Standardized Language for Degree Requirements (Socrates)

For local AA/AS degrees:

The following are required for all Associate degrees (AA or AS):

- Complete all major requirements with a grade of C or better (or P)
- Complete, with a grade of D or better, the YC General Education pattern (21 units) and the Health Graduation Requirement (1 unit minimum)
- Complete a minimum of 60 semester units of degree-applicable credit coursework with at least a 2.0 ("C") grade point average

* Could change depending on how AP 4100 is revised.

The first paragraph (in bold) will appear after the catalog description.

Students who complete an Associate Degree for Transfer (AA-T or AS-T) will receive priority admission with junior status to the California State University System and priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses. Students should consult with a counselor for more information on specific university major admission and transfer requirements.

The bulleted list (below) will appear after the course blocks, just like they do for local AA/AS degrees:

The following are required for all AA-T or AS-T degrees:

- Complete all major requirements with a grade of C or better (or P*)
- Complete, with a grade of C or better (or P*), the California General Education Transfer Curriculum (Cal-GETC) – 34 units
- Complete a minimum of 60 semester units of CSU-transferable coursework with at least a 2.0 ("C") grade point average

*Some majors may not accept a Pass in place of a letter grade. Consult with a counselor before choosing the P/NP grading option.
