECE 12**  Science for Young Children  1 unit
18 lecture hours  
Transferable to CSU  
Designed to provide teachers and caregivers of young children with principles of appropriate science curriculum. Emphasis on informal science experiences and the cognitive connections made by young children as they observe, manipulate, process, and communicate. Classroom organization and management, readily-found materials, and connections with other curriculum areas are also included.
<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECE 13</td>
<td>Piaget’s Learning Theory</td>
<td>1 unit</td>
<td>Overview of Piaget’s theory of cognitive development and practice in relating theory to the development of games and activities for the preschool and primary classroom.</td>
</tr>
<tr>
<td>ECE 14</td>
<td>The School Age Child</td>
<td>3 units</td>
<td>Developmental characteristics and needs of the 5-12 year old child at home or in a group care setting: includes developmental stages, program environment, developmentally appropriate curriculum, activities and materials, meeting the needs of families, classroom management, communication techniques, administrative requirements, skills, and characteristics of caregivers. (L)</td>
</tr>
<tr>
<td>ECE 16</td>
<td>Preschool Music Activities</td>
<td>3 units</td>
<td>Provides a foundation for musical experiences to involve young children in music by developing listening skills, movement singing, playing an instrument, and incorporating the three basic elements of rhythm, melody, and harmony. Students build a resource file and create developmentally appropriate lesson plans that include music activities for transitions and cultural diversity. Introduces a variety of instruments appropriate for young children. (L)</td>
</tr>
<tr>
<td>ECE 17</td>
<td>The Exceptional Child</td>
<td>3 units</td>
<td>Focuses on identification of children with special needs, resource and referral, full inclusion, activities and teaching strategies within the classroom setting. Typical and exceptional development, family partnerships, the IEP (Individual Education Plan) and IFSP (Individual Family Service Plan) and approaches to environment, behavior, and planning are topics for individual and group study. (L)</td>
</tr>
<tr>
<td>ECE 18</td>
<td>Curriculum and Strategies for Children with Special Needs</td>
<td>3 units</td>
<td>Covers curriculum and intervention strategies for working with children with special needs in partnership with their families. Focuses on the use of observation and assessment in meeting the individualized needs of children in inclusive and natural environments. Includes the role of the teacher as a professional working with families, collaboration with interdisciplinary teams, and cultural competence. (L)</td>
</tr>
<tr>
<td>ECE 22</td>
<td>Developing Number Concepts</td>
<td>1 unit</td>
<td>This course focuses on ways adults can help make mathematical concepts meaningful to preschool and kindergarten children rather than emphasizing counting and number recognition. Students will explore and construct various games and activities for the early childhood classroom and home. Grade are P/NP (L,M)</td>
</tr>
<tr>
<td>ECE 25</td>
<td>Group Experiences in Outdoor Environment</td>
<td>3 units</td>
<td>Developing creative outdoor learning environments including playgrounds, activities and cooperative games. Circle time or daily planned group experiences will also be explored and developed through integrated, thematic instruction. (L)</td>
</tr>
<tr>
<td>ECE 27</td>
<td>Teaching In A Diverse Society</td>
<td>3 units</td>
<td>Examination of the development of social identities in diverse societies including theoretical and practical implications of oppression and privilege as they apply to young children, families, programs, classrooms and teaching. Various classroom strategies will be explored emphasizing culturally and linguistically appropriate anti-bias approaches supporting all children in becoming competent members of a diverse society. Course includes self-examination and reflection on issues related to social identify, stereotypes and bias, social and education access, media and schooling. (L)</td>
</tr>
<tr>
<td>ECE 31</td>
<td>Child, Family, Community</td>
<td>3 units</td>
<td>An examination of the developing child in a societal context focusing on the interrelationship of family, school and community and emphasizes historical and sociocultural factors. The processes of socialization and identity development will be highlighted, showing the importance of respectful, reciprocal relationships that support and empower families. Not open for credit to students with credit in FCS 31. (L)</td>
</tr>
<tr>
<td>ECE 32</td>
<td>Parenting</td>
<td>3 units</td>
<td>Techniques and advice encouraging a positive parenting style and effective child-rearing procedures, interaction patterns and levels of communication between family members and caregivers. (L)</td>
</tr>
<tr>
<td>ECE 33</td>
<td>Infants and Toddlers</td>
<td>3 units</td>
<td>Introduction to infants and toddlers birth to three years old, including growth and development through an understanding of biology and environment. Emphasis will be placed on the appreciation of the interrelatedness of theory, research, and application and consider infants and toddlers in group care situations, multicultural approaches to care, and infants-toddlers with special needs. (L)</td>
</tr>
</tbody>
</table>
**ECE 35** | Parents as Partners in ECE | 3 units  
54 lecture hours  
Transferable to CSU  
An in-depth study of the relationship between parents, teachers and children in the education process. Topics include communication skills necessary for parent-teacher conferences, increasing parent volunteer involvement, family lifestyles, families with special needs, leadership and advocacy. Intended for experienced teachers. (L)

**ECE 37** | Adult Supervision | 2 units  
36 lecture hours  
Transferable to CSU  
Methods and principles of supervising student teachers in the ECE classrooms. Emphasis is on the role of experienced classroom teachers who function as mentors to new teachers while simultaneously addressing the needs of children, parents, and other staff. Satisfies adult supervision requirements for the State Department of Social Services. (L)

**ECE 39** | Children's Literature | 3 units  
54 lecture hours  
Transferable to CSU  
An introduction to children's literature: history, elements, and types of books of interest to children from birth through twelve years old. Students will read, share, and evaluate classical, cultural, and award-winning books. Methods of selecting and evaluating books will be applied. (L)

**ECE 42** | Infant/Toddler Development | 3 units  
54 lecture hours  
Transferable to CSU  
A study of infants and toddlers from pre-conception to age three including physical, cognitive, language, social, and emotional growth and development. Applies theoretical frameworks to interpret behavior and interactions between heredity and environment. Emphasizes the role of family and relationships in development. (L)

**ECE 43** | Care and Education for Infants and Toddlers | 3 units  
54 lecture hours  
Transferable to CSU  
Study of current theory and research to the care and education of infants and toddlers in group settings. Emphasis will be placed on the essential policies, principles and practices that lead to quality care and developmentally appropriate curriculum for children birth to 36 months. (L)

**ECE 46** | Practicum - Field Experience - Preschool | 3 units  
18 lecture hours, 108 lab hours  
Prerequisites: Satisfactory completion of: ECE 1A and ECE 3 and ECE 1B and ECE 31  
Transferable to CSU  
C-ID ECE 210  
A demonstration of developmentally appropriate early childhood teaching competencies under guided supervision. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, and assessment; and knowledge of curriculum content areas will be emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning for all young children. (L)

**ECE 46A** | Practicum - Field Experience - Infant/Toddler | 3 units  
18 lecture hours, 108 lab hours  
Prerequisites: Satisfactory completion of: ECE 1A and ECE 1B and ECE 3 and ECE 31 and ECE 33  
Transferable to CSU  
C-ID ECE 210  
A demonstration of developmentally appropriate early childhood teaching competencies under guided supervision. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, and assessment and knowledge of curriculum content areas will be emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning for infants and Toddlers. (L)

**ECE 46B** | Practicum - Field Experience - School Age Children | 3 units  
18 lecture hours, 108 lab hours  
Prerequisites: Satisfactory completion of: ECE 3 and ECE 1A and ECE 1B and ECE 14 and ECE 31  
Transferable to CSU  
C-ID ECE 210  
A demonstration of developmentally appropriate early childhood teaching competencies under guided supervision. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, and assessment and knowledge of curriculum content areas will be emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning for all school age children. (L)
ECE 46C  Practicum - Field Experience - 3 units
Children with Special Needs
18 lecture hours, 108 lab hours
Prerequisites: Satisfactory completion of: ECE 3 and ECE 1A and ECE 1B and ECE 17 and ECE 31
Transferable to CSU
C-ID ECE 210
A demonstration of developmentally appropriate early childhood teaching competencies under guided supervision. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, and assessment and knowledge of curriculum content areas will be emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning for all young children, with emphasis on children with special needs. (L)

ECE 51  Special Topics in ECE v.5 to 2.5 units
9-45 lecture hours
Contemporary issues and practices for teachers and caregivers in the Early Childhood area, including: curriculum, health and safety, legislation and advocacy, licensing regulations, and other related subjects. Students will apply the principles to their own work setting and age groups. Grades are P/NP. (L)

ECE 56  Effective Parenting 1 unit
18 lecture hours
Development of effective parent-child relationships. Topics include behavior, emotions, encouragement, and communication. Grades are P/NP. (L)

ECE 75  Play: Key to Positive Growth .5 unit
9 lecture hours
Play as a learning medium; cognitive, social/emotional, and physical factors directly involved in play and child growth. Multiple theories of play and development will be studied and analyzed. Grades are P/NP. (L)

ECE 83  Techniques of Story Telling 1 unit
18 lecture hours
Methods of effective story-telling, including classroom use and ways to develop stories. Students will produce at least one story. Grades are P/NP. (L)

ECE 210  California Child Care Health Safety Course .5 unit
9 lecture hours
Designed to meet the requirements of Assembly Bill 962. Subject matter relates to child day care and is appropriate for anyone dealing with children on a regular basis where knowledge of CPR, Pediatric First Aid, and Health and Safety Training may be needed. Satisfies all requirements of the American Red Cross California Childcare course. Not open for credit to student with credit in AJ 210R. Grades are P/NP. (L)

ECOL 10  Environment-Concepts and Issues 3 units
54 lecture hours
Transferable to CSU/UC
Ecology studies the interaction and interdependence among living organisms in their environment. The course presents fundamental scientific principles in examining how natural ecosystems function and how human actions affect natural ecosystems. Emphasis is placed on the role of science in determining causes and in contributing solutions to local and global environmental problems. (L)

ECOL 11  Environment Lab 1 unit
54 lab hours
Prerequisite: Satisfactory completion of: ECOL 10
Corequisite: Concurrent enrollment or satisfactory completion of: ECOL 10
Transferable to CSU/UC
Laboratory and field studies demonstrating the systematic study of both the biological and physical components of ecosystems, especially as seen in local organisms and ecosystems. Grades are P/NP option. (L)

ECOL 12  Marine Ecology 3 units
54 lecture hours
Transferable to CSU/UC
An introduction to the physical marine environment, marine life, and the interactions between the two. Course also includes a study of human impact upon the marine environment. Grades are P/NP option. (L)
**Economics**

**ECON 1A**  
Elementary Economics  
3 units  
-Macro

54 lecture hours  
*Prerequisites:* Satisfactory completion of: Math 101 or Math 101B or qualifying score on the placement test.  
*Transferable to CSU/UC*  
C-ID ECON 202

An introduction to macroeconomic concepts and principles of economic analysis. Topics include: foundations of economic life, national income and employment, financial systems, business cycles, money and banking, monetary and fiscal policy, economic growth and stability, public finance, international trade and the position of the U.S. within the context of the global economy, World Trade Organization policies, International Monetary Fund, World Bank structure, and global agricultural subsidies. (L)

**ECON 1B**  
Elementary Economics  
3 units  
-Micro

54 lecture hours  
*Prerequisites:* Satisfactory completion of: Math 101 or Math 101B or qualifying score on the placement test.  
*Transferable to CSU/UC*  
C-ID ECON 201

An introduction to Microeconomic concepts, principles, scarcity problems and policies. Theories include: equilibrium price, supply and demand, elasticity, marginal utility, cost and revenue concepts, market structure, labor economics, comparative economic systems and pricing the factors of production. Students learn to use economic principles to analyze the economic challenges facing the individual and business organization. (L)

**Education**

**EDUC 1**  
Introduction to Teaching  
3 units  
With Field Experience

36 lecture hours, 54 lab hours  
*Other:* This course requires written reflections of observations and research paper. Students must be able to articulate information in a written format. Course has additional enrollment fees; may require TB testing and fingerprint clearance.  
*Transferable to CSU/UC*  
C-ID ECON 200

This course introduces students to the concepts and issues related to teaching diverse learners in today’s contemporary schools, Kindergarten through Grade 12 (K-12). Topics include teaching as a profession and career, historical and philosophical foundations of the American education system, contemporary educational issues, California’s content standards and frameworks, and teacher performance standards. In addition to class time, the course requires a minimum of 45 hours of structured fieldwork in public school elementary classrooms that represent California’s diverse student population, and includes cooperation with at least one carefully selected and campus-approved certificated classroom teacher. (L)

**EDUC 20**  
Tutoring Seminar  
1 unit

18 lecture hours  
*Transferable to CSU*

Tutor training involving the role and function of tutoring, the phases through which each tutoring session should progress, the behaviors of tutors and tutees during tutoring activities and the principal strategies by which the business of teaching and learning is handled in tutorials. (L)

**Emergency Medical Technician**

The Emergency Medical Technician class prepares students to take the certification examination as an EMT-1 and meet State EMT-1 training standards. In addition, the class provides for review and updating of information and skills necessary for recognition and pre-hospital care of medical emergencies, satisfying State EMT-1 Refresher requirements.

EMT 61  Emergency Medical Technician  7 units
112 lecture hours, 58 lab hours
Prerequisite: Satisfactory completion of: EMT 510
The EMT program is a comprehensive curriculum that provides knowledge and critical thinking skills necessary to provide Emergency Medical Care in a pre-hospital environment. Academic rigor encompasses legal and moral aspects, primary and secondary patient assessments, interventions, proper use of emergency medical equipment, recognizing signs and symptoms, and pathophysiology of medical emergencies and traumatic injuries. This course meets EMT curriculum requirements of the California Code of Regulations Title 22. Upon successful completion, students are eligible to take the National Registry EMT certifying examination and qualify for a California EMT License (L)

EMT 252  EMT-I Refresher  1 unit
16 lecture hours, 8 lab hours
Prerequisite: Satisfactory completion of: FIRTC 64 or EMT 61 or current certification as EMT-1 or current CPR Certification for Healthcare Provider or Professional Rescuer
Designed to provide the student with review, up-date information, and skills assessment necessary for pre-hospital care of medical and traumatic emergencies. Includes AED instruction. Satisfies National Registry instruction and State requirements for EMT-1 refresher certification. Must meet above prerequisites or possess current certification as an EMT-1, current CPR certification for Healthcare Provider or Professional Rescuer.

**Engineering**

ENGR 3  Plane Surveying  4 units
54 lecture hours, 54 lab hours
Prerequisite: Satisfactory completion of: MATH 21
Transferable to CSU/UC
This is the foundation course in surveying and geomatics for engineers, especially civil engineers. It is intended to introduce students to the theory and practice of surveying. (L,M)

ENGR 4  Engineering Graphics and Design  3 units
27 lecture hours, 81 lab hours
Transferable to CSU/UC
This course covers the principles of engineering drawings in visually communicating engineering designs and an introduction to computer-aided design (CAD). Topics include the development of visualization skills; orthographic projections; mechanical dimensioning and tolerancing practices; and the engineering design process. Assignments develop sketching and 2-D and 3-D CAD skills. The use of SolidWorks Engineering Design and Analysis software is an integral part of the course. Students will be expected to pass the CSWA exam as part of this course. (C,M)

ENGR 6  Computational Problem Solving for Engineers  3 units
36 lecture hours, 54 lab hours
Prerequisite: Satisfactory completion of: MATH 1A
Transferable to CSU/UC
This course focuses on numerical methods with computer application programs such as MATLAB and EXCEL to solve problems in engineering and science. Programming in MATLAB is a key skill developed in this course. Problems and applications from applied math, electrical circuits, biology, and other engineering and science fields are used. Grades are P/NP option.

ENGR 10  Introduction to Engineering & Science  3 units
36 lecture hours, 54 lab hours
Prerequisite: Satisfactory completion of: MATH 50
Transferable to CSU/UC
Exploration of the Science, Technology, Engineering and Mathematics (STEM) fields, particularly engineering, for both the decided engineering/STEM majors and others who may be curious about engineering. This course will provide the student with added college success skills which will improve his/her chances of succeeding in a technical field such as engineering. The course surveys the contemporary role of STEM professions in society, the engineering approach to problem solving, the design process, and ethics/responsibilities of engineers and scientists. The course offers a variety of hands-on activities and interactive laboratories. (L,M)
ENGR 17  Circuits for Engineers  3 units
54 lecture hours
Prerequisite: Satisfactory completion of: PHYS 4B
Corequisite: Concurrent enrollment or satisfactory completion of: MATH 2
Transferable to CSU/UC
This course covers introductory laws and theorems of electrical circuits; DC circuit analysis; natural and forced response analysis of first and second-order systems; and solutions using differential equations. Steady-state AC analysis covers the use of phasors, AC power calculations, power transfer, and energy concepts. Introduction is given to circuit devices and systems including resistors, capacitors, inductors, dependent sources, operational amplifiers, switches, transfer functions and frequency-selective circuits. (L,M)

ENGR 17L  Circuits Laboratory for 1 unit Engineers
54 lab hours
Corequisite: Concurrent enrollment or satisfactory completion of: ENGR 17
Transferable to CSU/UC
Electronic and electrical experiments to reinforce the principles taught in Engineering 17. Grades are P/NP option. (L,M)

ENGR 35  Statics  3 units
54 lecture hours
Prerequisite: Satisfactory completion of: PHYS 4A
Corequisite: Concurrent enrollment or satisfactory completion of: MATH 1C
Transferable to CSU/UC
This is a first course in mechanics as used in engineering - with emphasis on force systems and equilibrium conditions in two and three dimensions including moments, couples and resultants. Engineering problems concerning structures, machines, centers of gravity, moments of inertia, distributed forces, internal forces, friction and methods of virtual work are covered. Trigonometric and vector methods are used in this course. Understanding and application of the concepts to engineering problems is a key component of this course. Optional topics include cable systems and Mohr’s circle. (L,M)

ENGR 45  Properties of Materials  4 units
54 lecture hours, 54 lab hours
Prerequisite: Satisfactory completion of: CHEM 1A and PHYS 4A
Transferable to CSU/UC
An introductory course in properties of materials used in engineering; emphasis on the theory underlying the behavior of engineering materials. Includes a face-to-face laboratory component covering the testing of metals, polymers, composites, wood, and other materials. (L,M)

ENGLISH (Associate in Arts)
Students who complete this program should be able to:
1. Make effective rhetorical choices based on an accurate analysis of rhetorical context.
2. Analyze and interpret works from different historical and cultural traditions using appropriate conventions of literary analysis.
3. Apply reading strategies in order to critically analyze texts.
4. Gather, evaluate, and effectively integrate research materials.

Required Courses

ENGL 1A College Composition and Reading .........................4
ENGL 1B Critical Thinking and Writing About Literature .........3
ENGL 30A Introduction to American Literature I OR
   ENGL 30B Introduction to American Literature II..........3
ENGL 46A Intro to English Literature I OR
   ENGL 46B Intro to English Literature II....................3
Plus 6 units from the following:
   ENGL 1C, 22, 23, 30A, 30B, 31A, 31B, 36, 37, 39, 42, 43, 44, 46A or 46B .........................6
Total units required for degree major ..............................................19

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

The Associate in Arts in English for Transfer degree gives students a broad based background in writing, literature, and language analysis. It prepares students for the further study of English or a related field at a four-year school. As such, a bachelor’s degree in English is a good gateway towards a career in teaching, law, technical writing, creative writing, editing/publishing, marketing, and any occupation requiring clear communication skills.

ENGLISH (Associate in Arts for Transfer)
Students who complete this program should be able to:
1. Make effective rhetorical choices based on an accurate analysis of rhetorical context.
2. Analyze and interpret works from different historical and cultural traditions using appropriate conventions of literary analysis.
3. Apply reading strategies in order to critically analyze texts.
4. Gather, evaluate, and effectively integrate research materials.

Required Courses

ENGL 1B Critical Thinking and Writing About Literature .........3
AND
ENGL 1C Critical Thinking/Advanced Composition.............3
List A (6 units: choose 2 courses):
   ENGL 30A Introduction to American Literature I OR
   ENGL 30B Introduction to American Literature II..........3
   ENGL 46A Intro to English Literature I OR
   ENGL 46B Intro to English Literature II....................3
List B (3 units: choose 1):
   ENGL 31A Creative Writing OR
   ENGL 36 American Ethnic Voices OR
   ENGL 37 Women’s Voices, OR
   ENGL 42 Introduction to Shakespeare ......................3
Programs and Courses

List C (3 units: choose 1):
- SPECH 2 Oral Interpretation of Literature
- ENGL 19 News Writing and Reporting
- MCOMM 19 News Writing and Reporting
- ENGL 34 Introduction To Film
- HUMAN 34 Introduction To Film
- THART 34 Introduction To Film

Total units required for degree major: 18

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with “C” or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

ENGL 1A College Composition and Reading 4 units
72 lecture hours
Prerequisite: Satisfactory completion of: ENGL 51 or ENGL 56 or by placement.
Transferable to CSU/UC
C-ID ENGL 100
An introductory course offering instruction in expository and argumentative writing, appropriate and effective use of language, close reading, cogent thinking, research strategies, information literacy, and documentation. Focus on the recursivity of writing processes and integrating reading, writing, and speaking skills. Students will write a minimum of 6000 words.

ENGL 1B Critical Thinking & Writing About Literature 3 units
54 lecture hours
Prerequisite: Satisfactory completion of: ENGL 1A
Transferable to CSU/UC
C-ID ENGL 120
Critical thinking and writing about literature; develops critical thinking, reading, and writing skills applicable to the analysis of prose, poetry, drama, and criticism from diverse cultural sources and perspectives; emphasis on the techniques and principles of effective written argument; some research required. (L)

ENGL 1C Critical Thinking/Advanced Composition 3 units
54 lecture hours
Prerequisite: Satisfactory completion of: ENGL 1A
Transferable to CSU/UC
C-ID ENGL 105
Principles of critical thinking, reading, and writing beyond freshman composition; focuses on the principles of, and the development of, logical and analytical reasoning, argumentative writing, and on the principles of rhetoric (invention, arrangement, style, memory, delivery, modes of discourse, audience). (L)

ENGL 1E College Composition and Reading Extended Instruction 5 units
90 lecture hours
Prerequisite: Satisfactory completion of: ENGL 51 or ENGL 56 or by placement.
Transferable to CSU
C-ID ENGL 100
An introductory course offering instruction in expository and argumentative writing, appropriate and effective use of language, close reading, cogent thinking, research strategies, information literacy, and documentation. Focus on the recursivity of writing processes and integrating reading, writing, and speaking skills. Emphasis on developing academic mindsets and student skills. Students will write a minimum of 6000 words.

ENGL 19 News Writing and Reporting 3 units
54 lecture hours
Prerequisite: Satisfactory completion of: ENGL 51
Transferable to CSU/UC
C-ID JOUR 110
Recognizing, gathering, and writing the news in accepted journalistic style, learning to conduct personal interviews and cover speeches, meetings, and other events, understanding the legal and ethical issues related to reporting; emphasis on language and style, accuracy in news gathering, and research and organization of various types of stories. Not open for credit to students with credit in MCOMM 19. (L)

ENGL 20A News Media Production 1 3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: ENGL 51 or eligibility for ENGL 1A
Transferable to CSU
Weekly production of the Yuba College student online news source and quarterly production of the Yuba College student news magazine. Students will learn journalistic standards, media ethics, researching, reporting, writing, and copy editing for basic news stories, features, and opinion, as well as basic page layout and design for both print and online publications. (L)

English as a Second Language

FOUNDATIONS OF LITERACY (Certificate of Competency)

Students who complete this program should be able to:
1. Write simple paragraphs containing simple sentences in simple present and present continuous sentences.
2. Function in basic English listening and speaking situations at work, school, and in the community.

Required Courses
ESL 525 Integrated ESL Skills, Level 2
ESL 524 English Conversation, Level 2

FOUNDATIONS OF LITERACY (Certificate of Advancement)

Students who complete this program should be able to:
1. Write simple paragraphs containing simple sentences in simple present and present continuous sentences.
2. Function in basic English listening and speaking situations at work, school, and in the community.

Required Courses
ESL 225 Integrated ESL Skills, Level 2 and ESL 224 English Conversation, Level 2

INTERPERSONAL COMMUNICATION (Certificate of Competency)

Students who complete this program should be able to:
1. Use reading and writing skills to read and understand a variety of written texts at work, school, and in the community.
2. Demonstrate listening and speaking skills needed to communicate at work, at school, and in the community using studied materials, vocabulary, and grammar.

Required Courses
ESL 563 High-Intermediate Grammar and ESL 568 High-Intermediate Writing

Electives:
ESL 565 Integrated ESL Skills, Level 6 or ESL 559 EMP English for Employment or ESL 559 MAT The Language of Mathematics for ESL Students or ESL 539 ECE English Skills for Parents and Child Care Providers or ESL 549 COM Computer Skills for ESL Students

INTERPERSONAL COMMUNICATION (Certificate of Advancement)

ESL 116B Academic Reading and Writing for ESL 2 ...........4
Total units required .........................................................................7

ESL 40A      Low-Advanced Grammar       3 units
54 lecture hours

Prerequisite: Satisfactory completion of: ESL 263 or ESL 563 or by placement exam.
Transferable to CSU/UC

Low-advanced grammar for ESL students. This course introduces students to a theme-based grammar and teaches them to read, write and speak English with grammatical accuracy and fluency in real-life contexts. Includes a functional study of the 12 tenses. Concurrent enrollment in ESL 212/512, 213/513, 214/514, and 215/515 is highly recommended.

ESL 116A      Academic Reading and Writing for ESL 1  4 units
72 lecture hours

Prerequisite: Satisfactory completion of: ESL 268, or ESL 568 or ESL 265 or ESL 565 or by placement exam.
This course emphasizes the development of basic reading and writing skills including active reading and writing processes, vocabulary development, grammar and mechanics, simple and compound sentences, paragraph development, Summary-short essays, the writing process, and small group and whole class work to strengthen basic reading and writing skills. Concurrent enrollment in ESL 40A, ESL 40B, or ESL 40C recommended.

ESL 116B      Academic Reading and Writing for ESL 2  4 units
72 lecture hours

Prerequisite: Eligibility for ESL 116B on Placement Exam Score
This course emphasizes the development of reading and writing skills including varied sentence types, use of phrases and clauses, grammar and mechanics, paragraphs, summary-short essays, the writing process, and small group and whole class work to strengthen basic reading skills and to make inferences and to read critically.

ESL 212      Low-Beginning Listening and Pronunciation  3 units
54 lecture hours

ESL 214      English Conversation, Level 1  2 units
36 lecture hours

Pair, small and large group discussion for Limited English Proficient students, including personal and family information, daily activities, and other subjects of interest; relevant vocabulary included. First in a series of four conversation courses. Grades are P/NP.

ESL 215      Integrated ESL  5 units
90 lecture hours

Language development for low-beginning, limited English speakers. Concentration on all language skills--reading, writing, listening, speaking, and grammar. This is the first course in a series of six. Prepares students for ESL 225/525 and other level two ESL courses.

ESL 222      Beginning Listening and Pronunciation  3 units
54 lecture hours

Prerequisite: Satisfactory completion of: ESL 212 or ESL 512 or by placement exam.
This course covers listening and pronunciation for beginners. Emphasis will be placed on increasing listening comprehension and oral fluency of simple spoken English in common daily personal and academic communication. Concurrent enrollment in ESL 223/523, 224/524, 225/525, and 226L/526LR is highly recommended.
Programs and Courses

ESL 224     English Conversation, Level 2  2 units
36 lecture hours

Prerequisite: Satisfactory completion of: ESL 214 or ESL 514 LR or by placement exam.

The second course in conversation for low-beginning ESL students. Builds on basic listening and speaking skills using everyday conversation in small groups and one-on-one. Emphasis on listening comprehension, pronunciation, intonation, and role-playing simulations. Students will further develop English vocabulary and grammar necessary for successful communication. Topics include comparison of students’ and American cultures, geographic directions, clarification techniques, and other subjects of interest. Concurrent enrollment in ESL 225/525, 222/522, 223/523, and 226L/526LR is highly recommended.

ESL 225     Integrated ESL Skills, Level 2  5 units
90 lecture hours

Prerequisite: Satisfactory completion of: ESL 215 or ESL 515 or by placement exam.

Language development for beginning, limited English speakers. Concentration on all language skills: reading, writing, listening, speaking, and grammar. This is the second course in a series of six. Prepares students for ESL 235/535 and other level three ESL courses.

ESL 226L     English as a Second Language Lab, 1  1 unit
54 lab hours

Supplements English as a Second Language Levels 1 through 3 courses by providing additional academic support, practice, and exercises in grammar, reading, writing, vocabulary, listening comprehension, pronunciation, speaking and conversation. Students receive individualized and group instruction under supervision as needed. Grades are P/NP.

ESL 229AC     Computer Skills for ESL Students  3 units
54 lecture hours

Provides students with basic computer and word processing skills necessary to type simple documents, use software, and perform research related to employment. Additionally, students will work on English skills, such as reading, vocabulary development and pronunciation, using vocationally-related software in such fields as auto, healthcare, office, clerical, food service and construction. Intended for non-native English speakers with at least low-intermediate English proficiency. Concurrent enrollment in Level 3 ESL courses (e.g., ESL 232, 235) is highly recommended.

ESL 233     High-Beginning Grammar  3 units
54 lecture hours

Prerequisite: Or by placement.

High-beginning grammar for ESL students. This course introduces students who have beginning language skills to simple sentences and short paragraphs in simple past and past continuous tenses. Concurrent enrollment in ESL 235/535 is highly recommended.

ESL 235     Integrated ESL Skills, Level 3  5 units
90 lecture hours

Prerequisite: Satisfactory completion of: ESL 225 or ESL 525 or by placement exam.

Language development for high-beginning limited English speakers; concentration on all language skills: listening, speaking, reading, writing, and grammar. This is the third course in a series of six. Prepares students for ESL 245 and ESL level four courses.

ESL 239ECE     English Skills for Parents and Child Care Providers  5 units
90 lecture hours

Prerequisite: Satisfactory completion of: ESL 225 or ESL 525 or by placement exam.

This high-beginning course develops oral and written communication skills in standard English within the context of child care, child rearing, and parenting. Students develop and practice the listening, speaking, reading, and writing skills useful for communicating with and about children at different stages of development on topics including day-to-day care, health, and safety. This course is intended for non-native speakers of English who are parents, grandparents, child care providers, preschool teachers, and students of Child Development. This course is recommended for non-native speakers at high-beginning level. It is recommended that students enroll in or have successfully completed ESL 235/535.

ESL 239MAT     The Language of Arithmetic for ESL Students  5 units
90 lecture hours

Prerequisite: Satisfactory completion of: ESL 223 or ESL 225 or ESL 523 or ESL 525. Other: (Placement Exam Score) or ESL level 3 (high-beginning) and above: Students should demonstrate via the placement exam or completion of ESL 223/523 and/or 225/525 that they have achieved a high-beginning competency of English to better their chances of success in this course. Not open to students who have successfully completed ESL 259MAT and 555MAT or by placement exam.

This course is intended to develop the abilities of speakers of other languages and cultures to (1) read and comprehend, (2) write in words, numbers, and notations, and (3) verbally express the language of arithmetic necessary for appropriate computations using whole numbers within standards of the American educational system, including, but not necessarily limited to addition, subtraction, multiplication, and division.

ESL 243     Low-Intermediate Grammar  3 units
54 lecture hours

Prerequisite: Satisfactory completion of: ESL 233 or ESL 533 or by placement exam.

Low-intermediate grammar for ESL students. This course introduces students to writing paragraphs containing both compound and complex sentences in past, present, and future tenses. Concurrent enrollment in ESL 245/545 is highly recommended.
ESL 245     Integrated ESL Skills, Level 4 v2-5 units
36 lecture hours (2 units)
54 lecture hours (3 units)
90 lecture hours (5 units)
Language development for intermediate limited English speakers. Concentration on all language skills—listening, speaking, reading, writing, and grammar; preparation to continue college course work. (Last in a series of four courses.)

ESL 246L     English as a Second Language Lab, 2 1 unit
54 lecture hours
Supplements English as a Second Language Level 4 through 6 courses by providing additional academic support, practice, exercises and other academic activities in grammar, reading, writing, vocabulary, listening comprehension, pronunciation, and conversation. Students receive individualized and group instruction under supervision.

ESL 249COM     Computer Skills for ESL Students 3 units
54 lecture hours
Provides students with the basic computer and word processing skills necessary to format, type, retrieve, and revise simple documents. Students learn to use varied software and perform basic research related to their academic needs and future employment using the internet. Additionally, students will work on English skills, such as reading and following directions (both reading and listening), and development of vocabulary related to computers. Intended for non-native English speakers with at least low-intermediate English proficiency. Concurrent enrollment in Level 4 ESL courses (e.g. 245, 243) is strongly recommended.

ESL 253     Intermediate Grammar 3 units
54 lecture hours
Prerequisite: Satisfactory completion of: ESL 243 or ESL 543 or by placement exam.
Intermediate grammar for ESL students. This course introduces students to writing paragraphs and/or compositions containing compound and complex sentences in present, past, and future tenses. Concurrent enrollment in ESL 255/555 or 258/558 is highly recommended.

ESL 255     Integrated ESL Skills, Level 5 5 units
90 lecture hours
Prerequisite: Satisfactory completion of: ESL 245 or by placement exam.
Language development for high-intermediate limited English speakers. Concentration on all language skills – reading, writing, speaking, listening, and grammar. This course is the fifth in a series of six integrated skill courses (215, 225, 235, 245, 255, and 265) leading to a certificate of completion in English at the high-intermediate level.

ESL 258     Intermediate Writing 4 units
72 lecture hours
Prerequisite: Satisfactory completion of: ESL 245 or ESL 545 or by placement exam.
Writing for intermediate ESL. Develops ability to write more detailed paragraphs using simple and compound sentences in varied verb tenses with proper grammar and mechanics. Concurrent enrollment in ESL 253/553 and 255/555 highly recommended.

ESL 259     Language of Math for ESL Students 3 units
54 lecture hours
Intended to familiarize speakers of other languages with the language of basic mathematics as needed in dealing with whole numbers, addition, subtraction, multiplication, division and basic fractional manipulation. Grades are P/NP.

ESL 259EMP     English for Employment 3 units
54 lecture hours
Prepares students for vocational training and/or employment. Includes vocabulary for the world of work and skill development for job search, application and job retention. Intended for non-native English speakers with at least intermediate English proficiency. Concurrent enrollment in ESL 252, 253, 257, 258 and/or 255 and above is highly recommended. (L,C)

ESL 259MAT     The Language of Mathematics for ESL Students 3 units
54 lecture hours
Prerequisite: Satisfactory completion of: ESL 233 or ESL 235 or by placement exam.
This course develops the English speaking abilities of non-native English speakers specifically in regards to the language and vocabulary of mathematics as it is used in the American educational system. Students will learn to read, write, and verbally express mathematical words, numbers, and notations.

ESL 263     High-Intermediate Grammar 3 units
54 lecture hours
Prerequisite: Satisfactory completion of: ESL 253 or ESL 553 or by placement exam.
High-intermediate grammar for ESL students. This course introduces students to reading and writing short paragraphs and/or compositions containing compound and complex sentences in present, past, present perfect, and future tenses. Concurrent enrollment in ESL 265/565 or 268/568 is highly recommended.

ESL 265     Integrated ESL Skills, Level 6 5 units
90 lecture hours
Prerequisite: ESL 255 or by placement exam.
Language development for high-intermediate limited English speakers. Concentration on all language skills – reading, writing, speaking, listening, and grammar. This course is the last in a series of six integrated skill courses (215, 225, 235, 245, 255, and 265) leading to a certificate of completion in English at the high-intermediate level. Prepares students for college-level courses.
Programs and Courses

ESL 268 High-Intermediate Writing 4 units
72 lecture hours
Prerequisite: Satisfactory completion of: ESL 258 or ESL 558 or ESL 255 or ESL 555 or by placement exam.
Writing for high-intermediate ESL students. Further develops ability to write longer, correctly formatted paragraphs and short compositions with simple, compound, and complex sentences using proper grammar, spelling and verb tenses. Concurrent enrollment in ESL 263/563 and 265/565 is highly recommended.

Fire Technology

FIRE TECHNOLOGY
(Associate in Science)
Students who complete this program should be able to:
1. Apply prevention/protection/fire-fighting theories, principles, and concepts to address real-life situations in the field.
2. Analyze, interpret, and evaluate prevention/protection/firefighting theories, policies, practices, and procedures to develop strategies to prevent, control, and fight fires.
3. Discuss the role of the fire service in the community and the importance of its Mission Statement.

Required Courses Units
FIRTC 1 Fire Protection Organization ........................................ 3
FIRTC 2 Fire Prevention Technology ........................................ 3
FIRTC 3 Fire Protection Equipment and Systems ....................... 3
FIRTC 4 Building Construction for Fire Protection ..................... 3
FIRTC 5 Fire Behavior and Combustion .................................. 3
FIRTC electives .................................................................. 3
Total units required for degree major ........................................ 18

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

Additional Recommended Courses:
BIOL 5 Human Physiology .................................................. 4
BCA 15 Business Computer Applications - Beginning............. 3
CHEM 2A Introduction to Chemistry .................................... 5
CWEE 4S Occupational Work Experience ......................... 1-4
EMT 61 Emergency Medical Technician I ........................... 4
OA 15A OR 15 Elementary Keyboarding .............................. 3

FIRST RESPONDER
(Certificate of Training)

Required Courses Units
FIRTC 205 Emergency Response ........................................ 3
FIRE TECHNOLOGY (Certificate of Achievement)

Students who complete this program should be able to:
1. Apply prevention/protection/fire-fighting theories, principles, and concepts to address real-life situations in the field.
2. Analyze, interpret, and evaluate prevention/protection/firefighting theories, policies, practices, and procedures to develop strategies to prevent, control, and fight fires.
3. Discuss the role of the fire service in the community and the importance of its Mission Statement.

FIRE FIGHTER I ACADEMY

The Fire Fighter I Academy is an intensive training program which academically prepares students for entry-level jobs in the fire fighting field. The California State Fire Fighter I curriculum and Emergency Medical Technician guidelines are followed throughout the program and cover the basic skills and knowledge needed to work in the fire service field. While students who are not yet 18 years of age may enroll in the academy, they must be 18 years of age or older to complete the EMT portion of the class and successfully complete the academy. Students must also provide a physician’s approval to participate in the physical training portion of the academy.

Students who successfully complete the academy may be certified by the State of California after completing either one year as a volunteer fire fighter or six months as a paid fire fighter with a California fire department. To assist graduates of the academy in obtaining the required experience at a California fire department, Yuba College also offers the Fire Technology Practicum.

FIRE TECHNOLOGY-FIRE ACADEMY (Associate in Science)

Students who complete this program should be able to:
1. Analyze the elements of firefighter safety and survival; differentiate fire prevention, firefighting, and the types of fire apparatus.
2. Demonstrate the ability to analyze, appraise and evaluate fire and emergency incidents and identify components of emergency management and fire fighter safety.
3. Demonstrate knowledge and understand of the fire service industry.

Other Certificates of Training that students may earn within the Fire Fighter I Academy include the following:

- Basic Incident Command System - ICS 200 (Certificate of Training)
- Emergency Medical Technician I (Certificate of Training)

FIRTC 1 Fire Protection & Emergency Services

54 lecture hours
Transferable to CSU
Introduction to fire protection; career opportunities in fire protection and related fields; philosophy and history of fire protection, fire loss analysis; organization and function of public and private fire protection services; fire department as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics.

FIRTC 2 Fire Prevention Technology

54 lecture hours
Transferable to CSU
Provides fundamental information regarding the history and philosophy of fire prevention, organization, and operation of a fire prevention bureau, use of fire codes, identification and correction of fire hazards, and the relationship of fire prevention with fire safety education, detection, and suppression systems. Not open for credit to students with credit in Fire Science 12. (L)

<th>Notes</th>
</tr>
</thead>
</table>
| FIRTC 3     | Fire Protection Equipment and Systems          | 3     | 54 lecture hours  | Transferable to CSU  
Provides information relating to the features of design and operation of fire detection and alarm systems, heat and smoke control systems, special protection and sprinkler systems, water supply for fire protection and portable fire extinguishers. Not open to students with credit in FIRSC 15. (L) |
| FIRTC 4     | Building Construction for Fire Protection      | 3     | 54 lecture hours  | Transferable to CSU  
Fundamentals of building construction that relate to fire safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations, and operating at fires. The development and evolution of building and fire codes will be studied in relationship to past fire and residential, commercial, and industrial occupancies. Not open for credit to students with credit in FIRSC 27. (L) |
| FIRTC 5     | Fire Behavior and Combustion                  | 3     | 54 lecture hours  | Transferable to CSU  
Theory and fundamentals of how and why fires start, spread, and are controlled; an in-depth study of fire chemistry and physics, fire characteristics of materials, extinguishing agents, and fire control techniques. Not open for credit to students with credit in FIRSC 13. (L) |
| FIRTC 6     | Principles of Fire and Emergency Services Safety and Survival | 3     | 54 lecture hours  | Transferable to CSU  
This course introduces the basic principles and history related to the national firefighter life safety initiatives, focusing on the need for cultural and behavior change throughout the emergency services. |
| FIRTC 63A   | Driver/Operator 1A                            | 2     | 36 lecture hours  | 4 lab hours  
Other: Valid Class B driver’s license.  
Designed to provide the student with driving techniques for emergency vehicles and includes basic inspection and maintenance of equipment. Course involves actual driving exercises under simulated emergency conditions. This course is a component of the California State Fire Marshal’s Apparatus Driver/Operator certification. (L) |
| FIRTC 63B   | Driver/Operator 1B                            | 2     | 36 lecture hours  | 4 lab hours  
Designed to provide student with the theory, methods, and techniques for operating fire service pumps; including types of pumps, engine and pump gauges, maintenance, unsafe pumping conditions, pressure relief devices, cooling systems, water supplies, drafting, field hydraulics and pumping operations. This course is a component of the California State Fire Marshall’s Apparatus Driver/Operator certification. (L) |
| FIRTC 64    | Firefighter I Academy                         | 26    | 398 lecture hours | 222 lab hours  
Other: Must be 18 years of age or older to complete the EMT portion of the class and successfully complete the academy. Physician’s clearance is required.  
Provides student with the basic skills and knowledge to work in the fire service. The California State Firefighter I curriculum and emergency medical technician (EMT) guidelines will be followed. Provides training in basic concepts including fire department organization, fire control, equipment operation, prevention, protection, hose, nozzles, and breathing apparatus. Includes physical training. (L) |
| FIRTC 84    | Low Angle Rope Rescue Operations              | 1     | 12 lecture hours  | 12 lab hours  
Designed primarily for those working in the fire service, but is open to anyone. This course will equip the student with the techniques and methods for using rope, webbing, hardware friction devices, and litters in low angle rescues. Areas covered include: rope and related equipment, anchor systems, safety lines, stretcher lashing and rigging, mechanical advantage systems along with single line and two line rescue systems. Upon successful completion of the course, students will receive State Fire Marshal certification. Grades are P/NP. (L) |
| FIRTC 206   | Hazardous Materials-FRO                       | 1     | 20 lecture hours  | 4 lab hours  
Designed primarily for First Responders who are at risk of exposure to toxic substances. Covers type, nature and physiological effects of hazardous materials. Designed to develop new First Responder attitudes toward health and safety and to increase safe behaviors in responding to hazardous material incidents. Upon completion of the course, students will receive certification from CSTI (California Specialized Training Institute). Grades are P/NP. (L) |
French

FRNCH 1   Elementary French,  4 units
Part 1
72 lecture hours
Transferable to CSU/UC
Introduction to the language and culture of the French-speaking world. It includes the development of listening, speaking, reading and writing French with an emphasis on the communicative skills, as well as the fundamentals of French grammar. This course is equivalent to one year of high school French.

FRNCH 2   Elementary French,  4 units
Part 2
72 lecture hours
Transferable to CSU/UC
Prerequisite: Satisfactory completion of: FRNCH 1 or. Other:
Prerequisite: One year of high school French. or Placement exam: Students must score 70% or higher on a placement test administered by the Foreign Language Department. Or by placement exam
Transferable to CSU
A continuation of French 1. Provides further basic communication skills through listening, speaking, reading and writing. It includes practice at the intermediate level and review of the fundamentals of French grammar. (L)

GENERAL BUSINESS
(See Business)

General Education

The General Education area major is approved by the California Community College Chancellor’s Office and is designed to provide students with the opportunity to earn an Associate in Arts or Associate in Science degree in a broad area of study. Students who wish to transfer to a four-year college or university should consult with a counselor prior to beginning one of these majors for appropriate course selection.

Note: These majors will be printed on the diploma. One of these General Education degrees may be earned.

For the General Degree, you will need to complete one of the five areas listed. You may select the general education major of:
1. ARTS & HUMANITIES -- Associate in Arts Degree
2. SOCIAL AND BEHAVIORAL SCIENCES -- Associate in Science Degree
3. NATURAL SCIENCE -- Associate in Science Degree
4. COMMUNICATION -- Associate in Arts Degree
**ARTS & HUMANITIES**  
*(Associate in Arts Degree)*:  
This degree emphasizes the study of cultural, literary, humanistic activities and artistic expression of human beings. Students will evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation. Students will learn to value aesthetic understanding and incorporate these concepts when constructing value judgments.

Students who complete this program should be able to:
1. Demonstrate an awareness of diverse human responses to the world around them through artistic and cultural creation.
2. Evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation.
3. Value aesthetic understanding and incorporate these concepts when constructing value judgments.

Students must complete 18 units from at least three of the areas listed below. Courses must be completed with a “C” or higher grade.

- Art 1A, 1B, 1C, 3A, 3B, 5, 31
- Asian American Studies 31
- Early Childhood Education 39
- English 1B, 2, 30A, 30B, 31A, 31B, 33, 34, 36, 37, 42, 46A, 46B
- French 1, 10
- History 4A, 4B, 5A, 5B, 7, 14, 15, 16A, 16B, 17A, 17B
- Humanities 3, 5, 10, 11, 12, 15, 20, 26A, 26B, 31, 33, 34
- Music 1, 1A, 1B, 3, 8A, 8B, 12, 15, 16
- Philosophy 1, 2, 3, 20
- Sign 1, 2, 3
- Spanish 1, 2, 3, 4, 10, 20A, 20B, 35, 36
- Speech 2
- Theatre Arts 10, 33, 34

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

**COMMUNICATION**  
*(Associate in Arts Degree)*:  
This degree emphasizes the content of communication as well as the form and should provide an understanding of the psychological basis and social significance of communication. Students will be able to assess communication as the process of human symbolic interaction. Students will also develop skills in the areas of reasoning and advocacy, organization, accuracy, reading and listening effectively. Students will be able to integrate important concepts of critical thinking as related to the development of analysis, critical evaluation, to reason inductively and deductively that will enable them to make important decisions regarding their own lives and society at large.

Students who complete this program should be able to:
1. Demonstrate the Ability to Accomplish Communicative Goals.
2. Create Messages Appropriate to the audience, purpose, and context.

Students must complete 18 units, selecting at least one course from each of the areas listed below. Courses must be completed with a “C” or higher grade.

- English 1A, 1B, 1C
- Philosophy 12
- Speech 1, 3, 6, 7, 9

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

C, L, M Advisories: **Computer Literacy:** recommended basic computer skills.  
**Language:** recommended eligibility for English 1A. **Mathematics:** recommended eligibility for Math 52.
NATURAL SCIENCE
(Associate in Science Degree):
This degree allows the student to take courses that will prepare them for possible majors within the fields of science, including the allied Health fields, nursing preparation, health science and related fields, pre-med and more.

Students who complete this program should be able to:
1. Analyze data effectively using current technology.
2. Communicate scientific ideas and principles clearly and effectively.
3. Analyze and apply fundamental mathematical, physical, and chemical concepts and techniques to scientific issues.
4. Apply fundamental concepts and techniques.

Students must complete 18 units from at least three of the areas listed below. At least one course MUST be selected from Mathematics or Statistics. Courses must be completed with a "C" or higher grade.

Anthropology 1
Astronomy 1, 11
Biology 1, 2, 3, 4, 5, 6, 10, 10L, 11, 15, 25
Chemistry 1A, 1B, 2A, 2B, 10
Ecology 10, 11, 12
Geography 1
Geology 10, 10L, 11L
Mathematics 1A, 1B, 9, 10, 15, 16, 21, 25
Physical Science 10A, 10B, 10C
Physics 2A, 2B, 3A, 3B, 4A, 4B
Plant Science 20, 20L, 22, 22L
Statistics 1

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

SOCIAL AND BEHAVIORAL SCIENCES
(Associate in Science Degree):
This degree emphasizes the perspective, concepts, theories and methodologies of the disciplines typically found in the vast variety of disciplines that comprise study in the Social and Behavioral Sciences. Students will study about themselves and as members of a larger society. Topics and discussion to stimulate critical thinking about ways people have acted in response to their societies will allow students to evaluate how societies and social subgroups operate.

Students who complete this program should be able to:
1. Employ concepts and research methodologies from a variety of social and behavioral science disciplines.
2. Demonstrate understanding of how the self is shaped by membership in modern society.
3. Demonstrate understanding of and ability to delineate how different social subgroups have responded to their societies under different historical and cultural conditions.

Students must complete 18 units from at least three of the areas listed below. Courses must be completed with a "C" or higher grade.

Administration of Justice 10
Anthropology 2, 3
Early Childhood Education 3, 31
Economics 1A, 1B
Ethnic Studies 1
Geography 2
History 4A, 4B, 5A, 5B, 7, 14, 15, 16A, 16B, 17A, 17B
Mass Communications 2
Political Science 1
Psychology 1A, 12, 22, 31, 33, 41, 46
Sociology 1, 2, 5, 10, 30
Speech 8

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.
Geography

GEOG 1  Physical Geography  3 units
54 lecture hours
Transferable to CSU/UC
C-ID GEOG 110
A spatial study of Earth's dynamic physical systems and processes. Topics include maps, earth-sun relations, weather, climate, water, landforms, soils, and the biosphere. Emphasis is on interrelationships among systems and processes and their resulting patterns and distributions. (L)

GEOG 5  World Regional Geography  3 units
54 lecture hours
Transferable to CSU
Survey of the world's culture regions and nations as interpreted by geographers, including physical, cultural, and economic features. Emphasis on spatial and historical influences on population growth, transportation networks, and natural environments. Identification and importance of the significant features of regions.

Geology

Geology is an interdisciplinary science that combines geological observations and concepts with those of physics, chemistry, biology and mathematics in order to study the earth, its physical environments, and its history. By studying rocks, fossils, and minerals, and by learning to read and interpret maps, geologists seek to understand those geologic principles and processes that shape the earth and its environment.

Geology (Associate in Arts for Transfer)

Students who complete this program should be able to:
1. Identify basic rock types and describe the formation environment.
2. Describe the geologic time scale and significant earth events that define eras, periods, and epochs.
3. Describe the unique tectonic evolution of California and its major geologic provinces.

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

GEOL 10L  Physical Geology  4 units
54 lecture hours, 54 lab hours
Transferable to CSU/UC - UC Unit Limit
C-ID GEOL 101
Physical geology introduces the processes that are at work changing the Earth today. Covers rocks and minerals, volcanoes, earthquakes and plate tectonics. It also examines how water and wind shape the Earth's surface. Not open for credit to students with credit in GEOL 10. (L)

GEOL 11L  Historical Geology  4 units
54 lecture hours, 54 lab hours
Transferable to CSU/UC
C-ID GEOL 111
Historical Geology is the study of the evolution of life and landforms through geologic time through the examination of the rock record. In this course one will learn how the study of fossils, rocks, tectonic processes, and geologic structures can provide us with information regarding Earth's geologic and biologic history. (L)
GEOL 12  Oceanography  3 units
54 lecture hours
Transferable to CSU/UC
General introduction to the basic principles of oceanography
including the study of geological, physical, and chemical
oceanography. Topics will include the origin of Earth and the
oceans, plate tectonics, marine provinces, sediment, seawater,
composition and geochemical distributions, surficial and deep-
water oceanic circulation, waves, tides, coastal erosion and
deposition, marine ecosystems, and human's effects on the
oceans. (L)

GEOL 20  Geology of California  3 units
54 lecture hours
Transferable to CSU/UC
C-ID GEOL 200
General introduction to the geological sciences with emphasis
on the geology of California. Topics covered will include the
tectonic provinces, landforms, natural resources, geologic
history, natural hazards, and related geologic environmental
problems in the state. (L)

GEOL 40  Regional Geology -  v1-2 units
Sierra Nevada
16.2 lecture hours, 5.4 lab hours (1 unit)
32.4 lecture hours, 10.8 lab hours (2 units)
Transferable to CSU
This field course focuses on the geology of the Sierra Nevada,
with an emphasis on the tectonic and erosional history of the
area. The course includes study of the various intrusive rocks
and the minerals they contain, as well as the relative ages of
the plutons. Glacial erosional and depositional processes will
be discussed.

GEOL 41  Regional Geology -  v1-3 units
Field Trip
18 lecture hours (1 unit)
36 lecture hours (2 units)
54 lecture hours (3 units)
Transferable to CSU
This field course provides an opportunity to explore specific
areas of geologic interest. Tectonic setting, sedimentary
processes and rock formation will be emphasized. Trip location
will vary depending on season and accessibility. Varying amounts of hiking will be required depending on the location. Students are responsible for the costs of meals, transportation, and camping or lodging.

GEOL 42  Regional Geology -  v1-3 units
California Volcanoes
12 lecture hours, 12 activity hours (1 unit)
24 lecture hours, 24 activity hours (2 units)
36 lecture hours, 36 activity hours (3 units)
Transferable to CSU
This field course provides an opportunity to explore a specific
site of volcanic interest in California. The course will explore
the tectonic setting, the rock cycle, weather and erosion, and
topics specific to volcanoes. Trip location will vary depending
on season and accessibility. Varying amounts of hiking will be
required depending on the location. Students are responsible for
the costs of meals, transportation, and camping or lodging.

GEOL 43  Regional Geology -  v1-3 units
California Coasts
16.2 lecture hours, 5.4 lab hours (1 unit)
32.4 lecture hours, 10.8 lab hours (2 units)
48.6 lecture hours, 16.2 lab hours (3 units)
Transferable to CSU
This field course provides an opportunity to explore a specific
area of coastal interest in California. The course will explore
the tectonic setting, the rock cycle, weather and erosion, and
topics specific to coastlines. Trip location will vary depending
on season and accessibility. Varying amounts of hiking will be
required depending on the location. Students are responsible for
the costs of meals, transportation, and camping or lodging.

GEOL 44  Regional Geology -  v1-3 units
California Deserts
16.2 lecture hours, 5.4 lab hours (1 unit)
32.4 lecture hours, 10.8 lab hours (2 units)
48.6 lecture hours, 16.2 lab hours (3 units)
Transferable to CSU
This course will explore one or multiple desert locations
specific to California. Content will focus on specific features
of geologic interest, and will include geographic features.
Historical climates will also be considered as well as human
impact and preservation.

GEOL 45  Regional Geology -  v1-3 units
Field Trip
16.2 lecture hours, 5.4 lab hours (1 unit)
32.4 lecture hours, 10.8 lab hours (2 units)
48.6 lecture hours, 16.2 lab hours (3 units)
Transferable to CSU
This field course provides an opportunity to explore specific
areas of geologic interest. Tectonic setting, sedimentary
processes and rock formation will be emphasized. Trip location
will vary depending on season and accessibility.

History

The Associate in Arts in History for Transfer degree provides students with the opportunity to complete their freshman/sophomore level classes needed for a Bachelor’s degree in History within the California State University System. Upon completion of the Associate in Arts in History for Transfer degree, students will be able to use knowledge of the past and accumulated analytical and critical thinking skills to gain perspective on current social, political, and economic dynamics and apply any conclusions about the past and present to the process of creating better local, national, and global societies.

History is a study of the past. The past not only defines our lives, society, and the world we live in today, but shapes the pathway to the future. Students of history study individuals, groups, communities, nations, people, and cultures from different times and places. Many different methods are applied to effectively learn about history. History students examine the past through different perspectives and apply various analytical techniques to raise questions and think critically about the past. In addition to learning about amazing events, history provides us with a better understanding of our present lives.

HISTORY

(Associate in Arts for Transfer)

Students who complete this program should be able to:
1. Demonstrate a breadth and depth of historical knowledge including but not limited to analysis of historical evidence to evaluate the causes and effects of key turning points in the human experience.
2. Examine the experiences of various people throughout time and space and their significance to global development.
3. Demonstrate an understanding of the ways in which modern day people are profoundly impacted by historical events and how an appreciation of the past should inform how we approach contemporary issues.

Human Services

CHEMICAL DEPENDENCY COUNSELOR (Associate in Science)

Students who complete this program should be able to:
1. Perform clinical evaluations which is the systematic approach to screening and assessment of individuals thought to have a substance use disorder, being considered for admission to addiction-related services, or presenting in a crisis situation.
2. Develop treatment plans which are a collaborative process in which professionals and the client develop a written document that identifies important treatment goals; describes measurable, time-sensitive action steps toward achieving those goals with expected outcomes; and reflects a signed agreement between a counselor and client.
3. Provide client, family, and community education which is the process of providing clients, families, significant others, and community groups with information on risks related to psychoactive substance use, as well as available prevention, treatment, and recovery resources.
4. Uphold professional standards and ethical responsibilities which are the obligations of an addiction counselor to adhere to accepted ethical and behavioral standards, conduct, and professional development.

Total units required for degree major: 25

Students earning an AA or AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

Practicum consists of 300 hours, 225 hours field and 45 hours classroom, of specialized and supervised field work practice. Certification is by California Certification Board of Alcohol and Drug Counselors and requires additional extensive internships, usually completed during employment; qualifies a person for entry into a certified internship. The 255 practicum hours count toward further internship requirements.

CHEMICAL DEPENDENCY COUNSELOR (Certificate of Achievement)

Students who complete this program should be able to:
1. Perform clinical evaluations which is the systematic approach to screening and assessment of individuals thought to have a substance use disorder, being considered for admission to addiction-related services, or presenting in a crisis situation.
2. Develop treatment plans which are a collaborative process in which professionals and the client develop a written document that identifies important treatment goals; describes measurable, time-sensitive action steps toward achieving those goals with expected outcomes; and reflects a signed agreement between a counselor and client.

### Programs and Courses

**Humanities**

Humanities is the study of making connections, a quest to understand "life in all of its manifestations." Art, sculpture, architecture, myth, religion, music, philosophy, and literature all provide a mirror to reflect the characteristics of a culture, its values, themes, and visions. Each is part of the web of life, giving insight into the totality.

Humanities seeks to explore the vital creativity and instinct of artists who brought about new insights in emerging cultures, the creative geniuses that helped to forge innovative ideas and modes of understanding, the creation and focus of religions that tapped the depths of the human spirit, philosophies and modes of thinking that shaped the consciousness of humankind, and the architecture that brought new ideas to form.

Programs and Courses

HUMAN 26B   Women in Art II     3 units
54 lecture hours
Transferable to CSU/UC
Role of women as visual artists in Europe and the Americas, focusing on the Twentieth Century arts. Not open for credit to students with credit in ART 3B or WOMEN 26B. (L)

HUMAN 31   Asian-American Humanities & Cultures 3 units
54 lecture hours
Transferable to CSU/UC
Survey of Asian-American cultures, including religions, traditions, and some highlights of history. Not open for credit to students with credit in ASIAN 31. (L)

HUMAN 34   Introduction to Film     3 units
54 lecture hours
Transferable to CSU/UC
Study of film as art and its influence on society, including interpretation, criticism, and technical developments; students view and discuss full-length feature films. Not open to students with credit in ENGL 34 or THART 34. (L)

INFORMATION TECHNOLOGY
(see Business)

Kinesiology

Classes with “R” can be taken a total of four times but are subject to Family of Classes restrictions on page 158.

The Associate in Arts in Kinesiology for Transfer degree is designed to prepare students with the opportunity to complete their freshman/sophomore level classes required for a Bachelor’s degree in Kinesiology within the California State University System (CSU). Upon completion of the Associate in Arts in Kinesiology degree, students will be prepared for transfer to a CSU for studies in Physical Therapy, Kinesiology, Pre-Medicine, and Exercise Science programs.

KINESIOLOGY
(Associate in Arts for Transfer)

Students who complete this program should be able to:
1. Examine and evaluate physical activities and their relationship to wellness and fitness.
2. Demonstrate proficiency of skills needed in activities commonly included in human movement programs.
3. Analyze theoretical approaches and major concepts of health and nutrition.
4. Demonstrate knowledge and apply the fundamental rules and regulations of a variety of sports.

Choose one course from the following team sport courses (minimum 1 unit):
- PE 1.71 Basketball OR
- PE 1.75 Soccer OR
- PE 1.77 Volleyball-Beginning OR
- PE 1.79 Volleyball-Intermediate

Choose one course from the following individual sport courses (minimum 1 unit):
- PE 1.25 Badminton OR
- PE 1.31 Golf-Beginning

Choose one course from the following fitness courses (minimum 1 unit):
- PE 1.21 Aerobic Exercise
- PE 1.22 Step Aerobics
- PE 1.57 Weight Training

Select two courses (minimum 6 units) from the following courses:
- CHEM 1A General Chemistry
- HLTH 3 First Aid and CPR for Kinesiology Majors
- PHYS 2A General Physics AND
- PHYS 3A General Physics Laboratory
- STAT 1 Introduction To Statistical Methods

Total units required for degree major: 20-26

Kinesiology Program Requirements

- C, L, M Advisories: Computer Literacy: recommended basic computer skills.
- Language: recommended eligibility for English 1A.
- Mathematics: recommended eligibility for Math 52.

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with “C” or better grades, and achieve a minimum transferable cumulative GPA of 2.0.
**Programs and Courses**

**KINESIOLOGY (Associate in Arts)**

Students who complete this program should be able to:
1. Examine and evaluate physical activities and their relationship to wellness and fitness.
2. Demonstrate proficiency of skills needed in activities commonly included in human movement programs.
3. Analyze theoretical approaches and major concepts of health and nutrition.
4. Demonstrate knowledge and apply the fundamental rules and regulations of a variety of sports.

Learning Assistance

LEARN 52 Students Disabilities—Field Experience 1 unit
9 lecture hours, 27 lab hours
Designed for students with interest in the field of human services, specifically Education, Allied Health, and Social Services. Students will increase awareness of the strengths and limitations imposed by a variety of disabilities and their impact on major life activities including learning. Overview of the provision of community and college support services available for students with disabilities and opportunities to become a paid assistant for students with disabilities. Assistance is provided in the physical and academic adaptation of students with disabilities to the community college environment. Grades are P/NP option.

LEARN 70 Supplemental Instruction 1 unit
18 lecture hours
Corequisite: Enrolled in a General Education course
Effective Study strategies for preparing for course exams and successfully completing class projects for a targeted general education course. Targeted courses are identified each session. (L)

LEARN 102 Directed Study v.5-1 unit
27 lab hours (.5 unit)
54 lab hours (1 unit)
Other Conditions: Course 100 or above
Counseling, study skills, and individualized assistance to help in all areas of study; required of all EOPS students. Grades are P/NP.

LEARN 115 Academic Strategies 2 units
36 lecture hours
Designed especially for students with disabilities and others who have difficulty learning by traditional methods. Opportunity provided for self-analysis, acquisition, and application of learning strategies through a hands-on approach with guided practice. Strategies include: time management, organization, memory, listening, note taking, textbook reading, and test preparation. Emphasis on self-advocacy and use of appropriate accommodations including assistive technology. Recommendation: Basic reading/writing skills, familiarity with computers, and a readiness for college participation. Grades are P/NP only.

LEARN 118 Workforce Reading and Writing Skills 3 units
36 lecture hours, 54 lab hours
Designed for students with disabilities, learning differences, and/or a history of difficulty developing reading/writing skills. Review of basic skills in written language in preparation for entering the workforce. Emphasis on building competency in reading comprehension and writing proficiency typically needed for success in vocational and/or entry level employment. May incorporate use of assistive computer technology. Recommendation: Basic reading/writing skills, familiarity with computers, and a readiness for college participation. Grades are P/NP only.

LEARN 120A Beginning Basic Studies 3 units
36 lecture hours, 54 lab hours
General review of beginning concepts of reading, writing and math. Grades are P/NP.

LEARN 120B Intermediate Basic Studies 3 units
36 lecture hours, 54 lab hours
General review of intermediate concepts of basic reading, writing and math. Build on skills learned in 120A. Grades are P/NP.

LEARN 120C Advanced Basic Studies 3 units
36 lecture hours, 54 lab hours
General review of basic concepts of reading, writing and math based on skills learned in 120A and B. Grades are P/NP.

LEARN 122 Basic Studies 1 unit
18 lecture hours, 9 lab hours
Other Conditions: Course 100 or above
Reviews basic concepts in arithmetic, grammar, and reading, as well as strategies for preparing for the GED exam. Not open for credit to students with credit in LEARN 120. Grades are P/NP.

LEARN 125 Spelling Improvement 1 unit
18 lecture hours
Designed for student with learning difficulties that impact reading/writing tasks. Small group learning and individualized help in recognizing areas of spelling difficulties and developing a plan for improvement. Instruction in phonemic awareness, word parts, spelling rules and strategies for memory. Discussion and practice with educational technology including handheld devices, software and educational websites for improvement in spelling efficiency and accuracy. Includes exercises to build college level vocabulary. Recommendation: basic reading/writing skills, familiarity with computers, and readiness for college participation. Grades are P/NP.

LEARN 126 Study Techniques 1 unit
9 lecture hours, 27 lab hours
Development and implementation of an individualized program of study for improvement in study skills necessary for success in college coursework. Concurrent enrollment required in a minimum of one academic and/or vocational education college course. Recommendation: Basic reading/writing skills, familiarity with computers, and readiness for college participation. Grades are P/NP.

**MANAGEMENT AND SUPERVISION (see Business)**
Manufacturing Technology

Manufacturing Technology is a comprehensive program of instruction designed to develop knowledge of scientific principle, mathematical concepts, and technical skills. It includes laboratory experiences found in machining, welding, and related technologies. These experiences will enable the student to enter industry with problem-solving skills in design, production planning, materials handling, quality control, inspection, and programming with computer-aided controls. The student, upon the successful completion of the program, will have a job-entry skill.

MANUFACTURING TECHNOLOGY/MACHINING
(Associate in Science)

Students who complete this program should be able to:
1. Demonstrate knowledge of proper working habits and safety practices in an industrial environment
2. Demonstrate skill in the use of manual machine tools including: lathes, mills, drilling machines, grinding machines, and inspection tools.
3. Demonstrate skilled use of Advanced Manufacturing tools such as: Computer aided Design, Computer aided Manufacturing, CNC Milling Centers, CNC Turning Centers, inspection and measurement tools.
4. Demonstrate knowledge of interpreting shop drawings and prints

Total units required for degree major: 30

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

MANUFACTURING TECHNOLOGY/MACHINING
(Certificate of Achievement)

Students who complete this program should be able to:
1. Demonstrate knowledge of proper working habits and safety practices in an industrial environment
2. Demonstrate skill in the use of manual machine tools including: lathes, mills, drilling machines, grinding machines, and inspection tools.
3. Demonstrate skilled use of Advanced Manufacturing tools such as: Computer aided Design, Computer aided Manufacturing, CNC Milling Centers, CNC Turning Centers, inspection and measurement tools.
4. Demonstrate knowledge of interpreting shop drawings and prints

Total units required: 27

MFGT 20 Principles of Machine Shop 3 units
36 lecture hours, 54 lab hours
Transferable to CSU

Basic set-up and operation of the Engine Lathe, Vertical Milling Machine, Drilling machines, Bandsaws and grinding machines. Emphasis will also focus on precision measurement. The course includes tooling selection for above machines. Introduction to computer numerical control is included. Safety in all aspects of machining. (LM)

Prerequisite: Satisfactory completion of: MFGT 20

MFGT 21 Intermediate Machine Shop 4 units
54 lecture hours, 54 lab hours
Transferable to CSU

Intermediate level machine shop, with focus on precision layout and safety practices, the set-up and operation of the vertical milling machine, the horizontal milling machine, and the engine lathe. Special emphasis on the concept of fits and development of skills acquired in MFGT 20 or equivalent. Students will produce a machined mechanical object using the machine shop.

MFGT 34 Computer Numerical Control 4 units
54 lecture hours, 54 lab hours
Transferable to CSU

Manual programming of computer numerically controlled machine tools and processes, using the standard g-code format. Programs will include linear interpolation, circular interpolation and helical interpolation. Canned cycles and macros are also used.
Programs and Courses

MFGT 35 Computer Aided Manufacturing 3 units
36 lecture hours, 54 lab hours
Prerequisite: Satisfactory completion of MFGT 34
Transferable to CSU
The use of a CAM (Computer Aided Manufacturing) software system to learn about Features, solids, geometry, and surfaces in the production of parts through the use of a CNC lathe and milling machine. (C)

MFGT 60 Problems in Manufacturing Technology 3 units
36 lecture hours, 54 lab hours
Analysis of special problems in manufacturing. Study in specialized areas of manufacturing technology with project goals and production paths determined in a team setting. Learning will be applied to problem solving and to product creation. (C)

MFGT 62 Advanced Machine Shop 3 units
36 lecture hours, 54 lab hours
This is an advanced course in machining, which encompasses tool and cutter grinding, part design using a turret lathe, and a tracing lathe. Concepts that will also be covered are aspects of surface grinding and EDM machining. (L,M)

Mass Communications

MASS COMMUNICATIONS (Associate in Arts)
Students who complete this program should be able to:
1. Demonstrate effective speaking, writing, and listening skills for communication in personal, public, and media areas.
2. Demonstrate the ability to observe events, gather information, write news reports and news releases, report on events, and edit other people’s writings.
3. Demonstrate the ability to understand the media critically and recognize how media shape and are shaped by politics, society, culture, economics, and daily lives.
4. Demonstrate the ability to recognize the power of persuasion and ethical responsibilities of communicators in communication at all levels.

MCOMM 2  Introduction to Electronic Media  
3 units

54 lecture hours  
Transferable to CSU/UC

This course introduces the history, structure, function, economics, content and evolution of radio, television, film, the Internet, and new media, including traditional and mature formats. The social, political, regulatory, ethical and occupational impact of the electronic media are also studied. (L)

MCOMM 4  Beginning TV Studio Production  
3 units

36 lecture hours, 54 lab hours  
Transferable to CSU

This course introduces theory, terminology and operation of a multi-camera television studio and control room. Topics include studio signal flow, directing, theory and operation of camera and audio equipment, switching operation, fundamentals of lighting, graphics, video control and video recording, and real-time video production. (L, C)

MCOMM 5  Beginning Motion Picture Production  
3 units

36 lecture hours, 54 lab hours  
Transferable to CSU/UC

This course provides an introduction to the theory, terminology, and process of motion picture production for film and television. Topics include basic cinematography including the operation, function and creative uses of production and post-production equipment, scriptwriting, camera operation, shot composition, lighting, sound recording and mixing, and editing. (L, C)

MCOMM 6  Beginning Audio Production  
3 units

36 lecture hours, 54 lab hours  
Transferable to CSU

This course serves as an introduction to the theory and practice of audio production for radio, television, film and digital recording applications. Students will learn the fundamentals of sound design and aesthetics, microphone use, and digital recording equipment. Students gain hands on experience recording, editing, mixing and mastering audio. Upon completion, students will have basic knowledge of applied audio concepts, production workflow, equipment functions, and audio editing software. (L, C)

MCOMM 8  Introduction to Media Writing  
3 units

54 lecture hours  
Prerequisite: Satisfactory completion of: ENGL 51 or ENGL 1A

Transferable to CSU

Basic introductory course in writing for the film and electronic media. Emphasis on preparing scripts in proper formats, including fundamental technical, conceptual and stylistic issues related to writing fiction and non-fiction scripts for informational and entertainment purposes. Includes a writing evaluation component as a significant part of the course requirement. (L, C)

MCOMM 14  Advanced Studio Video Production  
3 units

36 lecture hours, 54 lab hours  
Prerequisite: Satisfactory completion of: MCOMM 4

Transferable to CSU

Advanced technical operation and creative use of television studio equipment. Techniques of production, use of cameras, lighting, sound, titling, video recording, and video switching effects. (L)

MCOMM 15  Beginning Single Camera Production  
3 units

36 lecture hours, 54 lab hours  
Transferable to CSU

The course provides an introduction to the theory, terminology, and operation of single camera video production, including composition and editing techniques, camera operation, portable lighting, video recorder operation, audio control and basic editing. This course focuses on the aesthetics and fundamentals of scripting, producing, directing on location, postproduction, and exhibition/distribution. (L, C)

MCOMM 17  Television Remote Production  
3 units

36 lecture hours, 54 lab hours  
Transferable to CSU

Advanced creative use of electronic field video production while using multiple cameras to produce live or archived television events, such as, sporting events, theatrical and musical productions, and entertainment or informational programs. Much of class time is devoted to “on location” production. (L)
Programs and Courses

MCOMM 19  News Writing and Reporting  3 units
54 lecture hours
Prerequisite: Satisfactory completion of: ENGL 51
Transferable to CSU/UC
Recognizing, gathering, and writing the news in accepted journalistic style, learning to conduct personal interviews and cover speeches, meetings, and other events, understanding the legal and ethical issues related to reporting; emphasis on language and style, accuracy in news gathering, and research and organization of various types of stories. (L)

MCOMM 20A  News Media Production 1  3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: ENGL 51 or eligibility for ENGL 1A
Transferable to CSU
Weekly production of the Yuba College student online news source and quarterly production of the Yuba College student news magazine. Students will learn journalistic standards, media ethics, researching, reporting, writing, and copy editing for basic news stories, features, and opinion, as well as basic page layout and design for both print and online publications. (L)

MCOMM 20B  News Media Production 2  3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: MCOMM 20A or ENGL 20A
Transferable to CSU
Weekly production of the Yuba College student online news source and quarterly production of the Yuba College student news magazine. Students will learn journalistic standards, media ethics, researching, reporting, writing, and copy editing for specialized and in-depth news stories, features, and opinion; advanced page layout and design for both print and online publications, and editorial leadership. (L)

MCOMM 20C  News Media Production 3  3 units
27 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: MCOMM 20B or ENGL 20B
Transferable to CSU
Weekly production of the Yuba College student online news source and quarterly production of the Yuba College student news magazine. Students will learn journalistic standards, media ethics, researching, reporting, writing, and copy editing for investigative news stories, features, and related opinion; journalistic use of multimedia, and social media, and editorial leadership. (L)

MCOMM 40  Introduction to Online Learning  1 unit
18 lecture hours
Transferable to CSU
This course is designed to familiarize students with the online learning environment and prepare them to successfully complete an online course. Students will be introduced to the technology, the online environment, and managing an online course. Topics include hardware and software requirements, problem-solving online issues, using additional software to review or submit class assignments, effective online communication skills and strategies, online assessment tools, critical thinking in the online environment, ethical online behavior, and emerging learning technologies. Not open for credit to students with credit in EDUC 40. Grades are P/NP.

## Mathematics

**MATHEMATICS**

### (Associate in Science)

Students who complete this program should be able to:

1. Solve equations and inequalities
2. Perform operations on mathematical objects (e.g., numbers, expressions, functions, matrices)
3. Graph equations, functions, inequalities
4. Solve applied problems using mathematical or statistical methods
5. Prove identities and theorems
6. Apply definitions, notation and properties of mathematical concepts

Lisa A: Select one course (3 units) from the following:

- MATH 2 Ordinary Differential Equations OR
- PHYS 4A Mechanics OR
- COMSC 6 Basic Language Programming OR
- COMSC 7 Intro to Visual Basic Programming OR
- COMSC 9A C++ Programming

List B: Select one additional course (3-4 units) from the following or any course not selected on List A:

- MATH 2 Ordinary Differential Equations OR
- MATH 3 Linear Algebra OR
- PHYS 4A Mechanics OR
- COMSC 6 Basic Language Programming OR
- COMSC 7 Intro to Visual Basic Programming OR
- COMSC 9A C++ Programming

Total units required for degree major: 18-19

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

MATH 2    Ordinary Differential Equations    3 units
54 lecture hours  
Prerequisite: Satisfactory completion of: MATH 1B  
Transferable to CSU/UC  
C-ID MATH 240
The course is an introduction to ordinary differential equations including both quantitative and qualitative methods as well as applications from a variety of disciplines. Introduces the theoretical aspects of differential equations, including establishing when solution(s) exist, and techniques for obtaining solutions, including, series solutions, Laplace transforms and linear systems. (L,M)

MATH 3    Linear Algebra    3 units
54 lecture hours  
Prerequisite: Satisfactory completion of: MATH 1B  
Other: Recommended successful completion of MATH 1C  
Transferable to CSU/UC  
C-ID MATH 250
This course develops the techniques and theory needed to solve and classify systems of linear equations. Solution techniques include row operations, Gaussian elimination, and matrix algebra. Investigates the properties of vectors in two and three dimensions, leading to the notion of an abstract vector space. Vector space and matrix theory are presented including topics such as inner products, norms, orthogonality, eigenvalues, eigenspaces, and linear transformations. Selected applications of linear algebra are included. (L,M)

MATH 9    Calculus for Business, Social and Life Science    4 units
72 lecture hours  
Prerequisite: Satisfactory completion of: MATH 52 or MATH 52B or a satisfactory score on the mathematics placement test.  
Transferable to CSU/UC - UC Unit Limit  
C-ID MATH 140
Topics of calculus including differentiation, integration, graphs, limits, and rates. Applications from economics, business, life science, and behavioral science. Not open for credit to students with credit in MATH 1A. (L,M)

MATH 10    Liberal Arts Mathematics    3 units
54 lecture hours  
Prerequisite: Satisfactory completion of: MATH 52 or a satisfactory score on the mathematics placement test.  
Transferable to CSU/UC  
C-ID MATH 851
Designed for students who plan to become elementary school teachers. Problem-solving, probability and statistics, measurement and the metric system, and geometry. Essays on topics of current interest to the teaching profession, class presentations, and a study of techniques and materials used in today's elementary school classroom may also be included. (L,M)

MATH 15    Concepts and Structures of Mathematics    3 units
54 lecture hours  
Prerequisite: Satisfactory completion of: MATH 52 or MATH 52A and MATH 52B or a satisfactory score on the mathematics placement test.  
Transferable to CSU/UC - UC Unit Limit  
C-ID MATH 120
This course focuses on the development of quantitative reasoning skills through in-depth, integrated explorations of topics in mathematics, including real number systems and subsystems. Emphasis is on comprehension and analysis of mathematical concepts and applications of logical reasoning. (L)

MATH 16    Concepts and Structures of Mathematics    3 units
54 lecture hours  
Prerequisite: Satisfactory completion of: MATH 51 and MATH 52  
Transferable to CSU/UC - UC Unit Limit
Designed for students who plan to become elementary school teachers. Problem-solving, probability and statistics, measurement and the metric system, and geometry. Essays on topics of current interest to the teaching profession, class presentations, and a study of techniques and materials used in today's elementary school classroom may also be included. (L,M)

MATH 20    College Algebra    4 units
72 lecture hours  
Prerequisite: Satisfactory completion of: MATH 52 or MATH 52B or a satisfactory score on the mathematics placement test.  
Transferable to CSU/UC  
C-ID MATH 151
College level course in algebra for majors in science, technology, engineering, and mathematics. Topics include polynomial, rational, radical, exponential, absolute value, and logarithmic functions, systems of equations, theory of polynomial equations, and analytic geometry. (L,M)

MATH 21    Plane Trigonometry    3 units
54 lecture hours  
Prerequisite: Satisfactory completion of: MATH 52 or MATH 52B or a satisfactory score on the mathematics placement test.  
Transferable to CSU  
C-ID MATH 851
The study of trigonometric functions, their inverses and their graphs, identities and proofs related to trigonometric expressions, trigonometric equations, solving right triangles, solving triangles using the Law of Cosines and the Law of Sines, polar coordinates, and introduction to vectors. (L,M)

Programs and Courses

MATH 101A   Elementary Algebra  3 units
First Half

54 lecture hours
Prerequisite: Satisfactory completion of: MATH 111 or qualifying score on the mathematics placement test.
Together with Math 101B, to prepare students to take Intermediate Algebra. Topics include: real numbers; algebraic expressions; linear equations and systems of linear equations (graphical); linear inequalities in one variable (simple); graphs and equations of lines in the Cartesian plane; introduction to functions and their graphs; application problems. Designed for a variety of students, especially those who are math anxious or require a slower-paced, year-long version of Math 101. Math 101A and Math 101B must both be completed successfully to be equivalent to Math 101 as a prerequisite to meet degree requirements. Grades are P/NP option.

MATH 101B   Elementary Algebra  3 units
Second Half

54 lecture hours
Prerequisite: Satisfactory completion of: MATH 101A
Together with Math 101A, to prepare students to take Intermediate Algebra. Topics include: real numbers; algebraic expressions; systems of linear equations (algebraic); linear inequalities in one and two variables (compound, system); scientific notation; absolute value function and equations; application problems. Designed for a variety of students, especially those who are math anxious or require a slower-paced, year-long version of Math 101. Math 101A and 101B, if taken sequentially, can substitute for Math 101 as a prerequisite to meet degree requirements. Grades are P/NP option. (L)

MATH 111   Prealgebra  4 units

72 lecture hours
Prepares students to take Elementary Algebra. Topics include: real numbers; algebraic expressions; linear equations; basic facts from geometry, including perimeter, area, and the Pythagorean theorem; ratio, proportion, and percent; conversion of units of measure; application problems. Grades are P/NP option. (L)

MUSIC (Associate in Arts for Transfer)
Students who complete this program should be able to:
1. Analyze a short musical work by applying intermediate-level music theory.
2. Demonstrate basic musicianship skills in sight-reading, melodic, and harmonic dictation.
3. Publicly perform selected solo and ensemble repertoire, appropriate for college sophomores, in their major instrument or voice with technical facility and artistry.

Select one from the following and take it for 4 semesters:
- MUSIC 30AR Applied Skills: Woodwinds OR
- MUSIC 30BR Applied Skills: Brass OR
- MUSIC 30CR Applied Skills: Composition OR
- MUSIC 30DR Applied Skills: Percussion OR
- MUSIC 30ER Applied Skills: Strings OR
- MUSIC 30GR Applied Skills: Guitar OR
- MUSIC 31R Applied Skills: Piano OR
- MUSIC 32R Applied Skills: Voice

Ensemble Requirements:
Brass, Percussion and Woodwind majors shall select Symphonic or Jazz Band. Voice majors shall select choral ensembles. Composition major shall select a combination of instrumental and choral ensembles. Piano, Classical Guitar and String majors shall select appropriate ensembles after consultation with Music Department Faculty. Music majors at CSU are usually required to enroll in a major ensemble every semester of the 4-year program. In order to gain the similar level of experience, students are recommended to repeat the course as the credit units would allow, and continue to enroll in the 500-level noncredit equivalent courses after that for the total of 4 semesters.
MUSIC 28R Community Jazz Ensemble OR MUSIC 33R Chamber Singers OR MUSIC 34R Concert Choir OR MUSIC 43R Symphonic Band OR MUSIC 44R Instrumental Chamber Ensemble OR MUSIC 54R Community Chorus

Total units required for degree major: 21-23

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with “C” or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

MUSIC (Associate in Arts)

Students who complete this program should be able to:
1. Analyze a short musical work by applying intermediate-level music theory.
2. Demonstrate basic musicianship skills in sight-reading, melodic, and harmonic dictation.
3. Publicly perform selected solo and ensemble repertoire, appropriate for college sophomores, in their major instrument or voice with technical facility and artistry.

Required Courses | Units
--- | ---
MUSIC 1A Elementary Harmony | 3 units
MUSIC 1B Elementary Harmony | 3 units
MUSIC 1C Elementary Theory Skills | 1 unit
MUSIC 1D Elementary Theory Skills | 1 unit
MUSIC 2A Advanced Harmony | 3 units
MUSIC 2B Advanced Harmony | 3 units
MUSIC 2C Advanced Theory Skills | 1 unit
MUSIC 2D Advanced Theory Skills | 1 unit
MUSIC 8A Music History | 3 units
MUSIC 8B Music History | 3 units

Total units required for degree major: 22

Students earning an AA/AS degree must complete a minimum of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

MUSIC 1A Elementary Harmony 3 units

54 lecture hours
Corequisite: Concurrent enrollment or satisfactory completion of: MUSIC 1C
Transferable to CSU/UC
C-ID MUS 120

Review of music fundamentals through composition and analysis. Emphasis on principle triads; part-writing procedures and analysis, incorporating the following concepts: rhythm and meter; basic properties of sound; intervals; diatonic scales and triads; diatonic chords, basic cadential formulas and phrase structure; dominant seventh chords; figured bass symbols; and non-harmonic tones. Development of skills in handwritten notation is expected. Required of all music majors and minors. (L)

MUSIC 1B Elementary Harmony 3 units

54 lecture hours
Prerequisite: Satisfactory completion of: MUSIC 1A
Corequisite: Concurrent enrollment or satisfactory completion of: MUSIC 1D
Transferable to CSU/UC
C-ID MUS 130

Continuation of concepts from MUSIC 1A. Study of diatonic harmony with an introduction to secondary dominants and elementary modulation, two-part counterpoint, voice leading involving SATB chorale writing, diatonic harmony and an introduction to secondary chords and modulation. Exercises in part-writing, figured-bass, analysis, and melody harmonization. Required of all music majors and minors. (L)

MUSIC 1C Theory Skills 1 unit

9 lecture hours, 27 lab hours
Corequisite: Concurrent enrollment or satisfactory completion of: MUSIC 1A
Transferable to CSU/UC
C-ID MUS 125

Exercises in applying theoretical concepts to the voice and keyboard developing the rhythmic, melodic, and harmonic elements of beginning theory. Emphasis on ear-training employing exercises in rhythmic reading and dictation, sight-singing, analysis, and melodic dictation. Required of all music majors and minors.

MUSIC 1D Theory Skills 1 unit

9 lecture hours, 27 lab hours
Prerequisite: Satisfactory completion of: MUSIC 1C
Corequisite: Concurrent enrollment or satisfactory completion of: MUSIC 1B or MUSIC 2A or MUSIC 2B
Transferable to CSU/UC
C-ID MUS 135

Continuation of MUSIC 1C. Exercises in applying theoretical concepts. Emphasis on ear-training; programmed exercises in rhythmic reading; dictation of rhythmic, melodic, harmonic materials; sight-singing; analysis; and dictation. Required of all music majors and minors.

|          | Transferable to CSU/UC       |
|          | Continuation of MUSIC 2A. Includes chromatic linear techniques of the common practice period, late 19th century, and 20th century techniques studied through analysis and written exercises, including borrowed chords, modal mixture, the chromatic third relationship, Neapolitan and augmented-sixth chords, 9th 11th, and 13th chords, altered chords and dominants, as well as an introduction to 20th century techniques, including impressionism, tone rows, set theory, pandiatonicism and polytonality in rhythm and meter. Required of all music majors. (L) |
| MUSIC 2C | Advanced Theory Skills       | 1     | 9        | 27     |
|          | Prerequisite: Satisfactory completion of: MUSIC 1D
|          | Corequisite: Concurrent enrollment or satisfactory completion of: MUSIC 2A or MUSIC 2B
|          | Transferable to CSU/UC       |
|          | Continuation of MUSIC 1D. Exercises in continuing to apply theoretical concepts to develop rhythm, melody and harmonic materials through ear-training--employing programmed exercises in rhythmic reading and dictation of rhythmic, melodic, and harmonic materials--and sight-singing, analysis, and melodic and harmonic dictation. Required of all music majors. (L) |
| MUSIC 2D | Theory Skills                | 1     | 9        | 27     |
|          | Prerequisite: Satisfactory completion of: MUSIC 2C
|          | Transferable to CSU/UC       |
|          | Continuation of Music 2C. Exercises in applying theoretical concepts to singing and dictation. Emphasis on ear-training employing programmed exercises in rhythmic reading, dictation of rhythmic, melodic, harmonic materials, and sight-singing as well as ear training, analysis and dictation at an advanced level. Required of all music majors. |
| MUSIC 3  | Music Appreciation           | 3     | 54       |        |
|          | Transferable to CSU/UC       |
|          | Study of art music in relation to the humanities; music and composers of the western world from the medieval to the contemporary period. Grades are P/NP option. (L) |
| MUSIC 8A | Music History I              | 3     | 54       |        |
|          | Transferable to CSU/UC       |
|          | A chronological survey of Western Art Music with special emphasis on style development, genres, composers, and important works. Covers the period from antiquity to the early Baroque. Intended for the music major. The ability to read music notation is essential. Extensive listening to recorded examples is required. (L) |
| MUSIC 8B | Music History II             | 3     | 54       |        |
|          | Transferable to CSU/UC       |
|          | A chronological survey of Western Art Music with special emphasis on style, genres, composers, and important works. Covers the period from early Baroque to the present day. Intended for the music major. The ability to read music notation is essential. Extensive listening to recorded examples is required. (L) |
| MUSIC 12 | Jazz Appreciation            | 3     | 54       |        |
|          | Transferable to CSU/UC       |
|          | General survey of jazz from its original and early development to present day; extensive listening to recorded and live performance supports the lecture material. Not open for credit to students with credit in HUMAN 12. |

---

C, L, M Advisories: **Computer Literacy:** recommended basic computer skills.

**Language:** recommended eligibility for English 1A.

**Mathematics:** recommended eligibility for Math 52.

MUSIC 42B  Intermediate Piano II  1 unit
9 lecture hours, 27 lab hours
Prerequisite: MUSIC 42A
Transferable to CSU
Group piano class for students with at least one year of concentrated piano study. Emphasis on technique, repertoire, and sight reading skills. (L)

MUSIC 43R  Symphonic Band  2 units
18 lecture hours, 54 lab hours
Prerequisite: Audition Required. (Students may enroll in the course before the audition, but may be dropped based on the audition result).
Transferable to CSU/UC
C-ID MUS 180
This course is for the study, rehearsal and public performance of symphonic band literature, with an emphasis on the development of skills needed to perform with an ensemble. Different literature will be studied each semester. The course is repeatable for credit the maximum times allowable by regulation. (Repeatable: three times.) Grades are P/NP option.

MUSIC 44R  Instrumental Chamber Ensemble  2 units
18 lecture hours, 54 lab hours
Other: Ability to read music.
Transferable to CSU/UC
Study and performance of chamber music utilizing brass, percussion, string or woodwind instruments in small group ensembles.

APPLIED MUSIC SKILLS:

Family of Classes
(No more than four classes can be attempted within each family of classes listed below. See page 50 for details.)
MUSIC 40A—Elementary Voice
MUSIC 40B—Elementary Voice
MUSIC 40C—Intermediate Voice
MUSIC 40D—Intermediate Voice

C, L, M Advisories: Computer Literacy: recommended basic computer skills.
Language: recommended eligibility for English 1A.
Mathematics: recommended eligibility for Math 52.
Non-Credit Classes

EMT 510  Health Care Provider CPR
54 lab hours
The American Heart Association’s new basic life support course includes science and education from the 2015 Guidelines Update for CPR and ECC. This course teaches both single-rescuer and team basic life support skills for application in both prehospital and in-facility environments, with a focus on high-quality CPR and team dynamics.

ESL 512  Low-Beginning Listening and Pronunciation
54 lab hours
Prerequisite: Or by Placement exam
Listening and pronunciation for beginners. Emphasis on increased listening and comprehension and oral fluency of simple spoken English in common daily personal communication. Novice vocabulary and structures. Concurrent enrollment in ESL 213/513, 214/514, and 215/515 is highly recommended.

ESL 514  English Conversation, Level 1
28-36 lecture hours
The first course in conversation for low-beginning ESL students. Develops basic listening and speaking skills using everyday conversation in small groups and one-on-one. Emphasis on listening comprehension, pronunciation, intonation, and role-playing simulations. Students will develop basic English vocabulary and grammar necessary for successful communication. Topics include personal and family information, daily activities, and other subjects of general interest. Concurrent enrollment in ESL 212/512, 213/513, 215/515, and 226L/526LR is highly recommended.

ESL 515  Integrated Skills, Level 1
90 lab hours
Prerequisite: Placement exam
Language development for low-beginning, limited English speakers. Concentration on all language skills—reading, writing, listening, speaking, and grammar. This is the first course in a series of six. Prepares students for ESL 225/525 and other level two ESL courses.

ESL 516A  Academic Reading and Writing for ESL 1
64-72 lab hours
Prerequisite: Satisfactory completion of: ESL 268 or ESL 568 or ESL 265 or ESL 565 or by placement exam
This course emphasizes the development of basic reading and writing skills including active reading and writing processes, vocabulary development, grammar and mechanics, simple and compound sentences, paragraph development, summary-response compositions, and small group and whole class work to strengthen basic reading and writing skills. Concurrent enrollment in 40A, 40B, and/or 40C recommended.

ESL 516B  Academic Reading and Writing for ESL 2
64-72 lab hours
Prerequisite: Satisfactory completion of: ESL 116A or ESL 516A or by placement exam
This course emphasizes the development of reading and writing skills including varied sentence types, use of phrases and clauses, grammar and mechanics, paragraphs, summary-response, short essays, the writing process, and small group and whole class work to strengthen basic reading skills, make inferences and read critically. Concurrent enrollment in 40A, 40B, and/or 40C recommended.

ESL 522  Beginning Listening and Pronunciation
54 lab hours
Prerequisite: Satisfactory completion in: ESL 212 or by placement exam.
This course covers listening and pronunciation for beginners. Emphasis will be placed on increasing listening comprehension and oral fluency of simple spoken English in common daily personal and academic communication. Concurrent enrollment in ESL 223/523, 224/524, 225/525, and 226L/526LR is highly recommended.

ESL 524  English Conversation, Level 2
28-36 lecture hours
Prerequisite: Satisfactory completion of: ESL 214 or ESL 514LR or by placement exam.
The second course in conversation for low-beginning ESL students. Builds on basic listening and speaking skills using everyday conversation in small groups and one-on-one. Emphasis on listening comprehension, pronunciation, intonation, and role-playing simulations. Students will further develop English vocabulary and grammar necessary for successful communication. Topics include comparison of students’ and American cultures, geographic directions, clarification techniques, and other subjects of interest. Concurrent enrollment in ESL 225/525, 222/522, 223/523, and 226L/526LR is highly recommended.

ESL 525  Integrated ESL Skills, Level 2
90 lab hours
Prerequisite: Satisfactory completion of: ESL 215 or ESL 515 or by placement exam.
Language development for beginning, limited English speakers. Concentration on all language skills: reading, writing, listening, speaking, and grammar. This is the second course in a series of six. Prepares students for ESL 235/535 and other level three ESL courses.

ESL 526L  English As a Second Language, Lab 1
36-54 lab hours
Supplements English as a Second Language Levels 1 through 3 courses by providing additional academic support, practice, and exercises in grammar, reading, writing, vocabulary, listening comprehension, pronunciation, speaking and conversation. Students receive individualized and group instruction under supervision as needed.

#### ESL 533: High-Beginning Grammar
- **48-54 lecture hours**
- **Conditions of Enrollment:** By placement exam or completion of ESL 225 or ESL 525.
- This high-beginning grammar for ESL students introduces students to the English language with an emphasis on simple sentences and basic vocabulary. It is designed for students with limited proficiency in English.

#### ESL 540A: Low-Advanced Grammar
- **48-54 lab hours**
- **Prerequisite:** ESL 263 or ESL 563 or by placement exam.
- This course is designed for students with low-advanced proficiency in English. It focuses on grammar, reading, listening, speaking, and writing skills.

#### ESL 535: Integrated ESL Skills, Level 3
- **80-90 lab hours**
- **Prerequisite:** ESL 225 or ESL 525 or by placement exam.
- This course integrates listening, speaking, reading, and writing skills for ESL students. It prepares students for ESL 245 and ESL Level 4 courses.

#### ESL 543: Low-Intermediate Grammar
- **48-54 lecture hours**
- **Prerequisite:** Satisfactory completion of ESL 233 or ESL 533 or by placement exam.
- This course targets low-advanced students and focuses on grammar, reading, listening, speaking, and writing skills.

#### ESL 545: Integrated Skills, Level 4
- **80-90 lab hours**
- **Prerequisite:** ESL 235 or ESL 535 or by placement exam.
- This course integrates all four language skills for ESL students.

#### ESL 546LR: English As a Second Language, Lab 2
- **37-54 lab hours**
- **Prerequisite:** ESL 235 or ESL 535 or by placement exam.
- This lab course supplements English as a Second Language levels 4 through 6.

#### ESL 549COM: Computer Skills for ESL Students
- **54 lab hours**
- **Prerequisite:** ESL 235 or ESL 535 or by placement exam.
- This course provides ESL students with basic computer skills.

#### ESL 553: Intermediate Grammar
- **48-54 lecture hours**
- **Prerequisite:** ESL 243 or ESL 543 or by placement exam.
- Intermediate grammar for ESL students. This course introduces students to writing paragraphs containing compound and complex sentences.

---

**C. L. M Advisories:** Computer Literacy: recommended basic computer skills. Language: recommended eligibility for English 1A. Mathematics: recommended eligibility for Math 52.

---

**Yuba College**
ESL 555  Integrated ESL Skills, Level 5  
80-90 lab hours  
Prerequisite: Satisfactory completion of: ESL 245 or ESL 545 or by placement exam.  
Language development for intermediate limited English speakers. Concentration on all language skills – reading, writing, speaking, listening, and grammar. This non-credit course is the fifth in a series of six non-credit integrated skill courses (515, 525, 535, 545, 555, and 565) leading to a certificate of completion in English at the high-intermediate level.

ESL 558  Intermediate Writing  
72 lab hours  
Prerequisite: Satisfactory completion of: ESL 245 or ESL 545 or by placement exam.  
Writing for intermediate ESL. Develops ability to write more detailed paragraphs using simple and compound sentences in varied verb tenses with proper grammar and mechanics. Concurrent enrollment in ESL 253/553 and 255/555 highly recommended.

ESL 559  English for Employment  
48-54 lab hours  
Prerequisite: Or by placement exam.  
Prepares students for vocational training and/or employment. Includes vocabulary for the world of work and skill development for job search, application and job retention. Intended for non-native English speakers with at least intermediate English proficiency. Concurrent enrollment in ESL 252, 253, 257, 258, and/or 255 and above is highly recommended. (C,L)

ESL 559MAT The Language of Mathematics for ESL Students  
80 lab hours  
Prerequisite: Satisfactory completion of: ESL 233 or ESL 235 or by placement exam.  
This course develops the English speaking abilities of non-native English speakers specifically in regards to the language and vocabulary of mathematics as it is used in the American educational system. Students will learn to read, write, and verbally express mathematical words, numbers, and notations.

ESL 563  High-Intermediate Grammar  
48-54 lecture hours  
Prerequisite: Satisfactory completion of: ESL 253 or ESL 555 or by placement exam.  
High-Intermediate grammar for ESL students. This course introduces students to reading and writing short paragraphs and/or compositions containing compound and complex sentences in present, past, present perfect, and future tenses. Concurrent enrollment in ESL 265/565 or 268/568 is highly recommended.

ESL 565  Integrated ESL Skills, Level 6  
90 lecture hours  
Prerequisite: Satisfactory completion of: ESL 255 or ESL 555 or by placement exam.  
Language development for high-intermediate limited English speakers. Concentration on all language skills – reading, writing, speaking, listening, and grammar. This non-credit course is the fifth in a series of six non-credit integrated skill courses (515, 525, 535, 545, 555, and 565) leading to a certificate of completion in English at the high-intermediate level.

ESL 568  High-Intermediate Writing  
Prerequisite: Satisfactory completion of: ESL 258 or ESL 558 or ESL 255 or ESL 555. Or by placement exam.  
Writing for high-intermediate ESL students. Further develops ability to write longer, correctly formatted paragraphs and short compositions with simple, compound, and complex sentences using proper grammar, spelling and verb tenses. Concurrent enrollment in ESL 263/563 and 265/565 is highly recommended.

FIRTC 590  Firefighter Physical Ability  
1 lecture hours, 3 lab hours  
Measures the student’s ability to perform firefighting job tasks. Instruction on proper methods used for each of the tasks. Evaluation scores may be used by local fire departments for pre-hire testing.

LEARN 515  Academic Strategies  
36 lecture hours  
Designed especially for students with disabilities and others who have difficulty learning by traditional methods. Opportunity provided for self-analysis, acquisition, and application of learning strategies through a hands-on approach with guided practice. Strategies include: time management, organization, memory, listening, note taking, textbook reading, and test preparation. Emphasis on self-advocacy and use of appropriate accommodations including assistive technology. Recommendation: Basic reading/writing skills, familiarity with computers, and a readiness for college participation.

LEARN 518  Workforce Reading and Writing Skills  
36 lecture hours, 54 lab hours  
Designed for students with disabilities, learning differences, and/or a history of difficulty developing reading/writing skills. Review of basic skills in written language in preparation for entering the workforce. Emphasis on building competency in reading comprehension and writing proficiency typically needed for success in vocational and/or entry level employment. May incorporate use of assistive computer technology. Recommendation: Basic reading/writing skills, familiarity with computers, and a readiness for college participation.

LEARN 520  Basic Subjects  
- Inactivation in Spring 2020 -  
1-162 lab hours  
A general review of basic concepts of reading, writing, and arithmetic.

LEARN 551  Academic Evaluation  
18 lecture hours  
Designed for students who wish to better understand their individual spectrum of learning aptitudes including current achievement levels. Eligibility for academic accommodations may be considered based on testing information using step-by-step guidelines mandated by the California Community College system.
LEARN 555  Beginning Assistive Computer Technology  
18 lecture hours, 54 lab hours  
Designed for students with disabilities who have limited computer experience. Focus is on use of keyboard/mouse, personal data storage, basic MS Word, use of MyCampus Portal and Canvas, internet use, educational websites, and software for independent learning. Incorporates an overview of currently available assistive computer technology used to meet the educational needs of students with physical, learning, and cognitive impairments. Course is open entry/open exit.

LEARN 556  Intermed Assistive Computer Technology  
18 lecture hours, 54 lab hours  
Designed for students with disabilities in need of assistive computer technology to ensure equal access to college materials and improved efficiency on academic tasks. Prepares student for independent use of current technologies available in college computer labs, modern work environments, and personally adapted home computer systems. Recommendation basic reading/writing skills and familiarity with computers. Course is open entry/open exit.

LEARN 575  Workforce Mathematics  
36 lecture hours, 54 lab hours  
Designed for students with learning differences and a history of difficulty in mathematics. Review of basic math skills in preparation for the workforce and/or career technical education. Emphasis on math calculations and situational word problems encountered in vocational employment. Recommendation: Basic reading/writing skills, familiarity with computers, and a readiness for college participation.

LEARN 590  Supervised Tutoring  
1-162 lab hours  
Individualized and group assistance in specific courses.

LEARN 590A  Supervised Tutoring for College Success Center  
1-162 lab hours  
Individualized and group assistance in specific courses.

LEARN 590B  Supervised Tutoring in Writing  
1-162 lab hours  
Individualized and small group assistance for reading and writing in courses across the curriculum.

MUSIC 540  Vocal Techniques  
Conditions of Enrollment: Audition is required to determine the technical level of the student.
6-9 lecture hours, 20-27 lab hours  
Instruction in vocal techniques, tone production, breathing, and diction, and their application to the art song and musical theatre repertoires, appropriate to student age and abilities. This is a noncredit course primarily but not exclusively intended for older adults as part of a life-long education providing opportunities for personal growth and development, community involvement, and skills for mental and physical well-being through creative expression of music making.

MUSIC 543  Symphonic Band  
Conditions of Enrollment: Audition Required (This is a public performance course, where student may be dropped based on the audition result if allocating available seats to students who have been judged most qualified was necessary, pursuant to Title 5, Section 58106.)  
15-18 lecture hours, 50-54 lab hours  
This course is for the study, rehearsal, and public performance of symphonic band literature, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. This is a non-credit course primarily but not exclusively intended for older adults as part of a lifelong education, providing opportunities for personal growth and development, community involvement, and skills for mental and physical well-being through creative expression of music making.

MUSIC 554  Community Chorus  
9 lecture hours, 27 lab hours  
Study, rehearsal and performance of the standard choral literature, including oratorio, cantata, opera and extended choral works. Open to all students and members of the community.

MUSIC 558  Community Jazz Ensemble  
9 lecture hours, 27 lab hours  
This course is for the study, rehearsal, and public performance of jazz ensemble literature, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. This is a non-credit course primarily but not exclusively intended for older adults as part of a lifelong education, providing opportunities for personal growth and development, community involvement, and skills for mental and physical well-being through creative expression of music making.

STAT 500  Algebra Support for Elementary Statistics  
Conditions of Enrollment: Concurrent enrollment or satisfactory completion of: STAT 1  
36 lecture hours  
A review of prerequisite skills, competencies, and concepts needed in statistics. Intended for students who are concurrently enrolled in STAT 1 Introduction to Statistical Methods, at Yuba College. Topics include concepts from elementary and intermediate algebra that are needed to understand the basics of college-level statistics. Concepts are taught in the context of statistical analysis.

THART 526  Musical Theater Workshop  
162 lab hours  
Other: Audition  
This course is designed to enrich the artistic expression and life quality of older adults through musical theatre. This course provides an opportunity for personal growth and development, group interaction, mental stimulation and physical activity through supervised participation in a college musical theatre production. Physical, mental, social and emotional well-being are stimulated through a variety of creative and expressive musical theatre activities related to rehearsal and live performance including singing, dancing, musical performance, acting, directing, design, and stagecraft. Performing roles require an audition or interview.
THART 529  College Theatre
54-162 lab hours

Other: Audition; In order to be fully successful in this course, students should already possess some knowledge of theatre performance and production.

This course is designed to enrich the artistic expression and life quality of older adults through theatre. This course provides an opportunity for personal growth and development, group interaction, mental stimulation and physical activity through supervised participation in a college theatre production. Physical, mental, social and emotional well-being are stimulated through a variety of creative and expressive theatre activities related to rehearsal and live performance including acting, directing, design, and stagecraft. Acting roles require an audition or interview.
Nursing

Nursing is a blend of science, technology, and compassion that allows the practitioner to provide health care in a variety of settings. It is an applied science based upon principles from the biological, physical, and behavioral sciences, as they relate to the diagnosis and treatment of human responses to actual and potential health problems. It includes caring for the sick, prevention of disease, and helping people return to and maintain health. Examples of practice settings include acute care hospitals, extended care facilities, home health care, clinics, offices, schools, military service, occupational settings, and more.

General Information: The Nursing Department Curriculum is currently under revision. We are incrementally transitioning into new courses and curriculum. All students are advised to check the Yuba College Website for nursing (http://nursing.yccd.edu/) often for new information relative to application and admission. We recommend making an appointment with a Yuba College Counselor to insure successful admission and progression information about Nursing. Nursing is a blend of science, technology, and compassion that allows the practitioner to provide health care in a wide variety of settings. It includes caring for the sick, helping people return to and maintain health, and prevention of disease. Examples of practice settings include acute care hospitals, extended care facilities, home health care, clinics, offices, schools, military service, occupational settings, and more. Yuba College offers an

Associate Degree Nursing program leading to licensure as an RN. A career ladder program for LVN’s wishing to advance to the RN level is also available. California is currently experiencing a nursing shortage, which is predicted to continue well into the twenty-first century. As a result, graduates, after passing the National Council of State Boards of Nursing Licensing Examination, are likely to have a variety of employment opportunities. Yuba College Nursing Programs offer clinical experiences in a variety of health care settings including: acute care hospitals, extended care facilities, offices, and clinics. Most lectures are broadcast via interactive TV from Yuba College in Marysville and Woodland Community College. Skill labs, in Marysville and Woodland, are staffed with faculty to provide additional support to students. Media, including videotapes and computer assisted instructional programs, simulation, resource books, and professional journals are available at all three campuses.

Pre-admission Testing: Prior to admission, all applicants are required to complete a pre-admission assessment exam (TEAS). Applicants who score below 70% will be required to re-admit and re-test. Recommended remediation is available and information will be provided to students following the exam. Notification of testing dates and location will be provided several months prior to scheduled program acceptance. Pre-admission testing is required for all students including those entering the LVN to RN Career Ladder program.

Costs: In addition to the expenses of regularly enrolled students (living costs, activity fees, books, tuition, etc.), Nursing students have the additional expenses of uniforms, licensing, health examination, drug testing, criminal background check, and others expenses. Nursing students are eligible for grants and loans available to any Yuba College student meeting the financial aid criteria. Upon completion of the Program, the graduate, unless otherwise disqualified by the licensing board, is eligible to take the National Council of State Boards of Nursing Licensing Examination.

Criminal Background: All clinical agencies used in the nursing programs require criminal background screening. Applicants who are found to have certain violations that preclude clinical placement will have the offer of admission rescinded. Costs associated with the background screening is the responsibility of the applicant.

Drug Screening: All students enrolled in nursing and allied health programs are subject to the department drug policy and procedure which can be found in the Student Handbook located on the Nursing Website. Violation of this policy and procedure may result in denial of admission or dismissal from the program.

C, L, M Advisories: Computer Literacy: recommended basic computer skills.
Language: recommended eligibility for English 1A. Mathematics: recommended eligibility for Math 52.
NURSING (ADN) (Associate in Science)

ADN Admission Requirements:

COSTS. In addition to the expenses of regularly enrolled students (living

NURS 4B Leadership in Nursing………………………..3
NURS 33 Psychiatric/Mental Health Nursing……………4
Total units required for degree major ……………………38.5

NOTE: To progress through the Associate Degree in Nursing Program,
all courses must be passed with a “C” (75%) or better.

Students earning an AA/AS degree must complete a minimum of 18 units of
General Education requirements, the multicultural graduation requirement, and
the health requirement, in addition to the program units listed here. Students must
complete a total of 60 degree applicable units to earn an AA or AS. Please see
your counselor for additional information.

LICENSED VOCATIONAL NURSING (LVN)
TO REGISTERED NURSING (RN)
CAREER MOBILITY PROGRAM

This degree is designed for the California Licensed Vocational Nurse (LVN) who is admitted for advanced
placement into the Registered Nursing (Associate Degree) Program. The graduate of the Associate Degree Nursing
program demonstrates entry-level competencies and meets the educational requirements necessary to take the National
Council Licensure Examination (NCLEX-RN) to become licensed as a Registered Nurse and eligible for employment.

Enrollment Eligibility:

To be eligible for enrollment in the program, the student
must meet the following criteria:

a. The program uses a multi-criteria enrollment process
based on the California Community College Chancellor’s
Office admission formula to evaluate and admit applicants.
See our website nursing.yccd.edu/ for more details. Stu-
dents must reapply each semester. There is no waiting list.

b. Current California Vocational Nurse License. Re-
cent V.N. graduates must submit proof of licensure prior
to completing application.

c. Graduation from an accredited vocational school
of nursing or demonstrated mastery of course content by
Challenge Examination.

d. Have a Certification of completion for Intravenous
Therapy.

e. Successful completion of the following courses with
an average GPA in these courses of 2.5 or higher:

1. BIOL 4 Human Anatomy, BIOL 5 Human Physi-
ology, BIOL 6 Introductory Microbiology and

f. Completion of the following individual courses with
a grade of “C” or higher:

1. BIOL 4 Human Anatomy, BIOL 5 Human Physi-
ology, BIOL 6 Introductory Microbiology, NURS 36
Pathophysiology,

2. SPECH 1 Public Speaking or SPECH 6 Small
Group Communications,

3. SOCIL 1 Introduction to Sociology or SOCIL 2
Social Problems or SOCIL 5 Sociology of Race and
Ethnicity or ANTHR 2 Cultural Anthropology

4. Completion of ENGL 1A College Composition and
Reading with a B or higher

5. Completion of NURS 37 LVN to RN Bridge Course
with “C” or higher

2019-2020 Catalog 181
Programs and Courses

i. Achieve a score of >62% on the latest Test of Essential Academic Skills (TEAS), developed by Assessment Technologies Institute (ATI).

j. Completion of the Humanities Graduation Requirement

Enrollment Process:

Eligible students are selected for the program according to the following steps:

1. Meet all eligibility requirements and apply to the program. Visit the nursing website nursing.yccd.edu/ for more information.
2. Obtain, complete, and submit an application in our Nursing Office at Yuba College campus in Marysville.
3. Applicants will be admitted on a space-available basis. Admitted students must complete a Yuba College application and complete the college entry requirements.

Students who complete this program should be able to:

1. Communicate and collaborate with interdisciplinary healthcare partners in providing care to a diverse population of patients and families.
2. Demonstrate problem solving skills while utilizing resources to apply best practices to deliver safe and effective care.
3. Demonstrate understanding of and apply evidence based practice in rendering ethical, competent and culturally sensitive care across the lifespan to all patients.

Option 2: LVN to RN Only (30-Unit Option)

Meets California State Regulation 1429, and those completing this track are eligible to apply for the National Council of State Boards of Nursing Licensing Examination in preparation for licensure as a Registered Nurse. This is a non-degree option. States other than California may not grant Registered Nurse (RN) licensure based on completion of this option. Career laddering to a higher level such as Bachelor of Science in Nursing may be limited by this option as well. It is recommended the applicant call the Nursing Department for more information. Students who qualify will be admitted each semester on a space available basis.

Admission Criteria:

A. All applications are obtained and filed with the Nursing Office at the Yuba College main campus in Marysville. Applicants will be admitted on a space available basis in a multi-criteria screening process and by date of receipt of completed application packet. Contact the Nursing Office for admission procedures, information.

B. Eligibility. Minimum qualifications for admission to this track are:

1. Current California Vocational Nurse License. Recent V.N. graduates must submit proof of licensure prior to completing application.
2. Graduation from an accredited vocational school of nursing or demonstrated mastery of course content by Challenge Examination.
3. IV Certified
4. Completion of the following courses with an overall averaged GPA of 2.5 or higher in the following courses:
   - BIOL 5 Human Physiology, BIOL 6 Introductory Microbiology; NURS 36 Pathophysiology

5. Completion of the following individual courses with a “C” or higher: BIOL 5 Human Physiology, BIOL 6 Introductory Microbiology; NURS 36 Pathophysiology

Students who complete this program should be able to:

1. Communicate and collaborate with interdisciplinary healthcare partners in providing care to a diverse population of patients and families.
2. Demonstrate problem solving skills while utilizing resources to apply best practices to deliver safe and effective care.
3. Demonstrate understanding of and apply evidence based practice in rendering ethical, competent and culturally sensitive care across the lifespan to all patients.

NURS 1 Fundamentals of Medical Surgical 9 units
72 lecture hours, 270 lab hours
Prerequisite: Satisfactory completion of: NURS 36 and NURS 26.
Other: Formal admission to the Yuba College Nursing program.
Transferable to CSU

Fundamentals of Medical Surgical Nursing introduces the foundational concepts, knowledge and skills essential to the practice of professional nursing. This course provides an introduction for the first semester nursing student to concepts and practices as they relate to the non-critical young adult through geriatric adult in the medical surgical (and/or skilled care) environment. Through utilization of the nursing process, the student will begin to recognize alterations in physiological functioning and formulate age and acuity appropriate nursing interventions. Selected psychomotor skills associated with meeting the basic needs, medication administration, physical assessment, and sterile techniques will be studied and practiced. (L,M)

NURS 2 Medical Surgical Nursing II 7 units
72 lecture hours, 162 lab hours
Prerequisite: Satisfactory completion of: NURS 1
Transferable to CSU

This course focuses on nursing theory, concepts and skills related to patients with learning needs and health assessment needs. The emphasis of learning for the student is on nursing concepts and safe nursing care of selected clients in selected systems under study. Further emphasis of learning is upon the surgical patient, the patient with wounds, and the patient who is in pain. (L,M,C)

NURS 3 Medical Surgical Nursing III 5 units
36 lecture hours, 162 lab hours
Prerequisite: Satisfactory completion of: NURS 2
Transferable to CSU

This course is designed to provide learning opportunities for in-depth application of the nursing process to the health needs of a selection of acutely ill patients and simulated acutely ill patients. Emphasis is on the application of biophysical and psychosocial knowledge to meet the health care needs of the adult with acute and chronic disorders in selected body systems. (L,M,C)

- Effective Spring 2020 -

NURS 4A Medical-Surgical Nursing IV 3.5 units
36 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: NURS 3
Transferable to CSU

This course is designed to provide lecture and clinical opportunities for in-depth application of the nursing process to the health needs of a selection of acutely ill patients and simulated acutely ill patients. Emphasis is on the application of biophysical and psychosocial knowledge to meet the health care needs of the adult with acute and chronic disorders in selected body systems. (L,M,C)
Programs and Courses

NURS 4A    Medical-Surgical Nursing IV
- Effective Spring 2020 -
36 lecture hours, 81 lab hours
Prerequisite: Satisfactory completion of: NURS 3
Transferable to CSU
This course is designed to provide lecture and clinical opportunities for in-depth application of the nursing process to the health needs of a selection of acutely ill patients and simulated acutely ill patients. Emphasis is on the application of biophysical and psychosocial knowledge to meet the health care needs of the adult with acute and chronic disorders in selected body systems.

NURS 4B    Leadership in Nursing
18 lecture hours, 108 lab hours
Prerequisite: Satisfactory completion of: NURS 4A
Transferable to CSU
Focuses on advanced concepts and principles of nursing practice as well as in-depth theory related to selected biophysical and psychosocial needs in a preceptor learning environment. Emphasis is on the management and leadership role of the nurse. Application of management and leadership concepts and skills is provided by selected patient care experiences for students who are assigned to work individually with an RN preceptor in a clinical agency. (L,M,C)

NURS 10    Geriatric Nursing
36 lecture hours
Other: ADN Program Acceptance Must be in the first semester of the ADN Nursing Program in order to take this class. This class is restricted to Nursing students in the first semester.
Transferable to CSU
This course is a dynamic approach to geriatric nursing including the foundations of healthy aging, fundamentals of care, chronic illness, socioeconomic of eldercare as well as end of life and palliative practices. This theory class establishes concepts that can be applied in all nursing practicums involving the aged client.

NURS 18    Comprehensive Review for the NCLEX RN Examination
18 lecture hours
Prerequisite: Satisfactory completion of: NURS 4A
Transferable to CSU
Comprehensive review and test taking strategies for the Registered Nurse (RN) Student in Nursing Science, Pharmacology, and Nursing content area’s related to the RN NCLEX Examination. Grades are P/NP. (L)

NURS 20    Introduction to Nursing
18 lecture hours
Transferable to CSU
Provides an overview of current nursing roles, responsibilities, and scope of practice as defined by the Board of Registered Nursing in a variety of settings for nursing practice with an emphasis on the rigors of being a nursing student and a newly graduated nurse are presented along with study strategies, sources for financial aid, and college and department learning resources to enhance student success. Open to nursing and non-nursing majors. Grades are P/NP. (L,M)

NURS 21    Pediatric Nursing
3.5 units
27 lecture hours, 108 lab hours
Prerequisite: Satisfactory completion of: NURS 1
Transferable to CSU
This pediatric course focuses on registered nurses’ care from infancy through adolescence. Health problems are studied in the acute and community care setting. Education of the pediatric client and their family on health promotion, growth and development, disease prevention, and safety issues are addressed. Ethical and legal issues are discussed. The impact of diverse cultural and spiritual beliefs on health care decisions are explored. (L,M,C)

NURS 22    Obstetrical Nursing
3.5 units
27 lecture hours, 108 lab hours
Prerequisite: Satisfactory completion of: NURS 1
Transferable to CSU
This course focuses on integration and application of the nursing process as it relates to the provision of culturally sensitive nursing care to the childbearing family during pregnancy, birth, the postpartum period, and care of the newborn. Content will also include women’s health across the lifespan, including preventative care and diagnosis and treatment gynecologic disorders. Application of concepts, theory, and clinical skills is provided by selected patient care experiences in a variety of inpatient and outpatient settings. (L,M,C)

C, L, M Advisories: Computer Literacy: recommended basic computer skills.
Language: recommended eligibility for English 1A. Mathematics: recommended eligibility for Math 52.

Programs and Courses

OFFICE ADMINISTRATION
(see Business)

Philosophy

Philosophy courses are designed to cultivate wisdom by critically questioning fundamental beliefs about reality, self-identity, knowledge, religion, and ethics. The core courses that make up the curriculum include Introduction to Philosophy, Critical Thinking, Ethics, Philosophy of Religion, and World Religions.

PHIL 1  Introduction to Philosophy  3 units
54 lecture hours
Transferable to CSU/UC
Introduces students to the nature and practice of philosophic inquiry by focusing on traditional philosophic issues from a multicultural perspective. Particular emphasis will be given to classic Western philosophers as well as classic Eastern sources. (L)

PHIL 2  Ethics  3 units
54 lecture hours
Transferable to CSU/UC
An introduction to the study of ethics emphasizing the relevance of ethics to everyday decision making. Topics include: the human context of moral reasoning, relativism, subjectivism, religion and ethics, conscience and moral development, ethical egoism, utilitarianism, the ethics of duty, rights ethics, virtue ethics and the good life, and case studies in moral reasoning. (L)

PHIL 3  Philosophy of Religion  3 units
54 lecture hours
Transferable to CSU/UC
A philosophical exploration of religious belief and practice, with an emphasis on understanding how the world’s major religious traditions -- Eastern and Western -- respond to fundamental issues concerning the ultimate nature of reality. Topics include religion and philosophy, world views and religion, metaphysics without God, metaphysics with God, arguments for God’s existence, the problem of evil, incarnation and God, God and gender, life after death, religious experience, science and religion, prudential arguments for religious belief, faith and justification, love and the meaning of life. (L)

PHIL 6  Political Philosophy  3 units
54 lecture hours
Transferable to CSU/UC
C-ID POLS 120
This course introduces students to the major authors of political thought and examines the assumptions and central issues involved in political thinking. Concepts such as: democracy, fascism, justice, rights, law liberty, political authority, political principles, and consequences will be examined through an analysis of classical and contemporary reading selections. Not open for credit to students with credit in POLSC 6. (L)

C, L, M Advisories: Computer Literacy: recommended basic computer skills.
Language: recommended eligibility for English 1A. Mathematics: recommended eligibility for Math 52.
### Critical Thinking

**PHIL 12**  
**Critical Thinking**  
3 units  
54 lecture hours  
Transferable to CSU/UC  
A basic introduction to critical thinking skills emphasizing their application to everyday decision-making. Topics include: definitions of critical thinking, language and meaning, claims and reasons, argument and inference, argument identification and reconstruction, inductive reasoning, deductive reasoning, underlying assumptions, evaluating assumptions, assumptions and evidence, worldviews as a context for critical thought, evaluating arguments, sound and fallacious reasoning, informal fallacies, causal inference, and scientific method. (L)

### World Religions

**PHIL 20**  
**World Religions**  
3 units  
54 lecture hours  
Transferable to CSU/UC  
A survey of the beliefs and practices of Eastern and Western religious traditions. Emphasis will be given to the origin and development of each tradition, its major forms of expression, and the various ways in which each tradition addresses the most fundamental questions of human existence. (L)

### Physical Science

**PHYSC 10A**  
**Earth Science**  
3 units  
54 lecture hours  
Transferable to CSU/UC - UC Unit Limit  
C-ID GEOL 120  
Survey course with topics chosen principally from oceanography geology, physical geography, meteorology and astronomy. Topics are presented within a theme of understanding the earth. (L)

**PHYSC 10AL**  
**Earth Science Laboratory**  
1 unit  
54 lab hours  
Prerequisite: Satisfactory completion of: PHYSC 10A which may be taken concurrently.  
Transferable to CSU/UC  
C-ID GEOL 120L  
Laboratory activities in Earth Science to reinforce and complement the materials presented in PHYSC 10A.

**PHYSC 10B**  
**Physical Science - Physics and Chemistry**  
3 units  
54 lecture hours  
Transferable to CSU/UC - UC Unit Limit  
Basic concepts in physics and chemistry: motion, force, energy, electricity, atomic theory, matters, chemical and physical changes, radioactivity, and an introduction to modern physics. This course also includes introduction to applied physical sciences including Geology, Meteorology, Astronomy, and Oceanography. (L)

**PHYSC 10C**  
**Physical Science - Physics and Chemistry**  
1 unit  
54 lab hours  
Prerequisite: Satisfactory completion of: PHYSC 10B, may be taken concurrently.  
Transferable to CSU/UC  
Laboratory experiments in physics and chemistry to reinforce and complement the materials presented in PHYSC 10B which may be taken concurrently. (L)
Programs and Courses

Physics

PHYS 2A  General Physics  3 units
54 lecture hours
Prerequisite: Satisfactory completion of: MATH 21
Other: CHEM 2A is recommended
Transferable to CSU/UC - UC Unit Limit
C-ID PHYS 105 (PHYS 2A & PHYS 3A)
Comprehensive survey of physics, including mechanics, hydrostatics, thermodynamics, and wave motion; qualitative understanding and quantitative problem solving; primarily for life science major. (L,M)

PHYS 2B  General Physics  3 units
54 lecture hours
Prerequisite: Satisfactory completion of: PHYS 2A
Transferable to CSU/UC - UC Unit Limit
C-ID PHYS 110 (PHYS 2B & PHYS 3B)
Comprehensive study of physics, including electricity and magnetism, optics, atomic and nuclear physics, and relativity; equal emphasis placed on qualitative understanding and quantitative problem solving. Primarily for Life Science majors. (L,M)

PHYS 3A  General Physics Laboratory  1 unit
54 lab hours
Prerequisite: Satisfactory completion of: PHYS 2A, may be taken concurrently.
Transferable to CSU/UC - UC Unit Limit
C-ID PHYS 105 (PHYS 2A & PHYS 3A)
Performance of lab experiments to verify the important concepts of PHYS 2A. Not open for credit to students with credit in PHYS 4 series or equivalent. (L,M)

PHYS 3B  General Physics Laboratory  1 unit
54 lab hours
Prerequisite: Satisfactory completion of: PHYS 2B and PHYS 3A
Corequisite: PHYS 2B
Transferable to CSU/UC - UC Unit Limit
C-ID PHYS 110 (PHYS 2B & PHYS 3B)
Performance of lab experiments to verify the important concepts of PHYS 2B. Not open for credit to students with credit in the PHYS 4 series. (L,M)

PHYS 4A  Mechanics  4 units
54 lecture hours, 54 lab hours
Prerequisite: Satisfactory completion of: MATH 1A with a grade of "C" or better, MATH 1B (MATH 1B may be taken concurrently).
Transferable to CSU/UC - UC Unit Limit
C-ID PHYS 205
Overview of the field of physics, its position and significance relative to the sciences, followed by a detailed study of mechanics. Primarily for architecture, chemistry, engineering, geophysics, and physics majors. (L,M)

PHYS 4B  Electromagnetism  4 units
54 lecture hours, 54 lab hours
Prerequisite: Satisfactory completion of: PHYS 4A with a grade of "C" or better.
Transferable to CSU/UC - UC Unit Limit
C-ID PHYS 210
Study of electromagnetism with accompanying laboratory. (L,M)

PHYS 4C  Thermodynamics, Light, and Modern Physics  4 units
Transferable to CSU/UC - UC Unit Limit
C-ID PHYS 215
Study of thermodynamics, optics, and modern physics with accompanying laboratory. (L,M)

PLANT SCIENCE (see Agriculture)
Political Science

The Associates in Arts in Political Science for Transfer degree is designed for students to transfer into the CSU system to complete a bachelor’s degree in Political Science or similar major. The degree promotes students’ engagement with politics at local, domestic, and international levels. Students are exposed to different perspectives on civic issues, political thoughts, American politics and world politics through which students are trained to be critical and analytical thinkers.

POLITICAL SCIENCE (Associate in Arts for Transfer)

Students who complete this program should be able to:
1. Distinguish major political theories and/or political concepts.
2. Identify the political structure of major governing bodies.
3. Analyze the opposing arguments of major political issues.
4. Identify social, political, and/or economic forces necessary to establish a certain political order.

POLSC 7  International Relations  3 units
54 lecture hours
Transferable to CSU/UC
C-ID POLS 140
A survey of historical and contemporary international relations. Focus will be on major IR theories and methodologies, international security, globalization, international political economy, international law, international institutions (e.g. UN, WTO, NAFTA, NGOs), and human security. This class also analyzes the foreign policies of major actors, major states, areas of conflict and tension, and various aspects of globalization. In addition, it explores how people of different cultures and ethnic background impact the domestic and foreign politics of their states, with emphasis on issues of human security - ethnic conflict, the global North and South economic gap, pandemics, human rights, population, environment and resource management. (L)

Psichiatric Technology

The Psichiatric Technology Program is a four-semester and single-summer session program offered at the Yuba College Campus. The program includes 648 theoretical hours of classroom education, correlated with 956 clinical practicum hours. The subject matter reflects the knowledge and skills specified by Board of Vocational Nursing Psychiatric Technology Education (BVNPTE) regulation, rules, and laws. All clinical practicum will be under the supervision of a licensed BVNPTE-approved clinical instructor. The curriculum may be periodically revised to reflect the evolution of the profession and BVNPTE laws and regulations.

Theory and clinical program content shall reflect the client and patient population that are normally associated with the licensed Psychiatric Technician: Mentally disordered, personality disordered, substance abuser, and developmentally disabled. Students will be selected on the basis of a special application. Call (530) 741-6786 to request an application packet and application deadline information.

MINIMUM CRITERIA.
1. High School graduation or equivalent to high school.
2. Age of 18 years by first day of Fall semester.

PSYCHIATRIC TECHNICIAN
(Certificate of Achievement)

Students who complete this program should be able to:
1. Accurately perform and document basic nursing skills, basic physical and mental assessments and interventions while prioritizing patient care.
2. Effectively participate in a therapeutic environment and communicate in a professional and respectful manner to both staff and clients.
3. Pass the California state board exam for licensure as a psychiatric technician after completing all required theory and clinical hours.

Units

First Semester
PSYCT 50 Anatomy and Physiology ........................................3
PSYCT 51 Human Development ................................................3
PSYCT 52 Nursing Science A ....................................................2

Second Semester
PSYCT 53 Developmental Disabilities A ......................5
PSYCT 54 Nursing Science B ...................................................5
HLTH 10 Principles of Nutrition .........................................3
PSYCT 55 Pharmacology A ...................................................2

Summer
PSYCT 56 Nursing Science C .................................................6

Third Semester
PSYCT 57 Psychiatric Disorders A .......................................7
PSYCT 58 Group Process .........................................................2
PSYCT 59 Crisis Management ................................................2
PSYCT 60 Pharmacology B .....................................................2

Fourth Semester
PSYCT 61 Substance Abuse ..................................................2
PSYCT 62 Psychiatric Disorders B ........................................4
PSYCT 63 Developmental Disabilities B ..............................6

Total units required .................................................................54

C, L, M Advisories: Computer Literacy: recommended basic computer skills.
Language: recommended eligibility for English 1A. Mathematics: recommended eligibility for Math 52.
Completion/challenge/credit for the previously outlined courses will make the student eligible for licensure examination by the Board of Vocational Nurse and Psychiatric Technician Examiners following application. Students wishing to also receive an associate degree should consult their counselor concerning additional degree requirements.

**PSYCT 50  Anatomy and Physiology  3 units**
54 lecture hours
Introductory course providing a comprehensive overview of the normal structure and function of the human organism. Includes but not limited to: cell and tissue structure and function, organ and system differentiation and related terminology. Designed for the psychiatric technician student or equivalent. (L)

**PSYCT 51  Human Development  3 units**
54 lecture hours
Overview of normal human growth and development from biologic conception to death. Includes but not limited to the following: identification of major theorists/theories, presentation of major milestone of growth and development associated with the chronologic age groups and subject related terminology. (L)

**PSYCT 52  Nursing Science A  2 units**
36 lecture hours
Overview and orientation to the nursing science, which includes the following: basic medical terminology, fundamental concepts relating to the health care systems, ethical and professional codes of conduct and overview of past, current, and future trends in the U.S. health care systems. (L)

**PSYCT 53  Developmental Disabilities A  5 units**
54 lecture hours, 108 lab hours
Other: Successful completion of all first semester Psych Tech courses. Conform to clinical agency rules and regulations, such as passing a criminal background check and drug screen (specific regulations dependent on clinical site). Introductory overview of the five developmental disability subtypes: mental retardation, epilepsy, cerebral palsy, infantile autism and neurological handicapping. Also included will be instruction in MAB (Managing Assaulitive Behavior) training designed to prepare the student to effectively manage assaulitive behavior.

**PSYCT 54  Nursing Science B  5 units**
36 lecture hours, 162 lab hours
Other: Successful completion of all 1st semester classes in the Psych Tech program; Conform to clinical agency rules and regulations, such as passing a criminal background check and drug screen (specific regulations dependent on clinical site). Overview of diseases and disorders in terms of diagnostic criteria, symptom presentations, system pathology, medical/nursing interventions and typical prognosis. Emphasis shall be on nursing interventions, special care needs, and patient related skills. Application of basic nursing skills associated with “long term care” patients. The clinical affiliation also includes a 40 hour skills lab practicum at the Yuba College Nursing Lab to include basic nursing care. Must be an accepted student in the Psychiatric Technician Program in order to take this course.

**PSYCT 55  Pharmacology A  2 units**
36 lecture hours
Introductory overview to the basic concepts associated with the field of nursing related pharmacology. Includes a math review, computation conversion and review of specific drugs relating to specific drug classifications. The course material shall be directly related to the clinical medical experience offered in the clinical portion of the program. (L,M)

**PSYCT 56  Nursing Science C  6 units**
54 lecture hours, 162 lab hours
Other: Successful completion of all 1st and 2nd semester classes, Maintain a clear background and urine toxicology. Overview of the medical-surgical nursing component of the program: includes all age groups, common diagnoses, nursing interventions and aspects of an acute care medical facility. In the clinical portion of the course, students will apply nursing skills relating to the medical surgical patient within an acute care medical facility. This application of skills will involve various age groups, diagnoses, and health care needs.

**PSYCT 57  Psychiatric Disorders A  7 units**
36 lecture hours, 270 lab hours
Other: Successful completion of first semester, second semester, and summer PSYCT courses. Overview of the major psychiatric disorders. Emphasis shall be on the following: psychiatric terminology, psychiatric disorders, symptoms, nursing interventions, treatment and typical prognosis. Application of psychiatric skills relating to patients in the acute care, day treatment and adult education components of the Sutter-Yuba Mental Health Care System. Includes the following: application of therapeutic communication skills, medication administration, group process participation, observation, clinical assessment, interdisciplinary team participation, and one-to-one observation.

**PSYCT 58  Group Process  2 units**
36 lecture hours
Overview of the therapeutic intervention known as group process as it relates to the developmentally disabled and psychiatric client. Includes the following: related terminology, group leader skills, goals of the group process and specific client behaviors. (L)

**PSYCT 59  Crisis Management  2 units**
36 lecture hours
Overview of the concept of “crisis” relating to an individual’s personal reaction to physical or psychological stressors. Includes but not limited to the following: recognition of stress response, specific adaptive responses, specific maladaptive response, the dynamics of grief “burnout and suicide.” (L)
**Psychology**

Psychology is the study of human thought, feelings, and behavior. Part of its appeal is the fact that it involves both scientific investigation and practical applications of those findings in everyday life. Yuba College Psychology courses offer a diverse program with several goals: 1) To expose students to the variety of sub-fields in psychology; 2) to engender knowledge of, and appreciation for, the spirit and nature of scientific inquiry; 3) to facilitate insight into oneself and increase knowledge of, and sensitivity to, others; 4) to introduce students to the basic body of knowledge, thus preparing them for further study in Psychology.

Those pursuing psychology as a field of study will find many career options centering around helping others to understand, predict, and influence their own behavior and the behavior of others. Psychologists may teach, conduct research, perform psychological testing, or do consultation in a variety of settings which include hospitals, businesses, private practice, personnel offices, industry, colleges and universities, and government. Training in Psychology provides a valuable foundation for professions wherein interpersonal interactions are a component of the work setting.

**PSYCHOLOGY**

(Associate in Arts)

Students who complete this program should be able to:
1. Demonstrate respect for the psychological differences in opinions, feelings and values of others in one’s interactions.
2. Analyze psychological data/information/theories, draw reasonable conclusions in relation to human behavior from the data/information/theories, recognize the implications when addressing and evaluating human related problems and issues in making decisions.
3. Articulate similarities and differences in human behavior among cultures, times, and environments, demonstrating an understanding of cultural pluralism and knowledge of global issues as they relate to human behavior.
4. Apply psychological principles to the development of interpersonal, occupational and social skills and life-long personal growth.

Total units required for degree major ..............................................20

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with “C” or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

PSYCH 1A General Psychology 3 units

54 lecture hours
Transferable to CSU/UC
C-ID PSY 110

General introduction to psychology as a science. Topics include perception, learning, development, motivation, personality, abnormal behavior, and biological and social basis of behavior. (L)

PSYCH 6 Introduction to Statistics 4 units

in Social and Behavioral Science

72 lecture hours
Prerequisite: Satisfactory completion of: (MATH 52 or MATH 52B); PSYCH 1A
Transferable to CSU

An introduction to the basic statistical methods and analyses commonly used in social and behavioral science research (use of probability techniques, hypothesis testing, and predictive techniques), including applications of statistical software to social science data. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance, chi-square and t-tests; and application of technology for statistical analysis including the interpretation of the relevance of the statistical findings. This course is designed for Psychology students who plan to transfer to a UC/CSU and does NOT fulfill the mathematics competency for local graduation requirements.

PSYCH 7 Research Methods in Psychology 3 units

54 lecture hours
Prerequisite: Satisfactory completion of: PSYCH 1A and STAT 1
Transferable to CSU/UC
C-ID PSY 200

This course covers the many research designs and methods in psychology, including descriptive, associative, and causal claims. The various instrumentation, collection procedures, data collection and analysis, and reporting procedures are all examined. Research methods and design will be surveyed from a wide section of psychological fields. (L,C)
**Programs and Courses**

**PSYCH 12**  
**Human Sexuality & Sexual Behavior**  
3 units  
54 lecture hours  
Transferable to CSU/UC  
C-ID PSY 130  
This course is an introductory overview of the field of human sexuality. Human sexuality will be examined from psychological, biological, sociocultural, and historical perspectives. Students will be encouraged to become aware of their own sexual attitudes, values, and behaviors and to evaluate the consistency of their behaviors within their own moral frameworks. Current sex norms and various aspects of interpersonal and individual sexual adjustment will be explored. (L)

**PSYCH 22**  
**Social Psychology**  
3 units  
54 lecture hours  
Transferable to CSU/UC  
C-ID PSY 170  
This course considers individual human behavior in relation to the social environment. The power of the situation, other individuals, and the social group will be examined. Emphasized topics include: aggression, prejudice and stereotypes, interpersonal attraction, attitudes and attitude change, conformity, group phenomena, gender roles, cultural norms, person perception, and social cognition. Grades are P/NP option. (L)

**PSYCH 33**  
**Personal and Social Adjustment**  
3 units  
54 lecture hours  
Transferable to CSU/UC  
C-ID PSY 115  
This course is designed with an applied focus for students interested in how psychology is used in everyday life and is related to other social sciences. The course surveys different psychological perspectives and theoretical foundations and how these are applied across a person’s life taking into account the influence of factors such as culture, gender, ethnicity, historical cohort, and socio-economic status. A broad understanding of how scientists, clinicians, and practitioners study and apply psychology is emphasized. (L)

**PSYCH 41**  
**Lifespan Development**  
3 units  
54 lecture hours  
Transferable to CSU/UC  
C-ID PSY 180  
Introduction to the scientific study of human development from conception to death. Examines the interplay of the biological, psychological, social and cultural influences on the developing human being. (L)

---

**Radiologic Technology**

Accredited by the State of California Department of Public Health, Radiologic Health Branch and the Joint Review Committee on Education in Radiologic Technology. Upon completion of this program, the student will receive a Certificate of Achievement and is eligible to take the required California State Certification Examination which will qualify the graduate (pass or) as a California Certified Radiologic Technologist and also the American Registry of Radiologic Technologist which qualifies the graduate (passor) as a Registered Technologist R.T. in Radiology.

Students are encouraged to review the website at: http://radtech.yccd.edu and make an appointment with a Yuba College counselor for advice on eligibility.

**MINIMUM CRITERIA FOR ADMISSION.**

1. High School graduation or equivalent.
2. Completion with a “C” or better grade: Biology 4, Biology 5, Chemistry 1A or 2A, Mathematics 52 or higher, English 1A, Humanities (course that fulfills area “C” of the General Education requirements), Psychology 1A, and NURS 51 Medical Terminology.

Students are also required to have specific immunizations, pass a drug screen and background check. (Criteria are subject to change each year.) Specific information and the application can be found on the website listed above.

Sequence of courses to be completed leading to the Associate in Science Degree in Radiologic Technology:

**RADIOLOGIC TECHNOLOGY**  
(Associate in Science)

Students who complete this program should be able to:

1. Upon completion of the program, students will be able to employ critical thinking and problem solving skills.
2. Upon completion of the program, students will demonstrate the clinical competency of an entry level Radiologic Technologist.
3. Upon completion of the program, students will demonstrate appropriate workplace and patient communication skills.
4. Upon completion of the program, students will model professionalism and ethics.

Total units required for degree major ................................................................. 66--68.5

**Note:** Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

Courses must be completed with a grade of “C” or better before or during the indicated semester to progress in the program.

RADT 1 Fundamentals of Radiologic Science and Health Care  ..................................................... 4 units
72 lecture hours
Other: Acceptance into the Radiologic Technology Program.
Transferable to CSU
Introduction to the field of Radiologic Technology. Basic imaging principles, patient diversity and care, medical ethics and laws; the clinical environment, basic pharmacology, and communication.

RADT 2 Radiation Physics and Equipment  ..................................................... 4 units
72 lecture hours
Other: Acceptance into Radiologic Technology Program.
Transferable to CSU
Introduction to radiation physics; fundamentals of x-ray equipment; x-ray production and x-ray beam characteristics.

RADT 3A Radiographic Procedures 1  ........................................... 3 units
36 lecture hours, 54 lab hours
Other: Acceptance into the Radiologic Technology Program.
Transferable to CSU
Knowledge and skills necessary to perform standard radiographic procedures that are of optimal diagnostic quality. Skills necessary for image critique. Areas studied: thorax, abdomen, pelvis and upper and lower extremities.

RADT 3B Radiographic Procedures 2  ........................................... 3 units
36 lecture hours, 54 lab hours
Prerequisite: Satisfactory completion of: RADT 3A.
Other: Acceptance into Radiologic Technology Program.
Transferable to CSU
Knowledge and skills necessary to perform standard radiographic procedures that are of optimal diagnostic quality. Skills necessary for image critique. Areas studied: thorax, abdomen, pelvis and upper and lower extremities.

RADT 3C Radiographic Procedures 3  ........................................... 3 units
54 lecture hours
Prerequisite: Satisfactory completion of: RADT 3B.
Other: Acceptance into Radiologic Technology Program.
Transferable to CSU
Knowledge and skills necessary to perform advanced radiographic procedures; advanced image critique; advanced imaging modalities.

RADT 3D Radiographic Procedures 4  ........................................... 2 units
36 lecture hours
Prerequisite: Satisfactory completion of: RADT 3C.
Other: Acceptance into Radiologic Technology Program.
Transferable to CSU
Critical thinking skills necessary to obtain the best radiographic image in various situations.

RADT 4 Principles of Radiation: Physics, Biology & Protection  ..................................................... 2 units
36 lecture hours
Other: Acceptance into Radiologic Technology Program.
Transferable to CSU
Principles of the interaction of ionizing radiation with the living system; effects on biological molecules and organisms and factors affecting biological response; radiation protection responsibilities of the radiographer for patients, personnel and the public.

RADT 5 Principles of Radiation Exposure & Equipment  ..................................................... 4 units
72 lecture hours
Other: Acceptance into Radiologic Technology Program.
Transferable to CSU
Knowledge of factors that govern and influence the production of the radiographic image; digital radiography image production and review. Picture archiving and communication systems, DICOM, HL7.

RADT 6A Radiologic Technology Internship 1  ........................................... 5.5 units
300 lab hours
Other: Acceptance into the Radiologic Technology Program.
Transferable to CSU
Beginning radiologic experience in clinical facilities under the supervision of the college instructor, staff technologists, and clinical instructors. Basic development of skills in correlation with current radiologic practices. Rotation in various facilities. Grades are P/NP.
RADT 6B  Radiologic Technology  4.5 units  
Internship 2
260 lab hours
Prerequisite: Satisfactory completion of: RADT 6A.
Other: Acceptance into Radiologic Technology Program.  
Transferable to CSU
Beginning radiologic experience in clinical facilities under the supervision of the college instructor, staff technologists, and clinical instructors. Enhanced development of skills in correlation with current radiologic practices. Rotation in various facilities. Grades are P/NP option.

RADT 6C  Radiologic Technology  7 units  
Internship 3
390 lab hours
Prerequisite: Satisfactory completion of: RADT 6B.
Other: Acceptance into Radiologic Technology Program.  
Transferable to CSU
Intermediate radiologic experience in clinical facilities under the supervision of the college instructor, staff technologists, and clinical instructor. Increased development of skills in correlation with current radiologic practices. Rotation in various facilities. Grades are P/NP.

RADT 6D  Radiologic Technology  8 units  
Internship 4
436 lab hours
Prerequisite: Satisfactory completion of: RADT 6C.
Other: Acceptance into Radiologic Technology Program.  
Transferable to CSU
Advanced radiologic experience in clinical facilities under the supervision of the college instructor, staff technologists, and radiologists. Development of enhanced skills in correlation with current radiologic practices. Rotation in various facilities. Grades are P/NP.

RADT 6E  Radiologic Technology  8.5 units  
Internship 5
464 lab hours
Prerequisite: Satisfactory completion of: RADT 6D.
Other: Acceptance into Radiologic Technology Program.  
Transferable to CSU
Advanced radiologic experience in clinical facilities under supervision by college instructor, staff technologists and clinical instructors. Increased development of skills in correlation with current radiologic practices. Rotation in various medical facilities. Grades are P/NP.

RADT 7  Advanced Radiographic Studies  1 unit
18 lecture hours
Prerequisite: Satisfactory completion of: RADT 4.
Other: Acceptance into Radiologic Technology Program.  
Transferable to CSU
Ethics and law in the Radiologic Sciences; advanced understanding of professionalism as related to a radiologic technologist.

RADT 8  Radiographic Pathology and Image Critique  2 units
36 lecture hours
Other: Acceptance into Radiologic Technology Program.  
Transferable to CSU
Injuries and abnormalities most frequently encountered in Radiologic Technology. Key anatomy and physiology principles, imaging considerations for each disease, and its radiographic appearance, signs and symptoms, and treatment.

RADT 9  Advanced Modalities  2 units
36 lecture hours
Other: Acceptance into Radiologic Technology Program.  
Transferable to CSU
Advanced modalities in the field of Radiologic Technology.

RADT 12  Radiologic Technology  1.5 units  
Board Review
27 lecture hours
Other: Acceptance into Radiologic Technology Program or Current active CRT’s who need advanced placement to sit before ARRT exam may be admitted as part of the advanced requirement.  
Transferable to CSU
Summary lectures for the testing of the four (4) content areas tested by State of California Radiation Health Branch and the American Registry of Radiologic Technology. Grades are P/NP.

RADT 14  Radiographic Informatics  3 units
54 lecture hours
Corequisite: RADT 6D  
Transferable to CSU
An introduction to computer applications in a health care setting: Topics include acquiring, accessing and updating patient information, displaying, modifying, sending and retrieving images, and the safeguarding of patient confidentiality. (L,M)

RADT 55  Introduction to Radiologic Sciences  1 unit
18 lecture hours
Other: Acceptance into the Radiologic Technology Program.  
Introduction to the field of Radiologic Sciences and the interactions with medicine and other medical specialties. Refresher course for program prerequisites. Grades are P/NP option.
Sign Language

SIGN 1  American Sign Language 1  4 units
72 lecture hours
Transferable to CSU/UC - UC Unit Limit
This is the first course in a series of four courses in the fundamentals of American Sign Language (ASL) used by the Deaf community, including basic vocabulary, syntax, numbers, fingerspelling, and grammatical non-manual markers. The instructional activities are based on an immersion approach, in which the students develop language competency in source and target language, cultural knowledge, and an increased understanding of the Deaf community. Students are expected to participate in Deaf community events. Instructional materials will be in English. Students are strongly recommended to co-enroll in ASL 61 (Fingerspelling and Numbers 1).

SIGN 2  American Sign Language 2  4 units
72 lecture hours
Prerequisite: Satisfactory completion of: SIGN 1
Transferable to CSU/UC
This is the second course in a series of four courses in the fundamentals of American Sign Language (ASL) used by the Deaf community, including basic vocabulary, syntax, numbers, fingerspelling, and grammatical non-manual markers. The instructional activities are based on an immersion approach, in which the students develop language competency in source and target language, cultural knowledge, and an increased understanding of the Deaf community. Students are expected to participate in Deaf community events and read instructions in English. It is recommended that students co-enroll in ASL 61 (Fingerspelling and Numbers 1) if they have not already taken it. (C)

SIGN 3  American Sign Language 3  4 units
72 lecture hours
Prerequisite: Satisfactory completion of: SIGN 2
Other: Students will be using CANVAS on an almost daily basis to check and turn in assignments as well as receive communication from the professor and other students.
Transferable to CSU/UC
This is the third course in a series of four courses in the fundamentals of American Sign Language (ASL) used by the Deaf community. This course furthers students’ study of vocabulary, syntax, classifiers and narrative form. The instructional activities are based on an immersion approach in which the students develop language competency in the target language, cultural knowledge, and an increased understanding of the Deaf community. Students are expected to participate in Deaf community events and read instructions in English. (C)

SIGN 61  Fingerspelling and Numbers 1  2 units
36 lecture hours
This is the first of two courses in the fundamentals of fingerspelling and numbers as they are used in American Sign Language (ASL). The instructional activities are based on a practice approach, in which the students develop language competency ASL by finding parallels to those that exist in English. Emphasis is placed on both producing and understanding ASL fingerspelling and number usage, rules and parameters. It is recommended that students co-enroll in ASL 1 or ASL 2. Grades are P/NP option. (C)
Social Science

SOCIAL SCIENCE
( Associate in Arts )

Students who complete this program should be able to:

1. Identify major theoretical orientations in the social and behavioral sciences
2. Describe and apply basic concepts regarding human behavior, society, and culture
3. Utilize the principles of social scientific methods to generate and evaluate hypotheses about human behavior and culture
4. Appreciate the diversity of human behaviors and cultures across time and space, as well as the more universal aspects of human experience.

Total units required for degree major: 18

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

Sociology

SOCIOLOGY
( Associate in Arts for Transfer )

Students who complete this program should be able to:

1. Understand that social life exists at a community level as well as a regional, national, and global one, and have at least one experience working (i.e., researching or analyzing, or helping to solve) a social problem in the community.
2. Understand how America's social structure, culture, and governance differ from those of other comparable societies, and the world is gradually developing global structure, culture, and governance processes.
3. Understand the main ways - qualitative and quantitative - that social scientists collect and analyze data.
4. Analyze the role of social forces in shaping the individual.
5. Identify how ideas about what is "real" and "true" are constructed in a social context and shaped by those who have power and influence.

Total units required for degree major: 18-19

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

SOCIL 1 Introduction to Sociology
3 units
54 lecture hours
Transferable to CSU/UC
C-ID SOCI 110
Basic principles and concepts of sociology including culture, socialization, organizations, institutions, stratification, collective behavior, and social change. (L)

SOCIL 2 Social Problems
3 units
54 lecture hours
Transferable to CSU/UC
C-ID SOCI 115
Survey of social problems in present-day American culture and application of sociological theory and analysis to issues such as poverty, racism, crime, healthcare, education, and the environment. (L)

C, L, M Advisories: Computer Literacy: recommended basic computer skills.
Language: recommended eligibility for English 1A. Mathematics: recommended eligibility for Math 52.
SOCIL 5  Sociology of Race and Ethnicity  3 units
54 lecture hours
Transferable to CSU/UC
C-ID SOCI 150
Examines the social construction of categories of race and ethnicity in society. Focus on inequality and the impact of racial categorization on everyday life through institutions such as the labor market, schools, residential segregation, healthcare, media, and the criminal justice system. (L)

SOCIL 6  Sociology of Sex and Gender  3 units
54 lecture hours
Transferable to CSU/UC
C-ID SOCI 140
Sociological analysis of the construction, reproduction, and consequences of sex categories and gender roles. Emphasis on how gender designation of “male” and “female” impacts an individual’s life, including violence and abuse, sexual harassment, hate crimes, wage differentials and unequal opportunities. (L)

SOCIL 8  Social Science Research Methods  3 units
54 lecture hours
Prerequisite: SOCIL 1
Transferable to CSU/UC
C-ID SOCI 120
Covers basic issues in the design and implementation of social science research. Topics covered include the scientific method, ethics, research design, basic descriptive and inferential statistics, and qualitative and quantitative methodologies. Completion or current enrollment in STAT 1 strongly advised. (L,M,C)

SOCIL 10 Sociology of Marriage and Family  3 units
54 lecture hours
Transferable to CSU/UC
C-ID SOCI 130
Sociological analysis of marriage and family, including history, cross-cultural comparison, gender roles, sexuality, parenthood, and contemporary debates about family values, form, and function. (L)

SOCIL 30 Sociology of Aging  3 units
54 lecture hours
Transferable to CSU/UC
A life course perspective on social, economic and psychological factors related to aging and the changing place of the aged in contemporary society. Topics include current controversies (e.g., “entitlement” programs), the social and cultural construction of the aged, social policies around aging, health and long-term care of the aged, employment and retirement issues, community social services, and social inequality. (L)

SPAN 1  Elementary Spanish Part 1  4 units
72 lecture hours
Transferable to CSU/UC - UC Unit Limit
Introduction to the language and culture of the Spanish-speaking world. It includes the development of listening, speaking, reading and writing in Spanish with an emphasis on the communicative skills, as well as the fundamentals of Spanish grammar. This course is equivalent to one year high school Spanish. (L)

SPAN 2  Elementary Spanish Part 2  4 units
72 lecture hours
Prerequisite: Satisfactory completion of: SPAN 1 or one year of high school Spanish or placement exam: students must score 70% or higher on a placement test administered by the Spanish Department.
Transferable to CSU/UC - UC Unit Limit
A continuation of Spanish 1. Provides further basic communication skills through listening, speaking, reading and writing. This course introduces the present perfect, the conditional, the future and the subjunctive verb cases. It includes practice at the intermediate level and review of the fundamentals of Spanish grammar. (L)

SPAN 3  Intermediate Spanish Part 1  4 units
72 lecture hours
Prerequisite: Satisfactory completion of: SPAN 2 or two years of high school Spanish or placement exam: students must score 70% or higher on a placement test administered by the Spanish Department.
Transferable to CSU/UC - UC Unit Limit
First of two semesters of intermediate Spanish. This course provides intermediate level communication skills through listening, speaking, reading, and writing in a cultural context with special emphasis on communication. (L)

SPAN 4  Intermediate Spanish Part 2  4 units
72 lecture hours
Prerequisite: Satisfactory completion of: SPAN 3 or three years of high school Spanish or placement exam: students must score 70% or higher on a placement test administered by the Spanish Department.
Transferable to CSU/UC
This is a fourth semester course in Spanish designed to review the grammar, vocabulary, and composition acquired in the first three semesters. Contextualized and culturally appropriate exercises and readings of modern texts in the history, art, geography, literature, and cultural values of the Hispanic peoples. The four language skills (listening, writing, reading and speaking) are further developed through special emphasis on communication. (L)
Programs and Courses

SPAN 10 Introduction to Spanish 3 units
54 lecture hours
Transferable to CSU
Study of elementary Spanish with an emphasis on proficiency. This course includes grammar, vocabulary, pronunciation, and communication.

SPAN 20A Spanish for Heritage 4 units
Students
72 lecture hours
Other: Oral fluency in Spanish. In order to succeed in this course, students must possess oral fluency in Spanish and the ability to understand readings and writings in Spanish or by placement exam.
Transferable to CSU/UC - UC Unit Limit
Speaking, reading and writing in Spanish, targeted to heritage students with oral fluency. Readings pertinent to the culture, history and literature of Hispanics in the United States, Latin America and Spain. Compositions exploring personal, political, and cultural issues, as well as analysis of Spanish and Latin American literary pieces. Exploration of grammatical concepts and accentuation and spelling rules. Class is conducted entirely in Spanish. Periodic exams and compositions. (L)

SPAN 20B Spanish for Heritage 4 units
Students
72 lecture hours
Prerequisite: Satisfactory completion of: SPAN 20A and fluency in Spanish.
Transferable to CSU/UC - UC Unit Limit
This course, which is conducted in Spanish, is the second of a two-semester sequence designed for fluent speakers of Spanish who are proficient in the language, but who have had little or no formal language training. (L)

SPAN 35 Latin American Literature in Translation 3 units
54 lecture hours
Transferable to CSU/UC
Study of representative works of Latin-American literature. Readings, lectures and discussions of major works in English from the time of Columbus to the Twentieth Century.

Communication for Transfer

Communication Studies (Associate in Science)

Students who complete this program should be able to:
1. Demonstrate the communication skills necessary to engage in personal, professional, civic and social relationships.
2. Demonstrate and apply critical thinking skills in a variety of communication studies contexts.

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with “C” or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

C, L, M Advisories: Computer Literacy: recommended basic computer skills.
Language: recommended eligibility for English 1A. Mathematics: recommended eligibility for Math 52.
SPECH 1  Public Speaking  3 units
54 lecture hours
Prerequisite: Satisfactory completion of: ENGL 51 or qualifying score on Placement Exam.
Transferable to CSU/UC
C-ID COMM 110
Principles of effective oral communication applied to several public speaking assignments which emphasize the development of support and organization of ideas, audience analysis, public speaking anxiety, and effective delivery styles. (L)

SPECH 2  Oral Interpretation of Literature  3 units
54 lecture hours
Prerequisite: Satisfactory completion of: ENGL 51
Transferable to CSU/UC
C-ID COMM 170
Introduction to the analysis and interpretation of literature for oral reading. This course encourages a deeper, richer experience of prose, poetry, and drama and enables the student to share the love of literature in the oral tradition.

SPECH 3  Argumentation and Critical Thinking  3 units
54 lecture hours
Transferable to CSU/UC
C-ID COMM 120
General approach to rational decision making and argumentative analysis including structuring written and oral arguments and rebuttals, gathering relevant evidence for arguments, and identifying logical fallacies. (L)

SPECH 4R  Speech Arts Workshop  3 units
162 lab hours
Transferable to CSU
Supervised preparation for participation in Inter-Collegiate Speech and Oral Interpretation events and/or for presentations at local school. (Repeatable: May be taken four times only.) (L)

SPECH 6  Small Group Communication  3 units
54 lecture hours
Transferable to CSU/UC
C-ID COMM 140
Study of communication theory in small group situations. Emphasis will be placed on researching, organizing, and delivering oral presentations. Investigation of the role of communication in various group processes, problem solving, leadership, team building, effective decision making and conflict. (L)

SPECH 7  Interpersonal Communication  3 units
54 lecture hours
Transferable to CSU/UC
C-ID COMM 130
Study of communication skills associated with establishing and maintaining satisfying interpersonal relationships. Various approaches to effective communication in multiple interpersonal contexts will be discussed. Factors influencing interpersonal communication are analyzed, such as: language, perception, non-verbal, and communication climate. (L)

SPECH 8  Intercultural Communication  3 units
54 lecture hours
Transferable to CSU/UC
C-ID COMM 150
The study of intercultural communication theory relates to perception, context, language, verbal, nonverbal messages and adaptation. Emphasis will be placed on developing effective intercultural communication skills. Students will demonstrate effective intercultural communications skills by oral presentations, and group/interpersonal interactions. (L)

SPECH 12  Multicultural Communication  v.5-1 unit
9-18 lecture hours
Transferable to CSU
By attending the events organized/spONSored by Crossing Borders and Building Bridges, participants are expected to acquire effective intercultural communication skills by valuing differences through their acknowledgment and respect for diversity and multiculturalism. Grades are P/NP.

STAT 1  Introduction to Statistical Methods  4 units
63 lecture hours, 27 lab hours
Prerequisite: MATH 52 or satisfactory score on Mathematics placement test.
Transferable to CSU/UC
C-ID SOCI 125 and MATH 110
The use of probability techniques, hypothesis testing, and predictive techniques to facilitate decision-making. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance, chi-square and t-tests; and application of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Applications using data from disciplines including business, social sciences, psychology, life science, health science, and education. Grades are P/NP option. (L)

STAT 100  Algebra Support for Elementary Statistics  2 units
36 lecture hours
Prerequisite: Current enrollment or satisfactory completion of: STAT 1
A review of prerequisite skills, competencies, and concepts needed in statistics. Intended for students who are concurrently enrolled in STAT 1 Introduction to Statistical Methods, at Yuba College. Topics include concepts from elementary and intermediate algebra that are needed to understand the basics of college-level statistics. Concepts are taught in the context of statistical analysis. Grades are P/NP only.
Theatre Arts

Classes with “R” can be taken a total of four times but are subject to Family of Classes restrictions on page 204.

The Theatre Arts Department provides a safe and inclusive environment for students to explore performance, and prepare them to succeed in their academic, career, and lifelong learning goals. Course offerings include introductory classes in theatre and film, which satisfy general education and transfer requirements, as well as advanced classes to prepare them for transfer and an opportunity to earn an AA transfer degree in Theatre. Courses are integrated around the central ideas of collaboration, individual responsibility, student-centered learning, open and respectful dialogue, and practical application of theory and skills. Work in acting technique, design, costuming, makeup, lighting, technical production, and other crafts are taught in theory and practice resulting in public performances of a variety of plays and musicals.

THEATRE ARTS
(Associate in Arts for Transfer)

Students who complete this program should be able to:

1. Effectively use language, communicate their ideas, and creatively express themselves through the application of theatrical skills.
2. Identify theatrical challenges, production needs, and potential problems; research, formulate, and create constructive solutions; and execute an achievable plan using appropriate tools, theories, and techniques.
3. Select appropriate acting techniques and apply technical skills, imagination, and script analysis toward the creation of a live or recorded performance.
4. Demonstrate the ability to work as an ensemble member of a theatre company by meeting expectations, following safe production practices, and respecting the opinions, feelings, and values of others.
5. Identify similarities and differences among cultures, times, and environments expressed through dramatic texts, films, and live performances.
6. Analyze and evaluate dramatic texts and performances in terms of their technical skills, artistic objectives, and their historical and cultural significance.

Total units required for degree major..............................................18

Students who complete this program should be able to:

1. Effectively use language, written and oral, and non-verbal communication in performances, critiques, and technical collaboration to facilitate theatre productions and group projects.
2. Apply research to the creative and professional process.
3. Demonstrate understanding and application of skills related to theatre arts in the following areas: performance, scenography, theatre production, and theatre studies.
4. Demonstrate the ability to work as an ensemble member of a theatre company by meeting professional expectations, following safe production practices, and being respectful of the opinions, feelings, and values of others.
5. Analyze global issues, moral dilemmas, cultural competencies, and social systems as encountered through work in Theatre Arts.
6. Analyze scripts and other production materials while addressing and evaluating problems and issues in making creative choices.

Total units required for degree major..............................................18

Students earning a CSU-GE pattern must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

THART 10  Introduction to Theatre ........................................3

54 lecture hours
Transferable to CSU/UC
C-ID THRT 111

This course introduces students to theatre arts, including the production process, play writing, acting, directing, producing, design, criticism, and the relationships between theatre and society. Students survey different periods, styles, genres, and theatre practice through play reading, discussion, films, and viewing and critiquing live theatre performance to develop an understanding of theatre as a collaborative art form. Further, the course explores the relationship of theatre to various cultures, to TV and film, and to other arts and humanities. Grades are P/NP option. (L)

THART 11A  Introduction to Acting I ......................................3

45 lecture hours, 27 lab hours
Transferable to CSU/UC
C-ID THTR 151

This course prepares students to apply basic acting theory to performance and develops the skills of interpretation of drama through acting. Special attention is paid to skills for performance, such as memorization, stage movement, vocal production, diction, improvisational technique, characterization, scene study, and interpretation of text. Several monologues and scenes will be developed and presented in class.
### THART 12B Intermediate Studies in Acting II 3 units
45 lecture hours, 27 lab hours

**Prerequisite:** Satisfactory completion of: THART 11A

**Transferable to CSU/UC**

C-ID THTR 152

This course continues Introduction to Acting I (Thart 11A), further developing the students' understanding of theories and techniques used in the interpretation of drama through acting. The emphasis will be placed on deepening the understanding of the acting process through character analysis, monologues, scenes, pantomime, stage movement, imagination, improvisation, and verse study. Increased emphasis is also placed on acting in more complex scenes and plays. Students will engage in in-depth scenic analysis of classical plays. Grades are P/NP option.

### THART 12A Intermediate Studies 3 units
in Acting I
45 lecture hours, 27 lab hours

**Prerequisite:** Satisfactory completion of: THART 11A or THART 26 or THART 29R or audition based prerequisite challenge is allowed. Students who have the skills and experience through previous stage performance may audition/interview with instructor and with dean’s approval may enter the class.

**Transferable to CSU/UC**

This course covers the application of intermediate acting theories and techniques. It includes analyzing and performing scripts from realistic and stylized drama, audition monologues, scenes, and complex acting exercises. Intermediate development of acting skills including improvisation, craft, vocal production, interpretation, auditioning, stage movement, and character analysis. Participation in an acting showcase, one-act play, or full-length play at end of semester is required. Field trips and/or attendance of live performances may be required. Grades are P/NP option.

### THART 26 Musical Theatre Workshop 3 units
162 lab hours

**Conditions of Enrollment:** Audition: THART 26 is an intensive course designed to prepare Music and Theatre Arts majors for careers in acting, musical performance, and/or performance production. In order to be fully successful in this course, students should already possess some knowledge of theatre performance and production.

**Transferable to CSU/UC**

C-ID THTR 192

This course provides instruction and supervised participation in theatre rehearsal and performance including acting, directing, design, and technical work, culminating in a theatre production. Plays will be selected from various periods and styles. Repeatable: four times only. Grades are P/NP option.

### THART 29R College Theatre v1-3 units
54-162 lab hours

**Conditions of Enrollment:** Audition: THART 29 is an intensive course designed to prepare Theatre Arts majors for careers in acting and/or performance production. In order to be fully successful in this course, students should already possess some knowledge of theatre performance and production.

**Transferable to CSU/UC**

This course provides instruction and supervised participation in theatre rehearsal and performance including acting, directing, design, and technical work, culminating in a theatre production. Works to be selected from various periods and styles. Repeatable: four times only. Grades are P/NP option.

### THART 30 Technical Theatre in Production 3 units
162 lab hours

**Conditions of Enrollment:** Audition/interview required.

**Transferable to CSU**

C-ID THTR 192

Practical experience in the application of production responsibilities in the following: stage management, construction, scenery, properties, lighting, sound and running crews. Grades are P/NP option.

### THART 32 Film Studies: Focus on ... 3 units
54 lecture hours

**Transferable to CSU/UC**

Study of a particular director/artist, genre, or national cinema. Students view and discuss full-length feature films; topic to be specified in class schedule. Grades are P/NP option. (L)

### THART 33 History of Film 3 units
54 lecture hours

**Transferable to CSU/UC**

Survey of the motion picture history; traces the development of the art, technology, and social importance of film during the last 125 years; screenings of significant and representative narrative and experimental films from the silent to the modern era. Not open to students with credit in ENGL 33 or HUM 33. Grades are P/NP option.
THART 34  Introduction to Film  3 units
54 lecture hours
Transferable to CSU/UC
Study of film as art and its influence on society, including interpretation, criticism, and technical developments; students view and discuss full-length feature films. Not open for credit to students with credit in ENGL 34 or HUMAN 34. (L)

THART 45A  Stagecraft 1  3 units
36 lecture hours, 54 lab hours
Transferable to CSU/UC
C-ID THTR 171
Practices, terminology, and organization of contemporary theatre technology; exercises in construction and implementation of all technical aspects of production (sets, lighting, sound, costumes, properties, stage management, make-up). Integrated with Yuba College theatre productions.

THART 45B  Production and Technical Theatre I  3 units
36 lecture hours, 54 lab hours
Transferable to CSU/UC
C-ID THTR 172
Students will be offered a survey of scenery, lighting, sound, costumes, makeup, properties, theatrical equipment and construction techniques through demonstration and laboratory experience. Information is applicable to all formal theatrical applications. The course will introduce best practices for, terminology, and organization of contemporary theatre technology. Students will participate in exercises in construction and implementation of all technical aspects of production (sets, lighting, sound, costumes, properties, stage management, make-up). Grades are P/NP option.

THART 45C  Production and Technical Theatre II  3 units
36 lecture hours, 54 lab hours
Transferable to CSU
C-ID THTR 173
This course involves the study and execution of stagecraft with a focus on stage lighting and emphasis on equipment, control, color and their relationship to design. Grades are P/NP option.

MUSICAL THEATRE:
Family of Classes
(No more than four classes can be attempted within each family of classes listed below. See page 50 for details.)
THART 26—Musical Theatre Workshop
THART 11B—Introduction to Acting II
THART 12A—Intermediate Studies in Acting I
THART 12B—Intermediate Studies in Acting II

THEATRE:

(No more than four classes can be attempted within each family of classes listed below. See page 50 for details.)
THART 29R—College Theatre

THEATRE PRODUCTION:
Family of Classes
(No more than four classes can be attempted within each family of classes listed below. See page 50 for details.)
THART 45A—Stagecraft I
THART 45B—Production and Technical Theatre I
THART 45C—Production and Technical Theatre II

FOUNDATIONS OF ACTING:
Family of Classes
(No more than four classes can be attempted within each family of classes listed below. See page 50 for details.)
THART 11A—Introduction to Acting
THART 11B—Introduction to Acting II
THART 12A—Intermediate Studies in Acting I
THART 12B—Intermediate Studies in Acting II
Veterinary Technology

Accredited by the American Veterinary Medical Association, Yuba College offers an Associate of Science Degree Program in Veterinary Technology. The Program is a full-time course of study that can be completed in two years or extended by completing the General Education, Science and other graduation requirements prior to admission into the veterinary technology sequence. The latter format is highly recommended. Graduates of the Veterinary Technology Program are eligible to take the California State and National licensing examinations to become a Registered Veterinary Technician. Additionally, the Veterinary Technology Program offers two on-line Certificate of Achievement programs in Veterinary Assisting/Receptionist and Veterinary Public Health and Food Safety; plus three on-line Certificate of Training programs in Shelter Medicine, Laboratory Animal Medicine, and Large Animal Care and Management.

Admission Requirements:

Selection of candidates for entry into the Veterinary Technology Program occurs each spring. A completed Veterinary Technology Program application and college transcripts must be received by the Veterinary Technology Program administrator prior to May 15th in order to be eligible for entrance in the subsequent fall semester. The Program starts a new class each fall semester. The Veterinary Technology Program application may be printed from the Program’s website: http://www.yccd.edu/yuba/vettech/vt_application.pdf. General application to or enrollment at Yuba College does not imply acceptance into the Veterinary Technology Program. Qualified applicants will be notified of their preliminary acceptance into the Program by June 1st. Attendance and participation in the Veterinary Technology Program Orientation is a mandatory requirement before final acceptance of a candidate. This Orientation, held on a Saturday in June, is a one day exploration into the teaching formats, academic and physical demands, and dexterity requirements that the Veterinary Technology Program student can expect to encounter (http://vettech.yccd.edu/orientation.aspx).

Costs: In addition to the expenses of regularly enrolled students (e.g., living costs, activity fees, books, tuition), Veterinary Technology Program students have the additional requirements of uniforms, drug screening, E*Value™ student informatics system, and radiation monitoring equipment. Veterinary Technology Program students are eligible for grants and loans available to any Yuba College student meeting expected criteria. http://vettech.yccd.edu/course-materials.aspx

Drug Policy: All students enrolled in the Veterinary Technology Program are subject to the drug policy which is a part of the Student Code of Conduct. Violation of this policy may result in denial of admission or dismissal from the Program. The policy is outlined in the Student Handbook as well as in the Veterinary Technology Program Policy Handbook found on the Program’s website (www.yccd.edu/yuba/vettech).

Computer Policy: Students are required to complete many assignments and testing utilizing computers. Students will need an e-mail address that they check daily in order to receive important course information. Additionally, our program utilizes computerized records and billing procedures; therefore, it is strongly recommended that students entering the Veterinary Technology Program be computer literate and have access to a reliable internet connection.

Other Requirements: Students in the Veterinary Technology Program are required to complete various off site hospital training internships specific to each individual facility utilized by the Program. These training hours are mandatory and in excess to required individual course hours. Travel will be required of all students.

Prerequisite Course Requirements: Due to the demanding nature of the Program, it is recommended that the prospective student complete as many courses as possible of the general science and general education requirements for the Associate in Science degree PRIOR to admission to the Veterinary Technology Program. Additionally eight hours of verifiable veterinary practice observation in a clinical setting must be completed prior to submission of application.

Prerequisite courses VETT 91 (Veterinary Assisting), BIOL 15 (Bioscience) and CHEM 10 (Concepts of Chemistry) or their college level equivalents MUST be completed with a grade of “C” or better PRIOR to submission of an application for enrollment into the Veterinary Technology Program. Additionally, it is strongly recommended that the MCOMM/EDUC 40, “Introduction to Online Learning” course be completed prior to Program admission to insure optimal learning in our Veterinary Technology online courses.

Should the number of qualified applicants exceed the number of available spaces in a given class, a wait list process will be utilized to establish entrance priority. For more specific information contact the Veterinary Technology Program Administrator at 530-741-6962 or vettech@yccd.edu
Program Progression: The Veterinary Technology Program is a full-time course of study with each class building on preceding veterinary technology courses. Therefore, all required courses must be taken in the sequence listed below. All classes will be taught at the Yuba College campus in Marysville although some may be offered on-line via the Internet. Veterinary facilities in several counties are utilized for the clinical internship portion of the Program, requiring some degree of travel of all students while pursuing their veterinary technology education.

VETERINARY TECHNOLOGY
(Associate in Science)

http://vettech.yccd.edu/as-degree.aspx

Additional Graduation requirements are needed for the degree -- See graduation information.

Students who complete this program should be able to:

1. Apply critical thinking skills when confronted with issues and problems in veterinary medical practice.
2. Display behavior consistent with the highest professional ethics to foster personal growth and civic responsibility.
3. Demonstrate competence in the husbandry, restraint, and handling of animals to include knowledge of normal and abnormal life processes and the diagnostic, medical, and surgical techniques needed to enhance and preserve human and animal health.

Minimum units for degree major: 62

NOTE: To progress through the Associate Degree in Veterinary Technology, all courses must be passed with a grade of “C” or better. The Health/Physical Education and Multi-Cultural graduation requirements are satisfied by completion of the Veterinary Technology Program.

Student Program Individualization:

Individualization within veterinary technology is common today thereby improving post-graduate employment opportunities for Yuba College graduates. Students may want to concentrate their studies in one or more areas of their own interest; these will not be noted on the transcript and are only provided to enhance academic preparation and employment opportunities. However, the Veterinary Technology Program issues an ‘Emphasis’ completion award to the student. http://vettech.yccd.edu/program-curriculum.aspx The following Veterinary Technology Program individualizations are currently available to our students:

- **Business Management Option:** Completion of VETT 7 Veterinary Business Applications, VETT 52 Human Animal Bond, VETT 57 Animals and Society, completion and submission of an original business management research project, and at least 4 units of VETT 5 as a clinic business internship.

- **Dental Option:** Completion of VETT 52 Human Animal Bond, VETT 53D Principles of Veterinary Dentistry, VETT 57 Animals and Society, completion and submission of an original veterinary dentistry research project, and at least 4 units of VETT 5 as a dental specialty internship.

- **Exotic Animal/Wildlife Option:** Completion of VETT 10 Exotic and Wildlife Medicine, VETT 52 Human Animal Bond, VETT 57 Animals and Society, completion and submission of an original exotic/wildlife research project, and at least 4 units of VETT 5 as a wildlife and/or exotic animal internship.

- **Laboratory Animal Option:** Completion of VETT 9 Laboratory Animal Medicine, VETT 15 Advanced Laboratory Animal Medicine, VETT 57 Animals and Society, American Association for Laboratory Animal Science ALAT certification, completion and submission of an original laboratory animal medicine research project, and at least 4 units of VETT 5 as a laboratory animal internship.

- **Laboratory Diagnostics Option:** Completion of VETT 4 Clinical Laboratory Techniques, VETT 52 Human Animal Medicine.
VETERINARY ASSISTANT/RECEPTIONIST (Certificate of Achievement)

Students who complete this program should be able to:
1. Apply critical thinking skills when confronted with issues and problems in veterinary medical practice.
2. Display behavior consistent with the highest professional ethics to foster personal growth and civic responsibility.
3. Demonstrate competence in the husbandry, restraint, and handling of animals to include knowledge of normal and abnormal life processes and the common medical procedures performed in veterinary medical practice.

- VETT 56 Shelter Medicine                   3 units
- VETT 57 Veterinary Technology Board Review  2 units

Total units required: 17

*Additional certificate requirements: VETT 5 internship will be held at an approved animal care facility.

Veterinary Assistant/Receptionist Certificate

The Veterinary Assistant course of study is a fully online Certificate of Achievement that provides the course work, direction and work experience necessary to prepare students or augment existing skills to develop knowledge and self confidence working with animals as a veterinary assistant, receptionist, pet shop, kennel, animal control or animal shelter worker. Students learn effective communication techniques, veterinary terminology, procedures for medical records and admitting/discharge patients, animal behavior basics, inventory management and ordering techniques, how to deal with difficult clients, book keeping skills, animal restraint, animal grooming, administration of medication and veterinary medical assisting.

Valuable members of the veterinary medical team, the veterinary assistant works under the supervision of the Registered Veterinary Technician and veterinarian to facilitate the delivery of quality medical care to their animal patients. Students will learn via the Internet, on-line discussion groups, videotaped presentations and textbooks. This convenient distance learning program is ideal for the working professional and allows for more flexibility than a traditional college curriculum and is designed to allow students to complete the Certificate of Achievement in just one year. In addition to providing the necessary information to upgrade current job skills for those already employed in veterinary facilities, this course of study also provides an excellent preparation for the individual interested in applying to the Yuba College Veterinary Technology Program. http://vettech.yccd.edu/veterinary-assistant-.aspx
### Programs and Courses

**VETT 1**  
**Introduction to Veterinary Technology**  
3 units  
54 lecture hours  
**Transferable to CSU**  
This course introduces the first year Veterinary Technology student to the diverse field of veterinary technology. Emphasis on career paths, legal requirements, ethics, animal breeds, patient exams, and medical records. Multiple species will be covered and students will engage in hands-on care of all VT Program animals on a repeating basis throughout the semester (L,M,C).

**VETT 2**  
**Veterinary Physiology and Anatomy**  
3 units  
54 lecture hours  
**Prerequisite:** Satisfactory completion of: VETT 1  
**Corequisite:** VETT 4  
**Transferable to CSU**  
Gross anatomy and physiology of domestic animals. Includes the study of body systems such as skeletal, muscular, integumentary, respiratory, nervous, circulatory, excretory, reproductive, endocrine and digestive. Also includes physiologic principles of certain pathological problems and surgical conditions. Application of normal physiology as it pertains to anatomy, animal health and disease. (L,M,C)

**VETT 2L**  
**Veterinary Anatomy Laboratory**  
2 units  
108 lab hours  
**Prerequisite:** Satisfactory completion of: VETT 1 and VETT 4  
**Corequisite:** VETT 2  
**Transferable to CSU**  
Gross anatomy laboratory of domestic animals. This laboratory course will introduce the veterinary technology student to basic anatomy of domestic animals. Topics include anatomical and directional terms common to veterinary medical practice as well as coverage of the skeletal, integumentary, muscular, cardiopulmonary, digestive, urogenital, endocrine, and nervous systems and the special sense organs. The structure and function of the animal body as well as discussion of the similarities and differences among domestic animal species is included. (L,C)

**VETT 3**  
**Pharmacology for Veterinary Technicians**  
3 units  
54 lecture hours  
**Transferable to CSU**  
Concepts of veterinary anesthesia and pharmacology to include agents used as pre-anesthetics, induction agents, and general anesthesia, the physiological impacts of anesthesia on the body, patient prep, high-risk patients and complications. Pharmacokinetics in animals, principles and mechanism of drug action, drug types and legal requirements. (L,M)

**VETT 4**  
**Clinical Laboratory Techniques**  
3 units  
36 lecture hours, 54 lab hours  
**Other Conditions:** Admission to VET TECH Program.  
**Transferable to CSU**  
Studies of the laboratory techniques and procedures employed in evaluating clinical diagnostic samples. Emphasis will be placed on procedures common to veterinary medicine including hematology, serum chemistry, urinalysis, cytology, immunology, parasitology and microbiology. Topics include: the safe and proper collection of diverse samples, microbial culturing, methods of sample analysis, and the significance of normal and abnormal results. (L,M)

**VETT 5A**  
**Veterinary Technology Internship A**  
v1-4 units  
54-216 lab hours  
**Prerequisite:** Satisfactory completion of: VETT 91  
**Transferable to CSU**  
Introduction to the application of veterinary technology procedures at off-campus internship sites under direct supervision of a veterinarian or a registered veterinary technician. Internship sites include veterinary hospitals and clinics, research and shelters. Rotation through various facilities is required. Apply clinical application of anatomy and physiology, interpersonal skills and team building. (L,M,C)

**VETT 5B**  
**Veterinary Technology Internship B**  
v1-4 units  
54-216 lab hours  
**Prerequisite:** Satisfactory completion of: VETT 91  
**Transferable to CSU**  
Introduction to the application of veterinary technology procedures at off-campus internship sites under direct supervision of a veterinarian or a registered veterinary technician. Internship sites include veterinary hospitals and clinics, research and shelters. Rotation through various facilities is required. Apply application of knowledge and skills acquired in concurrent course work. Obtain competency in essential nursing tasks. Increase knowledge and ability to operate hospital lab equipment and develop skills to perform basic veterinary laboratory procedures. (L,M,C)

**VETT 5C**  
**Veterinary Technology Internship C**  
v1-4 units  
54-216 lab hours  
**Prerequisite:** Satisfactory completion of: VETT 91  
**Transferable to CSU**  
Introduction to the application of veterinary technology procedures at off-campus internship sites under direct supervision of a veterinarian or a registered veterinary technician. Internship sites include veterinary hospitals and clinics, research and shelters. Rotation through various facilities is required. Application of knowledge and skills acquired in concurrent course work. Apply skills acquired in radiology, anesthesiology and surgery. (L,M)

</table>

**Prerequisite:** Satisfactory completion of VETT 91

**Transferable to CSU**

Introduction to the application of veterinary technology procedures at off-campus internship sites under direct supervision of a veterinarian or a registered veterinary technician. Internship sites include veterinary hospitals and clinics, research and shelters. Rotation through various facilities is required. Apply application of knowledge and skills acquired in concurrent course work. Provide nursing care to emergency and critical care patients. Administer complex therapeutics. Develop patient care plans. (L,M,C)

**Transferable to CSU**

Introduction to laboratory animal medicine. Survey of feeding, common management practices, and care of laboratory animals in a clinical setting. Appropriate methods of animal handling, restraint, management practices, research techniques, husbandry, nursing, care and observation of laboratory species will be emphasized. Students will learn about guidelines, regulations, and legislation governing the use of animals in research. This course will provide information and handling skills which will help the student prepare for AALAS certification. (L,C)

**Transferable to CSU**

Applied mathematics as a fundamental communication and technical skill. Review of calculations involving decimals, ratios, fractions and unit conversions as utilized in medical practice for dosage determinations, administration of drugs, prescriptions and intravenous fluid infusion. Course includes analysis of written word problems and real-world case scenarios relevant to veterinary medical practice. (L,M,C)
Programs and Courses

VETT 16  Professional Development  1 unit
Seminar
18 lecture hours  Transferable to CSU
Introduction to the various skills needed for career building and professional development. The course will cover the differences between having a job and managing a career as well as how to link skills from an old job to a new one. Students will learn the basics of résumé construction, how to locate jobs, and how to interview successfully. Grades are P/NP. (L)

VETT 18  Food Safety and Security  3 units
54 lecture hours  Transferable to CSU
Food safety is an important component of public health. This course presents the basic principles and practice of food safety. Topics include food microbiology, sanitation, hazard analysis and critical control points (HACCP), toxins, allergens and food defense. Aligned with International HACC Alliance requirements, students who complete this course will be prepared for entry-level HACC certification. (L)

VETT 2  Veterinary Diagnostic Imaging
18 lecture hours, 54 lab hours  Prerequisite: Satisfactory completion of: VETT 1 or VETT 4; VETT 2 and VETT 2L
Principles and techniques of radiographic imaging. Includes the production of x-rays, radiographic equipment, safety management, and radiographic quality. Also includes diagnostic radiographs and ultrasounds, positioning of patients, darkroom techniques and x-ray processing.

VETT 2L  Veterinary Diagnostic Imaging Lab

VETT 52  Human-Animal Bond  3 units
54 lecture hours
Using both anthropological and sociological perspectives, the course explores the unique social relationship humans share with other animals. Students explore the mutual impact humans and animals have on each other over time and across cultures. Learners will critically evaluate the social construction of attitudes towards animals and how these values influence human-nonhuman animal interactions. (L)

VETT 53A  Vet Surgical Nursing and Anesthesia  4 units
36 lecture hours, 108 lab hours  Prerequisite: Satisfactory completion of: VETT 1 or VETT 4; VETT 2 and VETT 2L
Principles and techniques involving surgery and anesthesia. Includes preparation and identification of surgical instruments and equipment, routine surgical procedures, anesthesia induction and monitoring, post-surgical care, clean up and surgical record keeping. Multiple species will be covered and students will participate in hands-on care of VT Program animals throughout the semester. Completion of a Capstone Project proposal is required. (L,M,C)

VETT 53B  Veterinary Diagnostic Imaging  2 units
18 lecture hours, 54 lab hours  Prerequisite: Satisfactory completion of: VETT 1 or VETT 4; VETT 2 and VETT 2L
Principles and techniques of radiographic imaging. Includes the production of x-rays, radiographic equipment, safety management, and radiographic quality. Also includes diagnostic radiographs and ultrasounds, positioning of patients, darkroom techniques and x-ray processing.

VETT 53C  Advanced Veterinary Nursing Techniques  4 units
36 lecture hours, 108 lab hours  Prerequisite: Satisfactory completion of: VETT 53A and 53B
Principles and techniques involving veterinary nursing. Emphasis on venipuncture, catheterization, fluid therapy, preparation, nursing care and behavior of large and small animals, preventive medicine, nutrition, record keeping and medical procedures. Also includes mentoring techniques, teamwork, communications and health problem assessment involving kennel management. Multiple species will be covered and students will participate in hands-on care of VT Program animals throughout the semester. Completion of a Capstone Project is required. (L,M,C)

VETT 53D  Principles of Veterinary Dentistry  2 units
18 lecture hours, 54 lab hours  Prerequisite: Satisfactory completion of: VETT 1
Principles and techniques involving veterinary dentistry. Includes preparation and identification of dental instruments and equipment, routine dental procedures, dental charting, the oral examination, oral radiography, orthodontics, pathophysiology and dental emergencies. This lecture/laboratory course defines the role of the Registered Veterinary Technician (RVT) in veterinary dentistry. The laboratory portion of the course utilizes demonstrations, laboratory exercises, group activities, online case studies and lectures to illustrate the principles presented in lecture. (L,M)

VETT 54  Public Health and Infectious Disease  3 units
54 lecture hours
This course introduces the core concepts of public health emphasizing zoonotic and infectious diseases important to both human and animal health. Collaborative efforts between human and veterinary medical professions through the ‘One Health Initiative’ will be discussed, including issues and developments in food safety, global health and the principles of epidemiology in risk assessment and effective public health interventions. (L)

VETT 55  Veterinary Medical Terminology  3 units
54 lecture hours
This course guides learners through the process of reading, writing, and comprehending medical terminology used in the veterinary medical field including analysis and origin of word roots, prefixes and suffixes. Additionally word construction, definitions, and use of words related to the body systems are covered. Topics include the pronunciation, spelling and definition of word parts and vocabulary terms unique to the anatomy, clinical pathology, and treatment of animals. Lectures demonstrate the importance of proper vocabulary usage in patient records. (L,C)
VETT 56    Shelter Medicine    3 units
54 lecture hours
This course explores the origin of animal shelters as well as pet population dynamics. Students will analyze data about animal shelter systems and operations, devising solutions for identified health and welfare concerns. Topics include: behavioral assessment, infectious disease prevention and control, medical and emergency care. (L,C)

VETT 57    Animals and Society    3 units
54 lecture hours
An interdisciplinary approach to examining the diverse roles of animals in society, the evolution of human attitudes toward animals, and the animal responses to humans. Emphasis will be placed on the role of animals in human society (anthrozoology), animal social construction, and the moral relationship of animals in human society. Directed independent work will provide the student with individual experiences in animal societal issues. Students will design and complete an independent study project. (L)

VETT 59    Veterinary Technology    2 units
Board Review
36 lecture hours
Review of pertinent subject matter in preparation for the National Board and California State Veterinary Technician Examinations. Includes a review of the California Statutes and Administrative Rules pertaining to veterinary medicine and content review of all pertinent medical subjects as well as question analysis strategies. Also includes test taking skills, test anxiety reduction techniques and practice board exams; includes information on exam application processes. (C,L,M)

VETT 91    Veterinary Assisting    3 units
54 lecture hours
Concepts of veterinary medicine needed to function effectively as a veterinary assistant, veterinary receptionist, kennel staff or animal shelter worker. This course does not lead to the AS Degree in Veterinary Technology but can be used as a step towards entry into that program. (L)

VOCATIONAL NURSING (see Nursing)
### Welding Technologies

The Welding Program teaches curriculum that is designed to meet the minimum skill standards established by the American Welding Society (AWS) for entry-level welders. Our comprehensive program develops a student’s skills in metals cutting and joining processes. Training is given in both theory and practical skills in the various phases of welding and cutting. This includes introductory to advanced methods plasma and air carbon arc cutting, oxyacetylene cutting, SMAW (stick), GTAW (TIG) welding, SMAW (MIG) welding, and FCA (flux core), welding inspecting, testing principles and fabrication techniques, and other processes. Our classes are conducted in laboratories outfitted with modern industrial welding, cutting, CNC plasma, forming, fixture, tube and pipe shaping and other fabrication equipment. Entry-level welders are employed in a wide range of industries that use welding and welding-related tasks as project managers, supply salespeople, and teachers, or possible pursue a higher degree.

### WELDING TECHNOLOGIES

**(Associate in Science)**

Students who complete this program should be able to:

1. Demonstrate appropriate workplace safety policies and procedures during welding and fabrication operations.
2. Demonstrate minimum competency in major welding processes used in industry.
3. Recognize and interpret technical drawings in planning and fabrication projects.

Plus 3 units from the following courses:

- AUTO 22 Hydraulics (Fluid Power) | 3
- CWEE 45A Occupational Work Experience-Volunteer | 1-4
- CWEE 45B Occupational Work Experience-Paid | 1-4
- MFGT 21 Intermediate Machine Shop | 3
- WELD 52 Intermediate Structural Steel and Flux Cored Arc Welding | 4
- WELD 64 Advanced Pipe Welding | 4

Total units required for degree major | 37

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

### ADVANCED WELDING TECHNOLOGIES

**(Certificate of Achievement)**

Students who complete this program should be able to:

1. Demonstrate appropriate workplace safety policies and procedures during welding and fabrication operations.
2. Demonstrate minimum competency in major welding processes used in industry.
3. Recognize and interpret technical drawings in planning and fabrication projects.

54 lecture hours, 54 lab hours

**Transferable to CSU**

This course advances beginning arc welding skills with an emphasis on Shielded Metal Arc Welding (SMAW). Power sources, electrode identification, weldability of metals, joint design, air arc, oxyacetylene cutting, and introduction to other welding processes are covered. Activities include learning to weld stringer and weave beads, and producing butt and fillet welds in the flat and horizontal positions. Welds will be performed to the AWS welding standards. Grades are P/NP option.

#### WELD 10

**Introduction to Shielded Metal Arc Welding (SMAW)**

18 lecture hours, 54 lab hours

**Prerequisite:** Satisfactory completion of: WELD 10

**Transferable to CSU**

This course covers intermediate arc welding skills with emphasis on vertical and overhead welding with the Shielded Metal Arc Welding (SMAW) process. Course activities prepare the student for weld certification, pipe welding and advanced arc welding classes. Weld symbols, joint preparation, weld codes, AWS standards and weld alloys are covered.

#### WELD 12

**Intermediate Shielded Metal Arc Welding (SMAW)**

18 lecture hours, 54 lab hours

**Prerequisite:** Satisfactory completion of: WELD 10

**Transferable to CSU**

This is an advanced course designed to prepare students to pass structural steel certification in vertical and overhead positions. The Shielded Metal Arc Welding (SMAW) process will be used. The goal of this class is to pass the AWS D1.1 Welding Certificate Test. Strict adherence to the testing procedures will be followed. Completion of the class does not guarantee AWS certification unless welding procedure qualification tests are passed. Grades are P/NP.
Programs and Courses

WELD 20  Introduction to Gas Metal Arc Welding (GMAW)  4 units  
54 lecture hours, 54 lab hours  
Transferable to CSU  
Emphasizes developing skills on light gauge steel, aluminum, and stainless steel. Related instruction will include ferrous and nonferrous metal identification and their welding characteristics. MIG welding applications and variable, inert shielding gases and mixtures, trouble shooting MIG equipment and welds and spot welding.

WELD 22  Intermediate Gas Metal Arc Welding (GMAW)  4 units  
54 lecture hours, 54 lab hours  
Prerequisite: Satisfactory completion of: WELD 20  
Transferable to CSU  
This is an intermediate course with an emphasis on vertical and overhead welding. Designed for the student interested in improving upon the Gas Metal Arc Welding (GMAW) skills learned in Weld 20. This course emphasizes skills needed for entry into the work force as a GMAW (also known as MIG) welder. Grades are P/NP option.

WELD 24  Advanced Gas Metal Arc Welding (GMAW)  2 units  
18 lecture hours, 54 lab hours  
Prerequisite: Satisfactory completion of: WELD 22  
Transferable to CSU  
This is an advanced course with an emphasis on out of position Gas Metal Arc Welding (GMAW) welding. This course is designed for those who wish to improve their skills and prepare for entry into the workforce as a GMAW (also known as MIG) welder. Grades are P/NP option.

WELD 40  Introduction to Gas Tungsten Arc Welding (GTAW)  4 units  
54 lecture hours, 54 lab hours  
Transferable to CSU  
This course is an introduction to the Gas Tungsten Arc Welding (GTAW) process. The course covers welding techniques for welding mild steel, aluminum and stainless steel. The course will stress welding applications on flat and pipe stock in all positions to develop GTAW (also known as TIG) welding skills. Course content will include metal identification and welding symbols. Grades are P/NP option.

WELD 42  Intermediate Gas Tungsten Arc Welding (GTAW)  4 units  
54 lecture hours, 54 lab hours  
Prerequisite: Satisfactory completion of: WELD 40  
Transferable to CSU  
This is an intermediate course with an emphasis on vertical and overhead Gas Tungsten Arc Welding (GTAW). This class is designed for the student who is interested in improving his/her beginning skills in order to prepare for entry into the job force as a GTAW (also known as TIG) welder. Grades are P/NP option.

WELD 44  Advanced Gas Tungsten Arc Welding (GTAW)  2 units  
18 lecture hours, 54 lab hours  
Prerequisite: Satisfactory completion of: WELD 42  
Transferable to CSU  
This is an advanced laboratory course further emphasizing out of position Gas Tungsten Arc Welding (GTAW). This course is designed for those who wish to improve their skills to a level that will make them marketable in the workforce as a GTAW (also known as TIG) welder. Grades are P/NP option.

WELD 50  Introduction to Structural Steel and Flux Cored Arc Weld (FCAW)  4 units  
54 lecture hours, 54 lab hours  
Prerequisite: Satisfactory completion of: WELD 20  
Transferable to CSU  
This course emphasizes developing skills on structural steel and Flux Cored Arc Welding (FCAW) practices. Related instruction will include ferrous metal identification and welding characteristics, FCAW welding applications and variable, dual shield inert shielding gases and mixtures. Students will troubleshoot FCAW equipment and welds completed in all positions. Grades are P/NP option.

WELD 52  Intermediate Structural Steel and Flux Cored Arc Welding (FCAW)  4 units  
54 lecture hours, 54 lab hours  
Prerequisite: Satisfactory completion of: WELD 50  
Transferable to CSU  
This course emphasizes improving skills in structural steel and flux cored arc welding (FCAW) practices. Related instruction will include: ferrous metal identification and welding characteristics, FCAW welding applications and variables, dual shield inert shielding gases and mixtures, troubleshooting FCAW equipment, and welding in all positions. Grades are P/NP option.

WELD 54  Advanced Flux Cored Arc Welding (FCAW)  2 units  
18 lecture hours, 54 lab hours  
Prerequisite: Satisfactory completion of: WELD 52  
Transferable to CSU  
This is an advanced laboratory course further emphasizing out-of-position flux cored arc welding (FCAW). This course is designed for those who wish to improve their skills to prepare them for entry into the workforce as a FCAW welder. Grades are P/NP option.

WELD 62  Pipe Welding Fundamentals  4 units  
54 lecture hours, 54 lab hours  
Prerequisite: Satisfactory completion of: WELD 12  
Transferable to CSU  
This course covers fundamentals of pipe welding with emphasis on open groove pipe joints and pipe joint preparation using oxy-fuel cutting, plasma cutting, and proper grinding techniques. The course emphasizes shielded metal arc welding (SMAW) but will introduce students to other welding processes related to welding pipe in all positions. Grades are P/NP option.
**Programs and Courses**

WELD 64  Advanced Pipe Welding  4 units
54 lecture hours, 54 lab hours

*Prerequisite:* Satisfactory completion of: WELD 62
This is an advanced pipe welding course with an emphasis on ASME, AWS and API certification. Course instruction includes pipe welding codes, and classification and identification of pipe and pipe welding procedures. Completion of the class does not guarantee certification unless welding procedure qualification tests are passed. Grades are P/NP option.

WELD 83  GMAW/GTAW Production  4 units
Welding
54 lecture hours, 54 lab hours
This course is an introduction to gas tungsten arc welding (GTAW) and gas metal arc welding (GMAW). It covers plasma art cutting, application of processes, and use of a track cutter. Students will be introduced to manual and Computer Numerical Control (CNC) plasma cutting. Grades are P/NP option.

WELD 84  Applied Fabrication  4 units
Welding
54 lecture hours, 54 lab hours
This course focuses on project design, metal fabrication, and fabrication methods. Students will receive instruction on designing, cutting assembling, and welding. Students will learn sheet metal design and fabrication techniques utilizing manual and automated equipment. Grades are P/NP option.

WELD 85  Structure Design and Fabrication  4 units
54 lecture hours, 54 lab hours

*Prerequisite:* Satisfactory completion of: WELD 84
Other: Projects are designed with CNC Equipment
Structural weld design and fabrication of weldments. Operation of mechanized iron workers, tubular benders and press brake operations and other fabrication equipment. Students will receive instruction on utilization of blueprints, welding symbols, cost estimation, and layout techniques, in regards to structural steel applications. Grades are P/NP option. (C)

WELD 88  Welding Technical Problems  4 units
54 lecture hours, 54 lab hours
Individualized instruction of special topics; including weld testing and certification, industry standards, A.N.S.I., A.W.S., A.P.I., A.S.M.E., research, and special welding processes and projects. Grades are P/NP option. (C)

WELD 89  Agriculture Welding  2 units
18 lecture hours, 54 lab hours
Emphasizes the development of minimum skill standards in welding. The SMAW (shielded metal arc welding), OFW (Oxy-Fuel Welding) and OFC (oxy-fuel cutting) processes are covered. The qualification and certification standards for entry-level welders as established by The American Welding Society will be covered. Introduction to GMAW, GTAW, FCAW, Plasma Arc cutting and technologies in the welding industry. (L)
