PSYCH - PSYCHOLOGY WITH A FOCUS ON SOCIAL SERVICES, AA, (REVISED DEG/CERT), **PAGE 53**

Dean Feedback: 8/20/19

SLO Approval: 8/27/2019

Description: Psychology is the study of human thought, feelings, and behavior. Part of its appeal is the fact that it involves both scientific investigation and practical applications of those findings in everyday life. This degree is designed to introduce students to the field of psychology with a specific emphasis on social services. Those pursuing this degree will find career options centering around helping others. This program is designed to prepare students for employment as para-professionals with agencies such as (but not limited to) youth group homes, youth and family services agencies, schools, probation, welfare, and mental health departments. Specific career titles may include (but are not limited to) peer support group facilitator, youth group home worker, and county/state eligibility worker.

This degree is not designed to prepare students to transfer to a UC or CSU. If the goal is to transfer to a UC or CSU, the Psychology ADT is a much better option.

Rationale for Revision: The psychology degree is being revised to better represent the current state of the field and to better serve Yuba College students. Specifically, the focus of the degree is shifting away from a purely academic approach and moving towards preparing students to work people in a social service/helping capacity (such as in a group home). As such, the following changes are being made: -- We added HUSEV and AJ courses to better prepare students to work in a social service/helping capacity. The HUSEV course is an intro to human services while the AJ courses cover the criminal justice system and drug usage. (Relates to program objectives 3, 4, & 5) -- We added SPCH 6 to help prepare students to work with others in a small group capacity (as is often happens in a group home setting). (Relates to program objective 4) -- We added ECE 31 to help prepare students to work with families and children (as is often happens in a group home setting). (Relates to program objectives 3 & 5) -- PSYCH 7 (Research Methods in Psychology) is being added to the degree. PSYCH 7 is a relatively new transferable core course and should be included in the Associates Degree. This class directly addresses one of the psychology program goals. (Relates to program objectives 1) -- The degree is being revised to reflect the "local need" option at the State Chancellor's office. The description clearly states that the degree is not appropriate if the students' goal is to transfer (in that case, the ADT is recommended).

PSYCH - PSYCHOLOGY AA-T, AA-T, (REVISED DEG/CERT), **PAGE 55**

Dean Feedback: 8/27/19

SLO Approval: 8/27/2019

Description: The Associate in Arts in Psychology for Transfer degree is designed for students for transfer into the CSU system to complete a bachelor's degree in Psychology. Psychology is the study of human thought, feelings, and behavior. Part of its appeal is the fact that it involves both scientific investigation and practical applications of those findings in everyday life.

Yuba College Psychology courses offer a diverse program with several goals: 1) To expose students to the variety of sub-fields in psychology; 2) to engender knowledge of, and appreciation for, the spirit and nature of scientific inquiry; 3) to facilitate insight into oneself and increase knowledge of, and sensitivity to, others; 4) to introduce students to the basic body of knowledge, thus preparing them for further study in Psychology.

Those pursuing psychology as a field of study will find many career options centering around helping others to understand, predict, and influence their own behavior and the behavior of others. Psychologists may teach, conduct research, perform psychological testing, or do consultation in a variety of settings which include hospitals, businesses, private practice, personnel offices, industry, colleges and universities, and government. Training in Psychology provides a valuable foundation for professions wherein interpersonal interactions are a component of the work setting.

To earn this AA-T degree, students must meet the following Associate in Arts Degree for Transfer requirements (pursuant to SB1440 law):

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University.

5. Earn a grade of "C" or better in all courses required for the major or area of emphasis.

Rationale for Revision: *This degree is being updated to add PSYCH 6 and to follow the 5 year-rotation..*

Now that BCA 1 has been completed, it is the Business Divisions desire to insert the BCA 1 in place of BCA 15. ***** EFFECTIVE 2-16-18: BCA 1 is being replaced with GNBUS 1. Same course information, just change from BCA to GNBUS. As of 04/25/16 BCA 1 has been submitted to CID for approval per Lani Aguinaldo. This degree is also awaiting CID approval for ECON 1A, and STAT 1. GnBus 21 did not meet CID approval and is being revised for re-submission. UPDATE: GNBUS 21 was re-submitted for approval. YC offers Math 25 Finite Math which has met CID approval for Math 30. Math 25 has been added to the AST to allow for additional student options.
