Welcome to Yuba College!

We're glad you've chosen to make YC a part of your pathway to success.

Becoming a 49er means you are a part of a community that will support you to achieve your success. Our mission is to prepare a diverse student population to excel in a rapidly changing, interdependent world. At YC, you'll find tutoring services, academic counselors, peer mentors, and other resources to support your educational path. You'll also find athletics, clubs, organizations, and service opportunities to create a holistic environment to pursue your goals.

Whether you are here to explore a new career, take your first college classes, seek personal enrichment, or start on a transfer degree pathway, you will find mentors in our faculty, staff, coaches, and administration throughout your journey. Resources are available online, on Zoom, via email or phone, and in person to meet the needs of your schedule.

The beginning of any academic year brings both excitement and nervousness. This journey will require endurance, persistence, and grit. We are here to encourage you as you navigate one of our 115 degree and certification options, along with the other 8,000 students we serve each year.

As an open-access institution, we aim to meet students where they are and connect them to the resources they need to succeed. Our affordable and high-quality programs meet the needs of our community. We work closely with industry partners to ensure our students leave our professional-technical programs ready to work. We also partner with four-year institutions to align our courses for transfer opportunities.

Since 1927, we've been a part of the Yuba/Sutter County areas. We've awarded more than 12,000 degrees and certificates in just the last 20 years. Our goal is to continue to be a school of choice that leads you to the career, degree, or pathway you've designed.

This is your college, and we are #YCProud you're here. Our goal is to help you reach your highest potential.

Welcome!

Dr. Tawny M. Dotson (she/her)
President, Yuba College

¡Bienvenido a Yuba College!

Nos complace que hayas elegido hacer de YC parte de tu camino hacia el éxito.

Convertirse en un 49er significa que eres parte de una comunidad que te apoyará para lograr tu éxito. Nuestra misión es preparar a una población estudiantil diversa para sobresalir en un mundo interdependiente que cambia rápidamente. En YC, encontrarás servicios de tutoría, consejeros académicos, mentores de pares y otros recursos para respaldar su trayectoria educativa. También encontrarás deportes, clubes, organizaciones y oportunidades de servicio para crear un entorno holístico para seguir tus objetivos.

Ya sea que estés aquí para explorar una nueva carrera, tomar tus primeras clases universitarias, buscar enriquecimiento personal o comenzar un camino de transferencia de grado, encontrarás mentores en nuestra facultad, personal, entrenadores y administración a lo largo de tu viaje. Los recursos están disponibles en línea, en Zoom, por correo electrónico o por teléfono, y en persona para satisfacer las necesidades de tu horario.

El comienzo de cualquier año académico trae tanto entusiasmo como nerviosismo. Este viaje requerirá resistencia, perseverancia y determinación. Estamos aquí para alentarte mientras navegas por una de nuestras 115 opciones de títulos y certificaciones, junto con los otros 8,000 estudiantes que atendemos cada año.

Como institución de acceso abierto, nuestro objetivo es encontrar a los estudiantes donde se encuentran y conectarlos con los recursos que necesitan para tener éxito. Nuestros programas accesibles y de alta calidad satisfacen las necesidades de nuestra comunidad. Trabajamos en estrecha colaboración con socios de la industria para asegurarnos de que nuestros estudiantes dejen nuestros programas técnico-profesionales listos para trabajar. También nos asociamos con instituciones de cuatro años para alinear nuestros cursos para oportunidades de transferencia.

Desde 1927, somos parte de las áreas del condado de Yuba / Sutter. Hemos otorgado más de 12,000 títulos y certificados en solo los últimos 20 años. Nuestro objetivo es seguir siendo una escuela de elección que te lleve a la carrera, título o trayectoria que has diseñado.

Esta es tu universidad, y estamos #YCProud (orgullosos), de que estés aquí. Nuestro objetivo es ayudarte a alcanzar tu máximo potencial.

¡Bienvenido!

District Information

Yuba Community College District

The Yuba Community College District was founded in 1927, on a 160-acre site outside of Marysville. In December, 1965, the College District was reorganized to include Colusa, Sutter, and Yuba counties and in 1974-75 to include large portions of Glenn, Lake, and Yolo counties. The District now stretches across the broad central valley of California from high in the foothills of the Sierra Nevada to the Coast Range and covers 4,192 square miles. The district has two colleges, Yuba College and Woodland Community College.

Yuba College

Yuba College, in its 93rd year of community service, founded in 1927, is located on a campus outside of Marysville on a 160-acre site. Yuba College opened on this site in September, 1962. For 93 years, Yuba College has been providing quality education and has earned a reputation as an educational leader in Northern California. Yuba College offers technical and occupational classes to help gain or improve job skills. The California State University (CSU) system reports that students who transfer from California Community Colleges, such as Yuba, consistently earn better grades than students who go directly to a CSU from high school. Yuba College offers classes that transfer to CSU, the University of California (UC) and many private universities. An experienced and well-trained faculty offer instruction in over 90 departments totaling more than 1,000 courses.

Sutter County Center

The Sutter County Center, located in north Yuba City at 3301 E. Onstott Road, prepares students for transfer to baccalaureate-granting institutions, for entry into the job market, or for further career development. The Sutter County Center's primary course offerings are transfer and general education courses; however, various career technical education courses are also offered. The state-of-the-art two-story facility holds 18 classrooms, a library, full registration service, counseling and financial aid services, dining services, and open computer lab.

Woodland Community College

Woodland Community College has provided educational opportunities for Woodland, Esparto, Knights Landing, and Colusa County since 1975. Accredited in 2008, WCC is located at 2300 East Gibson Road in Woodland.

With growth all around the college, in both Yolo and Colusa counties, WCC opened its new Learning Resource Center in May of 2007. The 72,000 sq. ft. building doubled the blueprint of WCC, adding 25 new lecture classrooms, an expanded library, TRiO, math and writing labs, and an expanded community room. Other facilities include a campus bookstore, science building, childcare center, tutoring facilities and other laboratories on campus. As part of the Measure J facilities project, the college renovated the old library building into a one-stop student services building; the administration building was also renovated to include offices for the President and Vice President, Academic Senate, a Multi-Cultural Enrichment Center and a Student Center.

Lake County Campus

Courses have been offered in this region since the fall semester of 1972. The Campus is located off Highway 53 in the City of Clearlake. In 2012 the campus added 26,600 sq. ft to the existing facilities. The expansion added a new student services center that includes a new library, three computer labs, and a vast array of important student services. The new facilities also include a "state-of-the-art kitchen" and dining room for the Culinary Arts Program and new classrooms/labs for Biology, Chemistry and Early Childhood Education courses.

At the Woodland Community College Lake County Campus, students can complete two years of pre-transfer work or satisfy their General Education requirements as well as major preparation courses for many degrees. In addition to transfer course work, the Campus offers career technical education programs in Accounting, Automotive repair, Business Administration, Chemical Dependency Counseling, Culinary Arts, Early Childhood Education, Income Tax Preparation, Drinking Water/Waste Water and Welding are also offered. The Campus also provides a wide range of student services and basic skills courses and a Child Development Center.

Colusa County Outreach Facility

The Woodland Community College Colusa County Campus is located at 99 Ella Street in Williams, Colusa County. Students can take classes at the 9,000 square foot facility which has 4 dividable classrooms. Student services are available to assist students with admission, registration, assessment, financial aid and counseling. The facility also hosts an SSS/TRIO program offered to support English as a Second Language students.

Accreditation, College Goals, Mission, and Philosophy

This catalog provides important information to help students plan for college. It includes course information, resources, and services available; academic program descriptions; degree requirements; and information about College policies and procedures.

Each student must assume complete responsibility for compliance with the instructions and regulations set forth herein. However, the information in this catalog is not to be regarded as an irrevocable contract between the student and the College. The College reserves the right to change any provision or requirement at any time.

The College assumes no responsibility for misinterpretation by a student of policies and procedures as presented in this catalog. Counselors and administrators are available to advise and assist students in meeting necessary requirements.

Students should use the catalog to be a successful college student. For example, knowing what a course is about and how it fits into the goals or program is one of the requirements for proper course selection. Course descriptions are available in the section entitled, "Programs and Courses." If the goal is to complete an associate degree, it is important to become familiar with the General Education Degree Requirements described in "Graduation Requirements." If the goal is to complete a degree or to select courses prior to transferring to a four-year college or university, then the information on "Transfer" is very helpful. Counselors are also available for assistance.

Use the catalog to learn where and how to get things done. It has information for locating resources and becoming familiar with College policies and procedures. Information is available about resources such as Admissions, Counseling, Disabled Student Program and Services, EOPS, Financial Aid, Library, Tutoring, W.I.O.A, CARE, and Veterans Services. There is also information about adding a class, applying for graduation, or getting a transcript.

Accreditation

Yuba College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (10 Commercial Blvd.; Suite 204; Novato, CA 94949; (415) 506-0234), an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education. The College is recognized as a two-year institution of collegiate grade by the University of California system, California State University system, California Community Colleges, the American Association of Collegiate Registrars and Admissions Officers, and the Veterans' Administration. Reference may also be made to the "Accredited Higher Institutions" Bulletin of the Office of Education, U.S. Government Printing Office; to the "Junior College Directory" of the American Association of Junior Colleges; and to "American Junior Colleges" published by the American Council on Education, Washington, D.C.

Supplementary Course Accreditation

Yuba College Regional Fire Academy is accredited by the California State Fire Marshal and the State Board of Fire Service. The student will also meet the requirements to proceed with the required State and National firefighting testing. Upon successful completion of the testing, the graduate (pass or) will receive California State, IFAC-International Fire Service Accreditation Congress and Pro Board-National Board of Fire Service Professional Qualifications certification. The student will also be eligible to participate in either fulltime, internship or volunteer work experience programs required by the State Fire Marshal for their Firefighter I certification.

In addition, the student will also meet the requirements to proceed with the required National Registry Emergency Medical Technician exam which will qualify the graduate (who passes) as a National Certified Emergency Medical Technician and California State certification.

Nursing - California Board of Registered Nursing

Psychiatric Technician - California Board of Licensed Vocational Nursing and Psychiatric Technician.

Chemical Dependency Counselor - CCAPP (Consortium of Addiction Programs and Professionals)

Police Academy - POST. (Peace Officers Standards and Training)

832 PC. - POST & STC Peace Officers Standards and Training and Standards and Training in Corrections

POCC, COCC, & JCOC. - STC. (Standards and Training in Corrections)

Automotive Technology - National Automotive Technician's Education Foundation (NATEF)

Radiologic Technology - Joint Review Committee on Education in Radiologic Technology (JRCERT), California Department of Health Services Radiation Health Branch

Veterinary Technology - American Veterinary Medical Association (AVMA)

Academic Freedom

Reference: Title 5, Section 51023; Accreditation Standard IIA.7

Academic employees must be free to teach and the students free to learn. Both must have access to the full range of ideas, materials and options. It is the responsibility of academic employees to encourage students to study varying points of view and to respect the students' right to form, hold, and express judgements, opinions, and beliefs, clearly identifying them as such.

The responsibility of protecting academic freedom rests with the Board of Trustees, administration, educational supervisors, and academic employees. Academic employees have a primary responsibility to develop the curriculum and select instructional materials and methods of presentation appropriate to meet the goals of that curriculum. Academic employees, educational supervisors, and administrators may recommend policies for Board consideration when there are criticisms of staff, methods, or materials. Academic employees, educational supervisors and administrators must develop procedures to implement those Board-adopted policies related to academic freedom.

When academic employees are performing their assigned responsibilities, they shall be free to express personal opinions and pursue scholarly, literary, and/or artistic endeavors.

Advantages of Yuba College

The faculty are experienced instructors, skilled in discovering and developing the interests and capabilities of their students. The ability to communicate with faculty members minimizes the danger that a student may become confused and lost in the hurry and bustle of college life and emphasizes the importance of the individual. Yuba College bridges the gap between high school and university, making adjustment easier.

The years of college education offered by Yuba College are an important budgetary item, especially since there is an increasing tendency for professional preparation to require more than four years of college study. Yuba College enables students and their families to conserve their resources for the long period of professional training.

Yuba College provides students with such services and activities as individualized counseling, social and cultural activities, sports, and physical recreation of sufficient variety to meet the needs and patterns of all students.

Students will find the opportunity to adjust their studies to their individual needs; those in high school who did not meet university admission requirements may make up their deficiencies; those who want training for immediate entry into paying jobs will find the courses they need; those who wish to transfer to a university may do so as junior (third-year) status.

Yuba College Mission Statement

Yuba College prepares a diverse student population to excel in a rapidly changing, interdependent world. Our quality programs and student services empower students to achieve their educational and life goals by providing counseling, transfer preparation, associate and transfer degrees, certificates, career and workforce training, basic skills instruction, and opportunities for lifelong learning. We respond to the diverse educational, cultural, and economic needs of our community by promoting individual potential through effective teaching and learning in an inclusive environment.

Yuba College Guiding Principles

Principle 1: Student Success and Achievement: Support an inclusive learning environment that enables all students to achieve their educational goals by promoting Connection, Entry, Progress and Completion (Completion by Design). (Aligns with YCCD Strategic Goal #1)

Principle 2: Teaching and Learning, and Support Services: Develop and scale innovative educational practices that enhance student learning and completion. (Aligns with YCCD Strategic Goal #1)

Principle 3: College Processes and Systems: Steward our resources through data-informed practices that continually improve service and increase efficiency. (Aligns with YCCD Strategic Goals #2 and #4)

Principle 4: Culture and Climate: Build a college-wide sense of community through collaboration, professional development, and inclusion. (Aligns with YCCD Strategic Goal #3)

Principle 5: Community Leadership and Engagement: Strengthen and develop partnerships to meet the educational, workforce, and cultural needs of our community. (Aligns with YCCD Strategic Goal #5)

Diversity Statement

It is the goal of Yuba College to foster a community in which diversity is valued, respected and embraced, and every person is treated with dignity, respect and justice. Diversity includes a multiplicity of values and beliefs, interests and experiences and intellectual and cultural viewpoints.

Yuba College endorses, supports and actively pursues a policy of inclusiveness that recognizes, values and reflects the diversity of the community we represent, the professionals with whom we serve and the subject matter we impart. To thrive as an academic institution, we believe we must foster a learning and working environment that encourages multiple perspectives and the free exchange of ideas in an unbiased and non-prejudicial way.

To that end, as we educate students, develop curriculum, diversify staffing and provide support services, Yuba College is guided by the priority to achieve broad inclusiveness and afford equal opportunity to all, without regard to gender, race, color, ethnicity, national origin, religion, ideology, age, economic and educational background, sexual orientation, or physical, learning and psychological differences.

Nondiscrimination Statement

Yuba College does not discriminate on the basis of race, color, national origin, sex (gender), physical and mental disability, age, sexual orientation, religion, medical condition, ancestry, or marital status in any of its policies, procedures, or practices, nor does it tolerate sexual harassment, in compliance with the Americans with Disabilities Act of 1991, Title VI of the Civil Rights Act of 1964 (pertaining to race, color, and national origin), Title IX of the Education Amendments of 1972 (pertaining to sex), Section 504 of the Rehabilitation Act of 1973 (pertaining to handicap), and Age Discrimination Act of 1975 (pertaining to age). This nondiscrimination policy covers admission and access to, and treatment and employment in, the College's programs and activities.

The Yuba Community College District Board of Trustees has adopted a Diversity Policy, BP 1300, which includes the following: a Definition of Diversity, a Diversity Statement, Principles of Community and a Diversity Framework for Institutional Transformation and Cultural Competency.

Inquiries regarding the equal opportunity policies, the filing of complaints, or to request a copy of the complaint procedures covering discrimination complaints may be directed to: Human Resources, Title IX Coordinator: (530) 741-6976 located at Yuba Community College District, 425 Plumas Blvd, Suite 200, Yuba City, CA 95991

The lack of English language skills and disability will not be a barrier to admission and participation in the college's education programs.

The College recognizes its obligation to provide overall program accessibility throughout the College for handicapped persons. Call Human Resources, Title IX Coordinator: (530) 741-6976 to obtain information as to the existence and location of services, activities, and facilities that are accessible to and usable by handicapped persons.

Inquiries regarding Federal laws and regulations about nondiscrimination in education or the college's compliance with those provisions may also be directed to:

Office for Civil Rights
San Francisco Office
U.S. Department of Education
50 United Nations Plaza
San Francisco, CA 94102-4102

Institutional Student Learning Outcomes

Student Learning Outcomes (SLO's) are the intended knowledge, skills, or abilities a student should gain or develop as the result of attending class, participating in a program, or earning a degree or certificate from Yuba College. SLO's differ from traditional measures of student success—letter grades—in that they measure specific skills within a course—and separate them from other factors that affect student success.

1. **Communication:** effectively use language and non-verbal communication consistent with and appropriate for the audience and purpose.
2. **Computation:** use appropriate mathematical concepts and methods to understand, analyze, and communicate issues in quantitative terms.
3. **Critical Thinking:** analyze data/information in addressing and evaluating problems and issues in making decisions.
4. **Global Awareness:** articulate similarities and differences among cultures, times, and environments, demonstrating an understanding of cultural pluralism and knowledge of global issues.
5. **Information Competency:** conduct, present and use research necessary to achieve educational, professional and personal objectives.
6. **Personal and Social Responsibility:** interact with others by demonstrating respect for opinions, feelings and values.
7. **Technological Awareness:** select and use appropriate tools for personal, academic and career tasks.
8. **Scientific Awareness:** understand the purpose of scientific inquiry and the implications and application of basic scientific principles.

Programs and Services

Aerospace Studies (Air Force ROTC)

Air Force Reserve Officer Training Corps is available to Yuba College students through a cross enrollment agreement with California State University, Sacramento (CSUS). The CSUS Department of Aerospace Studies offers two-, three-, and four-year programs leading to a commission in the United States Air Force. Students can complete general education requirements at Yuba College and then transfer to CSUS to complete their degrees.

Due to firm scheduling requirements for the Air Force ROTC program, students are encouraged to work closely with their academic counselors in planning this academic program. Application to the Air Force ROTC program should normally be no later than the first semester of a student's sophomore year. Juniors, seniors and graduate students may also apply under certain conditions. Contact the unit admissions officer in the CSUS Aerospace Studies Department at (916) 278-7315 for information on the program or the entry process.

Bookstore

Yuba College Bookstore is located in Building 300. The Bookstore is a one-stop shop, supporting community needs in and out of the classroom. When it comes to textbooks, the bookstore offers a variety of affordable options including used, rental and digital books as well as a price match promise to guarantee students get their materials at the lowest cost possible. The bookstore also makes shopping hassle-free with its Shop by Author Textbook program. Simply log in to Follett Discover and pull up a personalized course materials shopping list, alphabetized by author. Students can print and email the list or just use the kiosk in the bookstore. The bookstore also carries every day essentials like clothing, gifts, supplies, general reference and bargain books, as well as snack food and drinks. For more information on payment options, returns, shipping, store hours and more, visit www.yubashop.com or call (530) 741-6998.

Buy Backs: The bookstore buys back textbooks for cash every day, regardless of where the text was purchased. The textbook can be new, used, hardback, or paperback (excluding workbooks). Prices fluctuate according to demand.

California Work Opportunity and Responsibility to Kids (CalWORKs)

The Yuba College CalWORKs Program, located in Building 100B, is a state funded welfare to work program. Yuba College is a partner with local county offices. This partnership enables participants to attend community college in order to prepare for employment. The CalWORKs program offers services for eligible students in the following areas: academic, vocational and personal counseling, job placement (related to the student's major), CalWORKs Work-Study, access to the CalWORKs lending library, educational supplies and child care. For more information or to schedule an in person or distance appointment, call the Yuba College CalWORKs Office at (530) 634-7773 or email calworks@yccd.edu.

Career Center

The Yuba College Career Center, located in Building 100B, provides a process to lead students through various assessments giving them the necessary tools to make career and life planning decisions. Services and tools available to students to achieve this goal include:

career and vocational assessment and testing, occupational computer-assisted career information, and a library of occupational books and reference materials.

For more information, contact the Yuba College Counseling Department at (530) 634-7766.

Career Technical Education Transitions (CTE)

The Yuba College Career Technical Education Transitions Program, located in Room 16 in Building 100A, coordinates the awarding of college credit to high school students who meet approved articulation requirements. An articulated course is one in which the high school instructor/Regional Occupational Program (ROP) and Yuba College faculty have formally agreed that the high school's ROP's course outline, syllabus, textbook, and final exam are comparable to those in a course of the same major within Yuba College. Students receive credit on a Yuba College transcript once articulation requirements have been completed. The CTE (Career Technical Education) Transitions Program prepares students to earn a certificate, an associate's degree or transfer to a university.

For more information about the CTE Transitions Program, contact the Yuba College CTE Transitions Office at (530) 741-6588, ctetransitions@yccd.edu, visit the Admissions and Records Office at any campus, or see a counselor. Also visit the CTE Transitions website at <https://yc.yccd.edu/student/cte-transitions/>

Child Development Center

The Child Development Center is located in Building 1600 at Yuba College. The main objective of the Child Development Program/Lab School is to serve families of children on our college campus and in our community by providing an exemplary, developmentally appropriate early childhood program for children, families, college students and faculty through modeling best practices in the field of early childhood education.

The Yuba College Child Development Lab School follows the California State Foundations & Framework when planning activities/lesson plans for young children.

Objectives and Guiding Principles

- Children construct understanding through active interactions with caregivers, peers, materials and events.
- Learning is sequential, building on prior understanding and experiences.
- Learning proceeds at different rates in each content area/domain; children will show a range of skills and understandings in any one area of development.
- Learning in each area is interconnected. Young children learn best through integrated, meaningful experiences.
- Learning is embedded in a culture. Children learn best when their learning activities are rooted in a familiar cultural context.
- Learning begins in the family, continues in early care and education settings, and depends on parent involvement and care giver guidance.
- All children have the potential to achieve learning outcomes with the appropriate supports and instruction.
- Eligibility to enroll can be met by private pay or income eligibility and by meeting one of the following need criteria:
- Students with a need for childcare (There is no need requirement when attending only preschool hours.)
- Searching for work
- Working
- Incapacitated
- Searching for housing

Yuba College serves toddlers (18 months-36 months) and preschoolers (3-5 years) in a full day, part day or state preschool program (9 a.m.-12 p.m. or 2:30 p.m.-5:30 p.m.)

The Child Development Center hours of operation are: Monday-Friday 7:30 a.m.- 5:30 p.m. For more information contact the Yuba College Child Development Center at (530) 749-3808.

College Success Center

The College Success Center (Room 1103) in the Library Learning Center (Building 1100) on the Yuba College campus provides academic learning and support services across most disciplines to all currently enrolled Yuba College students at no cost and cultivates a positive, supportive learning environment that, if fully utilized, significantly enhances students' abilities to pass their classes.

Academic Learning and Support Services

- scheduled collaborative learning sessions
- facilitated collaborative learning groups
- drop-in mathematics assistance (all day)
- scheduled individualized tutoring
- test and examination reviews
- Supplemental Instruction®-based Content Tutoring
- quiet study areas for groups and individuals
- access to wireless internet, computers and academic software
- test preparation materials
- assistance with research projects
- assistance with multimedia presentations

The two major components of the College Success Center are the Math Tutoring Program and the Content Tutoring Program.

Math Tutoring Program: The Math Tutoring Program primarily supports students enrolled in the Accounting, Business, Chemistry, Computer Science, Learning Assistance, Mathematics, Physics, and Statistics programs. Academic support is usually available for the following courses:

- Accounting 1, 2L, 10A
- Chemistry 1A, 1B, 2A, 2B, 18A, 18B
- Computer Science 6, 9A, 9B, 11
- GNBUS 18A, 30, 56
- Learning Assistance 174
- Mathematics 1A, 1B, 1C, 2, 3, 9, 10, 15, 16, 20, 21, 25, 52, 52A, 52B, 58, 59, 101
- Physics 2A, 2B, 4A, 4B
- Statistics 1

Content Tutoring Program: The Content Tutoring Program primarily supports students enrolled in the Biology, Economics, Geology, History, Humanities, Music, Philosophy, Physical Science, Psychology, Political Science, Sign and Spanish programs. Academic support is usually available for the following courses:

- Biology 1, 4, 5, 6, 10L, 15
- Ecology 10
- Early Childhood Education 1A, 1B, 3
- Geography 1
- Geology 10L
- History 5A, 5B, 15, 17A, 17B
- Humanities 10, 11
- Music 1B, 1D, 2B, 2D, 8B, 17, 41A, 41B, 42A

(CONT'D FROM PREVIOUS PAGE)

- Philosophy 12, 20
- Political Science 1, 7
- Psychology 1A, 7, 12
- Sign Language 1, 2
- Sociology 1
- Spanish 1, 2, 3, 4, 20A
- Veterinarian Technology 2L, 3

Online Tutoring: Online tutoring is available for distance education courses.

Tutoring Staff: The tutoring staff is efficient, well-trained, friendly, helpful, and knowledgeable. Tutors must possess the following qualifications and characteristics to be employed:

1. have an overall 3.00 grade point average or higher,
2. pass the course they wish to tutor with an A,
3. be approved by the faculty,
4. complete an intensive tutor training program, and
5. be committed to assisting students learn.

Hours of Operation:

Fall and Spring Semesters:

8:00 a.m. to 7:00 p.m. Monday through Thursday

8:00 a.m. to 5:00 p.m., Friday

Summer Session:

8:00 a.m. to 5:00 p.m., Monday through Thursday

Contact Information:

General Information (front desk): (530) 741-6759

Quy Bui, Instructional Associate: (530) 741-8752 or qbui@yccd.edu

Riley Frederking, Instructional Associate: (530) 741-8751 or tjow@yccd.edu

Community Education

Community Education is a program of not-for-credit fee-based classes and activities designed to serve individuals with educational goals that do not require college credit. Its goal is to fulfill a role which enables the community to improve the quality of their lives through continuing education. There are no transcripts, grades, or academic requirements. Many classes are offered in response to an expressed interest or need by a specific population or organization.

Contracted Training

Contract Education and Training can offer custom solutions and targeted training for business prosperity through employee development. Yuba Community College District can deliver on or off-site training solutions for any size company. The program offers customized workshops, seminars, and classes (college credit or not-for-credit) to increase employee skill level.

Benefits to local companies:

- Targeted, cost-effective, cutting-edge, return on investment training
- Coaches, instructors, and facilitators with practical, current real world skills
- Training focused on measurable outcomes
- Investment in training enhances human capital (employees)

- Customizable training schedules to meet the employer and employee needs

Call (530) 741-6763 for a complimentary assessment.

Cooperative Agencies Resources for Education (CARE)

As a supplemental component of EOPS, CARE provides additional support services for eligible EOPS students who are single head of household, have at least one child under the age of 14, and are receiving TANF benefits. Grants for educationally related expenses (such as child care, transportation, textbooks and supplies) may be awarded as a means of strengthening the retention, persistence, graduation and transfer rates of these individuals.

For additional information visit the EOPS website: <http://yc.yccd.edu/student/EOPS/default.aspx> or call EOPS at Yuba College, (530) 741-6995 or email yceops@yccd.edu.

Cooperative Work Experience Education

Cooperative Work Experience Education (CWEE) are courses designed to recognize learning that occurs on-the-job. In order to qualify, a student must have a volunteer or paid position and develop specific learning objectives approved by the employer and Yuba College. Call Yuba College at (530) 741-6763 for more information.

Counseling

Community colleges are distinguished by the personal attention given to students and the quality of guidance and counseling services provided. Counseling is an essential part of Yuba College, designed to complement and facilitate instruction and to aid students in academic, career and personal planning. Individual and group counseling is provided. Students are strongly encouraged to meet with a counselor at least once each semester. Counselors are available at Yuba College, Sutter County Center, and within specialized programs including Cal WORKs, DSPS, and EOPS.

Some of the services provided by counselors include:

- Conducting group orientation and registration information sessions
- Providing essential information concerning certificate, degree, and transfer requirements as well as college rules and regulations and students' rights and responsibilities
- Assisting students in assessing and analyzing aptitudes, interests, values and personality related to career and academic planning
- Assisting students in learning decision-making processes including choosing, changing, or confirming career goals and taking appropriate steps to reach those goals
- Determining the best educational program for each student to achieve a chosen career
- Developing a student education plan that includes both the coursework and supplemental needs of each student
- Selecting courses and assisting students with the registration procedures of the college
- Suggesting college activities to maximize each student's opportunities and potential
- Planning a transfer program which leads to acceptance with junior level (upper division) status at a university
- Providing workshops on a variety of topics of interest to students
- Assisting students to resolve personal problems which are barriers to their education achievement
- Referring students to appropriate campus and community support

Distance Education/e-Learning

Distance Learning courses include both hybrid and fully online courses. A complete listing of these courses is located in the Schedule of Classes under 'Distributive Education' and on the YCCD eLearning website (<http://de.yccd.edu/>). Content, instruction, assignments, testing and student/faculty interaction occur at a distance. Some faculty may require students to come to campus to take exams or require prior approval for exams proctored at a remote site.

The rigor of hybrid and fully online courses is equal to a regular course. Students need to have good time management and computer literacy skills and be able to work independently. Two, 1 unit online courses are offered each term to help prepare students to be successful online learners: MCOMM 40, Introduction to Online Learning and LIBSC 1, Basic Research Skills.

Fully online courses are delivered using the YCCD eLearning course management software, Canvas, which is accessible via the eLearning website and within the MyCampus portal. Students access YCCD eLearning using their college student ID and password once they are enrolled in a course that uses this software. Technical support is provided via phone, email, virtual PC software, and in person. For more information, staff contacts and technical assistance, check the YCCD eLearning website.

Distance Education- Student Services Programs

Yuba College Student Services programs provide distance education services to prospective and current Yuba College students for non-urgent matters through telephone and web-based modalities. For information on how to access and arrange for distance education services, see each student service program in the Programs and Services section of the Yuba College Catalog.

Disabled Student Program and Services (DSPS)

Disabled Student Program and Services, located in Building 1800, is designed to ensure educational opportunities for students with disabilities that impact their academic participation such as vision, hearing, psychological, mobility and learning. DSPS partners with the college to promote equity in all its educational offerings. Screening for learning disabilities is available to all currently registered Yuba College students having trouble in their classes or who have a history

of special education needs. Support services for eligible students may include academic accommodations such as test proctoring, note taking, disability advising, priority registration, auxiliary aids, interpreter services and mobility aids. Specialized classes are offered each semester at Yuba College include Adapted Physical Education, Academic Strategies, Assisted Computer Technology and Reading/Writing Development.

For more information about eligibility, to apply for services, or to schedule an in person or distance appointment, call DSPS at (530) 741-6795 (voice) or (866) 274-7530 (VP) or email dpsinfo@yccd.edu.

Dusty's Pantry

Dusty's Pantry, located in Building 100B, at the Welcome Center open from 10 a.m. to 2 p.m., Monday through Thursday, closed on Friday's. The mission of the pantry is to provide a short-term assistance while helping student find a long-term solution to meet their food insecurity. Students will be provided a breakfast, lunch or a family meal, along with community resources of food banks available in the community. Students will also be provided assistance in applying for CalFresh food assistance. For more information visit the website: yc.yccd.edu/student/dustys-food-pantry/, or call (530) 741-8988.

CalFresh is a monthly cash assistance to purchase food and fresh produce at participating farmer's markets. Yuba College assists students apply for CalFresh food aid benefits and will also provide follow-up services to students by helping them submit all required documents. If you would like assistance applying for food aid benefits, CalFresh is located in building 100B in the Welcome Center from Monday-Friday from 8:30 a.m. to 12:30 p.m. and 2:00 p.m. to 4:00 p.m. or you can schedule an appointment by calling (530) 741-8988.

Extended Day and Outreach Programs

The Outreach Program, planned to serve the diverse needs of the adult population of the entire District, accomplishes its aim through several facets:

- The On-Campus Late Afternoon and Evening Program;
- The Off-Campus Program providing service at sites throughout the District wherever fifteen or more individuals identify an educational need the College may properly meet;
- Short Term Courses, as short as one day or a weekend, when appropriate to meet an identified need;
- State-approved Non-Credit Courses to meet needs of adults which are not properly met through credit courses; and
- The Public Events Program which sponsors cultural events, speakers, musical events, and other activities not appropriate as credit or noncredit courses.

Extended Opportunity Program and Services (EOPS)

Extended Opportunity Program and Services (EOPS), located in Building 100B, is a state funded program that provides "over and above" support services to economically and educationally disadvantaged students. EOPS promotes student success with priority registration, comprehensive educational planning, career and transfer planning, free tutoring, textbook assistance, limited financial assistance, and other additional services designed to support the student.

For additional information or to schedule an in person or distance appointment at Yuba College or the Sutter County Center, visit the EOPS website: <http://yc.yccd.edu/student/EOPS/default.aspx>, call EOPS at Yuba College, (530) 741-6995 or email yceops@yccd.edu.

Financial Aid and Scholarships

Information about Financial Aid and Scholarships is located in the Financial Aid Section of the Yuba College Catalog beginning on page 27.

Health Clinic (Student)

Yuba College, in partnership with TimelyMD, offers free 24/7 medical and mental health support for students utilizing telehealth. Students may access the services, including on-demand support from counselors, doctors, nurse practitioners and more, through the website: <https://timelycare.com/yubacollege> for more information.

Library

The Yuba College Library, located in Building 1100, offers a wide variety of information services and resources to support student learning across curriculum. With access to updated book and electronic book collections, periodical subscriptions, and online research databases, the library is a great place to start any research project. Students are welcome to study in a quiet environment, search on a topic, and get help in finding information. Appointments are available to meet one-on-one with a librarian. Students may learn how to use the library and its resources by attending an orientation session or enrolling in LIBSC I - Library Research Skills which is offered online.

The Learning Resources Center, located in the Library, features group study rooms, quiet study areas, and a computer lab. Members of the public are welcome to use the facilities any time the Library is open.

PUENTE Program

The mission of the PUENTE Program is to increase the number of students who transfer and enroll in baccalaureate level colleges and universities, earn their degree and return to the community as leaders and mentors of future generations. The program offers academic, counseling and mentoring support for students to build the skills necessary for success in both academic and career goals while in community college. Students enrolled in the program work closely with their counselor, instructor, and mentor. To qualify, students must submit an application for the PUENTE Program. For more information, contact David Perez, PUENTE Counselor, at (530) 634-7770 or Zachary O'Neill, PUENTE English Professor, at (530) 741-6884.

Selective Service Registration

Almost all male U.S. citizens and male aliens living in the U.S., who are 18 through 25, are required to register for the military draft. However, men who currently register are not automatically inducted into military service. Presently, the United States operates its military through volunteer enlistment. The last time men were inducted into the military was during the Vietnam War. Registration for a possible future draft is required to ensure America's preparedness in the event of a military crisis. In the event of a crisis that necessitates a draft to be invoked, men would be called in sequence determined by random lottery number and year of birth. They would then be examined for mental, physical and moral fitness by the military before being deferred or exempted from military service or inducted into the Armed Forces. Males may register as soon as they reach the age of 17 years and 3 months but must register within 30 days of turning 18.

If males do not register, they could be prosecuted and fined up to \$250,000 and/or be put in jail for up to five years. Registration is also required to qualify for Federal student financial aid, job training benefits, and most Federal employment. The Selective Service Registration Form may be obtained from the Yuba College Registration Office or from your local post office.

Students who have questions about Selective Service registration may contact the Selective Service at (847) 688-6888 or on the Web.

Student Accident Insurance Policy

Yuba Community College District students are covered by an Accident Insurance Policy for accidents and injuries sustained while students are on and/or off campus participating in school related activities. The policy has a maximum liability amount of \$20,000. Coverage is subject to the terms and conditions of the policy, which is available for review in the President's office.

Please note that Yuba Community College District does not offer a health insurance plan for its students. If a student is enrolled in a healthcare plan, the Student Accident Insurance Policy will be considered secondary coverage. If a student does not have a healthcare plan, then the Student Accident Insurance Policy will be considered primary coverage up to the maximum limit and subject to the terms and conditions of the Policy.

Testing Center

The Yuba College Testing Center is located at Yuba College in the 100B building. Call the center for its testing schedule and hours of operation at one of the following locations: YC Testing Center (Yuba College) - (530) 741-6864 or Sutter County Center - (530) 751-5600.

Individuals with disabilities or special testing needs should discuss options or accommodations with a Yuba College counselor and/or Disabled Student Program and Services staff or call a test center to arrange accommodations.

The Yuba College Testing Center is a member of the National College Testing Association (NCTA) Consortium of Test Centers and offers distance education testing for various colleges and universities from around the country.

For your privacy and safeguarding of student records, photo identification is required for all testing transactions.

Transfer Center

The Yuba College Transfer Center, located in Building 100B, hosts an annual fall transfer program called, "College Information Day". This program brings representatives on campus from the University of California, California State University, independent California colleges and universities, in addition to out-of-state colleges. Both Yuba College and area high school students have an opportunity to visit informally with these representatives to obtain information concerning their programs, services, and application procedures.

The Transfer Center offers services and resources for students seeking information about baccalaureate level colleges and universities. For some students, the transfer process can be overwhelming. Yuba College counselors and Transfer Center staff are committed to help students with the phases of the transfer process and the many transfer options available. These services include:

- Computers with links to web sites related to transfer
- Appointment opportunities with representatives from baccalaureate level colleges and universities
- The annual College Information Day
- Workshops related to transfer

For more information, call (530) 634-7766 at Yuba College.

TRiO

The Student Support Services (SSS) Program is a federally funded TRiO program under the Department of Education and is designed to help students of disadvantaged backgrounds (first generation, low-income, and students with disabilities) be able to succeed in their

(CONT'D FROM PREVIOUS PAGE)

pursuit of higher education. The goal of SSS is to increase college retention and graduation rates for its college participants and assist its participants from making the transition from one level of higher education to the next. SSS is a support system for students, to help them realize their academic dream. Students who intend to major in a STEM related field are placed in the STEM project while all others are placed in the regular SSS program. Some of the services provided include academic advising, tutoring, and financial aid program information and guidance.

TRIO is a cluster of eight federally funded programs, which started in the 1960s in an effort to identify and provide educational opportunities for students from disadvantaged backgrounds. The TRIO name is derived after the emergence of the first three programs: Upward Bound (UB), Talent Search (TS) and Student Support Services (SSS). The TRIO programs serve students ranging from middle school up to the university level and each program has specific guidelines for enrollment.

At Yuba College, there are three projects funded under the two TRIO programs:

- Student Support Services (SSS and SSS-STEM)
- Upward Bound (UB)

Upward Bound

Upward Bound is federally funded through the U.S. Department of Education to serve low-income and potential first-generation students to progress through the academic pipeline from middle school to post baccalaureate programs.

Upward Bound serves high school students from Live Oak, River Valley and Yuba City. The program provides opportunities for participants to succeed in a pre-college performance and ultimately in higher educational pursuits. The goal of Upward Bound is to increase the rates at which participants enroll in and graduate from institutions of post-secondary education. Additionally Upward Bound provides support to high school students in their preparation for college admission.

The services listed below are free and available to Upward Bound participants:

- Six-week Summer College Academic and Cultural Enrichment Program
- Saturday Workshops on learning, career exploration and personal skills development
- Weekly sessions at the student's respective high school with the Upward Bound Learning Specialist to assist in academic, career and personal advising and college exploration and planning
- Weekly after school tutoring
- Academic instruction in English, foreign language, mathematics, science and other academic classes
- College visits
- Cultural enrichment activities
- Leadership workshops and conferences
- Scholarships

To learn more about the Upward Bound Program, call (530) 749-3858 or visit the Yuba College website.

The Legislative requirements of Student Support Services/TRIO programs can be found in the Higher Education Act of 1965, Title IV, Part A, Subpart 2, Federal Early Outreach and Student Services Program, Chapter 1, Federal TRIO programs.

Veterans Resource Center (VRC)

The mission of the Yuba College Veterans Resource Center (VRC) is to provide academic support to the student veteran community.

Located in Building 725, the Yuba College VRC is committed to military affiliated students who have chosen to make the transition from a military lifestyle to being a college student. The VRC is dedicated to assist veteran students in this transition and to help them achieve academic success. Some examples of activities in the VRC are to facilitate peer-to-peer support, mentoring, and a network of social camaraderie through the Student Veterans Association and other resources. The VRC staff partners with campus and community resources such as Financial Aid, Counseling, Disabled Student Program and Services and can assist veterans by making referrals to other community veterans' organizations such as the Yuba-Sutter County Veteran Service Officers, Yuba-Sutter Stand-Down, Cal-Vet resources and other VA Health providers. Other resources available in the VRC include a study area, computers with printer access, a book lending library and a television to relax between classes. The VRC is open from 8 a.m.-5 p.m. during the normal academic week.

Veterans Services

Yuba College is approved for the training of veterans and dependent students. The Veterans Service Office (VSO) assists veterans, reservists, and dependents (of service-connected disabled, or deceased veterans) with their educational benefits. The VSO also acts as a liaison with the U.S. Department of Veterans Affairs.

Yuba College requires that all veterans and/or dependents who wish to collect education benefits call the Yuba College VSO to start a file. The VSO will provide assistance in applying for benefits, educational pay, college registration, placement testing and counseling referrals.

All benefit recipients are required to submit a copy of a current class schedule to the Yuba College VSO each semester. Regional VA processing of benefits can take 4 to 6 weeks. For more detailed information call the Yuba College VSO at (530) 741-6822.

Credit for Military Experience: Upon application, the College will evaluate military records to determine if a student may be awarded elective credit for military service. The service person must have spent at least four months in active service and have a discharge other than dishonorable. These units will satisfy the Yuba College Health/Physical Education/Kinesiology graduation requirement.

College credit may be allowed for the completion of college-level courses in formal service schools in accordance with recommendations found in the Guide published by the American Council on Education. Students must petition to earn specific credit for general education and major coursework completed in the military. Credit may also be allowed for college-level U.S. Armed Forces Institute (USAFI) courses (but not for USAFI GED tests).

Veterans Standard of Progress: A veteran student, who is receiving veteran benefits and is placed on academic probation, will have that probation reported to the Veterans Administration prior to the commencement of the next semester.

In accordance with Yuba Colleges policy on dismissal, students who remain on academic probation beyond two semesters where their cumulative GPA does not improve to a 2.0, or higher will be dismissed. The college is required to report a termination of benefits directly to the Veterans Administration due to unsatisfactory progress.

The Yuba College Certifying Official cannot certify a veteran for any class beyond that point until the GPA is above a 2.0.

Once the Certifying Official certifies or recertifies a student for re-enrollment after termination of unsatisfactory progress, the Veteran's Administration presumes that the College has determined the student's ability to maintain satisfactory progress in the future. Any student needing to be recertified will need to consult the Certifying Official for assurance that all procedures and requirements have been met.

Military Withdrawal: A military withdrawal occurs when a student who is a member of the United States military (active or reserve) receives orders necessitating a withdrawal from enrolled courses.

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

A student must file a petition requesting this option and attach a copy of military orders. Upon verification of such orders, a withdrawal symbol of "MW" will be assigned. Military withdrawals will not be counted in progress probation and dismissal calculations.

For more information, call the Yuba College Veterans Service Office at (530) 741-6822.

Workforce Innovation and Opportunity Act (WIOA)

The Workforce Innovation and Opportunity Act (WIOA) is a federally funded program that offers financial assistance to qualifying individuals who wish to obtain vocational training and have unmet needs after applying for the California College Promise Grant (formerly known as the BOGW fee waiver) and financial aid. The program helps students find a job or train for a new career. Authorized WIOA activities provided at the local level benefit job seekers, dislocated workers, youth, incumbent workers, new entrants to the workforce, veterans, and employers. These activities promote an increase in the employment, job retention, earnings, and occupational skill attainment by participants. This improves the quality of the workforce, reduces welfare dependency, and enhances the productivity and competitiveness of the nation. Acquiring employment, retention, and self-sufficiency through training are priorities with WIOA. It is important that students choose a career with a labor market need. If jobs are not available in the local area, students will need to consider relocating or commuting to another area.

The WIOA Office is located in Room 121, in Building 100B. This office offers a computer lab with current software programs, internet access, a study area, and a small lending library for textbooks. Interested students should inquire in the WIOA office to qualify for on-the-job training, books, supplies, tools, fees, testing, transportation assistance, and other school or job-related needs. This is not a loan and does not have to be repaid. The student may be receiving Financial Aid, EOPS, unemployment, and scholarships, and still receive WIOA assistance. This is not an entitlement program. The student must qualify and then it is based on funds available at the county level. For more information, call (530) 741-6830.

Writing and Language Development Center (WLDC)

The Writing and Language Development Center (WLDC) is open to all currently enrolled Yuba College students during the fall and spring sessions and is located inside the Learning Resource Center in Room 1116. The following services are offered:

- Drop-in assistance for any writing assignment
- Help with MLA, APA, and Chicago style formatting
- One-time or regular weekly appointments
- Informal study space and private study rooms
- Technology assistance and computer lab
- Proofreading tips
- ESL conversation groups
- English final exam workshops
- Kurzweil 3000 software for assisted reading and writing
- Writing and grammar tip sheets

For more information call (530) 740-1709.

Yuba Community College District Foundation

History: The Foundation, located at the District Office, was established in 1972 to support academic programs and student scholarships in order to enhance student learning and promote student success at the campuses and centers within the Yuba Community College District. Throughout the subsequent decades, numerous gifts and sound investing have built the Foundation funds to a level of several million dollars, making the YCCD Foundation one of the larger community college foundations in the State of California.

Vision-Mission: YCCD Foundation's purpose, within the mission of the District, is to seek, manage and administer funds for the betterment of student-centered programming and services at the primary educational facilities that comprise the District. YCCD and its Foundation will, thereby, enhance its communities through support of this region's students.

Donations: As a registered 501(c)(3), YCCD Foundation is able to assure that all gifts received by the Foundation are fully tax deductible. The Foundation has received direct support through gifts of cash, real estate, equities and art throughout its years of operation. Additionally, planned gifts such as wills, charitable remainder trusts, and insurance policies have benefited the Foundation's capabilities. Non-cash gifts, such as laboratory equipment and classroom supplies, can also provide donors with a tax deduction.

Academic Program and Student Scholarship Support: The YCCD Foundation has been able to support academic programs with purchases of equipment and supplies. This capability has allowed student learning to grow with ever evolving technology. The YCCD Foundation funds student scholarships that assist students with required purchases, such as books, so that students can be successful in attaining their educational goals.

Programs: On the average, between 45-50 projects and scholarships per semester receive support through donations to the YCCD Foundation.

Governance: The YCCD Foundation is overseen by a Board of Directors with representatives from all counties within Yuba Community College District's service area: Colusa, Lake, Sutter, Yolo, and Yuba Counties. For more information about the YCCD Foundation visit: <http://www.yccd.edu/administrative-services/foundation/default.aspx>

Yuba College Alumni and Friends

The purpose of the Yuba College Alumni and Friends is to maintain strong relationships between friends and former students and to support and promote the goals, activities, and interests of the college. The association provides the vehicle to stimulate this support and to keep the community, alumni and friends of Yuba College involved in college programs and activities. There is a growing pride in being a part of the Yuba College family of supporters and in giving something back to the college which has given so much to them. For additional information, please contact: yalumni@yccd.edu.

Admissions

Yuba College does not restrict admission to residents of the District, nor does it restrict the privilege of District residents to attend any other community college. Nonresident students are accepted on the same basis as California resident students, except that State law requires a tuition charge (see "Residency Requirements" below).

Open Enrollment Policy

All courses, regardless of where offered, are open to members of the public who are otherwise eligible for admission with the following exceptions:

- Courses that are specifically exempted by statute, including "impacted" programs (such as Radiologic Technology, Veterinary Technology, Associate Degree Nursing and Psychiatric Technician).
- Courses closed by maximum enrollment of students by the "priority registration" policies;
- Courses with academic prerequisites that restrict enrollment of academically unqualified students; and
- Courses with content that would be a repeat of a course of equivalent or more advanced course work previously taken by the student (exceptions require counselor evaluation and approval).

Applicants may apply for admission online by going to the Yuba College website at yc.yccd.edu

Admission to Impacted Programs: Impacted programs require a special application. For Associate Degree Nursing (ADN), Psychiatric Technician, Radiologic Technology call (530) 741-6784. For Veterinary Technology call (530) 741-6786.

International Students: Students must obtain a special application which may be downloaded from the Yuba College website, Admissions tab, or mailed upon request from Student Services Division, located on the Yuba College campus or call (530) 741-6705.

Age and/or High School Graduation Requirement: In general, all full-time students must have earned a high school diploma, a State Certificate of Proficiency, or the equivalent, or be 18 years of age as of the date of registration, as provided in Section 76000 of the Education Code, and meet Federal "Ability to Benefit" requirements.

Dual Enrollment of High School Students: A high school student who has completed the eighth grade may be admitted on a part-time basis subject to the following requirements with the written recommendation of the high school administrator and the parent's permission: no Physical Education/Kinesiology courses may be taken; students must have met any course prerequisite requirements; students are required to fulfill the minimum day requirement at their high school, or, for charter/home-schooled students, the parent has to verify that the proposed college course work will not interfere with the student's basic high school course work; charter or home-schooled students must present a grade equivalency certification documenting the grade level the student has achieved; charter or home-schooled students must present a copy of the affidavit submitted to the State or County Office of Education to document the student's involvement in an educational process; dual enrolled students receive the lowest registration priority. Students must be certified to be eligible for advanced scholastic or vocational coursework. Call the high school administrator for information concerning authorization to enroll. Students are subject to all rules, regulations, and fees of the College. The enrollment fee, student health fee, and non-resident tuition fee will be waived for eligible students.

Application Process and Steps to Apply:

- File an application for admission.

- Submit high school and college transcripts; transcripts must be received by direct mail or electronically approved from the issuing institution or hand-carried in a sealed official envelope.
- Complete the College Placement (AB 705) Process unless exempt.
- Complete the online orientation program to become acquainted with the College's programs, services, academic expectations, procedures, and regulations.
- Meet with a counselor to develop an educational plan appropriate to the student's goals and present learning skills. Counselors can suggest programs that will strengthen a student's learning skills.

Residency Requirements

California state law mandates that each student who applies for admission provide residency information and evidence as deemed necessary by the Admissions and Records Office to determine the student's residence classification. The following rules regarding residency determination are not a complete explanation. For further information, call the Admissions and Records Office. These rules are subject to change at any time in accordance with State law.

The residency determination date is the day prior to the first day of instruction for each semester.

General Rules for Residency:

1. Persons who are 19 years of age or older may establish residence in accordance with the criteria listed below. Year of residence must begin after the eighteenth birthday.
2. Persons who are under 19 years of age may establish residence in accordance with the criteria listed below and the following: (a) Married minors may establish their own residence, and (b) an unmarried minor derives residence from the parent with whom the student residing. If the student lives with neither parent, residency is derived from the parent with whom the student last lived. (The residence of an unmarried minor who has a parent living cannot be changed by the student's act, by appointment of a legal guardian, or by relinquishment of a parent's right of control.)
3. Active duty military personnel stationed in California are entitled to resident classification.
4. A dependent child or spouse of an active duty military person stationed in California is entitled to residence classification.
5. A member of the armed forces of the United States stationed in California on active duty for more than three years immediately prior to being discharged will be exempt from the non resident fees. Establishment of residency requires physical presence and acts of intent be demonstrated for one full year.
6. Persons who have had a "permanent residence visa" for one year may establish residence in accordance with the criteria listed below.
7. Nonresident and non-citizens (other than "nonimmigrant aliens" who are out of status with INS) who have attended a California high school for at least three years and who graduated from a California high school may be eligible for an exemption of the non-resident tuition. (Obtain an AB 540/AB 2000 form online at the Admissions and Records Forms tab.)
8. A student who was classified as nonresident and is seeking reclassification as a resident MUST show financial independence. Financial independence requires not having been claimed as a dependent on state/federal income tax forms by parents, not having received more than \$750.00 a year from a parent, and not having lived more than six weeks in a year with a parent in the immediately preceding twelve months. Students will be required to submit documentation showing how tuition and living expenses were paid during the preceding year.

Criteria for Residency: Nonresident students do not automatically

(CONT'D FROM PREVIOUS PAGE)

become residents by merely being in California for more than one year. State law also requires "proof of intent" to establish California residence for more than one year prior to the residence determination date. The burden of proof rests with the student, not the College. Students must present a combination of documentation to prove intent to be a resident. Students must also show no contrary intent, that is, they must not have maintained residence status in their former state (i.e. driver's license, taxes, car registration, etc.). Types of documentation that may be submitted that will help to establish proof of intent (with lack of intent for residence in another state) include the following. No one factor is decisive.

Documentation: W-2 form; California State Income Tax payment; Driver's license; Motor vehicle ownership and registration; Purchase of property; Voter registration; License from California for professional practice; Any other proof of intent as may be deemed necessary to establish residence classification.

A student incorrectly classified as a California resident because of falsification of information is subject to reclassification as a nonresident and payment of nonresident tuition or exclusion from class(es) upon notification. Students classified as nonresidents may appeal the decision within 30 days of the date of the residence classification decision.

All students classified as nonresident are required to pay Nonresident Tuition Fee; the Enrollment Fee; and the Student Health Fee each semester. (See Schedule of Classes for current fee amounts.)

Nonresident fees are refundable up to the end of the second week of instruction of a semester (dates vary for short-term classes) if the student withdraws from a course. The date on which the withdrawal is received in the Admissions and Records Office will determine the refund date.

Refunds shall not exceed the amount of tuition paid and will be processed in accordance with District regulations (see "Refund" section).

International Student Admission

Under Federal law, Yuba College is authorized to enroll students on F-1 student visas for associate degree and/or transfer programs. International students applying for admission must request an International Student application packet from the Vice President of Student Services by calling (530) 741-6705.

The deadlines to apply are June 15 for the fall semester and November 15 for the spring semester. Since applications will not be considered until all required documents are on file, students are encouraged to request applications early.

To be considered for admission, an international student must meet specific criteria:

Pay Tuition, Enrollment Fees and the Student Health Fee at the time of registration. (See current fees in Schedule of Classes.)

Complete the required application packet which consists of:

1. Application form, including a recent photograph.
2. Copies of high school and college transcripts.
3. A TOEFL examination with test scores sent from the testing service to Yuba College (minimum score of 152 on the Computer-based test, or 53 on the Internet-based test is required.)
4. A letter of English Proficiency.
5. A certified financial statement, showing evidence of support, in U.S. dollars, for the duration of the time in the U.S. (should be able to provide approximately \$21,000 annually without planning to work while in the U.S.)
6. A letter of recommendation.
7. A certificate of health to include a special test for tuberculosis.
8. A \$25 Application Processing Fee.

International students accepted for admission are required to:

- Carry their own health insurance and to provide a copy of proof of health coverage to the Student Services Department at Yuba College.
- Pursue a specific degree program, and upon arrival at Yuba College meet with a counselor to develop an individual Education Plan. Students will be expected to follow the Education Plan while studying at Yuba College.
- Register in required English courses each semester until graduation requirements are met.
- Complete a minimum of 12 units each semester with at least a "C" grade point average.
- Complete academic program in a maximum of six semesters.
- Work with the International Student Representative to meet all requirements for international students.
- Provide own housing.

Only those students who agree to each of the above requirements and meet the above criteria will be considered for admission to Yuba College. Applicants who are accepted to Yuba College will be mailed the Immigration and Naturalization Form I-20.

Student Success Act of 2012

The Student Success Act of 2012, which provides legislative guidelines for the creation of the Student Success and Support Program, requires that all entering students complete Orientation, Assessment and a Student Education Plan. For more information visit the California Community College Chancellor's Office website at www.cccco.edu and view SB 1456 or Student Success Act of 2012.

All entering students must complete the following Student Success and Support Program matriculation steps:

- Complete the online admissions application
- Complete the placement (AB 705) process (unless exempt)
- Have high school and/or college transcripts sent to the Admissions and Records Office at the Yuba College campus
- Complete the online orientation
- Meet with a counselor to discuss and develop an educational plan and select appropriate classes for registration

Exemptions: Students may be exempt from the placement, orientation and/or counseling components of matriculation if they meet certain criteria. Students seeking an exemption from any part of the matriculation process must submit an exemption form. The student's statement on the exemption form may require verification. Exemption forms are available at all counseling offices.

Students who meet the exemption criteria will be classified as non-matriculants which will:

- Affect registration priority or registration in subsequent terms, and
- Require an educational plan to be developed with a counselor once fifteen degree applicable units are completed

(CONT'D ON NEXT PAGE)

Registration Procedures

Student Responsibility Regarding Registration

Students should acquaint themselves with College policies and procedures, study this Catalog and the Schedule of Classes, consider the curricula carefully, and plan the courses needed for their major(s), degree and transfer including electives before registering online through Self-Service.

Students must assume complete responsibility for fulfilling all requirements to meet planned objectives. Students on probation should carefully consider the consequences of their status when planning for registration.

Assessment services include counselor appraisal of previous college and/or high school work (transcripts should have been sent to the College), as well as, placement, and other information such as number of hours working, etc., that may have an effect on student goals. Assessment is used to advise students about courses and services most appropriate to their skills, educational backgrounds and career goals. (See also "Placement" section for other information.)

Enrollment Priorities

Administrative Procedure 5055 provides information for the Enrollment Priorities process. Effective the Summer/Fall 2014 registration period the Enrollment Priorities criteria changed and students should review the administrative procedure to attain the current policy requirements: <http://www.boarddocs.com/ca/yccd/Board.nsf/goto?open&id=A7E2FU020616>

Change in Enrollment

Students wishing to change their course enrollment may add or drop classes using Self-Service registration, or by submitting the appropriate forms to the Admissions and Records Office. Full-term courses may be added during the late registration period (see "Schedule of Classes"), later only in special cases and with instructor approval.

ENROLLMENT FEES for classes that are dropped on or before the refund deadline (Friday ending the second week of instruction for full-semester classes or ten percent of a short-term class) are credited to the student's account (see "Refund" section).

If a class is dropped prior to Census Date (20% of courses), no notation of the course will be entered on the student's transcript. If a class is dropped after that time but prior to the end of the thirteenth week of a regular semester (75% of the term), a "W" will be entered on the student's transcript. If the drop is processed after that time, State law provides the grade must be other than a "W," and usually it will be a failing grade.

It is the student's responsibility (not the instructor's) to process all adds and drops. This is not an automatic process. Students who discontinue attendance in any class without officially dropping the course are subject to a failing grade. If the student drops a class using Self-Service it is the student's responsibility to check that adds and drops were correctly processed.

Maximum Unit Load

The average student load is twelve (12) to sixteen (16) units per semester. In any case, nineteen (19) units is the maximum load which is allowed. Units in excess of nineteen (19) are allowed only for the most urgent reasons and on the basis of counselor approval.

Eight (8) units is the maximum in which a student may register during the summer session without counselor approval.

Placement (AB 705)

As one of the mandates of Assembly Bill (AB 705) passed in Fall 2017, Yuba College has implemented a new process for placing students in their first English or Math course. Multiple measures include a combination of high school course information and a student's cumulative GPA. Placement will be determined upon the completion of the college application. If a student's placement requires adjustment, please meet with a Yuba College counselor. It is recommended that students bring their high school transcript (if available) or transcript information when meeting with a Counselor in order to complete the Guided Placement form. This form will provide guidance and recommendations, but it is important to note that as a result of AB 705, all students will be eligible for transfer-level coursework if that is required for their educational plan.

***Note:** It is helpful for students to consider their level of performance in the English and math areas before planning a course of study at Yuba College. Students must meet with a counselor to discuss their educational strengths and needs. The counselor will guide them towards the appropriate English and math courses. Please call the YC Counseling Office at (530) 634-7766 for an appointment.

Placement Exemption: If students have completed the equivalent prerequisite course at another college or university, they must submit official transcripts to the Admissions and Records Office. Students may clear prerequisites by scheduling an appointment with the Counseling Department.

ENGLISH		
CRITERIA	TEST PLACEMENT	YCCD COURSE PLACEMENT
HSGPA \geq 2.6	1105	English 1A
HSGPA \geq 1.9 but $<$ 2.6	1104	English 1E (Recommended)
HSGPA $<$ 1.9	1103	English 1E (Required)

MATH (FOR BSTEM PROGRAMS)			
CRITERIA	GRADE	TEST PLACEMENT	YCCD COURSE PLACEMENT
HSGPA \geq 3.5 AND Pre-Calculus	B- or above	2109	Math 1 A
HSGPA \geq 3.0 AND Calculus	C- or above		
HSGPA \geq 3.2 AND Algebra 2 or intergrated 3	B- or above	2108	Math 9, 20, 21
HSGPA \geq 3.0 AND Pre-Calculus	C- or above		
All Other Students	n/A	2105	Math 52, 59

MATH (FOR LIBERAL ARTS PROGRAMS)		
CRITERIA	TEST PLACEMENT	YCCD COURSE PLACEMENT
HSGPA \geq 3.0	2113	Stat 1'
HSGPA \geq 2.3 AND Pre-Calculus		
HSGPA \geq 2.3 but $<$ 3.0	2112	Stat 1 with Stat 100 or Stat 500 (Recommended)
HSGPA \geq 2.3	211	Stat 1 with Stat 100 or Stat 500 (Strongly Recommended)

(CONT'D FROM PREVIOUS PAGE)

ENGLISH AS A SECOND LANGUAGE (ESL)

The ESL department uses guided self-placement to help students find the best class to take. It's a quick and easy process that can be done at home.

Please visit <https://yc.yccd.edu/eslplacement> to get started.

*Other Liberal Arts math courses may be more appropriate for specific majors. See a counselor for more information.

Advisory Placement Levels For Courses Requiring College-Level Skills

Many "entry level courses" that are numbered 1-99 carry credit/units that apply toward the associate degree. They have advisory skills for successful participation. It is recommended that students meet the language, math and computer requirements if they plan to enroll in any course with a description that includes an "L", "M," and/or "C".

The (L) designation means that the content of the course is such that the student must have college-level language skills to successfully complete the course. Students may meet the requirements for the (L) courses by one of the following:

1. Achieving an English placement level of 1105,
2. Achieving a grade of "C" or better in English 51 or 56,
3. Achieving eligibility to enroll in English 1A, 1B, or 1C,
4. Possessing an A.A. or A.S. degree or higher.

The (M) designation means that the content of the course is such that the student must have college-level math skills to successfully participate in the course. Students may meet the requirements for (M) courses by one of the following:

1. Achieving a math placement level of 2105 or higher,
2. Achieving a grade of "C" or better in Math 101 or Math 101B,
3. Achieving eligibility to enroll in Math 51, 52, 55, or 58,
4. Possessing an A.A. or A.S. degree or higher

The (C) designation means that the content of the course is such that the student must have computer literacy skills to successfully complete the course. Students may meet the requirements for (C) by having basic computer skills.

Schedule of Classes

The Schedule of Classes is published each semester. The Schedule includes registration procedures, course information, critical deadline dates, the official Academic Calendar, and other important information for students.

Student Fees and Expenses

All fees quoted below are those known at the time this Catalog went to press.

STATE-MANDATED ENROLLMENT FEE

All students (unless at the time of registration they qualify for exemption* under State mandates) are subject to an Enrollment Fee. These fees are established by the State legislature and are determined at the time of enrollment by the student's unit load. The current fee is \$46 per unit.

CALIFORNIA COLLEGE PROMISE GRANT (CCPG)

Formerly known as Board of Governors Fee Waiver Beginning the 2018/2019 aid year, the Board of Governors Fee Waiver (BOGFW) was renamed the California College Promise Grant (CCPG). The California College Promise

Beginning the 2018/2019 aid year, the Board of Governors Fee Waiver (BOGFW) was renamed the California College Promise Grant (CCPG). The California College Promise Grant is a state sponsored program, which waives enrollment fees for qualifying students.

- California College Promise Grant (CCPG) Program A. For any student who, at the time of registration, is a recipient of (1) TANF (Temporary Assistance for Needy Families); (2) SSI/SSP (Supplementary Security Income/State Supplementary Program); (3) General Assistance/General Relief Program; or (4) The California Department of Veteran Affairs or the National Guard Adjutant General's Certification of Eligibility for a dependent's fee waiver.
- California College Promise Grant (CCPG) Program B. For low income students who meet eligibility requirements.
- California College Promise Grant (CCPG) Program C. For low income students who qualify for Financial Aid.

Prior to registration, students in any of these categories should obtain the appropriate application materials from the Financial Aid Office for exemptions.

STUDENT SUCCESS ACT OF 2012

In an effort to help students succeed in the California community colleges, the Student Success Act of 2012 (California Senate Bill 1456) was signed into law by Governor Brown. Among other aspects, the Act included the creation of minimum academic and progress standards that must be met for continued eligibility for the California College Promise Grant (CCPG). These are different and separate standards from those for student federal aid and Cal Grants.

Effective Fall 2016, California Community College students receiving the California College Promise Grant must meet minimum academic and progress standards to remain eligible for the CCPG.

Students Must:

- Maintain a cumulative GPA of 2.00
- Successfully complete at least 50% of all units attempted

Measurement of these standards began in fall 2016.

Students not meeting the new standards are notified within 30 days of the end of each term. Students will be placed on either Academic (GPA) and/or Progress (Course Completion) probation. The notification will include an alert that a second term of probation will result in loss of CCPG eligibility. After the second consecutive term of probation, students may lose eligibility for the CCPG for their next registration opportunity.

How to regain eligibility. If CCPG eligibility has been lost, there are ways to have it reinstated:

- Improve GPA or Course Completion measures to meet the academic and progress standards
- Successful appeal regarding extenuating circumstances
- Not attending the same college district for two consecutive primary terms (fall/spring semesters, or fall/winter/spring quarters)

The appeals process for extenuating circumstances includes:

- Verified accidents, illness or other circumstances beyond student's control
- Changes in economic situation
- Evidence of inability to obtain essential support services
- Special consideration factors for CalWORKs, EOPS, DSPS and veteran students
- Disability accommodations not received in a timely manner

Foster youth and former foster youth (age 24 years and younger) are not subject to loss of the CCPG under these regulations. Contact the Financial Aid Office or Registrar at Yuba College or visit www.yccd.edu/educational-services/bog.aspx

NONRESIDENT/NON-CITIZEN TUITION

Students who have not established California residency in accordance with state regulations (see "Residency" section), will be required to pay the Nonresident Tuition Fee of \$270 per unit. Students who are both citizens and residents of a foreign country are required to pay \$270 per unit.

STUDENT HEALTH FEE

All students are required to pay a \$10 Student Health Fee each semester/summer session. Students who depend exclusively upon prayer for healing in accordance with a bona fide religion, sect, or denomination (upon written verification from an authorized church official) are exempt from paying the Student Health Fee. This church documentation must be submitted to the office of the Vice President of Academic and Student Services for the exemption.

PARKING FEE

Students who drive vehicles on campus will pay a Parking Fee and be issued a decal. The cost is \$40 per semester; \$20 for summer session. As an option, students may purchase a \$2 daily parking pass in lieu of a semester decal. The Parking Fee covers day and evening campus attendance. All non-student visitors may park in the General Parking Lots and must display either a valid semester parking decal or a \$2 daily parking pass.

Parking fees are nonrefundable after the fourteenth calendar day of the full-semester.

STUDENT REPRESENTATION FEE

The Associated Students of Yuba College collect a voluntary annual fee of \$5 to purchase a student ID card. Additionally, per AB 1504, students have the option to support student government by accepting a \$2 fee each semester. If a student wishes to waive the fee, they must submit a petition through admissions and records.

TEXTBOOKS, SUPPLIES AND OTHER RELATED COSTS

All students should be prepared to purchase their own books, which are sold at the college Bookstore. Direct school expenses for the entire year, including books, will probably average \$600 to \$700; book costs for pre-professional students (such as engineering and medicine) will run somewhat higher.

Yuba College offers some courses with zero cost textbooks. Review

course sections identified as zero cost textbooks on Self-Service.

Students in some health-care courses and programs (such as Nursing, Psychiatric Technology, Radiologic Technology) are required to pay for drug testing, film badges, a background check, and other related items for the program. The California College Promise Grant does not cover these expenses.

Students may be required to provide instructional materials required for a credit or non-credit course. Such materials shall be of continuing value to a student outside of the classroom setting and shall not be solely or exclusively available from the District (See Administrative Procedure 5031).

Average Expenses Included in the 2021-2022

Yuba College Financial Aid Budget for a CA Resident Student Living at Home

*State-mandated Enrollment Fee	\$1,124
Books and Supplies	\$1,125
Food and Housing	\$9,081
Transportation	\$999
Misc Personal Expenses	\$3,276
Total	\$14,480

*Based on 12 units per semester plus \$10 Student Health Fee per semester
Source: California Student Aid Commission

Refunds

ENROLLMENT/STUDENT SERVICES FEES/ NONRESIDENT TUITION

Enrollment fees can be paid by cash, check, money order, debit card or credit card. YCCD accepts Visa, Master Card, Discover and American Express.

Students can request a refund of their student fees through the online request form in Self-Service. Please allow four weeks for processing. A \$10 processing fee is charged for refunds. This amount will be deducted from the refund amount.

Students are eligible for a refund of these Fees if the procedures below are followed.

- The student officially drops the class on or before the refund deadline (Friday ending the second week of instruction for full semester classes or ten percent of a short-term class), and
- The drop(s) reduces the student's currently enrolled unit load.

Refund dates vary for each short term class (see refund deadline information listed in the Schedule of Classes). Dropping before the refund deadline date for the class determines whether or not a credit may be refunded.

If students paid enrollment fees and subsequently were approved for a fee waiver, but there is no credit showing on the student account for which to request a refund, contact Admissions and Records at Yuba College or the Sutter County Center.

If fees were paid by check there is a three week waiting period before the refund can be processed. If fees were paid by cash or check, the refund will be issued by check to the student.

If fees were paid by credit card or debit card, the refund will be processed back to the same card unless the transaction is unsuccessful, in that case the refund will be issued by check to the student.

Students with questions regarding a refund in process, should contact the YCCD Fiscal Services Department at cashier@yccd.edu.

At the end of each fiscal year any credits on the student account will first be applied to other outstanding fees. Any remaining credits will be issued by refund to the student. It is the student's responsibility to provide and maintain current address and telephone number information through Self-Service or through the Admissions and Records Office.

(CONT'D FROM PREVIOUS PAGE)

PARKING PERMIT

Students who withdraw from classes before the thirteenth day of the semester may apply for a refund of the Parking Permit. The parking permit must be returned to the Campus Police Office to qualify for the refund. At that time, the Campus Police will void the parking permit, and a refund will be posted to the student's account, less an administrative processing fee. Financial Aid

Financial Aid

Financial Aid

The role of the Financial Aid Office is to help eligible students pursue their educational goals. The objective is to provide funds and services to eligible students, following institutional, state and federal regulations. Financial Aid has offices at Yuba College and the Sutter County Center. For questions call (530) 749-7999 or visit the website at: yc.yccd.edu/student/financialaid

Criteria and Procedures for Financial Aid

The application form to be used for most financial aid programs is the Free Application for Federal Student Aid Program (FAFSA). In order to determine "need" for financial aid funds, taxable and nontaxable income information is necessary. Award funds are made based on this need. Income, assets, debts, size of family, and number of family members in college are important factors considered in the calculation. This information is reported on the application form and forwarded to the central processor for further processing. Supporting documentation is required based on Federal regulations. The FAFSA application is available at www.FAFSA.gov.

Deadline for Filing Financial Aid Applications

Applications for each academic year are available as early as October 1st, and are processed on a first-come, first-served basis. All awards are based on student eligibility and available funds. To be able to receive Financial Aid funds, eligible students must have a complete file with the Financial Aid Office at Yuba College by the last day of instruction of the academic year. This may include the verification process.

Satisfactory Academic Progress

Students awarded financial aid funds are required by Federal regulations to make satisfactory academic progress towards achieving their Financial Aid approved educational goal. The specific requirements are described and included in the Yuba College Financial Aid Guide available at the Financial Aid Office and posted on the Financial Aid web site at yc.yccd.edu. Academic Progress towards the students' identified educational goal is required in order to continue receiving funds. Failure to make academic progress or be enrolled in required courses to achieve the educational goal may result in termination of Financial Aid.

RETURN TO TITLE 4 (R2T4). Students who drop completely or withdraw from classes prior to completing 60% of the term may be required to repay any unearned federal funds to Yuba College or to the Department of Education, per Federal regulations.

Programs Available to Yuba College Students

SCHOLARSHIPS

Many scholarships are available to help students meet the cost

of their education. These scholarships become available through private support from individuals and organizations in the Yuba College community who have contributed to scholarship funds. Most scholarships are based on academic achievement; others are based on financial need. A complete listing of all scholarships offered, eligibility requirements, deadline dates, and application information is available in the scholarship handbook posted on the Financial Aid web site at yc.yccd.edu.

GRANTS

Federal, State, and Institutional grant programs are available to eligible Yuba College students. These funds are based on financial need criteria and eligibility and paid two times per semester. Included are Federal Pell, Federal SEOG Supplemental Educational Opportunity Grant, BIA (Bureau of Indian Affairs) Grant, EOPS (Extended Opportunity Program and Services) Grant, CARE (Cooperative Agency Resources for Education) Grant, Chaffee Grant, Cal Grants B and C, and full-time Student Success Grant.

COLLEGE PROMISE PROGRAM

Starting in Fall 2019, the Yuba College Promise Program will pay tuition for all new, first-time, full-time college students up to 15 units per semester. All first-time college students, including students who earned college units while still in high school who:

- are California Residents or AB 540 eligible
- complete a FAFSA or CA Dream Act Application,
- enroll in and complete 12 or more units.

Note: Full time is considered 12 units or more. This program is not awarded on the basis of financial need. Yuba College students qualify for free tuition for up to 15 units per semester.

Note: If students have 16 units or more, students will be responsible for the tuition difference. The Promise Program covers tuition for 15 units per semester for the first two semesters of enrollment and if eligibility is maintained a second year will be covered as well. To maintain eligibility, students must complete 12 units with a 2.0 minimum in the first term (Fall); the tuition waiver will be terminated in the following term (Spring) if the student does not meet the program requirements.

CALIFORNIA COLLEGE PROMISE GRANT (CCPG)

Formerly known as Board of Governors Fee Waiver (BOG) The waiver of student fees provided by the CCPG Program is designed to ensure that the fee policies of the California Community Colleges (CCC) are not a financial barrier to education for any California resident or eligible non-resident. Enrollment fees for CCC students are determined annually by the Legislature and the Governor and can be adjusted whenever it is deemed appropriate. These fees are waived for needy students as defined by the CCPG program through appropriations assessed in the annual state Budget Act. The CCPG application may be completed in lieu of, or in addition to, the FAFSA or Dream Act Application to qualify for the CCPG and/or other student service programs and benefits (EOPS/CARE, etc.).

WORK STUDY

The Federal Work Study (FWS) Program provides jobs for eligible students awarded FWS funds as part of their financial aid package. An award offer is not a job guarantee. Call the Financial Aid Office for additional information.

DIRECT LOANS

Contact the Financial Aid Office for information on Student Loans.

AB 540 and the California Dream Act

The Law: AB 540 authorizes any student, including undocumented students, who meet specific criteria to pay in-state tuition at California's public colleges and universities.

(CONT'D ON NEXT PAGE)

AB 540 Eligibility Requirements:

- Attended a combination of California high school, adult school, and community college for the equivalent of three (3) years or more or
- Three (3) or more years of California high school coursework and attended a combination of California elementary, secondary, and high school of three (3) years or more. AND
- Graduated with a California high school diploma or have the equivalent (i.e. California-issued GED, CHSPE) or
- Completed an associate's degree from a California Community College or
- Completed the minimum requirements at a California Community College for transfer to the California State University or the University of California.
- Must have registered or currently be enrolled at an accredited institution of higher education in California;
- Must have filed or will file an affidavit stating that will apply for legal residency as soon as possible; and
- May not be a non-immigrant holding a valid lettered non-immigrant Visa 5.

AB 540 Affidavit - "California Non-Resident Tuition Exemption Request"

In order to receive the exemption from non-resident tuition, students must obtain, complete, and submit the AB 540 Affidavit to the Admissions and Records Office. Students may be required to submit additional documentation such as high school transcripts and appropriate records of high school graduation or the equivalent.

THE CALIFORNIA DREAM ACT

AB 130 allows students, who meet AB 540 criteria (California Education Code 68130.5(a)), to apply for and receive non-state funded scholarships for public colleges and universities; AB 131 allows students, who meet AB 540 criteria, to apply for and receive state-funded financial aid such as institutional grants, California College Promise Grant, Cal Grant and Chafee Grant. Therefore, AB 540 students are allowed to apply for the following types of financial aid:

- California College Promise Grant (CCPG) - Formerly known as the Board of Governments Fee Waiver (BOG)
- State financial aid like Cal Grants and Chafee Grants
- Assistance from EOPS, CARE or CalWORKs
- Privately-funded scholarships

If eligible for AB 540, students must:

- Contact the Admissions and Records Office to complete the Affidavit form and provide the required documentation to establish eligibility
- Contact the Financial Aid Office to determine the next steps to take
- Students who have a Social Security Number need to complete the FAFSA at: www.FAFSA.gov
- Students who do not have a Social Security Number need to submit a California Dream Act application available at: <https://dream.csac.ca.gov/>

As of October 5, 2017, Senate Bill 68 was approved, which expands AB 540 to enable students to count years spent at a California Community College and Adult School towards AB 540 eligibility. Additionally, the bill allows the completion of an Associate's Degree or satisfaction of the minimum requirements to transfer to the University of California (UC) or California State University (CSU) to meet the degree or units requirements, which expands possibilities for a student to qualify for in-state tuition and financial aid at CCCs and the CSUs.

AB 2248 Student Financial Aid: Cal Grant Program

Cal Grant award, except Cal Grant C, is limited to four academic years, except for a current or former foster youth, Cal Grant B awards may be renewed for a total of the equivalent of eight years of full-time attendance in an undergraduate program, provided minimum financial need exists. A student needs to take 15 units per semester or equivalent quarter units, or 30 semester units or equivalent quarter units per academic year, in order to graduate in four years.

Hope Scholarship (Tax Relief) and Lifetime Learning Credit

The Hope Scholarship is actually a tax credit, not a scholarship. Tax credits are subtracted directly from the tax which is owed, rather than reducing taxable income like a tax deduction. A family must file a tax return and owe taxes in order to take advantage of it. The Hope Scholarship credit is not refundable for families who do not pay taxes. The federal government created the Hope Scholarship to allow families the opportunity to deduct the enrollment/tuition fees paid for attending college for income tax purposes. There are federal criteria and guidelines for deducting the fees for income tax purposes; consult a tax advisor for questions.

At the end of each calendar year, Yuba College will provide an electronic Form 1098T through Self-Service for students who meet the required criteria (does not apply if fees were waived or paid by another agency). The 1098T statement includes payments for tuition charged during the year.

(CONT'D FROM PREVIOUS PAGE)

College Life

Athletics

Yuba College is a member of the Bay Valley Conference, Northern California Football Conference, California Community College Athletic Association (CCCCAA), which functions as part of the Community College League of California, and participates in men's and women's basketball, baseball, football, men's and women's soccer, men's and women's track & field, softball, and volleyball. (Refer to page 40, "Athletic Eligibility")

Campus Police Department

We are committed to ensuring the safety of our students, staff, faculty, and just and impartial visitors. Every member of our department is involved in keeping all of the campuses safe and secure. However, a truly safe campus can only be achieved through the cooperation of all students, employees, and visitors. The Yuba Community College District covers nearly 4,200 square miles, and currently has five educational sites in five different counties. The Police Department provides professional law enforcement services at all five educational sites. These campuses include Yuba College, Woodland Community College, Lake County Campus, Colusa County Campus, and the Sutter County Center.

The Police Department on the Yuba College Campus is located in Warren Hall, Building 1600. The Police Department can be reached by calling 6771 from any campus phone, dialing (530) 741-6771 or (530) 870-1158 from other phones. In case of an emergency, call 911 from any phone or use one of the many emergency phones ("Blue Phones") located on campus. The Police Department provides the following services:

Campus Patrols: The Yuba Community College District Police Department uses uniformed and non-uniformed officers to patrol the campuses in cars, on bicycles and on foot. These patrols are conducted on the roadways and walkways of the campus, as well as in buildings.

Safety Escort Service: Students who feel fearful walking on campus may request a safety escort by dialing extension 6771 from any campus phone or (530) 741-6771 from other phones. After business hours, call the Campus Police cellular phone at (530) 870-1158. Provide the YCCDPD Officer with the current location and intended destination on campus. If there are special circumstances or risks the student knows about, be sure to share them with the officer. Subject to availability, an officer will be dispatched to the student's location to walk with the student to the desired destination. An officer may wish to transport the student in a vehicle if it is more practical based on conditions.

Vehicle Jumpstart Courtesy Service: Police vehicles are equipped with battery jumpstart systems to allow officers to attempt to assist motorists who have discharged batteries. This service is provided at no charge, subject to officer availability and is performed only if the vehicle owner accepts the risk of damage. Normally there is very little risk, however officers are not trained mechanics, and from time to time damage may occur. Persons who have insurance coverage for jumpstart service or who do not want to accept the risk of damage should call a professional mechanic.

Sex Offender Registration Program: Sex offenders are required to register the first five days of the semester they have registered for classes. The registration remains on file during consecutive course attendance, but are required to unregister if they are no longer going to be attending any of the educational sites.

Jeanne Clery Disclosure: In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, Yuba College publishes and distributes an annual security report. The report includes statistics for the previous three years concerning

reported crimes that occurred on campus, in off campus buildings or property owned or controlled by Yuba College, and on public property within or immediately adjacent to and accessible from the campus. The report may be obtained at the Yuba College Police Office or online at: www.yccd.edu/central-services/campus-safety/jeanne-clery-report/

Police Cadet Program: The Police Cadet Program employs a diverse group of Yuba Community College District students. Its mission is to provide outreach to the campus community, while helping to deter crime, and enforcement of the district parking policy. Police Cadets provide high visibility, uniformed patrol of the campus. This includes, but is not limited to, the campus, buildings, and parking lots. They act as additional "eyes and ears" to the police department.

Children in Class

Attendance in a class is limited to those students who are officially registered in accordance with State and District regulations. This includes dual enrolled high school students. Children are prohibited from attending classes. Classes are limited in size, and no disruptions will be allowed in the classroom. In addition, the College assumes no liability for injuries that may occur to the child.

Clubs and Organizations

Clubs and organizations cater to and meet the academic, social, and political needs of a wide variety of students; they provide participation in extracurricular activities both on- and off-campus. Information concerning clubs and organizations can be obtained from the Student Council by calling (530) 740-1752 or visiting yc.yccd.edu. Certain clubs listed below may not be active during the current academic year (depends largely on student participation).

- Auto Club
- Black Student Union
- CNSA
- Green Futures
- Literary Arts Club
- Media Club
- Psychology Club
- Student Veterans Association
- Speech Club
- Veterinary Technology Club

The Associated Students of Yuba College (ASYC) is the title of the official organization which controls student affairs. The Student Council, the governing body of the ASYC, provides services and social activities for students and represents students' views and interests to the administration and Board of Trustees through participation on college and district committees.

Colors and Nickname

The college colors are navy blue and gold. The nickname of the college teams are the "49'ers." The mascot is Dusty the Forty Niner.

Conduct and Discipline

If a student's conduct violates District rules or regulations, the Code of Conduct for Students, or public laws, the student will be subject to one of the forms of "sanctions" included in the Code, which are:

- **Removal from class.** An instructor may remove a student from his or her class for the day of removal and the next class meeting. In the case of the Library, removal would be for the day and the next college day. The instructor shall immediately report the removal of the student to the College President or designee for appropriate action.
- **A written or verbal reprimand.** An admonition to the student to cease and desist from conduct determined to violate the Student

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

Code of Conduct. Such reprimands are given in a disciplinary conference with an administrator. Written reprimands may become part of the student's permanent record at the college. Verbal reprimands may become a part of a student's record at the college for a period of up to one year.

- **Disciplinary probation.** The disciplinary authority has the discretion to impose an appropriate probationary period consistent with these procedures. A copy of the written disciplinary probation is filed in the student's permanent file. In addition, if the student is a minor, a copy of the letter shall be sent to the student's parent or guardian, and the parent or guardian shall be invited to confer with the college administrator imposing the discipline.
- **Immediate interim suspension.** The suspension from one or more classes when required to protect lives or property and to ensure the maintenance of order. A student may be placed on immediate interim suspension without prior notice, provided that student is provided a reasonable opportunity for a hearing within ten (10) days of the first day of suspension.
- **Short-term suspension.** The suspension from one or more classes for a period of up to ten (10) consecutive instructional days.
- **Long-term suspension.** The exclusion of the student from one or more classes for more than ten (10) consecutive instructional days, or from all classes and activities of the college for one or more additional terms.
- **Expulsion.** The exclusion of the student by the Board of Trustees from the college indefinitely when other means of correction fail to bring about proper conduct, or when the presence of the student causes continuing danger to the physical safety of others. (Education Code §76030.)

A copy of the Yuba College Code of Conduct for Students may be obtained from the Office of the Vice President of Academic and Student Services and is available online on the Yuba College website under the Resources tab.

Dress Regulations

Based on the YCCD Student Code of Conduct, Yuba College students are expected to demonstrate maturity and exercise good judgment and taste in everyday attire. Whatever the student's judgment, however, every individual is required to wear top and bottom clothing at all times and footwear in all campus buildings. Specific footwear may be required in specific areas of the campus due to safety and/or potential damage to the flooring. Additional dress regulations may be imposed upon students participating in certain programs or extracurricular activities sponsored or organized by the college.

Drug Free School Policy

The District recognizes that substance abuse is a major health problem throughout the United States. Therefore, in order to eliminate abuse, the entire college community must be involved. The single consistent message is that substance abuse is wrong, dangerous, and will not be tolerated. **Yuba College has a "zero tolerance" policy; all campuses and centers are to be alcohol and drug free.**

It is the stated policy of the District to implement a comprehensive substance abuse strategy that will work more effectively in combating use and potential use of drugs by students. The policy sets forth procedures that not only expose students to awareness of the dangers of drugs and alcohol, but also encourages each individual to act to prevent the sale and use of drugs.

The following program principles have been adopted to implement this policy:

- The Student Code of Conduct, supported by Education Code Section 60041(b), prohibits the unlawful possession, use, or distribution of illicit drugs and/or alcohol by students on its

property or as part of any of its activities.

- Information regarding applicable legal sanctions under local, State, and Federal law for the unlawful possession or distribution of illicit drugs and/or alcohol is available to all students through the Yuba College Campus Police Department, the Yuba College partnership with TimelyMD, the Student Services Department or the President's Office.
- Educational materials regarding health risks associated with the use of illicit drugs and the abuse of alcohol are made available to all students through TimelyMD. More in-depth information is available through the Humsn Services Program courses.
- Information regarding resources for drug or alcohol counseling and treatment are available through the TimelyMD.
- The Office of the Executive Vice President will keep records of all disciplinary actions and evaluate the consistency of all enforcement.

Music

The Music Department provides a stimulating environment nurturing discovery, development, and recognition of the creative spirit. Students can participate in various performing ensembles including Chamber Singers, Concert Choir, Jazz Band and Symphonic Band or learn to make music through classes in piano, guitar or voice. More serious students of music can fulfill the required curriculum for an AA or AA-T in Music and transfer to universities. Offering of courses also include those that meet the GE requirements, including World Music, Popular Music in the U. S., Music as Culture, Jazz Appreciation, and Rock Music and Culture. The Department also offers a number of public concerts for the students and the community, including Tuesday Noon Recital Series, talent show, student recitals, ensemble concerts, public outreach concerts and more.

Recording Device Usage

The use of any electronic listening or recording device in classrooms requires the professor's permission. If such equipment is necessary to provide reasonable auxiliary aid and academic adjustment to students with disabilities, the student should call the Disabled Student Program and Services at Yuba College at (530) 741-6758.

Safe Zone

Yuba College is committed to creating a safe and open environment for all students, staff, and faculty.

Yuba College pledges:

- To promote a positive learning environment free of bias, discrimination, intolerance and violence.
- To engage in civil and informed dialogue with those who may have different views.
- To recognize and respect the need for privacy and to comply with all related policies (FERPA).
- To act upon instances of bias, discrimination, intolerance or violence that are witnessed or reported.
- To feel physically safe and establish a sense of community through extra campus security and consolidate evening classes to populated and common areas on campus.

Smoking and Tobacco/Nicotine Use Policy

In the interest of public health, Yuba Community College District and its colleges became a tobacco/nicotine free campus effective August 2016. This policy applies to all employees, students, vendors, volunteers and visitors.

Use of any form of tobacco/nicotine is prohibited at all times in the

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

following areas:

On all owned, rented, and leased Yuba Community College District properties, grounds and buildings within the Yuba Community College District.

In all Yuba College and Yuba Community College District owned, rented and leased vehicles and mobile equipment.

This prohibition includes but is not limited to cigarettes, cigars, bidis, pipes, hookah, electronic cigarettes and smokeless tobacco/nicotine products.

Student Complaints and Grievances

Student Due Process: Complaints and Grievances Yuba College is committed to serving students in a respectful, fair, and equitable manner. District policies protect the rights of all members of the campus community and ensure every student a fair opportunity to pursue their academic goals. The procedures outlined below are available to any student who reasonably believes that they have been subject to an unjust action or decision that has adversely affected his or her rights as a Yuba College student or is not in compliance with College policies or state or federal laws.

Student complaints are classified into four categories:

1. Grade changes
2. General complaints and grievances;
3. Discrimination and harassment complaints; and
4. Complaints to external agencies.

Complaint Process:

Step 1: Meet with the instructor or staff member to discuss the complaint.

Step 2: If the student is unable to resolve the concern with a faculty member, meet with the Division Dean. If the complaint is about an office or service and was not resolved, meet with the supervisor of that department to discuss the concern.

Regardless of the type of complaint and as stated in step 1 above, students are first encouraged to discuss the complaint or grievance directly with the person or department responsible for the decision or action for which they have a concern (informal resolution). Informal resolution allows the faculty or staff to hear the student's concerns and work with the student to resolve the issue. However, a student has the right to pursue a formal complaint procedures at any time. See the specific types of complaints below for formal resolutions steps.

TYPES OF COMPLAINTS:

Grade Changes: Administrative Procedures 4231 outlines the process by which a dispute of a final grade for a course may be resolved in a fair manner and in accordance with state law. Students should note that the determination of the student's grade is final in the absence of mistake, fraud, bad faith or incompetence (Education Code 76224).

The request for a grade change should be initiated within the semester following the posting of a disputed grade. Students seeking a grade change should contact the instructor and request a grade change. If the instructor does not agree with the grade change request, the student should then meet with the appropriate dean. If the above process does not lead to resolution, a student has the option to submit a Grade Change Appeal form to initiate the Formal Grade Change Resolution Process by the Academic Standards Committee. Grade appeals shall be made within a two-year period upon completion of the course. The Grade Appeal Form is located at: <https://yc.yccd.edu/student/student-grievance/>

General Complaints and Grievances: Individuals who are dissatisfied with a campus policy or procedure or with the conduct of a college employee are entitled to file a complaint. The College encourages all

members of the campus community to attempt to resolve all issues informally by dealing directly with the staff and faculty involved. However, a student can file a formal Statement of Grievance form within 30 workdays of the incident or 30 workdays after the student learns of the basis for the grievance, whichever is later. Upon receipt of the Statement of Grievance, the Grievance Officer will work with the student to determine if the issue is grievable and to determine if a formal Grievance Hearing is required.

See the following documents for more information:

- Administrative Procedure 5530
- Statement of Grievance Form
- Request for Grievance Form
- Student Code of Conduct

See Administrative Procedure 5530 (<http://www.boarddocs.com/ca/yccd/Board.nsf/goto?open&id=A7E2FU020616#>) for the specific procedures available to any student who reasonably believes a college decision or action has adversely affected his or her status, rights or privileges as a student. The procedures shall include, but not be limited to, grievances regarding:

- Sex discrimination as prohibited by Title IX of the Higher Education Amendments of 1972
- Sexual Harassment
- Financial Aid
- Illegal Discrimination
- The exercise of rights of free expression protected by state and federal constitutions and Education Code Section 76120.

Discrimination and Harassment Complaints: Students, employees or others wishing to file a complaint of discrimination on the basis of ethnic group identification, religion, age, gender, sexual orientation, color, or physical or mental disability or any other category of unlawful discrimination should contact the Chief Human Resource Officer. To make an appointment call (530) 741-6976. See the following document for information:

ADMINISTRATIVE PROCEDURE 3435

Title IX: Yuba College supports and complies with Title IX of the Education Amendments of 1972 which prohibits sex discrimination in admission to, or employment in, all of its educational programs and activities. Contact the Title IX Coordinator at (530) 741-6976 or the Director of the Office for Civil Rights U.S. Department of Education, Washington DC.

Complaints to External Agencies: Most complaints and grievances are resolved at the campus level. However, some issues not resolved at the campus level may be presented to the agencies below. Note that specific agencies handle certain types of unresolved complaints.

1. Institutional Compliance with Academic Program Quality and Accreditation Standards: Contact the Accrediting Commission for Community and Junior Colleges (ACCJC) at: <http://www.accjc.org/complaint-process>
2. Unlawful Discrimination: Contact the California Community College Chancellor's Office at: <http://californiacommunitycolleges.cccco.edu/ComplaintsForms.aspx>

Theatre Arts

The Theatre Arts Department aims to provide its students with basic knowledge of the theater. Courses are integrated around the central idea of learning and producing. Work in acting technique, design, costuming, makeup, lighting, technical production, and other crafts are all taught in theory and practice in the production of a variety of plays. The Department offers several plays for students and the public during the academic year.

Academic Regulations and Information

The College reserves the right to change any College rule or regulation, including the scheduling of courses; the requirements for graduation; the requirements for admission, degrees, and fees; and any other regulations affecting the student body. Such changed regulations will govern both old and new students and shall be effective whenever determined by the College. Failure to comply with established rules, regulations, policies, and/or procedures shall result in disciplinary action and may result in dismissal from the College. Students who feel they have extenuating circumstances which excuse them from these academic regulations should:

- Obtain a standard Student Petition from the Counseling Department/Student Services.
- Seek the advice and recommendation from a counselor.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 15 days of the day Yuba College receives a request for access.

If a student wishes to do so, the student should see a counselor to start the process. The student folder contains copies of high school and college transcripts (if they were sent to YCCD by the student) and other data that may be important for student guidance. The College transcript includes summary information from other colleges attended when those transcripts have been sent to the College for evaluation. These records are available for review by the student with the counselor or Student Services administrator.

If this step does not cover the types of records requested, the student should submit to the Vice President of Student Services, a written request that identifies the record(s) the student wishes to inspect. Staff will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by Student Services, the staff shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the College to amend a record that they believe is inaccurate or misleading. The student should write the College official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it is inaccurate or misleading.

If Yuba College decides not to amend the record as requested by the student, the College official will notify the student of the decision and advise the student of the right to a hearing regarding the request for amendment.

Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosure of personally identifiable

information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

Directory information is given out only when it is necessary or appropriate to do so in the opinion of a member of the Student Services professional staff; a request to limit Directory Information must be made by a student within seven calendar days of registration. Directory information includes name, major field of study, participation in officially recognized activities and sports, weight and height if a member of an athletic team, degrees and awards received (See BP 5040). Other than directory information, which may be released, no other data from a student's records will be released without written authorization except to authorized college personnel upon the basis of need in relation to the student's education or in response to a lawfully issued subpoena.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College as an administrator, supervisor, instructor, or support staff member (including law enforcement unit personnel and health or medical staff); a person or company with whom the District has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing the official's tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the College discloses educational records without consent to officials of another school in which a student seeks or intends to enroll.

Other than the permanent academic College record, data is kept only as long as it is pertinent.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Yuba College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-8520

Academic Renewal

The Yuba Community College District Board of Trustees permits the alleviation of substandard ("D" and "F") academic performance, which is shown not to be reflective of the student's recent performance. This policy is adopted for students who need a means of tempering their previous student's transcript so they may successfully accomplish an academic goal.

Academic Renewal is subject to the following conditions:

- The maximum amount of course work that may be alleviated is 30 semester units.
- Since the end of the semester to be alleviated, the student must have completed 12 semester units with a 3.0 Grade Point Average (GPA), 18 semester units with a 2.5 GPA, or 24 semester units with a 2.0 GPA.
 - A minimum of two semesters must have elapsed since the course work to be alleviated was recorded (Summer Session does not count as a semester).
- The student must have completed at least 12 units in residence in the YCCD.
 - Under no circumstances may course work be discounted that

(CONT'D FROM PREVIOUS PAGE)

has been used in fulfillment of requirements for a degree or certificate.

- If the student is otherwise eligible for graduation, Academic Renewal may not be used to raise the grade point average (GPA) in order to qualify for graduation with honors.
- No units that have been excluded by Academic Renewal can be reinstated.
 - Course work granted Academic Renewal status may be counted, if appropriate, toward fulfillment of prerequisites.
 - The student's transcript will be annotated in such a way that all work remains legible, ensuring a true and complete academic history.

Students seeking Academic Renewal must petition the Academic Integrity Committee. The petition arises out of a consultation between the student and a counselor. Current educational objectives should be discussed with a counselor, and the counselor's recommendation should be included on the petition.

YCCD will honor similar actions by other accredited colleges and universities in determining grade point averages and credits. However, students should be aware that all course work is subject to reevaluation by each subsequent college.

Transfer Credit from Other Colleges and Examinations

Students who previously attended other colleges may submit official transcripts from the colleges attended. Official transcripts may be submitted via direct mail, hand carried in a sealed official envelope or electronically delivered to Yuba College Admissions and Records Office. Official transcripts will be evaluated and credit applied as appropriate for lower division courses completed at colleges accredited by one of the regional accrediting associations (Western Association of Schools and Colleges, Middle States Association of Schools and Colleges, North Central Association of Schools and Colleges, Northwest Association of Colleges and Schools, and Southern Association of Colleges and Schools).

Credit is also allowed for College Level Examination Program Subject examinations, DSST examinations, and College Board Advanced Placement examinations.

Athletic Eligibility

Athletes are governed by the rules of the California Community College Athletic Association (CCCAA) the Bay Valley Conference, Northern California Football Conference, and by Yuba College regulations. Basic eligibility regulations are:

- All students who are continuously enrolled in a minimum of 12 units are eligible for initial collegiate participation. Nine units must be attempted in academic areas.
 - All student-athletes must complete and pass a physical by a qualified medical professional prior to participating.
- To maintain eligibility, student-athletes must 1) pass 6 units in their previous full time semester; 2) be continuously enrolled in 12 units during their season of competition.
- To participate in a second sport student-athlete must be enrolled in 12 units and have at least a 2.0 GPA, and pass 6 units in their previous full time semester.
- To participate in a second season of the same sport, student-athletes must be enrolled in 12 units (nine of which are academic in nature), have completed 24 units (18 units must be academic in nature), and have at least a 2.0 GPA.
- For additional information about eligibility requirements, refer to the Athletic Constitution of the California Community College Athletic Association (CCCAA), Northern California Football

Conference, and the constitution of the Bay Valley Conference.

Attendance

A student is expected to attend all sessions of each class in which enrolled. Attendance is the student's responsibility. Any student who ceases to attend a class without officially dropping it through Self-Service or at the Admissions and Records Office may receive a failing grade.

Auditing Class

The Yuba Community College District Board of Trustees has adopted the following guidelines authorizing the auditing of courses pursuant to Education Code Section 76370.

- Auditors must be eligible for admission to the College as regularly enrolled students.
- Students enrolling for credit will have priority in all credit classes. Auditing will be permitted only at the conclusion of the late registration period.
- Auditors will complete an Auditor Application Form, which must be signed by appropriate instructor. Faculty members instructing audit eligible courses have the right to refuse auditors.
- The completed Auditor Application Form must be filed with the Admissions and Records Office.
- A nonrefundable audit fee of \$15 per unit will be payable at the time of enrollment by the auditor, plus the Student Health Fee.
- Students enrolled in ten units or more of credit classes will not be charged a fee to audit three (3) or fewer units per semester.
- Auditors will not be charged the regular Enrollment Fee which is paid for credit enrollment, and the Nonresident Tuition Fee will not apply.
- Course costs will be charged to auditors where appropriate.
- Auditors must purchase parking permits to park on campus.
- Auditors must meet course prerequisites.
- No transcript of record will be maintained for audited classes.
- Auditors will not be counted in enrollment-based decisions about maintaining or canceling classes.
- No transfer from audit to credit status or the reverse will be permitted.
- Audited classes do not count toward units for any purpose, e.g., financial aid, veteran's benefits, full-time student status.

Authority of Instructors

Every student is required to attend class regularly and instructors may report to the counselors and to the Dean the names of students whose attendance or work is unsatisfactory. The instructor has the right to drop any student with excessive absences (as defined by instructor) which, in the instructor's judgment, will prevent the student from meeting the objectives of the course.

Pursuant to the Code of Conduct for Students, an instructor may remove a student from class for the day of the removal and the next class meeting. The instructor shall immediately report the removal to the President. The President or designee shall initiate a review process to determine whether or not there are sufficient grounds to remove the student permanently from the class.

Basic Skills Pre-Collegiate Course Limitation

State regulations specify that students may take no more than 30 semester units in "Pre-collegiate Basic Skills" courses. This regulation applies to all courses numbered 100-199, except ESL (English as a Second Language) courses and for students identified by the

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

College as having a learning disability.

Students who are not eligible to move into collegiate-level courses upon completion of the maximum 30 semester units of basic skills courses will be referred to adult education for future skill development and will be dismissed from attending Yuba College in pre-collegiate courses. Students should consult with a counselor if approaching this limit.

Catalog Rights

Students who have a notation (grade or "W") on their academic transcript in at least one semester of a calendar year receive "catalog rights." Summer session does not count for catalog rights. Catalog rights refer to the regulations determining graduation requirements. Students may elect the requirements in effect in the year they began their study within the Yuba Community College District or in the year they graduate from Yuba College.

Once catalog rights are established, absence related to an approved educational leave or for attendance at another accredited institution is not to be considered an interruption, providing the above attendance criteria are met.

While catalog rights hold degree requirements, they do not apply to changes in prerequisites required in a given course. Prerequisite requirements are those stated in the "Course Descriptions" section of the current catalog. Catalog rights do not apply to the multicultural graduation requirement (see "Graduation Requirements"). Classes used to meet the multicultural graduation requirement and the health/PE/KINES requirement must have been approved to satisfy the requirement at the time the class was taken.

CLEP Exam Credit Acceptance Policy

Yuba College accepts the College-Level Examination Program (CLEP) examinations for credit in appropriate classes. Assuming that an acceptable score is achieved on a CLEP examination, Yuba College grants credit in the appropriate course(s) for each examination. The table below defines the credit offered and the course equivalent for each accepted CLEP examination.

SEMESTER CLEP EXAMINATION	YUBA COLLEGE	
	UNITS AWARDED	COURSE EQUIVALENT
Subject Examinations English:		
College Composition	6	ENGL 1A and 2 units elective
College Composition Modular	4	ENGL 51

College Board Advanced Placement (AP) Examination Credit Acceptance Policy

Yuba College grants credit to students who have successfully completed College Board Advanced Placement examinations with scores of 3, 4, and 5. Students must submit official Advanced Placement Examination scores to the Records and Admissions Office in order to receive credit. Credit awarded is based on Yuba College (YC), California Community College Chancellor's Office, California State University (CSU), University of California (UC), and Intersegmental General Education Transfer Curriculum (IGETC) policy. Specific Yuba College course credit earned through AP Examination credit will be posted on the Yuba College transcript with a "P" grade. Students may not enroll in a course for which AP credit has been granted. Course credit and units granted by Yuba College may differ

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

from course credit and units granted by other colleges. units listed are indicated in semester units unless indicated otherwise. For AP examinations taken prior to Fall 2013 which are not listed below, see a counselor for information on credit that may be awarded.

Credit By Examination (Challenge)

A currently, or formerly, enrolled student may take a special examination to earn credit or to meet a prerequisite. If the challenge is at a campus or center, it must be a course offered at that campus or center. If the course is successfully challenged for credit, a "P" grade will be awarded. To be eligible to challenge a course a student must:

1. Not be enrolled in the course;
2. Not have completed nor be enrolled in a more advanced course;
3. Have completed at least 12 units from Yuba College with a GPA of 2.0 or higher;
4. Have approval from the appropriate division Dean and recommendation from the instructor teaching the course to be challenged.

To request a challenge, a student must submit a Petition for Credit by Examination to the appropriate Dean. Credit by examination is not applicable to all courses. A course may be challenged only once unless the Dean or the Vice President determines the existence of extenuating circumstances.

Credit For Military Experience

Upon application, the College will evaluate military records to determine if a student may be awarded elective credit for military service. The service person must have spent at least four months in active service and have a discharge other than dishonorable. These units will satisfy the Health/Physical Education/KINES graduation requirement.

College credit may be allowed for the completion of college-level courses in formal service schools in accordance with recommendations found in the Guide published by the American Council on Education.

Computer and Network Usage Policy

The Yuba Community College District Board of Trustees, in granting access to College computers and networks, expects that students, in their use of these systems, will adhere to legal and ethical standards consistent with the College's mission. The Board hereby directs the administration to develop regulations and procedures setting forth the specific responsibilities and obligations related to use of college computers and networks. The administration shall also establish disciplinary procedures to enforce this policy that are consistent with policies and laws governing the conduct of students.

Directory Information

Student records are maintained in compliance with applicable federal and state laws relating to the privacy of student records.

Any currently enrolled or former student of the District has a right of access to any and all student records relating to him or her maintained by the District.

No District representative shall release the contents of a student record to any member of the public without the prior written consent of the student, other than directory information, and information sought pursuant to a court order or lawfully issued subpoena, or as otherwise authorized by applicable federal and state laws.

Directory information shall include: name, major field of study, student participation in officially recognized activities and sports, weight, height, of athletic team members, degrees and awards

received by students, including honors, scholarship awards, athletic awards and Dean's List recognition (See BP 5040). However, Directory information is given out only when it is necessary or appropriate to do so in the opinion of a member of the Student Services professional staff.

Students wishing to limit directory information release even more may file a request at the Admissions and Records Office within seven calendar days of registration.

Examinations

Midterm and Final Examinations may be given in all courses. Final Examinations in full-semester courses are given as listed on the Final Examination Schedule. No student exception may be allowed to the Schedule except upon approval of an individual Student Petition by the Academic Integrity Committee. Such exceptions will be allowed only in the case of extreme emergency.

Exemption from Regulations

A student wishing to claim exemption from any regulation of the College must file a written Student Petition with the Vice President of Student Services, as appropriate.

Financial Obligations

Student records will be withheld and all student/alumni privileges canceled in the case of a student failing to meet financial obligations to the College, including failure to pay Enrollment Fees, Tuition, Child Care charges; return library materials/pay library fines; return or pay for athletic equipment; pay loan or scholarship fund obligations; return/replace any College equipment for which responsible.

Graduation Deadlines

Yuba College has a formal graduation ceremony once a year (at the end of the spring semester).

Students earning an AA or AS degree must apply for the degree by completing a petition for graduation form on Self-Service. Courses may be in progress at the time of application for the degree. The deadlines are as follows: Nov. 15 for fall completion of the degree; April 15 for spring completion of the degree; July 1 for summer completion of the AA/AS degree.

Students earning an AA-T or AS-T degree must apply for the degree by completing an associate degree for transfer graduation petition form in person at the Counseling Department or Admissions and Records or online. Courses may be in progress at the time of application for the degree. The deadlines are as follows: Sept. 15 for fall completion of the degree; Feb. 15 for spring/summer completion of the degree. These dates are designed to meet California State University (CSU) deadlines for verifying eligibility for an AA-T or AS-T degree for CSU admission purposes.

Grade Point Average (GPA)-Computing

The GPA is computed by dividing the total grade points by the total units attempted in the following manner:

Grade points are computed by multiplying the number of units represented by an individual course by the grade point value assigned to the grade. For example, a 3-unit course with a grade of "B" is 9 grade points ("B" 3 grade points x 3 units attempted). See "Grading" section for grade point values.

The total number of grade points earned in all courses is divided by the total number of units attempted. The result is the GPA.

Grades and Grade Changes

Grades awarded by faculty are final in the absence of mistake, bad

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

faith, fraud, or incompetence. The request for a grade change must be initiated within the semester following the posting of a disputed grade. Students seeking a grade change should contact the instructor and request a grade change. If the instructor does not agree with the grade change request, the student should then meet with the appropriate dean. If the above process does not lead to resolution, a student has the option to submit a Grade Change Appeal form to initiate the Formal Grade Change Resolution Process by the Academic Integrity Committee. Forms are available online at: <https://yc.yccd.edu/student/student-grievance/>

Students can obtain their grades by accessing Self-Service on the Yuba College website.

Grading

The grading system is as follows:

Grade	Definitions	Points
A	Excellent	4
B	Good	3
C	Satisfactory	2
D	Less than satisfactory	1
F	Failing	0
FW	Failing Withdrawal	0

Failing withdrawal: A failing withdrawal occurs when a student has ceased participating in a course without having achieved a final passing grade and who did not withdraw from the course prior to the withdrawal deadline. The FW grade is treated in the same manner as an F grade for the purposes of calculating grade point average, course repetition, and academic standings for probation/dismissal. This symbol may not be used if a student has qualified for and been granted an excused or military withdrawal.

Other Notations/Definition

- P Pass: the "P" is awarded for work completed at the "C" or better level. Students earn no grade points, but they do earn the unit(s). Courses with a "P" grade are not computed in the GPA.
- NP No Pass: The "NP" is awarded for work completed at the "D" or "F" level. No units are earned for work at this level. Courses with an "NP" grade are not computed in the GPA.
- SP Satisfactory Progress towards completion of a noncredit course. This symbol is used for noncredit courses only and is not supplanted by any other symbol. Courses with an "SP" grade are not computed in the GPA.
- AU Audit: Students do not earn units, but the notation does appear on a student's permanent record.
- EW Excused Withdrawal: Special exemption – requires documentation. An excused withdrawal occurs when a student is permitted to withdraw from a course(s) due to extenuating circumstances or specific events beyond the control of the student affecting his or her ability to complete a course(s). A student must file a petition requesting this option and attach the appropriate documentation to support the extenuating circumstance or specific event. Upon review of submitted documentation and approval of the petition, a withdrawal symbol of "EW" will be assigned. Excused withdrawals will not be counted in progress probation and dismissal calculation. The "EW" symbol may be used as described in, and in accordance with, section 55024.
- W Withdrawal: A "W" is recorded for students who officially withdraw from a course after the end of the fourth week of the semester or 30% of term (whichever is less) or 30% deadline of the course for short-term classes.

Full semester courses officially dropped after the end of the fourth week or 30% of term (whichever is less), 30%

of term for short-term courses but prior to the end of the thirteenth week (75% of term for short-term courses), will result in "W" on the student's transcript. The "W" notation indicates that the student was permitted to drop the course or was dropped by the instructor. A "W" notation carries no connotation of quality of a student's performance and is not used in the calculation of grade point average.

Withdrawals for full semester classes after the thirteenth week of classes (end of 75% of term for short-term courses) must result in a grade other than a "W" (usually a failing grade). However, in cases of extenuating circumstances such as accident or serious illness, the student may file a petition and evidence (doctor's excuse, hospital bill, etc.) at the Vice President of Student Services requesting permission to withdraw after the final withdrawal deadline.

Although the "W" notation is not used in computation of grade point averages, excessive "W," "NC," "NP," or "I" notations are considered in determining Progress Probation (see "Standards for Probation" page 38).

Students are responsible for processing appropriate official forms prior to the deadlines.

- MW Military Withdrawal: Special exemption—requires documentation. (See "Military Withdrawals" for documentation required.)

Temporary Notations/Definition

- I Incomplete: At the end of a term, an "I" (incomplete) may be awarded by the instructor when a student has been unable to complete academic work for unforeseeable, emergency, and justifiable reasons. The incomplete signifies that the student was enrolled, has attended classes throughout the term, that only a minimal amount of course work has not been completed in the prescribed time, and there is still the possibility of earning credit.

A copy of the Incomplete Grade Report Form will be emailed to the student indicating work to be completed for removal of the "I" and alternate letter grade to replace the "I" in the event the student fails to meet the conditions for removal of the "I".

An "I" must be made up within one year following the awarding of the incomplete notation (excluding summer). A final grade will be assigned by the instructor when the work has been completed or the alternate grade will be awarded in the event the student fails to complete the work during the prescribed time period.

A student may not enroll in the same course in which an incomplete grade was awarded.
- IP In Progress: This symbol indicates that a course is in progress and has not yet ended.
- RD Report Delayed: This symbol indicates either the course has not yet ended, or the instructor has not yet submitted the final grade for the student in the course.

Honors List

Honors Achievement recognizes students who have maintained at least a "B" (3.0) grade point average in 12 or more graded units during that semester (does not count classes with pass/no pass grades). Honors achievement may be noted on the student's transcript.

Multiple and Overlapping Enrollment

A student may not enroll in two or more sections of the same credit course during the same term unless the length of the course provides that the student is not enrolled in more than one section at

(CONT'D FROM PREVIOUS PAGE)

any given time.

A student may not enroll in two or more courses where the meeting times for the courses overlap, unless:

- The student provides a valid justification, other than schedule convenience, of the need for an overlapping schedule.
- The Executive Vice President or designee approves the schedule.
- A Course Time Conflict Approval Petition must be completed by the student and the instructor. This petition is available at Admissions and Records or online on the Admissions webpage.
- The student makes up the overlapping hours at some other time during the same week under the supervision of the instructor of the course.

Notification of Emergency Absence

In cases where a student may be absent for four or more days, a Notification of Emergency Absence can be requested by a student from the College (in cases of accident, sickness, bereavement, etc.). Further, it is the responsibility of the student to call instructors upon returning to make up missed course work. Call the Counseling Office for Yuba College and the Admissions and Records Office at the other sites to request the Notification of Emergency Absence.

Pass/No Pass Grading

At the option of each Division and in accordance with Title 5 regulations, some courses are offered on the Pass/No Pass (satisfactory/failing) grading basis. In those cases where a single standard of performance for which unit credit is assigned, the "P/NP" grading system shall be used to the exclusion of other grades. Units shall be assigned for meeting that standard; no units will be assigned for failure to do so. The P/NP grading is indicated in the course description section of this Catalog and Schedule of Classes.

In addition, each student will be allowed to select one course each semester from those courses in which students are usually graded on traditional "A," "B," "C," "D," "F" basis for the courses for which "P/NP" has been deemed appropriate in the Course Outline of Record. The selected course is in addition to such courses as the District's Colleges may have opted to offer entirely on a "P/NP" basis. The student should consult a counselor to discuss transferability of courses placed on the Pass/No Pass option. The student must file the appropriate form at the Admissions and Records Office no later than the end of the fifth week (30%) of the semester or the end of 30% of class for short-term courses. Once the form is submitted students may not select to return to regular grading.

The "P" notation will be awarded for work completed at "C" (satisfactory) or better level. Units earned for satisfactory achievement shall be counted toward the fulfillment of degree requirements. A grade of "D" or "F" work will result in an "NP" notation for the course. In neither case will units be counted in the determination of the student's grade point average, but the "NP" will be counted in Progress Probation.

Prerequisites/Corequisites

"Prerequisite" means the preparation or previous course work considered necessary for success in a course. Prerequisites are required only for courses where specific academic background is necessary in order to assure students a reasonable chance of success in the course. Prerequisites which are listed as "required" include:

- Courses for which specific prerequisites have been validated.
- Sequential course work in a degree or program, or
- Courses in which a prerequisite is necessary for transfer to a baccalaureate college. Responsibility for having met the prerequisite rests with the student.

It is the student's responsibility to be aware of and comply with the prerequisite regulations. Prerequisites are shown for each course in the Catalog and Schedule of Classes. It is the student's responsibility to check the course descriptions and not register in any class for which the prerequisite has not been completed.

"Corequisites" for a course are those courses in which a student may enroll prior to enrolling in the target course or simultaneously with the target course. Corequisites provide the necessary skill or supplementary body of knowledge or laboratory time during the course to help assure success in the course.

Students may show they have met the prerequisite/corequisite requirements through one or more of the following:

- Successful completion of the prerequisite course with a "C" or better grade.
- Official grade report or transcript from another college/school showing successful completion of the prerequisite with a "C" or better grade (requires a prerequisite verification approval by a counselor).

Students may be dropped from a class for not having completed the prerequisite. Such action may also result in a student losing Financial Aid, Veteran's Benefits, etc., since the drop may result in the student's units falling below full-time/part-time status.

Policy for Challenging Course Prerequisites

Students who wish to petition their recommended placement or the waiver of a prerequisite should be prepared to give evidence or justification why the exemption should be granted. Reasons for seeking a prerequisite challenge waiver may include one or more of the following:

- Prerequisite course is not available
- Prerequisite has not been validated
- Student has the knowledge or ability to succeed in the course without meeting the prerequisite, or
- Student believes the prerequisite is discriminatory or is being applied in a discriminatory manner.

Challenges to prerequisites/corequisites require the Prerequisite Challenge Form. Challenge forms are available at the Counseling Office at the Marysville Campus, the front desk at the Sutter County Center, and online on the Admissions webpage. The form should be filed at the location where the student registers for the majority of classes.

Students may enroll in a course that has a prerequisite if the prerequisite YCCD course is in progress. Students from other colleges who are enrolled in an equivalent course to the prerequisite may enroll upon submission of the In Progress Prerequisite Verification Form (approved by a counselor).

Public Law 101-542 and 102-26: Student Right To Know

Completion rate: 24.85% Transfer rate: 11.93%

In compliance with the Student Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of our college district to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 2017, a cohort of all certificate-, degree-, and transfer-seeking first-time, full-time students were tracked over a three year period. Their completion and transfer rates are listed above. These rates do not represent the success rates of the entire student population at the College nor do they account for student outcomes occurring after this three year tracking period.

Based upon the cohort defined above, a Completer is a student who

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

attained a certificate or degree or became 'transfer prepared' during a three year period, from Fall 2017 to Spring 2020. Students who have completed 60 transferable units with a GPA of 2.0 or better are considered 'transfer prepared'. Students who transferred to another post-secondary institution, prior to attaining a degree, certificate, or becoming 'transfer prepared' during a five semester period, from Spring 2018 to Spring 2020, are transfer students.

Yuba College Certificate and Degree Totals

The following are the numbers of degrees and certificates awarded at the College for the last three years (counts Fall, Spring, and Summer). These totals do not consider the students' status upon entering the College.

2018-19

Associate Degree	671
Associate Degree for Transfer	171
Certificate of Achievement	171
Other Certificates	191
Total Awards	1,204

2019-20

Associate Degree	617
Associate Degree for Transfer	196
Certificate of Achievement	117
Other Certificates	54
Total Awards	984

2020-21

Associate Degree	712
Associate Degree for Transfer	190
Certificate of Achievement	171
Other Certificates	132
Total Awards	1,205

Standards for Probation/Dismissal

Students are subject to "Probation" and/or "Dismissal," for reasons of deficient scholarship, in accordance with the provisions of Sections 55031 through 55034 of Title V California Administrative Code, and this Catalog. It is the policy of the Yuba Community College District Governing Board that no student be automatically dismissed, but that the individual case of each student subject to dismissal be reviewed by the Vice President of Student Services prior to invoking action.

ACADEMIC PROBATION: A student who has attempted at least 12 semester units of YCCD classes as shown by the student's transcript shall be placed on Academic Probation when the student has earned a cumulative grade point average of less than 2.0 in grades earned.

PROGRESS PROBATION: A student who has enrolled, beginning fall 1981, in a total of at least 12 semester units of YCCD classes as shown on the student's transcript shall be placed on Progress Probation when the percentage of all units in which a student has enrolled and for which entries of "W," "I," and "NP" are recorded reaches or exceeds fifty percent (50%).

REMOVAL FROM PROBATION: A student is removed from Academic Probation when the cumulative GPA (earned in YCCD classes only) reaches 2.0 or higher. A student is removed from Progress Probation when the units of "W," "I," and "NP" grades drop below 50% of the accumulated units of completion as shown on the student's transcript.

DISMISSAL: A student who is on Academic Probation shall be subject to dismissal if the student earned a cumulative GPA of less than 2.0 in all units attempted in each of 3 consecutive semesters even though a lapse of college attendance may occur between the semesters. A student who has been placed on progress probation shall be subject to dismissal if the percentage of units in which the student has been enrolled for which entries of "W," "I," and "NP" are recorded

in at least 3 consecutive semesters reaches or exceeds fifty percent (50%). Dismissal may be postponed by the Yuba College Academic Standards Committee when evidence of academic improvement or extenuating circumstances exist.

Students who feel they have extenuating circumstances with regard to these regulations should see a counselor and file a petition with the Academic Standards Committee who may conditionally reinstate a student when the circumstances are justifiable. Justifiable circumstances include accidents, illnesses, changes in working conditions, and other reasons beyond the student's control.

READMISSION. A dismissed student may petition for readmission (on probation) after consultation with a counselor. Generally, the student must wait a semester before petitioning for readmission. The counselor will help the student select appropriate classes, limit the number of units of enrollment and set up a visitation schedule to check the student's progress during the semester of attendance.

Note: Students receiving financial aid must refer to the current Financial Aid Handbook concerning Probation Status. Students receiving veteran's benefits should contact the Veterans' Services Office concerning consequences of probation. All students receiving aid/benefits should consult a counselor concerning consequences of probation. Students on probation may be prohibited from receiving aid/benefits.

Repetition of Courses

Repetition of courses is conducted in compliance with California Title 5 Regulations, Sections 55040 through 55046. No course repetition procedures established by the District will conflict with Education Code 76224 pertaining to the finality of grades assigned by instructors, with Title 5 Section 59023, or District procedures relating to the retention and destruction of records.

For course repetition approval, the student may submit a petition to the Academic Integrity Committee at Yuba College.

(A) Course Repetition with a Substandard Grade:

Students may repeat a course up to two times in the Yuba Community College District in which a notation of D, F, NP (No Pass), or W (Withdrawal) was earned (maximum three enrollments). This regulation is effective across the district at both colleges. If a student enrolled in a course at Yuba College or Woodland Community College this counts as one of the three attempts. Military Withdrawal (MW) or Excused Withdrawal (EW) is not counted as a substandard grade nor does it count toward the repeat of a substandard grade policy.

Upon completion of the repeated course, the best grade earned will be computed in the cumulative grade point average. The lower grade will remain on the academic record, but will be coded with a symbol indicating the course has been repeated and will be disregarded in the computation of the grade point average. The student's academic record will be notated so that all work remains legible, insuring a true and complete academic history.

(B) Course Repetition without a Substandard Grade:

A course may be repeated when one of the following apply:

EXTENUATING CIRCUMSTANCES

- A student may repeat a course when extenuating circumstances exist to justify such a repetition. Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the student's control. This is a one-time exception.

REGENCY REQUIREMENT

- When the District has properly established a recency prerequisite for a course or program or another institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating the course in question. Grades awarded for courses

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

repeated under this circumstance shall not be counted when calculating a student's grade point average. This is a one-time exception.

LEGALLY MANDATED TRAINING

- Students may repeat courses listed in the college catalog to meet a legally mandated training requirement as a condition of continued paid or volunteer employment. These repetitions are not limited and are granted based on the college's verification of established legal mandates. Such courses may be repeated for credit, and the grade and units shall be included for purposes of calculating the student's grade point average. The district may claim apportionment each time the student repeats the course.

STUDENTS WITH DISABILITIES

- Course repetition for students with disabilities is subject to the course repetition limitation; however, additional repeats may be individually authorized through the DSPS Office under the following circumstances:
 1. When continuing success of the student in other general and/or special course (such as Adapted Physical Education), is dependent on additional repetitions of a specific course;
 2. When additional repetitions of a specific special course are essential to completing a student's preparation for enrollment into other regular or special course (such as Assistive Computer Technology, LEARN 155 or LEARN 156); or
 3. When the student has a student educational contract which involves a goal other than completion of the special course in question and repetition of the course will further assist with achievement of that goal.

The previous grade and credit shall be disregarded in the computation of grade point average each time the course is repeated.

Student Classification

I. REGISTRATION STATUS

FULL-TIME STUDENT: registered for 12 or more units of credit (4 units or more in summer session).

PART-TIME STUDENT: registered for fewer than 12 units of credit (fewer than 4 units in summer session).

SPECIAL PART-TIME STUDENT: dual enrollment in high school under Education Code Section 76001 or 76002

II. ACADEMIC CLASS STATUS

FRESHMAN STUDENT-has earned to date fewer than 30 units of credit.

SOPHOMORE STUDENT-has earned to date 30 or more units of credit but has not completed all course and unit requirements for the Associate in Arts or Associate in Science, or any higher degree.

Student Definitions

- Continuing Student. A student who was enrolled in the previous semester (excluding summer session).
- First-time Student. A student who has never attended any college.
- New Student. A student who has attended YCCD but has not attended the past 3 years.
- Returning Student. A student who attended Yuba College previously, but not during the previous semester (excluding summer session) or last 3 years. If after 3 years, the student will be categorized as a new student at Yuba College.
- Transfer Student. A student who attended another institution prior to applying to Yuba College.
- Returning Transfer Student. A student who attended a Yuba College class, then attended another institution, and plans to attend a Yuba College class again.

Transcripts

A student may apply for an official transcript of college courses at the Admissions and Records Office. A student in good standing may receive a transcript at any time. Two copies are furnished free by the College; additional copies are \$5 each. Transcripts requested "over the counter" or a "48-hour rush mail" will require a \$10 "rush" fee. Transcript fees must be paid at the time of request.

Official transcripts may be requested in person, by mail, by fax, or online. For information about transcripts, contact the Admissions and Records Office at (530) 741-6720, email ycadmissions@yccd.edu, or visit the Admissions and Records Office webpage on the Yuba College website.

Students may print out their own free "unofficial" transcript copy online by logging on to the Yuba College website. Select Self-Service and follow the instructions.

Withholding of Student Records

Per Administrative Procedure 5035, the Registrar may withhold grades, diplomas, and registration privileges from any student or former student who fails to pay a proper financial obligation to YCCD. The student will be given written notification and the opportunity to explain if the obligation is in error.

General Education and Graduation Requirement

This section describes the College's graduation requirements. Not all requirements can necessarily be met at all locations where classes are offered. Students should consult the Schedule of Classes at each location to determine the types of classes available and frequency of offerings.

Associate in Arts/Associate in Science Degree

The Associate in Arts or Associate in Science degree may be awarded to a student who has completed the following requirements:

REQUIREMENT 1: All students must pass the reading, writing, and mathematics competency examinations or equivalents listed below with a "C" or better grade.

COMPETENCY REQUIREMENTS:

- Reading and Writing competency may be met by:
 - Passing English 1A or English 1E with a grade of "C" or better.
 - Possession of an AA., A.S., or higher degree at the time of admission to campuses within the Yuba Community College District.
- Mathematics competency may be met by a "C" or better in:
 - Any mathematics or statistics course that has Math 101 as a prerequisite; or
 - Any higher level mathematics or statistics course.

REQUIREMENT 2: All students must complete 18 units of general education, selecting at least 3 units each from Areas A, B, C, D1 (4 units), D2 and E below with a grade of "D" or better.

AREA A. NATURAL SCIENCE (SELECT 3 UNITS)

Agriculture 45
 Anthropology 1
 Astronomy 1
 Biology 1, 10, 10L, 11, 15, 24, 24L, 25, 30
 Chemistry 1A, 1B, 2A, 10
 Ecology 10, 12
 Geography 1
 Geology 10L, 11L, 12, 20
 Physical Science 10A, 10AL, 10B, 10C
 Physics 2A, 4A, 2B
 Plant Science 20, 22

AREA B. SOCIAL SCIENCE (SELECT 3 UNITS)

Administration of Justice 10
 Anthropology 2, 3
 Counseling 33
 Early Childhood Education 3, 31
 Economics 1A, 1B
 Geography 5
 History 4A, 4B, 5A, 5B, 7, 14, 15, 16A,

16B, 17A, 17B, 29
 Philosophy 6
 Political Science 1, 2, 3, 6, 7
 Psychology 1A, 12, 22, 33, 41, 46
 Sociology 1, 2, 5, 6, 10, 30

AREA C. HUMANITIES (SELECT 3 UNITS)

Art 1A, 1B, 3A, 3B, 5, 20, 21
 Asian-American Studies 31
 English 1B, 30A, 30B, 31A, 31B, 34, 36, 37, 38, 39, 42, 46A, 46B
 French 1, 2
 Humanities 5, 10, 11, 20, 26A, 26B, 31, 34
 Mass Communications 3
 Music 1, 1A, 3, 12, 15, 16, 17, 18, 35
 Philosophy 1, 2, 3, 20
 Sign Language 1, 2, 3
 Spanish 1, 2, 3, 4, 10, 20A, 20B, 36
 Speech 2
 Theatre Arts 10, 32, 33, 34

AREA D. LANGUAGE AND RATIONALITY

D1. ENGLISH COMPOSITION: English 1A, 1E
 D2. COMMUNICATION AND ANALYTICAL THINKING (Select 3 units)
 Computer Science 2, 6, 9A, 9B, 10L
 Engineering 10
 English 1C
 General Business 56
 Mathematics 1A, 1B, 2, 3, 9, 10, 15, 20, 21, 25, 51, 52, 52B, 55, 58, 59
 Philosophy 6, 12
 Political Science 6
 Psychology 7
 Sign Language 2
 Sociology 8
 Speech 1, 3, 6, 7, 8
 Statistics 1

AREA E. ELECTIVES (SELECT AT LEAST 3 ADDITIONAL UNITS)

- A second course from any Area above; OR
- Documentation of active military service (may also be used to meet Requirement 4 (Health/P.E.); OR
- Course(s) listed below:
 - Accounting 10A
 - Administration of Justice 10, 30
 - Art 18
 - Automotive Technology 21, 22
 - Cooperative Work Exp 44A, 44B, 44C, 44D
 - Counseling 10, 25
 - Early Childhood Education 3
 - Education 20
 - English 40A, 40B, 40C
 - General Business 10
 - Health 1, 5, 10, 13
 - Human Services 11
 - Internship 45A, 45B, 45C, 45D
 - Kinesiology courses
 - Philosophy 6

(CONT'D FROM PREVIOUS PAGE)

Physical Education courses
Political Science 6, 7

REQUIREMENT 3: All students must complete the designated degree major courses with a grade of "C" or better. Majors are listed in the section headed "Degrees and Certificates" and in the Course Descriptions section of the catalog.

REQUIREMENT 4: All students are required to successfully complete with a grade of "D" or better: Health 1, 2, 4 or 13 OR two Kinesiology/Physical Education activity courses one of which must be selected from the following:

Kinesiology 1.21, 1.22, 1.26, 1.27, 1.34, 1.36, 1.37, 1.57, 1.57B, 1.59, 1.75, 1.76, 3, 4, 6, 7, 9, 10

Note: Students who will be completing degrees in Basic Police Academy, Associate Degree in Nursing, Psychiatric Technology, Radiologic Technology, or Veterinary Technology, and students who submit documentation of active military service are exempt from this requirement. This requirement is not based on units or catalog rights. Courses listed here may also be used in Area E.

REQUIREMENT 5: All students are required to meet the Multicultural Graduation Requirement (MGR) by completing three or more units from the following courses or the programs listed below with a grade of "D" or better:

Administration of Justice 19
Anthropology 2
Art 1A, 3B, 5, 20, 21
Asian American Studies 31
Early Childhood Education 27, 31
Education 1
English 30A, 30B, 36, 37, 38, 39
Geography 5
History 5A, 5B, 7, 14
Human Services 11
Humanities 5, 20, 26B, 31
Math 55
Music 12, 16, 17
Philosophy 1, 3, 20
Political Science 2, 7
Psychology 12
Sociology 5
Spanish 20A, 20B, 36
Speech 8

Note: Courses listed here may also be used in Area B, C or D. This requirement is not based on catalog rights. Completion of the following programs also fulfills the multicultural graduation requirement: Basic Police Academy, Associate Degree Nursing; Psychiatric Technology; Radiologic Technology; and Veterinary

Technology.

REQUIREMENT 6: All students are required to complete a minimum of 60 semester units in lower division associate degree level courses with at least a 2.0 ("C") grade point average. The grade point average that is calculated for associate degree purposes only counts units and grade points earned in associate degree level classes. Non-associate degree credit courses (numbered 100-199 and 200-299) completed fall 1989 and thereafter will not count toward the associate degree. For courses completed between July 1, 1983, and July 30, 1989, a maximum of 6 semester units of courses numbered 100-199 may be counted toward this requirement. All courses numbered 200-299 completed prior to fall 1989 may be counted toward this requirement.

REQUIREMENT 7: All students are required to complete a minimum of 12 semester units with at least a 2.0 ("C") grade point average in associate degree level classes at Yuba College.

REQUIREMENT 8: Students earning an AA or AS degree must apply for the degree by completing a petition for graduation on Self-Service online. Courses may be in progress at the time of application for the degree. The deadlines are as follows: Nov. 15 for fall completion of the degree; April 15 for spring completion of the degree; July 1 for summer completion of the AA/AS degree. Students graduating in Summer who want to participate in ceremonies need to apply by April 15th.

General Education Philosophy Statement: Common to both the Associate in Arts and Associate in Science degrees is a strong general education program which fosters the following philosophy: "General Education at Yuba College is more than a set of required courses. It is a course of study designed to assist the student in beginning an effective lifelong learning process in which the interrelationships of human knowledge and experience are recognized. Embodied in this design is recognition of the student's need to think and communicate effectively, both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; to develop the capacity for self-understanding; and to understand the issues related to and the ways in which health and well-being can be maintained."

Additional Associate Degrees

An Associate in Arts or Associate in Science degree will be awarded to those already possessing an associate degree, subject to the following conditions:

4. All requirements in a different major from that of previous associate degree(s) must be satisfied. The major will be printed on the degree.
5. All general education requirements in effect at the time of beginning the new degree program must be satisfied. After meeting the above conditions, a student may petition for any degree for which the graduation requirements have been met.

Transfer Requirements and Information

General Transfer Information

Yuba College offers many of the lower division (freshman and sophomore level) classes that are part of the requirements to earn a baccalaureate degree at a college or university. Yuba College students may complete all or most of their lower division general education and major preparation before transferring.

Transfer requirements and the requirements for a Yuba College Certificate of Achievement and/or Associate of Arts Degree or Associate of Science Degree program can be very different. With careful planning a student may be able to earn a certificate and/or associate degree as well as meet transfer requirements. In some specific majors, it is possible to earn an Associate of Arts for Transfer or an Associate of Science for Transfer degree. Therefore, the importance of reaching a decision regarding one's objectives as early as possible cannot be overemphasized.

Transfer requirements can vary among college or universities. Students are encouraged to meet with a Yuba College counselor to discuss their transfer plan and develop a comprehensive student educational plan which meets the requirements of the particular college or university to which they wish to transfer. For additional college and university transfer information, students are encouraged to meet with university representatives who periodically visit the Transfer Center, participate in Yuba College's College Fair, access transfer admission information including college catalogs online through college, university, or system websites, attend open house or preview events, and go on Yuba College sponsored field trips to colleges and universities.

Although Yuba College assists students in preparing for transfer, it is ultimately the students' responsibility to make sure that the requirements for transfer have been met. The information and requirements in the following sections are subject to change without notice.

Articulation

Articulation is a process of developing formal agreements that identify courses at one college that are accepted in lieu of specific courses at another college or that fulfill a specific statewide pattern of general education.

Yuba College has developed numerous articulation agreements with California State University and University of California campuses. These agreements may be viewed at www.assist.org. Articulation agreements have also been developed with some California private and out-of-state colleges and universities and are available on their websites. See a counselor for assistance.

Articulation System Stimulating Inter-Institutional Student Transfer (ASSIST)

ASSIST is a single computerized database located at www.assist.org that provides access to articulation agreements developed between California Community Colleges, the California State Universities (CSU), and the Universities of California (UC). As articulation agreements are updated, so is the information maintained in ASSIST. See a counselor for assistance in how to use ASSIST.

- **CSU Transferable Courses:** These are courses from a California Community College that transfer to any CSU campus for baccalaureate/transfer credit.
- **CSU GE-Breadth Certification Courses:** These are courses from a California community college that apply to the CSU GE-Breadth certification requirements.
- **CSU US History, Constitution, and American Ideals Courses:** These are courses from a California community college that satisfy the CSU graduation requirement in U.S. History, Constitution, and American Ideals.
- **IGETC for UC and CSU:** These are courses from a California community college that apply to the Intersegmental General Education Transfer Curriculum (IGETC) requirements.
- **UC Transferable Courses:** These are courses from a California community college that transfer to any UC campus for baccalaureate/transfer credit.
- **UC Transfer Admission Eligibility Courses:** These are courses from a California community college that satisfy the minimum eligibility course requirements for admission to the UC.
- **By Major:** These agreements specify courses at one college or university that fulfill lower-division major requirements/preparation at another college or university.
- **By Department:** These agreements identify courses at one college or university that are acceptable in lieu of courses at another college or university.

C-ID Common Course Numbers

C-ID is a common numbering system among California community colleges and California State Universities. Courses from different colleges with the same C-ID may be used in place of one another.

See www.c-id.net for a list of C-ID approved courses.

Transfer to California State University (CSU)

Students who have enrolled in college beyond the summer following their high school graduation are considered transfer students and must meet transfer admission requirements.

Students who have completed fewer than 60 CSU transferable semester (90 quarter) college units at the time of transfer are considered lower division transfer students.

Students who have completed 60 or more CSU transferable semester (90 quarter or more) college units at the time of transfer are considered upper division transfer students. The CSU gives priority admission consideration to California Community College students who meet the CSU upper-division transfer admission requirements. However, the highest admission priority is given to CCC students who have earned an Associate Degree for Transfer. See "Associate Degree for Transfer" for more information on the degree requirements.

Lower Division Transfer Admission Requirements:

Transfer students with fewer than 60 semester or 90 quarter CSU transferable units must have a grade point average of 2.0 ("C") or better in all transferable units attempted, be in good standing at the last college or university attended, and meet one of the eligibility standards identified by CSU available on www2.calstate.edu/apply or www.californiastateuniversity.edu.

Due to enrollment pressures, many CSU campuses do not admit lower division transfers. Some campuses may require lower division transfer students to complete specific college coursework as part of their admission.

(CONT'D FROM PREVIOUS PAGE)

Upper Division Transfer Admission Requirements:

Students are eligible for admission with 60 or more CSU transferable semester units (90 quarter units) if they:

Have a grade point average of 2.00 or better (2.40 minimum for California non-residents) in all CSU transferable college units attempted

- Are in good standing at the last college or university attended (i.e. eligible to re-enroll)
- Have completed or will complete prior to transfer at least 30 semester units (45 quarter units) of CSU general education requirements with a grade of "C" or better in each course including all of the general education requirements in Area A: Communication in the English Language (English composition, oral communication, and critical thinking) and at least one course of at least 3 semester units (4 quarter units) required in Area B4: Mathematics/ Quantitative Reasoning.

Campuses and/or programs that are designated as impacted have additional admission criteria. Impacted campuses/programs result when the number of CSU eligible applicants received in the initial application filing period is greater than the number of students that can be accommodated by the campus or major.

Some CSU campuses have restrictions on when courses in Areas A and B4 must be completed prior to transfer.

There are limitations on the number of CSU transferable work experience credits accepted. These vary by CSU campus.

**A Degree With
A Guarantee.com**SM
Associate Degree for Transfer

Associate Degree for Transfer Requirements

The Student Transfer Achievement Reform Act (SB 1440) established an Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T) for California community college students. The AA-T or AS-T degrees are designed to provide a clear pathway to the CSU degree major. Students who are awarded an Associate Degree for Transfer (AA-T/AS-T) degree and meet the CSU minimum admission requirements are guaranteed admission with upper division (junior level) standing to the CSU (but not necessarily to the specific CSU of choice) and are given priority admission consideration when applying to a CSU program that has been deemed similar to the degree earned at the student's community college. Once admitted to CSU, the student will only be required to complete 60 additional prescribed units to qualify for the baccalaureate degree.

In order to earn an Associate Degree for Transfer (AA-T/AS-T), students must complete:

- 60 semester or 90 quarter units of coursework eligible for transfer to the CSU, including IGETC (CSU version) or CSU GE-Breadth
- at least 18 units of coursework in the major or area of emphasis as defined by the California Community College AA-T or AS-T degree with each course in the major completed with a "C" grade or better
- a minimum cumulative GPA of 2.0 for all CSU transferable courses completed.

Students earning an AA-T or AS-T degree must apply for the degree by completing an associate degree for transfer graduation petition form on Self-Service. Courses may be in progress at the time of application for the degree. The deadlines are as follows: Sept. 15 for fall completion of the degree; Feb. 15 for spring/summer completion of the degree. These dates are designed to meet California State University (CSU) deadlines for verifying eligibility for an AA-T or AS-T

degree for CSU admission purposes

Yuba College offers the following Associate Degrees for Transfer:

- ◆ Administration of Justice (A.S.-T)
- ◆ Biology (A.S.-T)
- ◆ Business Administration (A.S.-T)
- ◆ Chemistry (A.S.-T)
- ◆ Communication Studies (A.A.-T)
- ◆ Computer Science (A.S.-T)
- ◆ Early Childhood Education (A.S.-T)
- ◆ English (A.A.-T)
- ◆ Geology (A.A.-T)
- ◆ History (A.A.-T)
- ◆ Kinesiology (A.A.-T)
- ◆ Mathematics (A.S.-T)
- ◆ Music (A.A.-T)
- ◆ Political Science (A.A.-T)
- ◆ Psychology (A.A.-T)
- ◆ Sociology (A.A.-T)
- ◆ Studio Arts (A.A.-T)
- ◆ Theatre (A.S.-T)

For up-to-date information on the Associate Degree for Transfer, contact a Yuba College counselor, the Yuba College Transfer Center, or visit www.icangotocollege.com/associate-degree-for-transfer.

California State University Transfer Course List (CSU) and Credit

Yuba College courses numbered 1 through 49 are CSU transferable. Courses are identified as "Transferable to CSU" in the "Programs and Courses" section of this catalog. A maximum of 70 semester (105 quarter) CSU transferable units earned at California community colleges may be transferred to the CSU. Community college coursework completed above the 70 units may be used to meet general education (GE), elective units, or major preparation requirements even if the units will not count toward the baccalaureate degree. Transfer credit is also granted to students who successfully complete equivalent courses at other regionally accredited or four-year courses or universities.

General Education-Breadth (CSU GE-B) Requirements for CSU

The CSU General Education-Breadth program allows California community college transfer students to fulfill lower division general education-breadth requirements for any CSU campus prior to transfer. This curriculum provides an alternative to the IGETC requirements and to the campus-specific GE-Breadth requirements. It is important to note that CSU GE-Breadth certification is not a minimum admission requirement, nor does completion guarantee admission to the campus or program of choice.

Up to 39 of the 48 CSU GE-Breadth units required can be transferred from and certified by a California community college. Students who are certified with 39 semester units of lower division CSU GE-Breadth units cannot be held to additional lower division CSU GE-Breadth courses at the CSU campus. Upon enrollment at CSU, all transfer students will be required to complete a minimum of 9 semester units of upper division general education. Students without certification may be held to the general education pattern developed for CSU students, which may vary greatly from the community college CSU GE-Breadth pattern.

CSU GE-B Notes:

- Additional courses may be added to the Yuba College CSU GE-Breadth. An updated Yuba College CSU GE-Breadth Requirement

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

- Sheet may be obtained from the Counseling Office, the Transfer Center webpage or www.assist.org.
- Catalog rights do not apply to CSU GE-B. Courses must be on the CSU GE-B at the time they are taken or approved.
 - Yuba College and Woodland Community College do not share CSU GE-B patterns. If taking a course in person or online at WCC, check to see what area it satisfies on WCC's pattern.
 - Courses completed at other California Community Colleges will be applied to CSU GE-B according to how they were approved at the college and semester in which they were completed.
 - Students majoring in Engineering may be waived/exempted from specific areas of CSU GE-Breadth for some CSU campuses.
 - Students majoring in Liberal Studies may be required to complete specific courses in each area of CSU GE-Breadth.
 - Advanced Placement (AP) examinations completed with a score of 3, 4, or 5 may be applied to the CSU GE-B. See "Advanced Placement Examinations" in this catalog for information.
 - A course completed with a grade of "P" (pass) may be used if the grading policy of the community college states that "P" is equivalent to a grade of "C" or better.
 - Courses listed in more than one area may only be used once except for courses in the US History, Constitution, and American Ideals.

The California Community College system is preparing a CSU GE Breadth for STEM Certification as part of an ADT. The College shall ensure that the student has completed:

- All courses in Areas A, B, E, and F of the traditional GE curriculum; and
- One course in Area C1 Arts and one course in Area C2 Humanities; and
- One course in Area D.

U.S. History, Constitution, and American Ideals Graduation Requirement for CSU

To graduate from the California State University, a student must complete, with a "D" or better grade, a combination of courses which are identified as meeting the U.S. History, Constitution, and American Ideals requirements. Courses at Yuba College which meet this requirement include:

One course from History (HIST) 15, 16A, 16B, 17A, or 17B combined with Political Science (POLSC) 1. These courses may also be used simultaneously to satisfy course requirements on the CSU GE-Breadth or IGETC.

Advanced Placement Exam (AP) United States History (score of 3 or higher) will satisfy the US History portion of this requirement. AP US Government and Politics (score of 3 or higher) will satisfy the national government requirement portion but NOT the California (state and local) portion requirement of Constitution and American Ideals.

Transfer to University of California (UC)

Students who have enrolled in college beyond the summer following their high school graduation are considered transfer students and must meet transfer admission requirements. The requirements described here represent minimum academic standards students must attain to be eligible for admission to the UC. Meeting the minimum eligibility requirements does not guarantee admission to the campus or program of choice, which often requires students meet more demanding transfer selection.

Lower Division Transfer Admission Requirements:

Students are eligible for admission with fewer than 60 UC transferable semester (90 quarter) units completed if they have met

one of the two following options:

1. Students who were eligible for admission to the university upon graduation from high school, meaning that the Subject, Scholarship, and Examination Requirements were satisfied, or students were identified by the UC during their senior year in high school as eligible under the Eligibility in the Local Context (ELC) program and completed the Subject and Examination Requirements in the senior year, are eligible to transfer if they have a "C" (2.0) grade point average in their UC transferable college coursework.
2. Students who met the Scholarship Requirement but did not satisfy the Subject Requirement must take UC transferable college courses in the subjects they are missing, earn a grade of "C" (2.0) or better grade in each of these required courses and earn an overall "C" (2.0) average in all UC transferable college coursework to be eligible to transfer.

Upper Division Transfer Admission Requirements:

Students are eligible for admission with 60 or more UC transferable semester units (90 quarter units) if they fulfill both of the following criteria:

- Complete 60 semester units of UC transferable college credit with a grade point average of at least 2.4 (no more than 14 semester/21 quarter units may be taken Pass/Not Pass), and:
- Complete the following seven course pattern, earning a grade of "C" (2.0) or better in each course:
 - two UC transferable college courses (3 semester units each) in English composition
 - one UC transferable college course (3 semester units) in mathematical concepts and quantitative reasoning
 - four transferable college courses (3 semester units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

Students who satisfy the Intersegmental General Education Transfer Curriculum (IGETC) prior to transferring to UC will satisfy the seven course pattern of the upper division transfer admission requirements.

A maximum of 70 UC transferable semester units earned at community colleges may be transferred to the UC. Coursework completed above the 70 UC transferable semester units may be used to satisfy GE and major preparation even though the units will not count toward the bachelor's degree.

UC Transfer Admission Planner (UC TAP)

UC TAP is a free online tool to help prospective UC transfer students track and plan their coursework.

The UC TAP tool is designed for use by students transferring from California community colleges, including those students who are seeing a Transfer Admission Guarantee (TAG) with one of the six participating UC campuses.

Students can use the Transfer Admission Planner to enter their coursework (completed and planned) from the very beginning of their college careers, or at any point when they decide to transfer to a UC campus.

The planner helps students track their progress toward meeting UC's minimum requirements and allows UC staff to communicate important information to prospective transfer students.

UC Transfer Admission Guarantee (TAG)

Yuba College participates in the Transfer Admission Guarantee admission program with UC Davis, UC Irvine, UC Merced, UC Riverside, UC Santa Barbara, and UC Santa Cruz. Specific requirements must be met for students to qualify for a transfer

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

admission guarantee. See a counselor, Transfer Center, or the specific UC website for Transfer Admission Guarantee information.

University of California Transfer Course Agreement

Yuba College courses which have been approved for transfer to UC are specified as "Transferable to UC" in the "Programs and Courses" section of this catalog. This information may also be accessed on www.assist.org.

A number of Yuba College courses are cross-referenced (the same course is listed in more than one area, department, or discipline) usually with the same course number. Credit can be earned only once for cross-referenced courses. See the individual course listings in the "Course Descriptions" section of the catalog.

Course/unit limitations:

- UC grants limited credit for multiple courses taken in one discipline; credit is also limited when certain courses are taken after other courses in one discipline. See www.assist.org for additional information.
- Independent studies, special studies, and variable topics courses may be accepted for UC credit; review of the scope and content of the course usually occurs after transfer.
- Credit for KINES activity courses is limited to 4 semester units; credit for ATHL theory courses is limited to 8 semester units.

University of California Transfer Opportunity Program

The Transfer Opportunity Program (TOP) is a collaboration between UC Davis and select Northern California community colleges, including Yuba College.

TOP coordinators from UC Davis Undergraduate Admissions regularly visit participating colleges to provide counseling to students on transfer admission to UC Davis, major preparation, general education, financial aid, housing, internships and other student services critical to academic success. Additionally, students participating in TOP will have opportunities to attend special academic and career seminars, tour the UCD campus, obtain evaluation of the UC Transfer Admission Planner and obtain assistance with guaranteed admission by completing a Transfer Admission Guarantee (TAG). Contact the Counseling Center to make an appointment with the UCD TOP Coordinator.

Intersegmental General Education Transfer Curriculum (IGETC) to CSU and UC

The Intersegmental General Education Transfer Curriculum is a general education program that California community college transfer students may use to fulfill lower-division general education requirements for any California State University (CSU) or University of California (UC) and many California private colleges and universities. This curriculum provides an alternative to the CSU General Education-Breadth requirements, the UC GE/Breadth requirements, and many private colleges' general education requirements. It is important to note the IGETC is not an admission requirement, nor does completion of the IGETC guarantee admission to the college, university, or program of choice.

The IGETC is most helpful to students who want to keep their options open—those who know they want to transfer but have not yet decided upon a particular college, university, or major. Certain students, however, will not be well served by following the IGETC. Students who intend to transfer into a major that requires extensive lower division preparation, such as engineering or the physical and natural sciences, should concentrate on completing the many prerequisites for the major that the college evaluates to determine

eligibility for admission. A counselor or a UC/CSU/private college admissions representative can advise which path is best. If students choose to follow the IGETC they must complete it to have if fully certified otherwise they will be required to satisfy the lower division general education requirements of the UC/CSU/private college or university. Some campuses, however, will permit a maximum of two requirements to be unmet prior to transfer. Completion of the remaining requirements is required upon transfer. See a counselor for information about IGETC.

Additional courses may be added to the Yuba College IGETC. An updated IGETC may be obtained from the Yuba College Counseling Office, the Transfer Center or www.assist.org.

IGETC Notes:

- All courses must be completed with a "C" grade or better.
- A course with a grade of "P" or "CR" may be used as long if the grading policy of the community college where the course was taken states that the "P" or "CR" grade is equivalent to a "C" grade or better. The UC will allow no more than 14 units total taken with "P" or "CR" grades toward UC transfer.
- Catalog rights do not apply to IGETC. Courses must be on the IGETC at the time they are taken.
- Woodland Community College and Yuba College do not share IGETC patterns. If taking a course in person or online at WCC, check to see what area it satisfies on WCC's pattern.
- Courses taken in person or online at other community colleges will be applied to IGETC according to how they were approved at the college and semester where completed.
- Courses listed in more than one area may only be used once except for courses in Area 6: LOTE as well as courses in US History, Constitution and American Ideals.
- Advanced Placement (AP) exams completed with a score of 3,4, or 5 may be applied to the IGETC. See "Advanced Placement Examinations" in the catalog for more information.
- Transfer credit may be limited by UC and CSU for similar courses or for introductory courses taken after more advanced courses. See ASSIST for details or consult a counselor.
- Some University of California colleges/schools/majors do not accept IGETC. See: admission.universityofcalifornia.edu or each UC's website for more information.

IGETC for STEM

(ONLY for the Associate Degree for Transfer in Biology and Associate Degree for Transfer in Chemistry):

- Area 1 - All courses in English Communication
- Area 2 - All courses in Mathematical Concepts and Quantitative Reasoning
- Area 3 - One course in 3A: Arts and one course in Area 3B: Humanities
- Area 4 - Two courses from two different disciplines in Area 4: Social and Behavioral Sciences
- Area 5 - All courses in Physical and Biological Sciences

Note: The remaining courses are deferred until after transfer at which time they must be completed.

California Community Colleges' Transfer Agreement with Historically Black Colleges and Universities

California Community College students may now take advantage of a new initiative that facilitates the transfer to a number of Historically Black Colleges and Universities (HBCUs).

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

By completing the Intersegmental General Education Transfer Curriculum requirements (IGETC) or the California State University General Education-Breadth pattern (CSU GE-B) and obtaining a transfer-level associate degree (60 units) with a 2.5 or higher grade point average, students are guaranteed admission with junior standing to participating HBCU's.

Students may also opt to transfer with 30 or more University of California or California State University transferable units and a 2.5 or higher grade point average. units will be accepted for general education, pre major or elective units.

For information on the HBCU Transfer Agreement and the participating colleges and universities, visit www.cccco.edu.edu/hbcutransfer or meet with a Yuba College counselor.

Transfer to Private/Independent and Out-of-State Colleges and Universities

Transfer requirements of the private/independent and out-of-state colleges and universities differ from one institution to another. Students should acquaint themselves with the requirements available online and the current catalog of the college to which they plan to transfer for admission, general education, and major preparation information. It is up to the receiving institution to determine application of credit. The Yuba College Transfer Center has computers with internet access for college websites and catalogs online available for students' use. See a Yuba College counselor for assistance.

Program and Options

Career Technical Education Transitions

The Career Technical Education Transitions Program at Yuba College coordinates the awarding of college credit to high school students who meet approved articulation requirements. An articulated course is one in which the high school instructor/Regional Occupational Program (ROP) and Yuba College faculty have formally agreed that the high school's/ROPs course outline, syllabus, textbook, and final exam are comparable to those in a course of the same major within Yuba College. Students receive credit on a Yuba College transcript once articulation requirements have been completed. The CTE (Career Technical Education) Transitions Program prepares students to earn a certificate, an associate's degree or transfer to a baccalaureate university.

For more information about the CTE Transitions Program, contact the Yuba College CTE Transitions Office at (530) 741-6588, ctetransitions@yccd.edu, visit the Admissions and Records Office at any campus, or see your counselor. Also visit the CTE Transitions website at <http://www.yccd.edu/educational-services/cte/default.aspx>.

Programs Articulated with ROP and Secondary Institutions

Programs listed below have at least one class articulated with area High Schools. Students should check with their counselor to see if there are any active articulations at their school. Teachers for those courses will provide students information on how to be considered for and qualify for college credit. Student can also contact the CTE Transitions Office at Yuba College (530) 741-6588.

Yuba College Degrees and Certificates

Associate in Arts for Transfer and Associate in Science for Transfer Degrees

Yuba College offers both the Associate in Arts for Transfer and Associate in Science for Transfer. See page 43 and 50 for details about the degree requirements.

Associate in Arts and Associate in Science Degrees

Yuba College offers both the Associate in Arts and the Associate in Science degrees. Students planning to obtain an associate degree must complete all the required courses for a major (18- to approximately 34 units), meet competency requirements, fulfill general education requirements and complete electives to meet a minimum totaling 60 degree applicable units. Check with counselors regarding requirements.

Certificates of Achievement and Certificates of Training

Certificate programs are designed to provide students a broad understanding of the occupational programs that the student wishes to enter upon completion of the courses they are engaged in. The Certificate of Achievement or Certificate of Training certifies that the student has completed all required courses in preparation to enter into the designated career field on their certificate. Check with counselors and individual departments regarding requirements.

ADMINISTRATION OF JUSTICE

DEGREE:

- A.S.-Administration of Justice-Basic Police Academy
- A.S.-Corrections
- A.S.-Law Enforcement
- A.S.-T-Administration of Justice 

CERTIFICATES OF ACHIEVEMENT:

- Basic Police Academy
- Reserve Training Module I Academy
- Reserve Training Module II Academy
- Special Investigator Academy
- Certificates of Training:
- Correctional Officer Academy
- Reserve Officer Level 3

A.S.-Welding Technologies

CERTIFICATES OF ACHIEVEMENT:

Advanced Welding Technologies
Fabrication and Manufacturing Methods
Introductory Welding Technologies

The following degrees are available at the Sutter County Center with all face-to-face courses:

GE - Arts & Humanities (A.A.)
GE - Communication (A.A.)
GE - Natural Science (A.S.)
GE - Social and Behavioral Sciences (A.S.)
History (A.A.-T) 
History (A.A.)
Psychology (A.A.)
Psychology (A.A.-T) 
Social Science (A.A.)
Sociology (A.A.-T) 
Child Development Associate Teacher (Certificate of Training)

The following degrees are available at the Sutter County Center with 3 or less DE courses in addition to face-to-face courses:

Small Business Management (A.S.)
English (A.A.)
English (A.A.-T) 

Associates Degrees for Transfer

Requirements for the Associate in Arts for Transfer (AA-T) or Associate in Science for Transfer (AS-T): Community college students may complete an Associate in Arts for Transfer Degree (AA-T) or an Associate in Science for Transfer Degree (AS-T) for admission into the California State University (CSU) system for completion of a baccalaureate degree. Completion of an AA-T or AS-T Degree allows a student to complete an Associate Degree and CSU transfer requirements at the same time.

This option will allow a student to earn a 120 unit baccalaureate degree by completing 60 transferable units at the community college level and transferring to a CSU campus to complete an additional 60 units.

In order to earn an AA-T or AS-T Degree, a student must refer to the specific degree pattern in the "Programs and Courses" section of the catalog and complete the courses required in the major with no grade of less than a "C" in any course. In addition, a student must complete one of two general education patterns for transfer, the California State University General Education Breadth (CSU GE-B) pattern or the Intersegmental General Education Transfer Curriculum (IGETC-CSU version). The CSU GE-B for STEM or IGETC for STEM may be completed only when specifically stated as acceptable for the Associate Degree for Transfer. Courses used to satisfy Oral Communication, Written Communication, Critical Thinking, and Quantitative Reasoning of General Education must be completed with a "C" or better grades. If necessary, a student may need to complete transferable elective credit to ensure that CSU 60 transferable units have been completed with a minimum grade point average (GPA) of 2.0.

Students earning an AA-T or AS-T degree must apply for the degree by completing an associate degree for transfer graduation petition form in person at the Counseling Department or Admissions and Records or online. Courses may be in progress at the time of application for the degree. The deadlines are as follows: Sept. 15 for fall completion of the degree; Feb. 15 for spring/summer completion of the degree. These dates are designed to meet California State University (CSU) deadlines for verifying eligibility for an AA-T or AS-T degree for CSU admission purposes.

Associate in Arts (A.A.) and Associate in Science (A.S.) Degrees

A student who wishes to receive an Associate degree should consult a Yuba College counselor. The counselor will assist the student in planning the courses required to satisfy the degree. Diplomas printed for a "general education" major will not have the major printed on the diploma.

In order to receive a degree in one of the specific majors for the Associate in Arts or Associate in Science Degrees, a student is required to complete the specific courses listed with a grade of "C" or better. After successful completion of the specific major (and all other graduation requirements), the specific major for the degree will be printed on the diploma.

No courses required for the specific major may be waived. Equivalent course work may be substituted only with approval. The student should submit a petition to the Academic Integrity Committee. Petitions will be forwarded to the (division) Dean for recommendation of action.

A student may petition for only one "general education" degree. A student who is earning a degree in one of the specific majors may petition for the specific major in which all graduation requirements have been met.

Students earning an AA or AS degree must apply for the degree by completing a petition for graduation online. Courses may be in

progress at the time of application for the degree. The deadlines are as follows: Nov. 15 for fall completion of the degree; April 15 for spring completion of the degree; July 1 for summer completion of the AA/AS degree.

Commencement

The College holds the graduation ceremony once a year (end of May) and students who wish their name to appear in the graduation program must submit their online petition by April 15. Students completing a degree the prior fall semester may participate in graduation ceremonies the following spring. Students completing a degree in summer may participate in graduation ceremonies the previous spring or subsequent spring. These students who decide to participate the prior spring must submit their petition to graduate early by April 15 to have their name in the graduation program.

Certificate of Achievement

Courses taken to satisfy requirements for a Certificate of Achievement provide a core set of courses in an occupational area and usually some additional related classes. This goal requires more time and commitment, than a Certificate of Training but better qualifies the student for employment. The Certificate of Achievement requires 12 or more units and may be completed in one to two years. Certificates of Achievement are printed on the student's transcript. NOTE: All courses required for the Certificate of Achievement must be completed with a "C" or better grade.

Certificate of Training

Each department is authorized to recommend short-term training program options and students are encouraged to plan and pursue short-term occupational goals. Certificates of Training are less than 18 units in length. Some certificates can be completed in as little time as one semester; others may require a longer period depending on the frequency of course offerings or the student's time commitment. NOTE: All courses required for the certificate must be completed with a "C" or better grade.

Certificates of Training are not listed on the student transcript.

Applying for Certificate of Achievement (CA) and a Certificate of Training (CT)

- After completing all requirements for the certificate, with "C" or better grades, the student obtains a Petition for Certificate Card from the Admissions and Records Office.
- The student completes the petition and files it with the Admissions and Records Office.
- The Admissions and Records Office sends the petition and a copy of the student's transcript to the appropriate Dean.
- The Dean verifies eligibility for the CA or CT. If eligible for the CA or CT, the Dean mails the certificate to the student.
- The Admissions and Records Office posts the approved CA on the student's official transcript. (CT's are not posted to the official transcript).

Course Information

Admission to Courses

OPEN ENROLLMENT POLICY

All courses, regardless of where offered, are open to members of the public who are otherwise eligible for admission, with the following exceptions:

- Courses that are specifically exempted by statute, including "impacted" programs (Radiologic Technology, Veterinary Technology, Associate Degree Nursing, Psychiatric Technician, etc.);
- Courses closed by maximum enrollment of students by the "priority registration" or "first come, first served" registration policies;
- Courses with academic requisites (prerequisites and corequisites) that restrict enrollment of academically unqualified students; and
- Courses with content that would be a repeat of a course of equivalent or more advanced course work previously taken by the student (exceptions require counselor evaluation and approval).

PREREQUISITES AND COREQUISITES

"Prerequisite" means the preparation or previous course work considered necessary for success in the course. Prerequisites are required only for courses where specific academic background is necessary in order to assure students a reasonable chance of success in the course. Prerequisites which are listed as "required" include:

- Courses for which specific prerequisites have been validated,
- Sequential course work in a degree or program, or
- Courses in which a prerequisite is necessary for transfer to a four-year college.

Responsibility for having met the prerequisite rests with the student. A grade of "C" or better is required to meet a course prerequisite.

"Corequisites" for a course are those courses in which a student may enroll prior to enrolling in the target course or simultaneously with the target course. Corequisites provide the necessary skill or supplementary body of knowledge or laboratory time during the course to help assure success in the course.

For additional information, refer to the Academic Regulations and Information, Prerequisites and Corequisites on page 51.

PLACEMENT LEVELS FOR ENGLISH AND MATHEMATICS

Placement Examination scores, in combination with other factors, are used to help place students in one of Yuba College's levels of writing and mathematics. After satisfactorily completing the appropriate course(s), students may progress by enrolling in the course at the next higher level. Students should consult a counselor for an evaluation of placement and discussion of other factors that affect placement. Refer to "Placement Levels" in this Catalog.

C-ID Course Identification Numbering System

C-ID is a supplemental common course numbering system aimed at helping students and faculty identify courses across CCC's and CSU's that fulfill associate or baccalaureate degree requirements. C-id.net reports include designations for approved courses.

C-ID designations can be used in two ways:

1. When a community college course has a C-ID designation, such as C-ID HIST 130, that course can be used in place of any other California community college course that has that same C-ID designation for the purpose of fulfilling associate degree and associate degree for transfer major requirements.
2. Additionally, universities can indicate C-ID designations accepted for lower division major preparation requirements. For example, a university can indicate for its history major that C-ID HIST 130 fulfills a particular major preparation requirement, so any California community college course with the C-ID HIST 130 designation will be accepted to fulfill that requirement. Yuba College courses approved for C-ID include the C-ID designation below the transfer status in the course description.

Key to Numbers and Listings

Content and policies expressed in this Catalog are believed to be true and correct as of the date of publication. Courses are listed alphabetically by department and numerically within the listing of each department. Units of credit are shown immediately following the course title.

Any course listed in this Catalog may be offered in the fall, spring and summer session including day and evening, distance education and any location associated with Yuba College. Scheduling and cancellation of classes is at the discretion of Yuba College.

Students should consult the Schedule of Classes to determine which courses will be offered during a given semester. Any course listed in the Schedule of Classes may be canceled when the enrollment is insufficient to justify offering the class or instructor is not available.

Course "97"

Refer to page 91.

Course Numbering

JULY 1, 1974 TO JUNE 30, 1989:

1-49	Designed as courses intended to carry transfer credits to all baccalaureate degree-granting colleges and universities.
50-99	Not primarily designed for transfer purposes, but taught at the level and of such quality that acceptance is recommended at any college or university offering such course work or offering program in which such course would will be appropriate.
100-199 Series:	Developmental/Remedial.
200-299 Series:	Primarily designed at the technical level; usually will be courses specifically designed as part of a program(s) leading directly to employment. Under special circumstances, a Baccalaureate degree-granting institution may wish to accept such courses for transfer credit.

JULY 1, 1983 TO JUNE 30, 1989:

A maximum of 6 semester units of courses numbered 100 to 199 can be counted toward the associate degree.

CURRENT COURSE NUMBERING DEFINITIONS:

1-49 Series:	Designed as Admissions List courses intended to carry transfer credit to all baccalaureate degree granting colleges and universities.
50-99 Series:	Transfer credit is at the discretion of the institution to which the student transfers. Not primarily designed for transfer purposes, but

(CONT'D FROM PREVIOUS PAGE)

	taught at the level and of such quality that acceptance is recommended at any college or university offering such course work or offering programs in which such course work will be appropriate.
100-199 Series:	Non-associate degree credit basic skills courses intended to prepare students to succeed in courses at the associate degree level.
200-299 Series:	Non-associate degree credit courses that are either, (1) vocational courses intended to prepare students for postsecondary vocational education or for occupations not requiring associate degree level skills for entry or, (2) academic development courses, other than basic skills, intended to prepare students to succeed in associate degree level course work.
500 Series:	Noncredit courses sometimes referred to as "Adult Education Courses."

Repeatable Classes

Courses designated as "repeatable" are identified as such in the College Catalog and Schedule of Classes following the course description. For these courses the grade received each time is calculated in the student's grade point average.

Courses designated as repeatable include:

1. Intercollegiate athletics where enrollment in the course is limited to no more than four times;

Cooperative work experience courses up to a maximum of 16 units in any combination of Work Experience (Occupational/General) and Internship enrollments; Courses for which repetition is necessary to meet the major requirements of CSU or UC for completion of a bachelor's degree. The District will retain supporting documentation that verifies that the repetition is necessary to meet the major requirements.

2. Students may not enroll more than four times in any combination of active participatory courses that are related in content. The college designates courses that are related in content as "families of courses". Active participatory courses are those courses where individual study or group assignments are the basic means by which learning objectives are obtained. Examples of active participatory courses include physical education, kinesiology, athletics, visual arts or performing arts. This enrollment limit applies even if the student receives a substandard grade or "W" during one or more enrollment or petitions for repetition due to extenuating circumstances.

Transfer Status Designation

As indicated previously, the course number system is a guide to course transferability. In addition, the status of a transfer course is indicated next to the course title. If the course is transferable, the designator "Transferable" appears. "Transferable to: CSU" indicates that the course credit transfers to all of the California State Universities. "Transferable to: CSU; UC" indicates that the course credit transfers to all of the California State Universities and all of the University of California campuses. If the designator "unit limitation" appears (i.e., Transferable to: CSU; UC unit limitation), the transferability of the units to the University of California are limited in some way when combined with other courses in the discipline. Questions concerning these courses should be directed to a counselor.

Unit of Credit

The unit of credit is the semester hour. One unit of credit is granted for each hour of lecture or discussion, two-to-three hours of laboratory, or two hours of activity per week, for a 18-week semester. For most courses, students will be expected to spend a minimum of two hours out of class in preparation or study for each unit of credit.

Credit is allowed only upon satisfactory completion of a course; no partial units of credit are allowed when the student withdraws prior to completion of the course except in open-entry, open-exit, courses.

PROGRAMS COURSES

Administration of Justice

Administration of Justice offers academy, degree, and certificate programs designed for entry into law enforcement, corrections, and related fields, and for already employed persons to further themselves academically and vocationally.

Yuba College offers:

- Academies for direct entry into employment. All academies and inservice training are P.O.S.T. and/or S.T.C. certified, meeting California State regulations for law enforcement.
- An Associate in Science Degree Program for students planning to enter law enforcement, corrections, or a related area after two years of course work (see specific degree requirements).
- A Transfer Program intended for students wishing to pursue a bachelor's degree.
- Inservice programs providing specific courses suited to the individual needs of those currently employed by a criminal justice agency.

Administration of Justice and Corrections Programs

Upon successful completion of the required training program, an individual will receive P.O.S.T. (Peace Officer Standards and Training) and/or S.T.C. (Standards of Training for Corrections) certification. Rosters are submitted to these State agencies which include individual names, agency affiliation (if applicable), hours of training, and State-issued control numbers to verify law enforcement certified topics and dates of completion. A course can be certified with nine to 880 hours of training. Both State agencies require CPT (Continued Professional Training) every two years for P.O.S.T. and annually for S.T.C. for anyone working in a law enforcement environment.

Academies

Employment in law enforcement or corrections usually requires completion of a related academy. Yuba College offers a variety of academies each year:

Students are encouraged to contact the Administration of Justice Department Office at Yuba College for current information regarding academy enrollment or employment requirements or for additional information about the courses and programs.

ADMINISTRATION OF JUSTICE-BASIC POLICE ACADEMY

ASSOCIATE IN SCIENCE

The purpose of the Administration of Justice program is to provide students with a comprehensive introduction to the field of law enforcement, corrections, special investigations, and other public safety related fields. The program offers Associate Degrees, Academies, and Continuing Education/Professional Development courses. The program serves students pursuing a transfer degree, students seeking entry level employment following completion of a state certified academy, and students currently employed who need additional training to stay current and to qualify for promotional opportunities in their field of employment. The Administration of Justice Program operates with the cooperation and participation

of local criminal justice agencies. All instructors in the program have experience in the criminal justice field. The instructors and staff are committed to preparing students for academic success and providing relevant training and education for students and employers in the community. For the most part, program academies and certified courses are required by state law for entry-level employment in law enforcement, corrections, and public safety related fields. The AJ program fills an essential training need in maintaining a professional partnership with state agencies such as the California Commission on Peace Officer Standards and Training (POST) and the Board of State and Community Corrections. (BSCC - STC) In addition to the mandated entry -level training certifications, the State of California also requires regular updated or professional development/in-service training for employees working in the public safety sector.

Students who complete this program should be able to:

1. Explain appropriate investigative techniques and responsibilities at a crime scene to explain mastery of crime scene management.
2. Identify law enforcement organizational composition to include paramilitary rank structure, methods of police deployment, and resources available to police operations.
3. Explain of the role of the community in a partnership with law enforcement including, but not limited to, interpersonal skills of effective written and oral communication required of a law enforcement officer.
4. Explain the role of the community in a partnership with law enforcement including, but not limited to, the critical thinking required of a law enforcement officer.

REQUIRED COURSES

	UNITS
AJ 50A Reserved Training Module III	5.5
AJ 50B Reserve Training Level III Module	2.5
AJ 51A Reserve Training Level II Module	8
AJ 51B Reserve Training Module II.....	5
AJ 52A Reserve Training Level I Module	13.5
AJ 52B Reserve Training Level I Module	2
AJ 52C Reserve Training Level I Module	1

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 37.5

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

ADMINISTRATION OF JUSTICE

ASSOCIATE IN SCIENCE FOR TRANSFER

Students who complete this program should be able to:

1. Apply criminology and criminal justice theories, principles and concepts to address real-life situations in the field.
2. Recognize the importance and practice of legal and ethical behaviors in a professional criminal justice work setting.
3. Analyze, interpret and evaluate criminological and criminal justice theories, policies, practices and procedures to develop strategies to prevent and control crime.

REQUIRED COURSES

	UNITS
AJ 10 Introduction to Criminal Justice System	3
AJ 11 Criminal Law	3

Area A - Select 6 units from the following:

AJ 13 Evidence.....	3
AJ 14 Criminal Justice Process	3
AJ 15 Criminal Investigation	3
AJ 19 Multicultural Communities and the Justice System	3

(CONT'D FROM PREVIOUS PAGE)

Area B - Select at least 6-7 additional units from the following courses, OR any CSU transferable Administration of Justice lower division course or courses outside the Administration of Justice discipline that are articulated as lower division major preparation for the Criminal Justice or Criminology Major at any CSU.

SOCIL 1	Introduction to Sociology	3
PSYCH 1A	General Psychology	3
STAT 1	Introduction To Statistical Methods	4

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 18-19

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

CORRECTIONS

ASSOCIATE IN SCIENCE

Upon successful completion of the required training program, an individual will receive P.O.S.T. (Peace Officer Standards and Training) and/or S.T.C. (Standards of Training for Corrections) certification. Rosters are submitted to these State agencies which include individual names, agency affiliation (if applicable), hours of training, and State-issued control numbers to verify law enforcement certified topics and dates of completion. A course can be certified with nine to 880 hours of training. Both State agencies require Continued Professional Training (CPT) every two years for P.O.S.T. and annually for S.T.C. for anyone working in a law enforcement environment.

Students who complete this program should be able to:

1. Explain the functional relationship between Corrections and law Enforcement.
2. Analyze complex situations, employ a reasonable plan for resolution and devise methods for appraisal of desired outcomes as they apply to Correctional Science.
3. Demonstrate an understanding of Corrections to difficulties in society, based on factors from the neighborhood, the home, and the individual.

REQUIRED COURSES	UNITS
AJ 11 Criminal Law	3
AJ 20 Juvenile Law and Procedures	3
AJ 30 Introduction to Corrections	3
AJ 31 Criminal and Delinquent Behavior	3
AJ 33 Introduction to Correctional Counseling	3
AJ 34 Correctional Treatment Programs	3

Plus 3 units from the following:

AJ 10 Introduction to Criminal Justice System	3
AJ 14 Criminal Justice Process	3
AJ 19 Multicultural Communities and the Justice System	3
AJ 21 Narcotics and Drugs	3
HUSEV 10 Introduction to Human Services	3
Psychology/Sociology elective	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 21

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

LAW ENFORCEMENT

ASSOCIATE IN SCIENCE

The purpose of the Administration of Justice program is to provide students with a comprehensive introduction to the field of law enforcement, corrections, special investigations, and other public safety related fields.

The program offers Associate Degrees, Academies, and Continuing Education/Professional Development courses. The program serves students pursuing a transfer degree, students seeking entry level employment following completion of a state certified academy, and students currently employed who need additional training to stay current and to qualify for promotional opportunities in their field of employment.

The Administration of Justice Program operates with the cooperation and participation of local criminal justice agencies. All instructors in the program have experience in the criminal justice field. The instructors and staff are committed to preparing students for academic success and providing relevant training and education for students and employers in the community.

For the most part, program academies and certified courses are required by state law for entry-level employment in law enforcement, corrections, and public safety related fields. The AJ program fills an essential training need in maintaining a professional partnership with state agencies such as the California Commission on Peace Officer Standards and Training (POST) and the Board of State and Community Corrections. (BSCC - STC) In addition to the mandated entry –level training certifications, the State of California also requires regular updated or professional development/in-service training for employees working in the public safety sector.

Students who complete this program should be able to:

COURSES

AJ10 3 UNITS
Introduction to Criminal Justice System

TRANSFERABLE TO BOTH UC AND CSU
C-ID: AJ 110
54 LECTURE HOURS

Overview of the history and philosophy of the U.S. justice system; study of the modern criminal justice system and its components, law enforcement, courts, and corrections; identifying the roles of the various professionals within the system and their interrelationships; analysis of legal issues; study of theories of crime causation, punishment, and rehabilitation. (L)

AJ11 3 UNITS

Criminal Law

TRANSFERABLE TO BOTH UC AND CSU**C-ID: AJ 120****54 LECTURE HOURS**

This course provides an analysis of the history, philosophy, and constitutional provisions of criminal law in the United States; study of common law, statutory law, and case law applicable to law enforcement, including exploration of crimes against persons, property, public peace, narcotics, and dangerous weapons. Special emphasis is placed on the classification of crime, the general elements of crime, and the definitions of common and statutory law. This course also includes information on prosecution and defense procedure, including criminal defenses, legal justifications, and burdens of proof. This course utilizes case law and case studies to introduce students to criminal law. (L)

AJ13 3 UNITS

Evidence

TRANSFERABLE TO CSU ONLY**C-ID: AJ 124****54 LECTURE HOURS**

This course examines categories of evidence and legal rules governing its admission and exclusion in the criminal process; the origin and development of evidentiary law; and the study of both codified evidentiary law and applicable court decisions. Specific topics include, types of evidence, the judicial process, the admission and exclusion of evidence, legal standards of proof, direct and circumstantial evidence, testimonial evidence and witness competency, the hearsay rule and its exceptions, demonstrative evidence, judicial notice, and issues relating to search and seizure. (L)

AJ14 3 UNITS

Criminal Justice Process

TRANSFERABLE TO CSU ONLY**C-ID: AJ 122****54 LECTURE HOURS**

Analysis of legal processes from pre-arrest through trial and appeal, sentencing, and corrections procedures utilizing statutory law and state and constitutional law precedents. (L)

AJ15 3 UNITS

Criminal Investigation

TRANSFERABLE TO CSU ONLY**C-ID: AJ 140****54 LECTURE HOURS**

Addresses procedures and concepts as applied to criminal investigations, including surveillance; crime scene response management; and identification, collection, and processing of physical evidence. Covers U.S. Constitution and Statutory/Case Law; interview/interrogation processes and techniques; identifying information sources; procuring search warrants; serving search warrants; exceptions to the search warrant rule; and court processes. Emphasis is placed on developing the student's capacity to analyze specific situations and identify sound ethical investigative procedures. (L)

AJ16 3 UNITS

Police Operations

TRANSFERABLE TO CSU ONLY**54 LECTURE HOURS**

Philosophy, functions, organization, duties, and analysis of police operational functions, including public service responsibilities and special police problems. (L)

AJ19 3 UNITS

Multicultural Communities and the Justice System

TRANSFERABLE TO BOTH UC AND CSU**C-ID: AJ 160****54 LECTURE HOURS**

Examines the complex relationship between multicultural communities and the criminal justice system, analyzing cultural differences and strategies to effectively address crime related issues. Addresses potential societal barriers involving race, ethnicity, gender, religion, sexual orientation, age, social class, culture and evolution of the law enforcement profession in understanding how relationships are developed, maintained and changed to meet ethnic and minority group needs. Additional topics include multicultural representation in law enforcement, cross-cultural communication, community policing, and restorative justice principles. (L)

AJ20 3 UNITS

Juvenile Law and Procedures

TRANSFERABLE TO CSU ONLY**C-ID: AJ 220****54 LECTURE HOURS**

This course is an examination of the origin, development, and organization of the Juvenile Justice system as it evolved in the American Justice system. The course explores the theories that focus on Juvenile law, courts and processes and the constitutional protections extended to juveniles administered in the American Justice system; organization, function, and jurisdiction of juvenile agencies; processing and detention of juveniles; juvenile case disposition; legal statutes, and court procedures. (L)

AJ21 3 UNITS

Narcotics and Drugs

TRANSFERABLE TO CSU ONLY**54 LECTURE HOURS**

Analysis of narcotics and drugs, the physical effects of addiction, and the sociological problems of drug abuse. Students will be introduced to the concept of substance abuse and dependence, the definition of licit and illicit drugs, and the pharmacologic, neurologic and physiologic effects of selected substances on the human brain. Political, social and economic factors involved in the supply and demand for drugs will be discussed. Epidemiologic data on the prevalence, incidence, and trends of smoking, alcohol, prescription and other drug dependencies in the U.S. will be covered, as well as risk factors associated with the use and abuse of these substances. Current options for recovery and a survey of local resources will be reviewed. (L)

AJ30 **3 UNITS****Introduction To Corrections****TRANSFERABLE TO CSU ONLY****C-ID: AJ 200****54 LECTURE HOURS**

This course provides a history of and critical analysis of punishment, the various types of punishment, alternatives to punishment, and the impact of punishment on the Criminal Justice System, corrections, a critical examination of the types of correctional institutions and the clients housed in each institution, and an examination of contemporary correctional issues. (L)

AJ31 **3 UNITS****Criminal and Delinquent Behavior****TRANSFERABLE TO CSU ONLY****54 LECTURE HOURS**

An introduction to the study of criminology and crime causation; explores the causes of crime and delinquency by analyzing various social, psychological, and cultural factors. This course introduces the student to the major types of criminal behavior, patterns of career offenders, and factors which contribute to the production of criminality and delinquency. (L)

AJ33 **3 UNITS****Introduction To Correctional Counseling****TRANSFERABLE TO CSU ONLY****54 LECTURE HOURS**

History, objectives, and theories of counseling relevant to corrections; common methods, techniques, and interventions of counseling; understanding the client as a person. A basic course for students planning to enter or who are already employed in the Corrections field. (L)

AJ34 **3 UNITS****Correctional Treatment Programs****TRANSFERABLE TO CSU ONLY****54 LECTURE HOURS**

The study of correctional treatment programs concerning juveniles and adults, in both the casework setting and in a custody institution. This is a basic course for students planning to enter or who are already employed in the corrections field. (L)

AJ50 **8 UNITS****Regular Basic Police Academy Modular Format- Module III****130 LECTURE HOURS****58 LAB HOURS**

The Basic Course- Modular Format is delivered in a three-level instructional sequence. Successful completion of the Module III, Module II, and the Module I modules constitutes satisfaction of the Basic Course training requirements for peace officer in the State of California. (L)

Entrance Requirement(s): DOJ Fingerprint Clearance, Medical History, Medical Clearance, and Admission to Program

AJ51 **13 UNITS****Regular Basic Police Academy Modular Format- Module II****217 LECTURE HOURS****56 LAB HOURS**

The Basic Course-Modular Format is delivered in a three-level instructional sequence. Successful completion of the Module II, II, and I modules constitutes satisfaction of the Basic Course training requirements for peace officer in the State of California. (L)

Prerequisite(s): AJ 50

Entrance Requirement(s): DOJ Fingerprint Clearance, Medical History, Medical Clearance, and Admission to Program

AJ52 **16.5 UNITS****Regular Basic Police Academy Modular Format- Module I****237 LECTURE HOURS****184 LAB HOURS**

The Basic Course- Modular Format is delivered in a three-level instructional sequence. Successful completion of the Module II, II, and I modules constitutes satisfaction of the Basic Course training requirements for peace officer in the State of California. (L)

Entrance Requirement(s): DOJ Fingerprint Clearance, Medical History, Medical Clearance, and Admission to Program

AJ54A **1.5 UNITS****Peace Officer Orientation****33 LECTURE HOURS****7 LAB HOURS**

This course covers 832p.c.: Laws of Arrest, search and seizure, communications, arrest and control techniques. Meets Peace Officer Standards and Training (P.O.S.T.) and Standards and Training for Corrections Program (S.T.C.). (L)

AJ54B **0.5 UNITS****Peace Officer Orientation-Firearms****14 LECTURE HOURS****10 LAB HOURS**

This course covers 832 p.c.: Firearms Training. Meets Peace Officer Standards and Training (P.O.S.T.) and Standards and Training for Corrections Program (S.T.C). Recommended course for students taking the correctional officer core course. (L)

Entrance Requirement(s): DOJ Fingerprint Clearance

AJ60 2 UNITS

Field Training Officer Basic Course**40 LECTURE HOURS**

This course fulfills the POST training requirements for Field Training Officers (FTO'S) and personnel with the responsibility of training law enforcement officers. It focuses on the core functions of an FTO which are to teach, evaluate, and document (TED). The instructional techniques used focus on the modern science of learning and specific techniques to build the student's teaching skills. Students are given opportunities to work on daily observation reports, remedial training plans, and to apply the standard evaluation guide rating scale. They are given several opportunities in the course to teach, counsel and evaluate mock trainees and complete related reports. Other topics include legal and liability issues for California Peace Officers.

Entrance Requirement(s): Current Employment at a Law Enforcement Agency and Admission to Program

AJ65 4 UNITS

Standards and Training for Corrections Supervisor Core Course (Active Spring 2022)**80 LECTURE HOURS**

This course provides Standards and Training for Corrections (STC) training curriculum for newly promoted probation or correctional supervisors. Topical areas covered during the 80 hours of instruction include: role identification, leadership styles, values, ethics, motivating employees, assertive leadership, administrative support, employee performance appraisal, employee relations, liability issues, discipline, counseling, planning and organization, communications, investigations, report review, problem solving, training and role transition.

Entrance Requirement(s): Currently a Probation Officer Either in a Supervisory Position or Preparing for a Future Supervisory Position

AJ70 9 UNITS

Correctional Officer Core Course**157 LECTURE HOURS
30 LAB HOURS**

Theory and application of Corrections Officer Training. Meets CA Dept. of Corrections and Rehabilitation requirements. Units of course study include: Criminal Justice System, Codes and Statutes, professionalism/ethics, classification of inmates, contraband/evidence, booking and receiving, releasing, maintaining security, report writing, supervising inmates, distribution of supplies, monitoring health, management of inmate workers, screening visitors and mail, transport of outside facilities, emergency procedures, testifying in court and physical tasks. (L)

AJ78 3 UNITS

Investigative Report Writing for the Public Safety Professional**54 LECTURE HOURS**

Investigative report writing for the public safety professional relative to law enforcement, probation, correctional institutions, parole activities, and private security services. Includes practical experience in preparing field notes, letters, memorandums, and official administrative reports. Examines the role of reports in civil litigation, criminal prosecution, and the presentation of court testimony. Emphasis will be placed on recognizing the characteristics of good report writing and addressing the common report writing problems, including use of correct terminology, grammar, spelling and composition. (L)

AJ200 9 UNITS

Probation Officer Core Course**161 LECTURE HOURS
28 LAB HOURS**

Designed to provide the basic concepts and skills for "entry level" Probation Officer, including overall mission, role and function in the California Juvenile and Adult Justice System; major tasks and responsibilities; and competency in various knowledge and skill requirements. Meets California Corrections Standards Authority, Division of Standards and Training for Corrections (STC) requirements for "entry level" Probation Officers. (L)

Entrance Requirement(s): Medical History, Medical Clearance, and Admission to Program

AJ202 7 UNITS

Juvenile Correctional Officer Core Course**114 LECTURE HOURS
54 LAB HOURS**

Designed to provide the basic concepts and skills for "entry-level" Juvenile Corrections Officer, including overall mission, role and function in the California Juvenile Justice System; major tasks and responsibilities; and competency in various knowledge and skill requirements. Meets California Corrections Standards Authority, Division of Standards and Training for Corrections (STC) requirements for "entry-level" Juvenile Corrections Officers. (L)

Entrance Requirement(s): Medical History, Medical Clearance, and Admission to Program

Agriculture and Plant Science

At Yuba College we believe these are very exciting times for agriculture, agricultural business and for rural America. Within Yuba and Sutter Counties sustainable and small-scale conventional farming and ranching are of increasing relevance. Agriculturists are becoming more aware of the need for scientific farming to improve productivity and profitability. The close, friendly nature of Yuba College, combined with an integrated agricultural curriculum and remarkable access to hands-on education, creates a fertile learning environment for our students and the agriculture industry we serve.

Career opportunities in agriculture and plant science are many and varied. They include jobs in the food, fiber, and nursery industries; jobs in air, land, water, and natural resources; as well as jobs in pest management, veterinary technology, environmental regulation and protection; biotechnology; accounting, and farm management. Students planning to transfer to a four year learning institution should contact a counselor to ensure correct course placement. As a pioneer in innovative curriculum programs for the California Community College system, Yuba College has developed partnerships with local community agricultural businesses and through joint input has developed a curriculum to help enhance and expand the local agriculture sector.

Today's expanding agriculture arena focuses on production methodology that enhances existing resources. The Yuba College Agriculture Program is about the local farming community. Our Agricultural Program provides both the small business and technical skills needed to develop and manage a profitable, environmentally

(CONT'D FROM PREVIOUS PAGE)

sound and community-based small farm or agricultural business.

Students use their Yuba College education to develop farms, nurseries, green houses and ranches, while others seek employment at established agricultural operations. Employment opportunities are found elsewhere through schools, parks and environmental centers. Jobs are available with non-profit organizations focusing on farmer advocacy. The agriculture degree is also useful for persons desiring to serve in the Peace Corps or other humanitarian volunteer agencies.

Students who complete this program should be able to:

1. Identify and apply the principles and techniques of modern crop, soil, and livestock management.
2. Demonstrate scientific evaluation skills including interpreting graphs/data, as well as be proficient in laboratory procedures.
3. Describe fundamental practices in agriculture for livestock, crops, and soil health and sustainability.

AGRICULTURE ASSOCIATE IN SCIENCE

Career opportunities in agriculture and plant science are many and varied. They include jobs in the food, fiber, and nursery industries; jobs in air, land, water, and natural resources; as well as jobs in pest management, veterinary technology, environmental regulation and protection; biotechnology; accounting, and farm management. Students planning to transfer need to see a counselor to ensure they are taking the correct courses.

REQUIRED COURSES	UNITS
AG 14 Entrepreneurship	3
AG 45 or 45L Principles of Animal Science.....	3-4
PLSCI 20 or 20L Principles of Plant Science.....	3-4
PLSCI 22 or 22L Introduction to Soils.....	3-4
Complete 9 units of Agriculture electives	9

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 21

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

COURSES

AG4 3 UNITS

Introduction to Agricultural Business

**TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS**

Provides a basic understanding of the business and economics of the agricultural industry; an introduction to the economic aspects of agriculture and their implications for the agricultural producer, consumer and the food system; management principles encountered in the day-to-day operation of an agricultural enterprise as they relate to the decision making process.

AG7 3 UNITS

Agricultural Entrepreneurship

54 LECTURE HOURS

Principles of establishing and managing a small business in agriculture, including the preparation of a business plan; emphasis on goal-setting, types of agriculture business organizations, obtaining licenses and permits, financing options, accounting aspects, legal requirements, managing the agriculture enterprise, and other aspects in agricultural entrepreneurship. (L,M)

AG45 3 UNITS

Principles of Animal Science

TRANSFERABLE TO BOTH UC AND CSU

**C-ID: AG-AS 104
54 LECTURE HOURS**

A scientific approach to the livestock industry encompassing aspects of animal anatomy, physiology, nutrition, genetics and epidemiology. Emphasis on the origin, characteristics, adaptations and contributions of livestock to the modern agriculture industry. Field trips may be required.

AG45(L) 1 UNIT

Principles of Animal Science Lab

TRANSFERABLE TO BOTH UC AND CSU

54 LAB HOURS

Laboratory to accompany Principles of Animal Science (AG 45). A scientific lab approach to the livestock industry encompassing aspects of animal anatomy, physiology, nutrition, genetics and epidemiology. Experimental design and reporting, animal dissections, basic animal handling and husbandry practices, recognition of animal health, and use of biotechnology in animal science will also be addressed. (L)

AG60 3 UNITS

Preparing for 21st Century Agricultural Workforce

54 LECTURE HOURS

Students learn to critically evaluate and assess the agricultural job market and jobs in the future as it relates to career field opportunities. Students will learn how to identify opportunities and evaluate skills, interests, and identify training and/or education pathways through agriculture career explorations.

AG65 3 UNITS

Introduction to Agriculture Technology

54 LECTURE HOURS

An analysis of current and trending technologies and basic trades used in agriculture industry today. Emphasis on basic mechanical skills, basic electricity, instrumentation, automation, welding, machining, process improvement, basic drafting, construction and safety management. Emphasizes a proactive approach to project planning, problem solving, and thinking critically.

(CONT'D FROM PREVIOUS PAGE)

AG70 **3 UNITS**

Precision Farming Systems

54 LECTURE HOURS

Provides a background in the tools of precision farming, including: GPS, GIS, VRT, precision planters, yield monitoring, robotics and drones, and their use on modern farms. Previews basic functions and provides practical experience with hands on computer activities in several disciplines. Data management and evaluation will also be covered. Basic drone maneuvers will be covered utilizing simulator software.

PLSCI20 **3 UNITS**

Principles of Plant Science

TRANSFERABLE TO BOTH UC AND CSU**54 LECTURE HOURS**

Principles of plant growth including structure, growth processes, propagation, physiology, growth media, and biological competitors. Students are encouraged to concurrently enroll in the lab section, PLSCI 20L.

PLSCI20A **1 UNIT**

Principles of Plant Science Lab

TRANSFERABLE TO BOTH UC AND CSU**54 LAB HOURS**

Lab course designed to complement PLSCI 20. Topics include microscope use, internal and external plant structures, photosynthesis, respiration, and other aspects of plant growth and development.

Co-requisite(s): PLSCI20**PLSCI22** **3 UNITS**

Introduction To Soils

TRANSFERABLE TO BOTH UC AND CSU**54 LECTURE HOURS**

Physical, chemical and biological properties of soils as related to plant growth and soil formation; the study of soil development, classification and characteristics; soil use and management including erosion, moisture retention, structure, cultivation, organic matter and microbiology.

PLSCI22A **1 UNIT**

Introduction To Soils Lab

TRANSFERABLE TO BOTH UC AND CSU**54 LAB HOURS**

Laboratory to accompany Introduction to Soils (PLSCI 22). Physical, chemical and biological properties of soils as related to plant growth and soil formation. Includes the study of soil development, classification and characteristics; and soil use and management, including erosion, moisture retention, structure, cultivation, organic matter and microbiology.

Co-requisite(s): PLSCI22

Anthropology

COURSES

ANTHR1 **3 UNITS**

Introduction To Physical Anthropology

TRANSFERABLE TO BOTH UC AND CSU**54 LECTURE HOURS**

This course examines human biological variation within an evolutionary context. It includes an introduction to the history and principles of evolutionary theory; basic human genetics and molecular biology; the anatomy, behavior, and ecology of our closest living relatives, non-human primates; the evolution of the human lineage through the hominid fossil record; variation among modern human groups, past and present; and a brief introduction to forensic anthropology. Throughout the course, attention is paid to the complex interaction between biology, behavior, and culture.

ANTHR2 **3 UNITS**

Cultural Anthropology

TRANSFERABLE TO BOTH UC AND CSU**54 LECTURE HOURS**

Investigates the diversity of cultures in regards to language, economics, kinship, art, religion, technology, and cultural universals; functional aspects of culture and cultural change; varieties of customs and institutions of different peoples; significance of human culture.

ANTHR3 **3 UNITS**

Introduction To Archaeology

TRANSFERABLE TO BOTH UC AND CSU**54 LECTURE HOURS**

Introduction to the methods and theories of modern archaeology, including site exploration and interpretation. Patterns of evidence for human behavior from the first humans to the beginnings of written history. (L)

Art and Photography

Classes with "R" can be taken a total of four times but are subject to Family of Classes restrictions beginning on page 68.

ART

ASSOCIATE IN ARTS

Art surrounds us every minute of each day. The AA in Art program develops a student's creative ability, independent thinking, and potential to become a visual thinker and effective communicator whether interested in the process of painting, commercial layout, making a functional ceramic piece or company logo. Students will be introduced to art history and hands-on studio experiences in drawing and design as well as ceramics or sculpture. Beyond the foundation requirements of art history and studio experience, students will have an opportunity to explore other studio areas in painting, printmaking, commercial art, and/or photography or further their skills in ceramics or sculpture or further focus on understanding of art history. In advanced courses, students will also be able to produce a portfolio of their work for presentation. These artistic skills and training experiences can lead to a variety of careers in many traditional studio and new digital design fields. These careers range through architecture and interior design, art history and education, museum/gallery curating, interactive design, museum/gallery direction, studio and fine arts, web based graphic and/or commercial art and design, and many other creative job paths that surround these creative professions.

Students who complete this program should be able to:

1. Analyze and communicate a knowledge of Art History
2. Demonstrate skill in design and composition of various art forms
3. Demonstrate specific practice and personal skill in various studio arts media

REQUIRED COURSES		UNITS
ART 1A	History of Art-1 OR	
ART 1B	History of Art-II.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 27

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

COMMERCIAL ART

ASSOCIATE IN SCIENCE

The Photography program is designed to provide students with a creative and technical foundation. Each course offered helps cultivate and grow students' artistic vision along with providing practical commercial application. At the completion of this degree students will have gained experience in studio lighting, darkroom and digital processes, fine art, and commercial and documentary style photography. Students who complete a degree in Photographic Imaging will be prepared to pursue their goals in the photographic fine art and commercial worlds.

Students who complete this program should be able to:

1. Articulate a broad knowledge of the history and practice of various studio art media, art forms, and artists.
2. Demonstrate specific practice and personal skill in various studio arts media.
3. Students will be able to interact within the studio arts community to exhibit and promote personal/professional work.

REQUIRED COURSES		UNITS
ART 2	Color Theory.....	3
ART 4A	Drawing and Composition Beginning.....	3
ART 4B	Drawing and Composition Intermediate.....	3
ART 6A	Beginning Basic Design.....	3
ART 6B	Intermediate Basic Design, 3D.....	3
ART 19A	Introduction to Commercial Art.....	3
ART 19B	Commercial Art: Illustration.....	3

Plus 3 units selected from the following:

Art 1A, 1B, 8A, 8B, 9A, 9B, 12A, 12B, 14A, 14B, 15A, 15B, 31

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 24

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health

requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

PHOTOGRAPHIC IMAGING ASSOCIATE IN SCIENCE

The Photography program is designed to provide students with a creative and technical foundation. Each course offered helps cultivate and grow students' artistic vision along with providing practical commercial application. At the completion of this degree students will have gained experience in studio lighting, darkroom and digital processes, fine art, and commercial and documentary style photography. Students who complete a degree in Photographic Imaging will be prepared to pursue their goals in the photographic fine art and commercial worlds.

Students who complete this program should be able to:

1. Effectively communicate using visual and technical language related to photography.
2. Demonstrate a strong knowledge and understanding of how to use photography equipment and software.
3. Demonstrate an understanding of photography's place in Art History and the Contemporary Art world.
4. Apply the tools to promote their work in both commercial and fine arts settings.

REQUIRED COURSES UNITS

15 required units from the following:

ART 31	Basic Photography.....	3
ART 33	Advanced Photography.....	3
ART 35	Creative Photography Documentary.....	3
ART 36A	Digital Photography (3 units each).....	3
ART 36B	Intermediate Digital Photography.....	3

Plus 6 units from the following:

ART 32A	Intermediate B&W Photography A.....	3
ART 32B	Intermediate B&W Photography B.....	3
ART 32C	Advanced Black and White Photography.....	3
ART 36C	Advanced Digital Photography.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 21

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

Additional Recommended Courses:

ART 5	Art Appreciation.....	3
ART 6A	Basic Design.....	3
ART 38	Field Workshop-Black and White.....	1
ART 39	Field Workshop-Color/Digital.....	1

STUDIO ARTS ASSOCIATE IN ARTS IN STUDIO ARTS FOR TRANSFER

The Associate in Arts in Studio Arts for Transfer Degree provides students with the opportunity to complete the freshman/sophomore level classes needed for a Bachelor's degree in Studio Arts within the California State University system. Upon completion of the Associate in Arts in Studio Arts for Transfer degree, students will be able to apply foundational knowledge and skill that compose the core content of the first two years of many four-year programs in Studio Arts.

The Associate in Arts in Studio Arts for Transfer Degree (as stated in

SB1440 law) requires students to also complete the Following:

- Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following
 - The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
 - A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
 - Earn a grade of "C" or better in all courses required for the major
 - Obtainment of a minimum grade point average of 2.0. The student should contact a counselor for more information on program and transfer requirements.
- To obtain an Associate's Degree for Transfer, students must complete both the major requirements and the graduation requirements listed in this catalog.

Note that some courses have a pre-requisite (P), co-requisite (C), or both (P/C). Pre-requisites and co-requisites are listed within each course description in this catalog.

Transfer majors designated as AA-T or AS-T are designed for transfer to a similar major at an unspecified CSU. Transfer majors designated as AA or AS are designed for transfer to the corresponding major at a specific CSU, and are based on articulation (See a counselor for more information. Read about the difference between these types of degrees at the beginning of the Transfer section of this catalog.)

Students who complete this program should be able to:

1. Articulate and communicate a broad knowledge of both the history and the practice of various studio arts media.
2. Demonstrate a specific practice and personal skill of various studio arts media.
3. Engage in both community and professional practice in the exhibition of personal work.

REQUIRED COURSES UNITS

ART 1B	History of Art.....	3
ART 6A	Beginning Basic Design.....	3
ART 6B	Intermediate Basic Design.....	3
ART 4A	Drawing and Composition.....	3

List A Courses. Select one (3 units):

ART 1A	History of Art.....	3
ART 21	Asian Art History.....	3
ART 20	African, Oceanic, and Native American Art History Survey.....	3

List B Courses. Choose three (9 units):

ART 2	Color Theory.....	3
ART 4B	Drawing and Composition, Advanced.....	3
ART 9A	Beginning Painting.....	3
ART 12A	Beginning Ceramics.....	3
ART 14A	Beginning Sculpture.....	3
ART 15A	Beginning Printmaking.....	3
ART 31	Basic Photography.....	3
ART 36A	Digital Photography.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 24

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

PHOTOGRAPHIC IMAGING

CERTIFICATE OF ACHIEVEMENT

The Photography Certificate is designed to provide students with a creative and technical foundation. Each course offered helps cultivate and grow students' artistic vision along with providing practical commercial application. At the completion of this certificate students will have gained experience in studio lighting, darkroom and digital processes, commercial and documentary style photography. Students who complete a Certificate in Photographic Imaging will be prepared to pursue their goals in the commercial world of photography.

Students who complete this program should be able to:

1. Effectively communicate using visual and technical language related to photography.
2. Demonstrate a strong knowledge and understanding of how to use photography equipment and software.
3. Demonstrate an understanding of photography's place in Art History and the Contemporary Art world.
4. Apply the tools to promote their work in both commercial and fine arts settings.

REQUIRED COURSES UNITS

12 required units from the following:

ART 31	Basic Photography.....	3
ART 33	Advanced Photography.....	3
ART 35	Creative Photography Documentary.....	3
ART 36A	Digital Photography.....	3

Plus 6 units from the following:

ART 32A	Intermediate B&W Photography A.....	3
ART 32B	Intermediate B&W Photography B.....	3
ART 32C	Advanced Projects - Black and White.....	3
ART 36B	Introduction to Photoshop.....	3
ART 36C	Advanced Projects - Digital.....	3

TOTAL UNITS REQUIRED 18

Additional Recommended Courses:

ART 6A	Basic Design.....	3
ART 38	Field Workshop-Black and White.....	1
ART 39	Field Workshop-Color/Digital.....	1

COURSES

ART1A 3 UNITS

History of Art-I

TRANSFERABLE TO BOTH UC AND CSU

**C-ID: ARTH 110
54 LECTURE HOURS**

Survey of Art history, painting, sculpture, and architecture; Art from the Paleolithic period through the Early Christian World. (L)

ART1B 3 UNITS

History of Art-II

TRANSFERABLE TO BOTH UC AND CSU

54 LECTURE HOURS

Survey of European Art history, painting, sculpture and architecture from the Renaissance to the 20th Century. (L)

ART2 3 UNITS

Color Theory

TRANSFERABLE TO BOTH UC AND CSU

**C-ID: ARTS 270
36 LECTURE HOURS
54 LAB HOURS**

Study and application of color theory to solve studio problems in fine and applied arts. Historical overview of the uses of color and an analysis of the interaction of color in a laboratory situation.

ART3A 3 UNITS

Women in Art I

TRANSFERABLE TO BOTH UC AND CSU

54 LECTURE HOURS

The role of women as artists in the western world, beginning in the middle ages and concluding in the Twentieth Century art world.

ART3B 3 UNITS

Women in Art II

TRANSFERABLE TO BOTH UC AND CSU

54 LECTURE HOURS

Role of women as visual artists in Europe and the Americas, focusing on the Twentieth Century.

ART4A 3 UNITS

Drawing and Composition Beginning

TRANSFERABLE TO BOTH UC AND CSU

**27 LECTURE HOURS
81 LAB HOURS**

Drawing and composition using various materials for basic instruction in perspective, landscape, still life, and other subjects.

ART4B 3 UNITS

Drawing and Composition Intermediate

TRANSFERABLE TO BOTH UC AND CSU

**C-ID: ARTS 205
27 LECTURE HOURS
81 LAB HOURS**

Students in this class will build on fundamental drawing skills to develop personalized solutions to content and materials in exercises covering multiple historical and contemporary approaches to drawing. (L)

ART5 3 UNITS

Art Appreciation

TRANSFERABLE TO BOTH UC AND CSU

**C-ID: ARTH 100
54 LECTURE HOURS**

This course provides a general introduction to visual art through selected examination of art works and architecture from diverse cultures of the world from the prehistoric period to the present, familiarizing students with art historical context and terminology, visual elements, design principles, and visual art media. (L,C)

ART6A **3 UNITS**

Beginning Basic Design

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ARTS 100
27 LECTURE HOURS
81 LAB HOURS

Introduction to the concepts, applications, and historical references that apply to two-dimensional art, including the basic principles and elements as they relate to two-dimensional problems. (L)

ART6B **3 UNITS**

Intermediate Basic Design, 3-D

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ARTS 101
27 LECTURE HOURS
81 LAB HOURS

Students will explore the concepts, applications, and historical references that relate to three dimensional design and spatial composition, including the study of elements and organizing principles of design as they apply to three dimensional space and form. (L)

Prerequisite(s): ART6A**ART8A** **3 UNITS**

Watercolor Painting

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Basic principles and elements of watercolor painting in various techniques; wet on wet, washes, and dry-brush. Concepts of form, color, content, and space are explored. (L)

Prerequisite(s): ART4A**ART8B** **3 UNITS**

Watercolor Painting

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Basic principles and elements of watercolor painting in various techniques; wet-on-wet, washes, and dry brush. Advanced techniques applied, portfolio of personal work developed. (L)

ART9A **3 UNITS**

Beginning Painting

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ARTS 210
27 LECTURE HOURS
81 LAB HOURS

Introduction to the principles, elements, and practices of painting. Focus on painting materials, perceptual skills and color theory, paint mixing and technique, and creative response to materials and subject matter.

ART9B **3 UNITS**

Intermediate Painting

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Continued exploration of painting media and techniques. Emphasis on personal style and painting from life. Students will be introduced to painting in a series. (L)

Prerequisite(s): ART9A**ART11** **3 UNITS**

Mural Painting

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Studio course focused on the creation of a large mural. Students will design, compose, prepare and produce a wall mural project. Students will explore the design and cultural significance of historical murals.

Prerequisite(s): ART9B**ART12A** **3 UNITS**

Beginning Ceramics

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Basic studio techniques and processes in hand building, use of the potter wheel, and creative, artistic expression using clay. Introduction to ceramic materials and concepts with processes including basic design principles and creative development in hand building and wheel thrown techniques, techniques for glaze use, firing and ceramic terminology. This course covers aesthetic and creative development of clay objects through examining historical, contemporary, and personal modes of expression across cultures. (L)

ART12B **3 UNITS**

Intermediate Ceramics

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Intermediate techniques and processes for wheel-thrown and hand-built pottery; creative and artistic expression through the use of clay and glazes. (L)

Prerequisite(s): ART12A**ART14A** **3 UNITS**

Beginning Sculpture

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Introduction to three-dimensional sculptural principles, techniques, and concepts utilizing a wide range of materials and practices. Various sculpture methods are practiced with attention to creative self-expression and historical context. Focuses on the use and exploration of the media of clay, plaster, wood and armature building. Covers concepts such as figurative sculpture, abstract sculpture, and conceptual sculpture.

ART14B **3 UNITS**

Intermediate Sculpture

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Further study of three dimensional form and use of materials such as clay, plaster, wood, metal and armature building, with an introduction to creating sculptural spaces through "Installation". Further study of figurative and abstract concepts with an emphasis on conceptual work.

Prerequisite(s): ART14A**ART15A** **3 UNITS**

Beginning Printmaking

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Students will explore basic printmaking techniques, including intaglio, relief, planographic and stencil. Students will become familiar with historical examples using each of these techniques. Focus on safe and correct use of printmaking materials and equipment and best practices for working in a studio space with others. Covers printmaking studio vocabulary and practice in critique students' own work and the work of others. At the conclusion of the class students will be able to print a consistent edition of prints.

ART15B **3 UNITS**

Intermediate Printmaking

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Students will develop expertise in techniques covered in Art 15A. Advanced printmaking techniques such as solar plate intaglio, mezzotint, and screen-printing with photo emulsion. Students will develop an ability to use printmaking to create original and meaningful content and imagery. Students will learn to work with color and create images using multiple plates.

Prerequisite(s): ART15A**ART18** **3 UNITS**

Beginning Graphic Arts

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

This course is an introductory overview of the technical software and aesthetic fundamental elements for creating typography for print ready visual communications. This course includes a study of "letterform," typeface, copy fitting, graphic arts software and the creative application of all the above. (L,C)

ART19A **3 UNITS**

Introduction to Commercial Art

TRANSFERABLE TO CSU ONLY
27 LECTURE HOURS
81 LAB HOURS

Introduces students to the principles of drawing and design, tools, computer software, and vocabulary and concepts for design of commercial art production. Focus is on promotional design skills for client-based product. (C)

ART19B **3 UNITS**

Commercial Art: Illustration

TRANSFERABLE TO CSU ONLY
27 LECTURE HOURS
81 LAB HOURS

Studio practice in the basic concepts and techniques of commercial illustration, using typical projects that occur in employment situations. Stress on various media, portfolio, and camera ready work. (C)

Prerequisite(s): ART19A**ART20** **3 UNITS**

African, Oceanic, and Native American Art History Survey

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

This course is a survey of visual culture within selected regions in Africa, Oceania, and indigenous Americas.

ART21 **3 UNITS**

Asian Art History

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

This course is a survey of the arts of China, India, Japan, Indonesia, Korea, and South East Asia from prehistoric times to the present. This course examines the wide variety of art forms from these areas and time periods within their historical contexts, with emphasis on function, meaning, aesthetic concepts, mechanical aspects of art making, and the classification and criticism of these arts. (L)

ART27 **1 UNIT**

Photography Materials and Processes

TRANSFERABLE TO CSU ONLY
54 LAB HOURS

An additional laboratory experience for those interested in further refining and developing concepts attained in regular course offerings in the photography emphasis in Fine Art.

Co-requisite(s): ART31**ART29** **3 UNITS**

Individual Problems in Design

TRANSFERABLE TO CSU ONLY
27 LECTURE HOURS
81 LAB HOURS

Advanced principles and elements of art and their functioning design as related to all phases of art. (L)

Prerequisite(s): ART6B**ART31** **3 UNITS**

Basic Photography

TRANSFERABLE TO BOTH UC AND CSU
36 LECTURE HOURS
54 LAB HOURS

An exploration into basic camera operation, black and white processing and printing. History and development of photography. Emphasis is on personal expression. Adjustable camera preferred. (L)

ART32A **3 UNITS**

Intermediate Black and White Photography A

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

Students will learn advanced darkroom processes, zone system, archival processing, print and negative chemical manipulation, and be introduced to the large format camera. Discussion and critical analysis of assigned exercises will be conducted.

Prerequisite(s): ART31

ART32B **3 UNITS**

Intermediate Black and White Photography B

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

Qualitatively oriented advanced black and white course allowing further development of concepts attained in 32A. Emphasis on advanced zone system, large format camera and individual creative problem solving.

Prerequisite(s): ART32A

ART32C **3 UNITS**

Advanced Black and White Photography

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

Individual exploration of advanced black and white photography concepts such as refining the zone system, infrared photography, large format camera, etc., within a structured but non-confining framework.

Prerequisite(s): ART32B

ART33 **3 UNITS**

Advanced Photography

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

Traditional and digital based photography; further exploration within the student's area of interest. Assignments in creative problem solving with studio lighting and the large format camera. A capstone course for the Photographic Imaging AS ad certificate, designed to be a culmination of student's experience. Preparation of final portfolios and resume to target specific photographic markets. (L)

Prerequisite(s): ART36B

ART35 **3 UNITS**

Creative Photo Documentary

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

Students will develop an understanding and appreciation of the photograph as it is used in social and personal commentary. Individual exploration and creativity will be developed to create a focused photographic essay. Various presentation methods will be explored. (L)

Prerequisite(s): ART31, ART 36A

ART36A **3 UNITS**

Digital Photography

TRANSFERABLE TO BOTH UC AND CSU
36 LECTURE HOURS
54 LAB HOURS

Introduction to digital photography: exposure control, file formats, archiving, and basic image editing/manipulation using Adobe Photoshop. (C)

Prerequisite(s): ART31

ART36B **3 UNITS**

Intermediate Digital Photography

TRANSFERABLE TO BOTH UC AND CSU
36 LECTURE HOURS
54 LAB HOURS

Students will delve deeper into the possibilities of Adobe Photoshop pushing the photographic image beyond straight photography into the world of photo manipulation. Techniques that will be covered include but are not limited to creative retouching, montaging and transmissive/reflective scanning and alternative digital outputs producing quality image output.

Prerequisite(s): ART36A

ART36C **3 UNITS**

Advanced Digital Photography

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

Individual exploration of advanced digital imaging concepts within a structured environment. Projects may include advanced montaging, text layers, web authoring, integration with other 2D/3D mediums. Self generated projects are emphasized.

Prerequisite(s): ART36B

ART38 **V1-3 UNITS**

Field Workshop-Black and White

TRANSFERABLE TO CSU ONLY
9 LECTURE HOURS
27 LAB HOURS

Intensive location field workshops covering specific topics in black and white photography especially suited for the particular season and geographic location. Students responsible for cost of meals, lodging, transportation, and materials.

Co-requisite(s): ART31

ART39 **V1-3 UNITS**

Field Workshops-Digital

TRANSFERABLE TO CSU ONLY
9 LECTURE HOURS
27 LAB HOURS

Intensive location field workshops covering specific topics in digital photography especially suited for the particular season and geographic location. Students responsible for cost of meals, lodging, transportation and materials.

Prerequisite(s): ART31

Co-requisite(s): ART36A

ART41A 3 UNITS

Individual Problems in Painting I

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

A third-semester painting course in which students approach individual painting problems with a focus on a series of works in consultation with instructor.

Prerequisite(s): ART9B

ART41B 3 UNITS

Individual Problems in Painting: Advanced

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Advanced painting course in which students work on self-directed painting and the development of creative portfolios. (L)

Prerequisite(s): ART9A, ART9B, ART41A

ART42A 3 UNITS

Individual Problems in Ceramics I

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Advanced techniques and processes for creative expression in Ceramics.

Prerequisite(s): ART12B

ART42B 3 UNITS

Individual Problems in Ceramics II

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Advanced techniques and processes in which students work on self directed projects for the development of creative portfolios.

Prerequisite(s): ART42A

ART43A 3 UNITS

Individual Problems Printmaking 1

TRANSFERABLE TO CSU ONLY
27 LECTURE HOURS
81 LAB HOURS

Individual problems exploring independent techniques, content, and solutions in printmaking.

Prerequisite(s): ART15B

ART43B 3 UNITS

Individual Problems in Printmaking: Advanced

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Exploration into advanced level printmaking techniques and exhibition of work. Students will focus on "working in series" in a single technique, produce an exhibit of work, and write an artist statement.

Prerequisite(s): ART43A

ART44 3 UNITS

Individual Problems in Drawing

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Development of a personal drawing style at an advanced level, working in series with the goal of producing a coherent group of works.

Prerequisite(s): ART4B

ART46A 3 UNITS

Individual Problems in Sculpture I

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Advanced techniques and processes; creative and personal expression in three dimensional form. Student will learn to create works in series.

Prerequisite(s): ART14B

ART46B 3 UNITS

Individual Problems in Sculpture II

TRANSFERABLE TO BOTH UC AND CSU
27 LECTURE HOURS
81 LAB HOURS

Advanced techniques and processes; creative and personal expression in three dimensional form. Students will write an artist's statement, have an exhibition of work and create a final portfolio. (L)

Prerequisite(s): ART46A

ART DESIGN:**Family of Classes**

(No more than four classes can be attempted within each family of classes listed below. See page 38 for details.)

- ART 2—Color Theory
- ART 6A—Beginning Basic Design
- ART 6B—Intermediate Basic Design, 3D
- ART 18—Beginning Graphic Arts

CERAMICS:**Family of Classes**

(No more than four classes can be attempted within each family of classes listed below. See page 38 for details.)

- ART 12A—Beginning Ceramics
- ART 12B—Intermediate Ceramics
- ART 42A—Individual Problems in Ceramics I
- ART 42B—Individual Problems in Ceramics II

COMMERCIAL ART:**Family of Classes**

(No more than four classes can be attempted within each family of classes listed below. See page 38 for details.)

- ART 19A—Introduction to Commercial Art
- ART 19B—Commercial Art: Illustration

DRAWING:**Family of Classes**

(No more than four classes can be attempted within each family of classes listed below. See page 38 for details.)

- ART 4A—Drawing and Composition Beginning
- ART 4B—Drawing and Composition Intermediate
- ART 44—Individual Problems in Drawing

PAINTING:**Family of Classes**

(No more than four classes can be attempted within each family of classes listed below. See page 38 for details.)

- ART 8A—Watercolor Painting
- ART 8B—Watercolor Painting
- ART 9A—Beginning Painting
- ART 9B—Intermediate Painting
- ART 11—Mural Painting
- ART 41A—Individual Problems in Painting I
- ART 41B—Individual Problems in Painting: Advanced

PHOTOGRAPHY:**Family of Classes**

(No more than four classes can be attempted within each family of classes listed below. See page 38 for details.)

- ART 27—Photography Materials and Processes
- ART 38—Field Workshop-Black and White
- ART 39—Field Workshop-Digital
- ART 31—Basic Photography
- ART 32A—Intermediate Black and White Photography A
- ART 32B—Intermediate Black and White Photography B
- ART 32C—Advanced Black and White Photography
- ART 36B—Intermediate Digital Photography
- ART 36C—Advanced Digital Photography

PRINTMAKING:**Family of Classes**

(No more than four classes can be attempted within each family of classes listed below. See page 38 for details.)

- ART 15A—Beginning Printmaking
- ART 15B—Intermediate Printmaking
- ART 43A—Individual Problems Printmaking I
- ART 43B—Individual Problems in Printmaking: Advanced

SCULPTURE:**Family of Classes**

(No more than four classes can be attempted within each family of classes listed below. See page 38 for details.)

- ART 14A—Beginning Sculpture
- ART 14B—Intermediate Sculpture
- ART 46A—Individual Problems in Sculpture I
- ART 46B—Individual Problems in Sculpture II

Asian Studies

COURSE

ASIAN31 **3 UNITS**

Asian-American Humanities and Cultures

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Survey of Asian-American cultures, including religions, traditions, and some highlights of history. (L)

Astronomy

COURSES

ASTR01 **3 UNITS**

Introduction To Astronomy

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Survey of the solar system, stars, galaxies, history and tools of astronomy, cosmology, and exploration of space. (L,M)

Athletics

COURSES

ATHL1.55R **V0.5-1.5 UNITS**

Sports Conditioning

TRANSFERABLE TO BOTH UC AND CSU
4.5 LECTURE HOURS

13.5 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Preparatory conditioning necessary for intercollegiate competition. Development of sport-specific strength, power, endurance, agility, and flexibility as well as mental training techniques. Grades are P/NP option.

ATHL11R **1.5 UNITS**

Intercollegiate Basketball - Men

TRANSFERABLE TO BOTH UC AND CSU
87.5 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Preparation and competition for Intercollegiate Men's basketball. Collegiate techniques and strategies will be implemented.

ATHL12R **3 UNITS**

Intercollegiate Track and Field - Men

TRANSFERABLE TO BOTH UC AND CSU
175 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Preparation and competition for Intercollegiate Men's Track and Field. Collegiate techniques and strategies will be implemented.

ATHL15R **3 UNITS**

Intercollegiate Football

TRANSFERABLE TO BOTH UC AND CSU
175 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Preparation for intercollegiate competition. Daily practice sessions including intercollegiate competition with other colleges. Practice includes instruction in offensive and defensive systems, instructions with various techniques associated with the positions played either in the offensive or defensive systems, and conditioning.

ATHL16R 3 UNITS

Intercollegiate Soccer-MenTRANSFERABLE TO BOTH UC AND CSU
175 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Intercollegiate soccer competition including: shooting, heading, controlling, dribbling, passing, tackling, scoring, and goal keeping. Practice and competition required.

ATHL17R 3 UNITS

Intercollegiate BaseballTRANSFERABLE TO BOTH UC AND CSU
175 LAB HOURS

OTHER: REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Preparation for intercollegiate baseball competition. Collegiate baseball techniques and strategies performed. Practice and competition required.

ATHL2.01R 1.5 UNITS

Baseball SkillsTRANSFERABLE TO BOTH UC AND CSU
13.5 LECTURE HOURS

40.5 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Techniques of baseball and conditioning used in preparing for intercollegiate competition. Grades are P/NP option.

ATHL2.03R 1.5 UNITS

Basketball Skills-MenTRANSFERABLE TO BOTH UC AND CSU
13.5 LECTURE HOURS

40.5 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Techniques of basketball and conditioning used in preparing for intercollegiate competition. Grades are P/NP option.

ATHL2.04R 1.5 UNITS

Basketball Skills-WomenTRANSFERABLE TO BOTH UC AND CSU
13.5 LECTURE HOURS

40.5 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Techniques of basketball and conditioning used in preparing for intercollegiate competition. Grades are P/NP option.

ATHL2.07R 1.5 UNITS

Football SkillsTRANSFERABLE TO BOTH UC AND CSU
13.5 LECTURE HOURS

40.5 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Preparatory skills necessary for intercollegiate competition in football. Development in offensive and defensive systems, including passing, kicking, blocking and conditioning. Grades are P/NP option.

ATHL2.08R 1.5 UNITS

Soccer SkillsTRANSFERABLE TO BOTH UC AND CSU
13.5 LECTURE HOURS

40.5 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Preparatory skills necessary for intercollegiate competition in soccer. Development in offensive and defensive systems, including passing, kicking, blocking and conditioning. Grades are P/NP option.

ATHL2.09R 1.5 UNITS

Softball Skills - Women

TRANSFERABLE TO BOTH UC AND CSU

13.5 LECTURE HOURS

40.5 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Techniques of softball and conditioning used in preparing for intercollegiate competition. Grades are P/NP option.

ATHL2.10R 1.5 UNITS

Soccer Skills—Women

TRANSFERABLE TO BOTH UC AND CSU

13.5 LECTURE HOURS

40.5 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Development of various collegiate level soccer skills and strategies for women. This course will include analysis of scouting reports and film reviews; as well as the practical application of various physical training concepts. Grades are P/NP option.

ATHL2.11R 1.5 UNITS

Track and Field Skills (Men/Women)

TRANSFERABLE TO BOTH UC AND CSU

13.5 LECTURE HOURS

40.5 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Fundamental techniques and conditioning necessary for participation in intercollegiate track and field competition for men and women.

ATHL2.12R 1.5 UNITS

Soccer Skills (Men)

TRANSFERABLE TO BOTH UC AND CSU

13.5 LECTURE HOURS

40.5 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY) Preparatory skills necessary for intercollegiate competition in men's soccer.

Development in offensive and defensive systems, including passing, kicking, blocking and conditioning. Grades are P/NP option.

ATHL2.13R 1.5 UNITS

Volleyball Skills

TRANSFERABLE TO BOTH UC AND CSU

13.5 LECTURE HOURS

40.5 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Advanced skills and techniques necessary for competitive volleyball play including conditioning, rules of play, and advanced offensive and defensive strategies. Grades are P/NP option.

ATHL31R 3 UNITS

Intercollegiate Volleyball—Women

TRANSFERABLE TO BOTH UC AND CSU

175 LAB HOURS

REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)

Preparation for intercollegiate volleyball competition. Collegiate level game strategies and techniques performed. Practice and competition required.

ATHL32R **1.5 UNITS****Intercollegiate Basketball—Women****TRANSFERABLE TO BOTH UC AND CSU**
87.5 LAB HOURS**REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)** Preparation for intercollegiate women's basketball. Collegiate level techniques and strategies for competition will be performed.**ATHL33R** **3 UNITS****Intercollegiate Softball—Women****TRANSFERABLE TO BOTH UC AND CSU**
175 LAB HOURS**REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)**

Intercollegiate softball competition, individual skills, position play, team play, and game strategy. Practice and competition required.

ATHL36R **3 UNITS****Intercollegiate Track and Field—Women****TRANSFERABLE TO BOTH UC AND CSU**
175 LAB HOURS**REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)**

Preparation and competition in Intercollegiate Track and Field for Women. Advanced collegiate techniques and skills will be performed in each event.

ATHL37R **3 UNITS****Intercollegiate Soccer—Women****TRANSFERABLE TO BOTH UC AND CSU**
175 LAB HOURS**REPEATABLE (MAY BE TAKEN FOUR TIMES ONLY)**

Intercollegiate soccer competition including: shooting, heading, controlling, dribbling, passing, tackling, scoring, and goal keeping. Practice and competition required.

and repair. It prepares students for all nine Automotive Service Excellence (ASE) A1-A8 certifications including Advanced Engine Performance (L-1).

Students who complete this program should be able to:

1. Demonstrate appropriate mathematical concepts and methods to measure and calculate for needed repair and diagnosis.
2. Demonstrate how to identify mechanical or component damage that is either direct (you can see it) or indirect (the damage you cannot see) in a 3C's format. The complaint, the cause, the correction.
3. Utilize the appropriate diagnostic equipment, documentation, and troubleshoot principles on various automobile systems.
4. Identify and implement safety procedures involved in the diagnosis, service, and repair of all major automobile and light truck systems.
5. Utilize the appropriate diagnostic equipment, documentation, and troubleshoot principles on various automotive systems.
6. Complete 85 percent of the tasks established by NATEF for the Master Automobile Service Technology Certification

REQUIRED COURSES

	UNITS
AUTO 51.20 Automotive Technical Skills.....	3
AUTO 21 Introduction to Automobiles	3
AUTO 52.30 Manual Drive Trains/Gas and Diesel Vehicles.....	3
AUTO 52.36 Heating and Air Conditioning Systems	3
AUTO 52.40 Brake Systems.....	4
AUTO 52.41 Alignment and Suspensions.....	4
AUTO 52.44 Electrical Systems	6
AUTO 52.45 Engine Diagnosis and Rebuilding.....	4
AUTO 52.81 Hybrid and Alternative Fuel Vehicles	2
AUTO 53.31 Automatic Transmission/Gas and Diesel Vehicles	4
AUTO 53.33 Fuel Systems	4

Plus 1 unit from the following:

AUTO 52.61A Engine Repair Experience	1
AUTO 52.61B Engine Machining and Reconditioning Experience.....	1
AUTO 52.62A Automatic Transmission and Transaxle Experience	1
AUTO 52.62B Manual Drivetrain and Axles Experience	1

TOTAL UNITS REQUIRED FOR DEGREE MAJOR **41**

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

Automotive Technology

The Automotive Technology Program is designed to provide students with the qualifications needed to fill entry-level positions in the automotive and other related repair fields. The Certificate program also provides additional training for those already employed who desire to improve their skills and abilities. These programs can be completed in one or more semesters. The various Certificates of Training parallel the national voluntary mechanics testing program offered by A.S.E. (Automotive Service Excellence) and are designed to prepare students to pass the A.S.E. tests. The Autobody courses utilize an I-car based curriculum.

AUTOMOTIVE TECHNOLOGY

ASSOCIATE IN SCIENCE

The Automotive Technology Degree prepares students with job skills needed to enter the automotive field. Emphasis is placed on brake systems, suspension and alignment, heating and air-conditioning, manual and automatic transmissions, electrical and engine management systems, and complete automotive systems diagnosis

TUNE-UP AND DRIVEABILITY

ASSOCIATE IN SCIENCE

The Automotive Technology Program is designed to provide students with the qualifications needed to fill entry-level positions in the automotive and other related repair fields. The Certificate program also provides additional training for those already employed who desire to improve their skills and abilities. These programs can be completed in one or more semesters. The various Certificates of Training parallel the national voluntary mechanics testing program offered by A.S.E., and are designed to prepare students to pass the A.S.E. tests.

Students who complete this program should be able to:

1. Demonstrate appropriate mathematical concepts and methods to measure and calculate for needed repair and diagnosis.
2. Demonstrate how to identify mechanical or component damage that is either direct (you can see it) or indirect (the damage you cannot see) in a 3C's format. The complaint, the cause, the correction.

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

- Utilize the appropriate diagnostic equipment, documentation, and troubleshoot principles on various automobile systems.
- Identify and implement safety procedures involved in the diagnosis, service and repair of all major automobile and light truck systems.

REQUIRED COURSES		UNITS
AUTO 20	Automotive Technical Skills	3
AUTO 33	Fuel Systems.....	4
AUTO 36	Air Conditioning and Heating Systems.....	3
AUTO 44	Electrical Systems	6
AUTO 55	Advanced Tune-Up	5
AUTO 61D	Engine Performance Experience	1
AUTO 95	State Emission Control License	7
TOTAL UNITS REQUIRED FOR DEGREE MAJOR		29

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

AUTOMOTIVE DRIVE TRAINS

CERTIFICATE OF ACHIEVEMENT

The Automotive Technology Program is designed to provide students with the qualifications needed to fill entry-level positions in the automotive and other related repair fields. The Certificate program also provides additional training for those already employed who desire to improve their skills and abilities. These programs can be completed in one or more semesters. The various Certificates of Training parallel the national voluntary mechanics testing program offered by A.S.E., and are designed to prepare students to pass the A.S.E. tests.

Students who complete this program should be able to:

- Demonstrate the job ready skills needed to obtain entry level employment in the Auto Body industry.
- Demonstrate personal and professional health practices required for the Auto body Industry.
- Demonstrate professional work ethics and standards that are expected when working in the Auto body industry.

REQUIRED COURSES		UNITS
AUTO 20	Automotive Technical Skills	3
AUTO 22	Hydraulics (Fluid Power).....	3
AUTO 30	Manual Drive Trains-Gas and Diesel Vehicles.....	3
AUTO 31	Automatic Transmissions Gas and Diesel Vehicles.....	4
AUTO 62A	Auto Transmission/Transaxle Exp.....	2
AUTO 62B	Manual Drivetrain and Axles Exp.....	2
Plus 1 additional unit of AUTO classes		1
TOTAL UNITS REQUIRED		18

AUTOMOTIVE EMISSION TECHNICIAN

CERTIFICATE OF ACHIEVEMENT

The Automotive Emissions Technician Certificate prepares students with job skills needed to enter the automotive field as emissions inspectors or emission repair technicians. Emphasis is placed on fuels, electrical and emissions systems. It meets the state of California requirements for students seeking to apply for a California state smog inspector and/or repair license(s).

Students who complete this program should be able to:

- Demonstrate the job ready skills needed to obtain entry level employment in the Auto Body industry.
- Demonstrate personal and professional health practices required for the Auto body Industry.
- Demonstrate professional work ethics and standards that are expected when working in the Auto body industry.

REQUIRED COURSES		UNITS
AUTO 50B	Advanced Engine Performance and Diagnosis	2
AUTO 52.44	Electrical Systems	6
AUTO 53.33	Fuel Systems.....	4
AUTO 53.33	Advanced Tune-Up	5
AUTO 95	State Emission Control License	7

TOTAL UNITS REQUIRED 24

AUTOMOTIVE TECHNOLOGY

CERTIFICATE OF ACHIEVEMENT

The Automotive Technology Certificate prepares students with job skills needed to enter the automotive field. Emphasis is placed on brake systems, suspension and alignment, heating and air-conditioning, manual and automatic transmissions, electrical and engine management systems, and complete automotive systems diagnosis and repair. It prepares students for all nine Automotive Service Excellence (ASE) A1-A8 certifications including Advanced Engine Performance (L-1).

Students who complete this program should be able to:

- Demonstrate appropriate mathematical concepts and methods to measure and calculate for needed repair and diagnosis.
- Demonstrate how to identify mechanical or component damage that is either direct (you can see it) or indirect (the damage you cannot see) in a 3C's format. The complaint, the cause, the correction.
- Utilize the appropriate diagnostic equipment, documentation, and troubleshoot principles on various automobile systems.
- Identify and implement safety procedures involved in the diagnosis, service, and repair of all major automobile and light truck systems.

COURSES

AUTO21 **3 UNITS**

Introduction to Automobiles

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

This course covers a comprehensive study of automobiles. Emphasis is placed on fundamental operating principles, nomenclature, structural analysis, major design theories, systems function, systems service, minor repair procedures, major repair complexities, current laws and regulations, political action, and personal economics/decision making. Grades are P/NP option.

AUTO22 **3 UNITS**

Hydraulics (Fluid Power)

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

This course covers a comprehensive study of hydraulics (fluid power). Emphasis is placed on basic principles of hydraulics, pumps, fluids, linear and rotary actuators, reading automotive hydraulic schematics, robotics, and agricultural industry. Students are strongly encouraged to have an understanding of pre-algebra, college-level reading, and computer literacy skills. Grades are P/NP option.

AUTO50B **2 UNITS**

Advanced Engine Performance and Diagnosis

27 LECTURE HOURS
27 LAB HOURS

This course covers a comprehensive study of advanced engine performance diagnosis. Emphasis is placed on automotive and diesel diagnostic methods and repair, fuels, electrical, and emissions control. Labs include diagnostic skills in drivability, onboard diagnostics I & II, including scan tools, meter usage, lab scopes, computerized analyzers and dynamometer five-gas emission diagnostic equipment and other related equipment as it pertains to gas or diesel electronic engine management systems. Bureau of Automotive Repair (BAR) L1 certification is offered upon successful completion of final test. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option. Grades are P/NP option.

AUTO51.20 **3 UNITS**

Automotive Technical Skills

36 LECTURE HOURS
54 LAB HOURS

This course covers basic automotive technical skills used by all automotive service and repair technicians. Emphasis is placed on tool selection, use and maintenance of tools, practical measuring skills, bolt and nut thread repair techniques, electrical circuit meter usage and problem solving techniques. Grades are P/NP option. Grades are P/NP option.

AUT052.30 **3 UNITS**

Manual Drivetrains/Gas/Diesel Vehicles

36 LECTURE HOURS
54 LAB HOURS

This course covers a comprehensive study of automotive manual drivetrains. Emphasis is placed on standard transmissions and transaxles, clutches, drive shafts, drive axle assemblies, transfer cases, gears, bearings, lubrication theory, normal maintenance adjustments and service operations, problem diagnosis and overhaul procedures for gasoline and diesel vehicles. (L,M,C) Grades are P/NP option.

AUT052.36 **3 UNITS**

Heating and Air Conditioning Systems

36 LECTURE HOURS
54 LAB HOURS

This course covers a comprehensive study of automotive heating, air conditioning and ventilation systems. Emphasis is placed on heating, cooling, and air conditioning systems, engine cooling system, adjustment procedures, problem diagnosis, system operation with normal service, repair procedures, and introduction to automatic temperature systems. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

AUT052.40 **4 UNITS**

Brake Systems

54 LECTURE HOURS
54 LAB HOURS

This course covers a comprehensive study of automotive braking systems. Emphasis is placed on brake theory, hydraulic operation, hydraulic control valves, power brake units, electronic control systems and anti-lock brake systems (ABS), industry standards and practices for the inspection, diagnosis, service, and repair of automotive and light truck braking systems. (L,M,C) Grades are P/NP option.

AUT052.41 **4 UNITS**

Alignment and Suspension

54 LECTURE HOURS
54 LAB HOURS

This course covers a comprehensive study of automotive alignment and suspension systems. Emphasis is placed on suspension and steering operating theory, 4-wheel alignment, front and rear-wheel alignment, tire repair and balancing, replacement of suspension and steering components, and rebuilding of steering gears and pumps. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills.

AUT052.44 **6 UNITS**

Electrical Systems

74 LECTURE HOURS
108 LAB HOURS

This course covers a comprehensive study of current automotive electrical systems. Emphasis is placed on theory, diagnosis, service and wire repair techniques, fundamentals of circuit construction, ignition systems, charging and starting systems, domestic and import computer management systems, wiring diagrams, multi-meters and scanners. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

AUT052.45 **4 UNITS**

Engine Diagnosis and Rebuilding

36 LECTURE HOURS
108 LAB HOURS

This course covers a comprehensive study of automotive engine diagnosis and rebuilding. Emphasis is placed on theory of operation, pre-teardown diagnosis, disassembly techniques, engine cleaning methods, measurement tools, component identification, lubrication systems, assembly break-in procedures, and introducing alternative fuel and hybrid engine drivetrains. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

AUT052.46 **3 UNITS**

Engine Machining and Reconditioning

36 LECTURE HOURS
54 LAB HOURS

This course covers an advanced comprehensive study of automotive engine machining and reconditioning techniques. Emphasis is placed on high performance production machining, machining of engine blocks, cylinder heads, valves and valve seats, connecting rods, cleaning and reassembling techniques, proper disassemble, and precision measurements. This course is intended for students who desire further study and skills working with automotive engine machining and assembly methods. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

Co-requisite(s): AUT052.45

AUT052.61A **1 UNIT**

Engine Repair Experience

54 LAB HOURS

This course covers individualized advanced techniques with a strong emphasis on specialized training in automotive engine repair. Emphasis is placed on engine failure diagnosis, tear-down, machining and assembly. This course is intended primarily for students with prior practical experience in automotive engine repair. Students are strongly encouraged to have problem solving and computer literacy skills.

AUT052.61B **1 UNIT**

Engine Machining/Reconditioning Exp

54 LAB HOURS

This course covers individualized advanced techniques with a strong emphasis on specialized training in automotive engine machining and reconditioning. Emphasis is placed on engine tear-down, in-depth engine machining procedures, assembly component fit and high performance engine considerations. This course is intended primarily for students with prior practical experience in automotive engine machining and reconditioning. Students are strongly encouraged to have problem solving and computer literacy skills.

Prerequisite(s): AUT052.46

AUT052.61C 1 UNIT**Electrical Systems Experience****54 LAB HOURS**

This course covers individualized advanced techniques with a strong emphasis on specialized training in automotive electrical systems. Emphasis is placed on extensive multimeter usage, scan tools, battery and starting test equipment to make diagnostic decisions, and refine skills in reading wiring diagrams. Intended primarily for students with prior practical experience in automotive electrical systems. Students are strongly encouraged to have problem solving and computer literacy skills.

AUT052.61D 1 UNIT**Engine Performance Experience****54 LAB HOURS**

This course covers individualized advanced techniques with a strong emphasis on specialized training in automotive engine performance. Emphasis is placed on scan tools, lab scopes, wiring diagrams, online resources, off-the-car diagnosis, and efficient use of electronic service manuals. Intended primarily for students with prior practical experience in automotive engine performance. Students are strongly encouraged to have problem solving and computer literacy skills.

AUT052.62A 1 UNIT**Auto Transmission/Transaxle Exp****54 LAB HOURS**

This course covers individualized advanced techniques with a strong emphasis on specialized training in automotive automatic transmissions and transaxles. Emphasis is placed on diagnosis of mechanical and electrical systems, techniques for pre-assembly, disassembling, and on the road dyno testing of completed transmissions. (C)

AUT052.62B 1 UNIT**Manual Drivetrain/Axles Experience****54 LAB HOURS**

This course covers individualized advanced techniques with a strong emphasis on specialized training in automotive manual drivetrains and axles. Emphasis is placed on removal and installation considerations, diagnosis of transmissions, clutches, transfer cases, differentials, and electrical systems used in manual drivetrain and axle systems. (C)

AUT052.62C 1 UNIT**Alignment and Suspension Experience****54 LAB HOURS**

This course covers individualized advanced techniques with a strong emphasis on specialized training in automotive alignment and suspension. Emphasis is placed on 4-wheel alignment, tire repair, balancing, replacement of suspension and steering components, electrical diagnosis as it relates to tire pressure monitoring system, and ride control. (C)

AUT052.62D 1 UNIT**Brakes Experience****54 LAB HOURS**

This course covers individualized advanced techniques with a strong emphasis on specialized training in automotive brake systems. Emphasis is placed on diagnosing and repairing disc and drum brake systems, wheel and hub bearings, electrical diagnosis as it relates to anti-lock brake systems (ABS) and traction control. (C) Grades are P/NP option.

AUT052.62E 1 UNIT**Heating and Air Conditioning Exp****54 LAB HOURS**

This course covers individualized advanced techniques with a strong emphasis on specialized training in automotive heating and air conditioning. Emphasis is placed on recovering and recharging of air conditioning system, heating system, semi/auto air controls, engine cooling system, and electrical diagnosis. (C) Grades are P/NP option.

AUT052.81 2 UNITS**Hybrid and Alternative Fuel Vehicles****27 LECTURE HOURS****27 LAB HOURS**

This course covers a comprehensive study of hybrid and alternative fuel vehicles. Emphasis is placed on safety when using high voltage, maintenance, drivability, inverter power transfer, battery technologies, hydrogen electric power, and fuel cell technology. Labs include performing scheduled hybrid maintenance services. Introduction to hybrid vehicle diagnosis and repair. Development of entry-level skills needed to work on hybrid vehicles. Students are strongly encouraged to have college level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

AUT053.31 4 UNITS**Automatic Transmission/ Gas and Diesel Vehicles****54 LECTURE HOURS****54 LAB HOURS**

This course covers a comprehensive study of automatic transmissions and transaxles. Emphasis is placed on operating principles, planetary gear sets, hydraulic operations, electronic controls, torque converters, normal maintenance adjustments and service operations, problem diagnosis, and overhaul procedures for automotive and truck applications. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills.

AUT053.33 4 UNITS**Fuel Systems****36 LECTURE HOURS****108 LAB HOURS**

This course covers a comprehensive study of conventional and advanced automotive fuel systems. Emphasis is placed on electronic fuel injection, computerized fuel management systems, 5-gas analyzers and combustion theory. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option.

AUT053.55 5 UNITS**Advanced Tune-Up****36 LECTURE HOURS****162 LAB HOURS**

This course covers a comprehensive study of advanced automotive tune-up. Emphasis is placed on problems pertaining to fuel delivery, ignition, emission, computers and electronic engine controls, wiring systems, and mechanical engine diagnostics. Latest diagnostic strategies and extensive troubleshooting, use of diagnostic test equipment, lab oscilloscopes, scan-tools, and emission analyzers. Students are strongly encouraged to have college-level reading, basic mathematics, and computer literacy skills. Grades are P/NP option. Grades are P/NP option.

AUT070**4 UNITS**

Introduction to Automotive Technology

54 LECTURE HOURS
54 LAB HOURS

Introduces the student to the fundamentals of Autobody Collision repair. Topics include hazardous material regulations including handling, storage, and disposal of hazard wastes, SDS code information, personal protective equipment, repair facility safety, basic electrical circuitry, electric hybrid vehicles, vehicle design and collision energy management, tool identification usage, and maintenance. Grades are P/NP option.

AUT075**4 UNITS**

I-Car Structural Steel 1

54 LECTURE HOURS
54 LAB HOURS

This course covers the principles and theory of automotive collision repair including component alignment, component replacement, structural panel repair or replacement, and chassis/frame alignment. Sectioning and full-panel replacement techniques and procedures are covered. Practical applications are emphasized. Students enrolled in the Auto Body Technology program at Yuba College (YC) may be eligible to apply for Inter-Conference on Automotive Repair (I-CAR) points. This YC/I-CAR alliance course also prepares students for Automotive Service Excellence (ASE) testing and National Automotive Technicians Education Foundation (NATEF) training standards. Grades are P/NP option.

AUT076**5 UNITS**

I-Car Nonstructural 1 and 2

72 LECTURE HOURS
54 LAB HOURS

This course provides the technical information and hands on experience needed to perform cosmetic straightening of steel, aluminum and plastic repair. Topics include: removal and replacement of bolted on panels; removal, replacement and repair of bumper facias; removal and replacement of headlight and tail lamp assemblies; removal, replacement and adjustment of movable glass. Introduction to steel GMAW-MIG welding, aluminum GTAW-TIG welding, STRSW- squeeze-type resistance spot welding, MIG Brazing, nitrogen plastic welding, plasma arc cutting and adhesively bonded panel replacement. Body working hand tools, abrasives and fillers will be covered. Grades are P/NP option.

AUT077**5 UNITS**

I-Car Autobody Refinishing 1 and 2

72 LECTURE HOURS
54 LAB HOURS

This course includes the principles of paint finish application, tinting/blending, color adjustments, color mismatch problems, finish inspection, removal of finish defects, interior and exterior detailing, refinish equipment, surface prep, and masking. Other topics include paint application techniques, corrosion protection, new paint technologies, color identification, and vehicle color codes. This course will also provide the information needed to start a home based detailing business. The course also addresses compliance with OSHA and EPA rules. Students enrolled may be eligible to apply for Inter-Industry Conference on Automotive Collision repair (I-CAR) points. This YCCD/I-CAR alliance course also prepares student for ASE testing. Grades are P/NP option.

AUT095**7 UNITS**

State Emission Control License

117 LECTURE HOURS
30 LAB HOURS

The course prepares students for a Smog Check Inspection/Repair license. Intended for students that possess ASE/BAR certifications in the following areas: A6-Automotive Electrical; A8-Automotive Engine Performance; L1-Advanced Engine Performance and/or students that are currently enrolled in electrical, automotive fuel systems and advanced engine performance/diagnostic courses. This is an intensive review of automotive electrical/electronic, engine mechanical, emission controls, and computer control systems as they relate to automotive emissions controls. This course satisfies the ASE/BAR certification requirement when applying for Smog Check technician licenses and may be used by the applicant in lieu of the ASE certifications. Grades are P/NP option.

Biology

BIOLOGY

ASSOCIATE IN SCIENCE

The Associate of Science Degree in Biology is designed to prepare students for transfer to four-year institutions for pre-professional studies in medical, dental and pharmacy programs. The Biology program at Yuba College offers a range of courses that fulfill general education and transfer requirements and prepares students for further study in Biology leading to BA, BS, MA, MS and/or Ph.D. degrees.

Students who complete this program should be able to:

1. Demonstrate an understanding of the fundamental principles of Biology as it relates to their degree path. These fundamental principles include: cell theory, gene theory and homeostasis. Varied courses can assess these principles at any level of biological hierarchy from molecular structure through organismal structure to complete ecosystems.
2. Demonstrate an understanding of topics revolving around the interactions that organisms have with each other, other organisms and their abiotic surroundings including the flow and use of energy within their environment. Students should show knowledge of larger scale biological topics including diversity, population dynamics, and competition within ecosystems.
3. Apply the scientific method to original or pre-designed biological experiments. Students should be able to create or assess a hypothesis, conduct experiments, correctly interpret results, and effectively communicate findings while relating each step of the scientific method.
4. Show proficiency using biological laboratory techniques practiced within a given course curriculum. Students should show knowledge in applied techniques such as, but not limited to, microscopy, dissection, sterile technique, sample identification and chemical assays. Students will use varied instrumentation to obtain experimental results.

(CONT'D FROM PREVIOUS PAGE)

REQUIRED COURSES	UNITS
BIOL 1 Principles of Biology	5
BIOL 2 General Zoology	4
BIOL 3 General Botany	4
CHEM 1A General Chemistry I.....	5
CHEM 1B General Chemistry II.....	5
PHYS 2A General Physics.....	3
PHYS 3A General Physics Lab.....	1
PHYS 2B General Physics.....	3
PHYS 3B General Physics Lab.....	1
OR	
PHYS 4A Mechanics.....	4
PHYS 4B Electromagnetism	4
AND one of the following depending on where the student will transfer:	
MATH 1A First Year Calculus.....	5
MATH 9 Calculus for Business, Social and Life Science.....	4
STAT 1 Introduction to Statistical Methods	4
TOTAL UNITS REQUIRED FOR DEGREE MAJOR	35-36

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

Also recommended, but not required:

CHEM 18A Organic Chemistry I.....	4
CHEM 18B Organic Chemistry II.....	4

BIOLOGY

ASSOCIATE IN SCIENCE FOR TRANSFER

"The Associate in Science in Biology for Transfer is designed to prepare students for the automatic transfer to California State University institutions with Biology degrees. The Biology program at Yuba College offers a range of courses that fulfill general education and transfer requirements and prepares students for further study in Biology leading to BA, BS, MA, MS and/or Ph.D. degrees.

Associates in Science in Biology for Transfer requirements (as stated in SB1440 law) requires students to complete the following:

- Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education - Breadth Requirements.
 - A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
- Obtainment of a minimum grade point average of 2.0.
- Students must earn a C or better in all courses required for the major or area of emphasis. A "P" (Pass) grade is not an acceptable grade for courses in the major.

Students who complete this program should be able to:

- Analyze data/information in addressing and evaluating problems and issues in making decisions.
- Understand the purpose of scientific inquiry and the implications and applications of basic scientific principles.
- Using the Scientific Method, students will be able to correctly interpret experimental data and effectively communicate the findings and implications of that data in writing.

PHYS 4B Electromagnetism	4

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 35

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

COURSES

BIOL1 5 UNITS

Principles of Biology

TRANSFERABLE TO BOTH UC AND CSU

C-ID: BIOL 190; BIOL 135S (BIOL1, BIOL 2 AND BIOL 3)

54 LECTURE HOURS

108 LAB HOURS

An introduction to biology for majors that emphasizes the molecular, cellular, and environmental processes that are common to most organisms. Topics include an introduction to biomolecules, cell structure, cell reproduction, enzymes, fermentation, respiration, photosynthesis, molecular genetics, heredity, and evolution.

Prerequisite(s): CHEM1A and MATH52 or MATH52B

BIOL2 4 UNITS

General Zoology

TRANSFERABLE TO BOTH UC AND CSU

C-ID: BIOL 150; BIOL 135S (BIOL1, BIOL 2 AND BIOL 3)

36 LECTURE HOURS

108 LAB HOURS

Applies the concepts introduced in Biology 1 to the study of animals and evolution. Course includes a survey of animal phyla and non-photosynthetic, single-celled, eukaryotic taxa. Specific animal topics include: patterns of diversity and classification, morphology and physiology, life cycles and development, the significance of sexual reproduction, and animal behavior. Evolution topics include speciation, phylogeny, macro- and microevolution, adaptation to environmental and social challenges, and natural selection. Other topics include genetic drift, gene flow, mutation, nonrandom mating, and basic population genetics. Designed for biology majors and related fields, but open to all qualified students. Grades are P/NP option. (L)

Prerequisite(s): BIOL1 and MATH52 or MATH52B

BIOL3 **4 UNITS**

General Botany

TRANSFERABLE TO BOTH UC AND CSU
C-ID: BIOL 155; BIOL 135S (BIOL 1, BIOL 2 AND BIOL 3)
36 LECTURE HOURS
108 LAB HOURS

Applies the concepts introduced in Biology 1 to the study of plants and general ecology. Topics include morphology, physiology, systematics, and evolutionary trends among cyanobacteria, algae, fungi, and plants. Population, community, and ecosystems dynamics of higher plants will be emphasized. Designed primarily for biology majors and related fields but open to all qualified students.

Prerequisite(s): BIOL1 and MATH52 or MATH52B

BIOL4 **4 UNITS**

Human Anatomy

TRANSFERABLE TO BOTH UC AND CSU
C-ID: BIOL 110B
36 LECTURE HOURS
108 LAB HOURS

An introduction to the gross, microscopic and organizational structure of the human body. Emphasizes the interrelationship between structure and function of cells, tissues, organs, and systems. The course is primarily intended for nursing, allied health, kinesiology, and other health related majors. (L,C)

Prerequisite(s): BIOL1 or BIOL15

BIOL5 **4 UNITS**

Human Physiology

TRANSFERABLE TO BOTH UC AND CSU
C-ID: BIOL 120B
36 LECTURE HOURS
108 LAB HOURS

An introduction to the physiological principles, function, integration and homeostasis of the human body at the cellular, tissue, organ, organ system and organismic levels. Includes physiological topics within the integumentary, skeletal, muscular, nervous, endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary and reproductive systems. (L,M,C)

Prerequisite(s): BIOL1 or BIOL15

BIOL6 **4 UNITS**

Introductory Microbiology

TRANSFERABLE TO BOTH UC AND CSU
36 LECTURE HOURS
108 LAB HOURS

History, structure, metabolism, genetics, and ecology of microscopic life forms; their relationship to disease, immunology, agriculture, and industry. Laboratory emphasizes the development of techniques for the detection, isolation, and identification of both harmless and pathogenic species. (L)

Prerequisite(s): BIOL1 or BIOL15

BIOL10 **3 UNITS**

General Biology

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
54 LECTURE HOURS

The science of life for non-science majors. Provides an overview of the world of living organisms including their classification and unifying characteristics. Introduces basic biological processes such as homeostasis, photosynthesis, cellular respiration, DNA function, cellular reproduction, evolution, and ecosystem interactions with an emphasis on the relationship of structure to function and the interrelationships of living organisms. Grades are P/NP option. (L)

Limitation on Enrollment: Not open for credit to students with credit in BIOL10L

BIOL10L **4 UNITS**

General Biology

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
54 LECTURE HOURS
54 LAB HOURS

The science of life for non-science majors. Provides an overview of the world of living organisms including their classification and unifying characteristics. Introduces basic biological processes such as homeostasis, photosynthesis, cellular respiration, DNA function, cellular reproduction, evolution, and ecosystem interactions with an emphasis on the relationship of structure to function and the interrelationships of living organisms. (L)

Limitation on Enrollment: Not open for credit to students with credit in BIOL10L

BIOL11 **1 UNIT**

General Biology Laboratory

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
54 LAB HOURS

Hands-on laboratory study of biology for non-science majors. Exploration of origin, characteristics, regulation, energy utilization, respiration, and interrelationships of living organisms. Grades are P/NP option. (L)

Co-requisite(s): BIOL10

Limitation on Enrollment: Not open for credit to students with credit in BIOL10L

BIOL15 **4 UNITS**

Bioscience

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
54 LECTURE HOURS
54 LAB HOURS

Introduction to the unifying principles of biology, including the chemistry of life, cell structure and function, energy, genetics, evolution, and organismal structure. (L,C) Grades are P/NP option.

BIOL24 **3 UNITS**

Human Biology

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
54 LECTURE HOURS

An introduction to general biology of human beings. Emphasis is placed on the concepts, mechanisms and terminology used in anatomy, physiology and ecology. Topics include cell structure and function, human evolution, anatomy and physiology of the organ systems, genetics, and the human impact on the environment. (L)

BIOL24L**4 UNITS****Human Biology with Laboratory**

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
54 LECTURE HOURS
54 LAB HOURS

An introduction to the general biology of human beings. Emphasis is placed on the concepts, mechanism and terminology used in anatomy, physiology and ecology. Topics include cell structure and function, human evolution, anatomy and physiology of the organ systems, genetics, and the human impact on the environment. The lab portion of the course will provide an introduction to general biology laboratory with an emphasis on humans. Topics include microscopy, cell structure and function, human anatomy and physiology and genetics.

BIOL25**3 UNITS****Human Genetics**

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Designed for non-science majors to provide an understanding of basic principles of genetics, current developments in genetics, and the influence of genes and the environment in determining human characteristics. Grades are P/NP option. (L)

BIOL30**1 UNIT****Emerging Infections and the History of Infections Disease**

TRANSFERABLE TO BOTH CSU/UC
54 LECTURE HOURS

Designed for non-science majors. This course examines current biological threats to societies including emerging and re-emerging diseases (such as AIDS and avian flu) and the release of infectious bio-agents either by terrorists or military organizations. We will also discuss these threats in a historical context by reviewing diseases that have had significant effects on human societies (such as smallpox and polio). The biology of infectious disease and treatment will be covered. (C)

BIOL34**1 UNIT****Active Anatomy**

TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS

Active Anatomy is designed to engage students in the process of learning human anatomy. Students will work collaboratively to learn, review and discover the anatomy of the human body. Students will participate in activities and games to build anatomy knowledge and understanding. Grades are P/NP option. (L)

BIOL35**1 UNIT****Problem Solving in Physiology**

TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS

A companion course to BIOL 5, Human Physiology; appropriate for those wishing additional review in Physiology, preparing for entrance into career training programs, or concurrent with BIOL 5. Lectures, discussions, and case studies are used to explore difficult concepts such as osmolality, nervous system function, acid-base balance, hormonal control, cardiac function, immunity, and many others. Time will also be allowed for consideration of topics chosen by students. (L,C) Grades are P/NP option.

Business and Accounting

ACCOUNTING

ASSOCIATE IN SCIENCE

The Associate of Science Degree in Accounting prepares students for transfer to four year institutions for pre-professional studies in Accounting, Business, Entrepreneurship, Finance, General Business, Marketing, Management and Small Business Management programs. The Accounting program at Yuba College offers a range of courses that prepare students for transfer and further study in Accounting leading to BA, BS, MA, MS and/or Ph.D. degree. Accounting degrees could lead to a career as an Accountant, Accounting Manager, Accounting Officer, Accounting Supervisor, Business Analyst, Certified Public Accountant (CPA), Cost Accountant, General Accountant, Project Accountant or Staff Accountant. The Associate of Science Degree in Accounting prepares students with "job ready skills" that could lead to employment as an Account Clerk, Accounting Assistant, Accounting Associate, Accounting Clerk, Accounting Specialist, Accounting Technician, Accounts Payable Clerk, Accounts Payable Specialist, Accounts Payables Clerk, Accounts Receivable Clerk, Tax Preparer or Bookkeeper. Accordingly, GNBUS 56 (Business Math) and GNBUS 66 (Machine Calculation) classes prepare students with computational, software and office equipment skills necessary for immediate entry into the workforce.

Students who complete this program should be able to:

1. Create accurate, professional, and appropriate accounting documents and reports for the business entity served.
2. Compute financial data using accounting concepts and methods to understand, analyze, and communicate issues in quantitative terms.
3. Analyze accounting data/information in addressing and evaluating problems and issues in making informed business decisions.
4. Demonstrate effective use of technology applicable to the accounting field.

REQUIRED COURSES**UNITS**

ACCT1L	Principles of Accounting - Financial	4.5
ACCT1	Principles of Accounting-Financial	4
ACCT1A	Principles of Accounting - Financial Lab	0.5
ACCT2L	Principles of Accounting-Managerial	5
ACCT3	Computerized Accounting	3
GNBUS10	Introduction To Global Business.....	3
GNBUS18A	Business Law.....	3
GNBUS30	Business Computer Applications.....	3
GNBUS33	Spreadsheet Application.....	3
GNBUS41	Computer Operating Systems	1
GNBUS56	Business Mathematics.....	3
GNBUS66	Machine Calculation	1.5

TOTAL UNITS REQUIRED FOR DEGREE MAJOR**30**

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

ACCOUNTING

CERTIFICATE OF ACHIEVEMENT

Students who complete this program should be able to:

1. Create accurate, professional, and appropriate accounting documents and reports for the business entity served.
2. Compute financial data using accounting concepts and methods to understand, analyze, and communicate issues in quantitative terms.
3. Analyze accounting data/information in addressing and evaluating problems and issues in making informed business decisions.
4. Demonstrate effective use of technology applicable to the accounting field.

REQUIRED COURSES		UNITS
ACCT 3	Computerized Accounting	3
ACCT 10A	General Accounting	4
BCA 15	Business Computer Applications - Beginning	3
GNBUS 56	Business Mathematics.....	3
OA 22	Machine Calculation	1.5
Plus 4 units from the following:		
ACCT 1L	Principles of Accounting - Financial	4.5
ACCT 2L	Principles of Accounting - Managerial.....	5
ACCT 6	Individual Income Taxes-Federal/State.....	4
ACCT 9	Business Payroll Procedures.....	3.5
CWEE 45	Occ. Wrk Experience OR	
INTRN 46	Internship	1-4
GNBUS 10	Introduction to Global Business.....	3
TOTAL UNITS REQUIRED		18.5

ADMINISTRATIVE ASSISTANT

CERTIFICATE OF ACHIEVEMENT

Students who complete this program should be able to:

1. Demonstrate skills to produce business communications and documents.
2. Solve complex business situations through the application of business, mathematical, and technological skill.
3. Analyze both internal and external data/information in addressing and evaluating problems and issues in making informed business decisions.
4. Formulate solutions to business problems using current and emerging computer applications, records management, and standard business procedures.

REQUIRED COURSES		UNITS
OA 15B	Intermediate Keyboarding.....	3
OA 17A	Word Processing I.....	3
OA 17B	Word Processing II.....	3
OA 22	Machine Calculation	1.5
OA 21	Business Communications	3
OA 52	Business English.....	3
OA 53	Filing	1
OA 60	General Office Procedures.....	3
OA 61	Advanced Office Procedures.....	3
TOTAL UNITS REQUIRED		23.5

BUSINESS ADMINISTRATION

ASSOCIATE IN SCIENCE FOR TRANSFER

The Associate in Science in Business Administration for Transfer degree prepares students to transfer to a CSU institution by completing required major preparatory coursework in Business Administration. Students choose from required mandated Core courses (15-18 units) in Accounting, Economics, or Business Law; List A courses (3-4 units) in specific mathematics courses; and List B (6 units) in Business-related courses. The breadth of these specific courses combined with General Education courses prepare students for upper division coursework in Business Administration at a CSU institution.

The Associate in Science in Business Administration for Transfer degree provides students with the opportunity to complete their freshman/sophomore level classes needed for a Bachelor's degree in Business Administration within the California State University System.

The Associate in Science in Business Administration for Transfer requirements (as stated in SB1440 law) requires students to also complete the following:

- A minimum of 18 semester units in the major or area of emphasis as determined by the community college district.
- 60 semester CSU transferable units.
- California State University General Education-Breadth (CSU GE-Breadth) pattern of 39 units; OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern of 37 units.
- Obtainment of a minimum grade point average (GPA) of 2.0.
- Earn a grade of "C" or better in all courses required for the major or area of emphasis.

Students who complete this program should be able to:

1. Demonstrate skills to produce business communications and documents.
2. Solve complex business situations through the application of business, mathematical, and technological skill.
3. Analyze both internal and external data/information in addressing and evaluating problems and issues in making informed business decisions.
4. Formulate solutions to business problems using current and emerging computer applications, records management, and standard business procedures.

REQUIRED COURSES		UNITS
ACCT 1	Principles of Accounting - Financial	4
and		
ACCT 1A	Principles of Accounting - Financial Lab	0.5
ACCT 2L	Principles of Accounting - Managerial.....	5
GNBUS 18A	Business Law	3
ECON 1A	Elementary Economics - Macro	3
ECON 1B	Elementary Economics - Micro.....	3

List A Courses. Choose one (3 units may be GE):

MATH 9	Calculus for Business, Social and Life Sciences	4
STAT 1	Introduction to Statistical Methods	4

List B Courses. Choose two (6 units):

BCA 15	Business Computer Applications - Beg.....	3
GNBUS 10	Introduction to Global Business.....	3
GNBUS 21	Business Communications	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 28.5

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

GENERAL BUSINESS MANAGEMENT

ASSOCIATE IN SCIENCE

Students who complete this program should be able to:

1. Demonstrate skills to produce business communications and documents.
2. Solve complex business situations through the application of business, mathematical, and technological skill.
3. Analyze both internal and external data/information in addressing and evaluating problems and issues in making informed business decisions.
4. Formulate solutions to business problems using current and emerging computer applications, records management, and standard business procedures.

REQUIRED COURSES	UNITS
BCA 15 Business Computer Applications - Beginning	3
GNBUS 10 Introduction to Global Business.....	3
GNBUS 18A Business Law	3
GNBUS 56 Business Mathematics.....	3
ECON 1A Elementary Economics-Macro	3
MGMT 5 Introduction to Supervision OR	3
MGMT 10 Principles of Management	3

Plus 3 units from the following:

ACCT 1L Principles of Accounting - Financial	4.5
ACCT 2L Principles of Accounting - Managerial.....	5
ACCT 6 Individual Income Tax	4
GNBUS 25 Career Planning	3
MGMT 35 Management Psychology	3
OA 52/	
GNBUS 52 Business English.....	3
SPECH 1 Public Speaking OR	
SPECH 6 Group Communication.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 21

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

PERSONNEL MANAGEMENT

ASSOCIATE IN SCIENCE

Students who complete this program should be able to:

1. Demonstrate skills to produce business communications and documents.
2. Solve complex business situations through the application of business, mathematical, and technological skill.
3. Analyze both internal and external data/information in addressing and evaluating problems and issues in making informed business decisions.
4. Formulate solutions to business problems using current and emerging computer applications, records management, and standard business procedures.

REQUIRED COURSES	UNITS
GNBUS 10 Introduction to Global Business.....	3
GNBUS 18A Business Law	3
GNBUS 56 Business Mathematics.....	3
MGMT 5 Introduction to Supervision.....	3
MGMT 10 Principles of Management	3
MGMT 35 Management Psychology	3

Plus 3 units from the following:

BCA 15 Business Computer Applications - Beginning.....	3
OA 52/	
GNBUS 52 Business English	3
PSYCH 1A General Psychology.....	3
SPECH 1 Public Speaking	3
SPECH 6 Group Communication.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 21

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

SMALL BUSINESS MANAGEMENT

ASSOCIATE IN SCIENCE

The Small Business Management Associate in Science Degree is primarily for students who plan to manage a small business or work in a small business environment. The Small Business curriculum provides students with the basic understanding of existing business practices. Students will be able to understand and apply the principles of business ethics, social responsibilities of a business, basic functions of management, and the qualifications required in business management and/or ownership.

Students who complete this program should be able to:

1. Demonstrate skills to produce business communications and documents.
2. Solve complex business situations through the application of business, mathematical, and technological skill.
3. Analyze both internal and external data/information in addressing and evaluating problems and issues in making informed business decisions.
4. Formulate solutions to business problems using current and emerging computer applications, records management, and standard business procedures.

REQUIRED COURSES	UNITS
ACCT 3 Computerized Accounting	3
BCA 15 Business Computer Applications - Beginning.....	3
GNBUS 10 Introduction to Global Business.....	3
GNBUS 18A Business Law.....	3
GNBUS 52/	
OA 52 Business English.....	3
GNBUS 56 Business Mathematics.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 18

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

Additional Recommended Courses:

BCA 33A Introduction to Excel	1
BCA 34 Advanced Excel	1
MGMT 5 Introduction to Supervision.....	3
MGMT 10 Principles of Management	3
MGMT 35 Management Psychology	3

SMALL BUSINESS MANAGEMENT

CERTIFICATE OF ACHIEVEMENT

Students who complete this program should be able to:

1. Demonstrate skills to produce business communications and

(CONT'D FROM PREVIOUS PAGE)

- documents.
- Solve complex business situations through the application of business, mathematical, and technological skill.
 - Analyze both internal and external data/information in addressing and evaluating problems and issues in making informed business decisions.
 - Formulate solutions to business problems using current and emerging computer applications, records management, and standard business procedures.

REQUIRED COURSES	UNITS
BCA 15 Business Computer Applications - Beginning	3
GNBUS 18A Business Law	3
MGMT 5 Introduction to Supervision OR	3
MGMT 10 Principles of Management	3
MGMT 35 Management Psychology	3
Plus 15 units from the following:	
ACCT 1L Principles of Accounting-Financial OR	4.5
ACCT 10A General Accounting	4
GNBUS 10 Intro. to Global Business	3
GNBUS 25 Career Planning	3
GNBUS 56 Business Mathematics	3
OA 52 Business English	3
TOTAL UNITS REQUIRED	27

COURSES

ACCT1 4 UNITS

Principles of Accounting-Financial

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ACCT 110 (ACCT 1 AND ACCT 1A)
72 LECTURE HOURS

This is the study of accounting as an information system, examining why it is important and how it is used by investors, creditors, and others to make decisions. The course covers the accounting information system, including recording and reporting of business transactions with a focus on the accounting cycle, the application of generally accepted accounting principles, the financial statements, and statement analysis. Includes issues relating to asset, liability, and equity valuation, revenue and expense recognition, cash flow, internal controls, and ethics. (L,M,C)

Prerequisite(s): GNBUS30 or GNBUS33
Co-requisite(s): ACCT1A

ACCT1A 0.5 UNITS

Principles of Accounting - Financial Lab

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ACCT 110 (ACCT 1 AND ACCT 1A)
27 LAB HOURS

Laboratory to accompany Principles of Accounting - Financial (ACCT 1). Students use the computer as a tool in solving accounting problems. Includes spreadsheets and computerized accounting system. Each student is required to have some type of storage device to save their files on. (L,M)

Co-requisite(s): ACCT1

ACCT2L 5 UNITS

Principles of Accounting-Managerial

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ACCT 120

72 LECTURE HOURS

54 LAB HOURS

Emphasizes accounting principles and tools used by management in decision-making, planning, directing and controlling operations. Focuses on cost terms and concepts, cost behavior, cost structure and cost-volume-profit analysis. Includes budgetary techniques, issues relating to cost systems, cost control, profit planning, and performance analysis for manufacturing and service environments. Students will utilize computer applications as a tool in preparing and analyzing managerial related accounting reports. (L,M,C)

Prerequisite(s): ACCT10A or ACCT1 or ACCT2L

ACCT3 3 UNITS

Computerized Accounting

TRANSFERABLE TO CSU ONLY
45 LECTURE HOURS
27 LAB HOURS

Computerized accounting using QuickBooks Pro. Basic through intermediate features for small and medium size businesses including banking, sales and customers, purchases and vendors, inventory, reports and graphs. Application of all aspects of accounting cycle.

Prerequisite(s): ACCT1, ACCT1A, ACCT2L, ACCT10A

ACCT6 4 UNITS

Individual Income Taxes-Federal/State

TRANSFERABLE TO CSU ONLY
72 LECTURE HOURS

Individual income tax preparation, forms and computations; business and professional returns; federal and state returns. Individual Income Taxes - Federal/State (ACCT 6) is a CTEC approved course, which fulfills the 60-hour "qualifying education" requirement for tax preparers. A listing of additional requirements to register as a tax preparer may be obtained by contacting CTEC at P.O. Box 2890, Sacramento, CA 95812-2890, toll-free by phone at (877) 850-2832, or on the Internet at www.ctec.org (L,M)

Prerequisite(s): ACCT10A
Non-course Prerequisite(s): prior knowledge of accounting terminology/concepts recommended.

ACCT9 3 UNITS

Business Payroll Procedures

TRANSFERABLE TO CSU ONLY
48 LECTURE HOURS
18 LAB HOURS

Introduction to payroll terminology, procedures, calculations, record-keeping, timelines, percentages, limitations, and laws that relate to maintaining payroll for business firms in California; computerized payroll procedures will also be presented. Prior accounting knowledge is not necessary. (L,M)

ACCT10A 4 UNITS

General Accounting

TRANSFERABLE TO CSU ONLY
72 LECTURE HOURS

Introductory accounting course covering accounting principles and practices, the complete accounting cycle, and creation of financial reports. Use of proper procedures in the General Journal, Special Journals, General Ledger and Subsidiary Ledgers. Includes payroll processes, and proper financial reporting. (L,M)

GENERAL BUSINESS

GNBUS5 **3 UNITS**

Introduction to Supervision

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Introduction to the role of the supervisor and understanding of the basic fundamentals of supervision. A practical course designed for the potential working supervisor. (L)

GNBUS6 **3 UNITS**

Principles of Management

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Managerial and organizational theory and practice; planning, organizing, influencing and controlling. Focusing on the role, functions, and responsibilities of management in a contemporary organization. (L)

Limitation on Enrollment: Not open for credit to students with credit in AG14.

GNBUS7 **3 UNITS**

Entrepreneurship

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Principles of establishing and managing a small business, including the preparation of a business plan; emphasis on goal-setting, types of business organizations, obtaining licenses and permits, financing options, accounting aspects, legal requirements, managing the enterprise, and other aspects in business entrepreneurship. (L,M)

GNBUS8 **3 UNITS**

Human Resource Management

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Foundations for the contemporary theory and practices relating to the management of people, managing human resources within an organization, and basic personnel processes. (L)

GNBUS9 **3 UNITS**

Organizational Management

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Assists students in understanding and applying theories of management and psychology to human behavior in the workplace. Increases awareness of individual and group behaviors, conflict, resolution, and leadership and organizational dynamics. (L)

GNBUS10 **3 UNITS**

Introduction To Global Business

TRANSFERABLE TO BOTH UC AND CSU
C-ID: BUS 110
54 LECTURE HOURS

Survey of the diverse activities of businesses operating in a changing global environment. Examines how culture and customs, global economic systems, technology, legal factors, global business strategies, trade barriers, finance, and human relations interact to affect U.S. business policies and practices. Covers factors that affect a business' ability to achieve its organizational goals and competitive advantage including entrepreneurship, organizational

design and structure, leadership, human resource management and practices, communications, leadership and innovation, marketing and consumer behavior, e-business, legal issues, accounting, financial management and investing options. (L)

GNBUS18A **3 UNITS**

Business Law

C-ID: BUS125
TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Law and its relationship to business. Laws and regulations affecting managerial decisions. Dispute resolution, torts, contracts, government regulations and other area of commercial law explored through case analysis. Other legal concepts explored include ethics, employment, consumer transactions, competition, the environment, agency, and business organizations. (L)

GNBUS21 **3 UNITS**

Business Communications

C-ID: BUS115
TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Application of principles of ethical and effective communication to the creation of letters, memos, e-mails, and written and oral reports for a variety of business situations. Development and refinement of written and oral business communication skills including planning, composing, editing, and revising business documents using word processing software for written documents and presentation software to create and deliver professional oral reports. This course is designed for students who already have college-level writing skills.

Prerequisite(s): ENGL1A

Entrance Skills: Word processing and keyboard skill, no handwritten work is accepted.

Limitation on Enrollment: Not open for credit to students with credit in OA21.

GNBUS30 **3 UNITS**

Business Computer Applications

TRANSFERABLE TO CSU ONLY
45 LECTURE HOURS
27 LAB HOURS

Develop beginning to intermediate skills using computer office applications. Basic features of word processing, spreadsheet, and presentation software are covered. Hands-on activities will focus on creating simple, integrated documents for business, personal and academic purposes. Typing skills are advised. (L,M)

GNBUS32 **3 UNITS**

Word Processing Applications

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

Basic and advanced features of word processing. Topics include creating, editing, and saving documents; file management; basic text, paragraph, and page formatting; page numbering; printing options; tables and columns; advanced formatting, chart forms, graphics, borders, shading, drawing, macros, sort, and merge features. Grades are P/NP option. (L)

GNBUS33 **3 UNITS**

Spreadsheet Application

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

Learn features of spreadsheet software applications using the interface, working with text labels, values, formulas, functions, editing and formatting. Spreadsheets designed for decision-making, creating charts, list and data management. Includes advanced formatting options, financial functions, 3-D formulas, and other advanced functions. Hands-on coursework that focuses on business, academic and personal applications. (L,M,C)

GNBUS34 **1 UNIT**

Presentation Application

TRANSFERABLE TO CSU ONLY
12 LECTURE HOURS
18 LAB HOURS

Learn the basics of presentation application software and more: create presentations, add visuals, include elements and data from other sources, modify master slides and timings. Customize, prepare for distribution and deliver presentations. Familiarity with keyboard recommended. Grades are P/NP option.

GNBUS37 **1 UNIT**

Introduction To Database Applications

TRANSFERABLE TO CSU ONLY
12 LECTURE HOURS
18 LAB HOURS

Use database applications to develop simple to complex databases in an operating system environment. Design databases, sort and filter records, create input forms and custom-formatted reports. (L,M,C) Grades are P/NP option.

GNBUS41 **1 UNIT**

Computer Operating Systems

TRANSFERABLE TO CSU ONLY
12 LECTURE HOURS
18 LAB HOURS

Gain a comprehensive understanding of computer operating systems, including the new features of the operating system. Focuses on daily tasks such as creating and organizing files, customizing the workspace, fine-tuning performance, maintaining and protecting your computer. Additional topics include using the internet, basic e-mail skills, performing searches and networking. Students are challenged to apply what they learn to real-life tasks, preparing them to easily transfer skills to new situations. (L,M)

GNBUS42 **3 UNITS**

Internet Literacy and Safety

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Exposes students to a wide range of topics related to the Internet. Students will learn how to perform basic searches, work with email, manage and tune the web browser, and make the Internet a practical and functional part of everyday life. Designed to ease the fears of the novice and enhance the ability of the intermediate user. (L)

GNBUS48 **3 UNITS**

Business Ethics

54 LECTURE HOURS

This course will provide an overview of the ethical standards pertaining to the purpose of corporations and the appropriate responsibility of their managers, accountants, and human resources. Students will learn to question critically, analyze using the IRAC method of analysis, challenge ethical and moral standards, and apply compromise to business and professional behavior.

Prerequisite(s): ENGL1A**GNBUS49** **3 UNITS**

Introduction to Health Care Systems

54 LECTURE HOURS

This course will provide an overview of the United States healthcare system from historical, organizational, financial, and administrative perspectives. This course will analyze current health issues, such as cost, access, technology, current laws, ethics, and quality of care.

GNBUS52 **3 UNITS**

Business English

54 LECTURE HOURS

A review of English grammar with applications for written and oral business communications. (L)

Limitation on Enrollment: Not open for credit to students with credit in OA52.**GNBUS53** **3 UNITS**

Records Management

45 LECTURE HOURS
27 LAB HOURS

This course introduces students to the increasingly complex field of records management. The class emphasizes the importance of effective records management for all types of documents from their creation or receipt, through their processing, distribution, organization, storage, and retrieval, to their ultimate disposition. Students will investigate the management functions necessary to operate a records management program effectively. (L,C)

GNBUS55A **3 UNITS**

Beginning Keyboarding

36 LECTURE HOURS
54 LAB HOURS

Acquire beginning level keyboarding skills and document formatting. (L,C) Grades are P/NP option.

Limitation on Enrollment: Not open for credit to students with credit in OA15A-1, OA15A-2, and OA15A3.

GNBUS55B **3 UNITS**

Intermediate Keyboarding

36 LECTURE HOURS
54 LAB HOURS

Refinement of basic keyboarding and document formatting skills to more advanced speed and accuracy levels. (L,C)

Prerequisite(s): OA 15A**Non-course Prerequisite(s):** AND ability to key at 30 net words a minute.**Limitation on Enrollment:** Not open for credit to students with credit in OA15B-1, OA15B-2, and OA15B-3.**GNBUS56** **3 UNITS**

Business Mathematics

54 LECTURE HOURS

Math for accounting, management, real estate and marketing. Topics include: payroll, inventory controls, trade and cash discounts, simple and compound interest, present value, annuities and sinking funds, discounting of notes, buying and selling of mutual funds and stocks, depreciation, financial statements and real estate loans. (L,M,C)

GNBUS60 **3 UNITS**

General Office Procedures

54 LECTURE HOURS

Skills and procedures necessary in an automated office. Office information systems, including technology and procedures, telecommunications, information processing, mail and phone systems, time management, public relations, human relations skills, and ethics. (L,M) Grades are P/NP option.

Prerequisite(s): GNBUS55A**Limitation on Enrollment:** Not open for credit to students with credit in OA60.**GNBUS61** **3 UNITS**

Advanced Office Procedures

54 LECTURE HOURS

Develop and apply advanced level of principles, knowledge, and skills necessary for the proper operation of the automated office. Emphasis is placed on higher level administrative assistant skills such as analysis, communication, decision-making, and supervision principles. (L,M)

Prerequisite(s): GNBUS55A, GNBUS560**GNBUS63** **3 UNITS**

Legal Office Procedures

36 LECTURE HOURS
54 LAB HOURS

This class explores the legal office environment, current legal office procedures, and preparation of legal documents using up-to-date office technology. (L,M,C)

Entrance Skills: GNBUS32 and GNBUS15A are recommended.**GNBUS64** **3 UNITS**

Medical Word Processing

36 LECTURE HOURS
54 LAB HOURS

Medical document editing, utilizing partial speech recognition

documentation/voice processing and transcription from physician dictation. Course work will encompass general medical/surgical fields and specialties such as OB-GYN, pediatrics, orthopedics, and cardiovascular medicine. (L,C)

Prerequisite: GNBUS32 and GNBUS52**GNBUS65** **3 UNITS**

Medical Office Procedures

36 LECTURE HOURS
54 LAB HOURS

Students will learn the role of a front office administrative assistant by mastering medical office duties and becoming proficient in the creation and maintenance of medical records. (L,M,C)

Prerequisite(s): GNBUS55A**GNBUS66** **1.5 UNITS**

Machine Calculation

18 LECTURE HOURS
27 LAB HOURS

Skill development in the operation of the electronic display and printing calculators. Functions include: addition, subtraction, multiplication, division, memory, percentages, and interest calculations to solve typical business problems. Speed and accuracy by touch method emphasized. (L,M) Grades are P/NP option.

CHEMISTRY

CHEMISTRY

ASSOCIATE IN SCIENCE

The Associate of Science Degree in Chemistry is designed to prepare students for transfer to four-year colleges or universities. The Degree is designed for pre-professional studies in medical and dental programs. The program of study may also meet course requirements for Bachelor's of Science Degrees with emphasis in environmental chemistry, forensic science and pharmaceutical chemistry. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

Students who complete this program should be able to:

1. Recognize and implement chemical symbolism, notation, nomenclature and vocabulary.
2. Perform chemistry calculations and demonstrate quantitative reasoning.
3. Apply chemistry concepts; demonstrate inductive reasoning.
4. Conduct chemistry laboratory operations and demonstrate manual skills.

REQUIRED COURSES

	UNITS
CHEM 1A General Chemistry.....	5
CHEM 1B General Chemistry.....	5
CHEM 18A Organic Chemistry for Health & Life Sciences I.....	4
CHEM 18B Organic Chemistry for Health & Life Sciences II.....	4
MATH 1A Single Variable Calculus - Early Transcendentals.....	4
MATH 1B Single Variable Calculus - Early Transcendentals.....	4

(CONT'D FROM PREVIOUS PAGE)

Plus the following:

PHYS 2A	General Physics	3
PHYS 3A	General Physics Lab.....	1
PHYS 2B	General Physics.....	3
PHYS 3B	General Physics Lab.....	1
OR		
PHYS 4A	Mechanics.....	4
PHYS 4B	Electromagnetism	4

TOTAL UNITS REQUIRED FOR DEGREE MAJOR	34
--	-----------

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

CHEMISTRY

ASSOCIATE IN SCIENCE FOR TRANSFER

The Associate in Science in Chemistry for Transfer is designed for students who wish to transfer into the California State University (CSU) system to complete a Bachelor's Degree in Chemistry.

Pursuant to SB 1440, students completing an AS-T degree are guaranteed admission to the CSU system, but not to a particular campus or major. The AS-T Degree in Chemistry will offer the knowledge and ability to be successful in the completion of Bachelor's Degree in Chemistry and may help prepare you for Bachelor's Degrees in biochemistry and a variety of science or engineering related fields. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a Bachelor's Degree. This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. In all cases, students should check with a counselor for more information on university admission and transfer requirements.

To earn the AS-T degree in Chemistry, students must meet the following requirements:

- Completion of the major requirements with grades of C or better;
- Completion of 60 units of CSU transferable courses with a minimum of 2.0 GPA (please check with a counselor for more information; some majors or CSUs may require a higher GPA);
- Verified completion of either the California State University General Education Breadth pattern (CSU GE) or the Intersegmental General Education Transfer Curriculum (IGETC) (please check with a counselor for more information).

Students earning this degree are not required to satisfy the Yuba College Associate Degree requirements of Health Education/Physical Education nor Multicultural Studies.

Students who complete this program should be able to:

1. Recognize and implement chemical symbolism, notation, nomenclature and vocabulary.
2. Perform chemistry calculations and demonstrate quantitative reasoning.
3. Sort and apply chemical data and information; demonstrate deductive reasoning.
4. Apply chemistry concepts; demonstrate inductive reasoning.
5. Conduct chemistry laboratory operations and demonstrate manual skills.

REQUIRED COURSES		UNITS
CHEM 1A	General Chemistry.....	5
CHEM 1B	General Chemistry.....	5
CHEM 18A	Organic Chemistry for Health & Life Sciences I.....	4
CHEM 18B	Organic Chemistry for Health & Life Sciences II.....	4
PHYS 4A	Mechanics.....	4
PHYS 4B	Electromagnetism	4
MATH 1A	Single Variable Calculus - Early Transcendentals.....	4
MATH 1B	Single Variable Calculus - Early Transcendentals.....	4

TOTAL UNITS REQUIRED FOR DEGREE MAJOR	34
--	-----------

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

COURSES

CHEM1A	5 UNITS
---------------	----------------

General Chemistry

TRANSFERABLE TO BOTH UC AND CSU
C-ID: CHEM 110; CHEM 120S (CHEM 1A & CHEM 1B)
54 LECTURE HOURS
108 LAB HOURS

Students will explore the fundamental principles of inorganic chemistry including the nomenclature of inorganic compounds, chemical formulas, equations and reactions; stoichiometry; structure of atoms, ions, and molecules and the periodic table; oxidation-reduction and acid-base reactions; gas laws; thermochemistry and equilibrium. Laboratory techniques in the investigation of these chemical systems will be extensively developed, including experiments utilizing calorimetry to determine the enthalpy change associated with physical and chemical processes, fundamental gas laws analyzing pressure, volume, and temperature relationships, and acid-base chemistry utilizing titration analysis. (L,M)

Prerequisite(s): CHEM2A, MATH52

Non-course Prerequisite(s): High school chemistry with a grade of C or better AND a passing score on the Chemistry Assessment Examination.

CHEM1B	5 UNITS
---------------	----------------

General Chemistry

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
C-ID: CHEM 120S (CHEM 1A & CHEM 1B)
54 LECTURE HOURS
108 LAB HOURS

Continuation of the exploration and application of the fundamental principles of chemistry developed in CHEM 1A. Topics include intermolecular forces, solutions, colligative properties, kinetics; further aspects of equilibrium including acid-base and solubility equilibrium, thermodynamics, electrochemistry, descriptive chemistry, and qualitative analysis; coordination chemistry; nuclear chemistry and an introduction to organic chemistry. Laboratory techniques in the investigation of these chemical systems will be extensively developed. (L,M)

Prerequisite(s): CHEM1A

CHEM2A	5 UNITS
---------------	----------------

Introductory Chemistry I

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
C-ID: CHEM 101
54 LECTURE HOURS
108 LAB HOURS

Introduction to fundamental principles of inorganic chemistry;

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

structure and bonding, nomenclature, chemical equations and reactions, stoichiometry, acids, bases, and chemical equilibrium, redox, gases, solutions, and nuclear chemistry. (L,M)

Prerequisite(s): MATH101, MATH101B

CHEM2B**4 UNITS**

Introductory Chemistry II

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT

C-ID: CHEM 102

54 LECTURE HOURS

54 LAB HOURS

Introduction to fundamental concepts of organic and biochemistry. Topics of instruction include (1)structure, nomenclature, and reactions of some organic compounds and drugs, (2)stereochemistry, (3) structure and metabolism of carbohydrates, lipids, proteins, enzyme activity and inhibition, nucleic acids and DNA, and (4)bioenergetics. Completion of this course along with CHEM 2A is designed to satisfy the requirements of those allied-health career programs which require two semesters of chemistry. (L,M)

Prerequisite(s): CHEM1A or CHEM2A

CHEM10**3 UNITS**

Concepts of Chemistry

TRANSFERABLE TO BOTH UC AND CSU

54 LECTURE HOURS

A survey of basic concepts of chemistry. Designed for non-science majors desiring an introduction to fundamental chemistry concepts and skills. Not intended for students who will enroll in subsequent chemistry coursework. (L)

CHEM18A**4 UNITS**

Organic Chemistry for Health and Life Sciences

TRANSFERABLE TO BOTH UC AND CSU

C-ID: CHEM 150; CHEM 160S (CHEM 18A & CHEM 18B)

54 LECTURE HOURS

54 LAB HOURS

The first semester of a one-year course in organic chemistry designed for students planning professional school studies in health and life sciences. A rigorous, in-depth presentation of basic principles with emphasis on reaction mechanisms, multi-step synthesis, stereochemistry and spectroscopy and preparation and reactions of nonaromatic hydrocarbons, haloalkanes, reactions of alkenes and alkynes, alcohols, ethers and organometallic compounds. Reactions include SN1, SN2, E1 and E2.

Prerequisite(s): CHEM1B

CHEM18B**4 UNITS**

Organic Chemistry for Health and Life Sciences

TRANSFERABLE TO BOTH UC AND CSU

C-ID: CHEM 160S (CHEM 18A & CHEM 18B)

54 LECTURE HOURS

54 LAB HOURS

A continuation of CHEM 18A. Designed for students planning professional school studies in health and life sciences with emphasis on reactions of aromatic hydrocarbons; aldehydes and ketones; the preparation, reactions and identification of carboxylic acids and their derivatives; alkyl and acyl amines; B-dicarbonyl compounds; and various classes of naturally occurring, biologically important compounds.

Prerequisite(s): CHEM18A

COMPUTER SCIENCE

COMPUTER SCIENCE

ASSOCIATE IN SCIENCE

The AS degree program in computer science is designed for students transferring to a four-year educational institute. The study of Computer science provides the theoretical foundations of computation application design and information processing combined with skills needed for system design implementation. Courses Course work covers programming fundamentals, data structures, discrete mathematics and computer architecture.

Computer Science is a broad field of study with an almost unlimited variety of technical career opportunities in the areas of research, design, technical system, and network applications. The Associate of Science degree in Computer Science prepares students for transfer to a four year institution as well as vocational training skills necessary for productivity in multiple computer disciplines.

Students who complete this program should be able to:

1. Use appropriate mathematical and OOP (object oriented programming) concepts and methods to understand, analyze, and communicate issues in quantitative terms.
2. Clearly and effectively communicate concepts applied to mathematica and OOP (object oriented programming) topic requirements.
3. Analyze data/information in addressing and evaluating problems and issues in making decisions as applied to mathematical and OOP (object oriented programming) topic requirements. This SLO applies to issues pertaining to server/desktop design and migration to mobile device technology.

REQUIRED COURSES

	UNITS
COMSC 9A C++ Programming and.....	4
COMSC 9B Data Structures or.....	4
COMSC 11 Advanced C++ Programming	3

Plus 12 units from the following:

COMSC 2 Computer Assembly Language	3
COMSC 5 Introduction to UNIX Operating System	3
COMSC 6 BASIC Programming.....	3
COMSC 7 Intro. to Visual Basic Programming	3
COMSC 8 Digital Logic Fundamentals	3
COMSC 9B Data Structures	4
COMSC 10L Computer Literacy.....	3
COMSC 11 Advanced C++ Programming	3
COMSC 12 JAVA Programming.....	3
COMSC 15 Discrete Structures for Computer Science.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR

19-20

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

Recommended Courses for Degree:

STAT 1 Introduction to Statistical Methods	4
MATH 1A Single Variable Calculus - Early Transcendentals	4
MATH 1B Single Variable Calculus - Early Transcendentals	4
MATH 25 Finite Math.....	3

COMPUTER SCIENCE

ASSOCIATE IN SCIENCE FOR TRANSFER

The Computer Science AS-T degree curriculum focuses on computer architecture and object oriented programming fundamentals including algorithm design, problem analysis, system design, and testing. The Computer Science AS-T degree targets four-year university transfer students interested in software system design and programming as well as those students seeking marketable programming skills aimed towards real-world application and innovation.

Computer Science is a broad field of study with an almost unlimited variety of technical career opportunities in the areas of research, design, technical systems, and network applications. The Computer Science department serves four-year transfer students and those students seeking professional or vocational training. Trained professionals are in high demand due to proficient skills in analytical analysis, problem solving, and critical thinking. Computer Science students typically transfer to four-year universities to complete a Bachelor of Science degree in Computer Science or related fields.

The following is required for the Associate in Science in Computer for Transfer Degree (pursuant to SB1440, section 66746):

1. Completion of minimum 29 semester units in the major as detailed in the program section of the catalog for Computer Science. All courses in the major must be completed with a grade of "C" or better.
2. Completion of 60 CSU-transferable semester units.
3. California State University General Education - Breadth (CSU GE-Breadth) pattern 39 units; OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern of 37 units.
4. Obtainment of a minimum grade point average (GPA) of 2.0.
5. Earn a grade of "C" or better in all courses required for the major or area of emphasis.

Students should consult a counselor for more information on university admission and transfer requirements.

Students who complete this program should be able to:

1. Demonstrate analysis, specification, design, implementation, and testing skills resulting in quality computer software solutions. Students will use data structures, algorithms, programming languages, and software engineering techniques to implement significant programming projects.
2. Demonstrate the ability to analyze relevant data, and critically evaluate object oriented programming design and data structures.
3. Clearly and effectively communicate program designs and demonstrate the ability to create presentations appropriate to presented materials. Students will organize and communicate design ideas showing consistent use of appropriate code and design format.

REQUIRED COURSES	UNITS
COMSC 9A C++ Programming OR	4
COMSC 12 JAVA Programming	3
COMSC 9B Data Structures	4
COMSC 2 Computer Assembly Language	3
COMSC 15 Discrete Structures for Computer Science.....	3
MATH 1A Single Variable Calculus - Early Transcendentals.....	4
MATH 1B Single Variable Calculus - Early Transcendentals	4
PHYS 4A Mechanics.....	4
PHYS 4B Electromagnetism	4
TOTAL UNITS REQUIRED FOR DEGREE MAJOR	29-30

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

COMPUTER SCIENCE CERTIFICATE OF ACHIEVEMENT

The Certificate of Achievement in computer science provides students with fundamental skills in software engineering, information processing, and application design necessary to for entry level positions as application programmers and skilled users for scientific and business industry.

Students who complete this program should be able to:

1. Use appropriate mathematical and OOP (object oriented programming) concepts and methods to understand, analyze, and communicate issues in quantitative terms.
2. Clearly and effectively communicate concepts applied to mathematical and OOP (object oriented programming) topic requirements.
3. Analyze data/information in addressing and evaluating problems and issues in making decisions as applied to mathematical and OOP (object oriented programming) topic requirements. This SLO applies to issues pertaining to server/desktop design and migration to mobile device technology.

REQUIRED COURSES	UNITS
COMSC 9A C++ Programming.....	4

Plus 15 units from the following:

COMSC 2 Computer Assembly Language	3
COMSC5 Introduction to UNIX Operating System	3
COMSC 6 Basic Language Programming	3
COMSC 7 Intro. to Visual Basic Programming	3
COMSC9B Data Structures.....	4
COMSC 10L Computer Literacy.....	3
COMSC 11 Advanced C++ Programming	3
COMSC 12 JAVA Programming.....	3
COMSC 15 Discrete Structures for Computer Science.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR	19
--	-----------

COURSES

COMSC2	3 UNITS
---------------	----------------

Computer Assembly Language

TRANSFERABLE TO BOTH UC AND CSU

C-ID: COMP 142

36 LECTURE HOURS

54 LAB HOURS

Basic operating principles and structure of digital computers including addressing mode, stack manipulation, interrupt processing, fixed and floating point formats, subroutines, features of assemblers, directives, symbol tables, and macros. Programs are written using typical operating systems and machine language for typical modern processors. (L,M,C) Grades are P/NP option.

COMSC5 **3 UNITS**

Introduction to UNIX Operating System

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

Comprehensive introduction to the UNIX operating system. Topics to include system programming and management covering file protection, directory control, and vi. Creation of make files and source code control concepts. Use of operating system calls and dynamic memory allocation. System libraries, relocation, and linking concepts including handling of symbol tables. I/O redirection, network utilities, managing processes, pipes, regular expressions, and shell programming. Grades are P/NP option.

Prerequisite(s): COMSC9A**COMSC6** **3 UNITS**

Basic Language Programming

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Introduction to programming using object-orientated programming techniques, including problem solving, algorithm development, coding solutions, program life cycle, and source code maintenance. (L,M)

COMSC7 **3 UNITS**

Introduction To Visual Basic Programming

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Introduction to event-driven programming in the Windows environment using Microsoft Visual BASIC.Net. Intended for those with prior experience or course work in at least one formal programming language. Includes objects, properties, user interface, forms, event procedures, custom controls, graphics, data access, report creation, and debugging methods. (L,M)

COMSC8 **4 UNITS**

Digital Logic Fundamentals

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS
54 LAB HOURS

Properties of switching algebra. Minimization of algebraic function using Karnaugh maps and DeMorgan's theorem. Design of combinational logic networks. Design of sequential logic devices including flip-flops, registers, and counters. Analysis and applications of digital devices. Analysis and design of synchronous and asynchronous sequential state machines, state table derivation and reduction. Use of HDL compilers, schematic capture, TTL circuit implementation, and logic simulations tools. Logic design implementation using PLD, FPGA, and TTL. Grades are P/NP option.

Prerequisite(s): COMSC9A and MATH52 or MATH52B**COMSC9A** **4 UNITS**

C++ Programming

TRANSFERABLE TO BOTH UC AND CSU
C-ID: COMP 122
54 LECTURE HOURS
54 LAB HOURS

Introduction to the C++ programming language. Emphasis on structured programming methods, object-oriented design, and structured data types. The programming cycle from problem solving to debugging is emphasized. (L,M)

COMSC9B **4 UNITS**

Data Structures

TRANSFERABLE TO BOTH UC AND CSU
C-ID: COMP 132
54 LECTURE HOURS
54 LAB HOURS

A continuation of Computer Science 9A using Object Oriented Programming techniques. An introduction to abstract data types, algorithm analysis, data structures including lists, hash tables, trees, and graphs. Required for Computer Science majors. (L,M)

Prerequisite(s): COMSC9A**COMSC10L** **3 UNITS**

Computer Literacy

TRANSFERABLE TO BOTH UC AND CSU
36 LECTURE HOURS
54 LAB HOURS

Introduction to the computer and its applications. A survey of the history of computers, hardware, software, social aspects and problem-solving techniques. Hands-on microcomputer object-oriented programming will be examined. Grades are P/NP option. (L)

Other: Course is Open Entry/Open Exit**COMSC11** **3 UNITS**

Advanced C++ Programming

TRANSFERABLE TO BOTH UC AND CSU
36 LECTURE HOURS
54 LAB HOURS

Topics in object-oriented programming using the C++ programming language, including C++ programming techniques, streaming input/output, dynamic memory allocation, classes and data abstraction, operator overloading, inheritance, and polymorphism. (L,M)

Prerequisite(s): COMSC9A**COMSC12** **3 UNITS**

Java Programming

TRANSFERABLE TO BOTH UC AND CSU
C-ID: COMP 122
54 LECTURE HOURS

Introduction to Java Programming. Intended for those with prior experience or coursework in at least one formal programming language, preferably C or C++. Topics include: Java and HTML, Applet user interfaces, graphics and multimedia, objects, classes and methods, input and output and IO streaming, networking, threads, packages, the Java AWT and API. (L,M)

COMSC15 **3 UNITS**

Discrete Structures for Computer Science

TRANSFERABLE TO BOTH UC AND CSU
C-ID: COMP 152
36 LECTURE HOURS
54 LAB HOURS

Introduction to the essential discrete structures for computer science with applications. Topics include: proof techniques, counting rules, elementary formal logic and set theory, functions, recursive analysis, digital logic and combinatorial circuits, real number representation, regular expressions, and finite automata. Grades are P/NP option.

Prerequisite(s): MATH20 and COMSC9A or COMSC12

COMSC20

3 UNITS

Beginning Web Publishing With HTML

TRANSFERABLE TO CSU ONLY

36 LECTURE HOURS

54 LAB HOURS

Fundamentals of web publishing using HTML, covering design, writing, and maintenance of webpages. Emphasis on real-life informational and interactive presentation to include testing, revising and maintenance of web presentation on the World Wide Web. (C)

Other: Course is Open Entry/Open Exit

Cooperative Work Experience

COURSES

CWEE44A

V0.5-6 UNITS

1st Semester General Work Experience

TRANSFERABLE TO CSU ONLY

450 LAB HOURS

Coordination of introductory on-the-job learning with college experience to develop desirable work habits, attitudes, and career awareness through supervised paid employment or volunteer experience that is not directly related to the student's specific career path and college major. Students enrolling in this class are not eligible for other Cooperative Work Experience Education (CWEE) or Internship (INTRN) classes during the same semester.

CWEE44B

V0.5-6 UNITS

2nd Semester General Work Experience

TRANSFERABLE TO CSU ONLY

30 LAB HOURS

Coordination of intermediate on-the-job learning with college experience to develop desirable work habits, attitudes, and career awareness that is progressive from the first semester. This learning experience requires supervised paid employment or volunteer experience that is not directly related to the student's specific career path and college major. Students may enroll in 1-6 units. Students may not exceed sixteen (16) units in the combination of CWEE and INTRN classes.

Prerequisite(s): CWEE44A

CWEE44C

V0.5-6 UNITS

3rd Semester General Work Experience

TRANSFERABLE TO CSU ONLY

30 LAB HOURS

Coordination of intermediate on-the-job learning with college experience to develop desirable work habits, attitudes, and career awareness that is progressive from the first and second semesters. This learning experience requires supervised paid employment or volunteer experience that is not directly related to the student's specific career path and college major. Students may enroll in 1-6 units.

Prerequisite(s): CWEE44B

CWEE44D

V0.5-6 UNITS

4th Semester General Work Experience

TRANSFERABLE TO CSU ONLY

30 LAB HOURS

Coordination of advanced on-the-job learning with college experience to develop desirable work habits, attitudes, and career awareness that is progressive beyond the first through third semester. This learning experience requires supervised paid employment or volunteer experience that is not directly related to the student's specific career path and college major. Students may enroll in 1-6 units.

Prerequisite(s): CWEE44C

Counseling

COURSES

COUNS10

3 UNITS

College Success

TRANSFERABLE TO BOTH UC AND CSU

54 LECTURE HOURS

Study skills and knowledge necessary for college success including time management, memory techniques, note taking, reading skills, test taking skills, critical thinking, writing, learning, diversity, communication skills, career planning, assessment, use of technology and other resources. (L)

COUNS22

1 UNIT

Peer Advising Seminar

TRANSFERABLE TO CSU ONLY

36 LECTURE HOURS

Designed for Peer Advisors. Methods of working with students from a wide variety of backgrounds, with the emphasis on individualized assistance to help in all areas of counseling; orientation to materials and resources; development of interpersonal skills. Grades are P/NP option.

COUNS25

3 UNITS

Career Planning and Development

TRANSFERABLE TO CSU ONLY

54 LECTURE HOURS

Survey of techniques of career exploration and selection. In the context of a study of the changes that occur during a typical life span, each student will construct a personal profile of current and projected interests, aptitudes, skills, values, personality, and life and personal circumstances. (L)

Limitations on Enrollment: Course not open for credit to students with credit in GNBUS25.

COUNS30**2 UNITS****Transfer Preparation****TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS**

Preparation for a successful transfer experience to a university; emphasis on understanding the UC and CSU systems, private university systems in California, and out-of-state colleges and universities. Students will evaluate and choose universities based on research about degrees offered, geographic location, transfer requirements, the application process, housing, financial aid, scholarship and support services. (L)

COUNS33**3 UNITS****Personal and Social Adjustment****TRANSFERABLE TO BOTH UC AND CSU
C-ID: PSY 115
54 LECTURE HOURS**

This course is designed with an applied focus for students interested in how psychology is used in everyday life and is related to other social sciences. This course surveys different psychological perspectives and theoretical foundations and how these are applied across a person's life taking into account the influence of factors such as culture, gender, ethnicity, historical cohort and socioeconomic status. A broad understanding of how scientists, clinicians and practitioners study and apply psychology is emphasized.

COUNS35**1 UNIT****College Study Skills****TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS**

Improvement of study skills including reading comprehension, note taking, time management, and test taking strategies. Grades are P/NP. (L)

COUNS45**1 UNIT****Career College Planning****TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS**

Designed to assist the student in the decision-making process as it relates to maximizing potential in career, education, and personal development. Contact Counseling Department to schedule an appointment within one week after adding class. Grades are P/NP. (L)

COUNS52**1 UNIT****Pre-Employment Skills Training****18 LECTURE HOURS**

Exploration of various skills and methods vital to obtaining and retaining employment, including: Developing Positive Attitudes, Writing Resumes, and Interviewing Techniques. Grades are P/NP option. (L)

for transfer but is of the associate degree level. On the transcript, theCo course will be shown with a regular department prefix, viz Art 97, followed by a title.

Course "98"

Independent Studies, 98 A-B-C-D v1-3 units

These courses are used whenever circumstances warrant offering courses not yet part of an established curriculum. For example, media courses which are offered as Independent Studies requiring prior approval by the Chancellor's Office. Other Independent Studies courses may originate from the needs and curiosities of groups of students and faculty to study areas of mutual interest and concern. Media courses will be developed by the Instructional Services Division/or the Northern California Telecommunications Consortium. Students and faculty may identify areas of interest not taught in other courses to: (1 unit) Describe problems within identifiable areas of interest; (2 units) use procedures likely to develop further knowledge; (3 units) develop ways of acting on basis of new knowledge; and (4 units) use integrated approach to solution of problems.'

Course "99"

Special Project, 99**1 unit**

When special circumstances warrant offering a special course to the individual student in a particular area, an instructor, with approval, may register a student in an individual Special Projects course which will be identified by the name of the department, the course number of "99", and the title "Special Projects." Registration in the course involves signing a contract under which the student and instructor agree upon the accomplishment which must be demonstrated by the student in order to receive credit, and which is approved by the cognizant Dean.

CULINARY ARTS

CULINARY ARTS**ASSOCIATE IN SCIENCE**

This associate degree is intended to provide students with the skills and abilities necessary to obtain employment in the growing restaurant and hospitality industry. Students that earn the degree have the ability to secure employment from restaurants, hotels, casinos, bakeries and other food service establishments. The students will learn: food safety and handling, recipe conversions, knife skills, cooking methods and techniques, menu creation and costing, basic baking methods, general restaurant management procedures and the soft skills necessary to be successful in the industry.

Course "97"

Experimental Topics**v.5-3 units**

Exploration of selected topics in a subject area. Procedures for implementing the course involve cooperative planning by instructor, Dean, and Vice President of Instruction. Course "97" is not intended

(CONT'D FROM PREVIOUS PAGE)

Students who complete this program should be able to:

1. Understand and demonstrate the ability to clean, organize and sanitize according to industry standards in food handling, and restaurant service.
2. Understand and utilize the appropriate cooking methods and techniques according to industry standards.
3. Demonstrate professionalism in appearance, teamwork and promptness.
4. Understand and be able to create an employee handbook according to industry standards.
5. Understand and be able to calculate beverage pour cost to industry standards.

TOTAL UNITS REQUIRED	21.5

COURSES

CUL51A **3 UNITS**

Basic Food Preparation

18 LECTURE HOURS
108 LAB HOURS

Basic Food Preparation: Modern cooking techniques (including sauce making, meat cutting, lunch and dinner entrée preparation), knife skills, operation of food service equipment and tools, history of culinary arts development, safety and sanitation, and recipe development.

Other: Course is Open Entry/Open Exit

CUL51B **3 UNITS**

Advanced Food Preparation

18 LECTURE HOURS
108 LAB HOURS

Advanced modern restaurant cooking methods, such as Garde Manger, French stock and sauce making, advanced principles of meat cookery, advanced meat and seafood fabrication and identification, mise en place practices, and advanced vegetable and starch identification and cookery. Advanced knife skills developed. Culinary tools such as wok station, induction cooking and steam cooking are also used. (L,M)

Prerequisite(s): CUL51A

CUL52A **3 UNITS**

Professional Baking

18 LECTURE HOURS
108 LAB HOURS

Modern baking techniques including, cake baking and decorating, French pastry, bread and dessert development techniques. Preparation takes place in an approved industry standard kitchen.

CUL52B **3 UNITS**

Advanced Baking

18 LECTURE HOURS
108 LAB HOURS

Modern advanced baking techniques and methods including sugar and chocolate work, advanced decorating, advanced icing, French pastry and dessert making, artisan bread making and savory baked items. Also recipe costing and creating will be a theme throughout the course.

Prerequisite(s): CUL52A

CUL54 **0.5 UNITS**

Food Sanitation, Safety, and Storage

9 LECTURE HOURS

Preparation for the ServSafe Certification course and examination. The ServSafe program trains both managers and employees to guard against food borne illnesses. Meets the State of California (Cambell Bill) requirement for Certified Food Handler. Grades are P/ NP option. (L)

Other: Course is Open Entry/Open Exit

CUL59A 4 UNITS**Basic Restaurant Operations****18 LECTURE HOURS**
162 LAB HOURS

Set-up and operations of the campus restaurant, including planning, preparing, cooking, and serving food in the student-operated restaurant.

CUL59B 4 UNITS**Advanced Restaurant Operations****18 LECTURE HOURS**
162 LAB HOURS

Set-up and management of the campus restaurant including scheduling, marketing, inventory, menu planning, and costing.

Prerequisite(s): CUL59A, CUL60**CUL60** 2 UNITS**Advanced Foods and Catering****18 LECTURE HOURS**
54 LAB HOURS

Plan, prepare, and serve several large and small catered events during the semester. M

CUL61 1 UNIT**Introductory Purchasing for Food Service and Hospitality****18 LECTURE HOURS**

Supervisory control procedures, receiving, costing, inventory and storeroom, employee access and maintenance of records for food service and hospitality professionals.

CUL64 2 UNITS**Beverage Control and Operation****36 LECTURE HOURS**

Regulations, licensing procedures, purchasing, inventory and cost control for bar and restaurant management. Emphasis on bar setup, service methods, and beverage merchandising. (L,M)

Other: Course is Open Entry/Open Exit**CUL65** 2 UNITS**Food Service Operation and Management****36 LECTURE HOURS**

Nature and importance of food service management, including general management principles, personnel principles and customer relations. This includes business plan development and presentation.

Drafting

COURSES

DRAFT20 3 UNITS**Blueprint and Specifications Reading****TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS

This is a beginning blueprint reading class for the student in the metal and mechanics trade. Basic visualization and drawing concepts including orthographic projection, detailing, sketching and communication skills that are needed for employment are developed in the class. Introduction to CAD Modeling.

DRAFT30 3 UNITS**Technical Drawing With CAD****TRANSFERABLE TO CSU ONLY**
36 LECTURE HOURS
54 LAB HOURS

Fundamental technical drafting practices and documentation for part fabrication drawing. Drafting conventions and standards applied to orthographic, section, auxiliary views, isometric and oblique projection will be covered in addition to basic CAD object creation and editing and freehand sketching. ASME Y14.xM standards are emphasized. CAD software will be used to complete the applied laboratory exercises. (C)

Early Childhood Education

EARLY CHILDHOOD EDUCATION

ASSOCIATE IN SCIENCE

The Associate in Science in Early Childhood Education (ECE) is designed for students desiring an occupational or transfer course of study, providing more depth than the ECE transfer degree (ADT). This occupational course of study prepares students to work with children from birth through age eight in a variety of settings.

Students who complete this program should be able to:

1. Graduate from ECE with a clear understanding of developmentally and culturally appropriate practices and what it means to successfully work with children, families, and the community in an early care and education setting. Students seeking a baccalaureate in a similar discipline in Early Childhood Education or Child Development will successfully complete the transfer process to a four year institution.
2. Proficiently design developmentally appropriate curriculum, and demonstrate effective implementation using intentional teaching methods that scaffold children's co-construction of knowledge through exploration, risk-taking, reflection, and the respectful inclusion and support of individual life experiences.

(CONT'D FROM PREVIOUS PAGE)

- Build partnerships with local, national and international resource organizations in order to advocate effectively for the needs of children and families and to grow in professional skills.
- Promote higher levels of child learning through the use of intentional teaching methods that support the unique development of every child.

REQUIRED COURSES		UNITS
ECE 1A	Principles and Practices of Teaching Youth	3
ECE 1B	Introduction to Curriculum	3
ECE 3	Child Growth and Development.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR		30

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

EARLY CHILDHOOD EDUCATION

ASSOCIATE IN SCIENCE FOR TRANSFER

The Associate in Science in Early Childhood Education for Transfer degree provides the opportunity for students to complete their freshman/sophomore level classes needed for a Bachelor's degree in ECE with the California State University System.

To earn this AS-T degree, students must meet the following Associate Degree for Transfer requirements (pursuant to SB1440 law):

- Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University.
- The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education Breadth Requirements.
- A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
- Obtainment of a minimum grade point average of 2.0.
- Earn a grade of "C" or better in all courses required for the major or area of emphasis. Note that all courses required for the major are CSU transferable and can count towards the 60 units and the GE-Breadth or IGETC requirements.

Students who complete this program should be able to:

- Graduate from ECE with a clear understanding of developmentally and culturally appropriate practices and what it means to successfully work with children, families, and the community in an early care and education setting. Students seeking a baccalaureate in a similar discipline in Early Childhood Education or Child Development will successfully complete the transfer process to a four year institution.
- Proficiently design developmentally appropriate curriculum, and demonstrate effective implementation using intentional teaching methods that scaffold children's co-construction of knowledge

through exploration, risk-taking, reflection, and the respectful inclusion and support of individual life experiences.

- Build partnerships with local, national and international resource organizations in order to advocate effectively for the needs of children and families and to grow in professional skills.
- Promote higher levels of child learning through the use of intentional teaching methods that support the unique development of every child.

ECE 3	Child Growth and Development.....	3
ECE 10	Health, Safety and Nutrition.....	3
ECE 11	Observation and Assessment	3
ECE 27	Teaching in a Diverse Society	3
ECE 31	Child, Family, Community	3
ECE 46	Practicum-Field Experience-Preschool	3
TOTAL UNITS REQUIRED FOR DEGREE MAJOR		24

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

Director of Private Day Care Center/Preschool Options

Requires 15 postsecondary units, the same 12 units as listed in above, plus ECE 2A Administration of Children's Center. Other requirements for the director include:

- High school graduation or GED, and at least four years of teaching in a licensed child care or comparable group child care program; or
- Associate degree with a major or emphasis in early childhood education or child development and at least two years of teaching experience in a licensed child care center; or
- Bachelor's degree with a major or emphasis in early childhood education or child development and at least one year of teaching experience in a licensed child care center.

To apply for a license to operate private day care center, write to: State of California Health/Welfare Agency, Department of Social Services, Community Care Licensing.

CHILD DEVELOPMENT TEACHER CERTIFICATE OF ACHIEVEMENT

This certificate will prepare students to work in the early education and child care field, focusing on preschool age children, including California State funded and Head Start programs. After completion of this certificate (along with additional requirements listed in the note below), students may apply for the Child Development Teacher Permit issued by the Commission on Teaching Credentialing.

Note: In addition, requirements for the Child Development Teacher Permit include 16 diversified units with at least one course in each of the following General Education (graduation requirements) areas: Humanities, Social Science, Mathematics or Natural Science, and English 1A. In addition, 175 days (3 or more hours per day) of experience working with children in a child care or preschool setting, is required. Renewals are issued for five-years with verification of 105 hours of professional development.

These programs are required to possess the California Child Development (Teacher) Permit issued by Commission on Teacher

(CONT'D FROM PREVIOUS PAGE)

Credentialing. After completing required course work of 40 total units and 175 days of experience, apply for the permit at local county schools office.

Students who complete this program should be able to:

1. Demonstrate the skills needed in order to enter the ECE workforce as a Preschool Teacher in a Title 5 Program.
2. Demonstrate their ability to identify the theories and practices of the social, emotional, creative, cognitive and physical development of young children.
3. Compare and contrast the skills necessary in working with and supporting families, diversity and program practices.
4. Demonstrate an awareness of and evaluate important factors in planning in childcare facilities and the ethical issues involved in working with young children.

ECE 27 Teaching in a Diverse Society	3
ECE 31 Child, Family, and Community.....	3
ECE 46 Practicum-Field Exp-Preschool	3
TOTAL UNITS IN MAJOR REQUIRED	30

Note on Permit through Credentialing: After completing required course work of 40 total units (24 ECE and 16 GE) and 175 days of 3 or more hours per day of experience, you may apply for the California Child Development (Teacher) Permit issued by Commission on Teacher Credentialing through your local County Office of Education. Please see the Child Development Permit Matrix for required course work.

ECE Specialization Certificates of Achievement:

These individual Certificates of Achievement can be used as ECE Specializations when combined with the Child Development Certificate of Achievement and ECE 37 (The Mentor Teacher) when applying for the Child Development Master Teacher Permit issued by Commission on Teacher Credentialing. For the Master Teacher Permit 350 days of 3 or more hours per day of experience is required. Apply for the permit at your local County Office of Education.

CHILD DEVELOPMENT ASSOCIATE TEACHER CERTIFICATE OF TRAINING

The Early Childhood Education Certificate of Training prepares those entering the field of Early Childhood Education, entry level skills in a private preschool or daycare program. This certificate meets the academic requirements for the Associate Teacher level on the California Department of Education Child Development Permit Matrix. In order to obtain this Permit, you must also complete 50 days of experience at 3+ hours a day within 2 years and apply through the County Office of Education.

Students who complete this program should be able to:

1. Exhibit cultural competence through the development of intentional practices with respect to diversity and the inclusion of all children, families, staff, and communities
2. Proficiently design developmentally appropriate curriculum, and demonstrate effective implementation using international teaching methods that scaffolds childrens co-construction of

knowledge through exploration, risk-taking, reflection, and the respectful inclusion and support of individual life experience.

3. Promote higher levels of child learning through the use of international teaching methods that support the unique development of every child.
4. Use understanding of cognitive development and apply it to their roles as curious, confident, life-long constructors of knowledge.

REQUIRED COURSES	UNITS
ECE 1A Principles and Practices of Teaching Young Children	3

TOTAL UNITS REQUIRED	12

ARTS SPECIALIZATION CERTIFICATE OF ACHIEVEMENT

This certificate will prepare students to work in the child care field, focusing on an Arts Specialization for California State funded and Head Start programs. This Certificate of Achievement can be used as an ECE Specialization when combined with the Child Development Certificate of Achievement and ECE 37 (Adult Supervision). Students can then apply for the Child Development Master Teacher Permit issued by the Commission on Teaching Credentialing. For the Master Teacher Permit, 350 days of 3 or more hours per day of experience is required.

Students who complete this program should be able to:

1. Recognize the importance of early childhood as a unique time in children's development that requires specialized developmentally appropriate activities, routines, interactions, and guidance
2. Plan and implement an arts curriculum based on a blend of routine caregiving and play/exploration activities
3. Learn and practice professional ethics, personal and social responsibility, and effective team membership in their work as child care professionals.

TOTAL UNITS REQUIRED **30**

SITE SUPERVISOR

CERTIFICATE OF ACHIEVEMENT

This Certificate of Achievement is required to possess the California Child Development (Site Supervisor) Permit issued by the Commission on Teacher Credentialing. After completing required course work of 60 total units (including 24 ECE and 16 GE) and 350 days of 3 or more hours per day of experience within 4 years, including at least 100 days of supervising adults, you may apply for the California Child Development (Site Supervisor) Permit issued by Commission on Teacher Credentialing through your local County Office of Education. Please see the Child Development Permit Matrix for required course work.

1. Students who complete this program should be able to:
 1. Proficiently design developmentally appropriate curriculum, and demonstrate effective implementation using intentional teaching methods that scaffold children's co-construction of knowledge through exploration, risk-taking, reflection, and the respectful inclusion and support of individual life experiences.

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

- Build partnerships with local, national and international resource organizations in order to advocate effectively for the needs of children and families and to grow in professional skills.
- Promote higher levels of child learning through the use of intentional teaching methods that support the unique development of every child.

TOTAL UNITS REQUIRED 32

TEACHER/FAMILY RELATIONSHIPS SPECIALIZATION

CERTIFICATE OF ACHIEVEMENT

This certificate will prepare students to work in the child care field, focusing on working with children and families, including California State funded and Head Start programs. This certificate will prepare the students to specialize in work with the families of young children, including work as a home visitor, family advocate and family service plan coordinator. This Certificate of Achievement can be used as an ECE Specialization when combined with the Child Development Certificate of Achievement. Students can then apply for the Child Development Master Teacher Permit issued by the Commission on Teaching Credentialing. For the Master Teacher Permit, 350 days of 3 or more hours per day of experience is also required.

Students who complete this program should be able to:

- Demonstrate effective program practices to successfully implement culturally appropriate practices in working with families in an early childhood classroom.
- Demonstrate communication strategies in order to develop effective Teacher/Family partnerships with families that benefit the child enrolled in an early childhood program.
- Demonstrate knowledge and understanding of the challenges facing the diverse families of the children in their community.

TOTAL UNITS REQUIRED 32

TRANSITIONAL KINDERGARTEN AND EARLY EDUCATION

CERTIFICATE OF ACHIEVEMENT

The Transitional Kindergarten (TK) and Early Education Certificate of Achievement will fulfill the Early Childhood Education/Child Development units required for the newly passed law based on Transitional Kindergarten Senate Bill 837. The law states that a credential (or preliminary credentialed) teacher must have 24 units of early childhood education/child development to teach transitional kindergarten in a California school district. This certificate will provide preliminary and credentialed K-8 teachers the units that cover the knowledge, skills, and strategies to teach effectively in a transitional kindergarten classroom. This certificate will also provide the coursework recommended for those planning to work with children in transitional kindergarten through 3rd grade classroom settings.

Students who complete this program should be able to:

- Recognize the importance of early childhood as a unique time in children's development that requires specialized developmentally appropriate activities, routines, interactions, and guidance
- Plan and implement a curriculum based on a blend of routine caregiving and play/exploration activities
- Learn and practice professional ethics, personal and social responsibility, and effective team membership in their work as child care professionals.

ECE 31 Child, Family, Community	3

TOTAL UNITS REQUIRED 24

COURSES

ECE1A 3 UNITS

Principles and Practices of Teaching Young Children

TRANSFERABLE TO CSU ONLY
C-ID: ECE 120
54 LECTURE HOURS

An examination of the underlying theoretical principles of developmentally appropriate practices applied to programs, environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative and intellectual development for all children. This course includes a review of the historical roots of early childhood programs and the evolution of the professional practices promoting advocacy, ethics and professional identity. (L)

ECE1B **3 UNITS****Introduction to Curriculum****TRANSFERABLE TO CSU ONLY****C-ID: ECE 130****54 LECTURE HOURS**

This course presents an overview of knowledge and skills related to providing appropriate curriculum and environments for young children from birth to age six. Students will examine teacher's role in supporting development and fostering the joy of learning for all young children using observation and assessment strategies emphasizing the essential role of play. An overview of content areas will include but not be limited to: Language and literacy, social and emotional learning, sensory learning, art and creativity, math and science. (L)

Prerequisite(s): ECE1A, ECE3**ECE1C** **3 UNITS****Positive Social Development Young Child****TRANSFERABLE TO CSU ONLY****54 LECTURE HOURS**

Designed to help teachers and caregivers of young children to establish relationships with children and apply principles of behavior management. Basic principles include helping young children develop positive self-esteem, enter into group play, form friendships and learn prosocial behavior. (L)

ECE2A **3 UNITS****Administration I: Programs in Early Childhood Education****TRANSFERABLE TO CSU ONLY****54 LECTURE HOURS**

Introduction to the administration of early childhood programs. Covers program types, budget, management, regulations, laws, development and implementation of policies and procedures. Examines administrative tools, philosophies, and techniques needed to organize, open, and operate an early care and education program.

ECE2B **3 UNITS****Administration of Children's Centers****TRANSFERABLE TO CSU ONLY****54 LECTURE HOURS**

This course examines administrative skills, knowledge and techniques needed for effective supervision to organize, manage and operate a child development center. This includes staff development and staff relations. There will be an emphasis on the role of program director, site supervisor or owner while studying management theory, budget, personnel policies, procedures, regulatory laws, working with families and professional ethics and growth.

ECE3 **3 UNITS****Child Growth and Development****TRANSFERABLE TO BOTH UC AND CSU****C-ID: CDEV 100****54 LECTURE HOURS**

This course examines the major physical, psychosocial, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. There will be an emphasis on interactions between maturational processes and environmental factors. While studying developmental theory and investigative research methodologies, students will observe children, evaluate individual differences and analyze characteristics of development at various stages. Designed as a foundation course for careers in ECE, Education, Human Services, Health and related fields. (L)

ECE5 **1 UNIT****Physical Activities for Young Children****TRANSFERABLE TO CSU ONLY****18 LECTURE HOURS**

Designed to give adults working with preschool and school-age children a variety of hands-on activities useful in creating stimulating outdoor environments. Students will practice using equipment like bean bags and hula hoops, as well as becoming familiar with games from diverse ethnic groups. (L)

Limitations on Enrollment: Course not open for credit for students with credit in PE5.**ECE6** **3 UNITS****Early Childhood Language Development****TRANSFERABLE TO CSU ONLY****54 LECTURE HOURS**

Language development and influences in early childhood including theories of language acquisition, interrelatedness of growth, stages of development, and appropriate curriculum for enhancing speaking, listening, pre-reading, and pre-writing skills.

ECE7A **3 UNITS****Creative Materials****TRANSFERABLE TO CSU ONLY****45 LECTURE HOURS****27 LAB HOURS**

Creative activities for young children (2-8 years old) including the planning and implementation of painting, drawing, printmaking, weaving, stitchery, batik, collage, sculpture, puppet-making, and modeling materials. (L)

Limitations on Enrollment: Course not open for credit for students with credit in ART7 or ART7A.**ECE8** **1 UNIT****Children's Nutrition****TRANSFERABLE TO CSU ONLY****18 LECTURE HOURS**

Basic concepts of nutrition and health issues with emphasis on nutritional needs of young children as well as planning and implementing good nutrition programs for young children birth through eight-years-old.

ECE9 **1 UNIT**

Children's Cooking Activities

TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS

Process of cooking as it relates to the developmentally oriented early childhood curriculum; cooking activities that promote language acquisition, cognitive development, psycho-motor skills, and social and emotional growth. Includes the importance of good nutrition education and how to prepare nutritious snacks and simple meals. Grades are P/NP option. (L)

ECE10 **3 UNITS**

Health, Safety, and Nutrition

TRANSFERABLE TO CSU ONLY
C-ID: ECE 220
54 LECTURE HOURS

Introduction to the laws, regulations, standards, policies and procedures and early childhood curriculum related to child health, safety, and nutrition. The key components that ensure physical health, mental health, and safety for both children and staff will be identified along with the importance of collaboration with families and health professionals. Focus on integrating the concepts into everyday planning and program development for all children. (L)

ECE11 **3 UNITS**

Observation and Assessment

TRANSFERABLE TO CSU ONLY
C-ID: ECE 200
54 LECTURE HOURS

This course will introduce the appropriate use of assessment and observation tools and strategies to document young children's development and learning. The use of findings to inform and plan learning environments and experiences will be emphasized. Recording strategies, rating systems, portfolios, and multiple assessment tools will be discussed, along with strategies for collaboration with families and professionals. (L)

ECE12 **1 UNIT**

Science for Young Children

TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS

Designed to provide teachers and caregivers of young children with principles of appropriate science curriculum. Emphasis on informal science experiences and the cognitive connections made by young children as they observe, manipulate, process and communicate. Classroom organization and management, readily found materials and connections with other curriculum areas are also included.

ECE13 **1 UNIT**

Piaget's Learning Theory Applications

TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS

Overview of Piaget's theory of cognitive development and practice in relating theory to the development of games and activities for the preschool and primary classroom.

ECE14 **3 UNITS**

The School Age Child

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Developmental characteristics and needs of the 5 - 12 year old child at home or in a group care setting; includes developmental stages, program environment, developmentally appropriate curriculum, activities and materials, meeting the needs of families, classroom management, communication techniques, administrative requirements, skills, and characteristics of caregivers. (L)

ECE16 **3 UNITS**

Preschool Music Activities

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Provides a foundation for musical experiences to involve young children in music by developing listening skills, movement, singing, playing an instrument, and incorporating the three basic elements of rhythm, melody, and harmony. Students build a resource file and create developmentally appropriate lesson plans that include music activities for transitions and cultural diversity. Introduces a variety of instruments appropriate for young children. (L)

ECE17 **3 UNITS**

The Exceptional Child

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Focuses on identification of children with special needs, resource and referral, full inclusion, activities and teaching strategies within the classroom setting. Typical and exceptional development, family partnerships, the IEP (individual education plan), and IFSP (individual family service plan) and approaches to environment, behavior, and planning are topics for individual and group study. (L)

ECE18 **3 UNITS**

Curriculum and Strategies for Children with Special Needs

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Covers curriculum and intervention strategies for working with children with special needs in partnership with their families. Focuses on the use of observation and assessment in meeting the individualized needs of children in inclusive and natural environments. Includes the role of the teacher as a professional working with families, collaboration with interdisciplinary teams, and cultural competence. (L)

ECE22 **1 UNIT**

Developing Number Concepts

TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS

This course focuses on ways adults can help make mathematical concepts meaningful to preschool and kindergarten children rather than emphasizing counting and number recognition. Students will explore and construct various games and activities for the early childhood classroom and home. Grades are P/NP option. (L,M)

ECE25 **3 UNITS**

Group Experiences in Outdoor Environment

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Developing creative outdoor learning environments including playgrounds, activities and cooperative games. Circle time or daily planned group experiences will also be explored and developed through integrated, thematic instruction. (L)

ECE27 **3 UNITS**

Teaching in a Diverse Society

TRANSFERABLE TO CSU ONLY
C-ID: ECE 230
54 LECTURE HOURS

Examination of the development of social identities in diverse societies including theoretical and practical implications of oppression and privilege as they apply to young children, families, programs, classrooms and teaching. Various classroom strategies will be explored emphasizing culturally and linguistically appropriate anti-bias approaches supporting all children in becoming competent members of a diverse society. Course includes self-examination and reflection on issues related to social identity, stereotypes and bias, social and educational access, media and schooling. (L)

ECE31 **3 UNITS**

Child, Family, Community

TRANSFERABLE TO BOTH UC AND CSU
C-ID: CDEV 110
54 LECTURE HOURS

An examination of the developing child in a societal context focusing on the interrelationship of family, school and community and emphasizes historical and socio-cultural factors. The processes of socialization and identity development will be highlighted, showing the importance of respectful, reciprocal relationships that support and empower families. (L)

Limitations on Enrollment: Course not open for credit for students with credit in FCS31.

ECE32 **3 UNITS**

Parenting

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Techniques and advice encouraging a positive parenting style and effective child-rearing procedures, interaction patterns and levels of communication between family members and care givers.

ECE35 **3 UNITS**

Parents as Partners in ECE

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

An in-depth study of the relationship between parents, teachers and children in the education process. Topics include communication skills necessary for parent-teacher conferences, increasing parent volunteer involvement, family life, families with special needs, leadership and advocacy. Intended for experienced teachers. (L)

ECE37 **2 UNITS**

Adult Supervision

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS

Methods and principles of supervising student teachers in the ECE classrooms. Emphasis is on the role of experienced classroom teachers who function as mentors to new teachers while simultaneously addressing the needs of children, parents, and other staff. Satisfies adult supervision requirements for the State Department of Social Services. (L)

ECE39 **3 UNITS**

Children's Literature

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

An introduction to children's literature: history, elements, and types of books of interest to children from birth through twelve years old. Students will read, share, and evaluate classical, cultural, and award-winning books. Methods of selecting and evaluating books will be applied. (L)

ECE42 **3 UNITS**

Infant/Toddler Development

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

A study of infants and toddlers from pre-conception to age three including physical, cognitive, language, social, and emotional growth and development. Applies theoretical frameworks to interpret behavior and interactions between heredity and environment. Emphasizes the role of family and relationships in development. (L)

ECE43 **3 UNITS**

Care and Education for Infants and Toddlers

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Study of current theory and research to the care and education of infants and toddlers in group settings. Emphasis will be placed on the essential policies, principles and practices that lead to quality care and developmentally appropriate curriculum for children birth to 36 months. (L)

ECE46 **3 UNITS**

Practicum-Field Experience-Preschool

TRANSFERABLE TO CSU ONLY
C-ID: ECE 210
18 LECTURE HOURS
108 LAB HOURS

A demonstration of developmentally appropriate early childhood teaching competencies under guided supervision. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, and assessment; and knowledge of curriculum content areas will be emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning for all young children. (L)

Prerequisite(s): ECE1A, ECE1B, ECE3, ECE31

ECE46A 3 UNITS

Practicum - Field Experience Infant/Toddler**TRANSFERABLE TO CSU ONLY****C-ID: ECE 210****18 LECTURE HOURS****108 LAB HOURS**

A demonstration of developmentally appropriate early childhood teaching competencies under guided supervision. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, and assessment and knowledge of curriculum content areas will be emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning for Infants and Toddlers. (L)

Prerequisite(s): ECE1A, ECE1B, ECE3, ECE31, ECE33

ECE46B 3 UNITS

Practicum - Field Experience - School Age Children**TRANSFERABLE TO CSU ONLY****C-ID: ECE 210****18 LECTURE HOURS****108 LAB HOURS**

A demonstration of developmentally appropriate early childhood teaching competencies under guided supervision. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, and assessment and knowledge of curriculum content areas will be emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning for all school age children. (L)

Prerequisite(s): ECE1A, ECE1B, ECE3, ECE14, ECE31

ECE46C 3 UNITS

Practicum - Field Experience - Children With Special Needs**TRANSFERABLE TO CSU ONLY****C-ID: ECE 210****18 LECTURE HOURS****108 LAB HOURS**

A demonstration of developmentally appropriate early childhood teaching competencies under guided supervision. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, and assessment and knowledge of curriculum content areas will be emphasized as student teachers design, implement and evaluate experiences that promote positive development and learning for all young children, with emphasis on children with special needs. (L)

Prerequisite(s): ECE1A, ECE1B, ECE3, ECE17, ECE31

ECE75 0.5 UNITS

Play: Key to Positive Growth**9 LECTURE HOURS**

Play as a learning medium; cognitive, social/emotional, and physical factors directly involved in play and child growth. Multiple theories of play and development will be studied and analyzed. Grades are P/NP option. (L)

ECE83 1 UNIT

Techniques of Story Telling**18 LECTURE HOURS**

Methods of effective story-telling, including classroom use and ways to develop stories. Students will produce at least one story. Grades are P/NP option. (L)

ECE210 0.5 UNITS

California Child Care Health Safety Course**9 LECTURE HOURS**

Designed to meet the requirements of Assembly Bill 962. Subject matter relates to child day care and is appropriate for anyone dealing with children on a regular basis where knowledge of CPR, Pediatric First Aid, and Health and Safety training may be needed. Satisfies all requirements of the American Red Cross California Childcare Course. Grades are P/NP option. (L)

Ecology

COURSES

ECOL10 3 UNITS

Environment-Concepts and Issues**TRANSFERABLE TO BOTH UC AND CSU****54 LECTURE HOURS**

The course presents fundamental physical, chemical, and biological principles in examining how natural ecosystems function and how human actions affect natural ecosystems. Emphasis is placed on the role of science in determining causes and in contributing sustainable solutions to local and global environmental problems. Topics include ecological principles, biodiversity, climate change, sustainability, renewable and non-renewable energy, water resources, air and water pollution, and solid waste management. M,C

ECOL11 1 UNIT

Environment Lab**TRANSFERABLE TO BOTH UC AND CSU****54 LAB HOURS**

Laboratory and field studies demonstrating the systematic study of both the biological and physical components of ecosystems, especially as seen in local organisms and ecosystems. Grades are P/NP option. (L,M,C)

Co-requisite(s): ECOL10

ECOL12

3 UNITS

Marine Ecology

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

An introduction to the physical marine environment, marine life, and the interactions between the two. Course also includes a study of human impact upon the the marine environment. (L)

Economics

COURSES

ECON1A

3 UNITS

Elementary Economics-Macro

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ECON 202
54 LECTURE HOURS

An introduction to macroeconomic concepts and principles of economic analysis. Topics include: foundations of economic life, national income and employment, financial systems, business cycles, money and banking, monetary and fiscal policy, economic growth and stability, public finance, international trade and the position of the U.S. within the context of the global economy, World Trade Organization policies, International Monetary Fund, World Bank structure, and global agricultural subsidies. (L)

Prerequisite(s): MATH101

ECON1B

3 UNITS

Elementary Economics-Micro

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ECON 201
54 LECTURE HOURS

An introduction to Microeconomic concepts, principles, scarcity problems and policies. Theories include: equilibrium price, supply and demand, elasticity, marginal utility, cost and revenue concepts, market structure, labor economics, comparative economic systems and pricing the factors of production. Students learn to use economic principles to analyze the economic challenges facing the individual and business organization. (L)

Prerequisite(s): MATH101 or MATH101B

Non-course Prerequisite(s): or qualifying score on the mathematics placement test.

Education

COURSES

EDUC1

3 UNITS

Introduction To Teaching With Field Experience

TRANSFERABLE TO BOTH UC AND CSU
C-ID: EDUC 200
36 LECTURE HOURS
54 LAB HOURS

This course introduces students to the concepts and issues related to teaching diverse learners in today's contemporary schools, Kindergarten through Grade 12 (K-12). Topics include teaching as a profession and career, historical and philosophical foundations of the American education system, contemporary educational issues, California's content standards and frameworks, and teacher performance standards. In addition to class time, the course requires a minimum of 45 hours of structured fieldwork in public school elementary classrooms that represent California's diverse student population, and includes cooperation with at least one carefully selected and campus-approved certificated classroom teacher. (L)

EDUC20

1 UNIT

Tutoring Seminar

TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS

Tutor training involving the role and function of tutoring, the phases through which each tutoring session should progress, the behaviors of tutors and tutees during tutoring activities and the principal strategies by which the business of teaching and learning is handled in tutorials. (L)

Emergency Medical Technician

EMT-1

CERTIFICATE OF TRAINING

The Emergency Medical Technician class prepares students to take the certification examination as an EMT-1 and meet State EMT-1 training standards. In addition, the class provides for review and updating of information and skills necessary for recognition and pre-hospital care of medical emergencies, satisfying State EMT-1 Refresher requirements.

Students who complete this program should be able to:

1. Explain and apply the overall roles and responsibilities of an EMT in performing both emergency medical care and operational aspects of the job.
2. Demonstrate an ability to evaluate patients and apply all emergency treatment procedures, short of those rendered by physicians.
3. Demonstrate an ability to use and maintain all equipment and instruments required to accomplish his/her job as an EMT.
4. Demonstrate knowledge of anatomy, physiology, and pathophysiology of sudden illness or injury; and of the mechanics of injury for patient evaluation.

REQUIRED COURSE	UNITS
EMT 61 Emergency Medical Technician 1.....	7

COURSES

EMT61 **7 UNITS**

Emergency Medical Technician

112 LECTURE HOURS
58 LAB HOURS

The EMT program is a comprehensive curriculum that provides knowledge and critical thinking skills necessary to provide Emergency Medical Care in a pre-hospital environment. Academic rigor encompasses legal and moral aspects, scene safety, primary and secondary patient assessments, intervention and stabilization skills, proper use of emergency medical equipment, awareness of blood-borne pathogens and communicable diseases, recognizing signs and symptoms, and pathophysiology of medical emergencies and traumatic injuries. Practical skills training includes hands-on skills training and interactive simulations. This course meets EMT curriculum requirements of the California Code of Regulations Title 22, the California EMS Authority and the National Registry of Emergency Medical Technicians (NREMT). Upon successful completion, students are eligible to take the National Registry EMT certifying examination and qualify for a California State EMT certification. (L)

Prerequisite(s): EMT510

EMT252 **1 UNIT**

EMT-I Refresher

16 LECTURE HOURS
8 LAB HOURS

Designed to provide the student with review, up-date information, and skills assessment necessary for pre-hospital care of medical and traumatic emergencies. Includes AED instruction. Satisfies National Registry instruction and State requirements for EMT-1 refresher certification. (L)

Prerequisite(s): EMT61 or FIRC64

Non-course Prerequisite(s): or current certification as EMT-I or Current CPR Certification for Healthcare Provider or Professional Rescuer

EMT510 **0 UNITS**

Health Care Provider CPR

The American Heart Association's new basic life support course includes science and education from the 2015 Guidelines Update for CPR and ECC. This course teaches both single-rescuer and team basic life support skills for application in both prehospital and in-facility environments, with a focus on high-quality CPR and team dynamics.

Engineering

COURSES

ENGR6 **3 UNITS**

Computational Problem Solving for Engineers

TRANSFERABLE TO BOTH UC AND CSU
36 LECTURE HOURS
54 LAB HOURS

This course focuses on numerical methods with computer application programs such as MATLAB and EXCEL to solve problems in engineering and science. Programming in MATLAB is a key skill developed in this course. Problems and applications from applied math, electrical circuits, biology, and other engineering and science fields are used. Grades are P/NP option.

Prerequisite(s): MATH1A

ENGR10 **3 UNITS**

Introduction to Engineering & Science

TRANSFERABLE TO BOTH UC AND CSU
36 LECTURE HOURS
54 LAB HOURS

Exploration of the Science, Technology, Engineering and Mathematics (STEM) fields, particularly engineering, for both the decided engineering/STEM majors and others who may be curious about engineering. This course will provide the student with added college success skills which will improve his/her chances of succeeding in a technical field such as engineering. The course surveys the contemporary role of STEM professions in society, the engineering approach to problem solving, the design process, and ethics/responsibilities of engineers and scientists. The course offers a variety of hands-on activities and interactive laboratories. (L,M)

ENGR17

3 UNITS

Circuits for Engineers

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

This course covers introductory laws and theorems of electrical circuits; DC circuit analysis; natural and forced response analysis of first and second-order systems; and solutions using differential equations. Steady-state AC analysis covers the use of phasors, AC power calculations, power transfer, and energy concepts. Introduction is given to circuit devices and systems including resistors, capacitors, inductors, dependent sources, operational amplifiers, switches, transfer functions and frequency-selective circuits. (L,M)

Prerequisite(s): PHYS4B

ENGR17L

1 UNIT

Circuits Laboratory for Engineers

TRANSFERABLE TO BOTH UC AND CSU
54 LAB HOURS

Electronic and electrical experiments to reinforce the principles taught in Engineering 17. Grades are P/NP option. (L,M)

Co-requisite(s): ENGR17

ENGR35

3 UNITS

Statics

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

This is a first course in mechanics as used in engineering - with emphasis on force systems and equilibrium conditions in two and three dimensions including moments, couples and resultants. Engineering problems concerning structures, machines, centers of gravity, moments of inertia, distributed forces, internal forces, friction and methods of virtual work are covered. Trigonometric and vector methods are used in this course. Understanding and application of the concepts to engineering problems is a key component of this course. Optional topics include cable systems and Mohr's circle. (L,M)

Prerequisite(s): PHYS4A**Co-requisite(s):** MATH1C

ENGR45

4 UNITS

Properties of Materials

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS
54 LAB HOURS

An introductory course in properties of materials used in engineering; emphasis on the theory underlying the behavior of engineering materials. Includes a face-to-face laboratory component covering the testing of metals, polymers, composites, wood, and other materials. (L,M)

Prerequisite(s): CHEM1A, PHYS4A

English

ENGLISH

ASSOCIATE IN ARTS

Students who complete this program should be able to:

1. Make effective rhetorical choices based on an accurate analysis of rhetorical context.
2. Analyze and interpret works from different historical and cultural traditions using appropriate conventions of literary analysis.
3. Apply reading strategies in order to critically analyze texts.
4. Gather, evaluate, and effectively integrate research materials.

REQUIRED COURSES

	UNITS
ENGL 1A College Composition and Reading.....	4
ENGL 1B Critical Thinking and Writing About Literature.....	3
ENGL 30A Introduction to American Literature I OR	
ENGL 30B Introduction to American Literature II.....	3
ENGL 46A Intro to English Literature I OR	
ENGL 46B Intro to English Literature II.....	3

Plus 6 units from the following:

ENGL 1C, 22, 23, 30A, 30B, 31A, 31B, 36, 37, 39, 42, 43, 44, 46A or 46B	6
---	---

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 19

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

ENGLISH

ASSOCIATE IN ARTS FOR TRANSFER

The Associate in Arts in English for Transfer degree gives students a broad based background in writing, literature, and language analysis. It prepares students for the further study of English or a related field at a four-year school. As such, a bachelor's degree in English is a good gateway towards a career in teaching, law, technical writing, creative writing, editing/publishing, marketing, and any occupation requiring clear communication skills

Students who complete this program should be able to:

1. Make effective rhetorical choices based on an accurate analysis of rhetorical context.
2. Analyze and interpret works from different historical and cultural traditions using appropriate conventions of literary analysis.
3. Apply reading strategies in order to critically analyze texts.
4. Gather, evaluate, and effectively integrate research materials.

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 18

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

COURSES

ENGL1A 4 UNITS

College Composition and Reading

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
C-ID: ENGL 100; ENGL110
72 LECTURE HOURS

An introductory course offering instruction in expository and argumentative writing, appropriate and effective use of language, close reading, cogent thinking, research strategies, information literacy, and documentation. Focus on the recursivity of writing processes and integrating reading, writing, and speaking skills. Students will write a minimum of 6000 words.

Prerequisite(s): ENGL51, ENGL56
Non-course Prerequisite(s): or by placement

ENGL1B 4 UNITS

Critical Thinking and Writing About Literature

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ENGL 120; ENGL-LIT110
72 LECTURE HOURS

Critical thinking and writing about literature; develops critical thinking, reading, and writing skills applicable to the analysis of prose, poetry, drama, and criticism from diverse cultural sources and perspectives; emphasis on the techniques and principles of effective written argument; some research required. (L)

Prerequisite(s): ENGL1A or ENGL1E

ENGL1C 3 UNITS

Critical Thinking/Advanced Composition

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ENGL 105
54 LECTURE HOURS

Principles of critical thinking, reading, and writing beyond freshman composition; focuses on the principles of, and the development of, logical and analytical reasoning, argumentative writing, and on the principles of rhetoric (invention, arrangement, style, memory, delivery, modes of discourse, audience).

Prerequisite(s): ENGL1A or ENGL1E

ENGL1E 5 UNITS

College Composition and Reading Extended Instruction

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ENGL 100; ENGL-LIT110
90 LECTURE HOURS

An introductory course offering instruction in expository and argumentative writing, appropriate and effective use of language, close reading, cogent thinking, research strategies, information literacy, and documentation. Focus on the recursivity of writing processes and integrating reading, writing, and speaking skills. Emphasis on developing academic mindsets and student skills. Students will write a minimum of 6000 words.

Prerequisite(s): ENGL51, ENGL56
Non-course Prerequisite(s): or by placement

ENGL10 1 UNIT

Extended Instruction for College Composition and Reading

TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS

This course incorporates and contextualizes reading, writing, and research strategies aligned with English 1A coursework. Coursework and class activities will be aligned to student need.

Non-course Prerequisite(s): By placement.
Co-requisite(s): ENGL1A

ENGL105 4 UNITS

Pre-Collegiate Composition and Reading

72 LECTURE HOURS

This pre-collegiate course, two levels below College Composition (English 1A), requires students to develop strategies for reading, analyzing and responding to texts in order to write coherent essays. Students will practice academic reading strategies, using rhetorical strategies, and writing as a process. Students will also learn to edit their writing according to standards of written English.

ENGL30A 3 UNITS

Introduction To American Literature I

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ENGL 130
54 LECTURE HOURS

A survey of American literature from its beginnings in 1620 to 1865. The course readings and discussion cover the evolution of literary traditions, contexts, and genres during that time period. Writers include, among others, Bradstreet, Taylor, Franklin, Emerson, Thoreau, Hawthorne, Melville, Poe, Whitman, Dickinson. Special attention will be paid to major literature genres, themes, and historical backgrounds.

ENGL30B 3 UNITS

Introduction To American Literature II

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ENGL 135
54 LECTURE HOURS

A survey of American Literature from 1865 through the early 21st Century. Writers covered include, among others, Clemens, Du Bois, James, Wharton, Frost, Faulkner, Hemingway, Hughes, Brooks, Wright, Roth, Rich, and Morrison.

ENGL31A **3 UNITS**

Creative Writing I: Intro to the Genres

TRANSFERABLE TO CSU ONLY
C-ID: ENGL 200
54 LECTURE HOURS

Introduction to the craft of writing poetry, drama, fiction, and creative non-fiction. Conducted primarily as a workshop in which students analyze examples by professional writers in the various genres, write original pieces in the various genres, practice and apply specific craft techniques, and critique their own work and the work of other students. (L,C)

ENGL31B **3 UNITS**

Creative Writing II: Writing and Editing for Publication

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

This course focuses on literary editing and preparing poetry, drama, fiction, and creative non-fiction for publication. This includes both original work by students and the evaluation of submissions for inclusion in a literary journal/publication. The course is conducted primarily as a workshop. Students will give and apply in-depth criticism of original student pieces and work as an editorial board, evaluating creative work submitted for publication. (L)

Prerequisite(s): ENGL31A**ENGL34** **3 UNITS**

Introduction to Film

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Study of film as art and its influence on society, including interpretation, criticism, and technical developments; students view and discuss full-length feature films. (L)

Limitations on Enrollment: Course not open for credit for students with credit in HUMAN34/THART34.**ENGL36** **3 UNITS**

American Ethnic Voices

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Survey of selected American ethnic writers of African, European, Native American, Central/South American, Mexican-American, Asian, and Middle Eastern descent, focusing on how these writings contribute to the dialogue of American voices and how the writings both reflect and shape a definition of American Culture.

ENGL37 **3 UNITS**

Women's Voices

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

An exploration of the thematic and stylistic elements of literature by and about women. Texts will be selected from a variety of ethnic groups in the United States and/or the world with an emphasis on the ways women's lives have been shaped by societal expectations: gender roles, sexuality identity and expression, socio-economic status, and ethnic and/or religious identities. The course will also focus on the ways that historical and ancient cultures are a foundation for understanding contemporary women's literature.

ENGL38 **3 UNITS**

Classic and Contemporary Youth Literature

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ENGL 180
54 LECTURE HOURS

Examines representative works of children's and young adult literature, with emphasis on developing students' close reading and analytical writing skills while promoting an appreciation for the aesthetic qualities of literature directed at young people. Emphasizes contemporary texts, classic works, and the socio-historical contexts of children's and YA literature. Explores common literary elements and subgenres, such as fantasy and the quest, the school story, fable and folk tale, cautionary tales, and coming-of-age stories. Emphasizes literature from diverse authors and communities. (L)

ENGL39 **3 UNITS**

LGBT+ Literature and Film

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

A course that focuses on the work of lesbian, gay, bisexual, transgender, queer, questioning, intersex, asexual, and pansexual (LGBTQ+) authors and filmmakers and introduces students key themes, historical contexts, and theoretical frameworks. Readings and viewings will examine the representation of "queer" identities in modern literature and film and how LGBTQ+ artists have responded to dominate cultural ideas about gender and sexuality in their work. The course will emphasize how LGBTQ+ authors of diverse backgrounds and cultures have contributed to the major artistic movements of the 20th and 21st centuries while producing their own creative traditions.

ENGL40A **1 UNIT**

Tutoring Reading and Writing I

TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS

A training program that prepares student tutors to support peers as they work with academic reading and writing assignments across the disciplines. This course includes an introduction to research-backed learning theories and tutoring strategies.

Prerequisite(s): ENGL1A or ENGL1E**ENGL40B** **1 UNIT**

Tutoring Reading and Writing II

TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS

An advanced training program in English composition to prepare students to tutor writing skills in a coherent and supportive manner.

Prerequisite(s): ENGL40A**ENGL40C** **1 UNIT**

Tutoring Reading and Writing III

TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS

An advanced training program that further prepares student tutors to support English Language Learner (ELL) peers as they work with academic reading and writing assignments in non-ESL courses across the disciplines. This course includes additional inquiry into research-backed ELL learning theories and tutoring strategies, with an emphasis on adapting tutoring strategies to specific ELL contexts.

Prerequisite(s): ENGL40B

ENGL42

3 UNITS

Introduction to Shakespeare

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Studies significant features of Shakespeare's life, Renaissance theatre, Elizabethan and Jacobean English. Covers a selection of plays, including comedies, tragedies, and histories, and many sonnets. (L)

ENGL46A

3 UNITS

Introduction To British Literature I

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ENGL 160
54 LECTURE HOURS

Survey of English Literature from its beginnings to the end of the 18th Century; writers include, among others, Chaucer, Shakespeare, Donne, Milton, and Pope; special attention paid to major literary genres.

ENGL46B

3 UNITS

Introduction To British Literature II

TRANSFERABLE TO BOTH UC AND CSU
C-ID: ENGL 165
54 LECTURE HOURS

Survey of English Literature from the end of the 18th Century to the present; writers include, among others, Blake, Wordsworth, Coleridge, Tennyson, Arnold, Joyce, Yeats, and Eliot; special attention paid to major literary genres.

ENGL56

5 UNITS

Accelerated Preparation for College Composition and Reading

90 LECTURE HOURS

Accelerated preparation for College Composition and Reading (English 1A). Intensive instruction in the academic mindsets, reading, reasoning, and writing expected in transfer and associate-degree courses. Students engage in extensive academic reading of college-level texts and write a minimum of 10,000 words. Successful completion allows students to enroll in English 1A.

English as a Second Language

ACADEMIC PREPAREDNESS AND CAREER DEVELOPMENT

CERTIFICATE OF COMPETENCY

The Certificate of Competency in Academic Preparedness and Career Development prepares advanced-level students with the English language and literacy skills needed to function independently in most vocational and academic situations. The certificate focuses on developing the requisite level of grammar, reading, writing and speaking skills needed to transition into mainstream courses or to be successful in seeking appropriate employment.

Students who complete this program should be able to:

1. Demonstrate ability to write coherent expository essays and/or summary-responses at a level sufficient to transition to ENG 105 or 56.
2. Demonstrate ability to produce and comprehend advanced grammatical structures at a level sufficient to transition to ENG 105 or 56.
3. Demonstrate grammar, listening, speaking, and reading skills needed to clearly communicate and understand information and ideas in personal, academic, and vocational settings.

REQUIRED COURSES

ESL 540A Low-Advanced Grammar and
 ESL 516A Academic Reading and Writing for ESL 1 **OR**
 ESL 516B Academic Reading and Writing for ESL 2

ACADEMIC PREPAREDNESS AND CAREER DEVELOPMENT

CERTIFICATE OF ADVANCEMENT

The Certificate of Advancement in Interpersonal Communication prepares students who have a low-intermediate background in English with the language skills required to function at a high-intermediate level in a variety of vocational and academic situations. The program focuses particularly on the acquisition of grammar, reading, writing and speaking skills needed to function independently at work, school and in the community.

Students who complete this program should be able to:

1. Demonstrate ability to write coherent expository essays and/or summary-responses at a level sufficient to transition to ENG 105 or 56.
2. Demonstrate ability to produce and comprehend advanced grammatical structures at a level sufficient to transition to ENG 105 or 56.
3. Demonstrate grammar, listening, speaking, and reading skills needed to clearly communicate and understand information and ideas in personal, academic, and vocational settings.

(CONT'D FROM PREVIOUS PAGE)

REQUIRED COURSES

ESL 40A	Low-Advanced Grammar and.....	3
ESL 116A	Academic Reading and Writing for ESL 1 OR	4
ESL 116B	Academic Reading and Writing for ESL 2	4

TOTAL UNITS REQUIRED **7**

FOUNDATIONS OF LITERACY

CERTIFICATE OF COMPETENCY

The Certificate of Competency in Foundations of Literacy prepares students with little or no knowledge of English with basic English language and literacy skills needed to function at a beginning level in everyday situations at work, school and in the community.

Students who complete this program should be able to:

1. Write simple paragraphs containing simple sentences in simple present and present continuous sentences.
2. Function in basic English listening and speaking situations at work, school, and in the community:

REQUIRED COURSES

ESL 525	Integrated ESL Skills, Level 2 and
ESL 524	English Conversation, Level 2

INTERPERSONAL COMMUNICATION

CERTIFICATE OF ADVANCEMENT

The Certificate of Advancement in Interpersonal Communication prepares students who have a low-intermediate background in English with the language skills required to function at a high-intermediate level in a variety of vocational and academic situations. The program focuses particularly on the acquisition of grammar, reading, writing and speaking skills needed to function independently at work, school and in the community.

Students who complete this program should be able to:

1. Use reading and writing skills to read and understand a variety of written texts at work, school, and in the community.
2. Demonstrate listening and speaking skills needed to communicate at work, at school, and in the community using studied materials, vocabulary, and grammar.

REQUIRED COURSES

ESL 268	High-Intermediate Writing and.....	4
ESL 263	High-Intermediate Grammar.....	3

ELECTIVES:

ESL 259 MAT	The Language of Mathematics for ESL Students OR	3
ESL 265	Integrated ESL Skills, Level 6 OR	5
ESL 259 EMP	English for Employment OR	3
ESL 239 ECE	English Skills for Parents and Child Care Providers OR	5
ESL 249 COM	Computer Skills for ESL Students.....	3

TOTAL UNITS REQUIRED **10-12**

LIFE SKILLS

CERTIFICATE OF COMPETENCY

The Certificate of Competency in Life Skills prepares students with beginning academic background in English with life skills needed to function at a low-intermediate level in everyday situations at work, school, and in the community.

Students who complete this program should be able to:

1. Write a well-developed paragraph with a topic sentence, supporting ideas, and a concluding sentence at a low-intermediate level.
2. Create, format, type, save, and revise a Word document on a computer for academic assignments and personal needs.

REQUIRED COURSES

ESL 543	Low-Intermediate Grammar and
ESL 545	Integrated ESL Skills, Level 4

ELECTIVES:

ESL 549 COM	Computer Skills for ESL Students OR
ESL 539 MAT	The Language of Arithmetic for ESL Students OR
ESL 539 ECE	English Skills for Parents and Child Care Providers

COURSES

ESL40A **3 UNITS**

Low-Advanced Grammar

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Low-advanced grammar for ESL students. This course introduces students to a theme-based grammar and teaches them to read, write and speak English with grammatical accuracy and fluency in real-life contexts. Includes a functional study of the 12 tenses.

Prerequisite(s): ESL263/563

Non-course Prerequisite(s): or by placement

ESL116A **4 UNITS**

Academic Reading and Writing for ESL 1

72 LECTURE HOURS

This course emphasizes the development of basic reading and writing skills including active reading and writing processes, vocabulary development, grammar and mechanics, simple and compound sentences, paragraph development, summary-response compositions, and small group and whole class work to strengthen basic reading and writing skills. Concurrent enrollment in 40A, 40B, and/or 40C recommended.

Prerequisite(s): ESL265/565, ESL268/568

Non-course Prerequisite(s): or by placement

ESL116B **4 UNITS**

Academic Reading and Writing for ESL 2

72 LECTURE HOURS

This course emphasizes the development of reading and writing skills including varied sentence types, use of phrases and clauses, grammar and mechanics, paragraphs, summary-response, short essays, the writing process, and small group and whole class work to strengthen basic reading skills, make inferences and read critically.

Prerequisite(s): ESL116A/516A

Non-course Prerequisite(s): by placement

ESL229AC **3 UNITS**

Computer Skills for ESL Students

54 LECTURE HOURS

Provides students with basic computer and word processing skills necessary to type simple documents, use software and perform research related to employment. Additionally, students will work on English skills, such as reading, vocabulary development and pronunciation, using vocationally-related software in such fields as auto, healthcare, office, clerical, food service and construction. Intended for non-native English speaker with at least low-intermediate English proficiency.

ESL253 **3 UNITS**

Intermediate Grammar

54 LECTURE HOURS

Intermediate grammar for ESL students. This course introduces students to writing paragraphs and/or compositions containing compound and complex sentences in present, past, and future tenses.

Prerequisite(s): ESL243/543**Non-course Prerequisite(s):** or by placement**ESL255** **5 UNITS**

Integrated ESL Skills, Level 5

90 LECTURE HOURS

Language development for high-intermediate limited English speakers. Concentration on all language skills - reading, writing, speaking, listening, and grammar. This course is the fifth in a series of six integrated skill courses (515, 525, 535, 545, 555/255, and 565/265).

Prerequisite(s): ESL245**ESL258** **4 UNITS**

Intermediate Writing

72 LECTURE HOURS

Writing for intermediate ESL. Develops ability to write more detailed paragraphs using simple and compound sentences in varied verb tenses with proper grammar and mechanics.

Prerequisite(s): ESL245**Non-course Prerequisite(s):** or by placement**ESL259EMP** **3 UNITS**

English for Employment

54 LECTURE HOURS

Prepares students for vocational training and/or employment. Includes vocabulary for the world of work and skill development for job search, application and job retention. Intended for non-native English speakers with at least intermediate English proficiency. (L,C)

ESL259MAT **3 UNITS**

The Language of Mathematics for ESL Students

54 LECTURE HOURS

This course develops the English speaking abilities of non-native English speakers specifically in regards to the language and vocabulary of mathematics as it is used in the American educational system. Students will learn to read, write, and verbally express mathematical words, numbers, and notations.

ESL263 **3 UNITS**

High-Intermediate Grammar

54 LECTURE HOURS

High-intermediate grammar for ESL students. This course introduces students to reading and writing short paragraphs and/or compositions containing compound and complex sentences in present, past, present perfect, and future tenses.

Prerequisite(s): ESL253/553**Non-course Prerequisite(s):** or by placement**ESL265** **5 UNITS**

Integrated ESL Skills, Level 6

90 LECTURE HOURS

Language development for high-intermediate limited English speakers. Concentration on all language skills - reading, writing, speaking, listening, and grammar. This course is the last in a series of six integrated skill courses (225, 225, 235, 245, 255, and 265) leading to a certificate of completion in English at the high-intermediate level. Prepares students for college-level courses.

Prerequisite(s): ESL255**ESL268** **4 UNITS**

High-Intermediate Writing

72 LECTURE HOURS

Writing for high-intermediate ESL students. Further develops ability to write longer, correctly formatted paragraphs and short compositions with simple, compound, and complex sentences using proper grammar, spelling, and verb tenses.

Prerequisite(s): ESL255/555, ESL258/558**Non-course Prerequisite(s):** or by placement**ESL512** **0 UNITS**

Low-Beginning Listening and Pronunciation

3 LECTURE HOURS

Listening and pronunciation for beginners. Emphasis on increased listening and comprehension and oral fluency of simple spoken English in common daily personal communication. Novice vocabulary and structures.

Non-course Prerequisite(s): or by placement**ESL514** **0 UNITS**

English Conversation, Level 1

28-36 LECTURE HOURS

The first course in conversation for low-beginning ESL students. Develops basic listening and speaking skills using everyday conversation in small groups and one-on-one. Emphasis on listening comprehension, pronunciation, intonation, and role-playing simulations. Students will develop basic English vocabulary and grammar necessary for successful communication. Topics include personal and family information, daily activities, and other subjects of general interest.

ESL515 **0 UNITS****Integrated Skills, Level 1****90 LECTURE HOURS**

Language development for low-beginning, limited English speakers. Concentration on all language skills-reading, writing, listening, speaking, and grammar. This is the first course in a series of six. Prepares students for ESL 525 and other level two ESL courses.

ESL516A **0 UNITS****Academic Reading and Writing for ESL 1****64-72 LECTURE HOURS**

This course emphasizes the development of basic reading and writing skills including active reading and writing processes, vocabulary development, grammar and mechanics, simple and compound sentences, paragraph development, summary-response compositions, and small group and whole class work to strengthen basic reading and writing skills.

Prerequisite(s): ESL265/565, ESL268/568
Non-course Prerequisite(s): or by placement

ESL516B **0 UNITS****Academic Reading and Writing for ESL 2****64-72 LECTURE HOURS**

This course emphasizes the development of reading and writing skills including varied sentence types, use of phrases and clauses, grammar and mechanics, paragraphs, summary-response, short essays, the writing process, and small group and whole class work to strengthen basic reading skills, make inferences and read critically.

Prerequisite(s): ESL116A/516A
Non-course Prerequisite(s): Placement

ESL522 **0 UNITS****Beginning Listening and Pronunciation****48-54 LECTURE HOURS**

This course covers listening and pronunciation for beginners. Emphasis will be placed on increasing listening comprehension and oral fluency of simple spoken English in common daily personal and academic communication.

Prerequisite(s): ESL212/512
Non-course Prerequisite(s): or by placement

ESL524 **0 UNITS****English Conversation, Level 2****28-36 LECTURE HOURS**

The second course in conversation for low-beginning ESL students. Builds on basic listening and speaking skills using everyday conversation in small groups and one-on-one. Emphasis on listening comprehension, pronunciation, intonation, and role-playing simulations. Students will further develop English vocabulary and grammar necessary for successful communication. Topics include comparison of students' and American cultures, geographic directions, clarification techniques, and other subjects of interest.

ESL525 **0 UNITS****Integrated ESL Skills, Level 2****90 LECTURE HOURS**

Language development for beginning, limited English speakers. Concentration on all language skills: reading, writing, listening, speaking, and grammar. This is the second course in a series of six. Prepares students for ESL 535 and other level three ESL courses.

ESL526(L) **0 UNITS****English As a Second Language, Lab 1****36-54 LECTURE HOURS**

Supplements English as a Second Language Levels 1 through 3 courses by providing additional academic support, practice, and exercises in grammar, reading, writing, vocabulary, listening comprehension, pronunciation, speaking and conversation. Students receive individualized and group instruction under supervision as needed.

ESL533 **0 UNITS****High-Beginning Grammar****48-54 LECTURE HOURS**

High-beginning grammar for ESL students. This course introduces students who have beginning language skills to simple sentences and short paragraphs in simple past and past continuous tenses.

ESL535 **0 UNITS****Integrated ESL Skills, Level 3****90 LECTURE HOURS**

Language development for high-beginning limited English speakers; concentration on all language skills: listening, speaking, reading, writing, and grammar. This is the third course in a series of six. Prepares students for ESL 245 and ESL level four courses.

Prerequisite(s): ESL225/525
Non-course Prerequisite(s): or by placement

ESL539ECE **0 UNITS****English Skills for Parents and Child Care Providers****90 LECTURE HOURS**

This high-beginning course develops oral and written communication skills in standard English within the context of child care, child rearing, and parenting. Students develop and practice the listening, speaking, reading, and writing skills useful for communicating with and about children at different stages of development on topics including day-to-day care, health, and safety. This course is intended for non-native speakers of English who are parents, grandparents, child care providers, preschool teachers, and students of Child Development. This course is recommended for non-native speakers at high-beginning level.

ESL539MAT**0 UNITS****The Language of Arithmetic for ESL Students****54 LECTURE HOURS**

This course is intended to develop the abilities of speakers of other languages and cultures to (1) read and comprehend, (2) write, in words, numbers, and notations, and (3) verbally express the language of arithmetic necessary for appropriate computations using whole numbers within standards of the American educational system, including, but not necessarily limited to addition, subtraction, multiplication, and division.

Prerequisite(s): ESL223/523, ESL 225/525**Non-course Prerequisite(s):** or by placement**ESL540A****0 UNITS****Low-Advanced Grammar****48-54 LECTURE HOURS**

Low-advanced grammar for ESL students. This course introduces students to a theme-based grammar and teaches them to read, write and speak English with grammatical accuracy and fluency in real-life contexts. Includes a functional study of the 12 tenses.

Prerequisite(s): ESL263/563**Non-course Prerequisite(s):** or by placement**ESL543****0 UNITS****Low-Intermediate Grammar****48-54 LECTURE HOURS**

Low-intermediate grammar for ESL students. This course introduces students to writing paragraphs containing both compound and complex sentences in past, present, and future tenses. Concurrent enrollment in ESL 245/545 is highly recommended.

Prerequisite(s): ESL253/533**ESL545****0 UNITS****Integrated Skills, Level 4****90 LECTURE HOURS**

Language development for low-intermediate limited English speakers. Concentration on all language skills: listening, speaking, reading, writing, and grammar. This is the fourth course in a series of six leading to a certificate of completion in English at the low-intermediate level.

ESL546LR**0 UNITS****English as a Second Language, Lab 2****36-54 LAB HOURS**

Supplements English as a Second Language Levels 4 through 6 courses by providing additional academic support, practice, exercises and other academic activities in grammar, reading, writing, vocabulary, listening comprehension, pronunciation, and conversation. Students receive individualized and group instruction under supervision.

ESL549COM**0 UNITS****Computer Skills for ESL Students****54 LECTURE HOURS**

Provides students with the basic computer and word processing skills necessary to format, type, retrieve, and revise simple documents. Students learn to use varied software and perform basic research related to their academic needs and future employment using the internet. Additionally, students will work on English skills, such as reading and following directions (both reading and listening), and development of vocabulary related to computers. Intended for non-native English speakers with at least low-intermediate English proficiency.

ESL553**0 UNITS****Intermediate Grammar****48-54 LECTURE HOURS**

Intermediate grammar for ESL students. This course introduces students to writing paragraphs containing compound and complex sentences in present, past, and future tenses.

Prerequisite(s): ESL243/543**Non-course Prerequisite(s):** or by placement**ESL555****0 UNITS****Integrated ESL Skills, Level 5****90 LECTURE HOURS**

Language development for intermediate limited English speakers. Concentration on all language skills - reading, writing, speaking, listening, and grammar. This non-credit course is the fifth in a series of six non-credit integrated skill courses (515, 525, 535, 545, 555, and 565) leading to a certificate of completion in English at the high-intermediate level.

Prerequisite(s): ESL245/545**Non-course Prerequisite(s):** or by placement**ESL558****0 UNITS****Intermediate Writing**

Writing for intermediate ESL. Develops ability to write more detailed paragraphs using simple and compound sentences in varied verb tenses with proper grammar and mechanics.

Prerequisite(s): ESL245/545**Non-course Prerequisite(s):** or by placement**ESL559EMP****0 UNITS****English for Employment****48 LECTURE HOURS**

Prepares students for vocational training and/or employment. Includes vocabulary for the world of work and skill development for job search, application and job retention. Intended for non-native English speakers with at least intermediate English proficiency. (L,C)

Non-course Prerequisite(s): or by placement

ESL559MAT **0 UNITS**

The Language of Mathematics for ESL Students

54 LECTURE HOURS

This course develops the English speaking abilities of non-native English speakers specifically in regards to the language and vocabulary of mathematics as it is used in the American educational system. Students will learn to read, write, and verbally express mathematical words, numbers, and notations.

ESL563 **0 UNITS**

High-Intermediate Grammar

48-54 LECTURE HOURS

High-intermediate grammar for ESL students. This course introduces students to reading and writing short paragraphs and/or compositions containing compound and complex sentences in present, past, present perfect, and future tenses.

Prerequisite(s): ESL253/533
Non-course Prerequisite(s): or by placement

ESL565 **0 UNITS**

Integrated ESL Skills, Level 6

90 LECTURE HOURS

Language development for high-intermediate limited English speakers. Concentration on all language skills - reading, writing, speaking, listening, and grammar. This non-credit course is the fifth in a series of six non-credit integrated skill courses (515, 525, 535, 545, 555, and 565) leading to a certificate of completion in English at the high-intermediate level.

Prerequisite(s): ESL255/555
Non-course Prerequisite(s): or by placement

ESL568 **0 UNITS**

High-Intermediate Writing

72 LECTURE HOURS

Writing for high-intermediate ESL students. Further develops ability to write longer, correctly formatted paragraphs and short compositions with simple, compound, and complex sentences using proper grammar, spelling and verb tenses. Concurrent enrollment in ESL 263/563 and 265/565 is highly recommended.

Prerequisite(s): ESL255/555, ESL258/558
Non-course Prerequisite(s): or by placement

Fire Technology

FIRE TECHNOLOGY

ASSOCIATE IN SCIENCE

Students who complete this program should be able to:

1. Apply prevention/protection/fire-fighting theories, principles, and concepts to address real-life situations in the field.
2. Analyze, interpret, and evaluate prevention/protection/firefighting theories, policies, practices, and procedures to develop strategies to prevent, control, and fight fires.
3. Discuss the role of the fire service in the community and the importance of its Mission Statement.

REQUIRED COURSES	UNITS
FIRTC 1 Fire Protection Organization.....	3
FIRTC 2 Fire Prevention Technology.....	3
FIRTC 3 Fire Protection Equipment and Systems.....	3
FIRTC 4 Building Construction for Fire Protection.....	3
FIRTC 5 Fire Behavior and Combustion.....	3
FIRTC electives.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR **18**

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

Additional Recommended Courses:

BIOL 5 Human Physiology.....	4
BCA 15 Business Computer Applications - Beginning.....	3
CHEM 2A Introduction to Chemistry.....	5
CWEE 45 Occupational Work Experience.....	1-4
EMT 61 Emergency Medical Technician I.....	4
OA 15A OR 15 Elementary Keyboarding.....	3

FIRST RESPONDER

CERTIFICATE OF TRAINING

REQUIRED COURSES	UNITS
FIRTC 205 Emergency Response.....	3

FIRE TECHNOLOGY

CERTIFICATE OF ACHIEVEMENT

Students who complete this program should be able to:

1. Apply prevention/protection/fire-fighting theories, principles, and concepts to address real-life situations in the field.
2. Analyze, interpret, and evaluate prevention/protection/firefighting theories, policies, practices, and procedures to develop strategies to prevent, control, and fight fires.
3. Discuss the role of the fire service in the community and the importance of its Mission Statement.

FIRE TECHNOLOGY-FIRE ACADEMY

ASSOCIATE IN SCIENCE

Students who complete this program should be able to:

1. Analyze the elements of firefighter safety and survival; differentiate fire prevention, firefighting, and the types of fire apparatus.
2. Demonstrate the ability to analyze, appraise and evaluate fire and emergency incidents and identify components of emergency management and fire fighter safety.
3. Demonstrate knowledge and understand of the fire service industry.

REQUIRED COURSE	UNITS
FIRTC 64A Fire Fighter 1 Academy Module A and	
FIRTC 64B Fire Fighter 1 Academy Module B	26

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

FIRE TECHNOLOGY -FIRE FIGHTER ACADEMY

CERTIFICATE OF ACHIEVEMENT

The Fire Fighter I Academy is an intensive training program which academically prepares students for entry-level jobs in the fire fighting field. The California State Fire Fighter I curriculum and Emergency Medical Technician guidelines are followed throughout the program and cover the basic skills and knowledge needed to work in the fire service field. While students who are not yet 18 years of age may enroll in the academy, they must be 18 years of age or older to complete the EMT portion of the class and successfully complete the academy. Students must also provide a physician's approval to participate in the physical training portion of the academy.

Students who successfully complete the academy may be certified by the State of California after completing either one year as a volunteer fire fighter or six months as a paid fire fighter with a California fire department. To assist graduates of the academy in obtaining the required experience at a California fire department, Yuba College also offers the Fire Technology Practicum.

Students who complete this program should be able to:

1. Analyze the elements of firefighter safety and survival; differentiate fire prevention, firefighting, and the types of fire apparatus.
2. Demonstrate the ability to analyze, appraise and evaluate fire and emergency incidents and identify components of emergency management and fire fighter safety.
3. Demonstrate knowledge and understand of the fire service industry.

REQUIRED COURSE	UNITS
FIRTC 64 Fire Fighter I Academy	26

Other Certificates of Training that students may earn within the Fire Fighter I Academy include the following:
 Basic Incident Command System - ICS 200 (Certificate of Training)
 Emergency Medical Technician I (Certificate of Training)

COURSES

FIRTC1	3 UNITS
---------------	----------------

Fire Protection and Emergency Services

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Introduction to fire protection; career opportunities in fire protection and related fields; philosophy and history of fire protection, fire loss analysis; organization and function of public and private fire protection services; fire department as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics.

FIRTC2	3 UNITS
---------------	----------------

Fire Prevention Technology

TRANSFERABLE TO CSU ONLY
C-ID: FIRE 110X
54 LECTURE HOURS

This course provides fundamental knowledge relating to the field of fire prevention. Topics include: history and philosophy of fire prevention; organization and operation of a fire prevention bureau; use and application of codes and standards; plans review; fire inspections; fire and life safety education; and fire investigation. (L)

FIRTC3	3 UNITS
---------------	----------------

Fire Protection Equipment and Systems

TRANSFERABLE TO CSU ONLY
C-ID: FIRE 120X
54 LECTURE HOURS

Provides information relating to the features of design and operation of fire detection and alarm systems, heat and smoke control systems, special protection and sprinkler systems, water supply for fire protection and portable fire extinguishers. (L)

FIRTC4	3 UNITS
---------------	----------------

Building Construction for Fire Protection

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

This course provides the components of building construction related to firefighter and life safety. The elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations, and operating at emergencies. (L)

FIRTC5 **3 UNITS**

Fire Behavior and Combustion

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Theory and fundamentals of how and why fires start, spread, and are controlled; an in-depth study of fire chemistry and physics, fire characteristics of materials, extinguishing agents, and fire control techniques. (L)

Limitations on Enrollment: Course not open to students with credit in FIRSC13.

FIRTC6 **3 UNITS**

Principles of Fire and Emergency Services Safety and Survival

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

This course introduces the basic principles and history related to the national firefighter life safety initiatives, focusing on the need for cultural and behavior throughout the emergency services.

FIRTC64 **26 UNITS**

Firefighter I Academy

398 LECTURE HOURS
222 LAB HOURS

Provides student with the basic skills and knowledge to work in the fire service. The California State Firefighter I curriculum and emergency medical technician (EMT) guidelines will be followed. Provides training in basic concepts including fire department organization, fire control, equipment operation, prevention, protection, hose, nozzles, and breathing apparatus. Includes physical training. Prerequisite: Must be 18 years of age or older to complete the EMT portion of the class and successfully complete the academy. Physician's clearance is required. (L)

FIRTC65 **1 UNIT**

Firefighter I Certification Testing

4 LECTURE HOURS
48 LAB HOURS

This course is offered to students that meet the State Fire Training (SFT) requirements to test for the Firefighter I (FFI) including the capstone knowledge and skills required to pass the FFI. Upon successful completion, the student will receive a pass letter from SFT and a FFI pass certificate from the college. Grades are P/NP option.

Prerequisite(s): FIRTC64

Non-course Prerequisite(s): or a signed statement by the agency's Fire Chief or designee stating the sponsored student has completed all SFT training requirements and skills sheets for FFI.

FIRTC66 **9 UNITS**

Basic Wildland Firefighter

129 LECTURE HOURS
90 LAB HOURS

This course provides the skills and knowledge needed for the entry-level firefighter to perform his/her duties safely, effectively, and competently. The curriculum is based on CAL FIRE policy, the 2013 edition of NFPA 1001 Standard for Firefighter Professional Qualifications, the 2012 edition of NFPA 1051 Standard for Wildland Firefighter Professional Qualifications, and the 2008 edition of NFPA 472 Standard for Competence of responders to Hazardous Materials/ Weapons of Mass Destruction Incidents. Grades are P/NP option.

Prerequisite(s): FIRTC206, HLTH2

FIRTC69 **4.5 UNITS**

Firefighter II Academy

70 LECTURE HOURS
50 LAB HOURS

This course provides the skills and knowledge needed for the fire fighter to take on increased leadership roles and responsibilities pertaining to fire department communications, fireground operations, rescue operations, and fire and life safety initiatives, preparedness, and maintenance.

Prerequisite(s): FIRTC64, EMT61

FIRTC84 **1 UNIT**

Low Angle Rope Rescue Operations

12 LECTURE HOURS
12 LAB HOURS

Designed primarily for those working in the fire service, but is open to anyone. This course will equip the student with the techniques and methods for using rope, webbing, hardware friction devices, and litters in low angle rescues. Areas covered include: rope and related equipment, anchor systems, safety lines, stretcher lashing and rigging, mechanical advantage systems along with single line and two line rescue systems. Upon successful completion of the course, students will receive State Fire Marshal certification. Grades are P/NP option. (L)

FIRTC206 **1 UNIT**

Hazardous Materials-FRO

20 LECTURE HOURS
4 LAB HOURS

Designed primarily for First Responders who are at risk of exposure to toxic substances. Covers type, nature, and physiological effects of hazardous materials. Designed to develop new First Responder attitudes toward health and safety and to increase safe behaviors in responding to hazardous material incidents. Upon completion of the course, students will receive certification from the California Specialized Training Institute (CSTI). (L)

French

COURSES

FRNCH1

4 UNITS

Elementary French, Part 1

TRANSFERABLE TO BOTH UC AND CSU
72 LECTURE HOURS

Introduction to the language and culture of the French-speaking world. It includes the development of listening, speaking, reading, and writing French with an emphasis on the communicative skills, as well as the fundamentals of French grammar. This course is equivalent to one year of high school French.

FRNCH2

4 UNITS

Elementary, French Part 2

TRANSFERABLE TO BOTH UC AND CSU
72 LECTURE HOURS

A continuation of French 1. Provides further basic communication skills through listening, speaking, reading and writing. It includes practice at the intermediate level and review of the fundamentals of French grammar. (L)

Prerequisite(s): FRNCH1

Non-course Prerequisite(s): Placement exam: Students must score 70% or higher on a placement test administered by the Foreign Language Department

General Studies

The General Education area major is approved by the California Community College Chancellor's Office and is designed to provide students with the opportunity to earn an Associate in Arts or Associate in Science degree in a broad area of study. Students who wish to transfer to a four-year college or university should consult with a counselor prior to beginning one of these majors for appropriate course selection.

Note: These majors will be printed on the diploma. One of these General Education degrees may be earned.

For the General Degree, you will need to complete one of the five areas listed. You may select the general education major of:

1. ARTS & HUMANITIES - Associate in Arts Degree
2. SOCIAL AND BEHAVIORAL SCIENCES - Associate in Science Degree
3. NATURAL SCIENCE - Associate in Science Degree
4. COMMUNICATION - Associate in Arts Degree

ARTS & HUMANITIES

ASSOCIATE IN ARTS DEGREE

This degree emphasizes the study of cultural, literary, humanistic activities and artistic expression of human beings. Students will evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation. Students will learn to value aesthetic understanding and incorporate these concepts when constructing value judgments.

Students who complete this program should be able to:

1. Demonstrate an awareness of diverse human responses to the world around them through artistic and cultural creation.
2. Evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation.
3. Value aesthetic understanding and incorporate these concepts when constructing value judgments.

Students must complete 18 units from at least three of the areas listed below. Courses must be completed with a "C" or higher grade.

Art 1A, 1B, 1C, 3A, 3B, 5, 31
 Asian American Studies 31
 Early Childhood Education 39
 English 1B, 2, 30A, 30B, 31A, 31B, 33, 34, 36, 37, 42, 46A, 46B
 French 1, 10
 History 4A, 4B, 5A, 5B, 7, 14, 15, 16A, 16B, 17A, 17B
 Humanities 3, 5, 10, 11, 12, 15, 20, 26A, 26B, 31, 33, 34
 Music 1, 1A, 1B, 3, 8A, 8B, 12, 15, 16
 Philosophy 1, 2, 3, 20
 Sign 1, 2, 3
 Spanish 1, 2, 3, 4, 10, 20A, 20B, 35, 36
 Speech 2
 Theatre Arts 10, 33, 34

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

CALIFORNIA STATE UNIVERSITY (CSU) GENERAL EDUCATION (GE) BREADTH

CERTIFICATE OF ACHIEVEMENT

This Certificate of Achievement is designed for students planning to transfer to a California State University (CSU) campus. Completion ensures that the student has met the lower division general education-breadth requirements (CSU GE-B) for all CSU campuses as well as the lower division general education of some California private and out-of-state colleges and universities. In addition, students pursuing an AS-T or AA-T degree must complete the entire CSU GE-B pattern for a minimum total of 39 units (or IGETC for a minimum total of 37 units).

A minimum of 39 total units is required with a specified number of units in each area. Courses may be listed in more than one area, but shall not be counted in more than one area, unless otherwise noted. A grade of "C-" or higher (or "P" Pass) is required for A1, A2, A3, and B4 courses. A minimum total of 30 units of general education must be completed with "C" grades or better for CSU admission.

Each year courses are added and removed from the list of approved courses for this program. For courses to count for this certificate, the course must be on the approved list at the time it is completed. These changes are listed in the Yuba College catalog, on the Counseling Department CSU GE-B advising sheets, and on the ASSIST.org site. Students are advised to consult a counselor to ensure that they are enrolled in courses that will satisfy these requirements. Students considering applying to a UC campus should NOT use CSU GE-B for general education.

At this time, this Certificate of Achievement will not replace the CSU GE-B Certification document. Certification of CSU GE-B is a separate process initiated at the Admissions and Records Office and is usually completed at the same time students request final, official transcripts to be sent to the CSU campus to which the student has been accepted and plans to attend.

Students who complete this program should be able to:

1. Demonstrate effective expository and persuasive writing skills.
2. Demonstrate global awareness with an understanding of cultural pluralism.
3. Evaluate the methods of inquiry and evidence used in the behavioral and social sciences..
4. Evaluate ideas about the natural universe using testable methodology.

For required courses, see the CSU GE Information on pages 43-44.

INTERSEGMENTAL GENERAL EDUCATION TRANSFER CURRICULUM (IGETC)

CERTIFICATE OF ACHIEVEMENT

This Certificate of Achievement is designed primarily for students planning to transfer to a University of California (UC) campus. It would also work for students planning to transfer to a California State University (CSU) campus, many California private and some out-of-state colleges and universities. Completion ensures that the student has met the lower division general education for all UC and CSU campuses as well as the lower division general education of some California private and out-of-state colleges and universities. In

addition, students pursuing an AS-T or AA-T degree may complete the entire general education pattern for the degree by completing the CSU version of the IGETC for a minimum total of 37 units.

A minimum of 34 total units is required with a specified number of units in each area for students following the UC version. (Students who have not met the Language Other Than English requirement will need additional units.) A minimum of 37 units is required with a specified number of units in each area for students following the CSU version. Courses may be listed in more than one area, but shall not be counted in more than one area, unless otherwise noted.

Each year courses are added and removed from the list of approved courses for this program. For courses to count for this certificate, the course must be on the approved list at the time it is completed. These changes are listed in the Yuba College catalog, on the Counseling Department IGETC advising sheets, and on the ASSIST.org site. Students are advised to consult a counselor to ensure that they are enrolled in courses that will satisfy these requirements.

At this time, this Certificate of Achievement will not replace the IGETC Certification document. Certification of IGETC is a separate process initiated at the Admissions and Records Office and is usually completed at the same time students request final, official transcripts to be sent to the UC, CSU, California private, or out-of-state college or university to which the student has been accepted and plans to attend. IGETC certification requires all classes to be completed with a "C" or better grade.

Students who complete this program should be able to:

1. Demonstrate effective expository and persuasive writing skills.
2. Demonstrate effective mathematical computation and quantitative reasoning skills.
3. Evaluate ideas about the natural universe using testable methodology.
4. Demonstrate global awareness with an understanding of cultural pluralism.
5. Evaluate methods of inquiry and evidence used in the behavioral sciences.

For required courses, see the IGETC Information on page 45.

NATURAL SCIENCE

ASSOCIATE IN SCIENCE DEGREE

This degree allows the student to take courses that will prepare them for possible majors within the fields of science, including the allied Health fields, nursing preparation, health science and related fields, pre-med and more.

Students who complete this program should be able to:

1. Analyze data effectively using current technology.
2. Communicate scientific ideas and principles clearly and effectively.
3. Analyze and apply fundamental mathematical, physical, and chemical concepts and techniques to scientific issues.
4. Apply fundamental concepts and techniques.

Students must complete 18 units from at least three of the areas listed below. At least one course MUST be selected from Mathematics or Statistics. Courses must be completed with a "C" or higher grade.

Anthropology 1

Astronomy 1.11

(CONT'D FROM PREVIOUS PAGE)

Biology 1, 2, 3, 4, 5, 6, 10, 10L, 11, 15, 25
 Chemistry 1A, 1B, 2A, 2B, 10
 Ecology 10, 11, 12
 Geography 1
 Geology 10, 10L, 11L
 Mathematics 1A, 1B, 9, 10, 15, 16, 21, 25
 Physical Science 10A, 10B, 10C
 Physics 2A, 2B, 3A, 3B, 4A, 4B
 Plant Science 20, 20L, 22, 22L
 Statistics 1

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

SOCIAL AND BEHAVIORAL SCIENCES

ASSOCIATE IN SCIENCE DEGREE

This degree emphasizes the perspective, concepts, theories and methodologies of the disciplines typically found in the vast variety of disciplines that comprise study in the Social and Behavioral Sciences. Students will study about themselves and as members of a larger society. Topics and discussion to stimulate critical thinking about ways people have acted in response to their societies will allow students to evaluate how societies and social subgroups operate.

Students who complete this program should be able to:

1. Employ concepts and research methodologies from a variety of social and behavioral science disciplines.
2. Demonstrate understanding of how the self is shaped by membership in modern society.
3. Demonstrate understanding of and ability to delineate how different social subgroups have responded to their societies under different historical and cultural conditions.

Students must complete 18 units from at least three of the areas listed below. Courses must be completed with a "C" or higher grade.

Administration of Justice 10
 Anthropology 2, 3
 Early Childhood Education 3, 31
 Economics 1A, 1B
 Ethnic Studies 1
 Geography 2
 History 4A, 4B, 5A, 5B, 7, 14, 15, 16A, 16B, 17A, 17B
 Mass Communications 2
 Political Science 1
 Psychology 1A, 12, 22, 31, 33, 41, 46
 Sociology 1, 2, 5, 10, 30
 Speech 8

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

Geography

COURSES

GEOG1**3 UNITS**

Physical Geography

TRANSFERABLE TO BOTH UC AND CSU**C-ID: GEOG 110****54 LECTURE HOURS**

A spatial study of Earth's dynamic physical systems and processes. Topics include maps, earth-sun relations, weather, climate, water, landforms, soils, and the biosphere. Emphasis is on interrelationships among systems and processes and their resulting patterns and distributions. (L)

GEOG5**3 UNITS**

World Regional Geography

TRANSFERABLE TO BOTH UC AND CSU**54 LECTURE HOURS**

Survey of the world's culture regions and nations as interpreted by geographers, including physical, cultural, and economic features. Emphasis on spatial and historical influences on population growth, transportation networks, and natural environments. Identification and importance of the significant features of regions.

Geology

GEOLOGY

ASSOCIATE IN ARTS FOR TRANSFER

Geology is an interdisciplinary science that combines geological observations and concepts with those of physics, chemistry, biology and mathematics in order to study the earth, its physical environments, and its history. By studying rocks, fossils, and minerals, and by learning to read and interpret maps, geologists seek to understand those geologic principles and processes that shape the earth and its environments.

Associates in Science in Geology for Transfer requirements (as stated in SB1440 law) requires students to complete the following:

1. Completion of 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education Breadth Requirements.
 - b. Minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtainment of a minimum grade point average of 2.0.
3. Students must earn a C or better in all courses required for the major or area of emphasis. A P (Pass) grade is not an acceptable grade for courses in the major."

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

Students who complete this program should be able to:

1. Identify basic rock types and describe the formation environment.
2. Describe the geologic time scale and significant earth events that define eras, periods, and epochs.
3. Describe the unique tectonic evolution of California and its major geologic provinces.

REQUIRED COURSES		UNITS
GEOL 10L	Physical Geology	4
GEOL 11L	Historical Geology.....	4
CHEM 1A	General Chemistry.....	5
CHEM 1B	General Chemistry.....	5
MATH 1A	Single Variable Calculus 1 - Early Transcendentals	4
MATH 1B	Single Variable Calculus II - Early Transcendentals	4
TOTAL UNITS REQUIRED FOR DEGREE MAJOR		26

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

COURSES

GEOL10L **4 UNITS**

Physical Geology

TRANSFERABLE TO BOTH UC AND CSU
C-ID: GEOL 101
54 LECTURE HOURS
54 LAB HOURS

Physical geology introduces the processes that are at work changing the Earth today. Covers rocks and minerals, volcanoes, earthquakes and plate tectonics. It also examines how water and wind shape the Earth's surface. (L)

GEOL11L **4 UNITS**

Historical Geology

TRANSFERABLE TO BOTH UC AND CSU
C-ID: GEOL 111
54 LECTURE HOURS
54 LAB HOURS

Historical Geology is the study of the evolution of life and landforms through geologic time through the examination of the rock record. In this course one will learn how the study of fossils, rocks, tectonic processes, and geologic structures can provide us with information regarding Earth's geologic and biologic history. (L)

GEOL12 **3 UNITS**

Oceanography

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

General introduction to the basic principles of oceanography, including the study of geological, physical, and chemical oceanography. Topics will include the origin of Earth and the oceans, plate tectonics, marine provinces, sediment, seawater composition and geochemical distributions, surficial and deep-water oceanic circulation, waves, tides, coastal erosion and deposition, marine ecosystems and human's effects on the oceans. (L)

GEOL20 **3 UNITS**

Geology of California

TRANSFERABLE TO BOTH UC AND CSU
C-ID: GEOL 200
54 LECTURE HOURS

General introduction to the geological sciences with emphasis on the geology of California. Topics covered will include the tectonic provinces, landforms, natural resources, geologic history, natural hazards, and related geologic environmental problems in the state. (L)

GEOL40 **V1-2 UNITS**

Regional Geology - Sierra Nevada

TRANSFERABLE TO CSU ONLY
16.2 LECTURE HOURS AND 5.4 LAB HOURS (1 UNIT)
32.4 LECTURE HOURS AND 10.8 LAB HOURS (2 UNITS)

This field course focuses on the geology of the Sierra Nevada, with an emphasis on the tectonic and erosional history of the area. The course includes study of the various intrusive rocks and the minerals they contain, as well as the relative ages of the plutons. Glacial erosional and depositional processes will be discussed.

GEOL42 **V1-3 UNITS**

Regional Geology - California Volcanoes

TRANSFERABLE TO CSU ONLY
12 LECTURE HOURS AND 12 ACTIVITY HOURS (1 UNIT)
24 LECTURE HOURS AND 24 ACTIVITY HOURS (2 UNITS)
36 LECTURE HOURS AND 36 ACTIVITY HOURS (3 UNITS)

This field course provides an opportunity to explore a specific site of volcanic interest in California. The course will explore the tectonic setting, the rock cycle, weather and erosion, and topics specific to volcanoes. Trip location will vary depending on season and accessibility. Varying amounts of hiking will be required depending on the location. Students are responsible for the costs of meals, transportation, and camping or lodging.

GEOL43 **V1-3 UNITS**

Regional Geology - California Coasts

TRANSFERABLE TO CSU ONLY
16.2 LECTURE HOURS AND 5.4 LAB HOURS (1 UNIT)
32.4 LECTURE HOURS AND 10.8 LAB HOURS (2 UNITS)
48.6 LECTURE HOURS AND 16.2 LAB HOURS (3 UNITS)

This field course provides an opportunity to explore a specific area of coastal interest in California. The course will explore the tectonic setting, the rock cycle, weather and erosion, and topics specific to coastlines. Trip location will vary depending on season and accessibility. Varying amounts of hiking will be required depending on the location. Students are responsible for the costs of meals, transportation, and camping or lodging.

GEOL44 **V1-3 UNITS**

Regional Geology - California Deserts

TRANSFERABLE TO CSU ONLY
16.2 LECTURE HOURS AND 5.4 LAB HOURS (1 UNIT)
32.4 LECTURE HOURS AND 10.8 LAB HOURS (2 UNITS)
48.6 LECTURE HOURS AND 16.2 LAB HOURS (3 UNITS)

This course will explore one or multiple desert locations specific to California. Content will focus on specific features of geologic interest, and will include geographic features. Historical climates will also be considered as well as human impact and preservation.

GEOL45

V1-3 UNITS

Regional Geology - Field Trip

TRANSFERABLE TO CSU ONLY

16.2 LECTURE HOURS

5.4 LAB HOURS

This field course provides an opportunity to explore specific areas of geologic interest. Tectonic setting, sedimentary processes and rock formation will be emphasized. Trip location will vary depending on season and accessibility.

History

HISTORY

ASSOCIATE IN ARTS FOR TRANSFER

The Associate in Arts in History for Transfer degree provides students with the opportunity to complete the freshman/sophomore level classes needed for a Bachelors degree in History within the California State University System. Upon completion of the Associate in Arts in History for Transfer degree, students will be able to use knowledge of the past and accumulated analytical and critical thinking skills to gain perspective on current social, political, and economic dynamics and apply any conclusions about the past and present to the process of creating better local, national, and global societies.

History is a study of the past. The past not only defines our lives, society, and the world we live in today, but shapes the pathway to the future. Students of history study individuals, groups, communities, nations, people, and cultures from different times and places. Many different methods are applied to effectively learn about history. History students examine the past through different perspectives and apply various analytical techniques to raise questions and think critically about the past. In addition to learning about amazing events, history provides us with a better understanding of our present lives.

The Associate in Arts in History for Transfer requirements (as stated in SB 1440) requires students to also complete the following:

- Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University.
- The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education-Breadth Requirements.
- Obtainment of a minimum grade point average of 2.0.
- Earn a grade of C or better in all courses required for the major or area of emphasis.
- A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

Students who complete this program should be able to:

1. Demonstrate a breadth and depth of historical knowledge including but not limited to analysis of historical evidence to evaluate the causes and effects of key turning points in the human experience.
2. Examine the experiences of various people throughout time and space and their significance to global development.
3. Demonstrate an understanding of the ways in which modern day people are profoundly impacted by historical events and

how an appreciation of the past should inform how we approach contemporary issues.

REQUIRED COURSES

UNITS

Required Courses (6 units)

HIST 17A	United States History	3
HIST 17B	United States History	3

List A: Must complete 6 units from one of the following: History of Western Civilization 4A and 4B or World Civilizations 5A and 5B

Course Block Units: (6 Required):

HIST 4A	Western Civilization OR	3
HIST 5A	World Civilizations	3
HIST 4B	Western Civilization OR	3
HIST 5B	World Civilizations	3

List B: Must complete 3 semester units from Group 1 and 3 semester units from Group 2

Group 1: Select HIST 5A World Civilizations or HIST 5B World Civilizations if not already used in List A or select one course from the following:

HIST 7	Indians of North America	3
HIST 14	Asian-American History	3
HIST 15	Mexican-American History	3
HIST 16A	African-American History to 1865	3
HIST 16B	African-American History	3
HIST 29	Women in American History	3

Group 2: Select any course from List A if not already used or select one course from the following:

ANTHR 2	Cultural Anthropology	3
ECON 1A	Elementary Economics-Macro	3
ECON 1B	Elementary Economics-Micro	3
HUMAN 10	Introduction To Western Humanities	3
HUMAN 11	Art, Literature and Music in Humanities	3
POLSC 1	Introduction to American Government	3
POLSC 2	Comparative Politics	3
SOCIL 1	Introduction to Sociology	3
SOCIL 5	Sociology of Race and Ethnicity	3
HUMAN 31	Asian-American Humanities & Cultures OR	3
ASIAN 31	Asian-American Humanities and Cultures	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 18

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

HISTORY

ASSOCIATE IN ARTS

Upon completion of the Associate in Arts in History, students will be able to use knowledge of the past and accumulated analytical and critical thinking skills to gain perspective on current social, political, and economic dynamics and apply any conclusions about the past and present to the process of creating better local, national, and global societies.

History is a study of the past. The past not only defines our lives, society, and the world we live in today, but shapes the pathway to the future. Students of history study individuals, groups, communities, nations, people, and cultures from different times and places. Many different methods are applied to effectively learn about history. History students examine the past through different perspectives and apply various analytical techniques to raise questions and think critically about the past. In addition to learning about amazing events, history provides us with a better understanding of our present lives.

The Associate in Arts in History requires students to also complete the following:

(CONT'D FROM PREVIOUS PAGE)

- Completion of 60 semester units or 90 quarter units.
- Obtainment of a minimum grade point average of 2.0.
- Earn a grade of "C" or better in all courses required for the major or area of emphasis.
- A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district." Students who complete this program should be able to:
 1. Demonstrate a breadth and depth of historical knowledge including but not limited to analysis of historical evidence to evaluate the causes and effects of key turning points in the human experience.
 2. Examine the experiences of various people throughout time and space and their significance to global development.
 3. Demonstrate an understanding of the ways in which modern day people are profoundly impacted by historical events and how an appreciation of the past should inform how we approach contemporary issues.

REQUIRED COURSES	UNITS
Required Courses (6 units)	
HIST 17A United States History	3
HIST 17B United States History	3
List A: Must complete (6) units from the following:	
HIST 4A Western Civilization	3
HIST 4B Western Civilization	3
HIST 5A World Civilizations	3
HIST 5B World Civilizations	3
List B: Must complete 6 semester units of any history course (including List A courses, if not used above) or any non-history course from the humanities or social sciences related to history articulated as fulfilling CSU GE Area C or D:	
HIST 7 Indians of North America	3
HIST 14 Asian-American History	3
HIST 15 Mexican-American History	3
HIST 16A African-American History to 1865	3
HIST 16B African-American History	3
HIST 29 Women in American History	3
ECON 1A Elementary Economics-Macro	3
ECON 1B Elementary Economics-Micro	3
HUMAN 10 Introduction To Western Humanities	3
POLSC 1 Introduction to American Government	3
SOCIL 1 Introduction to Sociology	3
SOCIL 5 Sociology of Race and Ethnicity	3
TOTAL UNITS REQUIRED FOR DEGREE MAJOR	18

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

COURSES

HIST4A **3 UNITS**
Western Civilization
TRANSFERABLE TO BOTH UC AND CSU
C-ID: HIST 170
54 LECTURE HOURS

Broad historical study of the major elements of the western tradition from earliest times to the Eighteenth century. Introduction of ideas, values, and institutions basic to Western civilizations. (L)

HIST4B **3 UNITS**

Western Civilization

TRANSFERABLE TO BOTH UC AND CSU
C-ID: HIST 180
54 LECTURE HOURS

Historical study of the major elements of the western experience for the Eighteenth century to the present. Includes major political and social developments that have revolutionized the modern mode of human existence. (L)

HIST5A **3 UNITS**

World Civilizations

TRANSFERABLE TO BOTH UC AND CSU
C-ID: HIST 150
54 LECTURE HOURS

Survey of the experience of all peoples with vastly different cultures inhabiting a single globe. Emphasizes the emergence of human communities, formation of complex societies, development of major belief systems and interaction with the environment based on experience, knowledge, and technology to c. 1500. (L)

HIST5B **3 UNITS**

World Civilizations

TRANSFERABLE TO BOTH UC AND CSU
C-ID: HIST 160
54 LECTURE HOURS

This course covers the experiences of all the world's people from the early modern era to the present. Emphasis is upon the interaction of people with the environment based upon the development of technology and conflicts between traditional systems and new(er) orders. (L)

HIST7 **3 UNITS**

Indians of North America

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Survey history of Indians of the United States and Canada from pre-Columbian societies through European conquest to the modern day. (L)

HIST14 **3 UNITS**

Asian-American History

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Chronological study of Asian-Americans from the early immigrants to recent arrivals. Emphasis on Chinese, Kanaka, East Indian, Japanese, Korean, Filipino-Americans and the boat people (Cambodians, Laotians and Vietnamese). (L)

HIST15 **3 UNITS**

Mexican-American History

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Historical development of Mexican Americans from Mexican origin, settlement in the United States, to the present time. Emphasis is given to the pre-Columbian setting, the indigenous heritage, European conquest and legacy, distinctive colonial institutions, and the growth of independence movements in the United States and Mexico. Major political, social, economic, and cultural factors will be presented, focusing on the roles played by diverse peoples and cultures who share in the development of the United States and Mexico. Satisfies CSU Title 5, Section 40404, U.S. History, Constitution,

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

and American Ideals requirement when both HIST 15 and POLSCI 1 are completed. (L)

HIST16A **3 UNITS**

African-American History To 1865

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Survey of African-American history from pre-colonial period to the Civil War. (L)

HIST16B **3 UNITS**

African-American History

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Survey of African-American history from Civil War to the present. (L)

HIST17A **3 UNITS**

United States History

TRANSFERABLE TO BOTH UC AND CSU
C-ID: HIST 130
54 LECTURE HOURS

Survey of U.S. history tracing the political, social, economic, and cultural development of American ideals and actions from the Pre-Revolutionary Period through the Civil War and Reconstruction Eras. Satisfies CSU Title V, Section 40404, U.S. History, Constitution, and American Ideals requirement when both HIST 17A and POLSC 1 are completed. (L)

HIST17B **3 UNITS**

United States History

TRANSFERABLE TO BOTH UC AND CSU
C-ID: HIST 140
54 LECTURE HOURS

Political, social, economic, and cultural history of the United States from the Industrial Revolution to the present. Focuses on the ideals, decisions, forces, institutions, individuals, events, and processes that affected the continuity and change during this time. Satisfies CSU Title V, Section 40404, U.S. History, Constitution, and American Ideals requirement when both HIST 17B and POLSC 1 are completed. (L)

HIST29 **3 UNITS**

Women in American History

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

General introduction to the history of women in America from colonial times to the present. Emphasis on the changing political, economic, social and ethnic history. (L)

Health

HLTH1 **3 UNITS**

Health and Life Style Choices

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

This course focuses on health and wellness concepts important in making informed choices about one's physical, mental, and

emotional well-being. A personal approach to health and wellness will be explored through self-assessment and practical application to every day life. Topics such as fitness, obesity, weight management, nutrition, stress, substance use and abuse, prevention of diseases, sexual health, relationships, mental health, cardiovascular disease, cancer, and healthy aging will be discussed.

HLTH10 **3 UNITS**

Principles of Nutrition

TRANSFERABLE TO BOTH UC AND CSU
C-ID: NUTR 110
54 LECTURE HOURS

In-depth study of nutrients and their functions, chemical composition of foods and their utilization in the body. Course topics such as weight loss, sports nutrition, food safety, the diet-disease relationship, global nutrition, and individual's nutritional needs throughout the life cycle are emphasized. Course includes assessment of the student's own nutritional health.

HLTH13 **3 UNITS**

Nutrition and Life Fitness

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

The analysis and evaluation of current practices and theories regarding nutrition and exercise and their relationship to weight control and physical fitness. Individualized exercise prescription and nutritional analysis will be completed by each student. (L)

HLTH2 **1 UNIT**

First Aid/ Cardiopulmonary Resuscitation

TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS

Learn the skills needed for standard First Aid and Cardiopulmonary Resuscitation/AED. This course is highly recommended for volunteer coaches, parents, child care givers and individuals who are interested in helping save lives. Upon successful completion of the course, students may receive a Red Cross certification card. Students will have an additional fee to receive the American Red Cross CPR card.

HLTH3 **3 UNITS**

First Aid & CPR for Kinesiology Majors

TRANSFERABLE TO BOTH UC AND CSU
C-ID: KIN 101
54 LECTURE HOURS

This course involves the theory and detailed demonstration of the first aid care of the injured. The student will learn to assess a victim's condition and incorporate proper treatment. Standard first aid, CPR, and AED certification(s) will be granted upon successful completion of requirements. Grades are P/NP option.

HLTH4 **3 UNITS**

Psychosocial Health

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Explores how attitudes and emotions affect physical health along with emotional health, and how psychosocial health can play a role in prevention of disease. This class presents current research on the link between the mind and the body. (L)

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

HLTH5

3 UNITS

Sport Psychology**TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS**

Provides a concentrated study of human behavior in the context of participating in sport and how behavior (performance) is affected by other sources. Includes study about motivation, the brain's impact on performance, stress, goal setting, sport imagery and current research into sport performance.

Human services

CHEMICAL DEPENDENCY COUNSELOR

ASSOCIATE IN SCIENCE

Students who complete this program should be able to:

1. Perform clinical evaluations which is the systematic approach to screening and assessment of individuals thought to have a substance use disorder; being considered for admission to addiction-related services, or presenting in a crisis situation.
2. Develop treatment plans which are a collaborative process in which professionals and the client develop a written document that identifies important treatment goals; describes measurable, time-sensitive action steps toward achieving those goals with expected outcomes; and reflects a signed agreement between a counselor and client.
3. Provide client, family, and community education which is the process of providing clients, families, significant others, and community groups with information on risks related to psychoactive substance use, as well as available prevention, treatment, and recovery resources.
4. Uphold professional standards and ethical responsibilities which are the obligations of an addiction counselor to adhere accepted ethical and behavioral standards, conduct, and professional development.

REQUIRED COURSES	UNITS
HUSEV 20 Introduction to Chemical Dependency Studies.....	3
HUSEV 21 Introduction to Physiological/ Psychological Effects of Drugs of Addiction.....	3
HUSEV 22 Introduction to Development/ Progression of Addictive Patterns of Behavior.....	3
HUSEV 23 Basic Law/Ethics for Chem. Dep. Couns.	3
HUSEV 24 Case Management/Psychopathology	3
HUSEV 25 Basic Chemical Dependency Counseling	3
HUSEV 26A AND	
HUSEV 26B Supervised Field Work Practicum (Internship)	7

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 25

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

*Practicum consists of 300 hours, 255 hours field and 45 hours classroom, of specialized and supervised field work practice. Certification is by California Certification Board of Alcohol and Drug Counselors and requires additional extensive internships, usually completed during employment; qualifies a person for entry into a certified internship. The 255 practicum hours count toward further internship requirements.

The 255 practicum hours count toward further internship requirements.

COURSES

HUSEV10 **3 UNITS**

Introduction to Human Services

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Survey of human services and social work; an exploration of helping skills as applied to such human problems as poverty, parenting, education, substance abuse, illness, and mental health. (L)

HUSEV11 **3 UNITS**

Understanding Diverse Racial & Ethnic Cultures

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

An understanding of human dynamics and differences between people of diverse racial, ethnic and gender backgrounds will be discussed. Designed to generate sensitivity and appreciation of differences, eliminate barriers that get in the way of working with diverse populations and create a healthier and safer environment. (L)

HUSEV20 **3 UNITS**

Introduction to Chemical Dependency Studies

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Overview of major topics in the study of drug abuse and dependency, i.e.: history, drugs of abuse, models of prevention, addiction and treatment, and local and national policy. (L)

HUSEV21 **3 UNITS**

Introduction to Physiological and Psychological Effects of Drug Abuse

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

An introduction and overview focused on drug action and disposition of the major drugs of abuse: ethanol, marijuana, cocaine, amphetamines, PCP, LSD, and designer drugs. Drug testing and the National Institute of Drug Abuse Guidelines will be discussed. (L)

HUSEV22 **3 UNITS**

Introduction to the Development and Progression of Addictive Patterns of Behavior

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Introduction to the causes and development of addiction and co-dependency. Exploration of the process of denial, use of defense mechanisms, and the influences of the family. The sociological aspects of the addictive process will be explored and discussed. (L)

HUSEV23 **3 UNITS**

Legal and Ethical Aspects of Human Services

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Introduction to the legal/ethical responsibilities of human service workers and chemical dependency counselors, with emphasis on confidentiality and the legal concept of privilege. All federal/state laws regarding the counselor/client relationship, client rights, child abuse reporting, etc., will be discussed. Emphasis on the obligation of the counselors to the clients, their families and society. (L)

HUSEV24 **3 UNITS**

Introduction to Case Management

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Introduction to the mental health problems which affect substance abuse. Focus on the techniques of interviewing, case conceptualization, treatment planning, case management and relapse control in chemical dependency counseling. Familiarization with the DSM V and system of diagnosis approved by the American Psychiatric Association including differential diagnosis, prognosis and associated features. (L)

HUSEV25 **3 UNITS**

Basic Chemical Dependency Counseling

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Broad overview of the counseling methods used in treating chemical dependency. An introduction to counseling theories and specific techniques used in treatment, i.e., psycho-dynamic, behavioral, cognitive-behavioral, multi-modal, client-centered, couples and family counseling. Case histories and specific theories will be analyzed. (L)

HUSEV26A **2 UNITS**

Supervised Field Work Practicum

TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS
66 LAB HOURS

Introduction to supervised fieldwork practice, and the basic functions of human service work in a variety of settings, including substance related treatment services. Securing field placement in a human service agency. Orientation to the placement agency, including professional behavior and appearance, mock interviews, and observation of professionals in the field. Understanding the fieldwork recording and reporting requirements. Meets California Association of Alcoholism and Drug Abuse Counselors requirements. (L)

Prerequisite(s): HUSEV23

HUSEV26B **5 UNITS**

Supervised Field Work Practicum

TRANSFERABLE TO CSU ONLY
27 LECTURE HOURS
189 LAB HOURS

Supervised field work practice in a variety of settings that will introduce students to the various aspects of the field and will afford students the opportunity to develop and refine their knowledge and skills in chemical dependency counseling. Meets California Association of Alcoholism and Drug Abuse Counselor requirements. (L)

Prerequisite(s): HUSEV25, HUSEV26A

HUSEV28 3 UNITS**Skills and Techniques of Group Counseling****TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS

This course is designed to provide an overview of the basic skills and techniques used in group counseling and practices including ethical issues related to the field of group work. Topics included are communication skills in a group setting, theories of group counseling, best practices, guidelines and diversity issues. Grades are P/NP option.

HUSEV30 1 UNIT**Adult Children of Alcoholics****TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS

Exploration of techniques, concepts and behavioral guidelines for identifying the consequences of parental alcoholism/addiction. Principles of modeling, shaping, reinforcement and extinction of dysfunctional behavioral patterns learned in childhood will be described. (L)

HUSEV31 1 UNIT**Family Treatment Approaches****TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS

An introductory examination of the family systems approach in chemical dependency counseling as it relates to dysfunctional, addictive families. (L)

HUSEV32 1 UNIT**Relationship Addiction/Co-Dependency****TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS

Identification of co-dependent behavior and the effects of these behaviors on relationships; assessment of healthy vs. unhealthy relationships on a continuum. Special emphasis on co-addiction and the roles of co-dependent family members. (L)

HUSEV33 1 UNIT**Self-Awareness: The Key To Non-Addictive Behavior****TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS

Emphasis on techniques to build a healthy relationship with oneself as fundamental for releasing addictive behavior patterns and guard against counselor burnout. Grades are P/NP option. (L)

HUSEV35 1 UNIT**Addiction and Domestic Violence****TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS

An overview of factors contributing to and eliciting explosive behavior responses in adults and children where substance abuse occurs in the home. Grades are P/NP option. (L)

Humanities

Humanities is the study of making connections, a quest to understand "life in all of its manifestations." Art, sculpture, architecture, myth, religion, music, philosophy, and literature all provide a mirror to reflect the characteristics of a culture, its values, themes, and visions. Each is part of the web of life, giving insight into the totality.

Humanities seeks to explore the vital creativity and instinct of artists who brought about new insights in emerging cultures, the creative geniuses that helped to forge innovative ideas and modes of understanding, the creation and focus of religions that tapped the depths of the human spirit, philosophies and modes of thinking that shaped the consciousness of humankind, and the architecture that brought new ideas to form.

COURSES

HUMAN5 3 UNITS**Art Appreciation****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

Introduction to art appreciation with an emphasis on basic 2D, 3D, and film mediums and their relationship to humanities. Historical and contemporary work with a multicultural focus will be emphasized. (L)

HUMAN10 3 UNITS**Introduction To Western Humanities****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

Learning the habit of making connections through integration of the arts, architecture, music, literature, philosophy, religion and history from pre-history to the Medieval Age. (L)

HUMAN11 3 UNITS**Art, Literature and Music in Humanities****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

Art, literature, and music in the humanities, from the Middle Ages through the twentieth century. (L)

HUMAN20 3 UNITS**Introduction To World Myth****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

Compares and contrasts ethnic and universal messages of myth. Explores life's great themes across many cultures. This class will cover myths from around the world, including at least four of the following cultures each semester: India, Mesopotamia, Africa, North and South America, Celtic, Nordic, East Asia, and others. (L)

HUMAN26A**3 UNITS****Women in Art I****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

The role of women as artists in the western world, beginning in the middle ages and concluding in the Twentieth Century art world. Grades are P/NP option.

HUMAN26B**3 UNITS****Women in Art II****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

Role of women as visual artists in Europe and the Americas, focusing on the Twentieth Century. Grades are P/NP option.

HUMAN31**3 UNITS****Asian-American Humanities & Cultures****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

Survey of Asian-American cultures, including religions, traditions, and some highlights of history. (L)

HUMAN34**3 UNITS****Introduction To Film****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

Study of film as art and its influence on society, including interpretation, criticism, and technical developments; students view and discuss full-length feature films. (L)

Internship

COURSES

INTRN45A**V0.5-8 UNITS****First Semester Internship****TRANSFERABLE TO CSU ONLY**
30 LAB HOURS

Coordination of introductory on-the-job learning within a career path and college major to improve employment skills and career opportunities through supervised paid employment or volunteer experience.

INTRN45B**V0.5-8 UNITS****Second Semester Internship****TRANSFERABLE TO CSU ONLY**
30 LAB HOURS

Coordination of intermediate on-the-job learning within a career path and college major to improve employment skills and career opportunities through supervised paid employment or volunteer experience, progressive from the first semester. Students may enroll in 1-8 units.

Prerequisite(s): INTRN45A, INTRN46, CWEE45A, CWEE45B**INTRN45C****V0.5-8 UNITS****Third Semester Internship****TRANSFERABLE TO CSU ONLY**
30 LAB HOURS

Coordination of intermediate on-the-job learning within a career path and college major to improve employment skills and career opportunities through supervised paid employment or volunteer experience, progressive from the first and second semesters.

Prerequisite(s): INTRN45B**INTRN45D****V0.5-8 UNITS****Fourth Semester Internship****TRANSFERABLE TO CSU ONLY**
30 LAB HOURS

Coordination of advanced on-the-job learning within a career path and college major to improve employment skills and career opportunities through supervised paid employment or volunteer experience, progressive beyond the first through third semesters. Students may enroll in 1-8 units.

Prerequisite(s): INTRN45C

Kinesiology

KINESIOLOGY

ASSOCIATE IN ARTS FOR TRANSFER

The Associate in Arts in Kinesiology for Transfer degree is designed to prepare students with the opportunity to complete their freshman/sophomore level classes required for a Bachelor's degree in Kinesiology within the California State University System (CSU). Upon completion of the Associate in Arts in Kinesiology degree, students will be prepared for transfer to a CSU for studies in Physical Therapy, Kinesiology, Pre-Medicine, and Exercise Science programs.

Associate in Arts in Kinesiology for Transfer requirements (as stated in SB1440 law) requires students to also complete the following:

- a minimum of 18 semester units in the major or area of emphasis as determined by the community college district
- 60 semester CSU transferable units
- California State University General Education-Breadth (CSU GE-Breadth) pattern of 39 units; OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern of 37 units.
- Obtainment of a minimum grade point average (GPA) of 2.0.
- Earn a grade of "C" or better in all courses required for the major or area of emphasis.

Students who complete this program should be able to:

1. Examine and evaluate physical activities and their relationship to wellness and fitness.
2. Demonstrate proficiency of skills needed in activities commonly included in human movement programs.
3. Analyze theoretical approaches and major concepts of health and nutrition.
4. Demonstrate knowledge and apply the fundamental rules and regulations of a variety of sports.

(CONT'D ON NEXT PAGE)

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 21.5-24.5

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

KINESIOLOGY

ASSOCIATE IN ARTS

The Kinesiology Associate in Arts degree provides an opportunity for students to explore the areas of health, fitness, and kinesiology. This degree is designed to provide an introductory foundation in these areas and to prepare students for life in the global community by developing a core of knowledge, skills and attitudes essential for personal and professional success. The health and nutrition courses emphasize practical and theoretical knowledge necessary for maintenance of physical and mental health. Students will develop and learn to promote an active and healthy life style. This Kinesiology AA does not guarantee transfer to a CSU or UC.

This degree in Kinesiology can lead to job opportunities in personal training, health education, coaching and employment at fitness clubs. Students transferring to a four year institution are advised to meet with a counselor for appropriate specific general education course requirements needed for the many careers associated with a Kinesiology degree before selecting courses."

Students who complete this program should be able to:

1. Examine and evaluate physical activities and their relationship to wellness and fitness.
2. Demonstrate proficiency of skills needed in activities commonly included in human movement programs.
3. Analyze theoretical approaches and major concepts of health and nutrition.
4. Demonstrate knowledge and apply the fundamental rules and regulations of a variety of sports.

REQUIRED COURSES UNITS**Select four courses from:**

KINES 7	Adapted Weight Training and Fitness.....	1.5
KINES 9	Adapted Weight Trng & Rec Activities.....	1.5
KINES 10	Adapted Yoga and Cardio Fitness.....	1.5
KINES 21A	Analysis of Softball: Offense.....	2
KINES 21B	Analysis of Softball: Defense.....	2
KINES 22	Analysis of Basketball.....	2
KINES 24	Analysis of Football.....	2
KINES 28	Analysis of Soccer.....	2
KINES 29A	Analysis of Baseball: Offense.....	2
KINES 29B	Analysis of Baseball: Defense.....	2

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 21

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

COURSES

KINES1.21 1.5 UNITS

Aerobic Exercise

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
13.5 LECTURE HOURS
40.5 LAB HOURS

Aerobic exercise designed to develop and/or maintain cardiovascular endurance, muscular strength, flexibility, and coordination through the use of continuous vigorous movements. Fitness knowledge and nutritional practices will be presented.

KINES1.22 1.5 UNITS

Step Aerobics

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
13.5 LECTURE HOURS
40.5 LAB HOURS

Step aerobic exercise designed to develop and/or maintain cardiovascular fitness and endurance, muscular strength and endurance, flexibility, and coordination. Includes fitness and general health analysis and safety procedures.

KINES1.24 1.5 UNITS

Bowling

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
13.5 LECTURE HOURS
40.5 LAB HOURS

Coeducational bowling; the techniques and skills of bowling; emphasis on fundamentals, rules, and etiquette.

KINES1.25 1.5 UNITS

Badminton

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
13.5 LECTURE HOURS
40.5 LAB HOURS

Skills and fundamentals in individual and doubles play with an emphasis on rules and etiquette. Grades are P/NP option.

KINES1.26 1.5 UNITS

Body Toning

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
13.5 LECTURE HOURS
40.5 LAB HOURS

A full body conditioning and strengthening workout, improving functional strength, flexibility and coordination. Strategies for improving vital core strength. Includes physical fitness analysis, fitness and nutrition, and safety procedures. Grades are P/NP option.

KINES1.27 1.5 UNITS

Fitness Walking/Jogging

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
13.5 LECTURE HOURS
40.5 LAB HOURS

Individualized walking/jogging program designed to improve cardiovascular endurance and muscular strength. Emphasis is on lifetime fitness including principles of nutrition, fitness and safety. Grades are P/NP option.

KINES1.31 1.5 UNITS

Golf-Beginning

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
13.5 LECTURE HOURS
40.5 LAB HOURS

Introduction to the basic knowledge and skills of golf, including rules, history, etiquette and the fundamental mechanics involved in the use of irons and woods. Grades are P/NP option.

KINES1.33 1.5 UNITS

Golf-Advanced

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
13.5 LECTURE HOURS
40.5 LAB HOURS

Advanced golf techniques will be covered in this course., including proper club selection, chipping, driving and putting. Students learn good course management while developing their short and long game. Grades are P/NP option.

KINES1.34 1.5 UNITS

Boot Camp Fitness

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
13.5 LECTURE HOURS
40.5 LAB HOURS

Designed to provide the student with a physically intense and challenging fitness class. Training exercise used will include jogging, interval training, obstacle course and a variety of calisthenics designed to enhance muscular strength and endurance. In addition, students will be challenged to understand and apply fitness training principles. The students will train individually, with a partner, and/or in a team setting. Grades are P/NP option.

KINES1.36 1.5 UNITS

Yoga

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
13.5 LECTURE HOURS
40.5 LAB HOURS

The history of yoga and development of basic Yoga postures, breathing practices, stretching, and relaxation techniques as a method to improve flexibility, decrease stress and improve physical and mental well-being. Grades are P/NP option.

KINES1.37 1.5 UNITS

Club Fitness

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
13.5 LECTURE HOURS
40.5 LAB HOURS

Individualized introductory exercises using treadmills, stationary bikes, rowing machines, and step machines for developing fitness levels. Physical fitness assessment and analysis is performed. Development of individualized fitness and wellness programs.

KINES1.42 1.5 UNITS

Dance Techniques-Beginning

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
13.5 LECTURE HOURS
40.5 LAB HOURS

Introduction to individual techniques of various dance : waltz, foxtrot, jitterbug, rumba, cha-cha, polka, country swing, and two-step. Grades are P/NP option.

KINES1.43 1.5 UNITS**American Style Swing and Latin Dance****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

Introduction to the four most popular swing dances: East Coast Swing, West Coast Swing, Hustle, and either Jive or Lindy, and four of the most popular Latin dances: Cha Cha, Salsa, Samba, and Tango. Grades are P/NP option.

KINES1.57 1.5 UNITS**Weight Training-Beginning****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

Individualized weight training program designed to improve muscular strength and endurance. Emphasis is on lifetime fitness including principles of nutrition, fitness, and safety. Grades are P/NP option.

KINES1.57B 1.5 UNITS**Weight Training-Intermediate****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

Individual weight conditioning for intermediate level students. Emphasis will be on learning proper use of machines, free weights, cables and stretching routines. Instruction on form, technique, safety, and muscle development. Participation will increase muscle size, strength, and endurance.

KINES1.59 1.5 UNITS**Weight Training-High Intensity****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

High intensity training involving lifting light weights at higher speeds. Circuit training using several machines, or stations, and lighter weights will be the typical workouts. Weight training methods and circuit training will be combined to improve aerobic fitness and muscular endurance. Basic nutrition and fitness principles will be covered. Grades are P/NP option.

KINES1.71 1.5 UNITS**Basketball****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

This is an introductory course to the game of basketball. This course is designed to introduce basic basketball skills, techniques and rules. Emphasis will be placed on fundamentals, etiquette and strategies, as well as an appreciation for a lifetime activity.

KINES1.75 1.5 UNITS**Soccer****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

Techniques, skills, rules, conditioning, and drills for soccer.

KINES1.76 1.5 UNITS**Advanced Soccer****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

Advanced techniques of soccer including skills and conditioning used to prepare for competitive play.

KINES1.77 1.5 UNITS**Volleyball-Beginning****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

Fundamental skills and techniques for beginning volleyball play including: history, rules of play, officiating, and beginning level offensive and defensive strategies. Grades are P/NP option.

KINES1.78 1.5 UNITS**Grass Doubles Volleyball****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

Fundamental skills and techniques for outdoor grass doubles volleyball, including history, rules of play, officiating, and offensive and defensive strategies. Grades are P/NP option.

KINES1.79 1.5 UNITS**Volleyball-Intermediate****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

Fundamental skills and techniques for intermediate volleyball, including history, the rules of play, officiating, and offensive and defensive strategies. Grades are P/NP option.

KINES3 1.5 UNITS**Adapted Physical Education Gen Cond****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

Introduction to adapted physical education for students with disabilities. Provides students with the opportunities to obtain the benefits of improved physical fitness through an individualized program of exercise. Principles of fitness and nutrition. Students with disabilities will be required to show proof of disability from a physician. Grades are P/NP option.

KINES4 1.5 UNITS**Low Impact Fitness****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

Individualized exercise prescription for persons with disabilities in various stages of wellness who are seeking opportunities to improve their fitness levels. Program includes exercises to improve posture, aerobics, flexibility, strength, and balance. Students with disabilities will be required to show proof of disability from a physician. Grades are P/NP option.

KINES6 1.5 UNITS**Adapted Total Fitness****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

This is a general physical fitness course specifically intended for students with disabilities. Students will be given an opportunity to engage in a personalized program of exercise that promotes and develops overall physical fitness. Principles of fitness and nutrition. Students with disabilities will be required to show proof of disability from a physician. Grades are P/NP option.

KINES7 1.5 UNITS**Adapted Weight Training and Fitness****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

This course is designed as an introduction to progressive resistance weight training for students with disabilities. Students will engage in an individualized program of exercise that promotes knowledge of fitness principles and basic anatomy, the development of cardiovascular respiratory and muscle endurance, muscle strength and flexibility, and a healthy body composition. Students with disabilities will be required to show proof of disability from a physician. Emphasis will be placed on training fundamentals, technique, conditioning, and safety. Grades are P/NP option.

KINES9 1.5 UNITS**Adapted Weight Training and Recreational Activities****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

Adapted strength training techniques and methods to improve overall muscular endurance and fitness. Additionally specific modified activities, games and sports will be experienced by the student to enhance their participation in life-long activities designed to improve self-esteem, social interaction and fitness. Activities include but are not limited to bocci ball, volleyball, frisbee games, pickle ball, horseshoes and basketball. Principles of fitness and nutrition. Students with disabilities will be required to show proof of disability from a physician. Grades are P/NP option.

KINES10 1.5 UNITS**Adapted Yoga and Cardio Fitness****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
13.5 LECTURE HOURS
40.5 LAB HOURS

Adapted Yoga and Cardio Fitness methods and techniques modified to individual needs and disabilities. Skills and techniques utilized to improve relaxation, flexibility, core stabilization and cardiovascular fitness. Principles of fitness and nutrition. Students with disabilities will be required to show proof of disability from a physician. Grades are P/NP option.

KINES20 3 UNITS**Introduction to Kinesiology****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
C-ID: KIN 100
54 LECTURE HOURS

This course provides an introduction to the interdisciplinary approach to the study of human movement. It provides an orientation to various educational pathways, requirements, and career opportunities in kinesiology in the areas of teaching, coaching, allied health, and fitness professions. Basic concepts of the kinesiology discipline and the importance of the sub-disciplines are discussed.

KINES21A 2 UNITS**Analysis of Softball: Offense****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
36 LECTURE HOURS

Study and analysis of the various phases of softball offense, including philosophy, mental approach, hitting, and base running.

KINES21B 2 UNITS**Analysis of Softball: Defense****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
36 LECTURE HOURS

Analysis and study of the various phases of softball defense, including philosophy, fielding, pitching, mental approach, catching, and positions.

KINES22 2 UNITS**Analysis of Basketball****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
36 LECTURE HOURS

Study and analysis of offensive and defensive basketball, including strategies and theory. Current techniques of shooting, passing, dribbling, footwork along with the application of scouting to competitive play.

KINES24 2 UNITS**Analysis of Football****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
36 LECTURE HOURS

Analysis of offensive and defensive football, including philosophy and strategies; current techniques of passing, blocking, and tackling along with practical application of scouting.

KINES26 3 UNITS**Care and Prevention of Athletic Injuries****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
45 LECTURE HOURS
27 LAB HOURS

An introduction to the treatment and prevention of specific athletic injuries. This course will cover the identification of injuries, proper treatment after they occur, and preventative measures. Establishing effective health care systems.

KINES28 **2 UNITS****Analysis of Soccer****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
36 LECTURE HOURS

Study and analysis of various phases of soccer, including laws, fundamentals, offensive and defensive strategy, and different soccer.

KINES29A **2 UNITS****Analysis of Baseball: Offense****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
36 LECTURE HOURS

Study and analysis of various phases of baseball offense, including fundamental skills of hitting and base running, and analysis of offensive statistics.

KINES29B **2 UNITS****Analysis of Baseball: Defense****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT**
36 LECTURE HOURS

Study and analysis of various phases of baseball defense, including fundamental skills of fielding, pitching and positioning, and analysis of defensive statistics.

Learning and Development

COURSES

LEARN155 **2 UNITS****Beginning Assistive Computer Technology****18 LECTURE HOURS**
54 LAB HOURS

Designed for students with disabilities who have limited computer experience. Focus is on use of keyboard/mouse, personal data storage, basic MS Word, use of MyCampus Portal and Canvas, internet use, educational websites, and software for independent learning. Incorporates an overview of currently available assistive computer technology used to meet the educational needs of students with physical, learning, and cognitive impairments. Grades are P/NP option.

LEARN156 **2 UNITS****Intermed Assistive Computer Technology****18 LECTURE HOURS**
54 LAB HOURS

Designed for students with disabilities in need of assistive computer technology to ensure equal access to college materials and improved efficiency on academic tasks. Prepares student for independent use of current technologies available in college computer labs, modern work environments, and personally adapted home computer systems. Recommendation: basic reading/writing skills and familiarity with computers. Grades are P/NP option.

LEARN174 **3 UNITS****Basic Math Facts and Operations****36 LECTURE HOURS**
54 LAB HOURS

Mastery of basic mathematical facts of addition, subtraction, multiplication, and division; basic operations with whole numbers, and addition and subtraction of like fractions. Grades are P/NP option.

LEARN180 **3 UNITS****Reading and Writing Development****54 LECTURE HOURS**

Designed especially for students with disabilities and others who have difficulty learning by traditional methods. Introductory course in basic reading/writing development in preparation for subsequent coursework requiring academic language arts skills. Emphasis on exploring current perception as a reader/writer, utilizing strategies for improved reading comprehension, understanding sentence/paragraph structure, building skills in mechanics of writing, and expanding vocabulary. This class will incorporate the use of educational technology to accelerate learning and as a tool for raising efficiency of reading/writing tasks. Recommendation: Basic reading/writing skills, familiarity with computers, and readiness for college participation.

LEARN251 **1 UNIT****Academic Evaluation****18 LECTURE HOURS**

Designed for students who wish to better understand their individual spectrum of learning aptitudes including current achievement levels. Eligibility for academic accommodations may be considered based on testing information using step-by-step guidelines mandated by the California Community College System. Grades are P/NP option.

LEARN515 **0 UNITS****Academic Strategies****36 LECTURE HOURS**

Designed especially for students with disabilities and others who have difficulty learning by traditional methods. Opportunity provided for self-analysis, acquisition, and application of learning strategies through a hands-on approach with guided practice. Strategies include: time management, organization, memory, listening, note taking, textbook reading, and test preparation. Emphasis on self-advocacy and use of appropriate accommodations including assistive technology. Recommendation: Basic reading/writing skills, familiarity with computers, and a readiness for college participation.

LEARN518 **0 UNITS****Workforce Reading and Writing Skills****36 LECTURE HOURS**
54 LAB HOURS

Designed for students with disabilities, learning differences, and/or a history of difficulty developing reading/writing skills. Review of basic skills in written language in preparation for entering the workforce. Emphasis on building competency in reading comprehension and writing proficiency typically needed for success in vocational and/or entry level employment. May incorporate use of assistive computer technology. Recommendation: Basic reading/writing skills, familiarity with computers, and a readiness for college participation.

LEARN551

0 UNITS

Academic Evaluation

18 LECTURE HOURS

Designed for students who wish to better understand their individual spectrum of learning aptitudes including current achievement levels. Eligibility for academic accommodations may be considered based on testing information using step-by-step guidelines mandated by the California Community College system.

LEARN555

0 UNITS

Beginning Assistive Computer Technology

18 LECTURE HOURS

54 LAB HOURS

Designed for students with disabilities who have limited computer experience. Focus is on use of keyboard/mouse, personal data storage, basic MS Word, use of MyCampus Portal and Canvas, internet use, educational websites, and software for independent learning. Incorporates an overview of currently available assistive computer technology used to meet the educational needs of students with physical, learning, and cognitive impairments.

LEARN556

0 UNITS

Intermed Assistive Computer Technology

18 LECTURE HOURS

54 LAB HOURS

Designed for students with disabilities in need of assistive computer technology to ensure equal access to college materials and improved efficiency on academic tasks. Prepares student for independent use of current technologies available in college computer labs, modern work environments, and personally adapted home computer systems. (C)

LEARN575

0 UNITS

Workforce Mathematics

36 LECTURE HOURS

54 LAB HOURS

Designed for students with learning differences and a history of difficulty in mathematics. Review of basic math skills in preparation for the workforce and/or career technical education. Emphasis on math calculations and situational word problems encountered in vocational employment. Recommendation: Basic reading/writing skills, familiarity with computers, and a readiness for college participation.

LEARN590A

0 UNITS

Supervised Tutoring for College Success Center

1-162 LAB HOUR(S)

Individualized and group assistance in specific courses.

LEARN590B

0 UNITS

Supervised Tutoring in Writing

1-162 LAB HOUR(S)

Individualized and small group assistance for reading and writing in courses across the curriculum.

LIBRARY SCIENCE

COURSES

LIBSC1

1 UNIT

Basic Research Skills

TRANSFERABLE TO BOTH UC AND CSU

18 LECTURE HOURS

This course will help students acquire beginning information literacy skills necessary to conduct academic or personal research. It provides a step-by-step guide to the research process that is applicable to term papers, course work, and life-long learning. It emphasizes developing effective search strategies, selecting information tools, locating and retrieving information sources, analyzing and critically evaluating information, and using information. Grades are P/NP option. (L)

Manufacturing Technology

MANUFACTURING TECHNOLOGY/MACHINING

ASSOCIATE IN SCIENCE

The A.S. in Manufacturing Technology is a comprehensive program of instruction designed to develop knowledge of scientific principles, mathematical concepts, and technical skills. The program will provide students with laboratory experiences found in machining, welding, and related technologies. These experiences will enable the student to enter industry with problem-solving skills in design, production planning, materials handling, quality control, inspection, and programming with computer-aided controls. The student, upon the successful completion of the program, will have entry-level job skills.

Students who complete this program should be able to:

1. Demonstrate knowledge of proper working habits and safety practices in an industrial environment
2. Demonstrate skill in the use of manual machine tools including: lathes, mills, drilling machines, grinding machines, and inspection tools.
3. Demonstrate skilled use of Advanced Manufacturing tools such as: Computer aided Design, Computer aided Manufacturing, CNC Milling Centers, CNC Turning Centers, inspection and measurement tools..
4. Demonstrate knowledge of interpreting shop drawings and prints.

(CONT'D FROM PREVIOUS PAGE)

REQUIRED COURSES	UNITS
DRAFT 20 Blueprint and Specifications Reading	3
MFGT 20 Principles of Machine Shop	3
MFGT 21 Intermediate Machine Shop	4
DRAFT 30 Technical Drawing with AutoCAD	3
MFGT 34 Computer Numerical Control	4
MFGT 35 Computer Aided Manufacturing	3
MFGT 60 Problems in Manufacturing Technology	3
Plus 7 additional units from the following:	
WELD 10 Introduction To Shielded Metal Arc Welding (SMAW)	4
WELD 20 Introduction To Gas Metal Arc Welding (GMAW)	4
WELD 83 GMAW/GTAW Production Welding	4
AUTO 22 Hydraulics (Fluid Power)	3
WELD 85 Structural Design and Fabrication	4
TOTAL UNITS REQUIRED FOR DEGREE MAJOR	30

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

MANUFACTURING TECHNOLOGY/MACHINING CERTIFICATE OF ACHIEVEMENT

Manufacturing Technology is a comprehensive program of instruction designed to develop knowledge of scientific principles, mathematical concepts, and technical skills. It includes laboratory experiences found in machining, welding, and related technologies. These experiences will enable the student to enter industry with problem-solving skills in design, production planning, materials handling, quality control, inspection, and programming with computer numerical controls. The student, upon the successful completion of the program, will have a job-entry skill.

Students who complete this program should be able to:

1. Demonstrate knowledge of proper working habits and safety practices in an industrial environment
2. Demonstrate skill in the use of manual machine tools including: lathes, mills, drilling machines, grinding machines, and inspection tools.
3. Demonstrate skilled use of Advanced Manufacturing tools such as: Computer aided Design, Computer aided Manufacturing, CNC Milling Centers, CNC Turning Centers, inspection and measurement tools.
4. Demonstrate knowledge of interpreting shop drawings and prints.

REQUIRED COURSES	UNITS
MFGT 20 Principles of Machine Shop	3

MFGT 34 Computer Numerical Control	4
MFGT 60 Problems in Manufacturing Technology	3
DRAFT 30 Technical Drawing with AutoCAD	3
AUTO 22 Hydraulics (Fluid Power)	3
MFGT 35 Computer Aided Manufacturing	3

Plus 4 additional units from the following:	
WELD 10 Introduction to Shielded Metal Arc Welding (SMAW) OR	4
WELD 20 Gas Welding OR	4
WELD 10 Introduction to Gas Arc Welding (GMAW)	4

TOTAL UNITS REQUIRED **27**

COURSES

MFGT20 **3 UNITS**

Principles of Machine Shop

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

Basic set-up and operation of the Engine Lathe, Vertical Milling Machine, Drilling machines, Bandsaws, and grinding machines. Emphasis will also focus on precision measurement. The course includes tooling selection for the above machines. Introduction to computer numerical control is included. Safety in all aspects of machining. (L,M)

MFGT21 **4 UNITS**

Intermediate Machine Shop

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS
54 LAB HOURS

Intermediate level machine shop, with focus on precision layout and safety practices, the set-up and operation of the vertical milling machine, the horizontal milling machine, and the engine lathe. Special emphasis on the concept of fits and development of skills acquired in MFGT-20 or equivalent. Students will produce a machined mechanical object using the machine shop.

Prerequisite(s): MFGT20

MFGT34 **4 UNITS**

Computer Numerical Control

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS
54 LAB HOURS

Manual programming of computer numerically controlled machine tools and processes, using the standard g-code format. Programs will include linear interpolation, circular interpolation, and helical interpolation. Canned cycles and macros are also used.

MFGT35 **3 UNITS**

Computer Aided Manufacturing

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

The use of a CAM (Computer Aided Manufacturing) software system to learn about Features, solids, geometry, and surfaces in the production of parts through the use of a CNC lathe and milling machine. (C)

Prerequisite(s): MFGT34

MFGT50 **3 UNITS**

Principles of Programmable Logic Controllers

36 LECTURE HOURS
54 LAB HOURS

This course introduces basic concepts of Programmable Logic Controllers (PLC) use and applications including PLC programming, installation, operation and troubleshooting, as well as basic communications and logic operations. Students will program and build PLC systems with emphasis on practices used in the manufacturing industry. Grades are P/NP option.

MFGT51 **3 UNITS**

Industrial Electronics Systems

36 LECTURE HOURS
54 LAB HOURS

This course covers basic AC/DC circuit principles and practices. Students will explore areas of electrical and electronic circuits including: circuit theory, components, circuit construction and analysis, soldering techniques, proper test equipment usage, troubleshooting methodology, and applications in various technical fields. This course discusses the elements and applications of electricity that are common to any industrial facility. This course also covers applications in accordance with the National Electric Code (NEC). Grades are P/NP option.

MFGT55 **4 UNITS**

Principles of Material Science

54 LECTURE HOURS
54 LAB HOURS

This is an introductory course to the properties and performance of materials used in the Manufacturing and Welding industries. Knowledge of material properties is used to understand the behavior and structure of engineering materials. Hands-on laboratory activities include the testing of metals, polymers, composites, wood, and other materials. Not intended to satisfy Engineering requirements.

MFGT60 **3 UNITS**

Problems in Manufacturing Technology

36 LECTURE HOURS
54 LAB HOURS

Analysis of special problems in manufacturing. Study in specialized areas of manufacturing technology with project goals and production paths determined in a team setting. Learning will be applied to problem solving and to product creation. (C)

MFGT62 **3 UNITS**

Advanced Machine Shop

36 LECTURE HOURS
54 LAB HOURS

This is an advanced course in machining, which encompasses tool & cutter grinding, part design using a turret lathe, and a tracing lathe. Concepts that will also be covered are aspects of surface grinding and EDM machining. (L,M)

Mass Communications

MASS COMMUNICATIONS

ASSOCIATE IN ARTS

Students who complete this program should be able to:

1. Demonstrate effective speaking, writing, and listening skills for communication in personal, public, and media areas.
2. Demonstrate the ability to observe events, gather information, write news reports and news releases, report on events, and edit other people's writings.
3. Demonstrate the ability to understand the media critically and recognize how media shape and are shaped by politics, society, culture, economics, and daily lives.
4. Demonstrate the ability to recognize the power of persuasion and ethical responsibilities of communicators in communication at all levels.

REQUIRED COURSES	UNITS
MCOMM 2 Introduction to Mass Communication.....	3
MCOMM 4 Studio Video Production.....	3
MCOMM 5 Electronic Movie Making.....	3
MCOMM 6 Sound Recording and Production.....	3
MCOMM 8 Introduction to Media Writing OR	3
MCOMM 19 News Writing and Reporting.....	3
MCOMM 14 Advanced Studio Video Production OR	3
MCOMM 20L Newspaper Production.....	3-4
MCOMM 15 Field Video Production.....	3
MCOMM 17 Television Remote Production.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR **24**

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

MINIMUM UNITS REQUIRED	21

COURSES

MCOMM2 **3 UNITS**

Introduction to Electronic Media

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

This course introduces the history, structure, function, economics, content and evolution of radio, television, film, the Internet, and new media, including traditional and mature formats. The social, political, regulatory, ethical and occupational impact of the electronic media are also studied. (L)

MCOMM3 **3 UNITS**

Exploring American Television

TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS

Students explore new trends in television production and distribution in American TV. Potential genres include situation comedy, crime drama, western, legal drama, sci-fi, medical drama and reality TV. Content will be analyzed from a variety of perspectives including social, cultural, political, historical, and economic to explore how television impacts culture and the individual. Grades are P/NP option.

MCOMM4 **3 UNITS**

Beginning TV Studio Production

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

This course introduces theory, terminology and operation of a multi-camera television studio and control room. Topics include studio signal flow, directing, theory and operation of camera and audio equipment, switcher operation, fundamentals of lighting, graphics, video control and video recording, and real-time video production. (L,C)

MCOMM5 **3 UNITS**

Beginning Motion Picture Production

TRANSFERABLE TO BOTH UC AND CSU
36 LECTURE HOURS
54 LAB HOURS

This course provides an introduction to the theory, terminology, and process of motion picture production for film and television. Topics include basic cinematography including the operation, function and creative uses of production and post-production equipment, scriptwriting, camera operation, shot composition, lighting, sound recording and mixing, and editing. (L,C)

MCOMM6 **3 UNITS**

Beginning Audio Production

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

This course serves as an introduction to the theory and practice of audio production for radio, television, film and digital recording applications. Students will learn the fundamentals of sound design and aesthetics, microphone use, and digital recording equipment. Students gain hands on experience recording, editing, mixing and mastering audio. Upon completion, students will have basic knowledge of applied audio concepts, production workflow, equipment functions, and audio editing software. (L,C)

MCOMM8 **3 UNITS**

Introduction to Media Writing

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Basic introductory course in writing for the film and electronic media. Emphasis on preparing scripts in proper formats, including fundamental technical, conceptual and stylistic issues related to writing fiction and non-fiction scripts for informational and entertainment purposes. Includes a writing evaluation component as a significant part of the course requirement. (L,C)

MCOMM14 **3 UNITS**

Advanced Studio Video Production

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

Advanced technical operation and creative use of television studio equipment. Techniques of production, use of cameras, lighting, sound, titling, video recording, and video switching effects. (L)

Prerequisite(s): MCOMM4

MCOMM15 **3 UNITS****Beginning Single Camera Production****TRANSFERABLE TO CSU ONLY**
36 LECTURE HOURS
54 LAB HOURS

The course provides an introduction to the theory, terminology, and operation of single camera video production, including composition and editing techniques, camera operation, portable lighting, video recorder operation, audio control and basic editing. This course focuses on the aesthetics and fundamentals of scripting, producing, directing on location, postproduction, and exhibition/distribution. (L,C)

MCOMM17 **3 UNITS****Television Remote Production****TRANSFERABLE TO CSU ONLY**
36 LECTURE HOURS
54 LAB HOURS

Advanced creative use of electronic field video production while using multiple cameras to produce live or archived television events, such as, sporting events, theatrical and musical productions, and entertainment or informational programs. Much of class time is devoted to "on location" production. (L)

MCOMM19 **3 UNITS****News Writing and Reporting****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

Recognizing, gathering, and writing the news in accepted journalistic style; learning to conduct personal interviews and cover speeches, meetings, and other events; understanding the legal and ethical issues related to reporting; emphasis on language and style, accuracy in news gathering, and research and organization of various types of stories. (L)

Prerequisite(s): ENGL51**MCOMM20A** **3 UNITS****News Media Production 1****TRANSFERABLE TO CSU ONLY**
27 LECTURE HOURS
81 LAB HOURS

Weekly production of the Yuba College student online news source and quarterly production of the Yuba College student news magazine. Students will learn journalistic standards, media ethics, researching, reporting, writing, and copy editing for basic news stories, features, and opinion, as well as basic page layout and design for both print and online publications. (L)

Prerequisite: ENGL51

Non-course Prerequisite(s): Eligibility for English 1A Completing English 51 creates eligibility for 1A, but students already eligible for 1A don't take 51.

MCOMM20B **3 UNITS****News Media Production 2****TRANSFERABLE TO CSU ONLY**
27 LECTURE HOURS
81 LAB HOURS

Weekly production of the Yuba College student online news source and quarterly production of the Yuba College student news magazine. Students will learn journalistic standards, media ethics, researching, reporting, writing, and copy editing for specialized and in-depth news stories, features, and opinion; advanced page layout and design for both print and online publications; and editorial leadership. (L)

Prerequisite(s): ENGL20A or MCOMM20A**MCOMM20C** **3 UNITS****News Media Production 3****TRANSFERABLE TO CSU ONLY**
27 LECTURE HOURS
81 LAB HOURS

Weekly production of the Yuba College student online news source and quarterly production of the Yuba College student news magazine. Students will learn journalistic standards, media ethics, researching, reporting, writing, and copy editing for investigative news stories, features, and related opinion; journalistic use of multimedia and social media, and editorial leadership. (L)

MCOMM40 **1 UNIT****Introduction To Online Learning****TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS

This course is designed to familiarize students with the online learning environment and prepare them to successfully complete an online course. Students will be introduced to the technology, the online environment, and managing an online course. Topics include hardware and software requirements, problem-solving online issues, using additional software to review or submit class assignments, effective online communication skills and strategies, online assessment tools, critical thinking in the online environment, ethical online behavior, and emerging learning technologies. Grades are P/NP option.

Mathematics

MATHEMATICS ASSOCIATE IN SCIENCE

The Associate in Science in Mathematics degree is designed for students who are interested in transferring to a college or university to major in mathematics, engineering, the physical or life sciences, business, liberal studies, and a host of other majors. The AS in Mathematics requires the core freshman and sophomore mathematics courses for a baccalaureate degree in mathematics plus an additional mathematics or statistics course for breadth. Students who intend to transfer to a CSU and major in Math are encouraged to pursue the AS-T.

Students who complete this program should be able to:

1. Solve equations and inequalities.
2. Perform operations on mathematical objects (e.g. numbers, expressions, functions, matrices).
3. Graph equations, functions, inequalities.
4. Solve applied problems using mathematical or statistical methods.
5. Prove identities and theorems.
6. Apply definitions, notation and properties of mathematical concepts.

REQUIRED COURSES	UNITS
MATH 1A Single Variable Calculus I - Early Transcendentals.....	4
MATH 1B Single Variable Calculus II - Early Transcendentals.....	4
MATH 1C Multivariable Calculus.....	4
MATH 3 Linear Algebra.....	3
MATH 25 Finite Math OR	3
STAT 1 Introduction to Statistical Methods OR	4
MATH 10 Liberal Arts Math OR	3
MATH 51 Plane Geometry OR	3
MATH 55 History of Algebra.....	3
TOTAL UNITS REQUIRED FOR DEGREE MAJOR	18-19

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

MATHEMATICS ASSOCIATE IN SCIENCE FOR TRANSFER

The Associate in Science in Mathematics for Transfer is designed for students for transfer into the CSU system to complete a bachelor's degree in Mathematics or similar major.

Pursuant to SB 1440, the Associate in Science for Transfer is intended for students who plan to complete a bachelor's degree in Mathematics at a CSU campus. Students completing an AS-T degree are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree. The Associate in Science in Mathematics for Transfer degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system.

In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

- To earn this AS-T degree, students must meet the following Associate Degree for Transfer requirements (pursuant to SB1440 law):
- Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University.
- The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education Breadth Requirements.
- A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
- Obtainment of a minimum grade point average of 2.0. Earn a grade of "C" or better in all courses required for the major or area of emphasis.

Students earning this degree are not required to satisfy the Yuba College associate degree requirements of Health Education/Physical Education nor Multicultural Studies.

Students who complete this program should be able to:

1. Solve equations and inequalities.
2. Perform operations on mathematical objects (e.g. numbers, expressions, functions, matrices).
3. Graph equations, functions, inequalities.
4. Solve applied problems using mathematical or statistical methods.
5. Prove identities and theorems.
6. Apply definitions, notation and properties of mathematical concepts.

REQUIRED COURSES	UNITS
MATH 1A Single Variable Calculus I -Early Transcendentals	4
MATH 1B Single Variable Calculus II - Early Transcendentals.....	4
MATH 1C Multivariable Calculus.....	4
Lisa A: Select one course (3 units) from the following:	
MATH 2 Ordinary Differential Equations OR	3
MATH 3 Linear Algebra	3

List B: Select one additional course (3-4 units) from the following or any course not selected on List A:

MATH 2 Ordinary Differential Equations	3
MATH 3 Linear Algebra	3
PHYS 4A Mechanics	4
COMSC 6 Basic Language Programming	3
COMSC 7 Intro to Visual Basic Programming	3
COMSC 9A C++ Programming.....	4

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 18-19

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

COURSES

MATH1A 4 UNITS

Single Variable Calculus I — Early Transcendentals

**TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT
C-ID: MATH 210
72 LECTURE HOURS**

A first course in differential and integral calculus of a single variable: functions; limits and continuity; techniques and applications of

(CONT'D FROM PREVIOUS PAGE)

differentiation and integration; Fundamental Theorem of Calculus. Primarily for Science, Technology, Engineering and Math Majors.

Prerequisite(s): MATH20, MATH21

Non-course Prerequisite(s): Satisfactory score on the mathematics placement test.

MATH1B

4 UNITS

Single Variable Calculus II -- Early Transcendentals

TRANSFERABLE TO BOTH UC AND CSU

C-ID: MATH 220

72 LECTURE HOURS

A second course in differential and integral calculus of a single variable: integration; techniques of integration; infinite sequences and series; polar and parametric equations; applications of integration. Primarily for science, technology, engineering and mathematics majors. (L)

Prerequisite(s): MATH1A

MATH1C

4 UNITS

Multivariable Calculus

TRANSFERABLE TO BOTH UC AND CSU

C-ID: MATH 230

72 LECTURE HOURS

This course covers vector valued functions, calculus of functions of more than one variable, partial derivatives, multiple integration, Green's theorem, Stokes' theorem, and the divergence theorem. (L)

Prerequisite(s): MATH1B

MATH2

3 UNITS

Ordinary Differential Equations

TRANSFERABLE TO BOTH UC AND CSU

C-ID: MATH 240

54 LECTURE HOURS

The course is an introduction to ordinary differential equations including both quantitative and qualitative methods as well as applications from a variety of disciplines. Introduces the theoretical aspects of differential equations, including establishing when solutions(s) exist, and techniques for obtaining solutions, including, series solutions, and singular points, Laplace transforms and linear systems. (L,M)

Prerequisite(s): MATH1B

MATH3

3 UNITS

Linear Algebra

TRANSFERABLE TO BOTH UC AND CSU

C-ID: MATH 250

54 LECTURE HOURS

The course develops the techniques and theory needed to solve and classify systems of linear equations. Solution techniques include row operations, Gaussian elimination, and matrix algebra. Investigates the properties of vectors in two and three dimensions, leading to the notion of an abstract vector space. Vector space and matrix theory are presented including topics such as inner products, norms, orthogonality, eigenvalues, eigenspaces, and linear transformations. Selected applications of linear algebra are included. (L,M)

Prerequisite(s): MATH1B

MATH9

4 UNITS

Calculus for Business, Social and Life Sciences

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT

C-ID: MATH 140

72 LECTURE HOURS

Topics of calculus including differentiation, integration, graphs, limits, and rates. Applications from economics, business, life science, and behavioral science.

Prerequisite(s): MATH52 or MATH52B

Non-course Prerequisite(s): a satisfactory score on the mathematics placement test.

MATH10

3 UNITS

Liberal Arts Mathematics

TRANSFERABLE TO BOTH UC AND CSU

54 LECTURE HOURS

Designed for students majoring in areas other than science, mathematics, or business to give appreciation and insight into structure and applications of mathematics. Some typical topics, to be chosen by the instructor may include probability and statistics, sequences and series, population growth, graph theory, geometry and topology, number theory, history of mathematics, finance mathematics, voting methods and apportionment. (L,M)

Prerequisite(s): MATH52 or MATH52B or MATH59

Non-course Prerequisite(s): Placement

MATH15

3 UNITS

Concepts and Structures of Mathematics

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT

C-ID: MATH 120

54 LECTURE HOURS

This course focuses on the development of quantitative reasoning skills through in-depth, integrated explorations of topics in mathematics, including real number systems and subsystems. Emphasis is on comprehension and analysis of mathematical concepts and applications of logical reasoning. (L)

Prerequisite(s): MATH52, MATH52B, MATH59

MATH16

3 UNITS

Concepts and Structures of Mathematics

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT

54 LECTURE HOURS

Designed for students who plan to become elementary school teachers. Problem-solving, probability and statistics, measurement and the metric system, and geometry. Essays on topics of current interest to the teaching profession, class presentations, and a study of techniques and materials used in today's elementary school classroom may also be included. (L)

Prerequisite(s): MATH15

MATH20 **4 UNITS**

College Algebra

TRANSFERABLE TO BOTH UC AND CSU**C-ID: MATH 151****72 LECTURE HOURS**

College level course in algebra for majors in science, technology, engineering and mathematics. Topics include polynomial, rational, radical, exponential, absolute value and logarithmic functions, systems of equations, theory of polynomial equations and analytic geometry. (L,M)

Prerequisite(s): MATH52 or MATH52B**Non-course Prerequisite(s):** or a satisfactory score on the mathematics placement test**MATH21** **4 UNITS**

Plane Trigonometry

TRANSFERABLE TO CSU ONLY**C-ID: MATH 851****72 LECTURE HOURS**

The study of trigonometric functions, their inverses and their graphs, identities and proofs related to trigonometric expressions, trigonometric equations, solving right triangles, solving triangles using the Law of Cosines and the Law of Sines, polar coordinates, and introduction to vectors. (L,M)

Prerequisite(s): MATH52 or MATH52B or MATH59**Non-course Prerequisite(s):** Placement based on multiple measures.**MATH25** **3 UNITS**

Finite Mathematics

TRANSFERABLE TO BOTH UC AND CSU**C-ID: MATH 130****54 LECTURE HOURS**

Linear functions, systems of linear equations and inequalities, matrices, linear programming, mathematics of finance, sets and Venn diagrams, combinatorial techniques and an introduction to probability. Applications in business, economics and social sciences. (L,M)

Prerequisite(s): MATH52 or MATH52B or MATH59**MATH51** **3 UNITS**

Plane Geometry

54 LECTURE HOURS

Introductory plane geometry, the study of geometric relationships in the plane from an inductive and deductive viewpoints. Satisfies the university admission requirement of high school plane geometry. (L,M)

Prerequisite(s): MATH 50**MATH52** **4 UNITS**

Intermediate Algebra

72 LECTURE HOURS

To prepare students to take transfer-level mathematics or statistics courses. Topics include: real and complex numbers; factoring of polynomials; rational and radical expressions and equations; functions (general); linear, quadratic, exponential, and logarithm functions and equations; graphs; distance, midpoint, and circles in the Cartesian plane; application problems. (L)

Prerequisite(s): MATH101 or MATH101B**Non-course Prerequisite(s):** Qualifying score on the mathematics placement test.**MATH52A** **3 UNITS**

Intermediate Algebra First Half

54 LECTURE HOURS

Together with Math 52B, this course prepares students to take transfer-level mathematics or statistics courses. Topics include: real and complex numbers; factoring of polynomials; rational and radical expressions and equations; linear and quadratic equations; application problems. Designed for a variety of students, especially those who are math anxious or require a slower-paced, year-long version of Math 52. Math 52A and 52B must both be completed successfully to be equivalent to Math 52 as a prerequisite or to meet degree requirements. (L)

Prerequisite(s): MATH101 or MATH101B**Non-course Prerequisite(s):** Qualifying score on the mathematics placement test. To allow students who are prepared to take Math 52A not to take the prerequisite course.**MATH52B** **3 UNITS**

Intermediate Algebra Second Half

54 LECTURE HOURS

Together with Math 52A, this course prepares students to take transfer-level mathematics or statistics courses. Topics include: functions (general); linear, quadratic, exponential, and logarithm functions and equations; graphs; distance, midpoint, and circles in the Cartesian plane; application problems. Designed for a variety of students, especially those who are math anxious or require a slower-paced, year-long version of Math 52. Math 52A and 52B must both be completed successfully to be equivalent to Math 52 as a prerequisite or to meet degree requirements. (L)

Prerequisite(s): MATH52A**MATH55** **3 UNITS**

History of Algebra

54 LECTURE HOURS

A history of algebra from ancient times up to the 18th century. Introduction to a variety of number systems; the operations of addition, subtraction, multiplication, and division, and the finding of square roots; sets and logic; rational, irrational, real, and complex numbers; Greek number theory; linear, quadratic, and cubic equations; and applications (including proportions, variation, compound interest, exponential growth and decay). Ideas and methods from different parts of the world and at different times are mainly presented in their historical context. This course satisfies the AA and AS degree requirement, but it does not satisfy the prerequisite for a Transferable mathematics or statistics course. (L)

Prerequisite(s): MATH101 or MATH101B**Non-course Prerequisite(s):** Qualifying score on the mathematics placement test. To allow the student who is prepared for Math 55 not to take the prerequisite course.**MATH58** **3 UNITS**

Mathematics for Everyday Living

54 LECTURE HOURS

Interpretation of and reasoning with quantitative information. Coverage of logic; units analysis; uses and abuses of percentages, ratios, and indices; financial management; and statistics. This course satisfies the AA and AS degree requirement but does not satisfy the prerequisite for a Transferable math course. (L,M)

Prerequisite(s): MATH101 or MATH101B**Non-course Prerequisite(s):** or by placement

MATH59 **4 UNITS**

Foundations of Algebra

63 LECTURE HOURS
27 LAB HOURS

This course consists of elements of beginning and intermediate algebra necessary for long-term engagement in math-intensive fields. Topics include polynomial, rational, radical, exponential, and logarithmic expressions, equations, functions, graphs, modeling and applications; polynomial, rational, and radical inequalities; systems of equations and conic sections; algebra of functions; and complex numbers.

MATH101 **4 UNITS**

Elementary Algebra

72 LECTURE HOURS

To prepare students to take Intermediate Algebra. Topics include: real numbers; algebraic expressions; linear equations and systems of linear equations; linear inequalities in one and two variables (simple, compound, system); scientific notation; graphs and equations of lines in the Cartesian plane; introduction to functions and their graphs; absolute value function and equations; application problems. (L)

Prerequisite(s): MATH111

Non-course Prerequisite(s): Qualifying score on the mathematics placement test. To allow students who are prepared to take Math 101 not to have to take the prerequisite course.

MATH101A **3 UNITS**

Elementary Algebra First Half

54 LECTURE HOURS

Together with Math 101B, to prepare students to take Intermediate Algebra. Topics include: real numbers; algebraic expressions; linear equations and systems of linear equations (graphical); linear inequalities in one variable (simple); graphs and equations of lines in the Cartesian plane; introduction to functions and their graphs; application problems. Designed for a variety of students, especially those who are math anxious or require a slower-paced, year-long version of Math 101. Math 101A and Math 101B must both be completed successfully to be equivalent to Math 101 as a prerequisite or to meet degree requirements. (L)

Prerequisite(s): MATH111

Non-course Prerequisite(s): Qualifying score on the mathematics placement test. To allow students who are prepared to take Math 101A not to take the prerequisite course.

MATH101B **3 UNITS**

Elementary Algebra Second Half

54 LECTURE HOURS

Together with Math 101A, to prepare students to take Intermediate Algebra. Topics include: real numbers; algebraic expressions; systems of linear equations (algebraic); linear inequalities in one and two variables (compound, system); scientific notation; absolute value function and equations; application problems. Designed for a variety of students, especially those who are math anxious or require a slower-paced, year-long version of Math 101. Math 101A and 101B, if taken sequentially, can substitute for Math 101 as a prerequisite or to meet degree requirements. (L)

Prerequisite(s): MATH101A

MATH111 **4 UNITS**

Prealgebra

72 LECTURE HOURS

Prepares students to take Elementary Algebra. Topics include: real numbers; algebraic expressions; linear equations; basic facts from geometry, including perimeter, area, and the Pythagorean theorem; ratio, proportion, and percent; conversion of units of measure; application problems. (L)

MUSIC

Classes with "R" can be taken a total of four times but are subject to Family of Classes restrictions beginning on page 147.

The Associate in Arts in Music for Transfer degree prepares students to transfer to a California State University to seek a Bachelor of Arts in General Music degree. Completion of this degree with a minimum GPA of 2.0 guarantees admission to the CSU System. Students must audition with an instrument of choice or voice to be admitted into the program to take the applied skills course. Students will need to audition to be accepted as a music major at CSU. Students intending to transfer to seek a Bachelor of Music or Bachelor of Music Education degree will need additional courses, and should select AA in Music

MUSIC

ASSOCIATE IN ARTS FOR TRANSFER

Students who complete this program should be able to:

1. Analyze a short musical work by applying intermediate-level music theory.
2. Demonstrate basic musicianship skills in sight-reading, melodic, and harmonic dictation.
3. Publicly perform selected solo and ensemble repertoire, appropriate for college sophomores, in their major instrument or voice with technical facility and artistry.

CORE REQUIREMENTS:

MUSIC 1A	Elementary Harmony	3
MUSIC 1B	Elementary Harmony	3
MUSIC 1C	Elementary Theory Skills.....	1
MUSIC 1D	Theory Skills	1
MUSIC 2A	Advanced Harmony	3
MUSIC 2B	Advanced Harmony	3
MUSIC 2C	Advanced Theory Skills	1
MUSIC 2D	Theory Skills	1

Select one from the following and take it for 4 semesters:

MUSIC 30AR	Applied Skills: Woodwinds OR	1
MUSIC 30BR	Applied Skills: Brass OR	1
MUSIC 30CR	Applied Skills: Composition OR	1
MUSIC 30DR	Applied Skills: Percussion OR	1
MUSIC 30ER	Applied Skills: Strings OR	1
MUSIC 30GR	Applied Skills: Guitar OR	1
MUSIC 31R	Applied Skills: Piano OR	1
MUSIC 32R	Applied Skills: Voice	1

Ensemble Requirements:

Brass, Percussion and Woodwind majors shall select Symphonic or Jazz Band. Voice majors shall select choral ensembles. Composition major shall select a combination of instrumental and choral

(CONT'D FROM PREVIOUS PAGE)

ensembles. Piano, Classical Guitar and String majors shall select appropriate ensembles after consultation with Music Department Faculty. Music majors at CSU are usually required to enroll in a major ensemble every semester of the 4-year program. In order to gain the similar level of experience, students are recommended to repeat the course as the credit units would allow, and continue to enroll in the 500-level noncredit equivalent courses after that for the total of 4 semesters.

MUSIC 28R	Community Jazz Ensemble OR	3
MUSIC 33R	Chamber Singers OR	3
MUSIC 34R	Concert Choir OR	3
MUSIC 43R	Symphonic Band OR	3
MUSIC 44R	Instrumental Chamber Ensemble OR	3
MUSIC 54R	Community Chorus	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 21-23

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

MUSIC

ASSOCIATE IN ARTS

Students who complete this program should be able to:

1. Analyze a short musical work by applying intermediate-level music theory.
2. Demonstrate basic musicianship skills in sight-reading, melodic, and harmonic dictation.
3. Publicly perform selected solo and ensemble repertoire, appropriate for college sophomores, in their major instrument or voice with technical facility and artistry.

REQUIRED COURSES UNITS

MUSIC 1A	Elementary Harmony	3
MUSIC 1B	Elementary Harmony	3
MUSIC 1C	Elementary Theory Skills.....	1
MUSIC 1D	Elementary Theory Skills.....	1
MUSIC 2A	Advanced Harmony	3
MUSIC 2B	Advanced Harmony	3
MUSIC 2C	Advanced Theory Skills.....	1
MUSIC 2D	Advanced Theory Skills.....	1
MUSIC 8A	Music History	3
MUSIC 8B	Music History	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 22

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

COURSES

MUSIC1 3 UNITS

Music Fundamentals

TRANSFERABLE TO BOTH UC AND CSU
C-ID: MUSIC 110
54 LECTURE HOURS

An introduction to the notation and primary elements of tonal music, including staff notation in treble and bass clefs, rhythm and meter, basic properties of sound, intervals, diatonic scales and triads, and diatonic chords. Students will experience applying the skills learned to basic singing and keyboard playing. Suitable for both music majors and non-majors who have no previous experience in reading or playing music notation.

MUSIC1A 3 UNITS

Music Theory I

TRANSFERABLE TO BOTH UC AND CSU
C-ID: MUS 120
54 LECTURE HOURS

In this course, students will review the fundamentals of music, including notation, rhythm and meter, basic properties of sound, intervals, scales and chords, and incorporate and develop those concepts through guided composition and analysis. Complete cadential formulae, phrase structure analysis, chord function theory, and four-part voice-leading principles will be covered, using tonal music examples from history and global culture. History and social context of the above concepts will be discussed. Development of skills in handwritten notation is expected. Required of all music majors and minors. Course offered Fall semester only. (L)

Co-requisite(s): MUSIC1C

MUSIC1B 3 UNITS

Elementary Harmony

TRANSFERABLE TO BOTH UC AND CSU
C-ID: MUS 130
54 LECTURE HOURS

Continuation of concepts from Music 1A. Study of diatonic harmony with an introduction to secondary dominants and elementary modulation, two-part counterpoint, voice leading involving SATB chorale writing, diatonic harmony and an introduction to secondary chords and modulation. Exercises in part-writing, figured-bass, analysis and melody harmonization. Required of all music majors and minors. (L)

Prerequisite(s): MUSIC1A
Co-requisite(s): MUSIC1D

MUSIC1C 1 UNIT

Musicianship I

TRANSFERABLE TO BOTH UC AND CSU
C-ID: MUS 125
9 LECTURE HOURS
27 LAB HOURS

This course applies and develops the rhythmic, melodic, and harmonic materials of Music Theory I through ear training, sight singing, analysis, and dictation. Required of all music majors and minors.

Co-requisite(s): MUSIC 1A

MUSIC1D 1 UNIT

Theory Musicianship II

TRANSFERABLE TO BOTH UC AND CSU
C-ID: MUS 135
9 LECTURE HOURS
27 LAB HOURS

This course applies and develops the rhythmic, melodic, and harmonic materials of Music Theory II through ear training, sight singing. Continuation of Music 1C. Required of all music majors and minors.

Prerequisite(s): MUSIC1A, MUSIC1C
Co-requisite(s): MUSIC1B

MUSIC1E 1 UNIT

Keyboard Harmony I

TRANSFERABLE TO BOTH UC AND CSU**C-ID: MUS 171****9 LECTURE HOURS****27 LAB HOURS**

In this course students refine and further develop beginning keyboard skills. This includes piano technique, major scales and arpeggios, sight-reading, chord progressions and harmonization and transposition skills, as encountered in upper-beginning/early intermediate piano music. The emphasis is on keyboard application of music theory. The course prepares music major students toward piano proficiency exams required at transferring universities.

Prerequisite(s): MUSIC41A**Non-course Prerequisite(s):** or by placement**MUSIC2A** 3 UNITS

Music Theory III

TRANSFERABLE TO BOTH UC AND CSU**C-ID: MUS 140****54 LECTURE HOURS**

This course incorporates the concepts from Music Theory II through guided composition and analysis. The course will include more advanced chromatic chord functions and voice-leading. Required of all music majors. Course offered Fall semester only. (L)

Prerequisite(s): MUSIC1B, MUSIC1D**Co-requisite(s):** MUSIC2C**MUSIC2B** 3 UNITS

Advanced Harmony

TRANSFERABLE TO BOTH UC AND CSU**C-ID: MUS 150****54 LECTURE HOURS**

This course incorporates the concepts from Music Theory III. Through guided composition and analysis, the course will include late Romantic, neo-Romantic, and Modernist harmonic and rhythmic structures and techniques. Required of all music majors.

Prerequisite(s): MUSIC2A, MUSIC2C**Co-requisite(s):** MUSIC2D**MUSIC2C** 1 UNIT

Musicianship III

TRANSFERABLE TO BOTH UC AND CSU**C-ID: MUS 145****9 LECTURE HOURS****27 LAB HOURS**

This course applies and develops the rhythmic, melodic, and harmonic materials of Music Theory III through ear-training, sight-singing, analysis, and dictation. Required of all music majors. Course offered Fall semester only.

Prerequisite(s): MUSIC1B, MUSIC1D**Co-requisite(s):** MUSIC2A**MUSIC2D** 1 UNIT

Musicianship IV

TRANSFERABLE TO BOTH UC AND CSU**C-ID: MUS 155****9 LECTURE HOURS****27 LAB HOURS**

This course applies and develops the rhythmic, melodic, and harmonic materials of Music Theory IV through ear training, sight singing, analysis, and dictation. Required of all music majors.

Prerequisite(s): MUSIC2C**Co-requisite(s):** MUSIC2B**MUSIC2E** 1 UNIT

Keyboard Harmony II

TRANSFERABLE TO BOTH UC AND CSU**C-ID: MUS 172****9 LECTURE HOURS****27 LAB HOURS**

This course will allow students to refine and develop beginning keyboard skills. Piano technique, major and minor scales and arpeggios, sight-reading, expanded chord progressions, and harmonization and transposition skills are encountered in intermediate piano music. The course prepares students toward piano proficiency exams required at transferring universities.

Prerequisite(s): MUSIC1E**MUSIC3** 3 UNITS

Music Appreciation

TRANSFERABLE TO BOTH UC AND CSU**54 LECTURE HOURS**

A survey of art music in western civilization. Topics include but are not limited to elements of music, basic musical forms, music periods, and the role of music and musicians in the western world. (L)

MUSIC12 3 UNITS

Jazz Appreciation

TRANSFERABLE TO BOTH UC AND CSU**54 LECTURE HOURS**

General survey of jazz from its original and early development to present day; extensive listening to recorded and live performance supports the lecture material.

MUSIC15 3 UNITS

Popular Music in The United States

TRANSFERABLE TO BOTH UC AND CSU**54 LECTURE HOURS**

A survey of popular music in the United States from about 1850 to present. Covers American Civil War songs, ragtime, blues, jazz, songwriting, musical theater, country music, Latin music, rock, and current trends. (L)

MUSIC16 3 UNITS**World Music****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

This survey of world music explores how music is used as a form of human expression in various cultures. Musical instruments, forms and , and the roles and functions of music in traditional and contemporary societies in various cultures throughout the world will be studied. (L)

MUSIC17 3 UNITS**Music As Culture****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

A search for a better understanding of what gives music meaning. Explorations into multiple genres, including classical, rock, rap, folk, Latino and World Music with an emphasis on the nature of sound, meaning, diversity, performance and value judgements.

MUSIC18 3 UNITS**Rock Music History and Culture****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

A survey of Rock music history with emphasis on its importance to culture and popular music. Covers the roots of rock, emergence and early . The Beatles/British Invasion, San Francisco, Folk Rock, Soul and Motown, Jazz Rock, Art Rock, Mainstream, Heavy Metal, Dance, Rap and Hip-Hop culture, Alternative and Progressive Rock. (L)

MUSIC26 3 UNITS**Musical Theatre Workshop****TRANSFERABLE TO CSU ONLY**
162 LAB HOURS

Fundamentals of musical theatre performance; singing, acting, dancing, orchestra, and technical stagework. Students may specialize in area of interest. Works to be selected from various periods and . Participation in Yuba College production is required.

Anti-requisite(s):**MUSIC28R** 1 UNIT**Community Jazz Ensemble****TRANSFERABLE TO BOTH UC AND CSU**
C-ID: MUS 185
9 LECTURE HOURS
27 LAB HOURS

This course is for the study, rehearsal, and public performance of jazz ensemble literature, with an emphasis on the development of skills needed to perform within a specialized ensemble. Different literature will be studied each semester. The course is repeatable for credit the maximum times allowable by regulation.

MUSIC30AR 1 UNIT**Applied Skills: Woodwinds****TRANSFERABLE TO BOTH UC AND CSU**
C-ID: MUS 160
9 LECTURE HOURS
27 LAB HOURS

This course consists of individualized study of the appropriate techniques and repertoire for a woodwind instrument. The emphasis is on the progressive improvement of technical facility, musicianship, expressive interpretation, and other skills necessary for solo performance. For music majors with a concentration in either flute, oboe, clarinet, saxophone or bassoon.

MUSIC30BR 1 UNIT**Applied Skills: Brass****TRANSFERABLE TO BOTH UC AND CSU**
C-ID: MUS 160
9 LECTURE HOURS
27 LAB HOURS

This course consists of individualized study of the appropriate techniques and repertoire for a brass instrument through private instruction. The emphasis is on the progressive improvement of technical facility, musicianship, expressive interpretation, and other skills necessary for solo performance. For music majors with a concentration in either trumpet, French horn, trombone, euphonium or tuba.

Non-course Prerequisite(s): Audition Required. (Students may enroll in the course, but may be dropped based on the audition result.)**MUSIC30CR** 1 UNIT**Applied Skills: Composition****TRANSFERABLE TO BOTH UC AND CSU**
9 LECTURE HOURS
27 LAB HOURS

This course consists of individualized study of composition and music arranging techniques through private and small group instruction. The emphasis is on the progressive development of skills needed to create transcriptions, arrangements and original compositions.

MUSIC30DR 1 UNIT**Applied Skills: Percussion****TRANSFERABLE TO BOTH UC AND CSU**
C-ID: MUS 160
9 LECTURE HOURS
27 LAB HOURS

This course consists of individualized study of the appropriate techniques and repertoire for percussion instruments through private instruction. The emphasis is on the progressive improvement of technical facility, musicianship, expressive interpretation, and other skills necessary for solo performance. For music majors with a concentration in percussion.

MUSIC30ER 1 UNIT**Applied Skills: Strings****TRANSFERABLE TO BOTH UC AND CSU****C-ID: MUS 160****9 LECTURE HOURS****27 LAB HOURS**

This course consists of individualized study of the appropriate techniques and repertoire for a string instrument through private instruction. The emphasis is on the progressive improvement of technical facility, musicianship, expressive interpretation, and other skills necessary for solo performance. For music majors with a concentration in either violin, viola, cello or string bass.

MUSIC30GR 1 UNIT**Applied Skills: Classical Guitar****TRANSFERABLE TO BOTH UC AND CSU****C-ID: MUS 160****9 LECTURE HOURS****27 LAB HOURS**

This course consists of individualized study of the appropriate techniques and repertoire for classical guitar through private instruction. The emphasis is on the progressive improvement of technical facility, musicianship, expressive interpretation, and other skills necessary for solo performance. For music majors with a concentration in guitar.

MUSIC31R 1 UNIT**Applied Skills-Piano****TRANSFERABLE TO BOTH UC AND CSU****C-ID: MUS 160****9 LECTURE HOURS****27 LAB HOURS**

Individualized instruction in advanced piano techniques, performance skills, and repertoire. The emphasis is on the progressive development of skills needed for solo performance. Public performance is required. Achievement is evaluated through a juried performance. Audition is required. For music majors with a piano concentration.

MUSIC32R 1 UNIT**Applied Skills: Voice****TRANSFERABLE TO BOTH UC AND CSU****C-ID: MUS 160****9 LECTURE HOURS****27 LAB HOURS**

Individualized instruction in vocal techniques, performance skills, and vocal repertoire. The emphasis is on the progressive development of skills needed for solo performance. Public performance is required. Achievement is evaluated through a juried performance.

MUSIC33R 1 UNIT**Chamber Singers****TRANSFERABLE TO BOTH UC AND CSU****C-ID: MUS 185****36 LECTURE HOURS****54 LAB HOURS**

This course is for the study, rehearsal, and public performance of literature appropriate to the chamber vocal ensemble, with an emphasis on the development of skills needed to perform within a chamber vocal ensemble. Different literature of sacred and/or secular music from various historical and cultural will be studied each semester. The course is repeatable for credit the maximum times allowable by regulation. Audition is required.

MUSIC34R 1 UNIT**Concert Choir****TRANSFERABLE TO BOTH UC AND CSU****9 LECTURE HOURS****27 LAB HOURS**

This course is for the study, rehearsal and public performance of the standard choral literature from various style periods and cultures, with an emphasis on the development of skills needed to perform within a large ensemble. Different literature will be studied each semester. The course is repeatable for credit the maximum times allowable by regulation.

MUSIC35 V1-2 UNITS**Beginning Guitar****TRANSFERABLE TO BOTH UC AND CSU****9 LECTURE HOURS****27 LAB HOURS**

Class instruction in basic guitar technique with an emphasis on melody, music reading, and ensemble performance. Students must furnish their own guitars.

MUSIC36A 1 UNIT**Intermediate Guitar I****TRANSFERABLE TO BOTH UC AND CSU****9 LECTURE HOURS****27 LAB HOURS**

Intermediate guitar technique with an emphasis on expanded techniques, chordal exploration, and ensemble performance. Students must furnish their own guitars.

Prerequisite(s): MUSIC35**Non-course Prerequisite(s):** or by placement**MUSIC36B** 1 UNIT**Intermediate Guitar II****TRANSFERABLE TO CSU ONLY****9 LECTURE HOURS****27 LAB HOURS**

Continuation of intermediate guitar techniques with an emphasis on optimal fingering principles, left- and right-hand techniques, chordal exploration, and ensemble performance. Students must furnish their own guitars.

Prerequisite(s): MUSIC36A**MUSIC36C** 1 UNIT**Intermediate Guitar****TRANSFERABLE TO CSU ONLY****9 LECTURE HOURS****27 LAB HOURS**

Intermediate guitar technique with an emphasis on melody and chording.

Prerequisite(s): MUSIC36B

MUSIC37A 1 UNIT**Indian Music Ensemble I****TRANSFERABLE TO BOTH UC AND CSU**
9 LECTURE HOURS
27 LAB HOURS

Students will receive hands-on musical instruction in North Indian music on instruments such as Tabla, Sitar, Harmonium, and/or vocals. Students are welcome to bring their own non-Indian instruments (e.g. guitar, violin, flute, etc.). No prior musical experience is necessary. This course will serve as an introduction to Indian music. Topics covered will include instrument maintenance, tuning, exercises, and basic theoretical concepts.

MUSIC37B 1 UNIT**Indian Music Ensemble II****TRANSFERABLE TO BOTH UC AND CSU**
9 LECTURE HOURS
27 LAB HOURS

Students will receive hands-on musical instruction in North Indian music on instruments such as Tabla, Sitar, Harmonium, and/or vocals. Students are welcome to bring their own non-Indian instruments (e.g. guitar, violin, flute, etc.). Topics discussed will include the theory of Indian music, basic playing techniques, and methods for practicing. Students will hear live demonstrations of Indian music, as well as video clips of important musicians such as Ravi Shankar, Ali Akbar Khan, and others.

Prerequisite(s): MUSIC37A**MUSIC37C** 1 UNIT**Indian Music Ensemble III****TRANSFERABLE TO BOTH UC AND CSU**
9 LECTURE HOURS
27 LAB HOURS

Students will receive hands-on musical instruction in North Indian music on instruments such as Tabla, Sitar, Harmonium, and/or vocals. Students are welcome to bring their own non-Indian instruments (e.g. guitar, violin, flute, etc.). An emphasis will be placed on understanding the aspects of Raga (melody) and Tala (rhythm cycles). Topics discussed will include the many types of traditional compositions as well as methods for improvisation.

Prerequisite(s): MUSIC37B**MUSIC37D** 1 UNIT**Indian Music Ensemble IV****TRANSFERABLE TO BOTH UC AND CSU**
9 LECTURE HOURS
27 LAB HOURS

Students will receive hands-on musical instruction in North Indian music on instruments such as Tabla, Sitar, Harmonium, and/or vocals. Students are welcome to bring their own non-Indian instruments (e.g. guitar, violin, flute, etc.). Topics discussed will include the historical, cultural and philosophical contexts of Indian music as well as advanced topics related to theory, improvisation, composition and arrangement.

Prerequisite(s): MUSIC37C**MUSIC40A** 1 UNIT**Elementary Voice I****TRANSFERABLE TO BOTH UC AND CSU**
9 LECTURE HOURS
27 LAB HOURS

Group instruction in elementary vocal techniques, including tone production, breathing, diction, and basic music reading skills. The students will develop these techniques and performance anxiety management through learning beginning-level songs and performing them for each other in class.

MUSIC40B 1 UNIT**Elementary Voice II****TRANSFERABLE TO BOTH UC AND CSU**
9 LECTURE HOURS
27 LAB HOURS

Group instruction in elementary vocal techniques, including tone production, breathing, diction, and basic music reading skills. The students will further develop these techniques and performance anxiety management as continuation from MUSIC 40A to gain more facility and awareness in performing art songs and musical theater type repertoire for each other in class.

Prerequisite(s): MUSIC40A**Non-course Prerequisite(s):** or by placement**MUSIC40C** 1 UNIT**Intermediate Voice I****TRANSFERABLE TO BOTH UC AND CSU**
9 LECTURE HOURS
27 LAB HOURS

Group instruction in intermediate vocal techniques, including breathing, body alignment, phonation, resonance and articulation. The course will also cover music reading including solfege, efficient practice habits, evaluation of vocal problems, textual analysis and expressive interpretation. Students will apply their knowledge and skills gained in the class to learning and performing art songs including two in foreign languages and musical theater type repertoire in front of an audience with increasing confidence, ease and aesthetic sensitivity.

Prerequisite(s): MUSIC40B**Non-course Prerequisite(s):** or by placement**MUSIC40D** 1 UNIT**Intermediate Voice II****TRANSFERABLE TO BOTH UC AND CSU**
9 LECTURE HOURS
27 LAB HOURS

Group instruction in intermediate vocal techniques. As continuation of MUSIC 40C, students will develop a thorough understanding of vocal mechanisms and skills in order to interpret problems in singing and to extrapolate appropriate solutions. The course also places emphasis on appreciation and performance of various vocal literature through analysis, interpretation and public performances.

Prerequisite(s): MUSIC40C**Non-course Prerequisite(s):** or by placement

MUSIC41A 1 UNIT**Elementary Piano I****TRANSFERABLE TO BOTH UC AND CSU**
9 LECTURE HOURS
27 LAB HOURS

This course is a continuation from MUS 41A in beginning piano skills. It includes basic finger techniques beyond five-finger patterns, pedal technique, sight reading, and solo repertoire as they are encountered in beginning piano music. An emphasis is on developing musical skills necessary for playing level-appropriate repertoire.

MUSIC41B 1 UNIT**Elementary Piano II****TRANSFERABLE TO BOTH UC AND CSU**
9 LECTURE HOURS
27 LAB HOURS

Elementary piano, covering the fundamentals of keyboard theory and technique, reading, solo and ensemble repertoire, and creative activities.

Prerequisite(s): MUSIC41A**Non-course Prerequisite(s):** or by placement**MUSIC42** 1 UNIT**Intermediate Piano****TRANSFERABLE TO BOTH UC AND CSU**
9 LECTURE HOURS
27 LAB HOURS

Group piano class for students with at least one year of concentrated piano study. Emphasis on technique, repertoire, and sight reading skills. (L)

Prerequisite(s): MUSIC41B**MUSIC42A** 1 UNIT**Intermediate Piano****TRANSFERABLE TO CSU ONLY**
9 LECTURE HOURS
27 LAB HOURS

Group piano class for students with at least one year of concentrated piano study. Emphasis on technique, repertoire, and sight reading skills. (L)

Prerequisite(s): MUSIC41B

Non-course Prerequisite(s): Approval of the Instructor upon Audition. Students who have studied piano previously at high school or through private study, and are judged to have achieved the equivalent skill level may audition to enroll at this level without having taken the pre-requisite course.

MUSIC42B 1 UNIT**Intermediate Piano II****TRANSFERABLE TO CSU ONLY**
9 LECTURE HOURS
27 LAB HOURS

Group piano class for students with at least one year of concentrated piano study. Emphasis on technique, repertoire, and sight reading skills. (L)

Prerequisite(s): MUSIC42A**MUSIC43R** 2 UNITS**Symphonic Band****TRANSFERABLE TO BOTH UC AND CSU**
C-ID: MUS 180
18 LECTURE HOURS
54 LAB HOURS

This course is for the study, rehearsal, and public performance of symphonic band literature, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. The course is repeatable for credit the maximum times allowable by regulation.

MUSIC44R 1 UNIT**Chamber Ensemble****TRANSFERABLE TO BOTH UC AND CSU**
C-ID: MUS 185
9 LECTURE HOURS
27 LAB HOURS

This course is for the study, rehearsal, and public performance of literature appropriate to the ensemble, with an emphasis on the development of skills needed to perform within a chamber ensemble. Different literature will be studied each semester. Choice of ensemble is based on each student's identified major instrument or voice. The course is repeatable for credit the maximum times allowable by regulation.

MUSIC47R 1 UNIT**Chamber Orchestra****TRANSFERABLE TO CSU ONLY**
C-ID: MUS 180
9 LECTURE HOURS
27 LAB HOURS

This course is for the study, rehearsal, and public performance of literature appropriate to the chamber orchestra, with an emphasis on the development of skills needed to perform within a large ensemble. Different literature will be studied each semester. The course is repeatable for credit the maximum times allowable by regulation.

MUSIC540 0 UNITS**Vocal Techniques****6 LECTURE HOURS**
20 LAB HOURS

Instruction in vocal techniques, tone production, breathing, and diction, and their application to the art song and musical theatre repertoires, appropriate to student age and abilities. This is a noncredit course primarily but not exclusively intended for older adults as part of a life-long education providing opportunities for personal growth and development, community involvement, and skills for mental and physical well-being through creative expression of music making.

MUSIC543 **0 UNITS****Symphonic Band****15 LECTURE HOURS**
50 LAB HOURS

This course is for the study, rehearsal, and public performance of symphonic band literature, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. This is a non-credit course primarily but not exclusively intended for older adults as part of a lifelong education, providing opportunities for personal growth and development, community involvement, and skills for mental and physical well-being through creative expression of music making.

MUSIC547 **0 UNITS****Chamber Orchestra****9 LECTURE HOURS**
27 LAB HOURS

This course is for the study, rehearsal, and public performance of literature appropriate to the chamber orchestra, with an emphasis on the development of skills needed to perform within a large ensemble. Different literature will be studied each semester. This is a non-credit course primarily but not exclusively intended for older adults as a lifelong education that provides opportunities for personal growth and development, community involvement, and skills for mental and physical well-being through creative expression of music making.

MUSIC554 **0 UNITS****Community Chorus****9 LECTURE HOURS**
27 LAB HOURS

This course is for the study, rehearsal and performance of choral literature from various , periods, and cultures, with an emphasis on the development of skills needed to perform within an ensemble. Open to all students and members of the community. Different literature will be studied each semester. This is a non-credit course primarily but not exclusively intended for older adults as a lifelong education that provides opportunities for personal growth and development, community involvement, and skills for mental and physical well-being through creative expression of music making.

MUSIC558 **0 UNITS****Community Jazz Ensemble****9 LECTURE HOURS**
27 LAB HOURS

This course is for the study, rehearsal, and public performance of jazz ensemble literature, with an emphasis on the development of skills needed to perform within an ensemble. Different literature will be studied each semester. This is a non-credit course primarily but not exclusively intended for older adults as part of a lifelong education, providing opportunities for personal growth and development, community involvement, and skills for mental and physical well-being through creative expression of music making.

MUSIC8A **3 UNITS****Music History I****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

This course is a survey of music history and literature from antiquity to 1750, including cultural, intellectual and social influences, and provides an in-depth examination of the development of Western European music through analysis and synthesizing of historical details and stylistic elements of the musical trends of the era. (L)

MUSIC8B **3 UNITS****Music History II****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

This course is a survey of music history and literature from 1750 to the present, including cultural, intellectual and social influences. This course provides an in-depth examination of the development of Western European music through analysis and synthesizing of historical details and stylistic elements of the musical trends of the era. (L)

Pre-Admission Testing: Prior to admission, all applicants are required to complete a pre-admission assessment exam (TEAS). Preadmission testing is required for all students.

Enrollment Eligibility: To be eligible for enrollment in the program, the student must meet the following criteria:

- a. The program uses a multi-criteria enrollment process based on the California Community College Chancellor's Office admission formula to evaluate and admit applicants. See our website nursing.yccd.edu for more details. Students must reapply each semester. There is no waiting list.
- b. Successful completion with "C" grade or higher of the course prerequisites.
- c. Achieve a score of >62% on the latest Test of Essential Academic Skills (TEAS), developed by Assessment Technologies Institute (ATI).

Enrollment Process: Eligible students are selected for the program according to the following steps:

1. Meet all eligibility requirements and complete our online application. Visit the nursing website: nursing.yccd.edu for more information.
2. Applicants will be admitted on a space-available basis using the multi-criteria screening process. Admitted students must complete a Yuba College application and complete the college entry requirements.

NURSING

NURSING (ADN)

Students who complete this program should be able to:

1. Communicate and collaborate with interdisciplinary health care partners in providing care to diverse population of patients and families.
2. Demonstrate problem solving skills while utilizing resources to apply best practices to deliver safe and effective care.
3. Demonstrate understanding of and apply evidence based practice in rendering ethical, competent and culturally sensitive care across the lifespan to all patients.

ADN Admission Requirements:

Costs: In addition to the expenses of regularly enrolled students (living costs, activity fees, books, tuition, etc.), Nursing students have the additional expenses of uniforms, licensing, health examination, drug testing, criminal background check, and others expenses. Nursing students are eligible for grants and loans available to any Yuba College student meeting the financial aid criteria. Upon completion of the Program, the graduate, unless otherwise disqualified by the licensing board, is eligible to take the National Council of State Boards of Nursing Licensing Examination.

Drug Policy: All students enrolled in nursing and allied health programs are subject to the department drug policy and procedure which can be found in the Student Handbook located on the Yuba College Website for nursing (nursing.yccd.edu).

Criminal Background Checks: All clinical agencies used in the nursing programs require criminal background screening. Applicants who are found to have certain violations that preclude clinical placement will have the offer of admission rescinded. Costs associated with the background screening is the responsibility of the applicant.

ADN ADMISSION REQUIREMENTS:

PREREQUISITE COURSEWORK: Units

Biology (minimum cumulative 2.50 GPA required):

BIOL 4	Human Anatomy	4
BIOL 5	Human Physiology	4
BIOL 6	Microbiology	4

English (minimum 2.50 GPA required):

TOTAL UNITS REQUIRED FOR DEGREE MAJOR		38.5

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

LICENSED VOCATIONAL NURSING (LVN) TO REGISTERED NURSING (RN) CAREER MOBILITY PROGRAM

ASSOCIATE IN SCIENCE

Students who complete this program should be able to:

1. Communicate and collaborate with interdisciplinary health care partners in providing care to diverse population of patients and families.
2. Demonstrate problem solving skills while utilizing resources to apply best practices to deliver safe and effective care.
3. Demonstrate understanding of and apply evidence based practice in rendering ethical, competent and culturally sensitive care across the lifespan to all patients.

LVN to RN Career Mobility Admission Requirements:

This degree is designed for the California Licensed Vocational Nurse (LVN) who is admitted for advanced placement into the Registered Nursing (Associate Degree) Program. The graduate of the Associate Degree Nursing program demonstrates entry-level competencies and meets the educational requirements necessary to take the National Council Licensure Examination (NCLEX-RN) to become licensed as a Registered Nurse and eligible for employment.

Costs: In addition to the expenses of regularly enrolled students (living costs, activity fees, books, tuition, etc.), Nursing students have the additional expenses of uniforms, licensing, health examination, drug testing, criminal background check, and others expenses. Nursing students are eligible for grants and loans available to any Yuba College student meeting the financial aid criteria. Upon completion of the Program, the graduate, unless otherwise disqualified by the licensing board, is eligible to take the National Council of State Boards of Nursing Licensing Examination.

Drug Policy: Students enrolled in nursing and allied health programs are subject to the department drug policy and procedure which can be found in the Student Handbook located on the Yuba College Website for nursing (nursing.yccd.edu).

Criminal Background Checks: Clinical agencies used in the nursing programs require criminal background screening. Applicants who are found to have certain violations that preclude clinical placement will have the offer of admission rescinded. Costs associated with the background screening is the responsibility of the applicant.

Pre-Admission Testing: Prior to admission, all applicants are required to complete a pre-admission assessment exam (TEAS). Preadmission testing is required for all students.

Enrollment Eligibility: To be eligible for enrollment in the program, the student must meet the following criteria:

- a. The program uses a multi-criteria enrollment process based on the California Community College

Chancellor's Office admission formula to evaluate and admit applicants. See our website nursing.yccd.edu for more details. Students must reapply each semester. There is no waiting list.

- b. Current California Vocational Nurse License. Re-cent V.N. graduates must submit proof of licensure prior to completing application.
- c. Graduation from an accredited vocational school of nursing or demonstrated mastery of course content by Challenge Examination.
- d. Have a Certification of completion for Intravenous Therapy
- e. Successful completion with a "C" grade or higher of the course prerequisites. Note: There is no recency requirement for prerequisites.
- f. Completion of NURS 37 LVN to RN Bridge Course with "C" grade or higher prior to or during the semester of application.
- g. Achieve a score of >62% on the latest Test of Essential Academic Skills (TEAS), developed by Assessment Technologies Institute (ATI).

Enrollment Process:

Eligible students are selected for the program according to the following steps:

1. Meet all eligibility requirements and apply to the program. Visit the nursing website nursing.yccd.edu for more information.
2. Applicants will be admitted on a space-available basis. Admitted student must complete a Yuba College application and complete the college entry requirements.

NURS 56 Nursing Skills Lab	1
NURS 57 Second Year Advanced Nursing Skills Lab	1

Students who complete this program should be able to:

1. Communicate and collaborate with interdisciplinary healthcare partners in providing care to a diverse population of patients and families.
2. Demonstrate problem solving skills while utilizing resources to apply best practices to deliver safe and effective care.
3. Demonstrate understanding of and apply evidence based practice in rendering ethical, competent and culturally sensitive care across the lifespan to all patients.

LVN TO RN ONLY (30-UNIT OPTION)

CERTIFICATE OF ACHIEVEMENT (WITH 30-59.5 UNITS)

Meets California State Regulation 1429, and those completing this track are eligible to apply for the National Council of State Boards of Nursing Licensing Examination in preparation for licensure as a Registered Nurse. This is a non-degree option. States other than California may not grant Registered Nurse (RN) licensure based on completion of this option. Career laddering to a higher level such as Bachelor of Science in Nursing may be limited by this option as well. It is recommended the applicant call the Nursing Department for more information. Students who qualify will be admitted each semester on a space available basis.

Admission Criteria:

- A. All applications are obtained and filed with the Nurs-ing Office at the Yuba College main campus in Marysville. Applicants will be admitted on a space-available basis points in multi-criteria screening process and by date of receipt of completed application packet. Contact the Nursing Office for admission procedures, information.
- B. Eligibility. Minimum qualifications for admission to this track are:
 1. Current California Vocational Nurse License. Re-cent V.N. graduates must submit proof of licensure prior to completing application.
 2. Graduation from an accredited vocational school of nursing or demonstrated mastery of course content by Challenge Examination.
 3. IV Certified
 4. Completion of the following courses with an overall averaged GPA of 2.5 or higher in the fol-lowing courses:
 5. BIOL 5 Human Physiology, BIOL 6 Introductory Microbiology; NURS 36 Pathophysiology
 6. Completion of the following individual courses with a "C" or higher: BIOL 5 Human Physiology, BIOL 6 In-troductory Microbiology; NURS 36 Pathophysiology

Students who complete this program should be able to:

1. Communicate and collaborate with interdisciplinary healthcare partners in providing care to a diverse population of patients and families.
2. Demonstrate problem solving skills while utilizing resources to apply best practices to deliver safe and effective care.

3. Demonstrate understanding of and apply evidence based practice in rendering ethical, competent and culturally sensitive care across the lifespan to all patients.

BIOL 6	Introductory Microbiology	4

TOTAL UNITS REQUIRED **31**

COURSES

NURS1 **9 UNITS**

Fundamentals of Medical Surgical

TRANSFERABLE TO CSU ONLY
72 LECTURE HOURS
270 LAB HOURS

Fundamentals of Medical Surgical Nursing introduces the foundational concepts, knowledge and skills essential to the practice of professional nursing. This course provides an introduction for the first semester nursing student to concepts and practices as they relate to the non-critical young adult through geriatric adult in the medical surgical (and/or skilled care) environment. Through utilization of the nursing process, the student will begin to recognize alterations in physiological functioning and formulate age and acuity appropriate nursing interventions. Selected psychomotor skills associated with meeting the basic needs, medication administration, physical assessment, and sterile techniques will be studied and practiced. (L,M)

Prerequisite(s): NURS26, NURS36

NURS2 **7 UNITS**

Introduction Medical Surgical Nursing

TRANSFERABLE TO CSU ONLY
72 LECTURE HOURS
162 LAB HOURS

This course focuses on nursing concepts and safe nursing care of selected clients in selected systems under study. Further emphasis of learning is upon the surgical patient, the patient with wounds, and the patient who is in pain. (L,M,C)

Prerequisite(s): NURS1

NURS3 **5 UNITS**

Intermediate Medical Surgical Nursing

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
162 LAB HOURS

This course is designed to provide learning opportunities for in-depth application of the nursing process to the health needs of a selection of acutely ill patients and simulated acutely ill patients. Emphasis is on the application of biophysical and psychosocial knowledge to meet the health care needs of the adult with acute and chronic disorders in selected body systems. (L,M,C)

Prerequisite(s): NURS2

NURS4 **6.5 UNITS****Advanced Medical Surgical Nursing****TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS
189 LAB HOURS

The course introduces concepts related to patients with hematologic, immunologic, burns, infective, and cancerous processes and diseases. The topics of Leadership and Management, Delegation, Quality and Safety, Time Management, Conflict Resolution, Organization Structure and Change, Legal and Ethical issues, and Role Transition are content focuses. The scope of practice of the registered nurse as defined by the California Business and Professions Code is discussed along with an outlook on the future of nursing and nursing practice.

Prerequisite(s): NURS3**NURS4A** **3.5 UNITS****Medical-Surgical Nursing IV****TRANSFERABLE TO CSU ONLY**
36 LECTURE HOURS
81 LAB HOURS

This course is designed to provide lecture and clinical opportunities for in-depth application of the nursing process to the health needs of a selection of acutely ill patients and simulated acutely ill patients. Emphasis is on the application of biophysical and psychosocial knowledge to meet the health care needs of the adult with acute and chronic disorders in selected body systems.

Prerequisite(s): NURS3**NURS4B** **3 UNITS****Leadership in Nursing****TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS
108 LAB HOURS

Focuses on advanced concepts and principles of nursing practice as well as in-depth theory related to selected biophysical and psychosocial needs in a preceptor learning environment. Emphasis is on the management and leadership role of the nurse. Application of management and leadership concepts and skills is provided by selected patient care experiences for students who are assigned to work individually with an RN preceptor in a clinical agency.

Prerequisite(s): NURS4A**NURS18** **1 UNIT****Comprehensive Review for The NCLEX RN Examination****TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS

Comprehensive review and test taking strategies for the Registered Nurse (RN) Student in Nursing Science, Pharmacology, and Nursing content area's related to the RN NCLEX Examination. (L)

Prerequisite(s): NURS4A**NURS20** **1 UNIT****Introduction To Nursing****TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS

Provides an overview of current nursing roles, responsibilities, and scope of practice as defined by the Board of Registered Nursing in a variety of settings for nursing practice with an emphasis on the rigors of being a nursing student and a newly graduated nurse are presented along with study strategies, sources for financial aid and college and department learning resources to enhance student success. Open to nursing and non-nursing majors. (L,M)

NURS21 **3.5 UNITS****Pediatric Nursing****TRANSFERABLE TO CSU ONLY**
27 LECTURE HOURS
108 LAB HOURS

This pediatric course focuses on registered nurses' care from infancy through adolescence. Health problems are studied in the acute and community care setting. Education of the pediatric client and their family on health promotion, growth and development, disease prevention, and safety issues are addressed. Ethical and legal issues are discussed. The impact of diverse cultural and spiritual beliefs on health care decisions are explored. (L,M,C)

NURS22 **3.5 UNITS****Obstetrical Nursing****TRANSFERABLE TO CSU ONLY**
27 LECTURE HOURS
108 LAB HOURS

This course focuses on integration and application of the nursing process as it relates to the provision of culturally sensitive nursing care to the childbearing family during pregnancy, birth, the postpartum period, and care of the newborn. Content will also include women's health across the lifespan, including preventative care and diagnosis and treatment of gynecologic disorders. Application of concepts, theory, and clinical skills is provided by selected patient care experiences in a variety of inpatient and outpatient settings. Computer literacy skills are recommended. (L,M,C)

Prerequisite(s): NURS1**NURS26** **3 UNITS****Pharmacology****TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS

Basic principles of pharmacology with focus on pharmacokinetics, pharmacodynamics, and related therapeutic implication for major drug categories. This course may be taken by nursing and non-nursing students. (L,M)

NURS33 **4 UNITS****Psychiatric/Mental Health Nursing****TRANSFERABLE TO CSU ONLY**
36 LECTURE HOURS
108 LAB HOURS

Eclectic approach to psychiatric and mental health nursing including psychodynamics of human behavior, group dynamic, therapeutic communication and psychopharmacology, with an emphasis on concepts and principles as applied to self and individuals in therapy. The clinical nursing experience involves the application of nursing process, meeting the mental health and psychosocial needs as well as physiological health needs of individuals throughout the life span during one to one interactions with clients, participating in group process, staff conferences and various treatment modalities. (L,M)

NURS36 **4 UNITS****Pathophysiology: Understanding Disease****TRANSFERABLE TO CSU ONLY**
72 LECTURE HOURS

The study of disease pathology in the human body with a focus on the study of abnormal physiological function of body systems at the cellular level. Correlation to disease etiology and biological and physical manifestations produced by abnormal physiology. Core course content for NURS 1 through NURS 4B, nursing courses. The content of this course is content required for licensure with the California Board of Registered Nursing. Course is required to be completed prior to formal admission to the Yuba College Nursing Program. (L,C) **Prerequisite(s):** BIOL4, BIOL5

NURS37 **2 UNITS****LVN to RN Bridge Course****TRANSFERABLE TO CSU ONLY**
36 LECTURE HOURS

The bridge course is designed to prepare the Licensed Vocational Nurse to enter the 3rd semester of the ADN Program and to facilitate transition from the LVN to RN role.

NURS51 **3 UNITS****Medical Terminology****54 LECTURE HOURS**

Intended to assist those studying in the fields of medicine and health care by learning a word-building system for defining, using, spelling and pronouncing medical words. Course is designed for those preparing for a health career such as nursing, medical secretary, ward secretary, emergency medical technician, medical technologist, respiratory therapist, or other fields that require a medical vocabulary. (C)

NURS55 **1 UNIT****Nursing Skills Lab****54 LAB HOURS**

Designed for nursing students to remediate or update nursing skills and nursing care to patients via simulation, learn to access health care information via the internet, obtain help with writing skills specific to nursing department requirements and remediate or update math skills relating to calculation of dosages and solutions.

NURS56 **1 UNIT****Advanced Nursing Skills Lab****54 LAB HOURS**

Designed for nursing students in the advanced instruction to practice and/or remediate in advanced nursing skills. Areas of practice include advanced procedures, technological equipment experience, help with advanced analysis of assessment findings, diagnostics, and multiple system acute pathologies, activities to promote critical thinking, simulation, and developing complex nursing care plans. (L,M,C)

NURS57 **1 UNIT****Second Year Advanced Nursing Skills Lab****54 LAB HOURS**

Designed for 2nd year nursing student to practice and/or remediate in advanced/basic nursing skills. Areas include advanced procedures, equipment, assessment, diagnostics, and multiple system pathologies for adult and pediatric clients. Activities promote critical thinking, development of complex nursing care plans/concept maps, and growth and development for adult and pediatric clients. Remediation in first year skills as needed. (L,M,C)

Philosophy

Philosophy courses are designed to cultivate wisdom by critically questioning fundamental beliefs about reality, self-identity, knowledge, religion, and ethics. The core courses that make up the curriculum include Introduction to Philosophy, Critical Thinking, Ethics, Philosophy of Religion, and World Religions.

COURSES

PHIL1 **3 UNITS****Introduction to Philosophy****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

Introduces students to the nature and practice of philosophic inquiry by focusing on traditional philosophic issues from a multicultural perspective. Particular emphasis will be given to classic Western philosophers as well as classic Eastern sources. (L)

PHIL12 **3 UNITS****Critical Thinking****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

A basic introduction to critical thinking skills emphasizing their application to everyday decision-making. Topics include: definitions of critical thinking, language and meaning, claims and reasons, argument and inference, argument identification and reconstruction, inductive reasoning, deductive reasoning, underlying assumptions, evaluating assumptions, assumptions and evidence, worldviews as a context for critical thought, evaluating arguments, sound and fallacious reasoning, informal fallacies, casual inference, and scientific method. (L)

PHIL2**3 UNITS****Ethics****TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS**

An introduction to the study of ethics emphasizing the relevance of ethics to everyday decision-making. Topics include: the human context of moral reasoning, relativism, subjectivism, religion and ethics, conscience and moral development, ethical egoism, utilitarianism, the ethics of duty, rights ethics, virtue ethics and the good life, and case studies in moral reasoning. (L)

PHIL3**3 UNITS****Philosophy of Religion****TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS**

A philosophical exploration of religious belief and practice, with an emphasis on understanding how the world's major religious traditions - Eastern and Western - respond to fundamental issues concerning the ultimate nature of reality. Topics include: religion and philosophy, worldviews and religion, metaphysics without God, metaphysics with God, arguments for God's existence, the problem of evil, incarnation and God, God and gender, life after death, religious experience, science and religion, prudential arguments for religious belief, faith and justification, love and the meaning of life. (L)

PHIL6**3 UNITS****Political Philosophy****TRANSFERABLE TO BOTH UC AND CSU****POLS 120
54 LECTURE HOURS**

This course introduces students to the major authors of political thought and examines the assumptions and central issues involved in political thinking. Concepts such as: democracy, fascism, justice, rights, law liberty, political authority, political principles, and consequences will be examined through an analysis of classical and contemporary reading selections. (L)

PHIL20**3 UNITS****World Religions****TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS**

A survey of the beliefs and practices of Eastern and Western religious traditions. Emphasis will be given to the origin and development of each tradition, its major forms of expression, and the various ways in which each tradition addresses the most fundamental questions of human existence. (L)

Physical Science

COURSES**PHYS10A****3 UNITS****Earth Science****TRANSFERABLE TO BOTH UC AND CSU****C-ID: GEOL 120
54 LECTURE HOURS**

Survey course with topics chosen principally from oceanography, geology, physical geography, meteorology, and astronomy. Topics are presented within a theme of understanding the earth.

PHYS10A(L)**1 UNIT****Earth Science Laboratory****TRANSFERABLE TO BOTH UC AND CSU****C-ID: GEOL 120L
54 LAB HOURS**

Laboratory activities in Earth Science to reinforce and complement the materials presented in PHYS10A.

Co-requisite(s): PHYS10A**PHYS10B****3 UNITS****Physical Science - Physics & Chemistry****TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS**

Basic concepts in physics and chemistry: motion, force, energy, electricity, atomic theory, matters, chemical and physical changes, radioactivity, and an introduction to modern physics. This course also includes introduction to applied physical sciences including Geology, Meteorology, Astronomy, and Oceanography. (L)

PHYS10C**1 UNIT****Physical Science - Physics and Chemistry Lab****TRANSFERABLE TO BOTH UC AND CSU
54 LAB HOURS**

Laboratory experiments in physics and chemistry to reinforce and complement the materials presented in PHYS10B which may be taken concurrently. (L)

Co-requisite(s): PHYS10B

Physics

COURSES

PHYS2A **3 UNITS**

General Physics I

TRANSFERABLE TO BOTH UC AND CSU
C-ID: PHYS 105 (PHYS 2A & PHYS 3A)
54 LECTURE HOURS

Comprehensive study of physics, including mechanics, hydro-statics, thermodynamics and wave motion; equal emphasis placed on active participation of students' through wide range of interactive classroom techniques for qualitative understanding and quantitative problem solving. Intended primarily for non-physics and non-engineering science majors including life science majors. (L,M)

Prerequisite(s): MATH21
Co-requisite(s): PHYS3A

PHYS2B **3 UNITS**

General Physics II

TRANSFERABLE TO BOTH UC AND CSU
C-ID: PHYS 110 (PHYS 2B & PHYS 3B)
54 LECTURE HOURS

Comprehensive study of physics, including electricity and magnetism, optics, atomic and nuclear physics, and relativity; equal emphasis placed on active participation of students through a wide range of interactive classroom techniques for qualitative understanding and quantitative problem solving. Intended primarily for non-physics and non-engineering science majors including life science majors. (L,M)

Prerequisite(s): PHYS2A, PHYS3A
Co-requisite(s): PHYS3B

PHYS3A **1 UNIT**

General Physics Laboratory I

TRANSFERABLE TO BOTH UC AND CSU
C-ID: PHYS 105 (PHYS 2A & PHYS 3A)
54 LAB HOURS

Performance of lab experiments to verify the important concepts of PHYS 2A. (L,M)

Co-requisite(s): PHYS2A

PHYS3B **1 UNIT**

General Physics Laboratory II

TRANSFERABLE TO BOTH UC AND CSU
C-ID: PHYS 110 (PHYS 2B & PHYS 3B)
54 LAB HOURS

Performance of lab experiments to verify the important concepts of PHYS 2B. (L,M)

Prerequisite(s): PHYS2A, PHYS3A
Co-requisite(s): PHYS2B

PHYS4A **4 UNITS**

Mechanics

TRANSFERABLE TO BOTH UC AND CSU

C-ID: PHYS 205
54 LECTURE HOURS
54 LAB HOURS

An overview of the field of physics-- its position and significance relative to the sciences-- followed by a detailed study of mechanics. Primarily for architecture, chemistry, engineering, geophysics, and physics majors. (L,M)

Prerequisite(s): MATH1A
Co-requisite(s): MATH1B

PHYS4B **4 UNITS**

Electromagnetism

TRANSFERABLE TO BOTH UC AND CSU

C-ID: PHYS 210
54 LECTURE HOURS
54 LAB HOURS

Study of electromagnetism with accompanying laboratory. (L,M)

Prerequisite(s): PHYS4A

PHYS4C **4 UNITS**

Thermodynamics, Light, and Modern Physic

TRANSFERABLE TO BOTH UC AND CSU

C-ID: PHYS 215
54 LECTURE HOURS
54 LAB HOURS

Study of thermodynamics, optics, and modern physics with accompanying laboratory. (L,M)

Prerequisite(s): PHYS4B

PLANT SCIENCE

(See agriculture)

Political Science

POLITICAL SCIENCE

ASSOCIATE IN ARTS FOR TRANSFER

"The Associates in Arts in Political Science for Transfer degree is designed for students to transfer into the CSU system to complete a bachelor's degree in Political Science or similar major. The degree promotes students' engagement with politics at local, domestic, and international levels. Students are exposed to different perspectives on civic issues, political thoughts, American politics and world politics through which students are trained to be critical and analytical thinkers.

The Political Science program offers lower division courses to study government, public policy, political philosophies, political theories and international relations.

This degree will guarantee a student the admission to a California State University (but not necessarily to a specific campus or major).

To earn this AA-T degree, students must meet the following Associate Degree for Transfer requirements (pursuant to SB 1440 law):

- Completion of 60 semester units or 90 quarter that are eligible for transfer to the California State University.
- The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education & Breadth Requirements.
- A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
- Obtainment of a minimum grade point average of 2.0.
- Earn a grade of "C" or better in all courses required for the major or area of emphasis."

Students who complete this program should be able to:

1. Distinguish major political theories and/or political concepts.
2. Identify the political structure of major governing bodies.
3. Analyze the opposing arguments of major political issues.
4. Identify social, political, and/or economic forces necessary to establish a certain political order.

REQUIRED COURSES UNITS

POLSC 1 Introduction To American Government..... 3

List A: Select three courses (9 units) from the following courses:

POLSC 2 Comparative Politics..... 3
 POLSC 6 Political Philosophy 3
 POLSC 7 International Relations 3
 STAT 1 Introduction to Statistical Methods 4

List B: Choose two courses (6 units) from the following courses:

POLSC 3 California Politics..... 3
 HIST 16B African-American History 3
 SOCIL 6 Sociology of Sex and Gender..... 3
 ECON 1A Elementary Economics-Macro 3
 ECON 1B Elementary Economics-Micro 3
 HIST 17A United States History..... 3
 HIST 17B United States History 3
 SOCIL 5 Sociology of Race and Ethnicity..... 3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 18

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

COURSES

POLSC1 3 UNITS

Introduction To American Government

TRANSFERABLE TO BOTH UC AND CSU

**C-ID: POLS 110
54 LECTURE HOURS**

Covers the foundations, politics, and institutions of American government. Explores the foundations of American democracy, including political culture, the Constitution, civil liberties, and civil rights. Analyzes the influence and impact of media, political parties, elections, and interest groups. Examines political institutions such as the Congress, the Presidency, the courts, and the federal bureaucracy. State and local governments are included. (L)

POLSC2 3 UNITS

Comparative Politics

TRANSFERABLE TO BOTH UC AND CSU

**C-ID: POLS 130
54 LECTURE HOURS**

An introduction to comparative politics. This course compares the major political systems in selected countries, including industrialized democracies, developing states, and current/former communist regimes. It analyzes the similarities and differences among the major states by studying their government types, ideologies, political parties, and economies. Students will learn about methods of comparison of various political systems. (L)

POLSC3 3 UNITS

California Politics

**TRANSFERABLE TO BOTH UC AND CSU
54 LECTURE HOURS**

An introduction to California politics that explores state, county, and municipal governments. Examines how state politics impact Californians' daily lives with an insight into California's diverse and unique people, cultures, and political processes. Current major political issues will be analyzed, such as economic and class conflict, immigration issues, ethnic-cultural relations, and contemporary challenges that urban, suburban, and rural governments face. (L)

POLSC6 3 UNITS

Political Philosophy

TRANSFERABLE TO BOTH UC AND CSU

**C-ID: POLS 120
54 LECTURE HOURS**

This course introduces students to the major authors of political thought and examines the assumptions and central issues involved in political thinking. Concepts such as democracy, fascism, justice, rights, law liberty, political authority, political principles, and consequences will be examined through an analysis of classical and contemporary reading selections. (L)

POLSC7

3 UNITS

International Relations

TRANSFERABLE TO BOTH UC AND CSU

C-ID: POLS 140

54 LECTURE HOURS

A survey of historical and contemporary international relations. Focus will be on major IR theories and methodologies, international security, globalization, international political economy, international law, international institutions (e.g. UN, WTO, NAFTA, NGOs), and human security. This class also analyzes the foreign policies of major actors, major states, areas of conflict and tension, and various aspects of globalization. In addition, it explores how people of different cultures and ethnic background impact the domestic and foreign politics of their states, with emphasis on issues of human security: ethnic conflict, the global North and South economic gap, pandemics, human rights, population, environment and resource management. (L)

Psychiatric Technician

PSYCHIATRIC TECHNICIAN

CERTIFICATE OF ACHIEVEMENT

The Psychiatric Technology Program is a four-semester and single-summer session program offered at the Yuba College Campus. The program includes 648 theoretical hours of classroom education, correlated with 1006 clinical practicum hours. The subject matter reflects the knowledge and skills specified by Board of Vocational Nursing Psychiatric Technology Education (BVNPTE) regulation, rules, and laws. All clinical practicum will be under the supervision of a licensed BVNPTE-approved clinical instructor. The curriculum may be periodically revised to reflect the evolution of the profession and BVNPTE laws and regulations.

Theory and clinical program content shall reflect the client and patient population that are normally associated with the licensed Psychiatric Technician which will include clients/patients with mental disorders, personality disorders, substance abuser, and developmentally disabled. Students will be admitted based upon date of special program application reflected to the program waitlist number. Call (530) 741-6742 to request additional information regarding the program. Application is on the Yuba Community College, Psychiatric Technician web page.

MINIMUM CRITERIA

1. High School graduation or equivalent to high school.
2. Age of 18 years by first day of Fall semester.

Students who complete this program should be able to:

1. Accurately perform and document basic nursing skills, basic physical and mental assessments and interventions while prioritizing patient care.
2. Effectively participate in a therapeutic environment and communicate in a professional and respectful manner to both staff and clients.

3. Pass the California state board exam for licensure as a psychiatric technician after completing all required theory and clinical hours.

REQUIRED COURSES

UNITS

First Semester

PSYCT 50 Anatomy and Physiology	3
PSYCT 51 Human Development	3
PSYCT 52 Nursing Science A	2

Second Semester

PSYCT 53 Developmental Disabilities A.....	5
PSYCT 54 Nursing Science B	5
HLTH 10 Principles of Nutrition	3
PSYCT 55 Pharmacology A.....	2

Summer

PSYCT 56 Nursing Science C	6
----------------------------------	---

Third Semester

PSYCT 57 Psychiatric Disorders A.....	7
PSYCT 58 Group Process	2
PSYCT 59 Crisis Management.....	2
PSYCT 60 Pharmacology B.....	2

Fourth Semester

PSYCT 61 Substance Abuse.....	2
PSYCT 62 Psychiatric Disorders B.....	4
PSYCT 63 Developmental Disabilities B.....	6

TOTAL UNITS REQUIRED

54

COURSES

PSYCT50

3 UNITS

Anatomy and Physiology

54 LECTURE HOURS

Introductory course providing a comprehensive overview of normal structure and function of the human organism. Includes but not limited to the following: cell and tissue structure and function, organ and system differentiation and related terminology. Designed for the psychiatric technician student or equivalent. (L)

PSYCT51

3 UNITS

Human Development

54 LECTURE HOURS

Overview of normal human growth and development from biologic conception to death. Includes but not limited to the following: identification of major theorists/theories, presentation of major milestone of growth and development associated with the chronologic age groups and subject related terminology. (L)

PSYCT52

2 UNITS

Nursing Science A

36 LECTURE HOURS

Overview and orientation to the nursing science, which includes the following: basic medical terminology, fundamental concepts relating to the health care systems, ethical and professional codes of conduct and overview of past, current, and future trends in the U.S. health care systems. (L)

PSYCT53 **5 UNITS**

Developmental Disabilities A

54 LECTURE HOURS
108 LAB HOURS

Introductory overview of the five developmental disability subtypes: mental retardation, epilepsy, cerebral palsy, infantile autism and neurological handicapping. Also included will be instruction in MAB (Managing Assaultive Behavior) training designed to prepare the student to effectively manage assaultive behavior.

PSYCT54 **5 UNITS**

Nursing Science B

36 LECTURE HOURS
162 LAB HOURS

Overview of diseases and disorders in terms of diagnostic criteria, symptom presentations, system pathology, medical/nursing interventions and typical prognosis. Emphasis shall be on nursing interventions, special care needs, and patient related skills. Application of basic nursing skills associated with "long term care" patients. The clinical affiliation also includes a 40 hour skills lab practicum at the Yuba College Nursing Lab to include basic nursing care.

PSYCT55 **2 UNITS**

Pharmacology A

36 LECTURE HOURS

Introductory overview to the basic concepts associated with the field of nursing related pharmacology. Includes a math review, computation conversion and review of specific drugs relating to specific drug classifications. The course material shall be directly related to the clinical medical experience offered in the clinical portion of this program. (L,M)

PSYCT56 **6 UNITS**

Nursing Science C

54 LECTURE HOURS
162 LAB HOURS

Overview of the medical-surgical nursing component of the program: includes all age groups, common diagnoses, nursing interventions and aspects of an acute care medical facility. In the clinical portion of the course, students will apply nursing skills relating to the medical surgical patient within an acute care medical facility. This application of skills will involve various age groups, diagnoses, and health care needs.

PSYCT57 **7 UNITS**

Psychiatric Disorders A

36 LECTURE HOURS
270 LAB HOURS

Overview of the major psychiatric disorders. Emphasis shall be on the following: psychiatric terminology, psychiatric disorders, symptoms, nursing interventions, treatment and typical prognosis. Application of psychiatric skills relating to patients in the acute care, day treatment and adult education components of the Sutter-Yuba Mental Health Care System. Includes the following: application of therapeutic communication skills, medication administration, group process participation, observation, clinical assessment, interdisciplinary team participation, and one-to-one observation.

PSYCT58 **2 UNITS**

Group Process

36 LECTURE HOURS

Overview of the therapeutic intervention known as group process as it relates to the developmentally disabled and psychiatric client. Includes the following: related terminology, group leader skills, goals of the group process and specific client behaviors. (L)

PSYCT59 **2 UNITS**

Crisis Management

36 LECTURE HOURS

Overview of the concept of "crisis" relating to an individual's personal reaction to physical or psychological stressors. Includes but not limited to the following: recognition of stress response, specific adaptive responses, specific maladaptive responses, the dynamics of grief "burnout and suicide." (L)

PSYCT60 **2 UNITS**

Pharmacology B

36 LECTURE HOURS

Overview the somatic therapies with emphasis upon the psychotropic medications as they relate to the psychiatric client. Includes but not limited to the following major drug classes: antipsychotic, antidepressant, antianxiety, antimanic, and anticholinergic. (L,M)

Prerequisite(s): PSYCT55

PSYCT61 **2 UNITS**

Substance Abuse

36 LECTURE HOURS

Provides for the historical overview of those drugs that are most commonly misused, or abused within the contemporary U.S. society. Makes a distinction between substance-use disorders and substance-induced disorders. All major drugs that have the potential for abuse and or misuse shall be presented in terms of the following: classifications, physical/psychological effects and dependency potential. (L)

PSYCT62 **4 UNITS**

Psychiatric Disorders B

36 LECTURE HOURS
108 LAB HOURS

Provides for the general orientation to the ten personality disorders as described in Axis II of the DSM-V. Emphasis shall be upon the defining criteria, interpersonal impact, social consequences and intervention techniques. This course will also have 108 hours in mental and developmental disabilities clinical sites.

PSYCT63 **6 UNITS**

Developmental Disabilities B

54 LECTURE HOURS
162 LAB HOURS

Provides an overview of the application of the behavioral science known as "behavior intervention" as it applies to the mentally retarded population. Includes a summary of state and federal legislation for the developmental disabilities. Also includes a general preparation for the Board of Vocational Nurses and Psychiatric Technicians (BVNPT) state board examination. Provides for direct participation with the specific agency known as "Community Resource Services". Students shall be assigned to CRS sites based on (2) four week clinical rotations.

PSYCHOLOGY

PSYCHOLOGY ASSOCIATE IN ARTS

Psychology is the study of human thought, feelings, and behavior. Part of its appeal is the fact that it involves both scientific investigation and practical applications of those findings in everyday life. This degree is designed to introduce students to the field of psychology with a specific emphasis on social services. Those pursuing this degree will find career options centering around helping others. This program is designed to prepare students for employment as para-professionals with agencies such as (but not limited to) youth group homes, youth and family services agencies, schools, probation, welfare, and mental health departments. Specific career titles may include (but are not limited to) peer support group facilitator, youth group home worker, and county/state eligibility worker.

Students who complete this program should be able to:

1. Demonstrate respect for the psychological differences in opinions, feelings and values of others in one's interactions.
2. Analyze psychological data/information/theories, draw reasonable conclusions in relation to human behavior from the data/information/theories, recognize the implications when addressing and evaluating human related problems and issues in making decisions.
3. Articulate similarities and differences in human behavior among cultures, times, and environments, demonstrating an understanding of cultural pluralism and knowledge of global issues as they relate to human behavior.
4. Apply psychological principles to the development of interpersonal, occupational and social skills and life-long personal growth.

REQUIRED COURSES	UNITS
PSYCH 1A General Psychology.....	3
PSYCH 12 Human Sexuality OR	3
PSYCH 31 Gender and Behavior: Feminine and Masculine.....	3

Plus 12 units from the following:

PSYCH 22 Social Psychology.....	3
PSYCH 33 Personal and Social Adjustment.....	3
ECE 3 Childhood and Adolescent Behavior	3
PSYCH 41 Lifespan Development	3
PSYCH 12 or 31 (if not already completed above).....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 18

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

PSYCHOLOGY

ASSOCIATE IN ARTS FOR TRANSFER

"The Associate in Arts in Psychology for Transfer degree is designed for students for transfer into the CSU system to complete a bachelors degree in Psychology. Psychology is the study of human thought, feelings, and behavior. Part of its appeal is the fact that it involves both scientific investigation and practical applications of those findings in everyday life.

Yuba College Psychology courses offer a diverse program with several goals: 1) To expose students to the variety of sub-fields in psychology; 2) to engender knowledge of, and appreciation for, the spirit and nature of scientific inquiry; 3) to facilitate insight into oneself and increase knowledge of, and sensitivity to, others; 4) to introduce students to the basic body of knowledge, thus preparing them for further study in Psychology.

Those pursuing psychology as a field of study will find many career options centering around helping others to understand, predict, and influence their own behavior and the behavior of others. Psychologists may teach, conduct research, perform psychological testing, or do consultation in a variety of settings which include hospitals, businesses, private practice, personnel offices, industry, colleges and universities, and government. Training in Psychology provides a valuable foundation for professions wherein interpersonal interactions are a component of the work setting.

To earn this AA-T degree, students must meet the following Associate in Arts Degree for Transfer requirements (pursuant to SB 1440 law):

1. Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University.
2. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education Breadth Requirements.
3. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
4. Obtainment of a minimum grade point average of 2.0.
5. Earn a grade of "C" or better in all courses required for the major or area of emphasis.

Students who complete this program should be able to:

1. Demonstrate respect for the psychological differences in opinions, feelings and values of others in one's interactions.
2. Analyze psychological data/information/theories, draw reasonable conclusions in relation to human behavior from the data/information/theories, recognize the implications when addressing and evaluating human related problems and issues in making decisions.
3. Articulate similarities and differences in human behavior among cultures, times, and environments, demonstrating an understanding of cultural pluralism and knowledge of global issues as they relate to human behavior.
4. Apply psychological principles to the development of interpersonal, occupational and social skills and life-long personal growth.

REQUIRED COURSES	UNITS
PSYCH 1A General Psychology.....	3
PSYCH 7 Research Methods in Psychology	3
STAT 1 Introduction To Statistical Methods	4

Biological Requirement (Choose one from the following, 4 units):

(CONT'D FROM PREVIOUS PAGE)

BIOL 4	Human Anatomy <i>OR</i>	4
BIOL 10L	General Biology	4
Critical Thinking Requirement (choose one from the following, 3 units):		
ENGL 1B	Critical Thinking & Writing About Literature	3
ENGL 1C	Critical Thinking/Advanced Composition	3
PHIL 12	Critical Thinking	3
Psychology Electives (Choose one from the following, 3 units):		
PSYCH 12	Human Sexuality.....	3
PSYCH 22	Social Psychology.....	3
PSYCH 31	Gender and Behavior: Feminine and Masculine.....	3
PSYCH 33	Personal and Social Adjustment.....	3

PSYCH 46	Abnormal Psychology.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 20

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

COURSES

PSYCH1A 3 UNITS

General Psychology

TRANSFERABLE TO BOTH UC AND CSU**PSY 110
54 LECTURE HOURS**

Psychology is the scientific study of behavior and mental processes. The content focuses on the exploration of major psychological theories and concepts, methods, and research findings in psychology. Topics include the biological bases of behavior, perception, cognition and consciousness, learning, memory, emotion, motivation, development, personality, social psychology, psychological disorders and therapeutic approaches, and applied psychology.

PSYCH6 4 UNITS

Introduction to Statistics in Social and Behavioral Science

TRANSFERABLE TO BOTH UC AND CSU**C-ID: MATH 110
72 LECTURE HOURS**

An introduction to the basic statistical methods and analyses commonly used in social and behavioral science research (use of probability techniques, hypothesis testing, and predictive techniques), including applications of statistical software to social science data. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance, chi-square and t-tests; and application of technology for statistical analysis including the interpretation of the relevance of the statistical findings. This course is designed for Psychology students who plan to transfer to a UC/CSU and does NOT fulfill the mathematics competency for local graduation requirements.

Prerequisite(s): PSYCH1A, MATH52, MATH52B**PSYCH7 3 UNITS**

Research Methods in Psychology

TRANSFERABLE TO BOTH UC AND CSU**C-ID: PSY 200
54 LECTURE HOURS**

This course covers the many research designs and methods in psychology, including descriptive, associative, and causal claims. The various instrumentation, collection procedures, data collection and analysis, and reporting procedures are also examined. Research methods and design will be surveyed from a wide section of psychological fields.

Prerequisite(s): PSYCH1A, PSYCH6, STAT1**PSYCH12 3 UNITS**

Human Sexuality and Sexual Behavior

TRANSFERABLE TO BOTH UC AND CSU**C-ID: PSY 130
54 LECTURE HOURS**

This course is an introductory overview of the field of human sexuality. Human sexuality will be examined from psychological, biological, sociocultural, and historical perspectives. Students will be encouraged to become aware of their own sexual attitudes, values, and behaviors and to explore the attitudes, values and behaviors of others including traditionally non-represented cultures and groups. Current sex norms and various aspects of interpersonal and individual sexual adjustment will be explored.

PSYCH22 3 UNITS

Social Psychology

TRANSFERABLE TO BOTH UC AND CSU**C-ID: PSY 170
54 LECTURE HOURS**

This course considers individual human behavior in relation to the social environment. The power of the situation, other individuals, and the social group will be examined. Emphasized topics include: aggression, prejudice and stereotypes, interpersonal attraction, attitudes and attitude change, conformity, group phenomena, gender roles, cultural norms, person perception, and social cognition.

PSYCH33 3 UNITS

Personal and Social Adjustment

TRANSFERABLE TO BOTH UC AND CSU**C-ID: PSY 115
54 LECTURE HOURS**

This course is designed with an applied focus for students interested in how psychology is used in everyday life and is related to other social sciences. The course surveys different psychological perspectives and theoretical foundations and how these are applied across a person's life taking into account the influence of factors such as culture, gender, ethnicity, historical cohort, and socio-economic status. A broad understanding of how scientists, clinicians, and practitioners study and apply psychology is emphasized.

PSYCH41 3 UNITS

Lifespan Development

TRANSFERABLE TO BOTH UC AND CSU**C-ID: PSY 180
54 LECTURE HOURS**

Introduction to the scientific study of human development from conception to death. Examines the interplay of the biological, psychological, social, and cultural influences on the developing human being.

PSYCH46

3 UNITS

Introduction to Abnormal Psychology

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

This course introduces the scientific study of psychopathology and atypical behaviors, broadly defined. Students investigate abnormal behavior from a variety of perspectives including biological, psychological, and sociocultural approaches. An integrative survey of theory and research in abnormal behavior, and intervention and prevention strategies for psychological disorders are also introduced.

Radiologic Technology

RADIOLOGIC TECHNOLOGY

ASSOCIATE IN SCIENCE

Upon successful completion of this program, the student will receive an Associates of Science Degree and will be eligible to take the American Registry of Radiologic Technologist (ARRT) examination. Upon successful completion of the ARRT examination, the graduate will then be a Registered Technologist in Radiography (RTR) and eligible to apply to be a Certified Radiologic Technologist (CRT) to work in the state of California.

The program is accredited by the State of California Department of Public Health, Radiologic Health Branch and the Joint Review Committee on Education in Radiologic Technology.

Enrollment is limited. Students should be aware that this is a high-unit program requiring a minimum of 66 units.

Minimum Criteria for Admissions:

1. High School graduate or equivalent.
2. 18 years of age or older.
3. Successful completion of the following with a grade of "C" or higher:

BIOL 4 Human Anatomy
 BIOL 5 Human Physiology
 One Math or Statistics course with a Math 52 prerequisite
 ENGL 1A College Composition and Reading
 SPECH 1 Public Speaking, SPECH 7 Interpersonal Communication, or SPECH 8 Intercultural Communication
 One course from the local GE Area "A" Natural Science
 One course from the local GE Area "B" Social Science
 One course from the local GE Area "C" Humanities
 NOTE: Courses may be transferred from another accredited college or university but must be equivalent to those listed above.

NOTE: All Yuba College General Education Requirements must be met before acceptance into the program.

All immunizations are complete with documentation of immunity (or non-conversion status).

Please visit the Yuba College Radiologic Technology website for

application and additional information: <https://yc.yccd.edu/radtech/>

Students who complete this program should be able to:

1. Upon completion of the program, students will be able to employ critical thinking and problem solving skills.
2. Upon completion of the program, students will demonstrate the clinical competency of an entry level Radiologic Technologist.
3. Upon completion of the program, students will demonstrate appropriate workplace and patient communication skills
4. Upon completion of the program, students will model professionalism and ethics.

TOTAL UNITS REQUIRED FOR DEGREE MAJOR

67

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

*Courses must be completed with a grade of "C" or better before or during the indicated semester to progress in the program.

COURSES

RADT1

4 UNITS

Fund of Radiologic Science & Health Care

TRANSFERABLE TO CSU ONLY
72 LECTURE HOURS

Introduction to the field of Radiologic Technology. Basic imaging principles, patient diversity and care, the clinical environment, patient vital signs, and communication.

Prerequisite(s): RADT55

RADT2 4 UNITS**Radiation Physics and Equipment****TRANSFERABLE TO CSU ONLY**
72 LECTURE HOURS

Introduction to radiation physics; fundamentals of x-ray equipment; x-ray production and x-ray beam characteristics

Prerequisite(s): RADT55**RADT3A** 3 UNITS**Radiographic Procedures 1****TRANSFERABLE TO CSU ONLY**
36 LECTURE HOURS
54 LAB HOURS

Knowledge and skills necessary to perform standard radiographic procedures that are of optimal diagnostic quality. Skills necessary for image critique. Areas studied: thorax, abdomen, pelvis and upper and lower extremities.

Prerequisite(s): RADT55**RADT3B** 3 UNITS**Radiographic Procedures 2****TRANSFERABLE TO CSU ONLY**
36 LECTURE HOURS
54 LAB HOURS

Knowledge and skills necessary to perform standard radiographic procedures that are of optimal diagnostic quality. Skills necessary for image critique. Areas studied: spine, skull, facial bones. Trauma exams. Pediatric exams. Use of portable machine and radiography in the operating room.

Prerequisite(s): RADT3A, RADT55**RADT3C** 3 UNITS**Radiographic Procedures 3****TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS

Study of fluoroscopy, contrast studies, pharmacology as it relates to the imaging sciences, and completion of venipuncture certification.

Prerequisite(s): RADT3B, RADT55**RADT3D** 2 UNITS**Radiographic Procedures 4****TRANSFERABLE TO CSU ONLY**
36 LECTURE HOURS

Critical thinking skills, professionalism, and analysis of images needed to obtain the best radiographic image in various situations.

Prerequisite(s): RADT3C, RADT55**RADT4** 2 UNITS**Prin of Radiation: Biology-Protection****TRANSFERABLE TO CSU ONLY**
36 LECTURE HOURS

Principles of radiation protection, including the responsibilities of the radiographer for patients, personnel and the public. Radiation health and safety requirements of federal and state regulatory agencies, accreditation agencies and health care organizations.

Prerequisite(s): RADT55**RADT5** 4 UNITS**Principles Radiation Exposure and Equipment****TRANSFERABLE TO CSU ONLY**
72 LECTURE HOURS

Knowledge of factors that govern and influence the production of the radiographic image; digital radiography image production and review, Picture archiving and communication systems, DICOM, HL7.

RADT55 1 UNIT**Introduction to Radiologic Sciences****18 LECTURE HOURS**

Introduction to the field of Radiologic Sciences and expectations of the program. Refresher course for program prerequisites.

RADT6A 5.5 UNITS**Radiologic Technology Internship 1****TRANSFERABLE TO CSU ONLY**
300 LAB HOURS

Beginning radiologic experience in clinical facilities under the supervision of the college instructor, staff technologists, and clinical instructors. Basic development of skills in correlation with current radiologic practices. Rotation in various facilities.

Prerequisite(s): RADT55**RADT6B** 4.5 UNITS**Radiologic Technology Internship 2****TRANSFERABLE TO CSU ONLY**
260 LAB HOURS

Beginning radiologic experience in clinical facilities under the supervision of the college instructor, staff technologists, and clinical instructors. Enhanced development of skills in correlation with current radiologic practices. Rotation in various facilities.

Prerequisite(s): RADT6A, RADT55**RADT6C** 7 UNITS**Radiologic Technology Internship 3****TRANSFERABLE TO CSU ONLY**
390 LAB HOURS

Intermediate radiologic experience in clinical facilities under the supervision of the college instructor, staff technologists, and clinical instructor. Increased development of skills in correlation with current radiologic practices. Rotation in various facilities.

Prerequisite(s): RADT6B, RADT55**RADT6D** 8 UNITS**Radiologic Technology Internship 4****TRANSFERABLE TO CSU ONLY**
436 LAB HOURS

Advanced radiologic experience in clinical facilities under the supervision of the college instructor, staff technologists, and radiologists. Development of enhanced skills in correlation with current radiologic practices. Rotation in various facilities.

Prerequisite(s): RADT6C, RADT55

RADT6E 8.5 UNITS

Radiologic Technology Internship 5**TRANSFERABLE TO CSU ONLY**
464 LAB HOURS

Advanced radiologic experience in clinical facilities under supervision by college instructor, staff technologists and clinical instructors. Increased development of skills in correlation with current radiologic practices. Rotation in various medical facilities.

Prerequisite(s): RADT6D, RADT55

RADT7 1 UNIT

Advanced Radiographic Studies**TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS

Ethics and law in the radiologic sciences; advanced understanding of professionalism as related to a radiologic technologist.

RADT8 2 UNITS

Radiographic Pathology**TRANSFERABLE TO CSU ONLY**
36 LECTURE HOURS

Injuries and abnormalities most frequently encountered in Radiologic Technology. Key anatomy and physiology principles, imaging considerations for each disease, and its radiographic appearance, signs and symptoms, and treatment.

Prerequisite(s): RADT55

RADT9 3 UNITS

Advanced Modalities**TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS

Computed tomography basics, cross-sectional anatomy, and advanced modalities in the field of Radiologic Technology.

RADT12 1.5 UNITS

Radiologic Technology Board Review**TRANSFERABLE TO CSU ONLY**
27 LECTURE HOURS

Intensive review for the testing of the four (4) content areas tested by State of California Radiation Health Branch and the American Registry of Radiologic Technology: patient care, safety, image production, and procedures.

Prerequisite(s): RADT55

SIGN LANGUAGE

COURSES

SIGN1 4 UNITS

American Sign Language 1**TRANSFERABLE TO BOTH UC AND CSU**
72 LECTURE HOURS

This is the first course in a series of four courses in the fundamentals of American Sign Language (ASL) used by the Deaf community, including basic vocabulary, syntax, numbers, fingerspelling, and grammatical non-manual markers. The instructional activities are based on an immersion approach, in which the students develop language competency in source and target language, cultural knowledge, and an increased understanding of the Deaf community. Students are expected to participate in Deaf community events. Instructional materials will be in English.

SIGN2 4 UNITS

American Sign Language 2**TRANSFERABLE TO BOTH UC AND CSU**
72 LECTURE HOURS

This is the second course in a series of four courses in the fundamentals of American Sign Language (ASL) used by the Deaf community, including basic vocabulary, syntax, numbers, fingerspelling, and grammatical non-manual markers. The instructional activities are based on an immersion approach, in which the students develop language competency in source and target language, cultural knowledge, and an increased understanding of the Deaf community. Students are expected to participate in Deaf community events and read instructions in English. (C)

Prerequisite(s): SIGN1

SIGN3 4 UNITS

American Sign Language 3**TRANSFERABLE TO BOTH UC AND CSU**
72 LECTURE HOURS

This is the third course in a series of four courses in the fundamentals of American Sign Language (ASL) used by the Deaf community. This course furthers students' study of vocabulary, syntax, classifiers and narrative form. The instructional activities are based on an immersion approach in which the students develop language competency in the target language, cultural knowledge, and an increased understanding of the Deaf community. Students are expected to participate in Deaf community events and read instructions in English. (C)

Prerequisite(s): SIGN2

SIGN61 2 UNITS

Fingerspelling and Numbers 1**36 LECTURE HOURS**

This is the first of two courses in the fundamentals of fingerspelling and numbers as they are used in American Sign Language (ASL). The instructional activities are based on a practice approach, in which the students develop language competency ASL by finding parallels to those that exist in English. Emphasis is placed on both producing and understanding ASL fingerspelling and number usage, rules and parameters. (C)

Social Science

SOCIAL SCIENCE

ASSOCIATE IN ARTS

Students who complete this program should be able to:

1. Identify major theoretical orientations in the social and behavioral sciences.
2. Describe and apply basic concepts regarding human behavior, society, and culture.
3. Utilize the principles of social scientific methods to generate and evaluate hypotheses about human behavior and culture.
4. Appreciate the diversity of human behaviors and cultures across time and space, as well as the more universal aspects of human experience.

REQUIRED COURSES		UNITS
ANTHR 1	Physical Anthropology OR	3
ANTHR 2	Cultural Anthropology	3
ECON 1A	Elementary Economics-Macro	3
GEOG 1	Physical Geography OR	3
GEOG 2	Cultural Geography	3
POLSC 1	Introduction to Political Science	3
PSYCH 1A	General Psychology OR	3
SOCIL 1	Introduction to Sociology	3
Any History Class.....		3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 18

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

Sociology

SOCIOLOGY

ASSOCIATE IN ARTS FOR TRANSFER

This degree is designed for students who wish to transfer to a California State University to complete a bachelor's degree in Sociology or related field. Students who major in sociology will study society, its groups, institutions and processes, as well as understanding and predicting human behavior.

Pursuant to SB 1440, the Associate in Arts for Transfer is intended for students who plan to complete a bachelor's degree in Sociology at a CSU campus. Students completing an AA-T degree are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree. This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. In all cases, students should consult with a counselor for more information

on university admission and transfer requirements.

To earn this AA-T degree, students must meet the following requirements:

- completion of the following major requirements with grades of C or better;
- completion of a minimum of 60 CSU-transferable semester units with a grade point average of at least 2.0; and
- certified completion of either the California State University General Education Breadth pattern (CSU GE) or the Intersegmental General Education Transfer Curriculum (IGETC).

Students earning this degree are not required to satisfy the Yuba College associate degree requirements of Health Education/Physical Education nor Multicultural Studies

Students who complete this program should be able to:

1. Understand that social life exists at a community level as well as a regional, national, and global one, and have at least one experience working (i.e., researching or analyzing, or helping to solve) a social problem in the community.
2. Understand how America's social structure, culture, and governance differ from those of other comparable societies, and the world is gradually developing global structure, culture, and governance processes.
3. Understand the main ways - qualitative and quantitative - that social scientists collect and analyze data.
4. Analyze the role of social forces in shaping the individual.
5. Identify how ideas about what is "real" and "true" are constructed in a social context and shaped by those who have power and influence.

REQUIRED COURSES		UNITS
SOCIL 1	Introduction to Sociology	3
SOCIL 2	Social Problems	3

List A: Select one course::

STAT 1	Introduction to Statistics	4
SOCIL 8	Social Science Research Methods.....	3

List B: Select two additional courses:

SOCIL 10	Sociology of Marriage & Family.....	3
SOCIL 6	Sociology of Sex and Gender	3
SOCIL 5	Sociology of Race & Ethnicity.....	3
PSYCH 22	Social Psychology.....	3

List C: Select one additional course::

Any course not selected from List B.....		3
SOCIL 3	Critical Thinking in Social Science	3
PSYCH 1A	General Psychology.....	3
PSYCH 1B	General Psychology: Individual and Social Processes.....	3
ECON 1A	Elementary Economics - Macro	3
ECON 1B	Elementary Economics - Micro.....	3
POLSC 1	Introduction to American Government	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 18-19

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

SOCIL1 3 UNITS**Introduction to Sociology****TRANSFERABLE TO BOTH UC AND CSU****C-ID: SOCI 110****54 LECTURE HOURS**

Basic principles and concepts of sociology including culture, socialization, organizations, institutions, stratification, collective behavior, and social change. (L)

SOCIL2 3 UNITS**Social Problems****TRANSFERABLE TO BOTH UC AND CSU****C-ID: SOCI 115****54 LECTURE HOURS**

Survey of social problems in present-day American culture and application of sociological theory and analysis to issues such as poverty, racism, crime, healthcare, education, and the environment. (L)

SOCIL5 3 UNITS**Sociology of Race and Ethnicity****TRANSFERABLE TO BOTH UC AND CSU****C-ID: SOCI 150****54 LECTURE HOURS**

Examines the social construction of categories of race and ethnicity in society. Focus on inequality and the impact of racial categorization on everyday life through institutions such as the labor market, schools, residential segregation, healthcare, media, and the criminal justice system. (L)

SOCIL6 3 UNITS**Sociology of Sex and Gender****TRANSFERABLE TO BOTH UC AND CSU****C-ID: SOCI 140****54 LECTURE HOURS**

Sociological analysis of the construction, reproduction, and consequences of sex categories and gender roles. Emphasis on how gender designation of "male" and "female" impacts an individual's life, including violence and abuse, sexual harassment, hate crimes, wage differentials and unequal opportunities. (L)

SOCIL8 3 UNITS**Social Science Research Methods****TRANSFERABLE TO BOTH UC AND CSU****C-ID: SOCI 120****54 LECTURE HOURS**

Covers basic issues in the design and implementation of social science research. Topics covered include the scientific method, ethics, research design, basic descriptive and inferential statistics, and qualitative and quantitative methodologies. (L,M,C)

Prerequisite(s): SOCIL1**SOCIL10** 3 UNITS**Sociology of Marriage and Family****TRANSFERABLE TO BOTH UC AND CSU****C-ID: SOCI 130****54 LECTURE HOURS**

Sociological analysis of marriage and family, including history, cross-cultural comparison, gender roles, sexuality, parenthood, and contemporary debates about family values, form, and function. (L)

SOCIL30 3 UNITS**Sociology of Aging****TRANSFERABLE TO BOTH UC AND CSU****54 LECTURE HOURS**

A life course perspective on social, economic and psychological factors related to aging and the changing place of the aged in contemporary society. Topics include current controversies (e.g., "entitlement" programs), the social and cultural construction of the aged, social policies around aging, health and long-term care of the aged, employment and retirement issues, community social services, and social inequality. Service learning (i.e. volunteer work) may be a component of the course. (L)

SPANISH

COURSES

SPAN1 4 UNITS**Elementary Spanish Part 1****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT****72 LECTURE HOURS**

Introduction to the language and culture of the Spanish-speaking world. It includes the development of listening, speaking, reading, and writing in Spanish with an emphasis on the communicative skills, as well as the fundamentals of Spanish grammar. This course is equivalent to one year of high school Spanish. (L)

SPAN2 4 UNITS**Elementary Spanish Part 2****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT****72 LECTURE HOURS**

A continuation of Spanish 1. Provides further basic communication skills through listening, speaking, reading, and writing. This course introduces the present perfect, the conditional, the future and the subjective verb cases. It includes practice at the intermediate level and review of the fundamentals of Spanish Grammar. (L)

Prerequisite(s): SPAN1

Non-course Prerequisite(s): One year of HS Spanish AND Placement exam: Students must score 70% or higher on a placement test administered by the Spanish Department.

SPAN3 4 UNITS**Intermediate Spanish Part 1****TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT****72 LECTURE HOURS**

First of two semesters of intermediate Spanish. This course provides intermediate level of communication skills through listening, speaking, reading, and writing in a cultural context with special emphasis on communication. (L)

Prerequisite(s): SPAN2

Non-course Prerequisite(s): Two years of HS Spanish AND Placement exam: Students must score 70% or higher on a placement test administered by the Spanish Department.

SPAN4 **4 UNITS**

Intermediate Spanish Part 2

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT 72 LECTURE HOURS

This is a fourth semester course in Spanish designed to review the grammar, vocabulary, and composition acquired in the first three semesters. Contextualized and culturally appropriate exercises and readings of modern texts in the history, art, geography, literature, and cultural values of the Hispanic peoples. The four language skills (listening, writing, reading, and speaking) are further developed through special emphasis on communication. (L)

Prerequisite(s): SPAN3

Non-course Prerequisite(s): Three years of HS Spanish AND Placement exam: Students must score 70% or higher on a placement test administered by the Spanish Department.

SPAN10 **3 UNITS**

Introduction to Spanish

TRANSFERABLE TO CSU ONLY 54 LECTURE HOURS

Study of elementary Spanish with an emphasis on proficiency. This course includes grammar, vocabulary, pronunciation and communication.

SPAN20A **4 UNITS**

Spanish for Heritage Students

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT 72 LECTURE HOURS

Speaking, reading and writing in Spanish, targeted to heritage students with oral fluency. Readings pertinent to the culture, history and literature of Hispanics in the United States, Latin America and Spain. Compositions exploring personal, political, and cultural issues, as well as analysis of Spanish and Latin American literary pieces. Exploration of grammatical concepts and accentuation and spelling rules. Class is conducted entirely in Spanish. Periodic exams and compositions. (L)

SPAN20B **4 UNITS**

Spanish for Heritage Students

TRANSFERABLE TO BOTH UC AND CSU - UC UNIT LIMIT 72 LECTURE HOURS

This course, which is conducted in Spanish, is the second of a two-semester sequence designed for fluent speakers of Spanish who are proficient in the language, but who have had little or no formal language training. (L)

Prerequisite(s): SPAN20A

SPAN36 **3 UNITS**

Literatura Hispano-Americana

TRANSFERABLE TO BOTH UC AND CSU 54 LECTURE HOURS

Study of major works of Latin-American Literature. Readings, lectures and discussions of major works in Spanish by Columbus, Las Casas, Sor Juana Ines de la Cruz, Dario and others. Intended for Hispanic students and advanced Spanish students. Students who enroll should be able to read and participate in the class discussions in Spanish.

SPEECH

COMMUNICATION STUDIES

ASSOCIATE IN SCIENCE

Students who complete this program should be able to:

1. Demonstrate the communication skills necessary to engage in personal, professional, civic and social relationships.
2. Demonstrate and apply critical thinking skills in a variety of communication studies contexts.

REQUIRED COURSES	UNITS
MCOMM 2 Introduction to Mass Communications	3
SPECH 1 Public Speaking	3
SPECH 2 Oral Interpretation of Literature	3
SPECH 6 Group Communication	3
SPECH 7 Interpersonal Communication	3

Plus 6 units selected from the following:

MCOMM-4 Beginning TV Studio Production	3
PHIL 12 Critical Thinking	3
PSYCH 1A General Psychology.....	3
SPECH 4R Speech Arts Workshop.....	3
SPECH 8 Intercultural Communication.....	3
THART 11A Introduction to Acting I.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 21

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

COMMUNICATION STUDIES

ASSOCIATE IN ART IN COMMUNICATION FOR TRANSFER

The Speech Communication Studies program at Yuba College is designed to nurture an understanding of crucial roles of communication in human relationships, cultures, society, and civic affairs. The Associate in Arts in Communication Studies for Transfer degree provides a curriculum emphasizing the theory and practice of interpersonal, small group, public, and professional contexts of communication. The Associate in Arts in Communication Studies for Transfer degree provides students with the opportunity to complete their freshman/sophomore level classes needed for a Bachelor's degree in Communication Studies within the California State University System. Upon completion of the Associate in Arts in Communication for Transfer degree, students will be prepared to complete a baccalaureate degree provide the student various employment opportunities related to business and business management, government, not-for-profit, human resources, education, marketing, and manufacturing.

Associate in Arts in Communication Studies for Transfer requirements (as stated in SB1440 law) requires students to complete the following:

- a minimum of 18 semester in the major or area of emphasis as determined by the community college district.
60 semester CSU transferable units
- California State University General Education-Breadth (CSU GE-Breadth) pattern of 39 units; OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern of 37 units.

(CONT'D FROM PREVIOUS PAGE)

- Obtainment of a minimum grade point average (GPA) of 2.0.
- Earn a grade of "C" or better in all courses required for the major or area of emphasis.

Students who complete this program should be able to:

1. Demonstrate the communication skills necessary to engage in personal, professional, civic and social relationships.
2. Demonstrate and apply critical thinking skills in a variety of communication studies contexts.

REQUIRED COURSES	UNITS
SPECH 1 Public Speaking	3
SPECH 3 Argumentation and Critical Thinking	3

Plus 6 units selected from the following:

SPECH 6 Small Group Communication OR	3
SPECH 7 Interpersonal Communication	3
SPECH 8 Intercultural Communication	3

Plus 6 units selected from the following:

ENGL 2 Oral Interpretation of Literature OR	3
SPECH 2 Oral Interpretation of Literature	3
SPECH 4R Speech Arts Workshop OR	3
MCOMM 2 Introduction to Mass Communications	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 18

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

COURSES

SPECH1 3 UNITS

Public Speaking

TRANSFERABLE TO BOTH UC AND CSU
C-ID: COMM 110
54 LECTURE HOURS

Theory and techniques of public speaking in democratic society. Discovery, development, and criticism of ideas in public discourse through research, reasoning, organization, composition, presentation, and evaluation of various types of speeches including informative and persuasive speeches. (L)

SPECH2 3 UNITS

Oral Interpretation of Literature

TRANSFERABLE TO BOTH UC AND CSU
C-ID: COMM 170
54 LECTURE HOURS

Introduction to the analysis and interpretation of literature for oral reading. The course encourages a deeper, richer experience of prose, poetry, and drama and enables sharing the student to share the love of literature in the oral tradition. (L)

SPECH3 3 UNITS

Argumentation and Critical Thinking

TRANSFERABLE TO BOTH UC AND CSU
C-ID: COMM 120
54 LECTURE HOURS

General approach to rational decision making and argumentative analysis including structuring written and oral arguments and rebuttals, gathering relevant evidence for arguments, and identifying logical fallacies. (L)

SPECH4R 3 UNITS

Speech Arts Workshop

TRANSFERABLE TO CSU ONLY
162 LAB HOURS

Supervised preparation for participation in Inter-Collegiate Speech and Oral Interpretation events and/or for presentations at local schools.

Other: Repeatable (may be repeated three times)

SPECH6 3 UNITS

Small Group Communication

TRANSFERABLE TO BOTH UC AND CSU
C-ID: COMM 140
54 LECTURE HOURS

Study of communication theory in small group situations. Emphasis will be placed on researching, organizing, and delivering oral presentations. Investigation of the role of communication in various group processes, problem solving, leadership, team building, effective decision making and conflict. (L)

SPECH7 3 UNITS

Interpersonal Communication

TRANSFERABLE TO BOTH UC AND CSU
C-ID: COMM 130
54 LECTURE HOURS

Study of communication skills associated with establishing and maintaining satisfying interpersonal relationships. Various approaches to effective communication in multiple interpersonal contexts will be discussed. Factors influencing interpersonal communication are analyzed, such as: language, perception, non-verbal and communication climate. (L)

SPECH8 3 UNITS

Intercultural Communication

TRANSFERABLE TO BOTH UC AND CSU
C-ID: COMM 150
54 LECTURE HOURS

The study of intercultural communication theory relates to perception, context, language, verbal and nonverbal messages and adaptation. Emphasis will be placed on developing effective intercultural communication skills. Students will demonstrate effective intercultural communications skills by oral presentations, group/interpersonal interactions. (L)

STATISTICS

COURSES

STAT1

4 UNITS

Introduction To Statistical Methods

TRANSFERABLE TO BOTH UC AND CSU

C-ID: MATH 100; SOCI 125

63 LECTURE HOURS

27 LAB HOURS

The use of probability techniques, hypothesis testing, and predictive techniques to facilitate decision-making. Topics include descriptive statistics; probability and sampling distributions; statistical inference; correlation and linear regression; analysis of variance, chi-square and t-tests; and application of technology for statistical analysis including the interpretation of the relevance of the statistical findings. Applications using data from disciplines including business, social sciences, psychology, life science, health science, and education. (L)

Prerequisite(s): MATH52

Non-course Prerequisite(s): a satisfactory score on the mathematics placement test possible for students to test into college level math/stat

STAT100

2 UNITS

Algebra Support for Elementary Statistics

36 LECTURE HOURS

A review of prerequisite skills, competencies, and concepts needed in statistics. Intended for students who are concurrently enrolled in STAT 1 Introduction to Statistical Methods, at Yuba College. Topics include concepts from elementary and intermediate algebra that are needed to understand the basics of college-level statistics. Concepts are taught in the context of statistical analysis.

Co-requisite(s): STAT1

STAT500

THEATRE ARTS

Classes with "R" can be taken a total of four times but are subject to Family of Classes restrictions on page 170.

THEATRE ARTS

ASSOCIATE IN ARTS FOR TRANSFER

The Theatre Arts Department provides a safe and inclusive environment for students to explore performance, and prepare them to succeed in their academic, career, and lifelong learning goals. Course offerings include introductory classes in theatre and film, which satisfy general education and transfer requirements, as well as courses in acting and stagecraft. Students can start with no previous training or experience and progress to advanced classes to prepare them for transfer and an opportunity to earn an AA transfer degree in Theatre. Courses are integrated around the central ideas of collaboration, individual responsibility, student-centered learning, open and respectful dialogue, and practical application of theory and skills. Work in acting technique, design, costuming, makeup, lighting, technical production, and other crafts are taught in theory and practice resulting in public performances of a variety of plays and musicals.

This degree will guarantee a student the admission to a California State University (but not necessarily to a specific campus or major).

To earn this AA-T degree, students must meet the following Associate Degree for Transfer requirements (pursuant to SB 1440 law):

Completion of 60-semester units or 90 quarter that are eligible for transfer to the California State University.

The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education Breadth Requirements.

A minimum of 18-semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

Obtainment of a minimum grade point average of 2.0.

Earn a grade of "C" or better in all courses required for the major or area of emphasis." Students who complete this program should be able to:

1. Effectively use language, communicate their ideas, and creatively express themselves through the application of theatrical skills.
2. Identify theatrical challenges, production needs, and potential problems; research, formulate, and construct creative solutions; and execute an achievable plan using appropriate tools, theories, and techniques.
3. Select appropriate acting techniques and apply technical skills, imagination, and script analysis toward the creation of a live or recorded performance.
4. Demonstrate the ability to work as an ensemble member of a theatre company by meeting expectations, following safe production practices, and respecting the opinions, feelings, and values of others.
5. Identify similarities and differences among cultures, times, and environments expressed through dramatic texts, films, and live performances.
6. Analyze and evaluate dramatic texts and performances in terms

(CONT'D FROM PREVIOUS PAGE)

of their technical skills, artistic objectives, and their historical and cultural significance.

REQUIRED COURSES (9 UNITS REQUIRED)	UNITS
THART 10 Introduction to Theatre.....	3
THART 11A Introduction to Acting I.....	3
THART 29R College Theatre OR	1-3
THART 30 Technical Theatre in Production.....	3

A minimum of nine units from List A course Selection:

THART 11B Introduction to Acting II.....	3
THART 45A Stagecraft 1.....	3
THART 45B Production and Technical Theatre I.....	3
THART 45C Production and Technical Theatre II.....	3
THART 30 Technical Theatre in Production.....	3
THART 29R College Theatre.....	1-3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 18

Students earning an AA-T/AS-T degree must complete 60 semester units of coursework eligible for transfer to the CSU including the CSU GE-B or IGETC (CSU version), all courses in the major with "C" or better grades, and achieve a minimum transferable cumulative GPA of 2.0.

THEATRE ARTS

ASSOCIATE IN ARTS

Students who complete this program should be able to:

1. Effectively use language, written and oral, and non-verbal communication in performances, critiques, and technical collaboration to facilitate theatre productions and group projects.
2. Apply research to the creative and professional process.
3. Demonstrate understanding and application of skills related to theater arts in the following areas: performance, scenography, theatre production, and theatre studies
4. Demonstrate the ability to work as an ensemble member of a theatre company by meeting professional expectations, following safe production practices, and being respectful of the opinions, feelings, and values of others.
5. Analyze global issues, moral dilemmas, cultural competencies, and social systems as encountered through work in Theatre Arts.
6. Analyze scripts and other production materials while addressing and evaluating problems and issues in making creative choices.

REQUIRED COURSES	UNITS
THART 10 Introduction to Theatre.....	3
THART 11A Introduction to Acting.....	3

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 18

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

COURSES

THART10 3 UNITS

Introduction To Theatre

TRANSFERABLE TO BOTH UC AND CSU**C-ID: THTR 111****54 LECTURE HOURS**

This course introduces students to theatre arts, including the production process, play writing, acting, directing, producing, design, criticism and the relations between theatre and society. Students survey different periods, genres, and theatre practice through play reading, discussion, films, and viewing and critiquing live theatre performance to develop an understanding of theatre as a collaborative art form. Further, the course explores the relationship of theatre to various cultures, to TV and film, and to other arts and humanities. Grades are P/NP option. (L)

THART11A 3 UNITS

Introduction To Acting I

TRANSFERABLE TO BOTH UC AND CSU**C-ID: THTR 151****45 LECTURE HOURS****27 LAB HOURS**

This course prepares students to apply basic acting theory to performance and develops the skills of interpretation of drama through acting. Special attention is paid to skills for performance, such as memorization, stage movement, vocal production, diction, improvisational technique, characterization, scene study, and interpretation of text. Several monologues and scenes will be developed and presented in class.

THART11B 3 UNITS

Introduction To Acting II

TRANSFERABLE TO BOTH UC AND CSU**C-ID: THTR 152****45 LECTURE HOURS****27 LAB HOURS**

This course continues Introduction to Acting I (Thart 11A), further developing the students' understanding of theories and techniques used in the interpretation of drama through acting. The emphasis will be placed on deepening the understanding of the acting process through character analysis, monologues, scenes, pantomime, stage movement, imagination, improvisation, and verse study. Increased emphasis is also placed on acting in more complex scenes and plays. Students will engage in in-depth scenic analysis of classical plays. Grades are P/NP option.

Prerequisite(s): THART11A

THART12A **3 UNITS****Intermediate Studies in Acting I****TRANSFERABLE TO BOTH UC AND CSU**
C-ID: THTR 152
45 LECTURE HOURS
27 LAB HOURS

This course covers the application of intermediate acting theories and techniques. It includes analyzing and performing scripts from realistic and stylized drama, audition monologues, scenes, and complex acting exercises. Intermediate development of acting skills including improvisation, craft, vocal production, interpretation, auditioning, stage movement, and character analysis. Participation in an acting showcase, one-act play, or full-length play at end of semester is required. Field trips and/or attendance of live performances may be required. Grades are P/NP option.

Prerequisite(s): THART11A, THART26, THART29R**Non-course Prerequisite(s):** Audition based prerequisite challenge is allowed. Students who have the skills and experience through previous stage performance may audition/interview with the instructor and with dean's approval may enter the class.**THART12B** **3 UNITS****Intermediate Studies in Acting II****TRANSFERABLE TO BOTH UC AND CSU**
45 LECTURE HOURS
27 LAB HOURS

Thart 12B furthers mastery of intermediate acting theories and techniques. Students will analyze and perform realistic, stylized and classical texts as well as devised theatre. Students will prepare a capstone audition portfolio to prepare them for auditions. Students will work on more complex scenes and further refine their skills through higher level acting exercises. The course covers intermediate methods, improvisation, craft, vocal production, interpretation, auditioning, stage movement and character analysis. Participation in an actor showcase, one-act, or full-length play at the end of the semester is required. Field trips and/or attendance of live performances may be required. Grades are P/NP option.

Prerequisite(s): THART12A**THART26** **3 UNITS****Musical Theatre Workshop****TRANSFERABLE TO CSU ONLY**
162 LAB HOURS

Fundamentals of musical theatre performance; singing, acting, dancing, orchestra, and technical stagework. Students may specialize in area of interest. Works to be selected from various periods and . Participation in Yuba College production is required. Grades are P/ NP option.

THART29R **V1-3 UNITS****College Theatre****TRANSFERABLE TO BOTH UC AND CSU**
C-ID: THTR 191
54 LAB HOURS

This course provides instruction and supervised participation in theatre rehearsal and performance including acting, directing, design, and technical work, culminating in a theatre production. Plays will be selected from various periods and . Other Conditions of Enrollment: Audition; Thart-29 is an intensive course designed to prepare Theatre Arts majors for careers in acting and/or performance production. In order to be fully successful in this course, students should already possess some knowledge of theatre performance and production. Grades are P/NP option.

THART30 **3 UNITS****Technical Theatre in Production****TRANSFERABLE TO CSU ONLY**
C-ID: THTR 192
162 LAB HOURS

Practical experience in the application of production responsibilities in the following: stage management, construction, scenery, properties, lighting, sound, and running crews. Grades are P/NP option. Grades are P/NP option.

THART32 **3 UNITS****Film Studies: Focus On ...****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

A study of a particular director/artist, genre, or national cinema. Students view and discuss full-length feature films; topic to be specified in class schedule. Grades are P/NP option. (L)

THART33 **3 UNITS****History of Film****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

Survey of the motion picture history; traces the development of the art, technology, and social importance of film during the last 125 years; screenings of significant and representative documentary and experimental films from the silent to the modern era. Grades are P/ NP option.

THART34 **3 UNITS****Introduction to Film****TRANSFERABLE TO BOTH UC AND CSU**
54 LECTURE HOURS

Study of film as art and its influence on society, including interpretation, criticism, and technical developments; students view and discuss full-length feature films. (L)

THART45A **3 UNITS****Stagecraft 1****TRANSFERABLE TO BOTH UC AND CSU**
C-ID: THTR 171
36 LECTURE HOURS
54 LAB HOURS

Practices, terminology, and organization of contemporary theatre technology; exercises in construction and implementation of all technical aspects of production (sets, lighting, sound, costumes, properties, stage management, make-up). Integrated with Yuba College theatre productions.

THART45B **3 UNITS****Production and Technical Theatre I****TRANSFERABLE TO BOTH UC AND CSU**
C-ID: THTR 172
36 LECTURE HOURS
54 LAB HOURS

Students will be offered a survey of scenery, lighting, sound, costumes, makeup, properties, theatrical equipment and construction techniques through demonstration and laboratory experience. Information is applicable to all formal theatrical applications. The course will introduce best practices for, terminology, and organization of contemporary theatre technology. Students will participate in exercises in construction and implementation of all technical aspects of production (sets, lighting, sound, costumes, properties, stage management, make-up). Grades are P/NP option.

THART45C

3 UNITS

Production and Technical Theatre II

TRANSFERABLE TO CSU ONLY

C-ID: THTR 173

36 LECTURE HOURS

54 LAB HOURS

This course involves the study and execution of stagecraft with a focus on stage lighting and emphasis on equipment, control, color and their relationship to design. Grades are P/NP option.

THART526

0 UNITS

Musical Theater Workshop

162 LAB HOURS

This course is designed to enrich the artistic expression and life quality of older adults through musical theatre. This course provides an opportunity for personal growth and development, group interaction, mental stimulation and physical activity through supervised participation in a college musical theatre production. Physical, mental, social and emotional well-being are stimulated through a variety of creative and expressive musical theatre activities related to rehearsal and live performance including singing, dancing, musical performance, acting, directing, design, and stagecraft. Performing roles require an audition or interview.

THART529

0 UNITS

College Theatre

36-108 LECTURE HOURS

54-162 LAB HOURS

This course is designed to enrich the artistic expression and life quality of older adults through theatre. This course provides an opportunity for personal growth and development, group interaction, mental stimulation and physical activity through supervised participation in a college theatre production. Physical, mental, social and emotional well-being are stimulated through a variety of creative and expressive theatre activities related to rehearsal and live performance including acting, directing, design, and stagecraft. Acting roles require an audition or interview.

Foundations of Acting:

Family of Classes

(No more than four classes can be attempted within each family of classes listed below. See page 38 for details.)

- THART 11A—Introduction to Acting
- THART 11B—Introduction to Acting II
- THART 12A—Intermediate Studies in Acting I
- THART 12B—Intermediate Studies in Acting II

Musical Theatre:

Family of Classes

(No more than four classes can be attempted within each family of classes listed below. See page 38 for details.)

- THART 45A—Stagecraft 1
- THART 45B—Production and Technical Theatre I
- THART 45C—Production and Technical Theatre II

Veterinary Technology

VETERINARY TECHNOLOGY

ASSOCIATE IN SCIENCE

Additional Graduation requirements are needed for the degree - See graduation information.

Accredited by the American Veterinary Medical Association, Yuba College offers an Associate Degree Program in Veterinary Technology. Students complete the two year academic program on the Marysville campus. Graduates of the Veterinary Technology Program are eligible to take the California State and National licensing examinations to become a Registered Veterinary Technician. Additionally, the Veterinary Technology Program offers three on-line Certificate of Achievement programs in Veterinary Assisting, Shelter Medicine and Public Health and Food Safety

Admission Requirements

Selection of candidates for entry into the Veterinary Technology Program occurs each spring. A completed Veterinary Technology Program application and college transcripts must be received by the Veterinary Technology Program administrator prior to May 15th in order to be eligible for entrance in the subsequent fall semester. The Program starts a new class each fall semester. The Veterinary Technology Program application may be printed from the Program's website: http://www.yccd.edu/yuba/vettech/VETT_application.pdf. General application to or enrollment at Yuba College does not imply acceptance into the Veterinary Technology Program. Registration for Program courses is not allowed until after the applicant has been notified in writing of official acceptance in the Program. Qualified applicants will be notified of this preliminary acceptance into the Program by June 1st.

Attendance and participation in the Veterinary Technology Program Orientation is a mandatory requirement before final acceptance of a candidate. This orientation, held on a Saturday in June, is a one day exploration into the teaching formats, academic and physical demands, and dexterity requirements that the Veterinary Technology Program student can expect to encounter on a daily basis in this two-year Program.

Costs: In addition to the expenses of regularly enrolled students (living costs, activity fees, books, tuition, etc.), Veterinary Technology Program students have the additional expenses of uniforms, drug screening, E*Value™ student informatics system, and radiation monitoring equipment. Veterinary Technology Program students are eligible for grants and loans available to any Yuba College student meeting expected criteria.

Drug Policy: All students enrolled in allied health programs are subject to the Department drug policy which is a part of the Student Code of Conduct. Violation of this policy may result in denial of admission or dismissal from the Program. The policy is outlined in the Student Handbook as well as in the Veterinary Technology Program Policy Handbook found on the Program's website (www.yccd.edu/yuba/vettech).

Computer Policy: Students are required to complete many assignments and testing using computers. Students will need an e-mail address that they check daily in order to receive important course information. Additionally, veterinary facilities have

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

computerized records and billing procedures; therefore, it is strongly recommended that students entering the Veterinary Technology Program be computer literate and have access to a reliable internet connection.

Prerequisite Course Requirements: Due to the demanding nature of the Program, it is recommended that the prospective student complete as many courses as possible of the general science and general education courses required for the Associate in Science Degree PRIOR to admission to the Veterinary Technology Program. Eight hours of verifiable veterinary practice observation in a clinical setting must be completed prior to submission of application.

Students who complete this program should be able to:

1. Apply critical thinking skills when confronted with issues and problems in veterinary medical practice.
2. Display behavior consistent with the highest professional ethics to foster personal growth and civic responsibility.
3. Demonstrate competence in the husbandry, restraint, and handling of animals to include knowledge of normal and abnormal life processes and the diagnostic, medical, and surgical techniques needed to enhance and preserve human and animal health.

MINIMUM FOR DEGREE MAJOR		62

NOTE: To progress through the Associate Degree in Veterinary Technology, all courses must be passed with a grade of "C" or better. The Health/Physical Education and Multi-Cultural graduation requirements are satisfied by completion of the Veterinary Technology Program.

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

Student Program Individualization

Individualization within veterinary technology is common today thereby improving post- graduate employment opportunities for Yuba College graduates. Students may want to concentrate their studies in one or more areas of their own interest- these will not be

noted on the transcript and are only provided to enhance academic preparation and employment opportunities. However, the Veterinary Technology Program issues an 'Emphasis' completion award to the student. <http://vettech.yccd.edu/program-curriculum.aspx> The following Veterinary Technology Program individualizations are currently available to our students:

- **Business Management Option:** Completion of VETT 7 Veterinary Business Applications, VETT 52 Human Animal Bond, VETT 57 Animals and Society, completion and submission of an original business management research project, and at least 4 units of VETT 5 as a clinic business internship.
- **Dental Option:** Completion of VETT 52 Human Animal Bond, VETT 53D Principles of Veterinary Dentistry, VETT 57 Animals and Society, completion and submission of an original veterinary dentistry research project, and at least 4 units of VETT 5 as a dental specialty internship.
- **Exotic Animal/Wildlife Option:** Completion of VETT 10 Exotic and Wildlife Medicine, VETT 52 Human Animal Bond, VETT 57 Animals and Society, completion and submission of an original exotic/wildlife research project, and at least 4 units of VETT 5 as a wildlife and/or exotic animal internship.
- **Laboratory Animal Option:** Completion of VETT 9 Laboratory Animal Medicine, VETT 15 Advanced Laboratory Animal Medicine, VETT 57 Animals and Society, American Association for Laboratory Animal Science ALAT certification, completion and submission of an original laboratory animal medicine research project, and at least 4 units of VETT 5 as a laboratory animal internship.
- **Laboratory Diagnostics Option:** Completion of VETT 4 Clinical Laboratory Techniques, VETT 52 Human Animal Bond, VETT 57 Animals and Society, completion and submission of an original laboratory diagnostics research project, and at least 4 units of VETT 5 as a laboratory diagnostics internship.
- **Large Animal Option:** Completion of VETT 8 Large Animal Medicine and Nursing, VETT 14 Equine Management and Reproduction, VETT 52 Human Animal Bond, VETT 57 Animals and Society, completion and submission of an original large animal research project, and at least 4 units of VETT 5 as a large animal internship.
- **Public Health Option:** Completion of VETT 52 Human Animal Bond, VETT 54 Public Health and Infectious Disease, VETT 57 Animals and Society, completion and submission of an original public health/food safety research project, and at least 4 units of VETT 5 as a public health or food hygiene internship.
- **Shelter Medicine Option:** Completion of VETT 52 Human Animal Bond, VETT 56 Shelter Medicine, VETT 57 Animals and Society, completion and submission of an original shelter medicine research project, and at least 4 units of VETT 5 as a shelter medicine internship.
- **Small Animal Emergency and Critical Care Option:** Completion of VETT 11 Veterinary Emergency and Critical Care, VETT 52 Human Animal Bond, VETT 57 Animals and Society, completion and submission of an original emergency and critical care research project, and at least 4 units of VETT 5 as an emergency or critical care internship.

**VETERINARY ASSISTANT/
RECEPTIONIST
CERTIFICATE**

The Veterinary Assistant course of study is a fully on-line Certificate of Achievement that provides the course work, direction and work experience necessary to prepare students or augment existing skills to develop knowledge and self confidence working with animals as a veterinary assistant, receptionist, pet shop, kennel,

(CONT'D ON NEXT PAGE)

(CONT'D FROM PREVIOUS PAGE)

animal control or animal shelter worker. Students learn effective communication techniques, veterinary terminology, procedures for medical records and admitting/discharging patients, animal behavior basics, inventory management and ordering techniques, how to deal with difficult clients, book keeping skills, animal restraint, animal grooming, administration of medication and veterinary medical assisting.

Valuable members of the veterinary medical team, the veterinary assistant works under the supervision of the Registered Veterinary Technician and veterinarian to facilitate the delivery of quality medical care to their animal patients. Students will learn via the Internet, on-line discussion groups, videotaped presentations and textbooks. This convenient distance learning program is ideal for the working professional and allows for more flexibility than a traditional college curriculum and is designed to allow students to complete the Certificate of Achievement in just one year. In addition to providing the necessary information to upgrade current job skills for those already employed in veterinary facilities, this course of study also provides an excellent preparation for the individual interested in applying to the Yuba College Veterinary Technology Program. <http://vettech.yccd.edu/veterinary-assistant-.aspx>

VETERINARY ASSISTANT/ RECEPTIONIST CERTIFICATE OF ACHIEVEMENT

COURSES

VETT1 3 UNITS

Introduction To Veterinary Technology

**TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS**

This course introduces the first year Veterinary Technology student to the diverse field of veterinary technology. Emphasis on career paths, legal requirements, ethics, animal breeds, patient exams, and medical records. Multiple species will be covered and students will engage in hands-on care of all VT Program animals on a repeating basis throughout the semester.

Entrance Skills: Admission to the Veterinary Technology Program

VETT2 3 UNITS

Physiology for Veterinary Technicians

**TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS**

Physiology of domestic animals (primarily the dog, cat, horse, and ruminant). Emphasis on the following systems: skeletal, muscular, special senses (e.g., vision, hearing, balance), immune, integumentary, respiratory, cardiovascular, urinary, endocrine, digestive, and reproductive (including physiology of pregnancy and parturition). Also includes physiologic principles of certain pathological problems and surgical conditions. (L,M,C)

Prerequisite(s): VETT4

VETT2A 2 UNITS

Veterinary Anatomy

**TRANSFERABLE TO CSU ONLY
18 LECTURE HOURS
54 LAB HOURS**

Gross anatomy of domestic animals. This course will introduce the veterinary technology student to basic anatomy of domestic animals. Topics include anatomical and directional terms common to veterinary medical practice as well as coverage of the skeletal, integumentary, muscular, cardiopulmonary, digestive, urogenital, endocrine, and nervous systems and the special sense organs. The

(CONT'D FROM PREVIOUS PAGE)

structure and function of the animal body as well as discussion of the similarities and differences among domestic animal species is included. (L,C)

Prerequisite(s): VETT1, VETT4

VETT3 **3 UNITS**

Pharmacology and Therapeutics for Veterinary Technicians

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Concepts of veterinary anesthesia and pharmacology to include agents used as pre-anesthetics, induction agents, and general anesthesia, the physiological impacts of anesthesia on the body, patient prep, high-risk patients and complications. Pharmacokinetics in animals, principles and mechanism of drug action, drug types and legal requirements. (L,M)

Prerequisite(s): VETT1, VETT4

VETT4 **3 UNITS**

Clinical Laboratory Techniques

TRANSFERABLE TO CSU ONLY
36 LECTURE HOURS
54 LAB HOURS

Studies of the laboratory techniques and procedures employed in evaluating clinical diagnostic samples. Emphasis will be placed on procedures common to veterinary medicine including hematology, serum chemistry, urinalysis, cytology, immunology, parasitology and microbiology. Topics include: the safe and proper collection of diverse samples, microbial culturing, methods of sample analysis, and the significance of normal and abnormal results.

Entrance Skills: Admission to the Veterinary Technology Program

VETT5A **V1-4 UNITS**

Veterinary Technology Internship A

TRANSFERABLE TO CSU ONLY
54-216 LAB HOURS

Introduction to the application of veterinary technology procedures at off-campus internship sites under direct supervision of a veterinarian or a registered veterinary technician. Internship sites include veterinary hospitals and clinics, research, and shelters. Rotation through various facilities is required. Apply clinical application of anatomy and physiology, interpersonal skills and team building. (L,M,C)

Prerequisite(s): VETTg1

VETT5B **V1-4 UNITS**

Veterinary Technology Internship B

TRANSFERABLE TO CSU ONLY
54-216 LAB HOURS

Introduction to the application of veterinary technology procedures at off-campus internship sites under direct supervision of a veterinarian or a registered veterinary technician. Internship sites include veterinary hospitals and clinics, research, and shelters. Rotation through various facilities is required. Apply application of knowledge and skills acquired in concurrent course work. Obtain competency in essential nursing tasks. Increase knowledge and ability to operate hospital lab equipment and develop skills to perform basic veterinary laboratory procedures. (L,M,C)

Prerequisite(s): VETTg1

VETT5C **V1-4 UNITS**

Veterinary Technology Internship C

TRANSFERABLE TO CSU ONLY
54-216 LAB HOURS

Introduction to the application of veterinary technology procedures at off-campus internship sites under direct supervision of a veterinarian or a registered veterinary technician. Internship sites include veterinary hospitals and clinics, research and shelters. Rotation through various facilities is required. Apply application of knowledge and skills acquired in concurrent course work. Apply skills acquired in radiology, anesthesiology and surgery. (L,M)

Prerequisite(s): VETTg1

VETT5D **V1-4 UNITS**

Veterinary Technology Internship D

TRANSFERABLE TO CSU ONLY
54-216 LAB HOURS

Introduction to the application of veterinary technology procedures at off-campus internship sites under direct supervision of a veterinarian or a registered veterinary technician. Internship sites include veterinary hospitals and clinics, research and shelters. Rotation through various facilities is required. Application of knowledge and skills acquired in concurrent course work. Provide nursing care to emergency and critical care patients. Administer complex therapeutics. Develop patient care plans. (L,M)

Prerequisite(s): VETTg1

VETT6 **3 UNITS**

Veterinary Workplace Safety

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

This course will introduce the student to fundamental concepts of occupational health and safety including the science behind OSHA regulations, effective hazard assessment, and components of an effective safety program. Specific safety issues unique to veterinary medicine will be covered. (L)

VETT7 **3 UNITS**

Veterinary Business Management

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Introduction for the first year Veterinary Technology student to veterinary practice management. Standard office procedures with an emphasis in client relations, education, practice management and computer skills. Ethics in veterinary medicine as well as state and federal regulations governing veterinary practices. (L,M)

VETT8 **3 UNITS**

Large Animal Care and Nursing

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS

Principles of large animal medicine, surgical nursing and equine field service including performance of a complete physical examination, acquisition of a medical history, animal restraint, clinical aspects of reproductive management, knowledge of various diagnostic and therapeutic procedures, laboratory sample collection, bandaging, and emergency treatment. Additionally, surgical and obstetrical procedures and instruments, herd health, economics, and lameness topics for equine and livestock will be covered. (L,M,C)

VETT9 **3 UNITS****Laboratory Animal Medicine****TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS

Introduction to laboratory animal medicine. Survey of feeding, common management practices, and care of laboratory animals in a clinical setting. Appropriate methods of animal handling, restraint, management practices, research techniques, husbandry, nursing, care and observation of laboratory species will be emphasized. Students will learn about guidelines, regulations, and legislation governing the use of animals in research. This course will provide information and handling skills which will help the student prepare for AALAS certification. (L,C)

VETT10 **3 UNITS****Exotic and Wildlife Medicine****TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS

An overview of fundamentals of avian, exotic and wildlife husbandry, physiology, management, and medicine; includes appropriate methods of animal handling, restraint, husbandry, care and observation of exotic and wild species. (L)

VETT11 **3 UNITS****Veterinary Emergency and Critical Care****TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS

Emphasizes the theoretical and practical aspects of assisting the veterinarian in the management of medical and traumatic emergencies. Recognition and assessment of cardiovascular shock, respiratory crisis, gastrointestinal emergency and musculoskeletal trauma. (L,M)

VETT12 **2 UNITS****Intro To Veterinary Medical Math****TRANSFERABLE TO CSU ONLY**
36 LECTURE HOURS

Applied mathematics as a fundamental communication and technical skill. Review of calculations involving decimals, ratios, fractions and unit conversions as utilized in medical practice for dosage determinations, administration of drugs, prescriptions and intravenous fluid infusion. Course includes analysis of written word problems and real-world case scenarios relevant to veterinary medical practice. (L,M,C)

VETT16 **1 UNIT****Professional Development Seminar****TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS

Introduction to the various skills necessary for career building and professional development. The course will cover the differences between having a job and managing a career as well as how to link skills from an old job to a new one. Students will learn the basics of resume construction, how to locate jobs, and how to interview successfully. Grades are P/NP option.

VETT18 **3 UNITS****Food Safety and Security****TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS

Food safety is an important component of public health. This course presents the basic principles and practice of food safety. Topics include food microbiology, sanitation, hazard analysis and critical control points (HACCP), toxins, allergens and food defense. Aligned with International HACCP Alliance requirements, students who complete this course will be prepared for entry-level HACCP certification. (L)

VETT52 **3 UNITS****Human-Animal Bond****54 LECTURE HOURS**

Using both anthropological and sociological perspectives, the course explores the unique social relationship humans share with other animals. Students explore the mutual impact humans and animals have on each other over time and across cultures. Learners will critically evaluate the social construction of attitudes towards animals and how these values influence human-nonhuman animal interactions. (L)

VETT53A **4 UNITS****Vet Surgical Nursing and Anesthesia****36 LECTURE HOURS**
108 LAB HOURS

Principles and techniques involving surgery and anesthesia. Includes preparation and identification of surgical instruments and equipment, routine surgical procedures, anesthesia induction and monitoring, post-surgical care, clean up and surgical record keeping. Multiple species will be covered and students will participate in hands-on care of VT Program animals throughout the semester. Completion of a Capstone Project proposal is required.

Prerequisite(s): VETT1 or VETT4 and VETT2 and VETT2L**VETT53B** **2 UNITS****Veterinary Diagnostic Imaging****18 LECTURE HOURS**
54 LAB HOURS

Principles and techniques of radiographic imaging. Includes the production of x-rays, radiographic equipment, safety management, and radiographic quality. Also includes diagnostic radiographics and ultrasounds, positioning of patients, darkroom techniques and x-ray processing.

Prerequisite(s): VETT1 or VETT4 and VETT2 and VETT2L**VETT53C** **4 UNITS****Advanced Veterinary Nursing Techniques****36 LECTURE HOURS**
108 LAB HOURS

Principles and techniques involving veterinary nursing. Emphasis on venipuncture, catheterization, fluid therapy preparation, nursing care and behavior of large and small animals, preventive medicine, nutrition, record keeping and medical procedures. Also includes mentoring techniques, teamwork, communications, and health problem assessment involving kennel management. Multiple species will be covered and students will participate in hands-on care of VT Program animals throughout the semester. Completion of a Capstone Project is required. (L,M,C)

Prerequisite(s): VETT53A, VETT3B

VETT53D **2 UNITS**

Principles of Veterinary Dentistry

18 LECTURE HOURS
54 LAB HOURS

Principles and techniques involving veterinary dentistry. Includes preparation and identification of dental instruments and equipment, routine dental procedures, dental charting, the oral examination, oral radiography, orthodontics, pathophysiology and dental emergencies. The laboratory portion of the course utilizes demonstrations, laboratory exercises, group activities, online case studies and lectures to illustrate the principles presented in the lecture. (L,M)

Prerequisite(s): VETT1VETT54 **3 UNITS**

Public Health and Infectious Disease

54 LECTURE HOURS

This course introduces the core concepts of public health emphasizing zoonotic and infectious diseases important to both human and animal health. Collaborative efforts between human and veterinary medical professions through the "One Health Initiative" will be discussed, including issues and developments in food safety, global health and the principles of epidemiology in risk assessment and effective public health interventions. (L)

VETT55 **3 UNITS**

Veterinary Medical Terminology

54 LECTURE HOURS

This course guides learners through the process of reading, writing, and comprehending medical terminology used in the veterinary medical field including analysis and origin of word roots, prefixes and suffixes. Additionally word construction, definitions, and use of words related to the body systems are covered. Topics include the pronunciation, spelling and definition of word parts and vocabulary terms unique to the anatomy, clinical pathology, and treatment of animals. Lectures demonstrate the importance of proper vocabulary usage in patient records. (L,C)

VETT56 **3 UNITS**

Shelter Medicine

54 LECTURE HOURS

This course explores the origin of animal shelters as well as pet population dynamics. Students will analyze data about animal shelter systems and operations, devising solutions for identified health and welfare concerns. Topics include: behavioral assessment, infectious disease prevention and control, medical and emergency care. (L,C)

VETT57 **3 UNITS**

Animals and Society

54 LECTURE HOURS

An interdisciplinary approach to examining the diverse roles of animals in society, the evolution of human attitudes toward animals, and animal responses to humans. Emphasis will be placed on the role of animals in human society (anthrozoology), animal social construction, and the moral relationship of animals in human society. Directed independent work will provide the student with individual experiences in animal societal issues. Students will design and complete an independent study project. (L)

VETT59 **1.5 UNITS**

Veterinary Technology Board Review

27 LECTURE HOURS

Review of pertinent subject matter in preparation for the national licensing examination for veterinary technicians (the VTNE). Includes a review of the nine content areas that comprise the VTNE. Also includes test taking skills, test anxiety reduction techniques and practice board exams; includes information on exam application processes. (L,M,C)

Prerequisite(s): VETT53AVETT91 **3 UNITS**

Veterinary Assisting

54 LECTURE HOURS

Concepts of veterinary medicine needed to function effectively as a veterinary assistant, veterinary receptionist, kennel staff or animal shelter worker. This course does not lead to the AS Degree in Veterinary Technology but can be used as a step towards entry into that program. (L)

WELDING

WELDING TECHNOLOGIES

ASSOCIATE IN SCIENCE

The Welding program teaches curriculum that is designed to meet the minimum skill standards established by the American Welding Society (AWS) for entry-level welders. Our comprehensive program develops a student's skills in metals cutting and joining processes. Training is given in both theory and practical skills in the various phases of welding and cutting. This includes introductory to advanced methods plasma and air carbon arc cutting, oxyacetylene cutting, SMAW (stick), GTAW (TIG) welding, GMAW (MIG) welding, and FCAW (flux core), welding inspecting, testing principles and fabrication techniques, and other processes. Our classes are conducted in laboratories outfitted with modern industrial welding, cutting, CNC plasma, forming, fixturing, tube and pipe shaping and other fabrication equipment. Entry-level welders are employed in a wide range of industries that use welding and welding-related tasks as project managers, supply salespeople, and teachers, or possibly pursue a higher degree.

Students who complete this program should be able to:

1. Demonstrate appropriate workplace safety policies and procedures during welding and fabrication operations.
2. Demonstrate minimum competency in major welding processes used in industry.
3. Recognize and interpret technical drawings in planning and fabrication projects.

REQUIRED COURSES		UNITS
DRAFT 20	Blueprint and Specifications Reading	3
MFGT 20	Principles of Machine Shop	3
WELD 10	Introduction to Shielded Metal Arc Welding	4
WELD 12	Intermediate Shielded Metal Arc Welding	4
WELD 20	Introduction to Gas Metal Arc Welding	4
WELD 22	Intermediate Gas Metal Arc Welding	4

(CONT'D FROM PREVIOUS PAGE)

WELD 40	Introduction to Gas Tungsten Arc Welding.....	4
WELD 50	Introduction to Structural Steel and Flux Cored Arc Welding.....	4
WELD 85	Structural Design and Fabrication.....	4

Plus 3 units from the following courses:

AUTO 22	Hydraulics (Fluid Power).....	3
CWEE 45A	Occupational Work Experience-Volunteer.....	1-4
CWEE 45B	Occupational Work Experience-Paid.....	1-4
MFGT 21	Intermediate Machine Shop.....	3
WELD 52	Intermediate Structural Steel and Flux Cored Arc Welding.....	4
WELD 64	Advanced Pipe Welding.....	4

TOTAL UNITS REQUIRED FOR DEGREE MAJOR 37

Students earning an AA/AS degree must complete a minimum of 18 units of General Education requirements, the multicultural graduation requirement, and the health requirement, in addition to the program units listed here. Students must complete a total of 60 degree applicable units to earn an AA or AS. Please see your counselor for additional information.

ADVANCED WELDING TECHNOLOGIES

CERTIFICATE OF ACHIEVEMENT

Students who complete this program should be able to:

1. Demonstrate appropriate workplace safety policies and procedures during welding and fabrication operations.
2. Demonstrate minimum competency in major welding processes used in industry.
3. Recognize and interpret technical drawings in planning and fabrication projects.

REQUIRED COURSES	UNITS	
DRAFT20	Blueprint and Specifications Reading.....	3
MFGT 20	Principles of Machine Shop.....	3
WELD 10	Introduction to Shielded Metal Arc Welding.....	4
WELD 12	Intermediate Shielded Metal Arc Welding.....	4
WELD 20	Introduction to Gas Metal Arc Welding.....	4
WELD 22	Intermediate Gas Metal Arc Welding.....	4
WELD 40	Introduction to Gas Tungsten Arc Welding.....	4
WELD 50	Introduction to Structural Steel and Flux Cored Arc Welding.....	4
WELD 85	Structure Design and Fabrication.....	4

TOTAL UNITS REQUIRED 34

FABRICATION AND MANUFACTURING METHODS

CERTIFICATE OF ACHIEVEMENT

Students who complete this program should be able to:

1. Demonstrate appropriate workplace safety policies and procedures during welding and fabrication operations.
2. Demonstrate minimum competency in major welding processes used in industry.
3. Recognize and interpret technical drawings in planning and fabrication projects.

REQUIRED COURSES	UNITS	
WELD 83	GMAW/GTAW Production Welding.....	4
WELD 84	Applied Fabrication Welding.....	4
WELD 85	Structure Design and Fabrication.....	4
WELD 88	Welding Technical Problems.....	4
MFGT 20	Principles of Machine Shop.....	3
MFGT 34	Computer Numerical Control.....	4
MFGT 35	Computer Aided Manufacturing.....	3

MFGT 60	Problems in Manufacturing Technology.....	3
DRAFT20	Blueprint and Specifications Reading.....	3

TOTAL UNITS REQUIRED 32

INTRODUCTORY WELDING TECHNOLOGIES

CERTIFICATE OF ACHIEVEMENT

Students who complete this program should be able to:

1. Demonstrate appropriate workplace safety policies and procedures during welding and fabrication operations.
2. Demonstrate minimum competency in major welding processes used in industry.
3. Recognize and interpret technical drawings in planning and fabrication projects.

REQUIRED COURSES	UNITS	
WELD 10	Introduction to Shielded Metal Arc Welding.....	4
WELD 20	Introduction to Gas Metal Arc Welding.....	4
WELD 40	Introduction to Gas Tungsten Arc Welding.....	4
WELD 50	Introduction to Structural Steel and Flux Cored Arc Welding.....	4

TOTAL UNITS REQUIRED 16

COURSES

WELD10 4 UNITS

Introduction To Shielded Metal Arc Welding (SMAW)

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS
54 LAB HOURS

This course advances beginning arc welding skills with an emphasis on Shielded Metal Arc Welding (SMAW). Power sources, electrode identification, weldability of metals, joint design, air arc, oxyacetylene cutting, and introduction to other welding processes are covered. Activities include learning to weld stringer and weave beads, and producing butt and fillet welds in the flat and horizontal positions. Welds will be performed to the AWS welding standards. Grades are P/NP option.

WELD12 4 UNITS

Intermediate Shielded Metal Arc Welding (SMAW)

TRANSFERABLE TO CSU ONLY
54 LECTURE HOURS
54 LAB HOURS

This course covers intermediate arc welding skills with emphasis on vertical and overhead welding with the Shielded Metal Arc Welding (SMAW) process. Course activities prepare the student for weld certification, pipe welding and advanced arc welding classes. Weld symbols, joint preparation, weld codes, AWS standards and weld alloys are covered.

Prerequisite(s): WELD10

WELD14 **2 UNITS****Advanced Shielded Metal Arc Welding (SMAW)****TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS
54 LAB HOURS

This is an advanced course designed to prepare students to pass structural steel certification in vertical and overhead positions. The Shielded Metal Arc Welding (SMAW) process will be used. The goal of this class is to pass the AWS D1.1 Welding Certificate Test. Strict adherence to the testing procedures will be followed. Completion of the class does not guarantee AWS certification unless welding procedure qualification tests are passed. Grades are P/NP option.

Prerequisite(s): WELD12**WELD20** **4 UNITS****Introduction To Gas Metal Arc Welding (GMAW)****TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS
54 LAB HOURS

This course emphasizes developing Gas Metal Arc Welding (GMAW) skills on light gauge steel. Students will learn GMAW (also known as MIG) welding applications and variables and how each affect their welds. Topics include: inert shielding gases and mixtures, as well as setting up and adjusting GMAW (MIG) equipment to ensure the best weld quality.

WELD22 **4 UNITS****Intermediate Gas Metal Arc Welding (GMAW)****TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS
54 LAB HOURS

This is an intermediate course with an emphasis on vertical and overhead welding. Designed for the student interested in improving upon the Gas Metal Arc Welding (GMAW) skills learned in Weld 20. This course emphasizes skills needed for entry into the work force as a GMAW (also known as MIG) welder. Grades are P/NP option.

Prerequisite(s): WELD20**WELD24** **2 UNITS****Advanced Gas Metal Arc Welding (GMAW)****TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS
54 LAB HOURS

This is an advanced course with an emphasis on out of position Gas Metal Arc Welding (GMAW) welding. This course is designed for those who wish to improve their skills and prepare for entry into the workforce as a GMAW (also known as MIG) welder. Grades are P/NP option.

Prerequisite(s): WELD22**WELD40** **4 UNITS****Introduction To Gas Tungsten Arc Welding (GTAW)****TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS
54 LAB HOURS

This course is an introduction to the Gas Tungsten Arc Welding (GTAW) process. The course covers welding techniques for welding mild steel, aluminum and stainless steel. The course will stress welding applications on flat and pipe stock in all positions to develop GTAW (also known as TIG) welding skills. Course content will include metal identification and welding symbols. Grades are P/NP option.

WELD42 **4 UNITS****Intermediate Gas Tungsten Arc Welding (GTAW)****TRANSFERABLE TO CSU ONLY**
54 LECTURE HOURS
54 LAB HOURS

This is an intermediate course with an emphasis on vertical and overhead Gas Tungsten Arc Welding (GTAW). This class is designed for the student who is interested in improving his/her beginning skills in order to prepare for entry into the job force as a GTAW (also known as TIG) welder. Grades are P/NP option.

Prerequisite(s): WELD40**WELD44** **2 UNITS****Advanced Gas Tungsten Arc Welding (GTAW)****TRANSFERABLE TO CSU ONLY**
18 LECTURE HOURS
54 LAB HOURS

This is an advanced laboratory course further emphasizing out of position Gas Tungsten Arc Welding (GTAW). This course is designed for those who wish to improve their skills to a level that will make them marketable in the workforce as a GTAW (also known as TIG) welder. Grades are P/NP option.

Prerequisite(s): WELD42**WELD50** **4 UNITS****Introduction to Structural Steel and Flux Cored Arc Weld (FCAW)****54 LECTURE HOURS**
54 LAB HOURS

This course emphasizes developing skills on structural steel and Flux Cored Arc Welding (FCAW) practices. Related instruction will include ferrous metal identification and welding characteristics, FCAW welding applications and variable, dual shield inert shielding gases and mixtures. Students will troubleshoot FCAW equipment and

welds completed in all positions. Grades are P/NP option.

WELD52 **4 UNITS**

Intermediate Structural Steel and Flux Cored Arc Welding (FCAW)

54 LECTURE HOURS
54 LAB HOURS

This course emphasizes improving skills in structural steel and flux cored arc welding (FCAW) practices. Related instruction will include: ferrous metal identification and welding characteristics, FCAW welding applications and variables, dual shield inert shielding gases and mixtures, troubleshooting FCAW equipment, and welding in all positions. Grades are P/NP option.

Prerequisite(s): WELD50

WELD54 **2 UNITS**

Advanced Flux Cored Arc Welding (FCAW)

18 LECTURE HOURS
54 LAB HOURS

This is an advanced laboratory course further emphasizing out-of-position flux cored arc welding (FCAW). This course is designed for those who wish to improve their skills to prepare them for entry into the workforce as a FCAW welder. Grades are P/NP option.

Prerequisite(s): WELD52

WELD62 **4 UNITS**

Pipe Welding Fundamentals

54 LECTURE HOURS
54 LAB HOURS

This course covers fundamentals of pipe welding with emphasis on open groove pipe joints and pipe joint preparation using oxy-fuel cutting, plasma cutting, and proper grinding techniques. The course emphasizes shielded metal arc welding (SMAW) but will introduce students to other welding processes related to welding pipe in all positions. Grades are P/NP option.

Prerequisite(s): WELD10, WELD12, WELD20, WELD40

WELD64 **4 UNITS**

Advanced Pipe Welding

54 LECTURE HOURS
54 LAB HOURS

This is an advanced pipe welding course with an emphasis on ASME, AWS and API certification. Course instruction includes pipe welding codes, and classification and identification of pipe and pipe welding procedures. Completion of the class does not guarantee certification unless welding procedure qualification tests are passed. Grades are P/NP option.

Prerequisite(s): WELD62

WELD83 **4 UNITS**

GMAW/GTAW Production Welding

54 LECTURE HOURS
54 LAB HOURS

This course is an introduction to gas tungsten arc welding (GTAW) and gas metal arc welding (GMAW). It covers plasma arc cutting, application of processes, and use of a track cutter. Students will be introduced to manual and Computer Numerical Control (CNC) plasma cutting. Grades are P/NP option.

WELD84 **4 UNITS**

Applied Fabrication Welding

54 LECTURE HOURS
54 LAB HOURS

This course focuses on project design, metal fabrication, and fabrication methods. Students will receive instruction on designing, cutting, assembling, and welding. Students will learn sheet metal design and fabrication techniques utilizing manual and automated equipment. Grades are P/NP option.

WELD85 **4 UNITS**

Structure Design and Fabrication

54 LECTURE HOURS
54 LAB HOURS

Structural weld design and fabrication of weldments. Operation of mechanized iron workers, tubular benders, press brakes and other fabrication equipment. Students will receive instruction on utilization of blueprints, welding symbols, cost estimation, and layout techniques, in regards to structural steel applications. Grades are P/NP option. (C)

WELD88 **4 UNITS**

Welding Technical Problems

54 LECTURE HOURS
54 LAB HOURS

Individualized instruction in special topics, including weld testing and certification, industry standards, A.N.S.I., A.W.S., A.P.I., A.S.M.E., research, and special welding processes and projects. Grades are P/NP option. (C)

WELD89 **2 UNITS**

Agriculture Welding

18 LECTURE HOURS
54 LAB HOURS

Emphasizes the development of minimum skill standards in welding. The SMAW (shielded metal arc welding), OFW(Oxy-Fuel Welding), and OFC Oxy-Fuel Cutting) processes are covered. The qualification and certification standards for entry level welders as established by the American Welding Society will be covered. Introduction to GMAW, GTAW, FCAW, Plasma Arc cutting and technologies in the welding industry. (L)
